VOLUME 15.

ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, NOVEMBER 16, 1901.

NUMBER 3C8

DYNAMITE USED.

Train Wrecked in State of Pennsylvania.

Portland Mining Company Suit Now on Trial.

State Senator Stranahan, of New York, Promised Fat Office.

LEAVENWORTH PRISON GUARD DEAD.

York, Pa., Nov. 16.—The southwest-bound express of the Northern Central railway, due here at 10:40 p. m., was wrecked last night by a charge of dynamite placed under the tracks near Black River. The train was running forty-five miles an hour when the explosion occurred. The passengers were severely shocked. All escaped injury.

It is believed the object was robbery. A hole was blown in the road bed large enough to bury a man. Where the rails were broken they were cut off as if done by shears. A panic prevailed among the passengers until they were assured the danger was over.

MINING SUIT.

Important Witness in the Portland Mining Company Suit.

Connelville, Pa., Nov. 16.—Mrs. Beatrice A. Steadman, of San Diego, Cal., was an important witness for the plaintiff in the Doyle-Burns mining suit, trying today in the federal court here. She gave her testimony in a remarkably clear way in the face of rigid cross examination by Senator Patterson. She told of going to Cripple Creek with her husband in 1892 and assisting him in working his claim by running a windmill at the top while he worked at the bottom. She testified that she saw Burns and Doyle frequently; the former always referred to her as "my partner," and said she negotiated with Burns for a lease of ground on which to build a boarding house. She objected to certain agreements without Doyle's consent, to which she says Burns replied: "I assure you it will be a great accommodation to both myself and my partner, Jimmy Doyle."

Mrs. Steadman also testified to her husband getting a contract on the Kansas-Texas road, which was given by Burns and Doyle, making all the arrangements. Mrs. Steadman and husband now live in San Diego, Cal. They made a fortune in the Klondike.

A FAT OFFICE.

Collector of New York Tendered to a State Senator.

Washington, Nov. 16.—State Senator A. A. Stranahan, of Oswego, N. Y., after a call upon the president today, made the following statement: "President Roosevelt today tendered me the office of collector of New York with the understanding that I assume its duties on April 1 next. Such an arrangement would permit me to do my winter's work at Albany. The office comes to me absolutely unsolicited, and I may say with cordial concurrence of the president and Senator Platt."

A Guard Dead.

Leavenworth, Kan., Nov. 16.—J. B. Waldrup, a guard at Fort Leavenworth military prison, shot during the mutiny of Nov. 7, died today of his wounds. Twenty-six mutineers now become liable to the charge of murder.

Ruhlin a Quitter.

San Francisco, Nov. 16.—In one of the most unsatisfactory prize fights

ever witnessed in this country, James J. Jeffries proved the victor last night over Gus Ruhlin, the Akron giant, and thus emphasized his right to the heavy weight championship title. In the fifth round of what was to have been a twenty round struggle, Ruhlin wilted and then surrendered to his peer, to the utter amazement and disgust of the assembled thousands. No one was more surprised at the outcome than Jeffries himself, who asserted that while he had defeated one, telling blow in the second round he did not expect to win the victory so easily. Ruhlin's sole explanation of the outcome is that he received a chance blow which utterly disabled him and that Jeffries persisted in fighting him low.

Newton, Kansas, Fire.

Newton, Kansas, Nov. 16.—A disastrous fire, which started in the Newton lumber yard at 10:45 today, destroyed \$100,000 worth of property. The fire was caused by spontaneous combustion of a barrel of tar. J. Stine, an employee, was badly injured by the explosion. The principal losses are by the Newton lumber yard and the Phillips building, occupied by Duff & Duff as a furniture store.

Football.

Special to The Citizen.

Las Vegas, N. M., Nov. 16.—First half: Yale, 13; Princeton, 0. Final score: Yale, 13; Princeton, 0.

Philadelphia, Pa., Nov. 16.—First half: Pennsylvania, 5; Carlisle, 12. Final score: Pennsylvania, 17; Carlisle, 12.

