## HANGING BOERS.

### Commander and Two Farmers Executed.

### Big Mining Company Incorporated in New York.

### Miss Stone Guarded by Twenty Bulgarian Brigands.

### WEALTHY MONTANA RANCHER POISONED.

Middleburg, Cape Colony, Oct. 12.—Commander Lott, the Cape rebel, whose commando consisted almost wholly of rebels, was captured south of Petersburg in September and who was sentenced to death, was executed yesterday.

Two young farmers who twice joined the Boers have been hanged at Vryburg.

Commandant Lott had been tried and found guilty on eight counts, including murder of unarmed recruits, murder of troops in action, blowing up railroads and committing British subjects and Europeans.

**BOER COMMANDANT CAPTURED.**  
London, Oct. 12.—Lord Kitchener reports that General French's commando captured Commander Scheepers, but does not state whether Scheepers's commando, which has been active in Cape Colony, was captured or not. The British have been in pursuit of a couple of weeks. Scheepers was so ill that he was obliged to travel in a buggy.

**Big Mining Company.**  
Albany, N. Y., Oct. 12.—A Mexican mining and smelting company has been incorporated with a capital of \$10,000,000 to operate mines in Durango, Mex. The principal office of the company will be in New York city. Henry H. Brady, Jr., of Scranton, subscribed for \$250,000 of stock.

**Miss Stone's Guards.**  
New York, Oct. 12.—According to a Sofia correspondent of the World the Bulgarian police are assured that Miss Ellen M. Stone, the kidnapped American missionary, has been conducted by twenty brigands close to the village of La Karita in Turkish territory.

**Rescuing the Ransom.**  
Constantinople, Oct. 12.—Since the brigands who abducted Miss Stone were located on the mountain of Gultepe, the approach of troops induced them to change their retreat. They are now hiding on the Turkish-Bulgarian frontier, ready to demand to either side as the circumstances demand.

The decision to suspend movements of troops was partially due to difficulties of operating in a mountainous country and partly owing to the fear that further advance might induce them to change their retreat. They are now hiding on the Turkish-Bulgarian frontier, ready to demand to either side as the circumstances demand.

**Montana Rancher Poisoned.**  
Roseman, Mont., Oct. 12.—John Black, a wealthy rancher, resident of Galatin Valley, died last night of morphia poisoning. His wife and hired man are charged with the crime.

### SCHLEY INQUIRY.

### Government Witnesses Will Close Their Testimony Next Monday.

Washington, D. C., Oct. 12.—Captain F. E. Chadwick, Admiral Sampson's chief of staff during the war with Spain, continued his testimony before the Schley court of inquiry today under cross-examination by Mr. Rayner. Other witnesses were Lieutenant Schuyler A. Stanton, Chadwick's principal assistant; Lieutenant Nathan C. Twining, officer aboard the Iowa during the Santiago campaign.

Captain Lemly said today that he expected to conclude the presentation of the government's side of the case on Monday. It is understood that Rayner is prepared to immediately begin introduction of Schley's witnesses and will press the case forward rapidly.

Lieutenant Commander Stanton related the particulars of his securing information of the presence of Cervantes's fleet at Santiago. He said while the fleet under Sampson lay at Key West on the morning of May 23, he went ashore. While in the office of Commodore Hovey he said that Captain Allen of the signal service told him that he had received information of the presence of the Spanish fleet at Santiago, which he believed

## TERRITORIAL FAIR.

### Items of Interest to the Public.

### Merchants and Outsiders Preparing Exhibits.

### Advance Guard of a Big Crowd Now Arriving in City.

### DISPLAY OF NAVAJO BLANKETS.

The Italian band will play at the depot tonight, when the remainder of the league base ball players arrive from the east.

The teachers and pupils of the public schools are busily engaged now in preparing their fair exhibits and paraphernalia.

The Albuquerque Guards will act as escort committee to Governor Otero next Tuesday. Ten new members were elected at the meeting of the Guards last night.

The Bernalillo county exhibit will be something fine. It will consist of mineral ores, timber, vegetables and fruits, and will show what can be raised in the great county of Bernalillo.

H. Westerfield & Co. have erected a clear booth in front of their store on West Railroad avenue, while adjoining Jim Coleman, the shiner at Hahn's barber shop, is putting up a black booth.

The approach of the Territorial fair has brought together in the city quite a number of undesirable people, but City Marshal McMullen has their records and has instructed his force to keep a watch on them.

