BERLIN NEWSPAPERS  
SHOW DISAPPOINTMENT

Allies Move Forward Slowly in Belgium and France, With Every Foot Gained Stubbornly Opposed.

(BY MORNING JOURNAL SPECIAL LEAD WIRE)  
London, Dec. 18 (10:45 p. m.)—Although there seems no doubt that the Russians are retreating, and that for the present any anticipation of the allies may have of an early invasion of Germany must be dismissed, considerable mystery surrounds the re-

The claim is made that the Russians have been driven out of the positions north of the Carpathian mountains from Krosno to Zakliefyn, which would indicate that part of the southern line of railway in Galicia again is in the hands of the Austrians, and that Piotrkow and another central Poland town have been stormed, but silence

**German Papers Disappointed.**  
The German official report dismisses this battle with the statement that "in Poland we are still pursuing the enemy, who continues to give way."

ation by quoting Berlin papers received there today as expressing disappointment at the fact that names of battlefields are mentioned, but that no tangible results of the fighting are disclosed, and that no lists are given of the number of captured guns and prisoners. Some disappointment is expressed here at the silence of the Russians and advices from Paderborn are awaited eagerly.

**Allies Progress Slowly.**

The allies offensive in the west continues to progress very slowly according to the Paris communication although the aggregate gains claimed during the last week indicate a considerable advance in Flanders and in the vicinity of Arras, where the allies seemingly are making their greatest efforts in the belief that penetration of the German lines would compel a general German retirement.

It is still, however, a matter of siege warfare in Belgium and France. Berlin says many of the attacks of the allies are being repulsed with heavy casualties which are increased when the Germans mine trenches which the allies are compelled to evacuate.

Vienna, Dec. 18 (via London, 10:35 p. m.)—The following official statement was made public today:

The beaten Russian main forces are being pursued on the entire battle front, 400 kilometers wide (about 250 miles) from Krosno (Gallicia) to the mouth of the Bzura river (in Poland), where it empties into the Vistula.

The owners of the three towns which were bombarded still are busy holding inquests over the bodies of victims, the numbers of whom continue to grow as injured persons succumb to their wounds.

As a result of the bombardment, the kingdom has been flooded with posters reading:

**PETROGRAD REPORT SAYS  
GERMANS ARE BEATEN**

London, Dec. 19 (3:30 a. m.).—Petrograd correspondent of the Times sends the following:

"The enemy's third incursion into Galicia has been arrested on the very borders of the province. Some maneuvering on the part of General Hasko Pinski's corps, although they crossed the Carpathians on a wide front, extending between Wislicka and the head waters of the San river.

"No definite information has been forthcoming as yet regarding the new point of attack in Field Marshal von Hindenburg's invasion of Poland. After his fruitless efforts to break through the Russian lines on the Bzura river, it is probable that he will seek to deliver a blow further south, but it is not known whether this will be toward Warsaw or Kielce. The Russian army is within a stone's throw of the Silesian border north of Cracow, which is the real pivot of all the operations now developing.

"The desperate flanking movements on the Bzura river and from the Carpathians only serve to indicate that the Russians hold the pivot firmly, whence, in good time, they will sweep the flanking columns off the road and advance into the heart of Germany."

**FRENCH REPORTS TELL  
OF GROUND SLOWLY GAINED**

Washington, Dec. 18.—Additional details of the French advance in Flanders and northern France, announced today by the war office, were given in official dispatches to the embassy here. The message said:

"We have reached the road from Tournai to Le Havre to the east of Neenstraete. We have captured the enemy's trenches, gained 350 yards, made 100 prisoners and taken three mitrailleuses.

"In the region of Bixchoote we have gained 500 yards, made eighty prisoners and taken three mitrailleuses. To the north of Notre Dame de Consolation, our progress has been about 500 yards."

**HOULERS REPORTED  
CAPTURED BY ALLIES**

London, Dec. 19 (3:30 a. m.).—Several London newspapers today have reports that the allies have captured Houlers, west Flanders. The Chronicle says that Houlers has been captured after fierce assaults on the German trenches.

The Daily News publishes the following:

"Reports received in northern France are that the French and British have taken Houlers and assume they are in possession of parts of Lille. However, the capture of Houlers would mean a victory so important that immediate official announcement probably will be made."

**NO DATE FIXED FOR  
IMMIGRATION BILL**

Washington, Dec. 18.—Efforts to fix tomorrow as the time to vote on the house immigration bill or amendments failed in the senate today on objection of Senator O'Gorman. Senator Smith of South Carolina, however, announced that he would renew his request tomorrow and repeat it until he was successful in fixing a limit on the debate.

The Thomas amendment to the literacy test provision of the bill which would extend exemption from the test to subjects of political as well as religious persecution, occupied the senate today. Senator O'Gorman proposed to add racial persecution to the list of exemptions and Senator Thomas accepted the amendment.

Senator Thomas cited the "deplorable" conditions in Colorado coal fields as showing the necessity for restriction of immigration.

**DEATH RESULTS FROM  
BULLET OF ROBBER**

Chicago, Dec. 18.—Mrs. Mary Edwards Flavelle died from complications resulting from a bullet wound inflicted by a robber while riding on a train in Italy, according to the verdict of a coroner's jury which held an inquest into her death tonight.

The jury recommended that the Italian consul call the attention of his government to the case.

Mrs. Flavelle was 69 years of age. She was shot and robbed by Pedro Rossi, an Italian student now held at Asinara, Italy. The bullet which had been extracted from the wound was shown to the jurors and then sealed. It will be turned over to the Italian consul with the verdict.

**\*MAKES GALLANT  
FIGHT FOR PORT**

\*San Diego, Calif., Dec. 18.—Near midnight the Letham de Virville, a French liner, was off the coast of San Diego, and on offer to put a boarding party on her. If she stays above water she should be off this port in the morning.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

San Diego, Calif., Dec. 18.—"Sinking," a laconic wireless message received here soon after 10 o'clock tonight told the probable fate of the American Hawaiian liner Letham de Virville, bound for New York with a million dollar cargo of fruits and wines. The Letham tore open her bow on San Benito Island, 300 miles south of here early today. The cruiser West Virginia, the destroyer Perry and the naval tug Itasca were out of order, but the French liner remained at their posts, keeping up sufficient steam to drive the vessel forward in her seemingly hopeless race for San Diego.