Harvard, Nov. 16.—First half: Harvard, 10; Dartmouth, 6. Final score: Harvard, 27; Dartmouth, 12.

New York, Nov. 16.—First half: Cornell, 4; Columbia, 0.

STONE RANSOM.

Brigands Have Reduced the Amount of a Few Thousand Dollars.

Sofia, Nov. 16.—The brigands who captured Miss Stone and Mme. Tella have reduced the amount of ransom they demanded to 20,000 pounds. Turkish. Coincident with the intelligence is the information that the leaders of the band, if convinced that this is more than Mr. Dickinson will give, would accept 15,000 pounds sterling. Even this sum is greatly beyond the cash at Dickinson's disposal.

Therefore, unless the captors of the missionary further abate their demands, there is no hope of immediate settlement. An agent in touch with the brigands reports that they recognize the name of a notable in kidnapping Miss Stone. They would, however, consider it worse than blunder to release her without adequate ransom. They declare themselves to be not robbers, but patriots performing an obvious task in the interests of a holy cause. The majority of the kidnappers are said to be Armenians, and are directed by a secret committee to execute its decisions.

Editors Go to Jail.

Chicago, Nov. 16.—Judge Haney today passed sentence on Andrew M. Lawrence, managing editor, and H. S. Canfield, reporter, of W. R. Hearst's Chicago American for contempt of court, and committed them to forty and thirty days' imprisonment, respectively, in the county jail.

EDITORS RELEASED.

Judge Dunne has issued a habeas corpus order commanding the sheriff to bring the prisoners before his court. They were confined in jail for only forty minutes. Judge Dunne released them on bonds of \$3,000, pending the hearing on November 25.

Montana Train Robber.

St. Louis, Nov. 16.—The Montana train robber suspect now acknowledged that he is Ben Kilpatrick, 100 or so years old. Both are said to have been members of a gang of train robbers led by "Bill" Carver, who was killed in the spring. Ben Kilpatrick, indicted by the grand jury as "John Arnold," alias Harry Longbaugh, the supposed Montana train robber, was arraigned for the second time before Judge Adams in the United States district court today, and pleaded not guilty.

STRIKEN LONDON.

In a Dense Fog and Heavy Frost.

Negro Robber Shot and Killed at Cripple Creek.

Another Bank Robbed, This Time in the State of Iowa.

THE TELEGRAPHIC MARKETS.

London, Nov. 16.—Twelve to twenty degrees of frost, unprecedented at this time of the year, and a dense fog in most parts of the country, are winding up the week notable for abnormal weather and adding to a long list of casualties occasioned by the recent gales.

Railroad traffic in and around London is seriously dislocated, while train collisions are reported at various points. The most serious was on the London, Chatham and Dover line, where seven persons were injured. All traffic on the river Thames is at a stand still.

The fog south of London is so dense that road traffic is almost impracticable.

A Negro Robber Killed.

Cripple Creek, Colo., Nov. 16.—Henry McQuirter, a negro, was shot and killed at the home of Gilbert Buford, also colored, at 4 o'clock this morning. McQuirter and an accomplice, it is said, entered Buford's home and robbed K. B. Moore, of Denver, colored, a guest of Buford, of \$400, which McQuirter's accomplice got away with. The dead man is from Louisville.

The shooting was done by Buford, who was awakened by noise made by the burglar.

Iowa Bank Robbed.

Spencer, Iowa, Nov. 16.—The Greenville bank, nine miles south, was robbed early today. The vault doors were blown off and the robbers took all the money and papers. The bank is owned by the First National of Chicago. The amount taken is not known, but the damage to the building is \$1,000.

Good to prime steers, \$6.00 to \$7.50; poor to medium, \$3.25 to \$5.00; stockers and feeders, \$2.50 to \$5.25; canners, \$1.25 to \$2.25; hogs, \$3.50 to \$4.50; calves, \$2.00 to \$3.00; sheep, \$2.00 to \$4.00; western steers, \$5.00 to \$6.00.

