VOLUME 15.

ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, NOVEMBER 5, 1901.

NUMBER 298

STATE ELECTIONS.

Predictions About Today's Contests.

Weather Is Cold in Most of the States.

Tammany Making Big Fight in New York City.

LIGHT VOTE IN MOST STATES.

New York, Nov. 5.—A drizzling rain was falling this morning and a chill wind swept the streets. The early vote is seriously affected.

Rainy, cold weather was the rule throughout New York state. In many cities voting machines were in use. At Buffalo there were indications of a great deal of scratching. At Syracuse there were several arrests of alleged illegal voters.

Scores of arrests for alleged violations of the registration and election laws were made by the police at the request of state election deputies, but the majority of the men were discharged for lack of prosecution.

ELECTION IN RHODE ISLAND.
Providence, R. I., Nov. 5.—Very little activity characterized the early hours at the polls in the state and municipal elections in Rhode Island today.

OHIO VOTE.
Cincinnati, Nov. 5.—The scenes at the opening of the polls today indicate the ordinary "off year" vote. The weather is fair.

HEAVY VOTE IN NEW JERSEY.
Trenton, N. J., Nov. 5.—The election has been the hardest fought in New Jersey for many years and reports indicate a heavy vote.

QUIET IN KENTUCKY.
Louisville, Ky., Nov. 5.—About the only important doubtful contest in Kentucky is that for mayor of Louisville. The election is proceeding quietly.

COLD IN IOWA.
Des Moines, Iowa, Nov. 5.—The weather is cold, with every prospect of a light vote in Iowa.

SNOW IN NEBRASKA.
Omaha, Neb., Nov. 5.—The weather this morning was clear, following a fall of snow last night. After the laboring classes voted, the balloting was slow.

COLD IN DAKOTA.
Sioux Falls, S. D., Nov. 5.—Weather is cold and the vote very light.

VIRGINIA IS DEMOCRATIC.
Richmond, Va., Nov. 5.—Indications are that the democratic state ticket is successful.

COLORADO ELECTION.
Denver, Nov. 5.—Weather clear, and all conditions are favorable for a large vote in this city. Special police officers are on duty at the polls. No serious trouble anywhere. The republicans accuse the democrats of attempting to resort to fraud.

MARYLAND POLLS HEAVY VOTE.
Baltimore, Nov. 5.—When the polls

FLUPINO PLOT.

Scheme to Burn and Rob a City.

Scouts Defeat a Band of Filipino Insurgents.

Miss Stone, the Kidnaped American Missionary, is Alive.

FIRE IN PORTLAND, OREGON.

Manila, Nov. 5.—A plot to massacre the American garrison at Monaca, province of Tarlac, island of Luzon, has been revealed by the wife of one of the conspirators.

Several town officials are implicated in the murderous scheme. The woman, who revealed the plot, hid a detective under the house in which the leaders of the conspiracy were meeting. Arrests followed and many incriminating papers were secured.

The plan was to fire a house close to the barracks after dark, and when the soldiers came out to assist in extinguishing the flames, the conspirators, armed with bolo, were to rush on the guard, capture the arms and massacre the garrison.

Commissioner Wright today took the oath as vice governor. He will be acting governor during the convalescence of Governor Taft.

The United States commission today passed treason laws.

Four native police officers were killed yesterday at Bay-Bay, island of Leyte.

President Voted.
Oyster Bay, Nov. 5.—President Roosevelt voted here today and then returned to New York.

President in New York.
New York, Nov. 5.—The president arrived here from Oyster Bay at 10 p. m., and went to the home of his brother-in-law, Douglas Robinson.

SCHLEY INQUIRY.
Argument Begun in the Celebrated Case.

Washington, Nov. 5.—Mr. Hanna continued his argument when the Schley court convened this morning. After briefly referring to the retrograde movement, the discussion which he entered upon yesterday, he took up the question of the coal supply of the dying squadron, and from there went on to the discussion of the blockade of Santiago and the reconnoissance of May 31, when the Spanish ship Colon was bombarded as she lay in the harbor of Santiago. He spoke in dispassionate terms, and generally contented himself with outlining his conception of the purport of the testimony.

Forest Fires.
Pittsburg, Nov. 5.—The heavy fall of rain last night checked the destructive mountain fires which threatened Dunbar.

Body Found in a Barrel.
Chicago, Nov. 5.—Today a man whose head was severed from his body was discovered in a flour barrel on Prairie avenue near Western avenue. The victim was identified as Antonio Napi, who, with twenty-five other Italian laborers, reached Chicago last night from Iowa Center, Iowa. The chief of police believes that he was the victim of some vendetta.

Trains Collide.
Chicago, Nov. 5.—A head-on collision between a freight train and the Burlington fast mail occurred at Riverdale today. William Kelly, conductor of the freight train, was killed, and several other men were injured. The collision was due to a fog.

Lost—Between the Economist and depot, ring set with two small diamonds. Finder please return to Citizen office and receive reward.

Episcopal Bishop.
St. Paul, Nov. 5.—Rev. Samuel C. Edholm, the past three years missionary bishop of North Dakota, was formally installed as head of the Protestant Episcopal diocese of Minnesota at Christ church today.

Wool Market.
Boston, Nov. 5.—The feature of the wool market was the heavy purchases made by leading manufacturers.

Brought to Hospital.
The morning train from the west brought an injured section hand, by the name of Salto Acosta, who was hurt while working at Williams, Arizona. The injured man was removed to the railway hospital, where, on examination, he was found to be considerably bruised, though not considered seriously injured. He was accompanied to Albuquerque by his wife and three children.

RARE DRAMATIC TREAT.
Hal Reid's Play, "Roanoke," Here November 7.

A dramatic treat is in store for the Albuquerque audience when Hal Reid's beautiful play, "Roanoke," comes to the C. Colombo hall on Thursday evening, November 7. Like the other plays of the company, this magnificent drama tells a story of the sunny south. "Roanoke" tells a story of the most interesting and beautiful manner, but the comedy element running through the play is as natural and spontaneous as though the audience was living and intermingling with the characters of the play. Hal Reid has given to the world dramatic gems in "Human Heart," "Night Before Christmas" and other plays, but in none has he achieved such marked success as in "Roanoke." People who witness the drama will enjoy a rare treat, and those who miss it will miss one of the best things of the season. The company presenting it is an unusually strong one, each member having been engaged for his special fitness for the part.

No Quorum.
The city council failed to meet last night, owing to the fact that there was no quorum present. Mayor Marston has called a meeting of the council for tomorrow (Wednesday) night.

Hunters Have Returned.
Orin Smith, Charles Quier and Fred Raymer, the latter the Chicago base ball player, have returned from their two days' hunt on the ponds about fifty miles south of this city, and it is understood that they brought along almost a wagon load of ducks, geese and some quail, which were divided around among their intimate friends. "Topsy" Hartsell, the other Chicago player who stopped over and agreed to join the hunting party, suddenly got homesick and

BOER VICTORY.

Kitchener Slanders Victorious Burghers.

Labor League Organized in Chicago.

Twelve Deaths from Lock Jaw Treatment in St. Louis.

BIG DIAMOND ROBBERY.