She might founder at any moment, the Perry reported.

To lighten the vessel still further Captain Foster Ryer ordered more fuel oil jettisoned and at 10:25 o'clock the freighter, listing heavily and wallowing in the heavy seas, rose about twenty-eight inches from the plimsoll mark.

Late tonight Rear Admiral E. B. Howard, commander-in-chief of the United States Pacific fleet, ordered every commercial and wireless station on the Pacific coast to cease operations with the exception of the stations at Point Loma and aboard the cruiser West Virginia until it was ascertained whether the Letham would survive her injuries. The Point Loma and West Virginia stations were in communication every ten minutes.

Captain Ryer reported that the after hatches were still dry and that the ship was again making slight headway.

San Francisco, Dec. 18.—The Isthmian of 5,400 tons sailed from here five days ago and from Los Angeles two days ago. She was commanded by Captain W. W. Ryer and carried a crew of forty. She was built in San Francisco in 1905.

The Daily News publishes the following:

"Reports received in northern France are that the French and British have taken Houlers and assume they are in possession of parts of Lille. However, the capture of Houlers would mean a victory so important that immediate official announcement probably will be made."

Hungarians Furious at Field Marshal Potiorek, Who Is Believed Responsible for Disaster in Serbia.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

London, Dec. 19 (3:30 a. m.).—The Morning Post today publishes a Budapest letter written by a Hungarian journalist, in which he describes the defeat of the Austro-Hungarian army in Serbia and its sufferings in retreat. He declares that Field Marshal Oskar Potiorek, in command of the Austrian forces, will be tried by courtmartial in Vienna.

"The public and official circles," the letter says, "are furious at Potiorek for allowing the withdrawal of three army corps from his front, when he ought to have known it would leave him too weak to withstand the Serbians. It is rumored that General Minarelli-Fitzgerald will supersede him."

"In the rear guard actions during the retreat, the Austrians lost sixty thousand men in dead or wounded and thirty thousand prisoners, besides suffering more guns, ammunition and provisions than the Serbians ever had in the whole war."

"The Hungarian regiments suffered severely and the remnants of Potiorek's army of about 100,000 men are now in Bosnia trying to reform."

The feeling in Hungary has translated itself into demonstrations and rioting in Budapest, Prague and other towns. Count Tisza, the premier, in a sensational speech in the Hungarian parliament, declared that if the importance of an invasion of Hungary was not realized by the general staff, independent Hungary would find a means to concentrate her arms which are now fighting abroad in defense of their own homes.

As a result of this speech, Premier Tisza was surrounded in Vienna and saw the emperor to whom, on his loyalty being questioned, he offered his resignation. This, however, the emperor declined to accept.

**Cuban Amnesty Bill Vetted**

Havana, Dec. 18.—President Menocal today vetoed the amnesty bill which was passed by congress on December 3. The measure was designed to effect the release of Gen. Ernesto Ascher, former governor of Havana province, who is serving a sentence of twelve years in prison for complicity in the killing of Chief of Police Riva last year.

**Goods Sold For Customs Dues.**

Vera Cruz, Dec. 18.—To satisfy claims arising from the non-payment of customs duties, a large quantity of goods in the customs house has been ordered sold. It has been impossible to move these goods into the interior on account of the fighting.

Khedive Deposed Because of His Alliance With Turks in Present War, Is Declaration of English Government.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

London, Dec. 18 (11:20 p. m.).—The British protectorate over Egypt was proclaimed today. Prince Hussein Kemal has been appointed sultan and has accepted that position. He is an uncle of Abbas Hilmi, until now khedive. The French government has recognized the British protectorate over the country in which France formerly had such important interests and in return the British government has given notice that it adheres to the Franco-Moroccan treaty of 1912, which following the Agadir affair gave France a protectorate over Morocco.

**Former Khedive Deposed.**

In a letter to Prince Hussein on his appointment, the British acting high commissioner for Egypt, Milne Chestham, details the efforts which he says England made to avoid war with Turkey, but which were frustrated by the war party and the Ottoman cabinet.

Mr. Chestham states that there is ample evidence that Abbas Hilmi had thrown his lot with the enemies of Great Britain with the result "that the rights over the Egyptian executive by the sultan of Turkey and the late khedive are forfeited."

**England Assumes Title.**

In inviting Prince Hussein to accept the office as the prince of the family of Mehmet Ali, most worthy to occupy the khedivial position with the title of sultan of Egypt, Mr. Chestham announces that Great Britain accepts all responsibilities for the defense of the territories under the new sultan; that all Egyptian subjects will be entitled to the protection of Great Britain; that with the disappearance of Ottoman suzerainty the restrictions placed by Ottoman firman upon the numbers and organization of the army will disappear; that the relations with foreign powers will be conducted by a British representative.

Mr. Chestham states that the British representative will be entitled to the protection of Great Britain; that with the disappearance of Ottoman suzerainty the restrictions placed by Ottoman firman upon the numbers and organization of the army will disappear; that the relations with foreign powers will be conducted by a British representative.

**Self-government Promised.**

In connection with his letter, the commissioner in a statement tonight, says that in dealing Egyptians free from obedience to Constantinople, Great Britain has been animated by no hostility toward the caliphate and that in any movement to strengthen the position of the Mohammedan institution the new sultan will have the support of the government.

The promise is made that after the war the treaties will be revised and that "in such measure as the degree of enlightenment of public opinion may permit" the government will be associated with the task of government.

**Cleary Definition Desired.**

The opinion is expressed by many here that a clearer definition of Great Britain's position in Egypt will accelerate progress toward self-government in that country.

Abbas Hilmi arrived in Vienna today, according to advices received in London.

The official press bureau in its announcement of the appointment says: "Prince Hussein Kamel Pasha, the eldest living prince of the family of Mehmet Ali, has accepted the post of sultan of Egypt."

