## SCHLEY COURT.

Only Two Witnesses Give Testimony.

Naval Pageant in Honor of Duke of Cornwall.

Congo Troops Captured and Eaten by Natives of Africa.

MISS STONE'S RANSOM.

Washington, Nov. 1.—The Schley court began proceedings today with the understanding that with the exception of some of the witnesses who will be recalled to correct their testimony on Monday next, the last of the testimony will be taken before adjournment. There were only two witnesses on the list for today, both summoned by the department.

Lieutenant John Hood, who commanded the dispatch boat during the Cuban campaign, was summoned for the purpose of relating his version of his interview with Admiral Schley off Cienfuegos.

Sylvester Scovel was called to answer to questions concerning a message which Captain Sigbee of the St. Paul is said to have telegraphed to the press boat Somers N. Smith on May 25.

Photographer Hare testified that Captain Sigbee stated that the Spanish fleet was not in the harbor of Santiago, and gave the name of Scovel as one of the correspondents on the press boat.

Admiral Schley said today he would not be able to undertake any correction in his testimony before next week. It is not now intended to call any witnesses in rebuttal, and it is expected that argument will begin soon after Admiral Schley concludes the correction of his testimony.

Members of the tribunal are preparing to devote considerable time to consideration of the testimony, for they have taken rooms in the city for this purpose. The testimony covers 1,000 printed pages. With additions yet to be made in the way of argument and documents, the record probably will run over 1,700 pages.

Judge Advocate Lemly announced that counsel had agreed on the order of speeches in closing the case, subject to the sanction of the court. Hanna is to open for the department, and will be followed by Captain Parker and Mr. Rayner for Schley; Judge Advocate Lemly will close for the department. Admiral Dewey announced that this arrangement was satisfactory.

Scovel related his conversation with Sigbee by megaphone from the press boat Smith on May 27 or 28. He asked Sigbee: "Where is Cervera?" Sigbee replied: "I am not sure, but we caught an English collector trying to sneak into the harbor this morning." Sigbee did not tell him the Spaniards were not at Santiago. He would not swear that no such conversation took place, but nothing of the kind was said while he was conducting the conversation.

Lieutenant Hood was questioned on the point made by Schley, that the commanding officer of the Dolphin had fled with the navy department a memorandum in which he said: "Hood says that a good many officers do not believe that the Spaniards are there (at Cienfuegos) at all, but they can only surmise."

Hanna asked: "Did you make any report to the commanding officer of the Dolphin which would warrant the use of the language embodied in that memorandum?"

"I did make a report warranting stronger language than that."

After Hood was excused, Captain Lemly stated that he had one more witness whom he desired to call on Monday, owing to the fact that he was too ill to appear today. It was also stated that Schley would again take the stand for the purpose of correcting his testimony.

Rayner said he would have no more witnesses, except the admiral himself.

Adjournment was taken until Monday.

NAVAL PAGEANT.

Duke of Cornwall and York Honored.

Portsmouth, England, Nov. 1.—Today's naval pageant in honor of the return of the Duke and Duchess of Cornwall and York, was almost a reproduction of the ceremonial attending their departure. Immense crowds assembled along the sea front and cheered the royal yacht and the fleet of the royal yacht King Edward, in unison. The duke, who was almost a reproduction of the ceremonial attending their departure. Immense crowds assembled along the sea front and cheered the royal yacht and the fleet of the royal yacht King Edward, in unison.

Troops Captured and Eaten. London, Nov. 1.—A special from Antwerp says that a detachment of black troops recently sent by the Congo authorities to quell a revolt of the Baluba in Kasai, was captured and the soldiers murdered, roasted and eaten.

Miss Stone's Ransom. Sofia, Nov. 1.—The last method of transmitting the ransom demanded by the brigands for the release of Miss Stone, abducted American missionary, and assuring the safety of the captives, is now being engaged. The attention of the Sanakov missionaries, who are negotiating with the kidnappers, is now being engaged. The attention of the Sanakov missionaries, who are negotiating with the kidnappers, is now being engaged.

Release of Miss Stone. Constantinople, Nov. 1.—Negotiations with the captors of Miss Stone appear to be going on so successfully that her release seems now to be only a matter of days. It is said here that another letter, written two days ago, had been received from her.