London, Nov. 5.—Lord Kitchener, in his report giving further details of the recent engagement near Brakenlaage, eastern Transvaal, between General Buller's column and the Boers, says:

"The Boers were unable to remove the guns they had captured until a British ambulance went out, when, under cover of the ambulance, the burghers carried them off. The Boer losses are undoubtedly heavy, but no earlier success was obtainable. The Boers were killed and wounded. The Boers are reported to have behaved badly toward the British wounded."

Lord Kitchener further reports that Cape Colony, eastward of the Western railway, is cleared of Boers, with the exception of the Fouché-Mylburg-Wessels command of 400, with which General French is dealing.

Labor League.
Chicago, Nov. 5.—A labor scheme for organization to fight injunctions against strikes was realized by the founding of the Chicago Anti-Injunction league at a special meeting of the Chicago officials of the Federation of Labor last night. A provision for starting a vast sinking fund to wage legal battle in court against the imprisonment of any strikers or picket line, under injunction processes is a notable feature of the new body.

Death from Lock Jaw.
St. Louis, Nov. 5.—The death of a child from tetanus, resulting from the treatment of diphtheritic patients with anti-toxin supplied by the city, occurred today, when little Mamie Kennan succumbed. Her brother, not expected to recover. His death will make four victims of the Kennan family. Two other children are also in a critical condition.

Diamond Robbery.
Cincinnati, Nov. 5.—Early today burglars broke a show window in the Duhring jewelry company's store on Fourth street and stole about \$30,000 worth of diamonds. In their flight they left a trail of diamonds indicating the direction they took. The night watchman, who was on the floor where the robbery took place, heard no noise.

Treaty With Great Britain.
Washington, Nov. 5.—Ambassador Choate, who arrived at Washington last night, called upon Secretary Hay today and had a long talk about the projected Hay-Pauncefote treaty.

Lord Pauncefote, the British ambassador, has notified the secretary of state, that the British government accepts the American proposition relative to the Clayton-Bulwer treaty, as a basis for a new treaty.

NOW HUSTLE.
The Railroad Ward Committees Ought to Get to Work.

After hustling himself for two weeks, and with several other members of the Commercial club committee, the railroad subscription list up to a most respectable amount, Mr. Marron, as stated in The Citizen yesterday, after appointing ward trustees, and it behooves these gentlemen to get a move on themselves promptly and not allow the sale of seats of commerce, the new railroad die-horning. The promotion of Messrs. Andrews, Kennedy, Hopewell, McLaughlin, Saint and others is as fair as any person could really expect, and the good people of this city—the gem of the Rio Grande valley and the metropolis of New Mexico—should see to it that the amount of subscription asked for is subscribed. The ward committees named by Mr. Marron are as follows:

First Ward—John A. Lee, C. C. Hall, D. J. Rankin, Jacob Korber.
Second Ward—J. C. Baldrige, H. E. Fox, Thomas Hughes.
Third Ward—E. H. Dunbar, F. A. Hubbell, H. Spitz.
Fourth Ward—E. E. Sturges, Thomas A. Hubbell, Noa Hild.

They Biffed Each Other.
Two colored business men—one a restaurant keeper and the other a barber—got into a good old-fashioned quarrel yesterday afternoon, which had its terminus in a genuine plantation rough and tumble fight. After seeing the two men about December 1, pummeling each other for a few seconds, friends separated them, and this morning Justice Crawford officiated in the case.

The Hoboes Are Tramping.
No clue to the thieves who broke into and robbed the store of Tom Gould, at Cerrillos Sunday night, was obtained by the police. The men are keeping their weather eyes wide open on two or three suspicious characters, as the thieves may be right here in this city. A lot of tough hobs, the kind of people who never work, but beg and rob, are coming down the Santa Fe road to winter in the city and other southern towns, and housewives are warned in advance to lock their doors and turn loose the bulldogs on these kind of human cattle.

Stuart Robson as Bertie, the Lamb.
Stuart Robson's appearance as Bertie, the Lamb in "The Henrietta," at the Columbus hall Friday night is an announcement of genuine pleasure. No character in modern drama is more genial or laughter-compelling than Mr. Robson's Bertie the Lamb. The eccentric vagaries of this giddy sort of millionaire portrayed as only the peculiarities of the Robsonian methods could do, has made of it a character that will always be welcome to amusement lovers. Bertie, the Lamb, has taken its place beside the noted creations of American comedians—the Lord Dunderbary of Sothens, the Bardwell Sloate of Florance, Colonel Mulberry Sellers of

RAILWAY ITEMS.

Quite a number of engines now in the shops for repairs.

Extra engineers and firemen on the border at the local shops of having new men arriving daily and are put to work promptly at the local shops.

Edward Crum was referred to Topeka. He was a boiler maker at the local shops.

The new time card, as published in advance in The Citizen, went into effect Sunday, November 3.

Frank C. Parquharson, formerly of this city, and now at Topeka, has been charged of the station shops under the new order of things.

Plasterers are still at work on the handsome new hotel and depot. The contractors still have hopes of having the buildings ready for business on January 1, 1901.

After a sojourn of two weeks at Schenectady, N. Y., Clarence Barbydt, one returned to the city and was at work this morning as chief clerk under Master Mechanic Turnbull.

W. S. Hopewell, vice president of the Albuquerque Eastern and Santa Fe Central railway, was here today on business connected with the above railway, passed through the city for Sierra county last night.

Mrs. J. F. Elwood and son are here from New Mexico on a visit to the lady's sister, Mrs. Charles Mossbach and B. O. Young and family. Mr. Elwood, who was formerly employed here, is now the office of Chief Engineer Burns of the Santa Fe Pacific, at Los Angeles.

A mass meeting of the citizens of Santa Fe and vicinity took place last night, to further consider measures of securing of the right of way through that section of San Juan county for the Gulf & Colorado railroad. The railroad company will be treated all right in the matter.

In a private car, President Murphy of the Santa Fe, Prescott and Phoenix railway, was here today on a visit to the east to Phoenix. According to an article in The Citizen yesterday, the Santa Fe proper has absorbed the Prescott and Phoenix railway, and will meet at Prescott on November 24 to ratify the purchase.

The passenger trains from the east last night came in two sections and every coach was crowded. The heavy passenger traffic in the history of the Santa Fe road is now going on. Two sections of the train bearing the American flag, also arrived, and after an hour's visit here proceeded south to Mexico on a tour of inspection. It was a busy night for the two columns who occupy positions at the local ticket office.

Master Mechanic Turnbull has received the following new machines, the new shop additions: Six lathes, one large drilling machine, one large boring machine, two planers, slotting machine drill press, cutting off machine, new key-seating machine, crank pin grinding machine, universal tool grinder, Carpenter shop machines: grinding machine, saphire boring machine, planer knife grinder.

Blacksmith shop, 1200 ton steam hammer. In the boiler shop, a four-rod drill, a big, complicated piece of machinery, has just been received.

BOARD OF EDUCATION.
Pupils Increasing—Coal Bid Accepted—Other Matters.

Last night the board of education held a meeting, there being present President Hanna, Trustees Stevens, Isherwood, Ward and Superintendent Hickey.

