FATAL ACCIDENT.

Southern Pacific Trains Collide at Upland.

Dozen Passengers Killed and Fifty Injured.

Tragic End of a Noted Murder Trial in Texas.

BOUGHT BEAUMONT OIL LANDS.

Salinas, Cal., Dec. 19.—The north and south bound Southern Pacific overland trains on the Coast division met in a head-on collision near Upland, where they were scheduled to pass. The south bound train left Salinas seven minutes late. Through some error the north bound train failed to wait for it at Upland. Both trains were completely wrecked, the engines thrown from the track, and several cars telescoped. The north bound train was partly destroyed by fire. It is reported that ten or twelve persons were killed and fifty injured. The south bound train was crowded. Among the passengers were eighty discharged soldiers on their way east and the All America's base ball club on the way to Los Angeles.

MORE DETAILS OF WRECK.

San Francisco, Dec. 19.—News of the collision at Upland is meagre, and conflicting.

A passenger telephoned the Associated Press from San Lucas that only three were killed, the injured, baggage and his helper, and four Italian laborers injured, none fatally. Later another passenger wired three killed and thirty injured, many fatally. Railroad officials in San Francisco say that their reports show three killed, no others seriously injured. A message from Salinas says that the corner was notified of two killed and eighty injured, fourteen fatally.

The known dead are Fireman Gerber of the north bound train, crushed to death; Baggageman Garland, and helper, burned in the baggage car.

San Francisco, Dec. 19.—F. Richardson, master of transportation of the Southern Pacific company, said: "A engineer of the north bound Sunset Limited failed to obey instructions to stop at Upland. The conductor turned on the airbrakes, but too late."

EST DETAILS.

Salinas, Cal., Dec. 19.—Later reports from the train wreck at Upland state that three were killed, twenty seriously injured, and thirty-two slightly hurt.

KILLED AND INJURED.

San Jose, Cal., Dec. 19.—The following report of the killed and injured at Upland has been received at the railroad office here:

The killed: Mr. Garland, fireman; Wells Fargo messenger (name unknown).

The injured: John Carogana, Mrs. Wright, L. L. Olson, A. A. Irvine, Ida Rosaburg, John Kelsaw, Mrs. Polp, Mr. Randatore, Salvador Buono, Christian Jensen, Mr. Sabrinio, Joe Rundes, John Jordan, George Meeker, Chris Hendrickson, H. C. Martin, Emma Beeler, John G. Williams, A. E. Wakenfield, Mr. Holcomb, Charles Wasen, Mrs. Holbridge, Mrs. Naughton, Mrs. Grudo, Mrs. Mary L. Booth, Mrs. G. E. Fand.

END OF MURDER CASE.

Accused Accidentally Killed on Texas Railroad.

Denison, Texas, Dec. 19.—W. R. Gaines, a fireman on the Missouri, Kansas & Texas road, was accidentally killed this morning at Chetopa, T. P., and a celebrated criminal case is ended. Gaines shot Charles Koch, a brother-in-law, to death, and was convicted of murder and given a life term. A new trial was secured. Gaines was again given a life sentence but secured a third trial. The third trial resulted in a hung jury. The fourth trial was to have taken place in February.

BOUGHT OIL FIELDS.

London Syndicate Pays \$6,000,000 for Beaumont Oil Wells.

New York, Dec. 19.—Capitalists represented by the Roche-Stuart syndicate, London, are said to have purchased the Hoke-Sayne property, on which it is claimed there are three fields of the producing wells of Beaumont are located. The purchase price is stated to have been in the neighborhood of \$6,000,000. The wells are to be carried by a pipe line from the Texas fields to Port Arthur, where it will be shipped by British tank steamers, to various parts of Europe. The Roche-Stuart syndicate already has issued contracts for the construction of storage tanks, pipe lines and a refinery, which will enable an expenditure of nearly \$200,000. The Port Arthur refinery, which will be in operation by February 1, will have a daily capacity of 6,000 barrels.

CANAL BILL.

Favorable Report on the Nicaragua Canal Bill.

Washington, Dec. 19.—Representative Hepburn, of Iowa, chairman of the house committee on commerce, today made report of committee in favor of the Nicaragua canal bill.

The report says: "The purpose of this bill is to contract the authority and responsibility for the construction of this great work in the hands of the president. It has been believed by your committee that this course would be a safe one to be pursued in carrying out the purposes of this bill involving the expenditure of so large a sum of money. All work and all expenditure is to be made at a distance so far from the capital that no other method than that could be devised."