Presidential Appointments. Washington, Nov. 1.—The president has made the following appointments:

War—Charles F. Humphrey, assistant quartermaster general, with rank of colonel; George E. Fend, deputy quartermaster general, rank of lieutenant colonel; Isaac W. Little, quartermaster, rank of major general; Seals S. Bingham, quartermaster, rank of major; Valery Havard, deputy surgeon general, rank of lieutenant colonel; Ogden Ratford, surgeon, rank of major; James A. Shipton, captain of artillery corps.

Navy—Henry Glass, rear admiral; John H. L. Holcombe, lieutenant commander; Neutants, Louis M. Nul-ton, Chester Wells, Stephen V. Graham.

Negro Hanged. Jeffersonville, Ga., Nov. 1.—A negro, who attempted to assault Mrs. Daugherty, wife of Representative Daugherty, was found hanging to a telegraph pole this morning at Alton. He was captured in a swamp last night.

Surprised at Change. Washington, Nov. 1.—The state department officials expressed surprise when told of the appointment of a new minister from Portugal, especially in view of the fact that the commanding officer of the Dolphin had fled with the navy department a memorandum in which he said:

"Hood says that a good many officers do not believe that the Spaniards are there (at Cienfuegos) at all, but they can only surmise."

Hanna asked: "Did you make any report to the commanding officer of the Dolphin which would warrant the use of the language embodied in that memorandum?"

## BIG SUITS.

Texas Officer After the Trust Companies.

Man and Wife Assassinated in Texas.

Destructive Fire in the Business Portion of Uniontown, Pa.

FRENCH FLEET IN MEDITERRANEAN.

Dallas, Texas, Nov. 1.—If Attorney General Bell can substantiate his case, the state of Texas will be nearly \$25,000,000 ahead as the result of prosecutions started by him under the anti-trust law.

Bell several weeks ago filed suits against the brewing companies of San Antonio, Galveston, St. Louis and other places, alleging the formation of a beer trust. These suits are down for trial during November at Austin. The penalties approximate \$15,000,000.

Bell has filed suits against various plumbers' supply companies, the penalties aggregating more than \$20,000,000. In addition, various other corporations have been reported guilty of anti-trust violation, calling for penalties to the amount of \$20,000,000.

Man and Wife Murdered. Waco, Texas, Nov. 1.—J. W. McDonald and wife Susan were shot from ambush from the bank of the Brazos river near the Galls county line. Both were killed. They were fishing and near their tent when fired upon. The murderer evidently was after money. Their son, 9 years old, was brought to this city. His head was badly lacerated and he was in a dazed condition.

Destructive Fire. Uniontown, Pa., Nov. 1.—A fire which started in Friedman's livery stable, near Pittsburgh street, early today, destroyed ten buildings, covering two blocks. One life is reported lost and property damage is estimated at \$250,000. The extent of the fire is attributed to a scarcity of water.

French Fleet. Paris, Nov. 1.—A dispatch from Toulon announcing the return of Admiral Caillaud's division of the French Mediterranean squadron at that port, proves to be incorrect. The admiral is now on his way to Turkish waters.

Promoted from the Ranks. Jacob Schick, son of the late Valentine Schick, has been made a lieutenant in the United States army by recent appointment by President Roosevelt, the commission being signed by the president yesterday. This information was received in a telegram by Miss Ruth Schick, of this city, last night. Lieutenant Schick joined the army during the war in Cuba and served in the Philippines. His promotion came from the ranks.

Portuguese Minister. Lisbon, Nov. 1.—Senator Horacio Machado, appointed Portuguese minister at Washington.

Room and board for two gentlemen, cheap, at 523 East Marquette.

All day yesterday the Misses Fleming were busy making preparations for the reception of their guests, whom they had invited to their parlors in the Grand Central building. The invitations issued were original and unique, and read as follows: "The Fleming girls a welcome call to the Grand Central, room 32, third hall."

On Halloween we'll masquerade. And on the streets well all parade. Be as you were when the clock strikes eight. For the goblins will get you if you are late.