The report of the superintendent was a most showing, an enrollment up to October 31 of 1,127 pupils, ten new pupils being enrolled yesterday. Regarding the new building at the Third ward school, in which Misses Fitch and Wilson are the teachers, the report says the building is in as satisfactory condition as could be expected. The superintendent stated that there is a lack of desks in several of the rooms, made so by the constant increase of pupils, and that the board of education is one for prompt consideration. The superintendent stated that the large increase is caused by native children from country towns coming here to attend school and to pay the small tuition.

The school librarian had her report showing that 143 books had been loaned during September, and 209 books for October. The library committee was authorized to revise the list of books and magazines, and to continue such as they see fit.

The bid of W. H. Hahn, to supply the schools with Cerrillos lump and anthracite coal at contract price, was accepted.

The board then adjourned until next Monday, when bills will be read and acted upon.

Will Resume Old Position.
George A. Campbell, who for years was the chief bookkeeper and office assistant for E. J. Post & Co.'s hardware concern, but who recently stepped down and out, expects to resume his old position at December 1, having sent in his resignation as the southwestern representative for the Noavell-Shapleigh Hardware company of St. Louis. The many friends of Mr. Campbell will be pleased to learn that he will soon again be seen in his old position at E. J. Post & Co.'s, under the new ownership.

THE WORST EVER KNOWN.
Heavy Rains Caused Hondo River to Overflow, Submerging Roswell.

As we go to press this morning most of the town is under water from the bill on the south side, north of Fifth street, and portions of the district bordering on North Spring river is submerged in water from six inches to a foot and a half deep. It is the worst flood ever seen in Roswell and was caused by heavy rains falling in the region of frequent intervals last night, beginning about dusk last evening and lasting until 9 o'clock this morning, and causing the Hondo river, running through the southern part of the town, to overflow. Main street is like a large mill race, sidewalks were torn out to prevent buildings from being flooded and street floating down Main street. A number of small buildings with low foundations are flooded and if the rain continues, which seems probable, serious damage may result—Roswell Register.

Attention, Macabees!
Regular review of Albuquerque tent No. 1, Knights of the Macabees, will be held at 8 p. m., Wednesday, Nov. 6, in E. P. hall. All sir knights are requested to attend as business of importance will be brought before the tent. M. O'DONNELL, Commander.

BOER VICTORY.

Kitchener Slanders Victorious Burghers.

Labor League Organized in Chicago.

Twelve Deaths from Lock Jaw Treatment in St. Louis.

BIG DIAMOND ROBBERY.

London, Nov. 5.—Lord Kitchener, in his report giving further details of the recent engagement near Brakenlaage, eastern Transvaal, between General Buller's column and the Boers, says:

"The Boers were unable to remove the guns they had captured until a British ambulance went out, when, under cover of the ambulance, the burghers carried them off. The Boer losses are undoubtedly heavy, but no earlier success was obtainable. The Boers were killed and wounded. The Boers are reported to have behaved badly toward the British wounded."

Lord Kitchener further reports that Cape Colony, eastward of the Western railway, is cleared of Boers, with the exception of the Fouché-Mylburg-Wessels command of 400, with which General French is dealing.

New Mexico demands Statehood
from the Fifty-Seventh Congress.

TUESDAY, NOVEMBER 5, 1901.

That "race war" at Las Vegas is
more ludicrous than serious.

The building of the Eastern railroad
would double the population of this
city.

Exciting elections are being held
today in New York, Ohio and Ne-
braska.

Europe's production of sugar this
year will be 5,928,264 tons, an increase
over last year of 212,841 tons.

The production of steel wire nails
in the United States in 1900 was in
the close neighborhood of 7,233,979
kegs.

The building of the Eastern rail-
road would make Albuquerque the
largest and best wholesale point in
New Mexico.

The Santa Fe Central has estab-
lished offices at Santa Fe, and active
work will soon begin on the building
of the road.

The building of the Albuquerque
Eastern railroad would save the peo-
ple of this city \$200,000 annually in
freight rates.

The Eastern railroad would expend
at least \$200,000 in this city securing
terminals and making other necessary
improvements.

The society of the Army of the
Tennessee will hold its thirty-third
reunion at Indianapolis next week, on
November 13 and 14, with Gen. Gran-
ville M. Dodge presiding.

The health of American soldiers in
the Philippines last winter was good,
and the annual army mortality in
Porto Rico is only five to the 1,000.
This is the lowest on record.

Silken raiment has a standing
among the oldest garments in the
world. Robes of that material were
worn by men and women alike 2,500
years before the birth of Christ.

Governor Otero will call a meeting
in January, of the county assessors
of the territory to confer with the
territorial board of equalization, for
the purpose of securing more equit-
able tax assessments.

During the last twelve months the
balance of foreign trade in favor of
the United States has been \$400,000,
000. The continuance of such a mar-
gin for a long series of years would
reach an amazing total.

The general course in the price of
silver has been downward since the
beginning of the year, when it was 64
cents. In April it was 58 cents and
at the present time is 58 cents. The
production in the United States has
not changed much during the last ten
years.

An expedition to Kolyma, Russia,
is being made by Russian scientists
in order to bring to St. Petersburg
the mammoth that has recently been
discovered. It is unique of its kind.
Its hair, skin and flesh being entirely
preserved, and there are remains of
undigested food in its stomach.

In connection with the subject of
memorials to President McKinley, it
is interesting, as well as somewhat
astounding, to note that although
President Lincoln has been dead over
thirty-six years, but six statues of him
have been erected in this country.
These are in Boston, New York,
Washington, Philadelphia and Roch-
ester.

The steady increase in the money
order business of the postal depart-
ment of the United States is note-
worthy. It has grown to enormous
proportions. During the current year
it is estimated that about \$300,000,000
in money orders will have been is-
sued. During the last fiscal year the
domestic orders issued represented
an aggregate of nearly \$250,000,000,
and the international money orders
exceeded \$20,000,000.

OUR OLD PRESS.

The Marysville, Kansas, News
says: "The News is printed this
week on our new Haskins printing
press, ever put into an office in Mary-
sville. A quarter of a century ago
Tom Hughes, then editor and proprie-
tor of the News, put in a Campbell
power press and it has served the
News faithfully until now. We re-
place it with the latest Haskins
power press. These are the only two
newspaper presses that have ever
been brought to Marysville. Our new
Haskins has air springs, capstans, and
livery and a 'fool killer.' Come in
and see it work."

BELIEVES IN WORK.

This is President Roosevelt's word
to young men: "If I could speak
commandingly to the young men of
our city, I'd order them to work. I'd
try to develop and work out an ideal
of the leisure class to the community.
I have tried to do it by an example,
and it is what I have preached; first
and foremost to be an American,
heart and soul, and go in with any
person, heedless of anything but that
person's qualifications. For myself,
I'd work as quickly beside Pat Dugan

THE SOUTHERN TOWNS.

Socorro, San Marcial, Las Cruces,
Deming and Silver City.

HILLSBORO AND LORDBURG.

SOCORRO.

From the Chieftain.
A little over a half inch of rain fell
here Thursday night.
Professor F. A. Jones was at Car-
thage doing some mine surveying for
the Carthage Coal Mining company.
According to the record kept at the
school of mines, the October just
closed is the first without a frost at
Socorro in five years.

Fred Davenport returned to Socorro
from engineering work on the line of
the Santa Fe Central railroad. He
was called home by Mrs. Davenport's
illness and has not been well himself
since his return.