Secretary McCutchen of the Press association would like the visiting pressmen of this territory, Arizona and El Paso, if not otherwise seen, to call at The Citizen office and leave their names.

C. T. Brown, of Socorro, came in from the south this morning, personally to see to it that his display of one from the Black Range country is properly placed in the exhibition hall. Mr. Brown will make a fine exhibit.

The local horsemen were at the office of the secretary last night and before the harness entries closed affixed the names of their horses to many of the trotting and pacing entries. Quite a number of Colorado trotters entered by letter.

Frank Chance, the Chicago National league base ball catcher, who is here to play with the Albuquerque at the fair tomorrow, was married in Chicago, October 8 to Miss Edith Panake. After the fair they will continue to southern California on their wedding tour.

Among the visitors to arrive in Albuquerque to take in the fair will be a party of thirty-nine people, coming overland from San Juan county. The party will be comprised of members of and those associated with the Laramie Expedition and their families.

Sixteen wagons loaded with specimens of minerals, agricultural and horticultural displays from San Juan county, have started from Farmington and are expected to arrive in Albuquerque Tuesday. En route to this city the train was joined at Pueblo Bonito by nineteen other wagons loaded with Navajo Indian work, curios, etc.

Messrs. Hall & Leonard are busy preparing their booth at exhibition hall, where they will have a fine display of musical instruments, including Chickering Bros. make of pianos. One of the features of the exhibit to be made by these gentlemen will be a daily concert, at which will be heard some of Albuquerque's best talent in vocal and instrumental selections.

As announced in a special dispatch to The Citizen, published yesterday afternoon, Secretary McCutchen will return from Kansas City tonight and he will be accompanied by Robert Carruthers, the umpire, and Hartel and Green of the Chicago National league, who will play in the fair tournament for Albuquerque. Carl Enlis will pass down the road tonight with the Kansas City Blues.

The Flagstaff Sun says: "Frank Rodenberger will be among the number who will leave Flagstaff next Monday for Albuquerque to visit the fair, which comes off in that city next week. S. Barron, the Flagstaff merchant tailor, will leave Monday for the Albuquerque fair and to meet his wife at that point, who has been visiting in Texas for several weeks."

Many merchants are arranging their front windows for a grand display of goods for next week, but the window that is catching the eye today is that of the clothing store at Simon Stern's clothing house. The artistic decorations from the manner in which he has brought out the demand for staidness for New Mexico, shows conclusively that he is a staidest boomer and intelligent Rodenberger and others are requested to take a peep at the window.

**Marshals of Parade.**  
The Fifth ward school of Old Albuquerque is requested to take part in the parade. In printing the program it should be noted that the Fifth ward school is at Sixth ward, Bernalillo schools.

**SUGAR BEETS.**  
The Agricultural College Will Send a 40 Exhibit.

An interesting feature and one that is typical of the practical character of the big exhibit that is coming to the fair from the college at Modita Park, is that of sugar beets. There will be shown a striking and graphic manner the relative superiority of the conditions in New Mexico for growing sugar beets from those in other states and of the sugar value of New Mexico sugar beets over any others. A quantity of the beets grown on the college farm will be shown with nearly the amount of sugar in such beets, as determined by analysis covering several years. The striking superiority of beets grown in Santa Fe county and in San Juan county will be made plain to even the casual observer and the whole sugar beet ex-

## FOR NEW MEXICO.

### President Roosevelt in Favor of Statehood.

### Crowe, the Kidnaper, Offers to Surrender.

### Omaha & St. Louis Railroad Sold for \$125,000.

### MURDER TRIAL IN KENTUCKY.

**Special to Citizen.**

**Crowe Offers to Surrender.**  
Omaha, Neb., Oct. 12.—Chief of Police Donahue has received from Patrick Crowe, through a friend, an offer to surrender himself and stand trial in the courts if the reward of \$50,000 hanging over his head for alleged kidnaping of Edward A. Cudahy, Jr., is withdrawn. The chief is negotiating with him for surrender.

**Chief Donahue made the counter offer to waive the reward himself, saying that nobody could secure it. The chief says that Crowe is less than 50 miles from Omaha, and not with his relatives.**

**Railroad Sold.**  
Omaha, Neb., Oct. 12.—When the special master in chancery, Robert H. Kern, today offered the franchises and property of the Omaha & St. Louis railroad for sale there was but one bid, Edwin W. Chelton, representing W. Emen Roosevelt, chairman of the bondholders' committee, offered \$125,000 for the property. It was knocked down at that price. The road will be turned over to the Washab company.

