REBELS IN SAMAR.

Active Insurrection Reported on Island.

Wages Increased in Fall River Mills.

More Evidence in the Admiral Schley Court Inquiry.

YALE UNIVERSITY CELEBRATES.

Washington, Oct. 22.—The navy department received the following cablegram from Rear Admiral Rodgers: "Cavite, Oct. 22.—Active insurrection in Samar. The New York leaves today for Cebu with 300 men, to return to Davao and Balangiga, to cooperate with the army. Nearly all the naval force is concentrated on Samar, for patrol services. The Arcton and Zafra, two colliers, are needed and being utilized."

Wages Increased. Fall River, Mass., Oct. 22.—Notice was posted at the Iron Works cotton mills, increasing wages 5 per cent, to take effect November 4. This is a second raise of 5 per cent in these mills, owned by M. C. D. Borden, New York, within a month.

SCHLEY INQUIRY.

Favorable Testimony for the Hero of the Battle of Santiago.

Washington, Oct. 22.—Lieutenant Wells resumed the witness stand in the Schley court today and continued his narrative of the events of the Cuban campaign under cross examination by Judge Advocate Lemly and Mr. Hanna.

After Lieutenant Wells was excused, Albert W. Mason was called. He was a yeoman of the second class on the Brooklyn during the Santiago campaign and wrote the ship log. His testimony related to the log.

George Edward Graham, Associated Press correspondent, was questioned concerning the conversation between Commodore Schley and Captain Sigbee on the occasion of the captain's visit to the Brooklyn on May 26. He testified: "Schley said to Sigbee: 'Have we got 'em?' Sigbee, the captain, said: 'No, they are not here. I have been here a week, and they are not here.' We went off, further back on the quarter deck, and continued the conversation. Commodore Schley said: 'Are you sure they are not there?' He said: 'I have been very close in the harbor entrance two or three times. Captain Cotton has been in and out the cable; they are not there.'"

"You heard Sigbee say that?" "Yes, sir; I took some part in the conversation."

"Captain Sigbee later took a dispatch written by me and used by Commodore Schley aboard his ship and was to deliver it to one of the small boats or else take it over himself. It was open. It detailed the fact that the fleet was not there."

"Do you remember a reconnaissance on May 31?" "Yes, sir; I was on board the Massachusetts."

"Were you present at any conversation between Commodore Schley and Captain Higginson in the pilot house of the Massachusetts?" "Yes, there was some discussion about what the Spanish fleet brought with them. A report was current that they brought arms and ammunition for the defense of Havana and there also was discussion about whether they had time to mount them, or whether from any of the ships in the harbor prior to the arrival of the fleet they had taken any large guns and mounted them. Commodore Schley said his idea was to go in about 7,000 or 7,500 yards and fire, simply to draw their fire. As far as I remember, Captain Higginson acquiesced in that."

Describing the battle of July 3, Graham said that Schley got in front of the conning tower as soon as the first of the Spanish ships appeared. "The commodore," he said, "stood all the time on the side of the fire, so that he could see what was doing. He was absolutely cool, and sent continuous messages to the men to cheer them up. When Ellis' blood was shot off, he wiped some blood from his

OPERA HOUSE.

GRAND LODGE PROCEEDINGS.

President E. P. Ripley, of the Atchison, Topeka & Santa Fe, arrived here yesterday afternoon in his private car, accompanied by Vice President Paul Morton, General Superintendent J. J. Hurley, Mr. and Mrs. J. A. Ellis, Misses Ripley and Snyder, E. C. Ripley, Hardesty, Maratta, J. A. Post, Howell Jones, Mrs. A. McCall and Miss Payson.

When the president and vice president arrived here they were met by General Superintendent A. G. Wells, General Master Mechanic G. W. Smith, Charles F. Whitteley, secretary, and Edward Chambers of California.

Mr. Ripley was consulted with by Architect Charles F. Whitteley and M. B. Curtis, the well known actor, about a new opera house, and the result of this meeting was the signing of a lease by the president for the use of railroad ground (now occupied by L. B. Putney's store) for a new theater building, and Mr. Curtis was given control of the location for a period of twenty years.

At the expiration of that time the company will either release the land or allow the owners the valuation of the building, which it is occupied, President Ripley wired the railway attorneys in Chicago to draw up the necessary papers and forward them to Albuquerque, where he will receive them in about ten days.