Dr. C. G. Cruikshank of San Mar-
cial was called to Socorro to consult
with Dr. Duncan in regard to the ill-
ness of J. F. Cook. Mr. Cook has
been in poor health for some time and
does not improve as rapidly as it
has been hoped he would.

Ross McMillan, son of Hon. and
Mrs. Daniel H. McMillan, arrived in
Socorro and will make this city his
headquarters for the winter. He has
recently become interested in the
sheep business with Hon. H. O. Bur-
sum and will look after their herds
on the ranges east of San Antonio.

A. E. Howell, son of the late
Socorro county is in better condi-
tion than ever before during his resi-
dence of thirteen years in Socorro.
The small farmers here say that
Granite, for instance, have more to
eat, more to wear, are better housed,
and are in a more prosperous con-
dition than ever before.

Colonel Levy is irrepresable. A
year or so ago he suffered misfortune
in business and his health seemed
broken. However, his spirits never
failed him. He has since made a
good turn in Chihuahua dogs and has
now gone extensively into the curio
business in Juarez. He proposes to
add a large stock of mirrors to his
other merchandise, teach them to talk
and sell them to wayfarers from Yan-
keedom.

Recommends it to Trainmen.
G. H. Hansen, Lima, O., engineer
L. E. & W. R. R. writes: "I have
been troubled with a cough since
I was induced to try Foley's Kidney
Cure, and one bottle entirely
relieved me. I gladly recommend it
to anyone suffering with a cough
among the train men, who are usually
specially afflicted. Alvarado Phar-
macy."

SILK WAISTS—SILK WAISTS—
ON SALE AT ROSENWALD BROS.

Chamberlain's Cough Remedy in
Chicago.

Hazen Ross, the popular South
Side druggist, writes: "I have used
Wentworth's remedy, and I find it a
great deal of Chamberlain's Cough
Remedy, and find that it gives the
most satisfactory results, especially
among children for severe colds and
croup." For sale by all druggists.

SAN MARCIAL.

From the Bee.
It is rumored that Joe Montgomery
will return to San Marcial to reside.

Rev. Williams and the two children
of Mr. and Mrs. Nelson are afflicted
with typhoid fever. For a short time
the recovery of the children was in
doubt.

An eastern publisher, who is re-
viewing the manuscript of Captain
Jack Crawford's new novel, "Pockles,"
writes the author that he is pleased
with the plot of the story.

The people of old town are adver-
tising a grand fiesta, November 21
and 22. There will be horse rac-
ing, roping, music, etc. A novel fea-
ture of the sports will be the roping
of sheep by blindfold men. The prize
is a town having more than its share
of the tramp element lately.

They observe the ethics of the pro-
fession. A student of the law, who
was a wood pile. Somebody's dealings they
may be, but it is hard to believe it in
some instances.

Delegate Rooley was a member of
the constitutional convention held in
Santa Fe in 1893. In a list of con-
vention persons appearing in a local
paper at that time we find the follow-
ing: "Hon. U. S. Rooley of Albuquer-
que is fertile in ideas—some of them
bright—and one of the brightest mem-
bers of the convention. The conven-
tion sits down on his ideas, and he
but all recognize his worth and he
is bound to come to the front, espe-
cially if New Mexico is admitted as
a state." The fulfillment of above
prediction came about without state-
hood. When we secure statehood the
story of Mr. Rooley's political advance-
ment will be told in bolder type and
with added satisfaction.

A Physician Testifies.
"I have taken Kodol Dyspepsia
Cure and have never used anything
in my life that did me the good that
this does. It is a great remedy for
dyspepsia, indigestion, and all the
troubles that come from a weak
physician I have prescribed it and
found it to give the best results." If
the food you eat remains undigested
in your stomach it decays there and
poisons the system. You can pre-
vent this by dieting, but that means
starvation. Kodol Dyspepsia Cure di-
gests what you eat. You need never
suffer from indigestion, dyspepsia, or
starvation. The worst cases quickly cured.
Never fails. B. Ruppe, Cosmopolitan
Pharmacy.

W. J. Shively, Batesville, O., speak-
ing of Banner Sales, says: "I used
for pills, and it has done me more
good than any other I have ever used,
and I have tried a great many kinds.
Alvarado Pharmacy."

LAS CRUCES.

From Dona Ana Co. Republican.
Mrs. Henry D. Bowman and daugh-
ter are considerably improved in
health.

Very little work was done during
the week on the Organ telephone line,
owing to bad weather.

Light frost has been reported on
one or two mornings, but it was not
heavy enough to kill vines. Usually
killing frosts occur earlier in the
season.

Lapoint went out to his claim in
the Organ, and found the door to
his tunnel had been forced and some
powder, tools and other things taken
away.

Sam Manasse, of the firm of
Manasse Bros., is rapidly recover-
ing from an attack of typhoid fever,
a disease which usually prevails to a
limited extent at this season.

KILL THIS GERM

THAT CLUSTERS AROUND
AN
UNHEALTHY
HAIR
CAUSING
DANDRUFF
FALLING
HAIR
FINALLY
BALDNESS

"Destroy the cause, you remove
the germ."

HERPICIDE
eradicates the germ, promotes the
growth of the hair. For sale by all
druggists. Price \$1.00.

est temperature was 100 degrees on
the 2nd, and the lowest 43 on the
25th. There were 20 clear days, 7
partly cloudy. The monthly mean
temperature was 73.2, the highest re-
ported in the territory. The rainfall
was slightly below the average for
the last twenty years.

On Wednesday the son of Brigido
Garcia had his leg broken in a sin-
gular way. Garcia had roped a bull,
and the boy was holding him down by
the horns, when the animal sud-
denly threw his head around and re-
sulted the young man's leg between
his horns and the ground. The horn
had been saved off and was too big
to pierce the skin, but it crushed the
bone nevertheless. Dr. Lane is in
attendance, and expects to save the
boy's leg.

Mrs. C. H. Moore took a quantity
of salt soda in solution, mistaking it
for salt. She spoke to her husband
of the queer taste, but supposed it
to be all right. She soon began
vomiting and her husband called in
a lady friend near, who very fortu-
nately administered the thing re-
quired—the white of egg, with the re-
sult that Mrs. Moore was soon out
of the worst of her trouble. Mean-
time Dr. Ridenour was called and un-
der his treatment Mrs. Moore was re-
covered. She was, however, confined
to her bed for several days, in part
as the result of the nervous shock.

For Hoarseness.
Benj. Ferguson, of Hutton, Ind.,
says he has not spoken a word above
a whisper for months, and one bot-
tle of Foley's Honey and Tar restored
his voice. Be sure you get Foley's
Alvarado Pharmacy.

A Great Medicine.
Cholera and Diarrhoea, constantly
find it to be a great medicine," says
Mr. E. S. Phillips, of Poteau, Ark. "I
cured me of bloody flux, I cannot
speak of the relief it gave me, and I
always win the good opinion, if I
praise, of those who use it. The quick
cures which it effects even in the
most severe cases make it a favorite
everywhere. For sale by all druggists."

From the Herald.
Miss Lillian Smith and Mrs. Green
were here for an extended trip to
California to be gone the greater part
of the winter.

