## THE TRIAL OF CZOLGOSZ

The Assassin Pleaded Guilty but the Court Ordered This Plea to be Withdrawn.

### BULLET WAS NOT POISONED

Two Distinguished Alienists Have Examined Czolgosz and Found That He is Sane and Responsible for His Deed—Trial Will be Brief.

Buffalo, Sept. 23.—Leon F. Czolgosz was placed on trial today for the murder of President McKinley on September 6. The trial is in the supreme court of Erie county. Judge Truman O. White presiding.

The various entrances to the building, with the exception of one, were closed and guarded. Squads of policemen were stationed at every landing and in a double line far outside the place to keep back the crowds. No one was allowed to stand on the sidewalk, so at no time was the crowd large. The prisoner was taken to the court room through the "Tunnel of Sobs," under the street from the jail to the city hall. No person was admitted to the court building without a pass signed by the chief of police.

The counsel for Czolgosz—former Supreme Court Justice Loren L. Lewis, and Robert C. Titus and Carleton E. Ladd—saw him again this morning before opening of the court, but he had no more to say than on previous occasions when they visited him.

In view of the fact that the prisoner refuses to aid them, it is not improbable that the entire proceedings may be completed within two days. "The mental condition of the assassin will absolutely be the only defense to be offered," are the words of Judge Titus. As a result of the examination of two alienists, Dr. Carlos T. McDonald and Dr. Allan McLean Hamilton, New York City, the question of insanity is eliminated from the subjects on which the defense can rely for support.

At 10:15, Czolgosz was brought into the court room, surrounded by deputy sheriffs and policemen. He was seated between guards in front of the bar.

District Attorney Penney read the charge against Czolgosz at 10:20, and asked the prisoner how he pleaded. "Guilty," responded Czolgosz, in a low tone.

Judge Lewis addressing the court stated that, according to law, this plea could not be accepted and on behalf of the prisoner asked that a plea of not guilty be entered. The trial then proceeded.

At 10:35 two jurors had been accepted, Frederick V. Lauer, plumber, and Richard J. Garwood, street railway foreman. Henry W. Wendt, manufacturer, was accepted as the third juror. James S. Stuygall, Jr., plumber, was accepted as the fifth juror at 11:32; and eleven minutes later Wm. Loton, farmer, was selected as the sixth. The seventh accepted was Walter E. Everett, blacksmith. Ben C. Ralph, bank cashier, was the eighth. Court adjourned until 2 o'clock.

Assistant District Attorney Haller briefly presented the case of the prosecution to the jury and at 2:55 the first witness was called.

Samuel P. Waldo was accepted as the ninth juror; Andrew J. Smith of Buffalo, tenth; Joachim H. Mertens, dealer in boots and shoes, eleventh; and Robert J. Adams, contractor, twelfth.

Court adjourned at 4 o'clock. **BULLETS NOT POISONED.** Buffalo, Sept. 23.—Chemists who examined the bullets left in the revolver used by Czolgosz when he shot the president, say they were not poisoned.

**ANARCHISTS AT CHICAGO DISCHARGED.** Chicago, Sept. 23.—The anarchists under arrest here go free. At the hearing before Judge Chetlain today the prosecution said there was no evidence against them and agreed to their discharge. A similar action will be taken in the case of Emma Goldman in the lower court.

### A DISASTROUS FIRE.

The Nebraska Insane Asylum Burned to the Ground. Norfolk, Neb., Sept. 23.—The state insane asylum and adjacent buildings, eight in all, were destroyed by fire, which started at five o'clock this morning. There were six hundred patients in the institution at the time, three of whom are missing and supposed to have been burned to death. The loss is almost total. The patients are now quartered in an open field and guarded by local authorities until they can be sent to the Lincoln and Hastings asylums.

The body of Victor Casper was found this morning in the ruins. The dead, injured and missing, as far as known are as follows: Victor Casper, patient, burned to death. Jesperson, patient, severely burned. Kysar, patient, severely burned. Peter Oberg, patient, missing. John McGovern, patient, missing.

## THE SCHLEY COURT OF INQUIRY

Commander Schroeder Makes Some Important Statements Contradicting the Evidence of Admiral Higginson.

### LIEUTENANT COMMANDER HEILNER UPON THE STAND

Washington, D. C., Sept. 23.—The Schley naval court of inquiry met at 11 o'clock. It was authoritatively stated today that the navy department has no intention at present of bringing Admiral Sampson to Washington as a witness nor to participate in any other manner at the inquiry.

Commander Schroeder was recalled and asked if he desired to make any corrections in the official records of his testimony of Saturday. He added the following regarding the remarks he heard Admiral Schley make aboard the Massachusetts on the day of the bombardment of the Colon: "He said when he came aboard that Admiral Sampson would be there the following day. He made that statement in connection with the remark that he was going in to sink the Colon."

Questioned by Captain Lemly in regard to the coal supply of the Massachusetts, he said she had enough on board to have remained on the blockade 29 days. The purpose of this inquiry was to develop what Messrs. Lemly and Hanna considered an error in Admiral Higginson's testimony. He said the Massachusetts could not have remained on the blockade more than 12 days, and then the vessel would have been without coal and powerless to proceed to coal.

Lieutenant Commander L. C. Heilner, who was navigator of the Texas during the Spanish war, was the next called. He said he heard no guns fired when the squadron approached Cienfuegos. To his knowledge no effort was made to ascertain whether the Spanish fleet was in the harbor at that point or to destroy the Spanish works there. Nor had there been any effort to communicate with the Cubans on shore until Captain McCalla arrived on the Marblehead. He told how the fleet proceeded from Cienfuegos to within 20 miles of Santiago.