The British acting high commissioner for Egypt has addressed the following to the new sultan:

"By reason of your age and experience you have been chosen as the prince of the family of Mehmet Ali, most worthy to occupy the khedivial position with the title of sultan of Egypt. I give you assurance that Great Britain will accept the fullest responsibility for the defense of the territories under your suzerainty and aggression. All Egyptian subjects will be entitled to the protection of the British government. There will disappear the restrictions heretofore placed by the Ottomans on the numbers and organization of the Egyptian army."

**EGYPT MUST STILL PAY  
TRIBUTE TO TURKEY**

London, Dec. 19 (4:10 a. m.).—Earl Cromer, who has held the post of commissioner of the Egyptian public debt, controller general of Egypt, and British agent and consul general in Egypt, in a letter to the Egyptian sultan, has drawn attention to the fact that Egypt must continue to pay to Turkey an annual tribute amounting to considerably more than \$3,000,000. This is obligatory, he says, owing to a promise given by the Egyptian sultan, not more than thirty years ago to pay the sum to Turkey bondholders.

**FRENCH PROTECTORATE  
RECOGNIZED BY ENGLAND**

London, Dec. 18 (6:55 p. m.).—Great Britain has recognized the French protectorate over Morocco and declared her adhesion to the Franco-Moroccan treaty of March, 1912.

The Franco-Moroccan treaty of 1912 instituted a French protectorate over Morocco, with a French resident general who exercises civil and military powers under the sovereignty of the sultan. The treaty proclaimed the religious freedom of the people and gave France right to enter into military occupation of any ports for the maintenance of order.

**SERBIAN REPORTS  
DENIED IN AUSTRIA**

By Morning Journal Special Lead Wire

New York, Dec. 17.—The Austro-Hungarian consul general made public the following statement here today:

"Concerning the news published in the American press on the 11th and 12th instant, about great Serbian victories and about mutilations of four Austro-Hungarian regiments, the Austro-Hungarian embassy in Washington addressed on December 12 a wireless request to the Austro-Hungarian ministry of foreign affairs for a statement on the matter and has just received the following wireless message from Vienna:

"News of great Serbian victories unfounded. The fact is that owing to attack of superior forces our right wing was withdrawn and new positions occupied. Serbian allegation about our losses enormously exaggerated. News of mutiny, absolutely false."

Representative Gardner Clashes Vigorously With Members of Committee Who Question His Statements.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

Washington, Dec. 18.—Stormy scenes marked the conclusion today of public hearings before the senate committee on the nomination of Representative Gardner of Massachusetts, demanded that members of the committee say whether they questioned data he had submitted to prove the nation's military unpreparedness and his insincerity as an ardent supporter of the war.

The Massachusetts representative called upon Mr. Gray to "get up and prove his facts," but the latter had nothing further to say and the meeting ended.

The committee will meet on Monday to complete the appropriation bill, the plan being to report it to congress before the holidays if possible.

Representative Gardner's testimony was based largely on hearsay. He had prepared, offering important points in the investigation of national officers and officials before the committee and in the report of the general board of the navy.

The war of words which aroused Representative Witherspoon's indignation occurred after Mr. Gardner had finished his statement and submitted to a long cross examination. He said he did not want his facts challenged by late citizens and said he sought an immediate expression from the committee.

**Campaign of Gardner.**

"Did you write any letter to any mercantile organization over the country?" Representative Gray asked when quiet had been restored.

"I hired a man to send out a printed letter to every chamber of commerce in the land, telling them to bring it before the meeting and enclosing a copy of my speech. In the south, particularly North Carolina, several of them did not approve of it."

"How many of these letters did you write?"

"I do not know. I gave it to one of these publicity fellows."

"What organizations did you employ for that purpose?"

"Do you mean to say I am in alliance with the manufacturers of munition? I am paying every cent myself."

"Didn't you send resolutions already prepared?"

"Absolutely."

Mr. Gardner read a newspaper article which said he was intimidated at the White House by the unpopularity of his position and was being harassed by the producers of warlike materials.

"Now," he said, "I am tired of this kind of talk. In the first place if any admiral or general tells the country what you need and ought to get, you say, 'Oh, a naval war, you are trying to raise your standing by advocating this thing. You are an unpatriotic rascal, that is what you are. Then if any private citizen tells me the same thing, you are bought by the man who has material for sale. If any congressman tells you you say that is politics. Now, I'm tired of this thing. Let up, Mr. Gray, and prove your facts."

"I have nothing further to say," replied Mr. Gray.

"Have you any facts, anything to say?"

"Nothing further."

"Then," said Mr. Gardner, "I am through."

**NEW SOCIETY OPPOSES  
EXCESSIVE ARMAMENT**

New York, Dec. 18.—"We have developed a form of preparedness that has no equal—our peace forming policy with the nations of the world," Dr. Nicholas Murray Butler, president of Columbia university, said today after he had been chosen chairman of the organization known as the American League to Limit Armaments, a new association formed to oppose a great increase in American armaments. The chairman laid the existing agitation for larger armaments to the war in Europe, and added:

"Years ago, when we were threatened by invasion from across the sea, there was room for the arguments now being produced. But now, when the nations of Europe are destroying themselves, when they are starving and exhausting themselves to a peaceful basis, why should we arm ourselves against them?"

Dr. Butler stated, however, that he did not believe the prospective organization should abstain from an inquiry into the position of the army and navy, and that he thought such an inquiry should be held.

Lansing Smith, president of the Canada club of Montreal, sent the following telegram:

"Thank heaven our mutual border, 3,600 miles long, is totally unprotected. Let us keep it so, and we will not quarrel. Provide in your new constitution for the affiliation later of a Canadian body."

Americans Await Arrival of General Hugh L. Scott Before Serving Ultimatum on Mexicans.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

Naco, Ariz., Dec. 18.—Many bullets from the Mexican side fell on United States territory today in the siege of Naco, Sonora, by Villa troops. Five passed close to the army bombproofs. The United States army forces now have established two flank camps, one on the east and the other on the west side of Naco, to further assure border neutrality. The sixth brigade infantry and the three batteries of artillery en route here are expected to arrive tomorrow.

