THE PRESIDENT RETURNS

He Is Cheered by Crowds Along the Line From New Haven to Washington.

A ROUGH RIDER HIS GUEST

A Gracious Act of the President.—He Shakes Hands With the Engineer and Fireman of His Train and Asks to Ride on the Engine.

Washington, Oct. 24.—President Roosevelt and party returned to Washington today. Small crowds gathered along the line from New Haven, and cheered the train as it passed. Captain J. C. Greenway, of the president's Rough Riders and of the Yale 'Varsity nine, came with the president and will be his guest for a few days. On leaving the train, the president shook hands with the engineer and fireman, saying: "I wanted to get out on the engine this morning, but did not know whether I would be permitted to. Now, the next time I take a trip, I want to ride on the engine."

A LOVE SICK COUPLE.

They Took Morphine With the Intent of Suicide.

Denver, Colo., Oct. 24.—Mrs. Nellie Hardier, wife of Phillip C. Hardier, a contractor of this city, is dead of morphine poisoning and William P. Flanders, of Lyons, Colo., a hotel owner, is in the hospital in a very bad way, the cause, "We fixed it up to die together, for we love each other and could not live apart," said Flanders, who is a married man, after the woman was found dead today in his room at the Midland hotel. Should Flanders recover, he will be charged with murder.

Corporations Must Pay Up.

Chicago, Oct. 24.—The tax decision given today by the Illinois supreme court relates to twenty three local corporations enjoying municipal franchises, including traction companies, gas companies and electric companies, whose total capital stock was estimated at \$308,000,000, all of which escaped taxation previously and was likely to be omitted again by the state board, which adjourned last December without assessing this vast amount of property. The decision, it is said, really applies just as well to railroad corporations and every other corporation in the state and may lead to the collection of back taxes.

A Permanent Census Bureau.

Washington, Oct. 24.—It is expected that the census committee of both houses of congress, at the coming session, will consider legislation looking to the establishment of a permanent census bureau.

Two Guns Recaptured.

London, Oct. 24.—Lord Kitchener wires as follows: "Colonel Campbell's column, operating near Siagap, recovered two guns which the Boers captured at Scheepers Nek."

Czolgog's Day of Doom.

Albany, N. Y., Oct. 24.—Leon F. Czolgog, murderer of President McKinley, will be electrocuted at 7 a. m. Tuesday, October 23, in Auburn prison.

THE BATTLE OFF SANTIAGO

Captain Clark of the Oregon Gives a Vivid Description of Several Incidents of That Naval Conflict.

A CONVERSATION IN THE CABIN OF THE NEW YORK.

Washington, Oct. 24.—Every seat in the large room where the Schley court of inquiry is sitting was occupied today. The announcement of the approaching close of the case and the possibility that Admiral Schley would take the witness stand had the effect of increasing public interest.

After Rear Admiral Barker and Captain M. C. Borden of the marines, had testified to incidents in the Cuban campaign, Captain Chas. F. Clark, whose record on the Oregon is the boast of every American citizen, was called as the third witness of the day, and the last witness in Schley's behalf to be heard before the admiral himself should come on.

Captain Clark described the chase after the Spanish ships on July 3, and said he was afraid at one time that the Oregon would have to sustain the concentrated fire of several ships. Just then the smoke lifted and he discovered the Brooklyn. "She was well forward our port beam," he said, "and broadside to the enemy's fleet. The two vessels retained their relative positions approximately to the end of the battle, the Brooklyn steaming near straight ahead, I should judge, and engaging any and all the Spanish ships, the Oregon endeavoring to come to close action with the sternmost one and when she was driven out of action we kept on after the next one."

Clark described the conversation that occurred in the cabin of the New York after the battle of July 3, between Sampson, Schley, and himself. A strange vessel had been sighted, and believed to be a Spanish warship. Sampson told the witness he would have to go after her and the witness, thinking the stranger was a Spanish man of war, suggested that the Brooklyn accompany the Oregon. Then, thinking he had been too forward in making suggestions to the admiral and commodore, he turned to Schley and said: "We knocked out several vessels this morning and can knock out another, can't we?"

"Certainly we can, come on," said Schley. Witness said the commodore was cheerful, and seemed to have approved his suggestion that the Brooklyn accompany the Oregon.

"Can you tell how many ships the Brooklyn engaged when the smoke lifted and you saw her on a westward course?" Clark was asked.

"She must have been engaged with all four."

"Did you see the turn of the Brooklyn?"

"No, sir. I never saw the Brooklyn until I came out of the smoke."

Captain Clark was excused and Rear Admiral Schley called at 2:06 p. m. He was requested by Rayner to relate his conduct in the campaign in a narrative form. He began by relating the particulars of his taking command of the flying squadron at Hampton Roads, "where," he said, "the general plan of the campaign was thrashed out."

He had, he said, explained to his commanders, in a general way, it was his idea "to attack the head and leading ship of the enemy attacking us and concentrate our fire upon her."

"I think the plan was vindicated by the result of the battle some six weeks or two months later," he said.