Commander Heilner described the battle on July 3 of Santiago, so far as the Texas was engaged. He told of the Brooklyn running in front of the Texas, declaring it was the only moment of great danger to the Texas during the entire battle. He said on account of this incident two or three minutes had been lost, and fully three miles lost to the ship. Part of this delay, however, he said, had been caused on account of fault in the ship's blowers, rendering the vessel slow in getting up steam.

At 4 o'clock the Schley court of inquiry adjourned until tomorrow.

### RECIPROCITY WITH CUBA.

President Roosevelt and General Wood Had a Conference Upon the Subject.

Washington, D. C., Sept. 23.—As a result of several conferences between President Roosevelt and General Wood, governor-general of Cuba, it has been determined to negotiate a reciprocity agreement, which will be sent to congress early in December. Cereals and machinery from the United States will enter Cuba at reduced rates, and sugar and tobacco will be the principal Cuban products affected by the agreement.

**Mrs. McKinley Bearing Up Well.** Canton, Ohio, Sept. 23.—There was no change in Mrs. McKinley's condition during the night. She continued to bear up very well. This was Dr. Rixey's statement at ten o'clock. At that time preparations were being made to go for a drive.

## LABOR TROUBLES IN KENTUCKY

The Governor Has Been Asked to Send Troops to Hold in Check the Strikers.

### COAL MINERS OPEN FIRE

Every Able-bodied Man in the County is Being Summoned by the Sheriff to Protect the Coal Mines—Echoes of the Steel Strike.

Madisonville, Ky., Sept. 23.—The governor has been appealed to by Judge Nunn for troops to hold in check the turbulent coal mine strikers as a result of an armed attack by a squad of strikers today. Early today the strikers opened fire on the Reinecke mines from a grove 500 yards off and gradually came nearer. One squad of 25 or 30 strikers stood within 50 yards of the main road and peppered the street. The guard which was patrolling the front row of the miners' houses beat a hasty retreat.

The sheriff is summoning every available able-bodied man in the county. They are being armed and will be placed at the mines to protect the property. No word has been received from the governor in regard to sending militia.

### ALL AT WORK AGAIN.

Pittsburg, Pa., Sept. 23.—The National Tube company issued instructions to its sales agents today to accept all business at prices current before the strike. The company also announced that all its mills are now in full operation.

### TROUBLE AT COLON.

The Colombian Insurgents Have Given Notice of an Attack Upon the Town.

Washington, Sept. 23.—Official advices received by the state department from the United States consul at Colon, say that on the third instant he received from the insurgent commander a letter announcing a contemplated attack on Colon. The letter was sent immediately to the commander of the United States Steamer Machias. The consul informed the insurgent commander by letter that any interference with free transit on the isthmus would be a violation of the treaty rights of the United States, and that this government would act accordingly. Subsequently, upon arrival of a small force of Colombian troops, the insurgent force decamped.

### Sampson Requests to Be Relieved.

Washington, D. C., Sept. 23.—Rear Admiral Sampson requested the navy department to relieve him of his present duty as commandant of the Boston Navy yard October 1, on account of his bad condition of health. Secretary Long granted his request.

### A FLOURING MILL IN TAOS.

Benjamin G. Randall Starts Active Work Next Week to Grind Taos Valley Wheat.

Benjamin G. Randall, a well-known civil and mining engineer, who visited the Taos valley a year ago on mining business, seeing a most excellent chance for the erection and operation of a modern and improved steam flouring plant in the Taos valley, commenced the erection of such a one a few months ago, and now has the plant nearly ready for operation, and expects to start in grinding flour on the first of October. The mill will be driven by a forty horse power steam engine. All machinery is of the best including the latest improvements in the flouring mill line. It has a capacity of 75 barrels per 24 hours, and will consume about 400 bushels of wheat per day. Until next year, Mr. Randall expects to run, but half the time on account of the limited supply of wheat, but in 1902 he believes that he can run the mill to its fullest capacity, as he is promised that an increased acreage of wheat will be put in next year. His best brand of flour will be called "Randall's Best Flour," and his next best "Pride of Taos Valley." Since the burning of the Gussdorf mill, the valley has suffered for the want of such a plant, and it is very gratifying to know that this want will now be supplied. Taos wheat is famous for the making of flour superior to the best flour made in the territory. For many years the Taos valley supplied northern New Mexico with flour, and there is no reason why this should not be again the case.

### ANOTHER MINING DEAL.

The Lone Star in the Macho District Bought by Ohio Capitalists.

J. H. Hemler of Cleveland, Ohio, has just closed a deal for the Lone Star property, which is an extension of the Annie Jones mine in the Macho district, which is being developed by A. E. Gibson and which is attracting much attention. The Lone Star belongs to a group of claims owned by Fortunate Mailluchet in the Macho district, fourteen miles northeast of this city. The claims are owned by Cleveland and Youngstown, Ohio, capitalists. A contract has been let for 100 feet of shaft work, and operations will begin immediately. It is believed that systematic development will prove the Macho to be one of the richest mineral districts in the territory. Several other properties adjoining these mines are being negotiated for and the outlook for successful mining near this place is indeed good.

### Strange Course of Bullet.

One of the strangest things known to medical science occurred to Eddie Comstock, a boy who was shot by a stray bullet at East Las Vegas. The ball went through the hips, penetrated the kidneys and dropped into the bladder, from whence it was passed in the regular channel Friday morning. The boy began to improve at once and his attending physicians believe that he will recover.

## MORE LIGHT ON ASSESSMENTS

A Letter from Las Vegas Which Shows That the Board of Equalization Did Not One an Injustice by Its Recent Action.

### LOW ASSESSMENTS IN THE MEADOW CITY

Special Correspondence New Mexican. East Las Vegas, N. M., Sept. 20, '01.—The stand which the New Mexican has taken in the matter of the assessment of property in this territory for the purposes of taxation ought to commend itself to every honest citizen. The trouble in the matter is that we are largely under a condition brought about by the necessity every man tries to get his taxes down as low as possible. No one man wants to make a patriot out of himself solely at his own expense. When a man makes out his tax return, he generally loans his conscience to someone living outside the jurisdiction and only gets it back after he has paid his taxes.