Sheep—Receipts, 15,000; sheep slow; lambs steady. Good to choice, \$2.00 to \$4.25; fair to choice, \$1.50 to \$3.00; western sheep, \$2.00 to \$3.75; native lambs, \$2.50 to \$4.00; western lambs, \$3.00 to \$4.00.

Corner Market.

Crescent, Colo., Nov. 16.—Dr. A. N. Simpson, corner, was found dead in his office with a bullet wound in the back. He was evidently murdered. No clue.

Active Work on Viaduct.

A. J. Weidley, superintendent of the bridge construction on the Colorado avenue viaduct, was busy engaged yesterday with a force of men unloading the big steel beams which have arrived for the bridge. Several more car loads of steel will arrive next week, and the work of construction will be vigorously pushed to completion. Mr. Weidley has had much experience in bridge building, having been engaged all summer on various contracts in Arizona.

TO SOLVE IRRIGATION.

Experts Will Begin Work on Experimental Plant Next Monday.

Active preparations are being made by Messrs. Perkins and Arnold, the irrigation experts, to commence work next Monday on their experimental plant, which will be located on the mesa a little southeast of the city. The gentlemen have unbounded confidence in the feasibility of their plan and the experiments to be made will be a thorough test as to the extent to which the subterranean flow of water, a strata of which is to be encountered every few feet and underlies the entire valley, can be utilized for irrigating purposes.

Should the experiments be made demonstrate the idea is practicable to the extent the gentlemen believe in, it will result in the incorporation of a private company backed by ample capital to engage in supplying water with which to irrigate hundreds of thousands of acres of land that will thereby be converted into fertile farms and orchards and cause the Rio Grande valley to be known as one of the richest farming countries in the United States.

Specially adapted machinery, the invention of Mr. Perkins, will be used to raise the water from the lower strata, the machinery having the capacity to pump and distribute near

by a million gallons of water each twenty-four hours. While the work to be done by Mr. Perkins and his associate in this section, is referred to as experimental, it is to be said that the principle and system have been applied in other sections, on a smaller scale, and always with highly successful results, and at many places is now in successful operation on fruit and grain lands in California, demonstrating the success of the plan, the extent to which the work of these gentlemen is to be regarded as an experiment is merely to test the efficacy of the principle on a more extensive scale than has been undertaken heretofore.

Deaths.

Yesterday afternoon, at about 1:30, Herbert J. Miller, ten child, his father on West Marquette street of tuberculosis. The deceased was about 27 years of age and had been in Albuquerque several years, coming from Fitchburg, Mass., where his father resided. The body was taken in charge by Undertaker Edwards, and prepared for burial. Pending instructions from his family as to the disposition to be made, the remains will be held at the Edwards parlors.

Mrs. Myra Duncan, colored, aged 30 years, who came to this city from Las Vegas on October 29, died this morning at 7:30 of tuberculosis. The deceased was a native of Fitchburg, Mass., and had been in Albuquerque several years, coming from Fitchburg, Mass., where his father resided. The body was taken in charge by J. W. Edwards and prepared for burial, which will be under the direction of the Afro-American population of this city.

RAILROAD COLLISION.

On Oregon Short Line, With Several Killed and Injured.

Boise, Idaho, Nov. 16.—A collision occurred at 4 o'clock this morning near Orchard, on the Oregon Short Line, between an east bound freight and a west bound helper engine that was backing. The engine of the freight and ten cars were wrecked. Dead—Charles Wallace, head brakeman of freight, who was on the engine.

INJURED—Martin Cosgrove, engineer of the freight, terribly scalded and will die; H. W. Knox, fireman of the freight, right leg cut off and will probably recover; Eph McDowell and Frank O'Hanlon, engineer and fireman of the helper, bruised and cut, not serious.

Cosgrove and Knox were brought to this city. Cosgrove died half an hour after reaching the hospital.

"THE HUTCHINSON."

Yale Students' Fine Dormitory Is Destroyed by Fire.

New Haven, Conn., Nov. 16.—Fire today practically ruined the finest of Yale students' dormitories, "The Hutchinson," erected at a cost of \$200,000. The furnishings and personal effects of 200 or more students were destroyed.

Canal Treaty.