Ammunition arrived here today and further supplies are on the way.

Since dawn there has been intermittent firing, seemingly aimed entirely by the Villa troops. General Hill received 300,000 rounds of rifle ammunition for his troops defending Naco, Sonora.

George A. Carothers, special agent of the American state department, visited Governor Jose Maytorena, commanding the Villafraja forces today, and broached the subject of the coming visit of Brig. Gen. Hugh L. Scott. It is understood that Maytorena favored meeting General Scott at the international boundary, opposite the Maytorena headquarters east of here.

Mr. Carothers, after returning to the American side, talked with Brig. Gen. T. H. Hines, commanding the United States forces here, and then left for El Paso, Texas. From there he will go again into Mexico, probably joining the troops of Gen. Francisco Villa.

**GUATEMALA-ARMED  
BY MEXICAN FORCES**

Washington, Dec. 18.—Zapata and Villa forces appearing in Chihuahua, the southernmost state of Mexico, have caused alarm in Guatemala, and on Wednesday night the entire population of Ayutla, a Guatemalan border town, was ready to flee to the interior, according to a dispatch today to the state department from William H. Leavelle, American minister to Guatemala. At Ayutla, three Guatemalan soldiers were said to be doing patrol duty to prevent any invasion of that country's territory.

Advices from Mexico City said General Carranza, with 15,000 troops, left the capital yesterday for the Yagui country along the west coast.

**BANK ROBBER  
SHIPPED MONEY  
BY ANGELS POST**

Man Who Was Killed After Taking \$13,100 From Cincinnati Institutions Had Planned Carefully.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

Cincinnati, Dec. 18.—The \$13,100 obtained by Frank G. Hohl, the automobile robber who yesterday took money from two banks and was later killed after a fight with a policeman, or at least a part of it, was shipped by parcel post to Louisville, Ky., by the robber. This information was ascertained by the police late today when John Q. Keiser, a grocer, identified the dead robber as the man who had come to his store shortly after noon yesterday and obtained a box in which he placed several bundles and then securely wrapped the package. It was also ascertained that Hohl was in Station Y of the postoffice about 12:30 p. m. yesterday.

It is known that he sent a box delivered similar to the one he wrapped up in the grocery store to P. C. Wright, Louisville, and the postmaster at that city has been notified to be on the lookout for the package. A postoffice money order application also was found in the dead man's clothing, addressed to P. C. Wright, Louisville, Ky.

It is now believed by the police that one of the two revolvers carried by Hohl contained blank cartridges. This was used, the police assert, to merely frighten those whom the bandit encountered in the banks. Cashier George Winters of the Liberty bank, who was powder burned by the discharge of Hohl's revolver, states that Hohl fired point blank at him when only a foot or two away and that for a time he thought he had certainly been shot. This theory, according to the police, is also substantiated by the fact that no bullet holes were found in the walls or woodwork of either bank, but that a number of small paper wads were noticed after the shooting.

**MAGICIAN WHO CAUSED  
MONEY TO DISAPPEAR**

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

Chicago, Dec. 18.—Alvin Kerkovig, a magician who says his home is at Berkeley, Calif., was arrested tonight, charged with causing the money of others to disappear. The magician, according to complainants, advertised for a man with \$200 to invest to become advance agent for his act. Kerkovig would collect the money, and presto! would disappear himself.

The would-be advance agent became the magician's pursuing agent but he eluded them until detectives answered his advertisement.

**Heavy Snowfall in Kansas.**

Kansas City, Mo., Dec. 18.—Kansas and western Missouri were buried under the heaviest snowfall of the season tonight. While the temperature was moderate, the fall ranged in depth from two to eight inches. Five deaths and one dangerous injury resulting from the weather, were reported here tonight.

**War Strands Women and Children.**

Washington, Dec. 18.—Permission has been granted by the state department to about 500 German women and children who were stranded as war refugees at Shanghai, China, to pass through the United States on their way back to Germany.

Order Is Issued for Prompt Execution of All Such Captured While Fighting for Villa and Zapata.

**\*BY MORNING JOURNAL SPECIAL LEAD WIRE**

Vera Cruz, Dec. 18.—The former federalists whose services have been accepted by both General Villa and General Zapata, are shown no mercy by the army of General Carranza. They are sentenced to death in all cases where they fall into the hands of Carranza's soldiers.

This is made plain in the decree which was issued today and which will be published throughout the army, both in the garrisons and at the front. This edict, defining the status of these former federalists and authorizing summary action, characterizes them as the worst enemies of the reactionary element.

Great care has been taken by the Carranza officials to maintain secrecy as to exact positions of their troops, but by this time even General Villa doubtless is aware that his forces between here and Mexico City face the biggest army either he or General Zapata has ever gathered. Many persons here believe it is not improbable that before many days there will begin the greatest battle since the days when Generals Villa and Carranza were forcing their way southward against General Huerta.

General Carranza and his staff do not regard the loss of Puebla as vital; in fact that they take the opposite view since General Francisco Coahuila, who was garrisoning that point, is now free to add his forces to the main body. General Coahuila is said here to have been insignificant in spite of the reports emanating from Mexico City to the effect that his troops suffered terrible punishment. Carranza officials here say they regard these reports from Mexico City as inspired.

**PROMINENT ZAPATISTA  
EXECUTED BY ANGELS**

San Antonio, Tex., Dec. 18.—Private messages and newspaper telegrams received here today announce the execution of Paulino Martinez at the City of Mexico. The dispatches state that Martinez was executed by order of General Angeles. It is said his execution was ordered under the Juarez law of 1862, and that Martinez was amenable to this law by reason of his having led the Mexican party.

Martinez was a former resident of San Antonio but for the last two years has been closely associated with Gen. Emiliano Zapata and attracted public notice when he acted as spokesman for Zapata at the Aguila party conference. He was reported to have accompanied Zapata into the City of Mexico and is credited with having done much in bringing about friendly relations between Villa and Zapata.