Now I have heard considerable about the action of the territorial board of equalization in raising the assessed valuation of stocks of merchandise in cities, etc. In order to see just how much this action on the part of the board would affect the taxes to be paid on stocks of merchandise in East Las Vegas, I made a personal inspection of the tax returns for this precinct, No. 29, that being the precinct in which is located the city of East Las Vegas, commonly known as Las Vegas, and not including the old town. The assessment on every dollar's worth of merchandise for the year 1901 in this city is as follows. I have taken the pains to give each man's return, so that everyone in the territory can see for himself just how capable and patriotic our citizens are in the matter of taxes.

The total assessed valuation on all stocks of merchandise in this city is the sum of \$129,308, made up of the following assessments:

Mrs. J. B. Allen \$400, Theodore Armat \$400, A. C. Anderson \$400, Browne and Manzaneros Co., merchandise, \$30,000, bonds, warrants, coupons, \$100, vehicles, \$75, book accounts \$5,000, W. E. Crites \$600, S. A. Clements \$10, Continental Oil Co. \$3,169, H. G. Coors \$5,000, Chaffin & Duncan \$492, J. A. Carruth \$300, N. J. Dillon \$200, P. H. Doll \$1,500, Eslinger & Judell \$1,750, Fox & Harris \$2,500, B. F. Forsythe \$800, M. Greenberger \$2,750, Gross, Blackwell & Co., merchandise, \$30,000, book accounts \$5,000, O. L. Gregory, assignee, drug stock \$1,300, G. A. Gosser \$350, Charles Goldammer \$250, K. D. Goodall \$1,500, F. J. Gehring \$1,000, Graef & Hayward \$1,800, Harris, V. P. Jewelry Co. \$300, W. C. Heidel \$300, Fred Harvey \$500, W. E. Hill \$150, T. G. Mernin \$300, Murphy-V. P. Drug Co. \$1,000, J. A. Murray \$400, William Malboeuf \$150, Mrs. William Malboeuf \$1,000, J. B. Mackel \$1,200, L. H. Manko \$1,000, Mrs. Manca \$200, H. A. Levy & Bro. \$3,000, Amos F. Lewis \$1,000, J. Kenestrick \$500, Portman Drug Co. \$1,500, B. C. Pittenger \$300, Strousse & Bacherach \$400, J. H. Stearns \$2,500, B. J. Symonds \$700, W. H. Seewald \$150, Robert Scrutton \$420, A. C. Schmidt \$2,000, Thomas Sanchez \$100, J. R. Smith \$1,500, R. L. Richmond \$300, Reich & Co. \$1,250, W. W. Rawlins \$100, W. N. Rosenthal \$1,500, Mrs. R. Ryan \$300, Peter Roth \$200, George Rose \$200, Rosenthal Bros. \$2,500, F. Worthington \$250, Mrs. M. J. Woods \$140, Mrs. Clara Waring \$350, Wagner & Meyers \$3,000, Truder & Swallow \$300, Sporelender Boot & Shoe Co. \$2,000, Dunn Bldg. & Sup. Co. \$4,000—Total \$129,308.

Now is the action of the territorial board in making a raise of 10 per cent or 15 per cent unjust?

Fire insurance companies insure up to a three-fourths valuation of the property insured. The stocks of goods and merchandise in this city are insured for over \$500,000 and everyone knows that the insurance carried is not more than half the actual valuation of the property insured. Really had the raise been 50 per cent on this class of property the territorial board would have been nearer a fair valuation for purposes of assessment.

If a man could buy all this property at the valuation returned by the owners, he could set up a department store, sell at one-half the actual valuation, and retire from business in one year a millionaire.

Is there any remedy for this condition of affairs? Yes, there is a remedy, and that is the election of men as assessors all over the territory who have moral courage sufficient to assess everybody as they ought to be assessed. The territorial board is to be thanked for at least taking a step in the right direction.

How much does a 10 per cent raise on the assessed valuation of merchandise in the city of Las Vegas amount to then? The sum of \$12,930.80, which will produce a tax if all is collected, at 4 per cent amounting to \$517.23, of which enormous sum the two firms of Browne & Manzaneros Co. and Gross, Blackwell & Co. will have to pay nearly one-half, leaving about \$300 to be paid by all the other merchants in the city.

It would behoove the Optic to attend to its own knitting. The Optic plant is well considered worth from \$15,000 to \$15,000. Nobody can buy it for that sum. The Optic has a new press worth over \$1,200 and machinery and stock worth over \$35,000 and yet it returns all of its property at the insignificant sum of \$2,250, not 15 per cent of what every one knows is the actual value of its plant. If there are any first-class tax dodgers at large in San Miguel county (Continued on Fourth Page.)

## ANOTHER BRITISH REVERSE

The Boer Commandant Tried to Force a Passage Over the Orange River Last Friday.

### SURPRISE LOVATT'S SCOUTS

The Boers Rushed Into Their Camp and Did Heavy Execution—Among the Killed Was Colonel Murray, a Gallant British Officer.

London, Sept. 23.—Lord Kitchener reports: "Kritzinger, while endeavoring to force a passage of the Orange River near Herschel on Friday, rushed into the camp of a party of Lovatt's scouts, who lost heavily. Lieutenant Colonel Murray and Captain Murray, his adjutant, were killed. I deeply regret the loss of Colonel Murray, who throughout the war led Lovatt's scouts with great gallantry."

### OFFICIAL MATTERS.

### TWO GRAND DIVISIONS.

Important Changes Made in the Management of the Santa Fe Railway System.