The hostesses and guests garbed themselves in costumes representative of Chinese, colored gentlemen, negroes, etc. The girls, who were dressed in black, white and red, made their appearance on the street and then the fun began, which continued for an hour or more in the residence portions of the city. When the rounds were completed, they adjourned to the Grand Central and passed the remainder of the evening in social games. Those who received invitations were: Misses Mary Allen, Ellen McClure, Mabel Hines, Myrtle Ellis, Ethel Hayden, Winnie Hayden, Laura Hayden, Bronson, Catharine, Adams, Minnie Cracy, Shimer, McGee; Mrs. Morning, Mrs. Spencer, Mrs. Murray, Mrs. Field, Mrs. Rose; Misses Besse Menard, Holmbeck, Renison; Messrs. McKee, Charles Nicholson, H. Nicholson, Crox, Anderson, Posner, Warrentin, Monard, Morling, Pomroy, Bronson, Travis, McGee, Gill, McClure, Becker, Hughes and Dr. J. R. Haines.

At the house of Mr. and Mrs. Gentry, north of the city, a number of friends called last evening and spent a few hours in a most delightful manner. Games and refreshments were indulged in and the evening was a most successful one. The party, which was arranged by Mrs. Gentry, was in the nature of a surprise to her husband, and to say the least it proved a grand success.

IN SOCIETY CIRCLES.

Mrs. Ivan Grunfeld entertained at "Odd Fellows" hall this afternoon.

Yvonne Grunfeld entertained three score or more of her lady friends from 2 o'clock until 5:30 this afternoon in Odd Fellows' hall on Santa Fe street. The tables were exquisitely decorated, with national colors and small American flags were prominently displayed throughout the room. Light card tables were provided, and the new game of military chess was indulged in by the ladies. Miniature forts, decorated with red, white and blue colors, were placed on each of the tables, and the tally cards were of the same colors. Professor Di Mauro and Miss Hawthorne were acting as judges. Several beautiful selections on the violin and piano during the afternoon. The hostess was assisted in receiving and entertaining by her sister, Mrs. Grunfeld. At a seasonable hour a variety of dainty refreshments were served. Following is the list of invited guests: Mesdames Bernard Hild, Nell B. Field, W. B. Childers, W. S. Strickler, F. H. Kent, Harry F. Lee, E. L. Medley, W. S. Springer, Louis Strauss, Noa Hild, W. F. Important Changes in the Pullman Company.

Carnegie Elected Lord Rector of a Scottish University.

BUBONIC PLAGUE IN SCOTLAND.

Chicago, Nov. 1.—Judge Haney today held the following representatives of the Chicago American in bonds to appear before the court on Monday next to show cause why they should not be punished for alleged contempt:

S. S. Carvalho, general manager; Andrew M. Lawrence, managing editor; H. S. Canfield, reporter; John C. Hammond, assistant city editor; W. R. Hearst, Homer Davenport and Charles Briggs, also accused of contempt in connection with the People's Gas, Light and Coke company case, are out of the state.

PULLMAN COMPANY.

Important Changes in the Management of the Concern.

Chicago, Nov. 1.—Some important changes in the management of the Pullman company became effective today. C. A. Garcelon becomes general manager and W. H. Reed general superintendent of the operating department. Six operating divisions hitherto used were abolished and four new divisions became operative with appointments as follows:

Western, C. C. Wagner, superintendent, Chicago; Northeastern, J. S. Merrill, superintendent, New York; Southeastern, James Martin, superintendent, Philadelphia; Southwestern, D. H. Martin, superintendent, St. Louis. A great saving is expected to result from the changes.

Carnegie Honored.

Dividend Declared.

Philadelphia, Nov. 1.—The directors of the Pennsylvania railroad today declared the usual semi-annual dividend of 2 1/2 per cent and 1 per cent extra, which places the stock on a 6 per cent basis.

He Donated Land.

M. F. Mortality, the ranchman whose ranch is located on the surveyed line of the Albuquerque Eastern and Santa Fe Central railroads, is in the city. He stated to a Citizen reporter that he had donated to Senator Andrews about thirty acres of land provided he was given a station near his ranch headquarters, and that the senator agreed to the proposition. Mr. Mortality also said that he intended to put his name down on the Albuquerque subscription paper toward the building of the Albuquerque Eastern railway.

BERNALILLO COUNTY.

Albuquerque Commercial Club Wants Pamphlet or Subject.