San Luis Potosi, one of the largest cities in the republic, has authorized

## GAME WARDEN FILES ANNUAL REPORT WITH GOVERNOR OF STATE

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Santa Fe, Dec. 18.—A very complete report was filed today by Game Warden Trunked C. de Bacy with Governor McDonald, covering the transactions of the game warden's office for the past two years. The report opens with a poem praising "Outdoor Life" in New Mexico and describing it in glowing colors. Incidentally, the game warden says: "The poor man who is able to cultivate game near his home, if at all, is entitled to as much consideration as the rich man who can afford to travel long distances and expend large sums of money for his pleasures." Considerable space is given to a discussion of the game laws and the game license system, as well as game preserves and refuges. The private game preserves of New Mexico are described. Co-operation with the federal forests has been made a rule of the department. However, as to the hunting by Indians, the department has found much difficulty in enforcing the law and on the other hand, the federal government is disposed to prevent the hunting of whites on Indian and military reservations. The establishment of fish hatcheries is advocated. The efforts to secure more elk for New Mexico are set forth during 1913. 554 deer were killed in national forests in New Mexico. The game warden would prohibit hunting deer with dogs.

The report is to be printed in book form for the information of pilgrims and tourists and will be illustrated with colored plates.

## PHILIPPINE CRAFTSMAN GIVES TWO PAGES TO MISS MYERS' REPORT

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Santa Fe, Dec. 18.—New Mexico has been given a fine bit of advertising even in the Philippines through the Philippine Craftsman, which gives two pages to the annual report of Miss Manette Myers, the state director of industrial education. The Craftsman comments as follows on the report: "New Mexico has evidently grasped this fundamental principle of industrial education and is building up a course of industrial study, which while subject to modification according to school or locality, is still uniform in its general aims and is based mainly on the pressing demands of the state as far as vocational and economic needs are concerned. Even in the remote rural schools where funds and facilities are lacking, teachers and pupils, with the assistance of parents, comply with requirements laid down for manual training, domestic science, and agriculture, by ingenious utilization of the little means at their disposal. "One of the most striking features noted is the state-wide co-operation of citizens and officials in the matter of school welfare. Rural city and high school heads mention in their reports to the director special instances of public-spirited citizens or officials assisting at a critical time in successfully carrying out some scheme that aided the industrial work of the school."

This has been so successfully accomplished that the department is now turning its attention to co-operating with the state agricultural college in its extension work among the women of the state.

## OHIO STOCKMEN HARSH CRITICS OF QUARANTINE

**WASHINGTON, Dec. 18.**—Conflicting views of the enforcement of the livestock foot and mouth disease quarantine in Ohio were aired today at a hearing before the senate special investigating committee. Willis Jones of Mount Sterling, Ohio, told the committee that there had been too much science in the conduct of the quarantine, and estimated the restrictions imposed had cost the farmers of Ohio a million dollars a day for six weeks. A. S. Thomas, a quarantined herd in Richmond and after two weeks the state-wide quarantine should have been reduced to community restrictions.

James Devine of Chillicothe said the scientists had not liberalized the quarantine voluntarily, but had done so only after orders from Governor Cox and as a result of the introduction of the senatorial resolution of inquiry into the quarantine.

Dr. H. E. Higgins of Richmond county testified that he had examined one quarantined herd in Richmond and found no trace of any disease. A. P. Sandies, Ohio state commissioner of agriculture, in cross-examining Dr. Higgins, suggested that the hostile attitude toward the officials examined by Dr. Higgins and farmers in Richmond county, might cost the latter much money.

Prosecuting Attorney Knapper of Seneca county testified that everything possible had been done for the farmers in that county in view of the outbreak of the disease. "How do you account for the fact that Seneca county was so well treated?" Mr. Thomas inquired. "Because we co-operated," was the reply.

Commissioner Sandies predicted the crest of the epidemic was over. Dr. Paul Fisher, state veterinarian, submitted that with practically no one in the state who had ever seen the disease, the quarantine had been handled as well as could be expected and that the same system with improvements would be followed in future outbreaks. Dr. David S. White, of the Ohio State university, also defended the quarantine.

## CONGRESSWORKS AT HIGH SPEED PASSING BILLS

Sharp Debate Occurs Over Postoffice Appropriations; Burleson's Recommendations Are Turned Down.

**WASHINGTON, Dec. 18.**—With its machinery at high speed, the house today turned out the legislative, executive and judicial appropriation bill and began consideration of the postoffice appropriation bill, clearing the way for the making of a legislative record before the Christmas holidays, beginning next Thursday.

The legislative, executive and judicial bill, carrying \$32,000,000, was passed after less than three days' actual consideration. Provision for an agricultural census costing \$2,286,000, and a proposal to reduce the mileage of members from 20 to 5 cents a mile, were stricken from the measure.

## Burleson's Plans Fail

Plans of Postmaster General Burleson for departmental changes were blocked when the house voted down a special rule to make it an order for postmaster and revising the railway mail pay system, authorizing the substitution of contractors for the salaried rural carrier system in one county of each state, and providing for organization changes desired by the administration of the department. The rule was defeated, 145 to 127, more than twice the majority in opposition.

Chairman Moon, of the postoffice committee, made a vigorous speech criticizing the democrats who voted against the rule, asserting that "railway mail influence has been held at work to defeat the provisions of this bill revising the railway mail pay system."

He declared that the defeat of the rule was a "betrayal of democratic principles and a betrayal of the democratic administration by the majority on the floor."

## Railroad Opposition Charged

Representative Henry interrupted to assert that the only opposition to the rule in the rules committee was exerted by "railroad interests." "Name them," shouted Republican Leader Mann, "let's know who they were."

The house was in a turmoil for a few moments and when the tumult subsided, Representative Mann shouted:

"I can name them; I say here and now, that the railroad interests tried to defeat this bill in the rules committee."

Following the defeat of the rule, debate was begun on the bill stripped of its legislative provisions, and carrying \$321,000,000 for the conduct of the postoffice department. It is expected that the measure will be passed before the prohibition amendment to the constitution is taken up next Tuesday.

