**REMARKABLE CRIMINAL.**  
The case of Mrs. Anna Freeman, who was yesterday sentenced to ten years in the penitentiary by Judge Parker, is a most remarkable one. She was convicted of larceny by embezzlement, and the evidence was convincing that she is an expert crook and a hardy criminal. Judge Parker says that the evidence in the case showed that she was the most depraved criminal that has ever appeared before his court. In appearance she resembles an old maid school marm, and would enlist the sympathy of anyone not acquainted with her Hyde and Jekyll life. Her case has been appealed to the territorial supreme court, and she will remain in the Las Cruces jail until a decision is handed down. Mrs. Freeman has a number of friends in El Paso, and she secured a cash bond of \$1,000 from the ladies of that city. She is either a singular character, or a victim of singular circumstances.

**RAILROAD CENTER.**  
El Paso is the railroad center of the southwest and it is destined to become a large city in the near future. It is the gateway to Mexico and the two largest smelters in the country are located in the city. The city lacks the unique interests that prevail in Albuquerque, but that is caused by the rapid change from a frontier town to a bustling city. It is charged that the business men pay more attention to chasing and gambling than to looking after the public enterprises. This will soon be changed by natural conditions, and El Paso is destined to become one of the most prosperous and also one of the most energetic and enterprising cities in the whole southwest. There is a warm feeling of friendship between Albuquerque and El Paso. On two or three occasions the Pass city has helped to make our territorial fairs successful, and Albuquerque residents by going in crowds to the midwinter carnivals. There is no feeling of animosity between the two cities, and there is room for each to grow and prosper.

**LAS CRUCES.**  
The editor of The Citizen had the pleasure of spending yesterday in Las Cruces. It was his first visit since 1885. The growth of the town and the improvements made in the beautiful valley in the past fifteen years was a pleasant surprise. The retail business of the town has doubled, and many new business houses and residences adorn the place. All that portion of the valley about the Agricultural college and Mesilla Park station was a barren waste in 1885; now it is a suburban city, with orchards and substantial homes. Las Cruces is destined to be a prosperous college town, and its citizens should organize a town improvement society, with Numa Raymond, Martin Lohman and Major Llewellyn as the executive committee, and they should inaugurate a tree-planting and sidewalk building campaign. The town has wide, straight streets, and it can be made the prettiest in the territory by a little organization and active work. The improvement of the town will pay a big investment, because a college town with handsome streets and pleasant homes attracts good people to the place, with the result that they make investments and become residents and help the general prosperity.

**AGRICULTURAL COLLEGE.**  
One of the best educational institutions in the southwest is the New Mexico College of Agriculture and Mechanic Arts at Las Cruces. The school this term has an enrollment of 191, number in the new college of 191, number in the preparatory department, 102, number in stenography, 27, number of males in entire school, 135, females, 56, number of Mexican pupils, 45. The average age of the students is about 18 years. The board of regents will hold a meeting next Saturday and elect a president to fill the vacancy caused by the recent resignation of Professor Sanders.

The present faculty is composed of earnest workers in the several departments. Professor Hadley is the dean of the college, and despite his many years' service in the cause of education, is one of the most active and energetic of teachers. Professor F. E. Lester is the active business manager of the school, and he looks after all the numerous details and items of expense of the institution. The scientific departments of the school rank high, and compare favorably with any of the new colleges of the west. The mechanical departments are completely equipped and a high grade of instructors are in charge. The mechanical work of the boys in this school is not excelled anywhere in western schools. The college farm is in charge of Professor Vernon and Fabian, and they are making this department interesting and valuable in many ways. The tilling of soils and the growing of grains occupy much of their time, and the result of their work is beneficial to the whole territory. The college needs a few more buildings and facilities, and with an energetic and competent president of the faculty, the school will still further grow and prosper. The attendance is growing and the students represent every portion of the territory. It is the proud boast of the faculty of the Agricultural college that their

From the Chief Clerk.  
Russell Howell came home from an absence of several weeks in Arizona. The Magdalena mountains received their first cap of snow for the season Wednesday night.  
Miss Nettie McMillan, sister of Mrs. John E. Griffith of this city, has returned to Socorro after an absence of several months in Kansas.  
Hon. Eliezer Baca states that fifteen school teachers can find employment in Socorro county at once. That many are needed to fill vacant positions.  
Alex. Brischner of Albuquerque, formerly in the butcher business in this city, was in town for the purpose of buying some cattle of Juan Jose Baca.

P. P. Edle of Albuquerque was with us the first of the week. He received 6,000 lbs. here to be driven to Lamy and there shipped to Fort Collins, Colo., to feed the army.  
It is reported that a young lady who was formerly a resident of Socorro, but who has now resided for some time in Albuquerque, is soon to honor a young man of the Duke city with her heart and hand.  
Dr. and Mrs. C. G. Duncan gave a very enjoyable party at their home on California avenue to a few of their friends. The following guests were present: Mesdames A. C. Thomas and James P. Berry; Misses Olivia Sperry and Effie Berry, and Messrs. A. C. Thomas, W. R. Thomas, George W. Bowman and E. A. Drake.