For losing his temper and beating
up his horses rather severely.
Colonel P. H. Smith, who has been in
Santa Rita most of the week, where
there is a lively contest going merrily
on at his mill between the Standard
and the Wagon, in order to ascer-
tain which table best suited for
that class of ore. As yet nothing has
been decided upon.

Beards and mustaches will be received
at the Old Marcial convention and
opera house, November 5, and mat-
rimonial contracts awarded to the best
bidders. Young men who have here-
tofore been desirous to declare their
intentions to become anything else
but citizens, are especially invited.

Per drawing a knife on a monte
de la vida, a man was shot and
killed. He was shot in the back and
killed in the morning. The man who
shot him was shot in the back and
killed in the morning. The man who
shot him was shot in the back and
killed in the morning.

From the Headlight.
Miss Rosa Connelley left for Hal-
ley, Tex. this country, where she will
teach for the next eighteen months and
looks well and says she feels splendid
after her trip. Mr. Rector summed
up his opinion of the cold country by
displaying a small vase of gold dust
which he said cost him \$200.

Professor W. W. Robertson was
tendered a reception at the home of
N. A. Bolch. The reception was given
by the teachers of the Denning public
schools to the professor as a token of
their esteem, and to give him an op-
portunity to bid good-bye before his
departure for his new field of labor,
at Dallas, Tex.

A Village Blacksmith Saved His Lit-
tle Son's Life.
Mr. H. H. Black, the well known
village blacksmith at Grahamsville,
Sullivan Co., N. Y., says: "Our little
son, five years old, has always been
subject to croup, and so had have the
attacks been that we have feared
many times that he would die. We
have had the doctor and used many
medicines, but Chamberlain's Cough
Remedy is now our sole reliance. It
seems to dissolve the tough mucus
and by giving frequent doses when
the croupy symptoms appear we have
found that the dreaded croup is cured
before it gets settled." There is no
danger in giving this remedy, for it
contains no opium or other injurious
drugs and may be given as confidently
to a babe as to an adult. For sale
by all druggists.

Luck in Thirteen.
By sending 13 miles Wm. Spirey,
of Walton Place, N. Y., got a box of
Buckley's Arnica Salve, that wholly
cured a horrible Fever Sore on his
leg. Nothing else could. Positively
cures Bruises, Folds, Ulcers, Eruptions,
Bolls, Burns, Corns and Piles.
Only 25c. Guaranteed by all drug-
gists.

SILVER CITY.

From the Enterprise.
J. F. Moynihan and wife have return-
ed from a pleasant visit to California.
Deputy Clyde Smith and County
Commissioner William Murray left for
Albuquerque, to be absent for a few
days.

Miss May Cox, sister of W. S. Cox,
the prominent hardware merchant, ac-
companied by the latter's little daugh-
ter, Bessie, arrived Sunday from Chi-
cago and will spend the winter, en-
joying New Mexico's sunshine.

Forrest McKimley, a relative of the
late president and connected with the
land department, I. B. Hanna, super-
intendent of forest reserves for New
Mexico and Arizona, and Deputy Unit-

ed States Marshal Frank Hall, were
among last week's visitors in the city.
Friday evening at 7 o'clock at the
home of her daughter, Mrs. J. H. Rus-
que, in Pecos Altos, the spirit of Mrs.
Cecelia Renold took its flight to the
great beyond. Mrs. Renold was the
mother of Mrs. H. H. Thayer and Mrs.
J. B. Risque, with whom she has made
her home since 1898, coming here
from St. Louis, where her husband
was for years a prominent merchant.
Mrs. Renold was a member of an
old St. Louis family and inherited a
refinement and disposition which
made her beloved by all from whom
she knew her. The remains were shipped
to St. Louis and were followed by the
relatives.

From the Independent.
Herbert Fielder left for Las Cruces,
where he is continuing his studies at
the Agricultural college.

James Lucas, the Cerillos mining
man, spent a portion of last week in
this county looking into the mining
interests.

Mr. and Mrs. A. H. Isbell and son,
Woodruff, left for Tucson, Ariz., where
they will spend the winter, returning
to Silver City in the spring. They
will be much missed in social circles
during their absence.

Mr. and Mrs. James E. Harvey left
for Clifton, Ariz., where Mr. Harvey
will engage in business and where
they will make their future home.
They will be missed from Silver City,
and the best wishes of their many
friends will accompany them for every
success.

Collector Adolf F. Witzel and wife
returned last Tuesday from a trip to
Germany, having been absent nearly
three months. They were favored
with fine weather during the entire
trip, especially on the ocean voyages,
and returned with a thoroughly good
time. This was Mr. Witzel's first re-
turn to his home in Bremen since he
came to the United States when 17
years of age.

Jose Quintana, who has been work-
ing as a miner in the Burro moun-
tains, in the employ of A. A. Burdette,
camped at the hospital here. Quintana
had been complaining for some time,
but his condition was not regarded as
serious. When, however, it became
apparent that he was not improving,
it was decided to bring him into town
for medical treatment, but while on
the way he died. A brother of the
dead man resides at Pinos Altos.

HILLSBORO.

From the Advocate.
Another soaking rain fell on Wed-
nesday and several inches of snow
fell on the range.

While hunting last week, Harry El-
liott got considerably bruised up by
his horse falling over a stump.

Last Saturday Harvey Ringer closed
a deal wherein he purchased about
200 head of cattle from Shaw & Rich-
ardson.

The rains of last week loosened a
huge rock in the canyon up Chloride
creek. It fell in the road and the
train that was hauling the stamp mill
to the Silver Monument could neither

CONSUMPTION

Right food—right medicine—
right time—these three
things are of the utmost impor-
tance to the consumptive.
Right food and right medicine—
these are contained in Scott's
Emulsion of pure cod-liver oil.

Right time is at first sign of
disease. Right time is now.

Scott's Emulsion always
helps, often cures. Ordinary
food helps feed. Fresh air
helps cure. Scott's Emulsion
does both. Begin early.

Will send you a bottle to try, if you like.

Asthma

The doctors tell us they

asthma with Ayer's Cherry
Pectoral. They say it is the
best thing for relief and that
it often completely cures.
We are willing to take their
word for it, are you?

"After having spent hundreds of
dollars trying to be cured of my asthma,
I now rely entirely on Ayer's Cherry
Pectoral for the relief of the severe
paroxysms of coughing. It is the best
medicine for this I can find."

Geo. W. Stout, Sacramento, Cal.
25, 1890, 11 10. J. C. AYER & CO., Lowell, Mass.

get around nor over it. Men were
brought from the mine to dynamite it
and get it out of the way.

Sanford Robinson, who has been
spending some weeks in Los Angeles,
returned improved in health from
the effects of the surgical care
he received while there.

C. A. Ament of Deming was in the
looking for steers. He complains
there are not as many steers for sale
in the country as he wants to buy at
the present prices, \$15, \$18 and \$21.

S. R. Dugan came in with about
seven thousand pounds of wool, his
first clip. This class of wool is now
bringing 8 1/2 cents in El Paso, which,
Mr. Dugan thinks, is entirely too
low.

John J. Strange, well known in
Lordsburg, recently beat his sixshooter
over a friend's head in Clifton. He
was tried at the present term of court
at Lordsburg, on the charge of ag-
gravated assault, convicted and sen-
tenced to pay a fine of \$200, or spend
90 days in jail. At last reports he
had paid the fine.