The president and his party left this afternoon for Thornton, from where they will be driven to the ruins of the cliff dwellers in Chaco canyon about sixty miles off the railroad, thence to Acama, and return.

The party is being accompanied on this trip by Richard Wetherell, of the Hyde Exploring Expedition company. They expect to spend ten days on the ruins, and after making the inspection of the ruins, they will return to their respective homes in the east.

SHORT PARAGRAPHS.

Thomas Isherwood, foreman of the molding department at the local shops, yesterday received a letter announcing the death of his brother, William, at his home in Northumberland, England. The cause of death was attributed to apoplexy. The deceased was aged 54 years, was a fancier of the poultry and had gained a wide reputation as an authority on poultry. He leaves six brothers and sisters to mourn, among whom being Thomas and Peter Isherwood, and Mrs. T. G. Pratt, of Albuquerque, and Edward Isherwood of Winslow.

Before the departure of Santa Fe officials yesterday, they were escorted through the hotel building by Messrs. Ford Harvey, V. Vizzetti, the hotel manager, and District Superintendent John Stein. All are very anxious to see the hostelry completed, but it seems as though the workmen will not be able to put on the finishing touches before January first.

Vice President Paul Morton is a particular friend of the noted actor, M. B. Curtis and wife, and as soon as he learned that it was his old friend who was after a site for an opera house in Albuquerque, immediately interested President Ripley, the result being that the latter promptly executed matters satisfactory to Mr. Curtis. It is thought that work on the new opera house will be commenced in a few months, and by fall of next year Albuquerque will have one of the finest and most convenient play houses on the western circuit.

Chinese Have Effective Way of Quiet-ing a Rebellion.

PRESIDENT ROOSEVELT IN CONNECTICUT.

New York, Oct. 22.—The Vienna correspondent of the London Times and New York Times quotes Prestor Schoda, which says it learns from The Hague that Mr. Kruger, Dr. Leyls and Messrs. Wessels, Wolmarans and Fischer held a council of war at the "Villa Caracass" to consider what answer should be made by the Boers to the executions in South Africa. There is said to be no doubt among the Boer leaders that diplomatic protests are inadequate. All present at the meeting except Kruger, says the report, advised immediate reprisals and that for every Boer prisoner executed a captured British officer be shot.

Kruger opposed this plan on the ground that he did not wish to give the campaign the character of a war between savages, although it already had become a war of extermination.

Quelled the Rebellion. Berlin, Oct. 22.—It is announced in a dispatch from Swatow that 140 rebels have been executed and order has been restored in the Hsing Nig district, where several missions were recently destroyed.

A. J. Tazler, who was in charge of the squaws and looms last week, returned to the reservation with the Indians yesterday. The gentleman is a Harvard college ethnologist, and is spending a couple of years on the reservation for the purpose of learning the Navajo language.

**New Mexico demands Statehood
from the Fifty-Seventh Congress.**

ALBUQUERQUE, OCT. 22.
The Kansas City Blues have given
El Paso the blues.

The new opera house should be
built this winter.

New Mexico is solidly opposed to
the leasing of the public lands.

Deming is having a genuine business
boom, and it deserves to be a
city.

If New Mexico is made a state, it
will double in population inside of
five years.

With railroad competition, this city
can secure almost the entire trade
of New Mexico.

Socorro, Gallup and Santa Fe had
the largest numbers of visitors at the
Territorial fair.

Santa Fe is to have free mail de-
livery in a short time. The houses
are now being numbered.

Now is the time to build that East-
ern railroad. The necessary subscrip-
tions should be secured this week.

Cerrillos deserves great credit for
the excellent mineral exhibit at the
Territorial fair from south Santa Fe
county.

Cuba is agitating the question of
annexation to the United States. The
business men of the island favor an
annexation.

Germany has added another requi-
site to the eligibility of her soldiers.
They must be able to swim like the
Americans.

Statistics show that England is for-
most, and the United States is next,
in letter writing. The other nations
are more discreet.

This city must secure the building
of the Eastern railroad. Active work
is necessary to raise the needed sub-
scriptions to the capital stock.

Silver City has an enterprising set
of business men and they can be
depended upon to help boost every
beneficial New Mexico enterprise.

The Territorial fair cost the hus-
band men of the city a lot of hard
work and several thousand dollars,
but it was worth money well ex-
pended.

The New York historical society
owns an entire block on the west side
of Central park and has adopted plans
for a new \$1,000,000 building 204 feet
long and 125 feet deep.