London, Nov. 16.—As far as the British government is concerned, all that remains to be done in connection with the isthmian canal is for Lord Pauncefoot and Secretary of State H. H. Asquith to sign the treaty, which is now before the cabinet.

Retired Army Officer Dead.

Ogdenburg, N. Y., Nov. 16.—Col. W. M. H. Powell, of the United States army, retired, died at Sackett Harbor today. He entered the army as a private in 1861, became colonel of the Ninth Infantry in 1897, and was retired in 1899.

No "Fakes" in St. Louis.

St. Louis, Nov. 16.—Chief Kiple, on order of the board of police commissioners, issued orders prohibiting prize fights or boxing contests in St. Louis.

Good Old Fashioned Sociable.

A jolly crowd of people, old and young, gathered at the home of Mr. and Mrs. Spelley, 412 West Barre avenue, last night, to enjoy a good old fashioned sociable. There were a number of recitations and songs, and a number of different kinds were playing until the revelry was broken by the approach of ladies with steaming hot coffee and cakes. All did justice to the program was a good old fashioned sociable. Every body pulled taffy and had a good time, long to be remembered.

Down With Typhoid Fever.

Signor Buzzi, the tenor with the Rice Opera company, was taken down with typhoid fever at Chifton, and the company had to leave him behind. It is thought he contracted the disease in Boise, as while there he drank very liberally of the water, and the disease was said to be of typhoid fever germs—Lordsburg, N. M.

It was on account of the illness of Signor Buzzi that the Rice company cancelled their date to appear in Albuquerque.

Pat Garrett a Candidate.

The El Paso Herald puts Major Llewellyn in the list of candidates for the El Paso collectorship, the friendship existing between him and the president—his former commander in the Rough Riders—being one of the elements of strength. The Las Cruces Republican is informed that Major Llewellyn says he is not seeking the place. Pat F. Garrett is, however, an avowed candidate—the only one in New Mexico—and by his experience in frontier life, in dealing with smugglers and criminals in general, has exceptional qualifications for the place.

THE POPE.

Hostile to American Occupation.

Fatal Railroad Collision on Oregon Short Line.

Dormitory at Yale College Destroyed by Fire.

CANAL TREATY PARTIALLY READY.

New York, Nov. 16.—A dispatch to the World from Rome says:

The pope addressed a cordial letter to Mr. Chappelle, apostolic delegate to the Philippines, congratulating him upon his enlightened action in favor of religion and civilization. The pope, however, alludes to American occupation in rather hostile terms, calling it "unhappy and revolutionary" which greatly damaged the interests of the church in those distant regions.

**RESTRICTING CONSUMPTIVES.**  
The Western Passenger association  
has refused to deal with the ques-  
tion of providing separate coaches or  
sleepers, or separate apartments in  
sleepers, for consumptives. It is  
certainly a reasonable request and  
one that should be heeded by those  
who have the power to enforce an  
order of this character. Consump-  
tion is contagious, and disease should  
not be allowed to travel in the same  
coaches and compartments with those  
who are healthy. There is no reason  
why, in cases of diphtheria,  
typhoid, smallpox, the plague or  
yellow fever, a great outcry would  
ensue upon the refusal of the railroad  
authorities to make provision for iso-  
lating these diseases from the other  
passengers. As a matter of fact, pas-  
sengers afflicted with any contagious  
disease except consumption would be  
refused accommodation on the trains,  
or hastily removed if found sick of  
those diseases en route.

**FILIPINO SAVAGERY.**  
The first details of the slaughter of  
American soldiers by natives in Sa-  
mar arrived yesterday, and show the  
butchery to have been more atrocious  
even than the cabled accounts repre-  
sented. The Filipinos did not make  
an attack by rushing upon the Amer-  
icans from outside as was inferred  
from the telegram, but were already  
in camp with bolos in hand, for the  
supposed purpose of cutting out un-  
derbrush, under contract, and directed  
by the president of the town. They  
were all about or among the soldiers  
for the pretended purpose of going to  
work, when they began the killing. It  
was the guns of the soldiers, who were  
at breakfast, were overheard on a plat-  
form. It now seems a wonder that the  
force of the Americans escaped. Brave  
deeds were done, and a half dozen  
plucky fellows fought their way to  
where the post colors were and  
brought them away successfully. They  
faced death to save the flag—the same  
stars and stripes which here at home  
are so frequent a sight as to lose the  
force of its significance.