## EGG DEALERS IN CONSPIRACY TO DEFRAUD ROADS

**NEW YORK, Dec. 18.**—Federal allegations regarding a system of graft and bribery practiced by a "ring" of New York egg dealers that they might use the railroads were made today by William S. Meek, an investigator of the trunk line associations, at the resumption of the so-called butter and eggs inquiry being conducted under the supervision of Attorney General Parsons.

By this system, Meek testified, inspectors were bribed to report hundreds of crates of eggs as damaged in transit, when in reality only a few had been injured. Drivers, he asserted, were paid to break a layer in each case at the receiving points, after which the dealers sold all the unharmed eggs and then sued the roads for the full value of each case. In one year, the witness asserted, one firm obtained \$28,000 and another \$39,000 from the railroads for supposed damages.

Inspectors were bribed so shrewdly, the investigator stated, that they could hardly avoid taking the money. He explained that a member of the "ring" would approach an inspector at a receiving point, pass him a cigar and then hand him a box of crackers, which also contained a sum ranging from \$15 to \$25. The inspector then knew that he was expected to report a certain shipment, containing perhaps 600 crates, as damaged when possibly half a dozen crates were injured. Out of thirteen inspectors, he stated, ten had been brought to accept such bribes.

Porters also aided in the demolition of eggs, the witness stated, for when they were allowed to see the pier they made sure that empty cases were smashed to make good their employers' claims. Figures were introduced to show that in 1913 the railroads paid claims to the egg dealers of nearly \$790,000, while in the last year, under more rigid inspection, the claims have been less than \$200,000.

**SOCIAL ANARCHY CAUSE OF WAR, IS MEZ'S OPINION**

**CHICAGO, Dec. 18.**—International anarchy is the factor of the present civilization causing the war, according to Dr. John Mez, of the University of Munich, president of the International Society of students, in an address here today.

"The main factor in international relations," he said, "is the desire for trade, auto, colonies and conquest. War is the necessary outcome of present anarchy, which is international anarchy."

"In the last three thousand years there have only been fifty years without war and there have been eight thousand peace treaties."

Among the steps necessary to make peace, something more than armed neutrality, Professor Mez said, was a concert of the powers to police the world and "an end of secret treaties and indemnities."

GEORGE WINNER  
OVER SMAULDING  
BY GOOD MARGIN

Drops Albuquerque Middle-weight for Count Early in Bout and Increases Lead in Subsequent Rounds.

Kid George decisively defeated Al Smoulding in a ten-round fight last night at the New Mexico Athletic club symposium. The Sacramento middle-weight knocked Smoulding down for the count in the fourth and from then on led by a clear margin.

It was the first time an Albuquerque crowd had seen Smoulding go down from a well delivered punch since Mitchell stopped him and that was in an early period of his ring career. A hard right swing to the head followed by a sharp left when Smoulding turned to look at the referee, and he fell off the second. George was on top of him hammering away right and left when he got up. Smoulding smiled gamely over his shoulder when they came together once for a second.

**Smoulding Halted.**  
From then on Smoulding was careful. George kept coolly driving his left to the face, varying his attack now and then with a haymaker. While George's straight punching was accurate he missed most of his swifter, Smoulding ducking.

When Manager Winsor, who was in George's corner, gave his fighter the office that he was on ten seconds from the final going Smoulding rallied. He whipped over his left and right and was showering blows at the close, but George did not appear to have been hurt. At the start of the round, however, George sent Smoulding to the ropes with a right to the jaw and followed with several heavy punches, but Al weathered the storm.

**Young Joe Rivers Wins.**  
A few spectators raised the question as to whether the last round went the full three minutes because Winsor went to the timekeeper. Winsor stated afterward that the round had gone several seconds over the limit and that he called the timekeeper's attention to that fact. One of the leading sportsmen admitted that Smoulding had no chance in his rally to knock out George.

Winsor returned the preliminary between Young Joe Rivers and Jack Carlson. The decision went to Rivers. Carlson covered most of the way, tearing loose with a haymaker now and then. His almost continual defensive marred the bout somewhat. Rivers kept trying to open Carlson, using the "rabbit-kicker" on him several times and trying to drive opponents between his gloves, with which Carlson covered his face.

**New Rule Works Well.**  
Winsor was introduced by Mark Levy, former director of the club, as his successor. His appearance in the ring was applauded.

The ban upon hitting in the clinches had the effect of eliminating tire-some holding and tugging. Only once or twice was the rule violated, but that was because of its newness. There was no protracted clinching. The rule if its enforcement is continued as it was enforced last night, undoubtedly will improve the bouts staged locally. The attendance was 150 spectators. The rain leaving the unpaved streets seas of mud kept many away.

**French Lick, Ind., Dec. 18.**—The 1913 schedule meeting of the American and National leagues, opened here today. No developments were announced in the negotiations for the sale of the New York American league club to Jacob Ruppert, Jr., and Captain T. L. Hudson.

Ban Johnson, Barney Dreyfus and John Heydler spent the greater part of the day considering the schedules, and tonight refused to discuss the meeting. Johnson, however, volunteered the information that negotiations for the sale of the New York team would be resumed tomorrow.

Colonel Ruppert, when asked if he had come to any conclusion regarding the purchase of the New York team, said:

"I shall not start with a full team and try to make a pennant winner out of it. I have made up my mind what to do, if it is agreed to give me five new players and a manager. As to the Federal league proposition, I am not considering it at all. If I go into baseball, it will be with the Yankees."

**MOHA NOT GUILTY OF INTENTIONAL FOUL. BOARD'S DECISION**

**Milwaukee, Wis., Dec. 18.**—The Wisconsin boxing commission today decided that Bob Moha was not guilty of an intentional foul in his bout with Mike Gibbons at Hudson, Wis., recently. Moha was disqualified in the second round by Referee Duffy for fouling Gibbons and the Hudson Boxing club refused to pay Moha his end of the purse. At the hearing today the referee did not believe that Moha was guilty of a deliberate foul and in a sworn statement Mike Gibbons said the same thing.

**Hyatt Sold to Cardinals.**

DAUGHTER CALLED  
AS A WITNESS AT  
FATHER'S TRIAL

William V. Cleary Overcome, When Widow Whose Husband He Slew Comes Into Courtroom to Testify.