The attempt of the Schley court of
inquiry to discover an easier route
which the Spanish fleet might have
been demolished at Santiago has prac-
tically been abandoned.

The ideal state will be reached
when every citizen of the land will
do everything in his power to uphold
the truth and to cause every citizen
to receive right and justice.

C. W. Morgan has retired from the
editorial charge of the Dona Ana
County Republican, and is succeeded
by Mr. R. E. Mussey, who is a trained
writer and practical printer.

Army officers say the mineral riches
of the island of Mindanao, in the Phi-
lippines, will soon be one of the won-
ders of the world and one of the
greatest gold rushes in history is pre-
dicted.

The United States treasury has an
available surplus of cash amounting
to nearly a billion and a quarter of
dollars. Such conditions are the best
evidence of the prosperity of the
country.

The recent census in Bombay shows
a population of 770,000, or a decrease
of 50,000 in ten years. The loss was
caused by the exodus on account of
the plague. The central provinces of
India lost 1,100,000 population in the
same time.

The railroad soliciting committee
will this week make a canvass of the
city for subscriptions to the capital
stock of the Eastern railroad. Every
member of the committee is urgent-
ly requested to be at Mayor Marron's
office at 9 o'clock tomorrow morning.

London has started a movement
against blinkers for horses, which is
most cases are useless and harmful
to the sight of the animals. Most of
the great railroad companies and one
of the tramway lines have done away
with them, so that now, it is stated,
30,000 horses are working without
blinkers.

A GOOD TOWN.
The Otero County Advocate says
that despite the pessimistic pre-
dictions that are occasionally heard, Al-
mogordo continues to forge rapidly
to the front. The new railroad along
the capacity of the old, have
but recently been completed. Work
will be commenced in a few days on
a \$30,000 court house; the plans and
specifications are now being prepared
for a \$30,000 hospital, and the last
extensive improvement to be au-

Chambliss Springs. Mr. Davenport
has had considerable experience in
the engineering department of im-
portant eastern roads and will doubt-

his new position.
According to a well authenticated
report received in the city, Prof. E.
S. Coop, principal of the city schools
two years ago, recently died at the
home of his parents in Paris, Ill. Ac-
cording to the report, Professor Coop
had a short time before been appoint-

Rico and had just left Mogollon to
begin his duties. He was a native of
the northwestern part of the state, and
was a devoted citizen of Socorro, and

his old home on the way. On arriving
home he suddenly sickened and died.
The news of Professor Coop's death
was received with general sorrow in

Wednesday from a six months' visit
to her old home in Germany. She had
a most pleasant stay in the father-
land, but was glad to get back to home
and friends in Deming.
Mrs. A. J. Clossin and daughter,
Miss Maud, leave next Monday for In-
dianapolis, where they will visit
friends. Mrs. Clossin has been one of
the Headlight force for some time
past and while we regret to see her
go we wish her a most pleasant trip.
At sixty-five feet from the Ameri-
can consolidated company, which is
developing in the White Signal dis-
trict, struck twenty inches of medium
high to fine sandstone. The sandstone
opened across the entire width of the
shaft and promises to be permanent.
Leon Miller and Mrs. Brett of El
Paso have been granted a franchise
to establish a telephone system in
Deming, and will begin the work
shortly. A line will also be run out
to Payson Springs. Mrs. Brett has
a large interest in the El Paso tele-
phone system.
Miss Georgie Scarborough, one of
the Headlight force, is reported to
have secured the Lake Valley school
and leaves next week to assume her
duties. The Headlight commends her
for her fine record in the school and
wishes her much success in her chosen
profession.

SILVER CITY.
From the Enterprise.
Miss Belle Brown of Deming, who
is attending the Normal school at
this place, is reported to be very
ill and unable to leave her room.
Mrs. Moorman and little daughter
left for Louisville, Ky., where they
will spend the winter with the late
Moorman's parents.
Mr. and Mrs. C. C. Reid and daughter
have gone to Clifton, where they
will spend the winter. The Reid
hotel and have taken charge of the
property.
Mr. and Mrs. Newcomb left last Sat-
urday evening for Houston. The judge
will return next week, while Mrs.
Newcomb will remain a month or so
visiting relatives and friends in the
Hill country.

Mrs. J. W. Masters and daughter,
Miss Maud, family of the well known
postal clerk between Silver City and
the Hill country, are reported to be
on a visit with relatives and friends in
Hillsboro, Texas.