**CONGRESS AND RESERVATIONS.**  
The Denver Republican says that  
Commissioner Hermann of the gen-  
eral land office thinks that the  
denial of the advantage of preserving  
the forests, especially in the arid re-  
gion. Doubtless there is some ground  
for complaint on this score in the far  
west, but there is even more need of  
public enlightenment in the east in  
regard to the obligation of congress  
to protect all forests on public land.  
The greater danger to which moun-  
tain forests are exposed is fire. They  
need protection and for this a large  
force of wardens is requisite. Tick-

Equitable Will Pay the Heirs Event-  
ually \$200,000 for its \$100,-

On a single payment of \$5,000 the  
family of John Rochester Thomas, an  
architect and builder, gets \$225,000 from  
the Equitable Life Assurance Society.  
The family has elected to take \$5,000  
a year for twenty years and then \$100,-  
000 in a lump, rather than \$130,000 in  
a lump now.  
**Paid One Premium and Died.**  
Twelve years ago Mr. Thomas took  
out a \$25,000 policy in the Equitable.  
Last year he decided to take out \$100,-  
000 more in the shape of a 5 per cent  
gold bond, on which he had to pay  
\$5,000 premium.  
The company guarantees its new  
5 per cent gold bonds to be worth  
\$250,000 per thousand and accordingly  
offered the family \$130,000 spot cash  
in gold, or the \$5,000 a year and \$100,-  
000 option. Of course the \$25,000 pol-  
icy was paid at once, making \$25,000  
spot cash, an income of \$5,000 a year  
for twenty years and then \$100,000 in  
United States gold coin.  
While Mr. Thomas's policies were  
not extraordinarily large as policies go  
nowadays, his gain for his family was  
enormous considering the amount  
paid down. In all his heirs will get  
\$225,000 eventually.  
**\$225,000 for \$15,000.**  
On his \$25,000 policy Mr. Thomas  
had paid about \$10,000, so that his  
family set their \$225,000 on a pay-  
ment of \$15,000 in all, or could have  
\$155,000 in spot cash.

# DYSPEPSIA OF WOMEN

Requires Treatment Which Acts in Harmony With  
the Female System.

Letter from Mrs. Wright, President of Brooklyn,  
N.Y., Round Table, Proves this Claim.

A great many women suffer with a form of indigestion or dyspepsia which  
does not seem to yield to ordinary medical treatment. While the symptoms  
seem to be similar to those of ordinary indigestion, yet the medicines un-  
usually prescribed do not seem to restore the patient's normal condition.  
Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by  
derangement of the female organism, and which while it causes disturbances  
similar to ordinary indigestion cannot be relieved without a medicine which  
not only acts as a stomach tonic, but has peculiar utero-tonic effects as  
well; in other words, a derangement of the female organs may have such a  
disturbing effect upon a woman's whole system as to cause serious indiges-  
tion and dyspepsia, and it cannot be relieved without curing the original  
cause of the trouble, which seems to find its source in the pelvic organs.  
As proof of this theory we beg to call attention to the letter from Mrs.  
Wright, of Brooklyn, N. Y., herewith published:

**MRS. MAGGIE WRIGHT.**  
"DEAR MISS PINKHAM:—For two years I suffered more or less with  
dyspepsia which so degenerated my entire system that I was unfit to  
properly attend to my daily duties. I felt weak and nervous and nothing  
I ate tasted good and felt like a stone in my stomach. I tried sev-  
eral dyspepsia cures, but nothing seemed to help me permanently. I  
decided to give Lydia E. Pinkham's Vegetable Compound a trial, and  
was happily surprised to find that it acted like a fine tonic, and in a few  
days I began to enjoy and properly digest my food. My recovery was  
rapid, and in five weeks I was a different woman. Seven bottles com-  
pletely cured me of more than five years of trouble. I have used it since."  
—MRS. MAGGIE WRIGHT, 12 Van Vorst St., Brooklyn, N. Y.