Storm in Portugal.

Lisbon, Dec. 19.—A heavy gale swept over Lisbon last night. A Portuguese ship was wrecked in the harbor and fifteen of the crew drowned. There have been many casualties along the coast.

Copper Market.

New York, Dec. 19.—Copper weak; brokers, 13c; exchange, 12c. Lead is dull; brokers, 4.50c; exchange, 4c.

The Body Found.

Mention was made in V. Citizen of a seven-year old being lost in the mountain south to Tijeras canyon, for which could not be given. The issue as the year had been unsuccessful in finding the child's body up to the fact of this probably been communicated to a representative. Since going evening word has been the little fellow did not and consequently perished in bitter cold weather exposed mountains. The little fellow in the manner detailed. Further information received is in effect that the boy's parents reside in Valencia county, he being on a visit to his uncle, Mauricio Cassius.

GAS EXPLOSION.

Fatal Accident in a Pittsburg Factory.

Frightful Scene in the Fiery Furnace.

Union Pacific Cleared of Snow Blockade and Trains Running.

BOERS REPORTED DISCOURAGED.

Pittsburg, Dec. 19.—By the explosion of gas in the Soho furnace of Jones & Laughlin at 6:20 o'clock this morning, ten men were burned to death, and probably twenty others injured. The damage to the plant was about \$20,000. The explosion occurred in one of the big blast furnaces. Tons of molten metal, clinders and slag were thrown over the unfortunate hikers on the top furnace, 120 feet above ground. The men made a rush for the elevator, but it had gone down, and there was no escape. Firemen carried the burned, charred and mangled masses of humanity to the morgue wagon. In all parts of the yard beneath the furnace the injured were found.

Later the managers of the plant said that nine men were killed and five injured. Ordinarily only three men work on the top of the furnace, but this morning the heavy iron wagon used in taking up one of the clinders and additional men went up until the number reached fourteen.

It was while they were trying to get the wagon released that the fatal explosion took place.

All the men on the top of the furnace were Slavs and Poles. Three of the five men taken to Mercy hospital are so badly hurt that it is feared they will die. Eye witnesses say there was a loud report and the murky heavy smoke illuminated with a great sheet of flame, showing the men on the top of the furnace running about, panic-stricken. The flames and smoke looked like a volcano in action. Five men were blown off the top of the furnace, and these men are the ones still lying. Two victims remained on the top of the furnace, and their fingers were burned off, and then fell to the roof of the mill dead. Seven victims were found dead on the platform of the cupola.

The bodies were burned almost to a crisp. The company is unable to give any of the names, as the men are only known by check numbers.

Tons of ore, coke, hot clinders and some pieces weighing almost three tons rained down on the avenue and the people ran into houses and stores for protection.

It is said that the explosion was caused by the "slip" in the furnace. Two victims were found 250 yards from the furnace. Every bone in their bodies seems to have been broken.

The dead identified are: Joseph Frankovitch, Joseph Sial, Michael Gasdovitch, Andrew Sues, Michael Mezo, John Kuchanko, George Schrenk, injured at the Mercy hospital; John Yentz, John Salo, George Wellco. The others injured are at their homes.

Snow Blockade Lifted.

Omaha, Neb., Dec. 19.—The Union Pacific officials said this morning that

CONGRESSIONAL.

Both Houses Adjourn for the Holidays.

Embossed Cashier Not Captured in Mexico.

House Committee Report Favorably on Nicaragua Canal Bill.

RAYMOND APPOINTED SECRETARY.

Washington, Dec. 19.—The bill to temporarily provide revenue for the Philippine islands, passed by the house yesterday, was referred to the committee on the Philippines and the senate went into executive session.

Senator Hanna introduced a bill granting a pension of \$5,000 a year to Mrs. McKinley.

A bill was introduced by Penrose, revising the grade of vice admiral of the navy, promoting Admirals Sampson and Schley and Captain Clark to that rank.

The senate adjourned until Jan. 6. HOUSE.

Washington, Dec. 19.—The house has agreed to consider the Nicaragua canal bill on Tuesday, January 7, and thereafter until disposed of, the order not, however, to interfere with revenue or appropriation bills.

The house adjourned until Jan. 6.

NOT THE CASHIER.

ing Bank Cashier at in Mexico. c. 19.—L. M. Heil, Nevada bank of armers' and Merceies, states that the report being circulated throughout the country to the effect that Fleishman, ascending cashier of the Farmers' and Merchants' bank, has been captured in Mexico. Fleishman states that Fleishman has several relatives in Mexico, and if any arrests have been made it is probable that one of his relatives has been placed behind the bars by mistake.