H. S. Lutz, agent in this city of the Santa Fe railway system, is in receipt of the following official circular:

"That portion of the middle division, west of Newton, Kansas, will, on October 1st, 1901, be annexed to the western division, and on the same date the line from La Junta, Colorado, to Raton, New Mexico, will be transferred from the western to the New Mexico division. The Atchison, Topeka & Santa Fe railway will be divided into two grand divisions on October 1st, 1901.

The Eastern Grand Division will comprise the Chicago, Eastern, Southern Kansas, Middle and Oklahoma divisions. The Western Grand Division will include the Western, Pan Handle, Colorado, New Mexico and Rio Grande divisions.

C. F. Ressegue, general superintendent, will have jurisdiction over the Eastern Grand Division, with office at Topeka, Kansas.

J. E. Hurley, general superintendent, will have jurisdiction over the Western Grand Division, with office at La Junta, Colorado."

### A Fatal Accident.

H. O. Perry of this city, a well-known mining man, son of Mr. and Mrs. O. F. Perry, met his death in a peculiar manner last week while at work on some mining claims near San Pedro. He was working with a partner after dark, and in going to a nearby well to water his horse struck his forehead against a beam of the frame work over the well causing concussion of the brain. This happened on Wednesday evening and on Friday evening he died. His parents were notified and left on Saturday for Golden to attend to the funeral arrangements. The deceased man was aged 37 years and was unmarried.

### An Apology.

Santa Fe, N. M., Sept. 23, 1901.—Owing to the fact that I have made certain statements which would tend to reflect discredit and injure the character and integrity of Mr. W. E. Marlin, manager of the Santa Fe Champion Base Ball Team, I desire to take this means of saying that what I said was while I was in a heat of anger and too hastily spoken. I have never been treated fairer or better by any one than by Mr. Marlin and will ever hold him in kind remembrance. J. J. HARRIS, Pitcher for Santa Fe Champions, Santa Fe, B. B. Team.

### A Town to be Abandoned.

It is said the town of Catskill, Colfax county, will be abandoned by the Colorado Southern in a few weeks. The track between there and Sopris, Colorado, will be torn up and the Maxwell Lumber Co., at the mountain point discontinue business.

**New Mexico Demands Statehood of the 37th Congress.**

**Of Right and in Justice New Mexico Should Be a State.**

New Mexico's alleged reformers talk like men full of venom and red ink.

Anarchists may abhor murder and assassination theoretically, but in reality they glory and jubilate over an assassination.

President Roosevelt owes considerable to the country, but he does not owe much to the politicians. This is a very desirable situation all around.

One of the troubles with New Mexico's alleged reformers is that every mother's son of them is sore and hot because he does not hold an office.

A daughter of former President Levi F. Morton is to marry a French count. It seems that the opinion of people that Mr. Morton was a level headed American is not as correct as it might be.

It is to be hoped that the Schley court of inquiry will not be drawn out too long. The people are tired of the Sampson-Schley controversy, although the navy department seems to relish it.

President Roosevelt is transacting the routine work of the executive office of the nation like a veteran. And why shouldn't he? There were few presidents before him who entered upon the office of president of the United States with so much experience and preparation.

It is a strong comment upon the stability of the financial affairs of the United States, the firm foundation upon which its prosperity rests and upon the confidence in President Roosevelt that the death of President McKinley under so tragic circumstances did not affect the banking and industrial concerns of the United States to any appreciable extent.

The French-Russian alliance which was so ostentatiously emphasized by the visit of the czar to France may not mean more than the average exchange of courtesies among European nations or it may be of world-wide importance. The future course of events alone can tell whether Russia and France intend to back each other in the game of international politics.

The sympathy of the nation is with those workmen who were discharged by the American Steel Hoop company at Youngstown, Ohio, for honoring William McKinley last Thursday, and in accordance with the proclamation of President Roosevelt refraining from work. Unless these workmen are reinstated, the other employees of the plant will strike and they will certainly deserve to win.

Colorado will experience the doubtful blessing of an extra session of its Populist-Fusion legislature. The revenue law passed at its last session was a masterpiece as far as getting property assessed properly and raising more than sufficient revenue to keep the poverty-stricken state on its feet, but it lacked the vital feature of being constitutional. The task that the extra session will have to wrestle with is to phrase the revenue law in such manner that it will be impossible for corporation and other lawyers to have it declared illegal by the courts.

"Captain John Muller of Santa Fe, treasurer and collector of that county, a personal friend of President Roosevelt, a gallant rough rider, a Republican of integrity of purpose and in whom there is no guile, is being most favorably mentioned for governor of New Mexico."—Las Vegas Record.

As usual, our Democratic-Populist yellow contemporary, is off its base. There is no Captain John Muller in Santa Fe, hence he cannot well be spoken of as a candidate for governor of New Mexico. There is a Captain Fred Muller in Santa Fe, who is the present county collector and treasurer, but who is in no sense a candidate for governor of New Mexico, and who is not spoken of by his friends in connection with that position. This remark is simply to set the optic right, if possible. Considering its character, however, it is not believed that that paper can be set right. Right and the Optic do not speak when they pass each other.

**Cranks Must Be Reformed in Youth.**

It seems cranks cannot be rooted out by punishment or persecution. Men who take their lives in their hand by declaring themselves in favor of anarchy by reviling the martyred president continue to be heard from despite the fact that other cranks guilty of the same foolishness have been harshly dealt with in every part of the country. Education of a moral, Christian character in the schools and churches of the United States will do more to stamp out anarchy and murderous cranks than all the severe legislation that might be devised to punish those people or to keep them out of the country. Cranks prosper in every soil

and in every clime and it is not always the anarchist from foreign shores who is the most dangerous as is shown by the case of Cholera who was born in this country, attended its public schools, one of whose brothers is a veteran of the Philippine war and the rest of whose family is said to be respectable, hard working and patriotic, who although the father and mother are foreign born, are in great sorrow over the dastardly crime of their son. Anarchy should be stamped out wherever it shows its head, but the work to be effective must extend beyond mere legislation that will restrict immigration or that will be harsh to the grown up men and women who brag of being anarchists.