He related the details of the cruise to Key West and his meeting there with Admiral Sampson. "The admiral was very much worried," he said, "and necessarily so, because his responsibility had been great."

Schley said in the course of his testimony:

"I think Lieutenant Wood did me an injustice when he spoke of my speaking disrespectfully of Admiral Sampson. I used no such terms. There was no reason why I should have done so. I invariably spoke of him as Admiral Sampson, and I do not recall one word of conversation which Wood recites, not one word, and I recollect a good many things very well."

A FATAL TRAIN WRECK.

Thirty-six Passengers Injured of Whom Eleven May Die.

Ottumwa, Iowa, Oct. 24.—The Council Bluffs and Kansas City passenger train was wrecked by the soft roadbed at Exline near the Missouri line this afternoon. Thirty-six passengers were injured, eleven of whom may probably die.

A Loss of \$100,000.

Chicago, Oct. 24.—J. Standish, secretary of the Hammond Packing company, whose plant was practically destroyed by fire at Hammond, Ind., last night, today put the loss at \$100,000 and declared that the inability to fill orders for a few weeks would bring the total loss up to \$1,000,000.

A Trotting Record Broken.

Kansas City, Mo., Oct. 24.—Crescous, at the Kansas City driving park, this afternoon broke the world's trotting record for a mile on a half mile course, making the distance in 2:09¼. The previous record was 2:09½.

A Las Cruces Residence Burglarized. The residence of S. P. Sanford at Las Cruces was burglarized last week while Mr. and Mrs. Sanford were absent. The thieves secured a diamond pin, a fine set of opals, several rings and some silver plate.

DISCIPLINE AT WEST POINT

The Annual Report of Colonel A. L. Wells Speaks of Great Improvements During the Year.

HAZING BEEN SUPPRESSED

The Reforms Are Permanent and the Cadets Have a Higher Soldierly Regard for Their Obligations and Duties.

Washington, Oct. 24.—The annual report of Colonel A. L. Wells, superintendent of the Military academy, says: "The discipline of the corps of cadets has greatly improved during the year and is now in excellent state. This satisfactory condition has been attained by firm adherence to measures adopted during the past three years to create among the cadets a higher soldierly regard for their obligations, in particular those pertaining to hazing. Diligence and discretion on the part of the responsible officers will make these reforms permanent without in the slightest degree marring the perfection of drill, appearance and discipline."

IT CAUSED A SCARE.

Consternation Caused in Great Britain by Bills Passed Prematurely.

London, Oct. 24.—The war office distributed to police officers throughout the kingdom bills ordering all reservists, military yeomen and volunteers to report themselves without delay at headquarters, with a view of active service. These bills are accompanied by letters ordering the bills to be kept in a safe place until telegraphic orders to post them up are received. The police of Lancaster overlooked the letter and posted the bills, causing widespread perturbation.

SANTA FE RAILROAD IMPROVEMENTS.

The Main Line to Be Moved Farther Away Instead of Nearer to Santa Fe.

Despite President E. P. Ripley's letter published yesterday, the talk that the Santa Fe main line would eventually find its way into Santa Fe, can not be denied. The fact that the Santa Fe Central has surveyed a line into the city and that the Lamy branch and the Denver & Rio Grande have found a way into Santa Fe, shows that it certainly is not a physical impossibility for the Santa Fe main line to be moved in this direction. As a matter of fact, however, the Santa Fe Railroad company will change about 12 miles of its track between Glorieta and Thornton several miles further east, which will avoid part of the Glorieta grade and the Apache canon washouts. This may make the Lamy branch line three to five miles longer. It will take six months to complete that work. It stands to reason that the Santa Fe railroad would not go to the heavy expense of making that change if it had in mind the bringing of the main line to Santa Fe.

A WAR RELIC.

It Should Have Been Presented to the Historical Museum at Santa Fe.

Senora Jose Trujillo, living at Lumberton, Rio Arriba county, has sent to the Colorado state collection of war relics in the Capitol building at Denver the sword which her husband carried while serving as a lieutenant of Company D, First New Mexico volunteers. The regiment was commanded during the civil war by Col. Kit Carson. Lieutenant Trujillo was in the battle of Valverde, fought February 21, 1862, and in other actions.

OFFICIAL MATTERS.

NOTARY PUBLIC.

Governor Otero today appointed William M. Taylor of Mimbres, Grant county, a notary public.

PENSIONS GRANTED.

Pensions have been granted to Daniel Carroll, Fort Bayard, Grant county, \$30 a month; James F. McDonough, Fort Bayard, Grant county, \$50 a month; Charles Hoshbach, Fort Bayard, Grant county, \$30 a month; Patrick McLaughlin, Farmington, San Juan county, \$10 a month; John Wood, Mogollon, Socorro county, \$12 a month; Eliza A. Gardner, Red River, \$5 a month.

The Killing at White Oaks.