Secretary Reynolds Reappointed. Washington, Dec. 19.—The president sent the nomination of James W. Reynolds, secretary of the territory of New Mexico, to the senate.

Price of Copper. New York, Dec. 19.—A further reduction of 1 cent in the price of copper was announced by the United Metal Selling company today.

New Mexico demands Statehood from the Fifty-Seventh Congress.
THURSDAY, DEC. 19.

It is predicted that work will begin next year on the Nicaragua canal.
If capital and labor combine the professional agitators will be out of a job.

Every well-wisher of New Mexico should urge congress to pass the statehood bill.
Federal officials heretofore will be conspicuously absent in political conventions.

If El Paso gives Mr. Garrett the glass, New Mexico will visit the mid-winter carnival.
The dead letter office handled \$200,000.00 of mail last year. Only one person in ten was careless.

The trade of trader is not profitable. Berger & Co. of Santa Fe will probably realize this fact.
Seventy-four thousand tourists visited Colorado during the past season, according to the official railroad records.

Secretary Reynolds will be reappointed by President Roosevelt. He is popular and efficient and has no opposition.
A community of well-paid working men is always a prosperous community and a good community to live in. Such is Albuquerque.

The republican tariff bill will be disposed of in short order. The bill passed the house yesterday and is sure to be adopted in the senate.
The persistent prosperity which has penetrated to every nook and corner of the United States is the most encouraging feature of the democratic outlook.

The government is hustling the college of pennies to meet Christmas demands on the part of mark-down merchants. The Philadelphia mint turned out 4,000,000 pennies last week.
Judge Benjamin S. Baker is a resident of Omaha, Neb., and one of the leading attorneys of that state, with experience on the bench. He will receive a cordial welcome in this city.

The register of federal officeholders just published contains 222,000 names, not including army and naval officers. The Washington departments contain 23,100 employees, against 19,448 two years ago.

The same day that a Los Angeles cashier died with thirty and odd thousand dollars in his pocket, a Los Angeles employe escaped with a barrel of potatoes. Large rewards are offered and the detectives are busy.

Pittsburg foundries and machine shops will equip the London underground railways with the biggest electric central station in the world, generating a minimum of 70,000 horse power with a possible maximum of 100,000.

The first act of congress to get President Roosevelt's signature is the bill providing for free imports intended for exhibition at the Charleston exposition and for the transfer of foreign exhibits from Buffalo thither without payment of duty.

Public playgrounds for the young are a most efficient aid to health and morality. With gymnastic apparatus, base ball and basket ball grounds and proper care, they may be made most attractive to boys and girls, and serve to keep them off the street.

Admiral Dewey's judgment of the Schley case is the one accepted by the public, in the light of the glorious results of the Santiago battle, and because of the especial competency of the Manila victor to judiciously weigh in of the circumstances in connection with the affair.

The appointment of Capt. Fritz Muller to be receiver of the Santa Fe land office meets with the approval of the people of the territory. Captain Muller is one of the best citizens of Santa Fe, and will make a popular and capable official. He was one of Roosevelt's captains of the famous Rough Rider regiment.

A FAILURE.
The apparent failure of the Pan American congress, which has been holding sessions in the City of Mexico, is the more regrettable for the reason that so much was expected of it. The congress was admirable in conception and great in its possibilities. It is difficult to conceive of any project of far-reaching benefit to the people of the western world than the attempt to establish friendly political and commercial relations between the republics of Central and South America.

BEGINNING OF TOWNS.
There has hardly been a year since white men first came to this country when towns were not being started every now and then, and the process was always of interest. But there must come a time very soon when the starting of a new town will be an exceedingly infrequent event. Construction of a railroad has invariably given birth to a string of new villages, and even the digging of a good sized irrigation ditch was soon followed by an announcement of the name of a hamlet or postoffice. Discovery of a paying mineral vein or even of a vein that gives promise of some day being a pay mine brings together a sufficient number of people to claim a name and apply for a postoffice.

JUDGE BAKER.
The successor of Judge Crumpacker is a resident of Omaha, Neb., "Ben Baker," as all Nebraska calls him familiarly, was a practical politician ten years ago in Fairbury, Neb., a successful lawyer as well, and served in the Nebraska senate for several terms after being county attorney at Omaha. Later he was elected superior judge several terms, and is still an incumbent. He visited New Mexico two years ago and was an applicant for a judgeship here because of the ill health of his wife. He has been an active republican worker and last fall, during the territorial campaign, he made addresses at Santa Fe and Las Vegas.