During the past fiscal year twenty-five plats of surveyed townships were furnished to two United States land offices in this territory by Surveyor General Quinby Vance. The Clayton and Roswell land offices received no new plats. That means that but twenty-five townships were opened for settlement, homestead and desert land entries, during the past year. In Oklahoma territory 250 townships were surveyed, platted and opened to settlement during the same year. The difference consists in the fact that the surveyor general in Oklahoma is a public spirited, energetic and efficient officer, whereas the surveyor general in New Mexico is a public spirited, energetic and efficient officer, whereas the surveyor general in New Mexico is a public spirited, energetic and efficient officer.

E. B. Dunn, formerly connected with the United States weather bureau, evidently has joined the ranks of cranks. In the New York Evening Star he comes out with the assertion that the long heated spell of weather in the prairie states this year was caused by the spread of irrigation along the eastern slope of the Rocky mountains.

The facts in the case are that the reclamation of the arid lands would also prove a climatic blessing to the prairie states for it is on the desert wastes of certain portions of the southwest that the hot, dry winds arise in summer and move eastward to punish the states for not having long ago commenced the work of reclaiming the arid west.

Says R. M. Harding, director of the weather bureau in Santa Fe: "E. B. Dunn in the Washington Star, claims that the protracted heated spell which prevailed over the western Mississippi valley during the present season was probably caused by the practice of irrigation in western sections. The theory in brief is that the evaporation from irrigated lands develops an energy sufficient to cause a sort of a dead center to the ordinary progress of atmospheric conditions across the country, and in this way causes a radical change in the climate. This is a blow to the irrigation projectors as sad as it is unexpected—if accepted, which it is not likely to be. Unfortunately for the novel claim of Mr. Dunn it seems to lack the support both of common sense and of scientific knowledge. It seems we would rather take the word of the scientific meteorologists of the government weather bureau on the subject, who claim the theory to be absolutely absurd. Mr. Dunn seems to have attached to a coincidence the weight of a scientific theory."

**President Roosevelt Understands the Situation**  
"The nomination of Governor Otero by President McKinley was a recess appointment and does not hold good under the Roosevelt administration. It is not likely that history will repeat itself in the little governor's case."—Las Vegas Optic.

Again it becomes the duty of the New Mexican to correct its Democratic-Populist yellow contemporary. The recess appointment of Governor Otero holds until the next session of congress and till his successor is appointed and takes office. All recess appointments are in the same category. The Optic may not think so, but history will repeat itself and "the little governor" will succeed himself. This is desired by the law abiding, patriotic and loyal citizens of New Mexico, and is opposed by a small gang of envious, venomous and unscrupulous soreheads and a few yellow sheets, the latter doing so mostly for boodle paid by the gang. President Roosevelt understands the situation fully and will pay no attention to the vaporings, false affidavits and baseless charges made by the gang.

**The Boer Successes.**  
It seems that the victories of the Boers in South Africa were timed to be simultaneous with the presentations of petitions to the president of the United States and the czar of Russia, asking for intervention and an appeal to the international court of arbitration of the South African difficulties. But the Boers in the field were more prompt than their diplomatic brethren in Europe and while the promised victories were won the state papers asking for intervention and arbitration have not yet been presented. There is considerable analogy between the struggle of the thirteen colonies in 1776 and that of the Boers. If history should repeat itself and some European nation become the ally of the Boers, as France did of the thirteen colonies, Great Britain will have to retire from South Africa. It is to secure such an ally that the Boer diplomats are working in Europe and to prevent such an alliance that Great Britain puts up with a good many things in Turkey, China and elsewhere that the British would not endure if their hands were free in South Africa.

**A Profitable Investment.**  
(Las Vegas Record.)  
An investment of \$4,778,984 in irrigation in Nebraska provides water for 2,000,000 acres and has increased the value of the land \$17,000,000. Irrigation seems to be a very profitable investment in Nebraska, and it would prove much more so in the salubrious climate of New Mexico.

**A Noted Pamphlet.**  
(Spring Sentinel.)  
The Bureau of Immigration of the territory has issued a neat 16-page pamphlet on the resources of Colfax county and will be distributed largely in the east.

## A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of those who have learned from bitter experience know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the mouth and throat become sore and the tongue is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison.

This strange poison does not affect all alike; some are more susceptible than others. It is eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency in every case is to complete destruction of the physical system, sooner or later.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently. S. S. S. contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

**OUR MEDICAL** which was established years ago, is doing a noble work in relieving suffering. Give our physicians a short history of your case and get their advice. This will cost you nothing, and what you say will be held in strictest confidence. ## RAPID RAILROAD BUILDING.

The Rock Island Extension Through New Mexico is Being Pushed to Completion.

(Kansas City Star.)

The Chicago, Rock Island & Pacific railroad's El Paso line that will place Kansas City 222 miles nearer Mexico than it is at present, has reached the Canadian river in Texas, where the construction forces have gone into camp awaiting the completion of the gigantic steel truss bridge that is to span the river and a deep box canon at that point. The work marks an era in railroad building in the west due to the rapid pace set by the men at the front. Progress has been made at the rate of from two and one-half to three miles per day. The latest appliances in tracklaying have been used, for it was no easy task to handle the 80-pound steel rails at that rate. Not a yard of steel of lesser weight has been used on the main line or side track and the work has been done so well that actual operation follows two days after the steel gang goes over the ground.