**How a Serious Tumor Case Was Cured.**  
"DEAR MISS PINKHAM:—Some time ago I wrote you that my regular  
physician had made an examination and told me I was afflicted with a tumor  
in my womb. I had backache, headache, bearing down pains and very pro-  
fuse menstruation. My limbs would ache so I could not sleep and I was  
weak and nervous. I was bloated from my head to my feet. After reading  
your letter I took Lydia E. Pinkham's Vegetable Compound and  
Blood Purifier, and followed all the rest of your advice as near as I could,  
and the tumor was expelled in pieces, and I regained my natural size. I con-  
tinued taking your Vegetable Compound for a while longer and felt like a  
new woman. I cannot thank you enough for your kind advice and what your  
medicine did for me. It certainly saved my life." —MRS. FRANK S. WILLIS,  
Vershire, Vt. (March 11, 1901.)

It would seem by these statements that women would save time  
and much distress if they would write to Mrs. Pin-  
ham as soon as any incipient illness appears. Her  
advice has put thousands of women on the right road

**DEMING NOTES.**  
Quiet in Railroad War-Oil Com-  
panies Enthusiastic-Building  
Telephone Line.  
BLOCKING OUT BUILDING LOTS.

**Special Correspondence.**  
Deming, N. M., Nov. 14.—All is  
quiet in the rival railroad camps to-  
day, both sides awaiting the decision  
of the court at Las Cruces Friday.  
Early Wednesday morning a Mexi-  
can coal shoveler, working at the  
Southern Pacific coal house, received  
severe injuries by being crushed be-  
tween two coalers of two freight  
cars. Both hips were badly crushed  
and internal injury is feared. He  
died.

The El Paso Telephone company, of El  
Paso, has commenced the work of set-  
ting up poles on the streets of Dem-  
ing. Two trunks will be run to the  
Playwood Hot Springs country and  
one to the El Paso company. The El  
Paso company had thirty days to  
complete the work and has been creat-  
ing poles within the last three days  
of its time allowance. The El Paso  
company has all its machinery and  
materials here now and the work will  
probably go ahead rapidly from this  
date. There is some talk of the com-  
bination of the two companies, but  
nothing definite has yet been decided  
upon.

The El Paso parties interested in  
the Luna county oil fields, of which  
Mr. O'Brien is the head, have let a  
contract for boring an eighteen hun-  
dred foot well on their property. Mr.  
Hale arrived Tuesday with all his  
equipment ready to go ahead with  
his equipment. The machinery is now  
all on the ground and work is expect-  
ed to begin before the end of this  
week, and we confidently predict a  
big oil flow before many weeks are  
past. Experts from all over the  
country pronounce the indications  
here the best they have ever seen,  
and something should certainly come  
of it. There is a movement on foot  
to combine the Deming and El Paso  
interests in oil here, and this may  
be decided on at the next meeting  
of the two companies, with mutual  
benefit.

The Deming Real Estate and Im-  
provement company is now going  
ahead blocking out their property in  
the town. This work was interrupted  
several weeks ago on account of the  
strike of the Deming Telephone com-  
pany. George R. Brown, president of  
the company, is now in the city, being  
called away on Grant county official  
work. The company has now almost  
completed a fine prospectus and  
is ready to issue a policy large as  
any other in the state, showing the  
good points of the town and country  
hereabouts.

There is a well defined rumor, with  
which needs more than a probability  
for its foundation, that a new rail-  
road is to be built from Phoenix,  
Arizona, to connect with the Santa  
Fe at Deming. This would be a  
great road, and will give this town a  
high status as a railroad center, and  
added to the natural advantages of  
the place should soon place Deming  
in the position of the metropolis of  
New Mexico.

The Tevis Ranch company, "Di-  
mond A." shipped 1,000 head of cat-  
tle from here to Bakersfield, Cal., last  
Tuesday.