LOCAL PARAGRAPHS.

A. A. Keen, the territorial land commissioner, returned to the city last night from Santa Fe.

One of the men who was here the past few days, returned to his western town last night.

Conductor Jerry Quinn is back on duty, having recovered from the injury received about two weeks since.

J. W. Criffin and wife, who are well known in south Albuquerque, will enjoy a season of rest in southern California.

Thomas Soward, agent for the Northwestern Life Insurance company, was a soured bound passenger on morning train.

William Tasker and wife will enjoy their Christmas holidays at Topeka, Kan. Mr. Tasker is a machinist at the local shops.

Dr. G. W. Grove, the oculist, and son expected to spend the Christmas in southern California, and will leave for the west tomorrow night.

Miss Grace Hahn, daughter of W. H. Hahn, the coal dealer, is staying at the home of the guest of Miss Carter. She will remain away until after Christmas.

W. L. Essex and wife, who was back in Indiana on a visit to relatives, have returned to the city, and Mr. Essex has resumed his position at the local shops.

Phil E. Harroun, the civil engineer, left on the morning train for Santa Fe, where he will proceed to Embuda on business connected with his profession.

B. B. Spencer, the general merchant and postmaster at Eastview, Valencia county, is in the city today, purchasing Christmas supplies for the little ones of his town.

Fred Fornoff has returned from Luna county, where he arrested and lodged in jail at Deming, Lee Tong, a Chinese, who was charged with the murder of a woman.

George Arnot, manager of the Albuquerque branch and partner in the firm of Gross, Blackwell & Co., left for Las Vegas expecting to return to Albuquerque tonight.

Mrs. J. F. Luthy and children will spend the holidays as the guests of Mrs. J. F. Kaser, who left by this morning's train for Topeka, Kan., where Mrs. Kaser resides.

J. H. Hallon, the well known engineer, will return to his run on the Santa Fe Pacific in a few days. He has suffered considerably the last few weeks with a badly injured hand.

Two plain drunks were up before Judge Crawford yesterday morning, and not being able to furnish good reasons for their violation of ordinance No. 18, were assessed five dollars each.

Miss Mae Brown, a talented young musician of Ripan, Wis., came in from Los Angeles yesterday. The young lady was in California the past few months, and will probably remain here indefinitely.

At Orchestra hall tonight the Bow Knot dancing club will give a dance. This is the first party of the kind to be given by the Bow Knot club, and all members, with friends, are expected to be present.

The Degree of Honor ladies and their many friends held forth at Odd Fellows hall last night, giving one of the nicest dances of the season. The dance was kept up for sometime after the midnight hour. Delightful refreshments were served.

Otto Diekmann, Jr., and wife will arrive in Albuquerque Friday morning from Detroit, Mich., on their way to the holidays with Mr. Diekmann's parents. This will be his first trip home since 1912, and it will prove a pleasant surprise to his many friends in this city to learn of his coming.

The Topeka State Journal says: "George Thompson, of the boiler shop, received a message from his sister in Albuquerque, N. M., Saturday morning announcing the serious illness of some member of the family. Thompson took his time and started at once for that place. The family, which formerly lived in Topeka, has been there for several years."

Health and Beauty.
A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood, pimples, boils and other eruptions follow. This nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Bitters are a powerful purgative, and they stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Singsburg, J. H. O'Reilly & Co.; B. H. Briggs & Co.

Saved at Grave's Brink.
"I know I would long ago have been in my grave," writes Mrs. S. H. Newcomb, of Denver, Colo. "I have been for years suffering from indigestion, water-brash, stomach and bowel troubles. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds. For indigestion, loss of appetite, stomach, liver and kidney troubles Elctric Bitters are a positive, guaranteed cure. Only 50 cents at all drug stores."

A Knott, an extensive Colorado sheep buyer, who has been down among the sheep raisers of central New Mexico the past few weeks, yesterday purchased 1,000 lambs from the Aletistas of Socorro county, and will ship the lambs and some of the stock yards tomorrow.

A Million Voices.
Could hardly express the thanks of Homer Hall, of West Point, Ia. Litten why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumed, but could not help him. When all thought he was doomed he began to use Dr. Kiefer's New Discovery for consumption and writes—"It completely cured me and saved my life. I now weigh 227 pounds." It's positively guaranteed for coughs, colds and lung troubles. Price 50 cents and \$1.00. Trial bottles free at all drug stores.