**For Over Fifty Years.**  
An old and well-tried remedy.  
Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children with teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.  
After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. Alvarado Pharmacy.

**SAN MARCIAL.**  
From the Bee.  
The town of which is to enclose some 15,000 acres of the Armerdian grant for Frank Johnson will be completed this week.  
Fred Street tells us that Carthage coal, a carload of which is due here in a few days, will retail at \$6 per ton. And later on, should Gallup coal be handled, it will cost consumers about \$7.50.

Judge Stansbury has written A. Seely to the effect that he will be again to attend to the extradition matters from the 22d to the 26th of November. He then goes to Cuchillo to remain eight days, ending with December 10.  
As an example of the value a native places upon his earning capacity, we cite the sub-contractor's price for carrying the mail between San Marcial and Clyde. The service calls for six round trips each week, and the distance is three miles each way. For this he gets \$104 per year.

**What's Your Face Worth.**  
Sometimes a fortune, but never, if you use the famous skin medicine, Dr. King's New Life Pills. They clear skin, rid of pimples, rid of blemishes, rid of all skin signs of liver trouble. **LAS CRUCES.**  
From Dona Ana Co. Republican.  
Mr. and Mrs. C. S. Stalling are recent arrivals from Essex, Conn. Mr. Stalling has taken a position of clerk at the Hotel Don Bernardo.  
Kenneth Helver, aged 57, a resident of Mesilla Park, died from asthma, leaving a wife and one child. Mr. Helver was a native of England, but had lived at the Park for eight or nine years.

Work on the telephone line to Organ has made some progress during the week in spite of the bad weather. Work received by J. H. May was to effect that eight miles of wire are yet to be strung.  
Part of the roof of the Martine house, on East Lee street, weakened by the rain of the night before, fell Wednesday morning, and only two persons live in the house—Mr. Bruce and a Mexican—but the roof over their part of the house remains intact. The building is owned by Simon Blum, a former resident of this town.

H. B. Davis, of Salem, Va., accompanied by two daughters, has arrived at Mrs. Jerrell's and will remain for some time. One of the young ladies is a health seeker, who has been at Las Vegas for several months and has now come to Las Cruces to enjoy a milder climate. She and her sister expect to remain all winter.  
Mrs. Norington accompanied the party from Las Vegas, and likewise secured a room at Mrs. Jerrell's.

**It Happened in a Drug Store.**  
"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mrs. C. R. Greenleaf, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could recommend Chamberlain's Cough Remedy, and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy. The remedy owes its great popularity and extensive sale in a large number of people who have been cured by its use. It is for sale by all druggists."

**It Causes Night Alarm.**  
"One night my brother's baby was taken with croup," writes Mrs. C. J. Snider, of Christian, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve. Infallible for coughs, colds, throat and lung troubles. Get it. Trial bottle free at J. H. O'Reilly & Co."

A double wedding, an occurrence that is seldom seen in Hillsboro, took place in the parlor of the residence of Mr. and Mrs. L. W. Galles Tuesday evening. The contracting parties were Mr. Anderson W. Shartzer and Miss Minnie B. Gray, and Mr. Horace Gray and Miss Nellie A. Kelts, all living near Lake Valley, except Mr. Shartzer, who lives near White Oaks. The ceremony was performed by Judge Smith.  
A new remedy for biliousness is now on sale at all drug stores. It is called Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25 per box. Samples free.

**VALENTINE DYING.**  
President of Wells-Fargo a Victim of Heart Disease.  
John J. Valentine, president of the Wells-Fargo express, is lying dead, only ill at his residence in East Oakland, Cal. Ever since last July he has been suffering from acute heart trouble, but not until a month ago was his condition considered serious. A short trip to the springs at Paso Real did not do the capitalist any good, and on October 11 he returned to his home and has been confined to his bed ever since.  
A Fiendish Attack.  
An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys, which effected such a wonderful change that he writes that he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at J. H. O'Reilly & Co.'s drug stores.

Kodol Dyspepsia Cure is not a mere stimulant to tired nature. It affords the most complete and absolute rest by digesting all food and eat. You don't have to diet, but can enjoy all the good things that nature has provided. It instantly relieves that distressed feeling of indigestion, heartburn and liver and stomach trouble. Chamberlain's Pain Balm. Try it. For sale by all druggists.