On January 1 of this year the Chicago, Rock Island & Pacific broke ground at Liberal, Kas., with 400 miles of road ahead before a junction could be effected at Alamogordo, N. M., with the El Paso & Northeastern railroad, the southern extension of the same line. The work from Liberal, to Santa Rosa, N. M., was placed under the direct control of the Chicago, Rock Island & Pacific, the parent company with J. H. Conlen, vice president of the Chicago, Rock Island & Mexico, as chief engineer and general manager, while to Santa Rosa the contract was under the name of the El Paso & Northeastern. The eastern end of the line will be completed to Santa Rosa by the first of January, 1902, and as the El Paso & Northeastern has been more or less delayed, the forces of Superintendent Conlen will put in 50 miles of grading to help the southern company, thus completing the 545 miles between Kansas City and El Paso by March 1, 1902.

The completion of the Rock Island route will put Kansas City 222 miles closer to the Rio Grande than it is now by the Santa Fe system. There will also be a saving of fifteen hours in time. Again the El Paso route will shorten the line between Los Angeles and Kansas City 40 miles over the Santa Fe while the building this fall of the new Missouri cut-off between Trenton, Mo., and Belknap, Ia., will give the Rock Island an advantage of eighteen miles over competing lines between Chicago and Los Angeles. The building of the Rock Island-El Paso road will make a new transcontinental system. Tomorrow the Rock Island will begin to run trains to Lawton, Ok.

**MAY BE CONFISCATED.**  
The United States Government Will Protect the Prehistoric Ruins. (Rocky Mountain News.)  
It is not impossible that some of the fine collections of Indian pottery ware and various prehistoric relics which eastern scientific institutions have gathered in Arizona and New Mexico may be confiscated by the government. These ancient ruins have been placed in charge of a government officer, and while he is not and cannot be present at each of these ruins, the government's position is that technically these collections have been stolen, and hence can be confiscated. A government agent has made a complete investigation and the report has been sent to Washington. The Field museum collection at Chicago cost \$6,000, and the institution would not take many times that sum for it. These collections have been purchased from relic hunters, and the fact that they can sell their finds has stimulated the vandalism that has destroyed the value of so many of these prehistoric ruins. While it may not be wise or proper to confiscate collections already made and placed in museums where they will be preserved in the interest of science, it is evident that vandalism should be stopped. The continued exploration of these ruins in the southwest should be under the direction of the government in a systematic manner, so as to produce practical results in the effort to gain some knowledge of the peoples and civilizations which once existed on this continent and whose only record is these ruins.

Gentlemen: I write this testimony from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past twelve years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your window on 130th Street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

## Missouri Code Pleading

By Mr. Everett W. Pattison.  
(Author of Pattison's Complete Digest.) Nearly 600 Pages. Price, \$6. Delivered. This Book is a Very Important One for all Lawyers.

It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

**SPECIAL OFFER**—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

# MAN TO ACQUIRE INFORMATION.

The Rector—He is the most thoroughly informed man I know, upon all imaginable topics.

Miss Brown—No wonder. He gets shaved every day at the barber shop.

—Harlem Life.

## Telephoning Across the Ocean.

The mere intimation that it will be possible to telephone across the ocean seems to have aroused great public interest. New discoveries are always hailed with enthusiasm. That is why the last century has been one of such remarkable progress. It has been impossible, however, to discover a better medicine than Hostetter's Stomach Bitters for disorders of the stomach, liver, kidneys and bowels. This medicine has over 50 years of cures to its credit and has rescued thousands from the misery of dyspepsia, indigestion, flatulency, constipation and biliousness. It is a splendid tonic, makes the weak strong, and cures insomnia and nervousness. When you need a medicine for any of the above complaints, do not fail to try the Bitters, as it never disappoints.

## Blessed Sleep.

How blessed the priceless boon of sleep. From care a rest benign and deep. When nature bids to sweet repose And cures each ill that mortal knows. Sleep, priceless jewel that the eye Of poor man wears, though none can buy! But, oh, alas! man wakes to find His wife has learned his inner mind. For secrets he preferred to keep Escaped while talking in his sleep. —Philadelphia Bulletin.

## MOKI TEA POSITIVELY CURES SICK HEADACHE.

Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded. 25 cts. and 50 cts.

For sale at Fischer's drug store.

For the Episcopal church convention at San Francisco on October 2, the Santa Fe will sell tickets to San Francisco and return at a rate of \$38.45 for the round trip. Tickets limited to November 15.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Chippewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of Banner Salve entirely cured it." Beware of substitutes. —Fischer Drug Co.

## "What Dreams Come."

Bobbs—Ole Titevadd is about dead from insomnia. Says he is afraid to go to sleep.

Dobbs—Does he fear burglars?

"No; but the last time he slept he dreamed of giving away money."

—Baltimore American.

B. W. Purcell, Kintnersville, Pa., says he suffered 25 years with piles and could obtain no relief until DeWitt's Witch Hazel Salve effected a permanent cure. Counterfeits are worthless. Ireland's Pharmacy.

## STREET SHOW.

"If I should steal a kiss from you, Pray, pretty maid, what would you do?" With eyelids drooped she murmured: "Well, Until you do, how can I tell?" —Harlem Life.

## Explanatory.

Ethel (aged six)—What does "alphabetical order" mean, Johnny?

Johnny (aged seven)—Oh, that's when ma orders us to mind our p's and q's!—Judge.

"Sorry to trouble you, madam, but your husband fell from a fourth-story window he was cleaning to-day, and—"

"O, my poor husband!"

"Your husband is all right, madam, but he fell so awkwardly that he broke my awning all to pieces, and got away before I could see him. Here's the bill for damages, and you tell him that if he wants to save trouble, he'd better settle it right away."—Chicago Tribune.