**New York, Dec. 18.**—The jury in the trial of William V. Cleary for the murder of his son-in-law, Eugene M. Newman, witnessed a dramatic scene today when the 26-year-old widow, Mrs. Newman, was brought into the courtroom to testify for her father, former town clerk of Haverstraw and prominent in politics.

The father had not seen her since July 22, the day before Newman was shot, while awaiting to tell Cleary that he and Anna were married. As his daughter neared him, Cleary jumped to his feet and reached out to embrace her. The girl shrank from him. He seized her and kissed her repeatedly. As the girl was led, trembling, to the stand, Cleary collapsed, falling on the counsel table. He recovered quickly, however, and fixed eyes on his daughter who did not return his gaze. When she had finished her testimony and again passed by where her father sat, he made no response whatever as she reached out and patted her hand.

Few questions were asked the young widow. The defense, whose witness she was, contented itself with setting her to say that Newman was the father of her child and that she had not told her father or mother of her marriage. Through Mrs. Cleary it was brought out that up to the time he shot Newman, Cleary did not know the boy was his son-in-law.

Mrs. Cleary and her husband had moved his family from Haverstraw to New York in 1911 to escape Newman's attentions to their daughter, but they had kept up a clandestine courtship. She had been told of the marriage by a physician who had attended her daughter a few days previous to the shooting.

When Cleary was taken back to his cell he collapsed and for an hour was under a physician's care. He recovered sufficiently, however, to take the stand in his own behalf at the night session.

Cleary told how he was affected by the news of his daughter's condition and said he had no distinct recollection of events after he left his house a few hours after he received the report.

The defense closed by calling Dr. Floyd S. Crego, a friend of its alienist expert. He said the news given to Cleary about his daughter was such a shock that it produced what he termed a sub-conscious or twilight state. He said such action could be temporary or permanent and one suffering from it would be apt to commit an act of violence.

The state called in rebuttal as its expert alienist Dr. Carlos F. McDonald of New York City. After the case had been reviewed in a hypothetical question, Dr. McDonald said in his opinion Cleary was sane at the time of the shooting. This closed the case for the state.

The attorneys will sum up for both sides tomorrow morning. The judge's charge is expected to be delivered and the case given to the jury by noon or shortly afterwards.

DRASTIC RULINGS  
ON INCOME TAX LAW

**Washington, Dec. 18.**—Alimony is fixed income and the person who pays it must withhold any amounts due under the income tax. This decision was announced today by Commissioner of Internal Revenue Osborn, in a synopsis of rulings on the law.

The synopsis makes it clear that while an American woman who marries a foreigner takes his nationality, she cannot claim exemption on property liability to the tax. Salaries of United States judges appointed since the law was enacted are subjected to the tax, as are those of retired judges. The mileage of congressmen is subject to the tax, except that part actually expended in transportation. Fees required by preachers are regarded as part of taxable income. Christmas gifts are not taxable.

## NEGRO LYNCHED FOR ATTEMPTED ASSAULT

**Port Deposit, Ala., Dec. 18.**—Will Jones, a negro, was lynched near here early today by a mob that took him from the county authorities. It is said the negro confessed to an attempted assault on a girl high school student here last night.

A coroner's jury found that the negro came to his death "at the hands of unknown parties."

**Studying Coast Defenses.**  
Washington, Dec. 18.—Led by Assistant Secretary Breckenridge, a special board of army officers of high rank has been in session at the war department for several days studying the state of the coast defenses of the country and particularly the military situation in the canal zone.

## SAM ROBIDEAU GETS WRITERS' DECISION OVER JOE SHUGRUE

**Bridgeport, Conn., Dec. 18.**—Sam Robideau, of Philadelphia, and Joe Shugrue, of Jersey City, lightweights, fought fifteen fast rounds here tonight, and a majority of the newspaper writers gave Robideau the advantage by a eight margin. Robideau had the advantage in six rounds and Shugrue in four, with the others even. Shugrue weighed 134½; Robideau, 134½.

**Tennis Ranking List Approved.**  
New York, Dec. 18.—The annual ranking list was approved at the meeting of the executive committee of the United States National Lawn Tennis association here tonight. A. L. Hoskins, vice president, Philadelphia, said he regarded the work of the ranking committee, F. C. Inman, W. L. Paley and W. M. Hall, as the best piece of tennis work done in this country. The list will be issued in a few days.

## BOY WHO WOULD GO TO MOVIE THEATERS IS UNDER PAROLE

**Manuel Sanchez, the 10-year-old boy who stole toys and sold them to women so that he might go to motion picture shows, was added to Judge Craig's roll of juvenile paroled yesterday morning. Sanchez is expected to bring a boy companion with him when he reports.**

Patrolman Guevara found Sanchez with a doll stolen from the Leader. Another boy who was with him ran. This is the youth that Judge Craig is anxious to meet. The patrolman found a cap on the ground, evidently dropped by the fleeing youngster. Sanchez said it was stolen from Julian Dreyfus store.

**Charles Bonbright, son of Mayor Bonbright, was taken ill with acute appendicitis last night at the Santa Fe ticket office. He was taken to St. Joseph's hospital. He has been in the ticket office during the absence of O. J. Olin.**

## BRITISH NOBLEMAN KILLED IN BATTLE

**London, Dec. 18 (8:35 p. m.).**—The name of Captain the Hon. Henry Lyndhurst Bruce, of the Royal Scots guards, appears in tonight's list of officers killed in action.

Captain Bruce, who was the eldest son of Lord Aberdare, married in 1906 Camille Clifford, an American actress, whom he met while she was playing in an American musical production in London.

Early in November, Captain the Hon. H. B. Bruce of the Argyll and Southernland Highlanders was reported killed and as there was no officer of that name in the British army list, it was surmised that Captain Henry Lyndhurst Bruce was meant. The report from London shows this surmise to have been correct.