**FLAGSTAFF.**  
From the Gem.  
The deer season opens tomorrow.  
Only bucks may be killed for the next  
thirty days.  
Flagstaff has three barber shops,  
and yet a few men persist in wearing  
long hair and a full grown beard.  
Flagstaff has three dozen marriage-  
able ladies, and still some men con-  
tinue to wear single harness.  
Most of the family horses belonging  
to people in this vicinity were taken  
north last Monday for the winter.  
A party of engineers are making  
surveys for the Santa Fe railroad  
company in order to widen their road  
bed to fourteen feet on top.  
Three hundred and fifty persons vi-  
sited the Grand Canyon last Sunday.  
This is the largest number that ever  
visited this great wonder in one day.  
Fifty men are now employed at the  
Last Chance mine in the Grand Can-  
yon. Sixty pack animals are used to  
pack the mineral from the mines to  
the rim of the canyon.  
The water supply in the town re-  
servoir is increasing and will soon  
be sufficient for everything. This is  
good news for the railroad people,  
as Flagstaff furnishes the railroad  
with the best water on their entire  
line.

been troubled a great deal with back-  
ache. I was induced to try Foley's  
Kidney Cure, and after taking only  
one bottle, I feel like a new man. I  
recommend it to anyone, especially my friends  
among the train men, who are usually  
similarly afflicted. Alvarado Phar-

the acts. It is the laughing success  
of the season; a show that will bring  
on up the aged and bring laughter  
to the careworn; an avalanche of wit  
and humor; pleasing songs and  
dances and refined entertainment and  
up-to-date.

**Modern Surgery Surpassed.**  
"While suffering from a bad case  
of piles I consulted a physician, who  
advised me to try a box of DeWitt's  
Witch Hazel Salve," says G. E. Car-  
ter, Atlanta, Ga. "I procured a box  
and was entirely cured. DeWitt's  
Witch Hazel Salve is a splendid cure  
for piles, giving relief instantly, and  
I heartily recommend it to all suf-  
ferers." Surgery is unnecessary to cure  
piles. DeWitt's Witch Hazel  
Salve will cure any case. Cuts, burns,  
bruises and all other wounds are also  
quickly cured. Beware of cheap  
counterfeits. B. Ruppe, Cosmopolitan

**Adolph Blumer, Grand Mound, Ia.,**  
writes: "I have used Foley's Honey  
and Tar in my family and I think it is  
the best cough cure on the market. I  
would not be without it in my house,  
as there is nothing so good for coughs  
and colds. Alvarado Pharmacy."

Messrs. HALL & LEARNARD, Albuquerque, N. M.

Gentlemen:—Your favor under date of October 22nd is received and contents carefully noted. We have booked your order for the several pieces to which you refer in that favor and in regard to this matter, we beg to say: owing to the very large increase in the demands made upon us, we are having a good deal of trouble in making prompt shipments. Our business has grown much faster than we had anticipated and although we are constantly adding new facilities and resources we find it absolutely impossible to keep up with our natural growth.

Strange to say this increased demand has come almost without any effort on our part either by advertising or otherwise. It has come in practically unsolicited and speaks volume for the satisfaction which our piano must be giving wherever it has been placed.

We expect within the next few months to move into much larger quarters, after which we hope that we can give you and all of our other representatives prompt and more satisfactory attention.

Hoping this explanation for our recent tardiness will be satisfactory, we beg to remain, with kind regards,

Yours very truly,

**Our Friends, the Druggists.**

It is a pleasure to testify to the generally high character of druggists, but because of a few exceptions to the rule, it is necessary to caution the public to be on guard against imitations of Perry Davis' Painkiller. See that you get the right article, the genuine, helpful Painkiller that was used in your family before you were born. Don't be taken into buying a substitute. There is but one Painkiller, Perry Davis'.

**Our Friends, the Druggists.**

The Ladies' Aid society of the Lead Avenue Methodist church will give a turkey dinner and supper, Tuesday, November 19, at 215 West Railroad Avenue, next door to the French bakery. A cordial welcome to everyone.