Further particulars of the shooting and killing of Juan Barreras at White Oaks have been received. It seems that Hartley & Carroll, saloon keepers at Gallo Lake, were in White Oaks and had gone with two married women to a cabin. A few minutes afterwards Barreras appeared, peeped in the window and seeing the object of his wrath, who was one of the women, kicked the door in and started to attack her. Carroll asked him to stop abusing the woman and on his failure to do so, pulled his revolver and shot Barreras dead.

The whole party then fled from the cabin. Hartley and one of the women were arrested the next day, but Carroll and the woman who was the prime cause of the killing have so far eluded capture.

New Mexico Mining Stocks.

At the Boston mine exchange last week 170 shares of Cochiti Gold company stock were sold for \$3.00 to \$4.50 per share. Santa Fe Gold & Copper company stock, 785 shares were sold at from \$4.50 to \$5.75 per share.

A RAILROAD TO BE BUILT FROM COLMOR

A Project Which When Completed Will Do Wonders for the Development of Northern New Mexico.

TIMBER LANDS AND MINERAL WEALTH TO BE EXPLOITED.

Several weeks ago the New Mexican published an item to the effect that Edmund Burke, Esq., a well known attorney of Los Angeles, Calif., who has been visiting in Santa Fe frequently lately, is interested in a project to build a railroad southwest from Colmor, a station on the Colfax-Mora county line on the Santa Fe system as well as in extensive timber land propositions. Mr. Burke saw fit to deny the truth of the item both in the New Mexican and in the Albuquerque newspapers. Now, however, he acknowledges in an interview in an Albuquerque paper, claimed to be authorized, that there is considerable truth in the report. He arrived last evening from Albuquerque and is a guest on the special car occupied by Congressmen J. S. Sherman and L. W. Emerson of New York, and others and which arrived last evening. These visitors are all financially interested in the project which is nothing less than the building of 125 miles of railroad southwest from Colmor to exploit about 500,000 acres of timber land in Mora and adjoining counties. Most of the timber is on private land grants for which Mr. Burke has been negotiating the past two years. There will also be a development of the mining resources of that section of the territory, building of reservoirs and the founding of towns and settlements in connection with this enterprise. Today the visitors already named, together with W. H. Farr, a Milwaukee timber expert, E. L. Phillips, representing the Schlitz brewery interest, Joseph Farr, Henry Casson, sergeant-at-arms of the national house of representatives, H. B. Arney and D. Main are in consultation on their private car and will start tomorrow on an inspection trip of the vast interests they have acquired.

Several of these capitalists are also interested in the construction of a railroad from Needles, Calif., a Santa Fe station, to a point in Utah. This, together with a project only lately broached by the Santa Fe railroad company to build from Gallup north-east to the Chaco Mesa, may mean considerable to the railroad situation in New Mexico and suggests a cut-off from Colmor to Gallup or even to a point in Utah, were it not for the immense mountain masses which would have to be penetrated by such a railroad.

A SWEEPING DENIAL.

Mr. Burke, this afternoon, when asked by a New Mexican representative in regard to the above statement, declared: "It's a pipe dream; I never gave out such a story like that and did not meet an Albuquerque reporter. If there is any definite statement to make I will make it at the proper time. Any premature talk will merely give the knackers a chance."

Mr. Sherman refused to speak on the subject of the above-mentioned project, saying that whatever Mr. Burke said about it received his endorsement. He spoke very pleasantly however for half an hour or more on the progress that New Mexico has made since eight years ago when he last visited the territory.

The progress made by the territory in that time seemed to him wonderful, especially along the railroad lines. Eight years ago he saw no alfalfa fields, very few substantial buildings and today there is progress visible on every side, people seem prosperous and buildings substantial. Mr. Sherman is very conservative on the question of statehood for New Mexico. He believes in making haste slowly in this matter, but declares that if New Mexico can show that it will keep up its present progress and will not retrograde as Nevada has done and can support a larger population than has at present, he would be in favor of statehood.

He believes that in irrigation lies the future of New Mexico. He said that congress will, or at least should, devote part of the appropriations of the river and harbor bill to conservative irrigation enterprises, as irrigation improvements would be more benefit to a larger number of people and the improvements would be more permanent than many of the river and harbor improvements. He referred to the fact that while Colorado was the leading mining state, yet its agricultural products exceed those of its mines and that agriculture is the making and the backbone of permanent prosperity. The speaker also praised New Mexico's wonderful climate and seemed greatly interested in the resources of the various sections of the territory.

Mr. Sherman spoke very highly of Governor Otero, praising him as a cultured, progressive gentleman whose main object is the furtherance of the interests of New Mexico. He was surprised that New Mexico built so beautiful a capitol for \$130,000 when New York spent \$23,000,000 for a capitol that is falling together in parts. His visit to the United States Indian school this forenoon pleased him greatly. He declared that the school and its 340 children are strikingly neat and clean. He believes that the Indian problem will soon be settled by making every Indian self-supporting so that government aid can be withdrawn.

Mr. Sherman is an affable gentleman, whose progressive views and kindly feeling for New Mexico will make him many friends in the territory should he come often to look after the vast enterprises which he and his companions are credited with having in view.