The bureau of immigration recently prepared an illustrated pamphlet on Bernalillo county in handy form of which several thousand copies were distributed at the New Mexico fair at Albuquerque held two weeks ago, says the New Mexican. The fair, which was held on the grounds of the Commercial club, was a success in every respect, and the bureau of immigration is now endeavoring to distribute them where they would do the most good. It has sent a considerable number to the Commercial club, and the bureau is now endeavoring to distribute them where they would do the most good. It has sent a considerable number to the Commercial club, and the bureau is now endeavoring to distribute them where they would do the most good.

The Commercial club has been very kind to have a large number of these pamphlets for distribution through the Commercial club, as it is certainly the best pamphlet I have yet seen on this county. Thinking that in advance, I am very truly,

P. P. McCANNA, Secretary.

Certainly this is the way to advertise the territory and this advertising is bearing good fruit.

If Dewey was not accounted avail-  
able as a presidential candidate what  
on earth is the use to talk about  
Schley?

This city has too many "prominent  
citizens" who become insignificant  
when it comes to helping beneficial  
public enterprises.

There is more mining development  
going on in the territory at this time  
than ever before in its history. There  
are also more producing and paying  
mines.

The majority of people have a pro-  
found respect for the individual who  
tries to reform himself, and precious  
little for the man who wishes to  
reform the world.

Chili is practicing for war. The  
presumption is that the little country  
will not overlook the latest invention  
of "the disappearing army," now be-  
ing used in Columbia.

A dispatch from Washington an-  
nounces that a number of western  
senators who are interested in the  
national irrigation movement have  
agreed to combine to defeat the riv-  
ers and harbors bill, unless appro-  
priations for irrigation are made a  
part of the bill.

The Missouri is the longest river in  
the United States—2,908 miles.  
The Mississippi is 2,516 miles in  
length. The Missouri, in connection  
with the lower Mississippi, is 4,194  
miles in length. With the exception  
of the Nile this is probably the  
longest water course in the world.

President Roosevelt has been sub-  
jected to some adverse criticism for  
entertaining Booker T. Washington,  
a colored college president, at dinner  
in the White House. These critics  
seem to have forgotten that Abraham  
Lincoln once entertained Frederick  
Douglass in the White House at tea,  
and nobody assumed at the time that  
there was any sacrifice of self-respect  
in the act.

**TERRITORIAL SCHOOLS.**

The superintendent of public in-  
struction has made his annual report  
to Governor Otero. Out of a total of  
56,008 children of school age, 47,700  
are enrolled in schools. There are  
800 schools and 1,000 teachers in the  
territory. Illiteracy has decreased  
from 85 per cent in 1870 to 68 per cent  
in 1880 to about 45 per cent in 1890,  
and probably 18 or 20 per cent in 1900.  
Many of the New Mexico cities have  
erected handsome schools within  
the year.

**PACIFIC CABLE.**

The Pacific cable will deflect from  
a straight course, in order to touch  
at Hawaii, and also at Guam, so that  
the surface distance will be some-  
thing like seven thousand miles. The  
cable, therefore, will have to be not  
less than ten thousand miles in  
length. It will be impossible to store  
this vast extent of coiled material in  
any single vessel now afloat. Prob-  
ably several of the largest vessels  
will be required, and they will be  
stationed at intervals along the  
route. One will pay out from San  
Francisco to where the second may  
be stationed, then the ends can be  
joined and then the second one will  
start and pay out until it comes up  
with the third, and the splicing is  
repeated, and so on and on until the  
whole distance has been accomplish-  
ed. It will be a work that should test  
the reliability of mechanics and also  
of exact navigation to the ut-  
most.

**WINNING OF THE WEST.**

After November 3 one may go  
aboard a steamer at New York and  
leave it at San Francisco after four  
days on the road. The trip will be  
shortened, but it will be made  
more convenient. Under the pre-  
sent schedule no change of cars is nec-  
essary. The ocean to ocean limited  
train will represent the acme of  
American railroad luxury and con-  
venience. It is a fit companion to the  
modern five day steamer.

**Rheumatism**

Rheumatic pains are the cries of protest  
against toxins in the blood, and  
aching joints and excruciating  
muscles. The blood is the waste  
matter in the system, and can-  
dies longer supply the pure and health-sustain-  
ing food they require. The whole system  
feels the effect of this acid poison, and  
not until the blood has been purified and  
brought back to a healthy condition will  
the aches and pains cease.