## NO RELIEF FOR 20 YEARS.

"I had bronchitis for 20 years," said Mrs. Minerva Smith of Danville, Ill., "and never got relief until I used Foley's Honey and Tar which is a sure cure for throat and lung diseases." For sale at Fischer's Drug Co.

## Merely Temporary.

Bridegroom—I'm afraid we shall look so happy and contented that everyone will know we are just married.

Ulcers, open or obstinate sores, scalds and piles, quickly cured by Banner Salve, the most healing medicine in the world. Fischer Drug Co.

## Too Much for Crismon Gulch.

"Yes," said Broncho Bob, "he was right popular in Crismon Gulch, and we'd have sent him to the legislature, sure, if he hadn't been so keener in expression his opinions."

"He lacked diplomacy?"

"Yes, sir. I don't know when the feeling of Crismon Gulch have been so hurt. He come right out and said he was in favor of puttin' an act on the statute books that 'ud make lynchin' ag'in the law!"—Washington Star.

Charles Roplogie of Atwater, O., was unable to work on account of kidney trouble. After using Foley's Kidney Cure four days he was cured.

For sale at Fischer's Drug Co.

# Strange, isn't it?

"Queer she never got married. She's so capable and resourceful a woman—so earnest and forceful."

"Is she?"

"Oh, yes, indeed. She's the kind of a woman who can look out for herself. Why, she knocked a man down once when he tried to flirt with her, she took a horsewhip to a fellow who spoke of her in a derogatory manner and she drove a peddler four blocks with a mop."

"Yes, yes," he returned, thoughtfully; "it is strange that no one even has seemed to want her for a wife, isn't it?"—Chicago Post.

## His Dream.

"Wh-wh-at is that noise?" gasped Mr. Dunne, sitting bolt upright in bed with terror portrayed on his countenance.

"O Henry!" whispered his wife, "it is a burglar! I know it is!"

"That's very comforting news, my dear," said Henry, relieved, as he lay down; "I thought perhaps it might be the ice collector."—Ohio State Journal.

## Reason for Doubt.

"I'm suspicious of this dish," he said as he helped himself sparingly. "I believe it's an experiment and not properly prepared at that."

"Why?" she asked.

"Well, I understand it was prepared by a woman who spends her time writing receipts at the rate of a dozen a day for a household magazine."—Chicago Post.

## A Full Meal.

"O'Hara wor th' greatest actor Oliver saw."

"He wor?"

"We wor, indade! Phwat did he say whin th' audience bombarded him wid cabbage?"

"Phwat did he say?"

"He towld them to throw corn bafe th' next day awn he'd hov a good meal."—Chicago Daily News.

## The Price of Knowledge.

"I sent away a dollar," she sadly said, "to a party in New York who offered to tell for that amount how to make the guests at summer resorts love your children."

"Oh, did you?" her friend asked.

"What do you have to do?"

"Leave them at home!"—Chicago Record-Herald.

## A Practical Adviser.

Miss Romancie—Oh, I just adore music.

Old Biddle—You play, I believe.

Miss Romancie—Play and sing both. What sort of man ought a woman who loves music to marry?

Old Biddle—Well—er—I really can't say; a deaf one, I suppose.—N. Y. Weekly.

## True to His Word.

"You know you said before election that you were a friend who would divide his last dollar with me."

"That's right," said Senator Sorghum, blandly; "that's right. But it's going to be a good many years before I get down to my last dollar."—Washington Star.

## It Didn't Work.

"You see, it was this way," said the boy. "Pop was warm, and I thought if I dropped a chunk of ice down his back it would cool him off."

"And did it?"

"Geel! No! It made him hotter!"—Yonkers Statesman.

## What You Do to Us.

Our judgment mellow as we age—But 'tis a problem grim. Is it because we're growing sage, Or merely losing vim? —Chicago Record-Herald.

## DECIDEDLY OBLIGING.

"Late again, Jane! You are always behind time. It's no use talking to you. I shall have to get another girl."

"I wish yer would, muther. There'd be plenty of work for the two of us."

## Fees and Fees.

He thought he'd won a fine estate, To hold it all in fee; He thought, but then he guessed again, As he paid his lawyer's fee. —N. Y. Evening Sun.

## Its Possibilities.

Miss Schenckhorn—This novel is absolutely devoid of plot!

Mr. Stuyvesant—Well, then, it should dramatize into a splendid farce comedy!—Brooklyn Eagle.

## Repastee.

He—How do you feel when I beat you at whist?

She—Not quite as bad as you feel when your friend Jenkins beats you at poker.—Ohio State Journal.

## Kept on Giggling.

He—Told her I should kiss her every time she giggled.

She—What was the result?

"Why, she giggled the whole evening!"—Yonkers Statesman.

## Remarkable Woman.

"Mrs. Locker is a remarkable woman, isn't she?"

"Well, she certainly makes a good many remarks."—Brooklyn Eagle.

## PLAYED OUT.

Pull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores are all positive evidences of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Purifier has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee.

# The Secret

Of womanly health would be esteemed as priceless by thousands of suffering women. Each month sees them moaning in a darkened room. At the best they endure pain every day. At the worst the pain becomes torment.

The secret of womanly health is in keeping the womanly organism in a perfectly healthy state. This can be done by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries debilitating drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Women suffering from chronic forms of disease are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly confidential and womanly confidences are guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for Dr. Pierce's Favorite Prescription. There is nothing else "just as good" for womanly ailments.

"I suffered for more than ten years with female weakness of very bad form," writes Mrs. D. Marwood, of Treherne, Macdonald Co., Manitoba. "I used Dr. Pierce's Favorite Prescription and Golden Medical Discovery with good results. I am able to do all my own work now. I do not know how to thank you enough for the kind advice you have sent me by letter. Your remedies did for me more than all other doctors' medicines, and I have taken lots of them."

Dr. Pierce's Pleasant Pellets cure biliousness.