A BIG RAISE IN ASSESSMENT

Chicago Will Add Over \$200,000,000 to the Assessed Valuation of Its Taxable Property.

AN IMPORTANT DECISION

The Capital Stock of Chicago Corporations Should Be Assessed According to a Decision of the Supreme Court of Illinois.

Springfield, Ill., Oct. 24.—The supreme court today affirmed the decision of the lower court in the Chicago teachers' tax case, in which they insisted that the capital stock of corporations should be assessed. This ruling will add over \$200,000,000 to the taxable property of Chicago.

THE ROYAL ARCH CHAPTER.

It Met at Albuquerque and Elected Officers for the Ensuing Year.

Yesterday morning at 10 o'clock Grand High Priest E. Cosgrove of Silver City, called to order the meeting at Albuquerque of the Grand Royal Arch Chapter of New Mexico, of the Ancient, Free and Accepted Masons. Delegates were present from all of the ten chapters which constitute the Royal Arch Chapter. The appointment of the committee on credentials was the first business of the session and was followed by the appointment of various other committees. The annual address of the grand high priest was then delivered. The next order of business was the reading of reports of the various officers, among them the reports of grand secretary, A. A. Keen, grand treasurer, A. J. Maloy, and the report of the chairman of the committee on foreign correspondence. The reports were referred to appropriate committees. A ten minutes recess was then taken after which the reports of the various committees were heard and proper action taken.

At the afternoon session the election of officers for the ensuing year took place, resulting in the following selections:

Grand high priest, Dr. L. H. Chamberlain, Albuquerque; deputy grand high priest, Dr. C. G. Duncan, Socorro; grand king, E. A. Cahoon, Roswell; grand scribe, A. C. Price, Santa Fe; grand treasurer, A. J. Maloy, Albuquerque; grand secretary, A. A. Keen, Albuquerque.

The grand high priest made the following appointments: Grand captain of host, A. H. Harlee, Silver City; grand principal, A. N. Pratt, Carlsbad; grand royal arch captain, J. K. DeHart, San Marcel; grand master of third veil, F. S. Davis, Santa Fe; grand master of second veil, C. N. Blackwell, Raton; grand master of first veil, Marcus Eldred, Santa Fe; grand sentinel, A. M. Whitcomb, Albuquerque.

Live Stock Convention.

A call has been issued for the fifth annual convention of the National Livestock association to be held at Studebaker's theater, Chicago, Ill., on December 3, of this year.

Each state, territorial, county or local range association of cattle, sheep, horses or swine breeders may appoint one delegate for every 10,000 head of stock or part thereof, represented by the members of such organization. The governors of each state and territory may appoint three delegates at large. Each feeders' and breeders' association may appoint one delegate at large and one for every 50 members or part thereof. In counties where there is no regular live stock organization, the county commissioners may appoint one delegate from among the stockmen of said county. Each state or territorial live stock sanitary board may appoint three delegates. Each state board of agriculture or agricultural college may appoint one delegate. Each live stock commission merchants' exchange may appoint one delegate at large and one for each 25 members thereof. Each stock yards company may appoint one delegate. Each railway and transportation company may appoint one delegate. Each chamber of commerce may appoint one delegate for every 100 members. Each dairymen's association may appoint one delegate. Each state irrigation organization may appoint one delegate. Any bona fide stockman engaged in breeding, feeding, trading or handling live stock and not a member of any live stock association, may become a member of this association by the payment of an initiation fee of \$10 and an annual due of \$10.

Governor Otero and Land Commissioner A. A. Keen were guests of Congressman Sherman and party this afternoon and naturally put in a good word for New Mexico and its resources. The party left this afternoon at 5:30 o'clock for Gallup.

THURSDAY, OCTOBER 24.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Assistant Secretary Hackett of the navy department, is to retire from office. Good thing all around.

Pat. Crowe has joined the army of letter writers who have gained fame since General Weyler kept a dozen typewriters busy.

The New Mexico statehood movement is gathering force right along, and that in the right direction. The New Mexican is doing its level best to help this great cause along.

Within the last twenty years the first wife of the late Brigham Young has died about twenty times. It is high time that she would now stay dead for a time.

Even in Washington City things in school matters are not as they ought to be. Recently five school buildings, in the capital of the nation, had to be closed for want of proper heating facilities.

This country is becoming very aristocratic. Mrs. Howard Gould has brought a full blooded poodle pup over from Europe and is now as good as the empress, queens and other ladies of high rank on that effete continent.

A yellow sheet recently started in Atlanta, Ga., has gone the way of all flesh. It would be a great thing for the people of New Mexico were the yellow sheets in this territory to follow suit.

The Hon. Edwin M. Shepard, now running with might and main as Tammany's candidate for mayor, is not the first alleged reformer who for the sake of office runs with the crowd he has condemned for many years.