**Hamilton-Jaramillo.**  
The Denver papers give the following account of the Hamilton-Jaramillo wedding at Colorado Springs on Thursday of last week:  
"At noon, Thursday, in the parlor of the Antlers hotel, Miss Annette Jaramillo of El Rito became the bride of John D. Hamilton, of Denver. The wedding occurred in the south parlor, which was decorated with chrysanthemums and palms. Rev. Father Alvarez, of El Rito, was the officiating clergyman. Miss Laura M. Dowling of Chicago was maid of honor and Miss Mary Jaramillo of El Rito was bridesmaid. The bride wore a gown of white tulle and lace, and the bridesmaid wore a gown of white tulle and lace. The wedding party consisted of the bride, bridesmaid, maid of honor, best man, groom, and groomsmen. The wedding was a most successful one, and the bride and groom were most happy. The wedding party left for Denver Thursday evening, from which place the bride and groom will leave for a honeymoon in the east, after which they will make their home in Denver."

**Remarkable Stage Gown.**  
The gown to be worn by the ladies in the support of Stuart Robson in "The Henrietta," which play is to be presented here at Colombe hall on Friday night, November 1st, are the handsomest and most costly ever designed for stage use. Miss Dorothy Roseberry, the leading lady, went to Paris last summer and was fitted by Worth. One gown she wears cost 10,000 francs. The gowns of Miss Mary Keally, Miss Estelle Carter and Miss Laura Thompson were scarcely less beautiful. Never before have such gowns been seen in the west, and society here will be curious and even anxious to view them, as well as to witness the famous "Henrietta."

**Now is the Time**  
Seasons change. We can't change them. We can't prevent the coming of cold and damp airs.  
But we can prevent the sore throats, the coughs, colds and lung troubles by taking Scott's Emulsion. Nothing does more to make the tender throat tough. Nothing gives such strength to weak lungs.  
Don't take risks—when it's easy to be safe. Now is the season for taking Scott's Emulsion in season.

## DEMING'S NEW PROFESSOR.

A. B. Stroup Accepts the Vacancy. A few days ago Prof. W. W. Robertson, for three terms the successful and popular principal of the Deming high school, resigned his position to accept a more lucrative position with a book publishing concern, of which he had also been connected in the past.

As soon as the resignation of Professor Robertson was accepted, the Deming board of education looked around for a successor and having an offer from Prof. A. B. Stroup of this city, accepted the latter's terms, whereupon Professor Stroup tendered his resignation to the local school board to go into effect at once.

Professor Stroup has been connected with the public schools of Albuquerque for the past three years, and since the opening of the Central school was the popular principal at that institution. The gentleman is held in high esteem by the school board, Superintendent Hickey and the scholars. The Citizen wishes him success in his new field of duty.

It is understood that Superintendent Hickey and the school board have several applicants under consideration, but no action has yet been taken.

Later—it was learned this afternoon that a special meeting of the board of education will be held some time during the present week, when the matter of appointment of a new principal will be considered for the vacancy caused by Professor Stroup. It is probable the appointment will be made and that the position will be occupied before the opening of school next Monday morning.

**CHILDS KILLED.**  
Runaway Causes Death of a Little Girl at Gallup. Special to The Citizen. Gallup, N. M., Oct. 28.—Mary Neel, a child 4 years of age, was killed here about 6 o'clock last evening by W. L. Kuchenecker's transfer wagon.

Several children ran out of a yard into the alley just as the team was passing with a heavy load of grain. The verdict of the coroner's jury was to the effect that the accident was unavoidable on Kuchenecker's part, as he was stopped the team before the wagon struck the child, who was killed by the hoofs of the horses.

Mr. Kuchenecker feels very bad about the matter and has offered to pay the funeral expenses. Mrs. Neel now has three children to support. Her husband is in the insane asylum at Las Vegas.

**MURDER MOST FOUL.**  
Joe Wiggins, a Half Breed Tough, Kills a Good Citizen.

The particulars of the recent shooting and killing of Emilio Jaramillo by Joe Wiggins at the old town of San Marcial are found in the following taken from the Bee:

Between 1 and 2 o'clock last Saturday afternoon in the saloon conducted by Francisco Vargas in Old San Marcial, Joe Wiggins shot to death a good citizen in the person of Emilio Jaramillo.

A few days before the shooting Wiggins returned from Clarkville, McKinley county, for the purpose, some of his acquaintances say, of killing his wife, who resides in old town, as he supposed her to be unfaithful to him. Mrs. Wiggins, who is a Mexican, while the murderer is a half breed, a love affair was in progress.

It is understood that Wiggins was jealous of his wife and he went about threatening those of the neighbors whom he supposed were gossiping about her. Wiggins met Jaramillo on the street in front of the saloon, saw the story book, and asked him to take a drink. Jaramillo entered the place but refused to drink with Wiggins when invited to do so. The saloon man was the only witness to what followed. In front of the bar Jaramillo turned to walk away, when Wiggins, after uttering some foul expression, drew his revolver and discharged every chamber before inspecting the result of the fusillade. Jaramillo fell prostrate in front of the bar. Three bullets had entered his body, the one causing death being