## POLE UNDER ARREST SAYS HE ESCAPED FROM STATE ASYLUM

**Mike Petoskey, a Pole, arrested last night by Captain Pat O'Grady, told Chief McMillin that he was an escapee from the Wisconsin asylum for insane. He tore his bed sheets into strips, twisted them in a rope and lowered himself from a second story window, he said.**

Petoskey is charged with stealing a carton of smoking tobacco. He said he bought it. He professed not to understand English very well and while the chief was questioning him he cast inquiring glances in Captain O'Grady's direction as if he expected him to translate the questions into Slavonic.

## KUNZ DECISION IS RESERVED BY POLICE JUDGE

Judge Craig reserved his decision in the Kunz case after hearing attorneys argue the question whether the city has the right to compel the beer agent to take out a wholesale dealer's license, yesterday afternoon.

Judge W. C. Heacock and Harry Cornell represented Kunz, while City Attorney Thomas N. Wilkerson presented the city's side of the case. Counsel for Kunz attacked the constitutionality of the ordinance under which the city would force the payment of the license fee. Their chief objection was to the fact that city and state laws make a different distinction between wholesalers and re-

**Notes.** The distinction is based upon the quantity of sales.  
A recess was taken in the arguments when Judge Pope of the United States district court went to Judge Craig his compliments and asked him to adjourn court while Mr. Cornell attended to a bankruptcy matter in his court.

## GETS ANOTHER CHANCE TO OBEY ORDER OF COURT

Judge Reynolds Decides, However, That W. C. Whitney Must Pay Cost of Contempt Proceedings.

As a result of contempt proceedings heard yesterday in the district court by Judge Herbert F. Reynolds, W. C. Whitney of the firm of Ottosen and Whitney, of Estancia, will have to pay the costs of the proceedings and may have another chance to comply with the court's order to turn over all firm property to J. M. Pickel, the receiver named by Judge Reynolds a week or so ago. Whitney was made the defendant in contempt proceedings because it was alleged that he had failed to turn over property to the receiver. The court so far took cognizance of Whitney's claims as to instruct the receiver to separate those portions of the firm property not covered by the mortgage so far as that was possible and turn them over to the partners, defendants in the original action brought by C. H. Harbison.

M. F. Myers Sued for \$10,596. Sheriff Jesus Romero, trustee under a deed of trust executed by M. F. Myers and Fred Scholle, brought suit against M. F. Myers, R. L. Grose, as trustee, and Olivia C. Greenleaf, asking judgment for \$10,596.10. Scholle holds Myers' note for \$8,500 and several interest notes, according to the complaint. Myers executed a deed of trust to the late Otto Dieckmann, conveying lots 16, 17 and 18, block 2, Baca addition, and Sheriff Romero succeeded Dieckmann upon his death, the plaintiffs allege.

This property is declared to be inadequate. The plaintiffs are informed that Myers is about to close a boarding house and rooming house he conducts on part of the premises. They ask the appointment of a receiver for the rents "pendente lite."

Francis Motion Overruled. Grose and Mrs. Greenleaf are said to have some interest in the premises, but the plaintiffs declare this accrued subsequently to Scholle's.

The First National bank filed suit against Mrs. M. F. Myers and M. F. Myers, asking judgment for \$750. Elias Francis' motion to dissolve the temporary injunction granted upon the petition of the Fernandez company, was overruled by Judge E. L. Medler. Narciso Francis was made a party to the cause and the temporary injunction was declared to be in force against him.

Final judgment was entered in the case of the Fernandez company against Flaviano Savadra. The plaintiff will receive \$5 and costs.

## WHITE SLAVER, WHO TRANSPORTED WIFE, SENTENCED

Judge Pope of Federal Court Sends Oscar Davis to Atlanta Penitentiary for Term of Four Years.

Convicted in the United States district court of "white slave" trafficking, Oscar Davis yesterday afternoon was sentenced to serve four years in the federal penitentiary at Atlanta, Ga. Davis, who was known as "Hum-dinger" in Roswell, brought his wife from Fort Worth, Tex., to Roswell. Her name appeared as Clara Levine on the government records, but it was brought out at the trial that she and Davis had been legally married.

As Judge Pope pronounced the sentence Davis' lower lip quivered. He gave no other sign. The few words of the actual sentence followed a remark by the judge, who regretted bringing sorrow to the wife and multiplying Davis' gray hairs. The prisoner is 30 years old. His hair is shot with the iron of the age.

Jury Out Three Hours. Deputy Marshal J. R. Gafusha stepped forward and took Davis to the county jail at Old Town, where he will remain until Marshal A. H. Haden designates an officer to transfer him to Atlanta.

The jury required three hours to decide the fate of Davis. The twelve left the court room shortly after noon and reported the verdict about 3 o'clock.

Davis' defense was that his wife was running a rooming house at Roswell. Davis arrived there before she did and rented a house for her near the "Redlight" district, according to witnesses. Mrs. Davis occupied the place, they said. This was the place where she had the rooming house, as Davis described it.

Wife Loyal to Davis. Mrs. Davis remained loyal to her husband. She testified for the defense, although she had been brought here by the government for witnesses to identify her.

Inspector, who took depositions from her that she was a native of Russia and that she came to the United States when she was only 17 years old. She came alone. She had no relatives in this country. She worked in factories in the east immediately after her arrival on this side.

United States District Attorney Burkhardt prosecuted Davis. Davis was arrested in Chicago, but resisted his being returned to the federal district of New Mexico. The necessary order of removal was signed, however, after the testimony of residents of Roswell was taken. Davis denied having been there. They said he had been there.

Paul V. Bush Appointed. The court will adjourn today. Judge Pope will hear arguments on motions today and clear up the odds and ends for the term. All the panel excepting the Davis jury was discharged at the beginning of the trial of that case. The twelve remaining were discharged yesterday afternoon.

Judge Pope ruled upon two motions in the Cross and Hardin case late yesterday afternoon. The defendant's motion for a new trial was overruled as was that of the defendants in arrest of judgment. J. M. Cross and E. R. Hardin recently were given a verdict for \$1,420 against R. M. Mattox, et al. of Gallup.

The resignation of Don H. Kedzie as United States commissioner at Lordsburg was accepted and Felix V. Bush was appointed to succeed him.

Fred Sherman, of Deming, was admitted to practice in the court.