Germany wants to engage in a tariff war with the United States. All right, let it come, it will be a bloodless fray in which the advantage is with this nation. Germany does seem to need a lesson or two in this matter of commercial intercourse.

The report of Surveyor General Quinby Vance for the year ending June 30, 1901, is in line with his previous reports and shows no surveys, but a lot of money returned to the treasury of the United States. As a non-surveying surveyor general, Quinby Vance is a brilliant success.

Governor Otero will attend the Arizona statehood convention that takes place in Phoenix on the 26th instant. The governor is a hard worker for statehood for this territory and he knows that whatever helps Arizona to statehood helps New Mexico. Facts like this speak for themselves.

The political fellowship as illustrated by the sorehead gang in New Mexico is natural. Tax dodgers, enemies of the public schools, dishonest and corrupt politicians, opponents of the native people, falsifiers and liars, naturally get big under the sorehead gang's political mantle.

The Atchison, Topeka and Santa Fe railway has no intention, for the present, of changing its line in New Mexico so as to place the city of Santa Fe on the main line. This may be presumed as correct; but what the future in railroad building in this territory may bring forth in the next five years is another question.

Assistant Secretary of the Interior Thomas Ryan spent a day in Santa Fe and a day in Phoenix this week. He was on his way to Los Angeles, Calif., on a short vacation. It might be briefly remarked right here that the assistant secretary is a man of very keen observation and a first class judge of human nature.

The anti-administration crowd in New Mexico sees the end of self-government in the territory approaching and is fearful that popular liberty and independence no longer exist in New Mexico. In addition the gang feels that lots of other abhorrent calamities are spreading over the territory. This is very sad to be sure, but the great majority of the people do not seem to mind it after all.

Were New Mexico's land grants assessed at one-half their real value and were the taxes on such assessments promptly collected the entire running expenses of the territorial government would be paid from that source; but when land grants worth \$2 an acre are assessed at 20 cents an acre, then the case assumes a different aspect. It is all against the commonwealth and all in favor of the land grant owner.

Dr. H. M. Thomas, a renowned specialist of Chicago, after discussing the probability of a cure for consumption being found, concludes with: "The best cure for consumption is the prevention of it, for it is easier to stay out than to get out of a case of consumption. New Mexico climate is even better for prevention than it is for

cure and the man or woman anyways disposed towards consumption or weak in constitution, can do no better than to come and live in New Mexico.

Two Friends of the South.

"Pitchfork" Tillman has made some nasty, insulting remarks because President Roosevelt entertained Dr. Booker Washington at the White house. The talk of Tillman is such as any man would resent and which should be punished with a coat of tar and feathers by some of his North Carolina neighbors. No sane man will find any fault with President Roosevelt because he sat down at the same table with Booker Washington. There sat down together on that occasion two gentlemen, one white and the other colored, who are two of the truest Americans born on American soil and two of the best and most intelligent and influential friends of the south now living.

Mr. Washington is the best leader of his people that has come up since emancipation. He is at once the most thoroughly informed and the most sagacious man in the country in regard to all matters in which the colored race is interested or involved. That race constitutes at least one-eighth of the American nation. The president has a perfect right to consult him as to such matters, or as to any others on which his knowledge is valuable. It is not only his right, but his plain duty. In no other way could he prepare his mind so well for the discharge of his own obligations in his high office.

Men Wanted.

Simultaneously with building new warships, Uncle Sam must take some measures to secure men to man those ships already built. Six ships of war of the United States are now laid up for lack of crews to man them. Two others, of the flagship class, the Olympia and the San Francisco, are delayed in going into commission for the same reason. The enlisted force of the navy is now 1,500 below its full authorized strength, but even if these 1,500 men could be secured there would not be sufficient. Secretary Long will ask the coming congress to give him 3,000 more.

There are several reasons for this lack of recruits for the navy. One is the decline in the merchant marine of the United States and the coming congress may remedy that with a ship subsidy act. The other is that the social distinction made between the sailors and officers are grinding to a free born American citizen who believes himself as good as any other man physically, mentally, morally and above all socially. The United States gives better pay, more wholesome fare and larger liberties to its sailors than does any other nation, yet these are not sufficient to attract strong, able young men to the service in the numbers in which they are needed. The other opportunities which this great nation offers to able and industrious young men are far better than those it offers on the sea where even many years of faithful service end but a poor reward and the man who has served thirty years before the mast is paid less and is regarded the social inferior of the stripling who has just graduated from Annapolis academy. A remedy is difficult to find unless it be by strengthening the merchant marine and drawing all recruits from it or by being satisfied to enlist an inferior class of foreigners.

Clumsy Tax Dodgers.