There was a shooting at Shake-
spere. Apolinar Pino was the vic-
tim, and Pascual Salgado operated the
gun. The story of the trouble, as it
is translated, is about as follows:
Pascual had been living with a wo-
man, to whom he was more or less
married. He thought the marriage
bond was strong enough to authorize
him to correct the woman using his
fist as a corrector. The woman con-
sidered the marriage bond was not
strong enough to justify this, and so
left him, going to her friend, Pino's
wife, who took her in. Pascual is
said to have threatened her life, but
could not see her. Monday morning,
although not on visiting terms at the
Pino mansion, he concluded to call,
not before doing so waiting for the
husband to return. As soon as
Pascual appeared the women began to
scorn. Pino heard the screams and
returned to see what was the matter.
When he returned he saw that he
could not get into the house, and
so concluded to break his vengeance
on Pino, which he did by shooting him
and beating him over the head with
his sixshooter. The ball, a forty-five,
hit Pino on the point of his left shoul-
der and was extracted from the right
arm, passing through the heart. Pino
suffered from the shock of the
ball and the beating, and at first it
was thought he would die, but he re-
fused to die, and Dr. Crocker says that
if nothing unforeseen happens, he will
recover. Pascual says it was simply a
matter of self-defense. Pino attacked
him and he was forced to shoot, and
would like to have some friend come around
and sign his bail bond.

Today take Foley's Honey and Tar.
It positively prevents pneumonia, or
other serious results from colds. It
may be too late tomorrow. Alvarado

ALONG THE RAILS.

Abbreviated Paragraphs of the Several Great Railroads.

OF INTEREST TO RAILROADERS.

The Arizona and New Mexico road has found it necessary to order more motive power.

Engineer Sullivan is now trainmaster, and will make his headquarters at Raton.

C. M. Taylor was over from La Junta looking for a house at Raton. He is now master mechanic of the New Mexico division, with headquarters at Raton.

J. D. Matthews, who has been Southern Pacific trainmaster at Lordsburg for some time has resigned, and C. L. Kestrick has been appointed to fill the vacancy.

The Raton shop employees have ordered a fine diamond ring to be presented to their foreman, W. B. Thompson, as a token of their high esteem for him.

Amos Baker was in White Oaks Saturday from the end of the line of the El Paso & Northeastern. He reports work being pushed with where they will be put in shape and then used at various places for switching.

A number of the largest sized switch engines ever made passed through Lordsburg for Sacramento, where they will be put in shape and then used at various places for switching.

The Raton Gazette says: W. B. Thompson, who has been Southern Pacific foreman of the shops here, came down from Denver to visit his family and shake hands with old friends.

He left with his family the next morning for their future home in Denver.

The Farmington Times says: While at Durango last week, F. M. Phelan had the honor of presenting to the Durango railroad party the necessary construction of a line down this valley. He gave them some facts that will no doubt bear fruit in the near future.

Traveling Auditor J. L. McQuade of the Santa Fe has resigned his position and has left Topeka for Los Angeles to accept a position as traveling accountant for the Santa Fe.

Mr. McQuade has a wide acquaintance and is unusually popular. Auditor Strickland will assume the duties and position of Mr. McQuade, with headquarters at Topeka. Mr. Strickland's place is to be filled by John Ness, promoted from the statistical department.

The new time table which went into effect on the Santa Fe railroad on November 3, provides for three trips on the Lamy branch, the train going on for No. 2 from the east at 9:30 a. m.; for No. 1 from the east at 6:30 p. m.; and for No. 8 from the south at 8:40 p. m. Passengers on No. 7 from the east and No. 8 from the south will arrive at Lamy on train No. 3 leaves. This will bring the mail into Santa Fe at 10:10 o'clock in the evening instead of at 8:30 o'clock, as at present.

The Roswell Register says: E. J. Pughard, boss mechanic at the round house, met with a painful accident. Mr. Pughard was overseeing the unloading of some heavy iron, a locomotive was pulling them, when suddenly the heavy rope broke, a piece of it striking Mr. Pughard, knocking him down and spraining his ankle badly, besides bruising him a great deal. He was laid up for several days, when he came down to the shops, but was too sore to do anything.

E. D. Wernmuth is in the railroad hospital at San Francisco, and on Tuesday had his eye extracted, says the Los Angeles Herald. His eye was hurt last summer, so that he lost the use of it, but the ball was left in the socket. Recently it has been troubling him a great deal, and seemed to be affecting the other eye. The doctors thought it best to remove the eye. As is common with all such operations, the patient was in a great deal of pain, but he was soothed by the fact that his friends hope he soon will be back to work, and have no more trouble.

The bridge across the Canadian will be quite a wonderful structure. While the stream is not so very large, it is exceedingly treacherous on account of quick sand. Where the Rock Island crosses the canyon is 800 feet wide. Instead of bridging the river, the Rock Island will span the canyon. The bridge will be high above the river and will be 800 feet long. The character of this structure shows that the Rock Island intends to have, regardless of expense, a first class roadbed that will stand the strain of a heavy business.

ALBUQUERQUE AND JEMEZ SPRINGS STAGE.

Leaves from Trimbles' stable every Tuesday and Saturday at 6 o'clock a. m. Only line with a change of stock en route through in a day. Bath house open all the year. Fine winter resort. Tickets for sale by W. L. Trimbles & Co., Albuquerque.

J. B. BLOCK, Prop.

"All's Fair in Love and War."

All the railroad boys and almost everybody else in Las Vegas knows Owen Evans, the popular Santa Fe brakeman. One brought his bride to this city some two weeks ago, says the Optic. A special from Bowling Green, Mo. the bride's home town, to the Kansas City Times, tells a romantic little story of the wedding, as follows:

"A highly sensational marriage occurred here late yesterday. Miss Ben Clark, a handsome and talented young lady, was engaged to marry Dennis Konyon, a fine young farmer from near Pittsburg. Her trousseau was ready, her adopted parents had made all arrangements to enter the bride's home, and the ceremony was to take place today. Yesterday morning, however, an old lover, arrived from New Mexico, soon

The beer that causes biliousness is "green beer"—insufficiently aged. It is hurried to the market before it is half fermented. Drink it and it ferments in your stomach, and the result is biliousness and headache.

Fermentation is expensive. It requires immense refrigerating rooms (ours hold 265,000 barrels) and an even temperature of 34 degrees. Fermentation is a process of months.

No green beer ever leaves the Schlitz brewery. If you wish to be certain of an aged beer, get Schlitz, the beer that made Milwaukee famous.

New Phone 100, Melini & Eakin, 115 West Gold Street, Albuquerque, N. M. Call for the Brewery Bottling.

ALONG THE RAILS.

Abbreviated Paragraphs of the Several Great Railroads.

OF INTEREST TO RAILROADERS.

The Arizona and New Mexico road has found it necessary to order more motive power.

Engineer Sullivan is now trainmaster, and will make his headquarters at Raton.

C. M. Taylor was over from La Junta looking for a house at Raton. He is now master mechanic of the New Mexico division, with headquarters at Raton.

J. D. Matthews, who has been Southern Pacific trainmaster at Lordsburg for some time has resigned, and C. L. Kestrick has been appointed to fill the vacancy.