To Stop a Cold.
After exposure or when you feel a cold coming on, take a dose of Foley's Kidney and Bladder Pills. It will stop a cold if taken in time. Alvarado Pharmacy.

POLICE COURT.
Jail Breakers on the Bench—A Motley Gang Sentenced.
At the police court this morning several cases were up before the honor and were handled with promptness and dispatch.

John Mullien, who was drunk and hilarious, was let down with a thirty day sentence, while Ed Kroeuer, for the same offense, to which was added the charge of carrying a dangerous weapon, was assessed the sum of \$10.

Following the Halsey case, appeared John Roder who was let off with a fine of \$5 for a very ordinary drunk.

An Evangelist's Story.
"I suffered for years with a bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James McKinn, evangelist of the Boise River, Ill. "I have no hesitation in recommending it to all sufferers from malades of this kind. One Minute Cough Cure affords immediate relief for coughs, colds and all kinds of throat and lung troubles. For cough it is unequalled. Absolutely safe. Very pleasant to take, never fails and is really a favorite with the children. They like it. J. H. O'Reilly & Co.; B. H. Briggs & Co."

THAT COLLECTORSHIP.
While Texans Were Scrambling for the Office, a Lone New Mexican Gets the Job.
Special Correspondence.

Las Cruces, N. M., Dec. 18.—The El Paso Herald seems to be in a spasm over the supposed appointment of Pat. Garrett as collector of the port of El Paso.

It seems to think that the office belongs to El Paso; at least to Texas. That if only an El Paso man had been collected, it would have made El Paso a republican city and Texas a republican state. If such a result were possible it would be glorious, but with the exception of the eight years that Grover Cleveland was president, Texas republicans have held the office ever since.

White says some twelve or thirteen Texas republicans were scrambling for the office, all having more or less backing, one solitary New Mexican presents himself as a candidate—a man after the president's own heart—and by reports he has won the prize.

The Herald goes on to say that the appointment cannot help the New Mexico republicans. Oh, no! Of course not! New Mexico is a territory! Although the whole territory of New Mexico is within the district of the El Paso port of entry, and only a small part of Texas, Texas should be considered, although divided on a dozen men, and New Mexico should not be recognized because she has not been recognized before. The fact exists all over the United States that when any community has no office for years they have to give it up. It goes across the grain to do so.

The Herald would give us to understand that the president by one fell stroke of the pen had destroyed the great republicanism of Texas. What destruction? A party that cannot come within 100,000 votes of carrying the state under the most favorable circumstances. They ought to go and work their heads! The idea of injuring such a party. When the writer was a boy it was a common saying that it is hard to get a rotten egg in the shell was cracked. The republican party of Texas! Oh, what are we here for?

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach. He feared would grow worse. He says: "I was telling my troubles to a lady friend, who said, Chamberlain's Cough, Cold and Croup Remedy. I bought it in condition for the party. I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

C. W. Lynch, Winchester, Indiana, writes: "I was the life of my boy to Foley's Kidney and Bladder Pills. He had a bronchial croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." Alvarado Pharmacy.

DEMI-ING DOINGS.
Wallis Lumber Yard Destroyed by Fire—Other Local Notes.
Special Correspondence.

Deming, N. M., Dec. 17.—Mr. and Mrs. Greer returned this morning from a short trip to El Paso.

Harry Clay, the superintendent of the Clifton Copper company's mines, at Santa Rita, came down last night on business and reports the mines in splendid condition.

P. R. Smith, Jr., and Fred Pollard left town Sunday morning for a day's shooting. As they did not return until Monday evening their families upland all sorts of disasters and were searching the county with a dragnet, when they finally were found. They had been shot by a bear.

Inability to get coal for their engine is delaying the work on the oil well north of here.

Monday morning at about 5 o'clock the people of Deming were awakened by the fire alarm. It proved to be a hardware store and lumber yard of W. C. Wallis, on Gold avenue. Everything was lost except the safe, one wagon loaded with lumber and the iron covered hay house. The loss is thought to be in the neighborhood of \$20,000; only partially covered by insurance.

The generally accepted theory that some one broke into the store for purposes of robbery and deliberately set fire to the building when through the work. It must have been fired, as all fires were out Saturday night and Sunday. Mr. Wallis is away on a visit to his old home in Hope, Ark., for the first time in years and will probably return immediately.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl Street, New York.