The state of Mississippi, which has less than half the area of New Mexico, and about four times the assessed valuation of this territory, complains of tax dodgers. Says a special telegram from Jackson, the capital of Mississippi: "Wholesale fraud by people in reporting their property for assessment is strikingly shown in the recapitulation of the personality assessment roll just completed in the auditor's office. Incidentally, even the most cursory glance at the totals, which have just been figured up, shows that the state, according to the sworn returns of the tax payers, is the most poverty stricken in the union from the standpoint of personality. According to the statistics there is only \$92,351 worth of jewelry (New Mexico assessors do not return \$90,000 worth altogether) in Mississippi, and the assessment may be safely ventured that there are at least four towns in the state where the value of diamonds alone owned by individuals will be in excess of that sum, (which also can be said of New Mexico). This figure does not include watches, which are reported to number 29,066, and valued at \$428,254. (New Mexico does not report one-tenth as many), an average of \$14 for each time piece, and also an average of about one watch for each fifty of population (at \$14 apiece, Bernalillo county reports only one watch or clock per each 3,200 inhabitants). The pistol totes were also exceedingly shy in their dealings with the assessors, only 7,466 pistols, dirks and bowie knives were found, valued at \$103,338. The total valuation of personal property is \$63,276,436 (in New Mexico it isn't one-sixth as much), and about 25 per cent of the sum, or \$16,072,956 is invested in mercantile pursuits. Only \$6,085,629 is invested in manufacturing (New Mexico assessors do not report one-twentieth as much, although the census credits New Mexico with over \$2,000,000 invested in industrial enterprises in the territory and the census enumerators did not report one-half of the industrial establishments in the territory). The assessors succeeded in finding solvent credits amounting to \$4,322,151, which is probably 5 per cent of the amount actually in existence and locked away in capacious vaults, securely removed from the prying eyes of the tax gatherers." (New Mexico assessors don't find one-tenth of that amount according to their returns.) All this goes to show that there are tax dodgers in other states but that which is called tax dodging in Mississippi would be called super-sensitive tax paying honesty in New Mexico. The dictionary has no word for what Mississippi people would consider what is called tax dodging in New Mexico. Tax dodging is evidently a much finer art in this territory than it is in Mississippi, whose population consists of 66 per cent of poverty stricken negroes, and yet manages to return a total assessed valuation of over \$150,000,000.

"Is God's Good Blessing"

"I feel that God has blessed Dr. Acker with special knowledge to prepare that grand medicine called Acker's English Remedy for Throat and Lung Troubles. It saves children every time when they are attacked by croup.

Every mother should know about it, and I will tell about my experience. I had a darling boy of four years to die with croup. My doctor did all he could, but the child could not be made to vomit. That was before I knew of Acker's English Remedy. After I did hear of it, I got a bottle. When our little eighteen-month-old girl was stricken with croup, I gave her this medicine, and inside of twenty minutes she vomited and was better right away. During the winter she had croup four times, and it brought her through each time all right. I myself, had bronchitis pretty bad, and Acker's English Remedy cured me completely. Before I close, I want to tell you of my neighbor's boy, named Jobe Nana. He had bronchitis, too. He got worse all the time. My husband went over to his house and told him about my case. Then his mother went to town, got a 50-cent bottle of Acker's English Remedy, and he took it. He came over to our house a few days later and said he was all right, and also said two doses relieved him from the start. You can understand by my letter why I think so much of Acker's English Remedy. I repeat that God's blessing must surely have been bestowed upon Dr. Acker."

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

Official Proceedings of the Board of Equalization.

SEPTEMBER SESSION, 1901.

FIRST DAY.

Santa Fe, N. M., September 9, 1901.

The board of equalization met pursuant to adjournment at 10 o'clock, for the second Monday in September.

Present: Hons. J. S. Duncan, J. A. Mahoney, Jesus Maria Sandoval, and Venceslao Jaramillo.

Upon motion the board proceeded to organize for the ensuing two years, and on the motion of Hon. J. A. Mahoney, Hon. J. S. Duncan was elected president and Hon. Venceslao Jaramillo was elected secretary of the board.

Upon motion of Jesus M. Sandoval, Jose D. Sena was appointed interpreter of the board.

In the matter of the return of property for assessment by the Atchison, Topeka & Santa Fe railroad in San Miguel county, having been brought to the attention of this board by the District Attorney of San Miguel county, upon the motion of J. A. Mahoney, the following was adopted and entered of record, to wit:

"It appearing to this board that the Atchison, Topeka & Santa Fe Railway company by its schedule of property for taxation in the County of San Miguel in the Territory of New Mexico, for the year 1901 has returned for such taxation certain property at a less valuation than was fixed for said property by the territorial board of equalization at its meeting in January, 1901, namely, the hotel and passenger depot at Las Vegas, New Mexico, returned for \$10,875 instead of \$14,750, the value fixed therefor by said board of equalization, and the superintendent's house at Las Vegas, at \$750.00 instead of \$1,250, the value fixed therefor by the board of equalization.