The Raton shop employees have ordered a fine diamond ring to be presented to their foreman, W. B. Thompson, as a token of their high esteem for him.

Amos Baker was in White Oaks Saturday from the end of the line of the El Paso & Northeastern. He reports work being pushed with where they will be put in shape and then used at various places for switching.

A number of the largest sized switch engines ever made passed through Lordsburg for Sacramento, where they will be put in shape and then used at various places for switching.

The Raton Gazette says: W. B. Thompson, who has been Southern Pacific foreman of the shops here, came down from Denver to visit his family and shake hands with old friends.

He left with his family the next morning for their future home in Denver.

The Farmington Times says: While at Durango last week, F. M. Phelan had the honor of presenting to the Durango railroad party the necessary construction of a line down this valley. He gave them some facts that will no doubt bear fruit in the near future.

Traveling Auditor J. L. McQuade of the Santa Fe has resigned his position and has left Topeka for Los Angeles to accept a position as traveling accountant for the Santa Fe.

Mr. McQuade has a wide acquaintance and is unusually popular. Auditor Strickland will assume the duties and position of Mr. McQuade, with headquarters at Topeka. Mr. Strickland's place is to be filled by John Ness, promoted from the statistical department.

The new time table which went into effect on the Santa Fe railroad on November 3, provides for three trips on the Lamy branch, the train going on for No. 2 from the east at 9:30 a. m.; for No. 1 from the east at 6:30 p. m.; and for No. 8 from the south at 8:40 p. m. Passengers on No. 7 from the east and No. 8 from the south will arrive at Lamy on train No. 3 leaves. This will bring the mail into Santa Fe at 10:10 o'clock in the evening instead of at 8:30 o'clock, as at present.

The Roswell Register says: E. J. Pughard, boss mechanic at the round house, met with a painful accident. Mr. Pughard was overseeing the unloading of some heavy iron, a locomotive was pulling them, when suddenly the heavy rope broke, a piece of it striking Mr. Pughard, knocking him down and spraining his ankle badly, besides bruising him a great deal. He was laid up for several days, when he came down to the shops, but was too sore to do anything.

E. D. Wernmuth is in the railroad hospital at San Francisco, and on Tuesday had his eye extracted, says the Los Angeles Herald. His eye was hurt last summer, so that he lost the use of it, but the ball was left in the socket. Recently it has been troubling him a great deal, and seemed to be affecting the other eye. The doctors thought it best to remove the eye. As is common with all such operations, the patient was in a great deal of pain, but he was soothed by the fact that his friends hope he soon will be back to work, and have no more trouble.

The bridge across the Canadian will be quite a wonderful structure. While the stream is not so very large, it is exceedingly treacherous on account of quick sand. Where the Rock Island crosses the canyon is 800 feet wide. Instead of bridging the river, the Rock Island will span the canyon. The bridge will be high above the river and will be 800 feet long. The character of this structure shows that the Rock Island intends to have, regardless of expense, a first class roadbed that will stand the strain of a heavy business.

Her trousseau was ready, her adopted parents had made all arrangements to enter the bride's home, and the ceremony was to take place today. Yesterday morning, however, an old lover, arrived from New Mexico, soon

ACCIDENTALLY SHOT.

Bert Sutton, in Picking Up a Rabbit.

While out hunting Sunday, Bert Sutton, foreman of the chain gang in the Santa Fe shops at Raton, was accidentally shot and seriously wounded. He slipped over to pick up a rabbit when the shot gun of another member of the party, about twenty feet away, was accidentally discharged, the entire charge of No. 4 shot entering his right hip. While quite a large hole was torn in his body, the wound is not believed to be dangerous.

Chamberlain's Stomach and Liver Tablets cure biliousness, constipation and headache. They are easy to take and pleasant in effect. For sale by all druggists.

Adolph Blumer, Grand Mound, Ia., writes: "I have used Foley's Honey and Tar in my family and I think it is the best cough cure on the market. I would not be without it in my home, as there is nothing so good for coughs and colds. Alvarado Pharmacy."

Disappearance of a Miner.

A great deal of anxiety is being felt by the family of a miner, who disappeared from the Rawhide mine, on the Santa Maria, last July. Mr. Williams has been the Rawhide mine, and has been looking for him for some time. He is now in the direction of Congress, with headquarters at Las Vegas, N. M., and there the happy couple will go after a few days' honeymoon here in the "Pike."

Starting, But True.

"If everyone knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempsey, Pa., "you'd sell all you have in a day. Two weeks' use has made a man of me." Indulgence in constipation, stomach and liver trouble, 25c at all drug stores.

Modern Surgery Surpassed.

"While suffering from a bad case of piles I consulted a physician, who advised me to try a box of DeWitt's Witch Hazel Salve," says G. P. Carter, Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, itching, relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are also quickly cured by it. Beware of counterfeits. R. Kupper, Cosmopolitan Pharmacy.

Stalled on the Road.

The last of the large machinery for the Helen Mining company at Graham was loaded on the heavy freight wagon and the freighters had succeeded in getting about twenty miles from town on Sunday afternoon when the wagon loaded with the largest piece of machinery, weighing 13,300 pounds, became derailed in the arroyo. Ten spans of horses were unable to pull the load out and it may take a day or two for the freighters to get the wagon out. E. A. Cunningham, in charge and estimates that it will take ten or more days to reach Graham.—Silver City Independent.

The Children's Friend.

You'll have a cold this winter. May be you have one now. Your children will suffer, too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes: "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup."

To Cure a Cough.

Stop coughing, as it irritates the lungs and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants.

Notice of Dissolution.

Notice is hereby given to all whom it may concern, that the firm of J. Post & Company, a firm composed of John T. Barracough and Charles C. B. George, Winchester, Ky., doing business under the firm name and style of E. J. Post & Company, has been dissolved by mutual consent.

The said business will be continued by Charles C. B. George, under the firm name and style of E. J. Post & Company, who will collect all debts and pay all indebtedness of said firm.

J. T. BARRACOUGH, C. B. GEORGE, ALBUQUERQUE, N. M., October 20th, 1901.

Steam Carpet Cleaning.

General upholstery and feather renovating; first class work satisfaction guaranteed and rates the lowest consistent with good service. Address: J. H. Moore, 528 North Third Street.

DONT.

DONT dispute with a woman when she says the Economist goods are the only ones to buy. Because she knows she is talking about.

DONT argue with her when she says the Economist prices are money-burners. She talks like a sensible woman who knows what she is talking about.

DONT try to excuse yourself for going to some other store instead of the Economist. You know that you can offer no reason that can be sufficient for passing the store where the best and cheapest goods are together.

DONT expect your wife to meet you pleasantly if you've gone to some other store than the Economist, when she presently told you she goes nowhere else. Don't do these things if you expect to live long and keep your hair on.

WALL PAPER.

WE HAVE A LARGE ASSORTMENT TO SELECT FROM. ALL THE LATEST DESIGNS AND NEWEST PAPER. C. A. HUDSON.

Cleaned and Dyed.

Ladies' and gents' fine clothes by Mrs. Fuller, room 7, over 315 South Second Street.

See our latest in yoke coats, in all shapes and colors. The very latest thing in the overcoat line. Simon Stern, the Railroad avenue clothing store.