One of the most intense I have  
known completely re-  
sulted. The attack was  
very severe and my  
condition was re-  
markably improved.

I was attended by  
one of the most able  
physicians in Wash-  
ington, who said  
that I was suffering  
from a severe case  
of rheumatism, and  
that I would not  
be able to walk for  
some time. After  
having tried every  
remedy I could  
find, I decided to  
use the great vege-  
table purifier and  
tonic, and I feel  
that I have been  
completely cured.

There are no opiates  
in this medicine, and  
it does not interfere  
with the digestion  
or the elimination  
of the system.

We have prepared a special book on  
Rheumatism which every sufferer from  
this painful disease should read. It is the  
most complete book on the subject of  
the kind in existence. It will be sent  
free to any one desiring it. Write our physi-  
cians fully and freely about your case. We  
make no charge for medical advice.

The homestead contest of Castinro  
Chacon vs. Demetrio Rivera, for SE  
1/4 of section 11, NE 1/4 of section 14,  
township 25 N., range 8 east, Rio Ar-  
riba county, will come up in the fed-  
eral land office in Santa Fe. The con-  
testant through his attorney, B. M.  
Reed, claims that he made applica-  
tion for a small holding a long time  
before the application for a home-  
stead was made and also alleges  
fraud.

**FOR THE SCHOOL FUND.**

Land Commissioner W. K. Keen has  
turned over to Territorial Treasurer  
Vaughn \$8,371.81 on account of re-  
ceipts during October in payment of  
deferred payment notes maturing Oc-  
tober 1, for the rental of school sec-  
tions. The amount is turned into the  
common school income fund and is  
to be apportioned by the superinten-  
dent of public instruction.

**Contract Awarded.**

A meeting of the board of trustees  
of the asylum for the deaf and dumb  
was held in Santa Fe, at the First  
National bank, Trustees R. J. Pallen,  
Fred Muller and S. G. Cartwright and  
Architect I. H. Rapp being in attend-  
ance. Three bids were received for  
the proposed new dormitory and  
school building to be erected south of  
the present asylum for the deaf and  
dumb on the south side, almost oppo-  
site the territorial penitentiary. The  
bids were \$11,061, \$11,075 and \$11,526  
respectively, the lowest bidder being  
J. W. Conant & Bro. of Las Vegas.  
The contract was awarded to  
Major R. J. Pallen was also author-  
ized to negotiate for a lot adjoining  
the present property, with the Wo-  
man's Board of Trade, the owners,  
the price of \$300 to be offered for  
the lot.

**Modern Surgery Surpassed.**

"While suffering from a bad case  
of piles I consulted a physician, who  
advised me to try a box of DeWitt's  
Witch Hazel Ointment," says G. F. Car-  
ter, Atlanta, Ga. "I procured a box  
and was entirely cured. DeWitt's  
Witch Hazel Ointment is a splendid cure  
for piles, giving relief instantly, and  
I heartily recommend it to all suf-  
ferers." Surgery is unnecessary to  
cure piles. DeWitt's Witch Hazel  
Salve will cure any case. Cuts, burns,  
bruises and all other wounds are also  
quickly cured by it. Beware of coun-  
terfeits. B. Rappe, Cosmopolitan

**NEW SANTA FE LINES.**

A temporary folder is being issued  
by the Santa Fe route for circulation  
among station agents of the company,  
covering the changes in the recent  
time card. A special circular is also  
in press, which will be sent out with  
the new time cards. The circular calls  
attention to the changes which have  
been made in the card.

The circular announces the connec-  
tions which will be made by the Santa  
Fe main line with the new lines re-  
cently secured by the road. The trains  
between Williams and the rim of the  
Grand Canyon in Arizona, leave Wil-  
liams at 7 p. m., and arrive in the can-  
yon at 10 p. m. The train returning  
leaves the canyon at 9 a. m. and  
reaches Williams at 11:50 a. m.

On the Santa Fe, Prescott & Phoenix  
line, the train will leave Ash  
Fork at 5:30 p. m., Prescott at 8:05  
p. m., and arrive at Phoenix at 2:05  
a. m. On the return trip, the train  
leaves Phoenix at 4:20 a. m., Prescott  
at 10:30 a. m., and arrives at Ash  
Fork at 1:05 p. m.