## PREPARING FOR THE WORTH.

Mrs. Newlywed (fearfully)—But you promised to cherish me until death do us part!

Mr. Newlywed (darkly)—And death, I'm afraid, is about to part us, Ethel.

Gwendolyn. I have just eaten a piece of that spongecake you insisted on making yesterday!—Ally Sloper.

Sid Darling, 1012 Howard st., Port Huron, Mich., writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never gripe.

Ireland's Pharmacy.

## SEND ME THEIR NAMES.

Thousands of eastern people will take advantage of the cheap rates to Colorado which the Burlington Route will offer during June, July, August and September.

They are the lowest ever made.

If you have any friends who are talking of coming to Colorado, send me their names and I will have our representatives look them up—furnish advertising matter—reserve berths for them—see that they have a quick and comfortable trip.

Hotel keepers! This is your opportunity. Whenever you receive an enquiry about your resort, send it to me—I will take pains to see that the writer spends the summer in Colorado.

G. W. VALLERY, Gen. Agt., Burlington Route, Denver, Colo.

## Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY.

Gen'l Agent, Burlington Route, Denver, Colo.

(Continued From First Page.)  
ty, it would seem that the business end of the Optic is facile princeps. This advertisement of the tax returning capabilities of the Optic is made simply to show the animus of the letter published in that journal, supposedly written in Santa Fe, relative to the action of the territorial board of equalization.  
In conclusion let me say that there were on deposit in the banks here on the first day of last March nearly \$1,000,000. Not one dollar of this money paid any taxes for not a single cent of it was returned for that purpose. It is safe to say that the personal property in this city of all kinds is returned at about 15 per cent of its actual value and that about 60 per cent of personal property outside of merchandise is not returned at all and no attempt is ever made to make an assessment upon it. FAIRPLAY.

## PERSONAL MENTION

Hon. W. E. Martin returned on Saturday from a trip to Denver.  
Hon. E. V. Chaves of Albuquerque, was among the arrivals yesterday noon.

C. A. Larrazola, Esq., of Las Vegas, circulated among friends in the capital yesterday.

Mrs. D. H. McMillan returned last evening from a visit to her former home in Buffalo.

Special Agent Clive Hastings of the general land office, left for Giorleta this forenoon on official business.

George F. Albright and W. B. Harsh came up from Albuquerque yesterday noon to witness the ball game.

C. W. Allen, one of the publishers of the Optic at Las Vegas, was a visitor in Santa Fe yesterday and today.

Christian Yaeger of White Oaks, a well known mining man, has returned to Santa Fe from a trip to Taos county.

Governor Otero will arrive this evening from Canton, Ohio, where he attended the funeral of the late president.

W. H. Goebel made a bicycle trip to Thornton yesterday by way of La Bajada hill. He made the trip in three hours.

Hon. Thomas Hughes returned to Albuquerque last evening accompanied by his daughter, Mrs. O. C. Watson and child.

District Attorney E. C. Abbott left this morning over the Denver & Rio Grande railway for Taos county on official business.

J. P. McNulty, manager of the turquoise mines of the American Turquoise company at Turquoise, was a visitor in Santa Fe yesterday.

W. H. Farr of Milwaukee, a timber expert, went north this morning to examine some timber tracts and mining property in Rio Arriba county.

He will return in a few days and then will remain for a month or so.

District Court.

In the district court, before Judge McElie, the case of the territory vs. Monico Aranda and Pablo Aranda for violation of the gaming laws was tried. A nolle pro was entered in the case against Pablo Aranda. Monico Aranda pleaded guilty and was fined \$50 and costs. Monico had a license for monte but allowed poker to be played at another table.

A partition suit was filed today by Vicente Fresquez vs. Jose G. Mirabal for the partition of the Rancho del Rio Grande land grant of 91,813.15 acres in Taos county.

The hearing of the case of Summers Burkhardt, trustee, vs. James A. Carruthers et al., was completed before Judge McElie late on Saturday evening. Leave was given to Judge N. B. Laughlin, counsel for the defendants, to file a brief within ten days.

Judge McElie will be engaged this week on supreme court work. After the session of the territorial supreme court next week he will continue the trial of causes in which a jury has been waived.

## A CLOSE GAME.

The Santa Fe Champions Snatched Victory Out of the Jaws of Defeat Yesterday.

The return game of the Santa Fe-Albuquerque series was played yesterday on the athletic grounds of St. Michael's college and resulted in another, the fifteenth consecutive victory for the Santa Fe Champions this year. It was a closely contested game from start to finish and at no time up to the last inning was it anybody's game and but for the costly errors made at critical moments by Albuquerque, the visitors should have won. The support given Pitcher Harris by the infield was the feature, especially the stops by Spencer, Ferron, Alarid and Nowell. Harris did not seem to be as effective as usual but his pitching and the catching of Rounds were also among the features.

On the visitors' side, the battery, Patterson and Pettis, were in good shape and did effective work as did also Voorhees and Helwig in the infield and but for costly errors at first and third bases should have won.

The following is the schedule:

Innings 1 2 3 4 5 6 7 8 9  
Albuquerque 3 0 0 3 0 0 0 4 10  
Santa Fe 1 0 0 2 3 1 0 4 11

Base hits off Harris 10; off Patterson 5.

Struck out by Harris 6; by Patterson 7. Two base hits by Voorhees; three base hits by Ferron two, Voorhees 1; home run, Spencer. Double plays, Ferron, Alarid and Nowell. Alarid, Ferron and Nowell; Pettis and Voorhees; Woodward and Voorhees. Base on balls of Patterson 4; time of game one hour and thirty minutes. Umpire, A. L. Morrison, Jr.

## Difficult Digestion

That is dyspepsia.  
It makes life miserable.  
Its sufferers eat not because they WANT to—but simply because they MUST.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.