All kinds of bargains at J. H. O'Rielly & Co.'s bargain counter.

Copper, tin and galvanized iron work. Whitney company.

Lap robes from the up at Albert Faber's, 35 Railroad Avenue.

We are underwriters for and agents for sheets and pillow cases. Albert Faber, 35 Railroad Avenue.

Grand hotel will serve free lunch, chili con carne and roast beef, every night.

Look into Kleinwort's market on north Third street. He has the nicest fresh meats in the city.

We have the largest assortment of linens and oil cloth, and our prices are the lowest. Albert Faber.

Vedette hotel will serve free lunch, chili con carne and roast beef, every night.

Attend the underwear sale at the Economist.

How Strong Are You?

The dial of the punch- and-press machine won't answer that question. Strength depends on nutrition. When the stomach and other organs of digestion receive its full supply of nourishment and hence grows weak. That is why no man is stronger than his food. It is then that the food is then perfectly digested and assimilated and the body is made strong in the only possible way—by nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the allied organs of digestion and nutrition. The food eaten is then perfectly digested and assimilated and the body is made strong in the only possible way—by nutrition.

Dr. Pierce's Pleasant Pellets stimulate the liver.

Very few men are looking at A. F. Handley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism, that he could not stand and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuritis, Nervousness, indigestion, and give perfect health. Try them. Only 50c, at all drug stores.

FOR SILK WAIST BARGAINS ATTEND OUR SALE. READ OUR AD. ROSENWALD BROS.

Geo. A. Points, Upper Sandusky, O., writes: "I have been using Foley's Honey and Tar for hoarseness and find it the best remedy I ever used. It stopped the cough immediately and relieved all soreness." Take none but Foley's. Alvarado Pharmacy.

Prosperity at Carthage.

A. H. Hilton of San Antonio was in Socorro lately, dragged the sleeping times at the Carthage coal mining camp. According to Mr. Hilton's statement, there are now employed at the Carthage Coal Mine, fifty coal miners and it requires a hundred six-horse teams to haul the product to the railroad station. The Carthage Coal Mine Company is about sixty tons per day. Even this condition of affairs, Mr. Hilton thinks, will be greatly improved in the near future.—Chieftain.

Asleep Amid Flame.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fanned acetylene, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Life Pills. For Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid catching colds and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy you. All druggists. Price 50c and \$1.00. Trial bottles free.

Reliable and Gentle.

"A pill a day," says the saw. But there are pills and pills. You want a pill which is courteous, clean and gentle. Mustn't gripe. DeWitt's Little Early Risers fill the bill. Purely vegetable. Do not force, but assist the bowels to act. Strong and invigorating. Small and easy to take. R. Kupper, Cosmopolitan Pharmacy.

Blew Out the Gas.

Twenty Mexicans on route to Mexico came near losing their lives in the Santa Fe shops at

\$5.95 Is the figure that will buy you JACKET

ROSENWALD BROS

Chicago, Oct. 24th, 1901.

MESSRS. HALL & LEARNARD, Albuquerque, N. M.

Gentlemen: Under date of October 24th is received and contents carefully noted. We have booked your order for the several pieces to which you refer in that favor and in regard to this matter, we beg to say: owing to the very large increase in the demands made upon us we are having a good deal of trouble in making prompt shipments. Our business has grown much faster than we had anticipated and although we are constantly adding to our facilities and resources we find it absolutely impossible to keep up with our natural growth.

Stranger to say this increased demand has come almost without any effort on our part either by advertising or otherwise. It has come in practically unsolicited and speaks volumes for the satisfaction which our piano must be giving wherever it has been placed.

We expect within the next few months to move into much larger quarters, after which we hope that we can give you and all of our other representatives prompt and more satisfactory attention.

Hoping this explanation for our recent tardiness will be satisfactory, we beg to remain, with kind regards,

Yours very truly,
CHICKERING BROS.

ELECTION RETURNS.

Returns from New York.

New York, Nov. 5.—The polls closed at 4 p. m. The first return is in the eighth election district of the first assembly district of Kings county. Lowe, 277; Shepard, 115; Cain, 41 for Low over McKinley.

Ten election districts out of 36 in Brooklyn gave Low 2,049; Shepard, 1,408.

Massachusetts Republican.

Boston, Nov. 5.—The republicans carried Massachusetts by 70,000.

LOCAL PARAGRAPHS.

William Berger, editor and proprietor of The Capital, Santa Fe, is in the city.

Nabor Mirabel, a well known citizen of San Rafael, is here today on business.

F. H. Mitchell, who was at Los Vegas on business, returned to the city last night.

Charles F. Whittlesy, the architect, is expected to return from Chicago tonight.

The second ward railroad committee will begin tomorrow and make a complete canvass of that ward.

Mrs. F. Romero, who has been quite sick for the past two weeks, is today reported as being much better.

After a protracted visit to her sister, Mrs. John S. Heaven, Mrs. Clara Cobb has returned to her home in Topeka.

The front of H. E. Fox's handsome jewelry store, corner of Second street and Gold avenue, has received a new coat of paint and gold trimmings.

Mr. Robinson's Bible class will be held tomorrow evening in St. John's church. All are invited to attend the interesting and important lectures.

The wife of J. B. Guerin has presented her husband with twins, a boy and a girl. The Guerin family resided in this city, but now live in Las Vegas.

There will be a meeting of St. John's guild at the rectory on Wednesday at 3 o'clock. All members are requested to be present, as a matter of great importance is to be discussed and decided.

Mrs. C. F. Waugh and daughter were passengers for El Paso last night, where they will visit the mother and sister of Mrs. Waugh for a few weeks, after which they will join Mr. Waugh at Trinidad, Colo.

Yesterday, F. H. Kent had William McLean, Jr. in hands. Mr. Kent is the Pacific coast manager of the London and Lancashire Fire Insurance company, with headquarters at San Francisco. Mr. Kent is the local agent for the above company.

W. J. Johnson, assistant cashier of the Bank of Commerce, and wife have taken a lease on the Tilton residence, No. 110 West Railroad avenue, and will take possession tomorrow. Mr. and Mrs. Metcalf having moved into their new residence just adjoining.

Miss Winnie Harward, who was back in New York and Maine on a visit to relatives and friends, returned to the city last night. Her brother, Will Harward, also came in from Bland, where at Albemarle he was a blacksmith, and he will leave tonight for Bisbee, Arizona.

Charles K. Newhall, the county treasurer, with Mrs. Newhall and baby, returned last night, after a summer's visit to relatives and friends in the New England states. En route home, Mr. Newhall stopped over in Kansas City to look at some fine draft and driving horses.

Among the passengers who came in from the east last night there were about 200 Italian emigrants en route to the mining camps of Mexico. They were in this country several months ago, coming direct from Italy, and were hired to work in the mines of the sister republic. A majority of the men are accompanied to their new homes by their wives and children.

The Citizen tried awfully hard yesterday to have a correction made in the list of committees of the St. Joseph's hospital bazaar, but utterly failed. The listotype machine positively refusing to drop a final "s" to "Mr." and another trial is made today, namely: Mr. George Albright is not one of the committee on booths and hall, but it is his estimable wife, Mrs. George Albright. George will be pressed into service later on, and