A new booklet is also being issued  
by the Santa Fe, entitled "The Call-  
ifornia Limited." It is neatly printed,  
and the illustrations do not seem to  
be up to the high standard of some  
similar nature. The object of the  
booklet is to point out the advantages  
of a winter trip to California or inter-  
mediate points.

**PASTE THIS UP.**

Grand Canyon. The arrivals and depart-  
ures are as follows:

arrive from the east at 11 a. m., and  
leave for the west at 11:30 p. m.

express, will arrive from the east at  
10:40 p. m., and leave for the west  
at 11:30 p. m.

No. 2, from the west, will arrive  
at 8:05 a. m., and leave for the east  
at 8:30 a. m.

No. 4, the Chicago limited, will ar-  
rive from the west at 11:45 p. m., and  
leave for the east at 11:55 p. m.

No. 8 will arrive from the west at  
6:10 a. m., and leave for the east at  
7:10 p. m.

No. 22, from El Paso and Mexico,  
will arrive at 7:10 a. m., and con-  
solidate with No. 2 going east at 8:30  
a. m.

will go south at 11:45 p. m., after  
the arrival of Nos. 1 and 7 from the  
east.

From the east, No. 1, passenger  
train will arrive first, but No. 7 will  
be the first train going west.

Nos. 3 and 4, the California fast  
freight, No. 23, will arrive from the  
east at 10 p. m., and will be made  
up here for both south and west,  
leaving about an hour later.

The new time card affects all pas-  
senger trains going west, and the  
southbound for El Paso, Mexico and  
intermediate points about an hour  
later.

Trains from the south and the train  
from El Paso and Mexico will be run  
on about the same time as the old  
time card.

**PINOS ALTOS FIRE.**

Company Boarding House at Gillett  
Mine Destroyed.

The large frame boarding house,  
occupied by Charles Fox, and situat-  
ed near the Gillett mine, was totally  
destroyed by fire about 7 o'clock Fri-  
day evening.

No one was at home at the time,  
and the supposition is that the house  
was entered for the purpose of rob-  
bery and that a lighted match was  
dropped and the fire started in that  
way. The fire was first discovered  
by workmen at the mine, but the  
cause of the fire was not known.

## Arizona Ponies for Sausage.

"It's no use to beef about it—we're up against it." This is what eight sections of Arizona ponies were whinnying to each other down on the Santa Fe tracks at the Las Vegas depot this morning. They were bought at a high price, for about one dollar per head and were being shipped to St. Louis for beef, sausage and other delicacies. If this goes on the sausage business, a nice bit of pig Weiner-wurst will be a rarity under the sun and Chihuahuan tamales will be extinct.—Las Vegas Optic.

## THE HAIR BRUSH

Breeds Dandruff, Which Causes Falling Hair and Finally Baldness.

Prof. Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malevolent disease and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or cure other disease from another's brush is to insist on the use of Newbro's Hairbrush. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another's brush.

## He Denies That Himself and Wife Were Here During Fair.

New York, Oct. 26, 1901. The Albuquerque Citizen, Albuquerque, N. M.

## Gentlemen:—I received your Weekly

paper dated October 19, and on perusing its interesting columns I came across the following article: "Col. E. A. Grunfeld, while not of the fair in this city when the former was postmaster at Albuquerque, are expected this afternoon from New York and will remain indefinitely." This article certainly conveyed news to me of which I was not aware, and to which I trust the day will not be far distant to visit our old home—in which we spent such pleasant years, at present it is not my pleasure to have the leisure time to accomplish this. I must admit that often I think of Albuquerque and its good people with whom I associated for over twenty years, and I trust the day will not be far distant when I will be able to pay you a visit, even if only for a few days.

## The four years I spent in Albuquerque

and its people, and whenever an opportunity presents itself, I never forget to put in a good word for your fair growing city. With kind regards, Very truly yours,

## E. A. GRUNSFELD.

P. S.—Remember me kindly to Postmaster Hopkins, and tell him he has my sympathy for the next fair to come, and furthermore if his hair has not turned white yet, it will have done so by the time his successor is ready to take charge.

You can prevent this by dieting, but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. ## Starting Out But True.