"It is therefore ordered that the items aforesaid be raised as follows, namely: The said hotel and passenger depot from \$10,875 to \$14,750, and the superintendent's house from \$750 to \$1,250, and that as so raised the schedule of the Atchison, Topeka & Santa Fe Railroad company, be, and it is hereby approved: And it further appearing that the board of county commissioners of said San Miguel county, sitting as a board of equalization at Las Vegas, New Mexico, in said county improperly and without jurisdiction so to do, changed the valuation of the property of the said Atchison, Topeka & Santa Fe Railway Co. from the value placed thereon by this board at its January meeting by raising the value thereof. It is therefore ordered that the action of said board of county commissioners of San Miguel county and the proceedings of said board had therein whereby the value of said property was increased and raised as aforesaid to a figure higher than that placed thereon by the board at its January meeting be and the same is hereby reversed and vacated, and it is hereby ordered and directed to revise and change the assessment roll of said San Miguel county for the year 1901, in conformity with this order, and shall enter said schedule of the Atchison, Topeka & Santa Fe Railway company, upon said tax roll as it was returned and filed by said railway company, viz: The hotel and passenger depot at Las Vegas, from \$10,875, returned by the Railway company, to \$14,750 the value as fixed by this board at its January meeting, and the superintendent's house at Las Vegas, from \$750 returned by said railway company, to \$1,250, the value fixed thereon by this board at its January meeting."

In the matter of the appeal to this board of Mrs. R. G. Englewood, appeal from the action of the board of county commissioners of the County of Colfax, the matter was fully placed before the board and after hearing arguments for both sides, and the board being fully advised in the premises, sustains the action of the board of county commissioners of the county of Colfax in making the raise of \$750. It is therefore ordered that the said raise made by the board of county commissioners of the county of Colfax be and the same hereby is sustained, making the final assessed valuation of the said Mrs. R. G. Englewood at the sum of \$2,100.

The matter of the appeal of the Victoria Land & Cattle company, appeal from the action of the board of county commissioners of the county of Grant, was fully argued before the board and the same taken under advisement.

The matter of the appeal taken by the Territory of New Mexico as to the assessment of Solomon Floersheim from the county of Colfax was fully argued before the board and postponed awaiting further argument in

favor of Floersheim.

The matter of the appeal of Dr. G. W. Harrison, appeal from the action of the board of county commissioners of Guadalupe county, was fully argued and the board not being sufficiently advised took the same under advisement.

In the matter of the appeal of Fred Scholle from the action of county commissioners of Valencia county, was duly presented by Mr. E. W. Dobson for Fred Scholle and postponed awaiting the arrival of the papers of said appeal.

On motion of Mr. Jaramillo, the board adjourned until tomorrow morning at 10 o'clock.

Attest: J. S. DUNCAN, President. VENCESLAO JARAMILLO, Secretary.

SECOND DAY.

Santa Fe, N. M., September 10, 1901.

Board met pursuant to adjournment with the president in the chair. Present as upon yesterday and J. F. Hinkle.

Minutes of yesterday's proceedings were read and approved.

The matter of the appeal of the Philadelphia Mining & Milling company was placed before the board and duly argued by both sides, and after hearing argument and being fully advised in the premises, the board grants the appeal of the said company, and sustains the action of the assessor of the said county, denying the action of the board of county commissioners. It is therefore ordered that the appeal herein of the Philadelphia Mining & Milling company to the extent of \$1,300 is hereby granted and the action of the assessor of the county of Sierra is hereby sustained making the final assessed valuation of the said Philadelphia Mining & Milling company in the county of Sierra in the sum of \$25,415.00.

In the matter of the appeal of W. H. Andrews, appeal from the action of the board of county commissioners of the county of Sierra, the same having been argued before the board by both sides, and after hearing argument and being fully advised in the premises, the appeal is sustained to the amount asked. It is therefore ordered that the appeal of W. H. Andrews from the ac-

tion of the board of county commissioners of the county of Sierra is hereby sustained to the amount asked for by appellant, making the final assessed valuation against said W. H. Andrews in the county of Sierra in the sum of \$6,315.

In the matter of the appeal of the Victoria Land & Cattle company again having come before the board, and the board having heard further argument on the previous day, and being now fully advised, sustains the action of the county commissioners of the county of Grant only to the extent of raising to the amount of 2,350 additional head of cattle this board having been satisfied that the amount of 2,000 head had already been returned for taxation in the county of Luna. It is therefore ordered by the board that the appeal herein is sustained and the action of the board of county commissioners of the county of Grant is rejected to the sum of 2,000 head of cattle, making the final assessment against said Victoria Land & Cattle company in the county of Grant upon the sum of 10,250 head of cattle, only.

In the matter of the appeal of Carlos Casaus, from the action of the board of county commissioners of the county of Guadalupe, the board having heard argument in favor and against, and being fully advised in the premises, sustains the action of the board of county commissioners of the county of Guadalupe, and rejects the appeal. It is therefore ordered that the action of the board of county commissioners of the county of Guadalupe is hereby sustained and the appeal rejected, making the final assessed valuation of the said Carlos Casaus in the county of Guadalupe in the sum of \$15,374.00.