R. H. Oldham, a prominent cattle
man from Steele Creek, was in Sil-
ver City, laying in a stock of supplies
for his ranch. Mr. Oldham says the
range in the western part of the coun-
ty is in the hands of the cattle men,
and that very few
cattle will be shipped out from his
part of the country.

An important business change took
place in Silver City, when Mayor J.
W. Fleming turned over the American
in the big wholesale and retail liquor
store of Fleming & Golding to George
H. Bell of this city. Mayor Fleming
will devote all his time to his exten-
sive mining interests in this district.

The cowboy sat down on the
ground, and looked at his watch. He
looked sadly at his watch. "Bill," he
said, "it's no use. I can't go to the
Albuquerque carnival with you."
"Why?" asked Bill. "I've only \$20
to my name." "Figure it up again,"
said Bill. "No use. I've figured it
up a dozen times, and it always comes
out the same. I'll take \$20 for the
drunk, dollar and a half for cartridges,
and that won't leave me a cent to
pay the fine."

HILLSBORO.
From the Advocate.
Frost has pinched vegetation in this
vicinity.
Harry Elliot and Will Borland are
killing car on the range.
Mr. and Mrs. L. W. Gales took in
the Territorial fair.

Tom Murphy is at Albuquerque. He
went as a statehood delegate, and will
also attend the grand lodge of Ma-
sons.
A petition to President Roosevelt is
being numerously signed asking the
appointment of Frank W. Parker as
district judge. His fitness for the of-
fice appeals alike to both republicans,
democrats and independents in this
place.

James Dalglish, Walt Sanders and J.
H. Jones left for Santa Fe. They
went overland with a herd of horses
for the Santa Fe Central. Mr. Dal-
glish expects to take charge of one of
the company's new stores when ready
for business.

"I had long suffered from indigestion,"
writes G. A. Leides, Cedar City, Mo.
"Like others I tried many preparations,
but never found anything that did me
good until I found Kodol Dyspepsia Cure.
One bottle cured me. A friend who had
suffered similarly I put on the use of
Kodol Dyspepsia Cure. He is gaining fast
and will soon be able to work. Before he
used Kodol Dyspepsia Cure indigestion
made him a total wreck. B. Ruppe,
Cosmopolitan."

It Causes Night Alarm.
"One night when my baby was taken
with croup," writes Mrs. J. C. Rinder,
of Crittenden, Ky., "it seemed it would
strangle before we would get a doctor, so
I used King's New Discovery, which
gave relief and permanently cured it.
We always keep it in the house to
protect our children from croup and
whooping cough. I cured me of a chron-
ic bronchitis trouble that no other remedy
could relieve. It is reliable for coughs,
colds, throat and lung troubles, whooping
cough, and all other ailments. B. Ruppe,
Cosmopolitan."

Notice.
To all persons who are in the
undiscovered, have this day sold, bargained
and delivered my goods at Pena Blau-
co, which are at the home of Mrs. Car-
olina E. Montoya, together with all the
book accounts and notes belonging to
undiscovered business, in Herodano
and Perillano Ortiz and I am responsi-
ble for any debts that I owe up to the
date signed below.

ANTONIO ORTIZ.
Pena Blanca, Oct. 14, 1901.

Mrs. T. Biddleman, of Marshallville,
Mich., was troubled with salt rheum for
thirteen years and had tried a number
of doctors without relief. After two ap-
plications of Banner Salve her hands be-
came better and in a short time she was
entirely cured. Beware of substitutes.

you forgotten about the cough
medicine your grandmother
gave you fifty years ago—
Ayer's Cherry Pectoral?
Ask your doctor how many
years he has prescribed it.

pletely cured me.

Economist. You know that you can offer
no reason that can be sufficient for pass-
ing the store where the best and cheap-
est go together.

DONT expect your wife to meet you
pleasantly if you've gone to some other
store than the Economist, when she ex-
pectantly told you to go nowhere else.
DONT do these things if you expect to
live long and keep your hair on.

For Over Fifty Years.
An old and well-tried remedy.
Mrs. Winslow's Soothing Syrup has
been used for over fifty years by millions
of mothers for their children while teeth-
ing, with perfect success. It soothes the
child, softens the gums, allays the pain,
cures wind colic and is the best remedy
for diarrhoea. It is pleasant to the taste.
Sold by druggists in every part of the
world. Twenty-five cents a bottle. Its
value is incalculable. Be sure and ask for
Mrs. Winslow's Soothing Syrup and take
no other kind.