"If everyone knew what a grand medicine Dr. King's New Discovery is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. I have continued to improve until now I can work at almost all kinds of house-work. I had scarcely any appetite, but it is right now. Have gained several pounds in weight. Chicago, Oct. 26th, 1901.

MESSERS. HALL & LEARNARD, Albuquerque, N. M.

Gentlemen:—Your favor under date of October 22nd is received and contents carefully noted. We have looked over the several plans to which you refer in that favor and in regard to this matter, we beg to say: owing to the very large increase in the demands made upon us we are having a good deal of trouble in making prompt shipments. Our business has grown much faster than we had anticipated and although we are constantly adding to our facilities and resources we find it absolutely impossible to keep up with our natural growth.

Strange to say this increased demand has come almost without and effort on our part either by advertising or otherwise. It has come in practically unsolicited and speaks volumes for the satisfaction which our plans must be giving wherever it has been placed.

We expect within the next few months to move into much larger quarters after which we hope that we can give you and all of our other representatives prompt and more satisfactory attention.

Hoping this explanation for our recent tardiness will be satisfactory we beg to remain, with kind regards,

Yours very truly,

A roadway, for hacks, baggage wagons, etc., at the new depot, is being constructed.

There are at least thirty patients now in the local hospital, and all are reported getting along nicely.

After a siege with blood poisoning, Engineer Sigandollar has been discharged from the local hospital.

Jacob Leichter has gone to New York. He was formerly attached to the storekeeper's office at the local shops.

The new time card, complete, which will go into effect on Sunday, November 2, was published in The Citizen yesterday.

W. H. Mohr left for Los Angeles. The gentleman is the supervising architect for the new additions at the local shops.

Frank Mudge, the San Marcial yardmaster, accompanied by his wife, has gone to St. Joseph, Mo., on a visit to friends.

Virgil Scott is one of the new employees at the Wells, Fargo express office. He is a son of O. H. Scott and came in from La Junta night before last.

Two big engines, ten wheelers, came in from the north and continued west for Los Angeles. They are intended for the San Pedro, Los Angeles & Salt Lake City.

On account of the rush of business on this division of the Santa Fe, engines are now run from this city to station, and from station through Las Vegas, where changes were recently made, back to this city.

Machinist John D. Klehr, who has been on the sick list for a short time, decided to prolong his vacation while longer, and last night left for his old home in Fort Madison, Iowa, to visit with friends and relatives.

It is stated that the dining station at Lamy is to be abandoned and that trains would be so run that breakfast dinner or supper will be served at Albuquerque and Las Vegas, when the trains are anywhere near on time.

Frank Murphy, who was badly injured in the local yards some time ago, since which time he has recovered the use of his injured hand and arm, is now wearing the brass buttons as extra conductor on the Santa Fe Pacific.

The Albuquerque Eastern railway will generate some of the best country in New Mexico, in its route to a connection with the Rock Island and road. Albuquerque citizens ought to be as liberal as they possibly can in their subscriptions.

R. J. Turnbull, master mechanic at the local shops, has announced that beginning with today, November 1, the working hours at the shops will be nine, ending at 5 o'clock instead of 6 o'clock. On account of the short days of winter, the change was necessary.

It is now a foregone conclusion that the Apache canyon cutoff, which the Santa Fe correspondent built in the Denver newspapers, will never be constructed, and this information is upon advice recently given out by President Ripley. However, it looks like Santa Fe will in the next year have the Santa Fe Central railway.

Henry Giegoldt, who on November 1, to become division master mechanic for the Santa Fe railway at La Junta, in charge of the western division, formerly followed the trade of a machinist in the Tuleka and Albuquerque shops. He is a brother of George Giegoldt, now of this city. For some time Raton has been only a small division point requiring the direction of a foreman, but hereafter it is to become a full division point with Master Mechanic C. M. Taylor in charge.

The foot of Augustine Weinrich was amputated at the local hospital on Monday, Dr. Ruse being assisted by Drs. Cornish and Hope, and the patient is getting along nicely. Augustine is about 16 years old and worked at the shops. His foot was crushed and gangrene set in, necessitating the amputation of the foot. Grant Hicks, the telegraph operator at Winslow, is another patient at the hospital who was recently operated