In the matter of the appeal of the Atchison, Topeka & Santa Fe Railway company, the action of the board of county commissioners of Dona Ana county, it appears that the board of county commissioners of Dona Ana county sitting as a board of equalization in and for said county, improperly and without jurisdiction so to do, changed the valuation of the property of the said Atchison, Topeka & Santa Fe Railway company from the value placed thereon by this board at its January, 1901, meeting by raising the value thereof. It is therefore ordered that the said appeal of the said Atchison, Topeka & Santa Fe Railway company be and hereby is sustained, and that the action of the board of county commissioners of the said Dona Ana county, sitting as a board of equalization as aforesaid had therein, whereby the value of said property of the said railway company was increased and raised as aforesaid, be and the same hereby is reversed and vacated; and it is hereby ordered and directed that the assessor and collector of said Dona Ana county be and hereby is ordered and directed to revise and change the assessment roll of said county of Dona Ana for the year 1901, in conformity with this order and shall enter the valuation of the property of said Atchison, Topeka & Santa Fe Railway company in and upon said assessment roll as the same was fixed and established by this board at its January, 1901, meeting.

On motion duly seconded and carried the territorial auditor was authorized to make lists of the cattle and sheep owners in the territory as per the tax rolls for publication.

In the matter of the appeal of the New Mexican Printing company, appeal from the action of the board of county commissioners of the county of Santa Fe, the appeal was sustained on the ground that the clerk of Santa Fe county failed to sign and seal the certificate of proceedings of the board and to send papers in conformity with the rules and regulations promulgated by this board. It is therefore ordered that the appeal of the New Mexican Printing company from Santa Fe county be and the same hereby is sustained making the

final assessed valuation of said company in the sum of \$4,000.

In the matter of the appeal of August Uhlheim of Eddy county, it having been made to appear to this board by the board of county commissioners that the said county commissioners recommending that the said appeal be granted and sustained and their action rejected, it is therefore ordered that the appeal of August Uhlheim, appeal from the county of Eddy, be and the same is hereby sustained, making the final assessed valuation of said Uhlheim in the sum of \$6,500.00.

In the matter of the appeal of Federico Sanchez & Bros., appeal from the action of the board of county commissioners of the county of Socorro, upon the assessment in said county of the sheep owned by said Sanchez, he being a resident of Valencia county, the appeal is sustained the board having found by the assessment rolls of Valencia county that said Sanchez Bros. have reported their sheep in the said county of Valencia in conformity with section 23 of the Duncan Act. It is therefore ordered that the said assessment of sheep against said Sanchez Bros. be stricken off from the rolls of the said county of Socorro, and the treasurer and collector of the county of Socorro is hereby directed to make the necessary change in the assessment of sheep in the name of said Federico Sanchez & Bros. in said county of Socorro, by eliminating the same from the tax rolls of said county.

Upon motion duly seconded and carried, the board now adjourns until tomorrow morning at 10 o'clock.

Attest: J. S. DUNCAN, President. VENCESLAO JARAMILLO, Secretary.

THIRD DAY.

Board met pursuant to adjournment, president in the chair. Present as upon yesterday.

Record of yesterday's proceedings was read and approved.

In the matter of the appeal taken by the Territory of New Mexico from the action of the board of county commissioners of Bernalillo county, wherein in the said board was requested to

A WORTHY SUCCESSOR.

"Something New Under the Sun."

All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure," and is sold at the extreme low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently, and is also wonderfully quick to relieve Hay Fever or Cold in the head. Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dr. D.M.A. Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.

A REQUEST FROM MR. RODEY.

He Desires Every New Mexico Resident to Do Some Work for Statehood.

The New Mexican cheerfully publishes the following request of Hon. B. S. Rodey and expresses the wish that every resident of New Mexico who is in position to do so will accede to the request:

Fellow Citizens: Now that we have had such a splendid and non-partisan statehood convention, which adopted such a splendid set of resolutions demanding from congress our admission to the union, I most earnestly request all of our citizens, who are acquainted with members of either house of congress, or any high official, to at once write such member or official a short letter setting forth briefly our fitness for a higher form of government, and asking him to vote or work for our enabling act at the coming session of congress.

I would like to have about 5,000 letters of this kind go out from the territory in the next thirty days. This is the least any of our citizens can do for his country, and I most respectfully urge that it be done. Oklahoma and Arizona will probably send in thousands of letters of this character and we should not be behind our sister territories in our efforts to obtain our rights. Sincerely yours for statehood, B. S. RODEY.

MINOR CITY TOPICS

The pavilion of the Plaza has been given a new coat of paint.

A meeting of communicant and contributing members of the Presbyterian congregation will be held this evening to act on the resignation of the Rev. W. Hayes Moore.

All citizens having connection with the Palace avenue sewer are requested to turn off their water tomorrow so that certain necessary repairs to the sewer can be made.

It is stated that the dining station at Lamy is to be abandoned and that trains would be so run that breakfast, dinner or supper would be served at Las Vegas or at Albuquerque.

The precipitation yesterday was .08 of an inch. The maximum temperature was 52 degrees and the minimum 41 degrees. The temperature at 6 o'clock this morning was 41 degrees.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years, placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$100.00 for each movement; it is such a relief."