New Mexico demands Statehood  
from the Fifty-Seventh Congress.

The New Mexico Territorial Fair  
will be held in Albuquerque from Oc-  
tober 15th to October 19th. Premium  
list will aggregate \$10,000.

ALBUQUERQUE, OCT. 12, 1901.

The Citizen invites all its friends to  
call at the office during fair week.

Everybody in this city is cleaning  
house and getting ready to entertain  
visitors next week.

New Mexico people want statehood,  
and the mass meeting in this city  
Tuesday will be a success.

Every citizen of Albuquerque should  
consider himself a member of one of  
the committees at the fair.

Nearly all the mosquitoes have left this  
city and nearly every resident is a  
holder of any worthy public enter-  
prise.

The Masonic grand lodge will convene  
in this city next week and the local  
lodge is arranging a banquet for the  
visitors.

The Pueblo Chieftain says: "The great-  
est fair ever held in the southwest  
will be that at Albuquerque beginning  
Tuesday."

Grand juries are relics of barbarism  
and should be abolished. People ca-  
pable of self-government do not need  
secret inquisitions.

The Cuban constitutional convention  
has completed its labors and the  
chapter in Cuba's progress toward in-  
dependent government is ended.

There will be six tickets on the Ohio  
official ballot this year, but as usual,  
aside from the republican candidates,  
the others will be in the "also ran" col-  
umn.

Cuba wants to become a part of the  
United States, the sentiment in  
Canada is steadily growing and  
eventually Mexico will be knocking at  
the door.

The cowboys of the southwest will en-  
joy a reunion at the fair next week,  
and the roping contests and wild horse  
riding will be exciting events of the big  
exhibition.

The extent of the Beaumont oil field is  
discouraging the wildest dreams of its  
discoverers and promoters. It is no  
stretch of the imagination to say that  
Texas has oil to burn.

The base ball tournament will be  
worthy coming a long distance to wit-  
ness. The clubs in the contest are the  
best in the United States, the champion  
players of the big eastern leagues.

The Bernalillo county exhibit will be  
a great showing for the resources of the  
county. The committee, Messrs. E. A.  
Miera, Herman Blumher and Felipe Hu-  
bbs, are doing good work collecting the  
exhibit.

State, territorial, county and municipal  
taxes paid by the Santa Fe territory  
last year aggregated \$140,263.83, being  
2.99 per cent of the total receipts from  
all sources and 8.08 per cent of the total  
net revenue for the year.

The Sampson-Schley affair is not cred-  
itable to the people of the United States.  
The victory at Santiago was a decisive  
one and it is too bad to have it spoiled  
by such a contention as is now going on  
before the board of inquiry at Washing-  
ton.

OF SAVING FUNDS POLICY NO. 236,  
562 AT END OF ITS ACCUMULATION  
PERIOD.

Twenty years ago, in 1881, Mr. G. M.  
of Brooklyn, then forty-four years of  
age, secured his life in the EQUITABLE  
under Savings Fund Policy No. 236,562.  
This policy was issued on the 20-  
payment life form, which requires the  
annual premium was \$10.00. For twenty  
years Mr. M. has been protected by  
\$1000.00 of insurance, and if he had died  
at any time his family would at once  
have received \$10,000. However, he has  
not died, and now, in 1901, he has the  
choice of the following options:

(1) To continue  
the policy (Now  
fully paid up) for \$10,000.00  
and receive a  
cash dividend of 5,011.90

(2) To convert  
the policy and  
dividend into full-  
paid-up assurance  
for \$17,410.00

(3) To receive  
the surrender  
value of the policy  
in cash \$11,438.80

J. W. Mackay has laid before President  
Roosevelt his plan for a privately  
conducted cable. He proposes to lay  
own and control it himself, and all he  
asks of the government is that he be  
given landing privileges at Hawaii,  
Guam and Manila. He wants no con-  
cessions or subsidies, and will construct  
and maintain the cable at his private  
cost, or that of himself and his asso-  
ciates. He promises to reduce the rates  
to the far east from 40 to 60 per cent.

of Chicago, will accompany them, and the  
latter will visit Mrs. Grunsfeld.

Hon. J. A. Mahoney, the big hardware  
merchant of Denning, who was back east

Mr. St. Louis, Mo., of which insti-  
tution he is a graduate and in which he  
was assistant professor of mathematics.  
All applicants for membership in the  
university will see him and pass muster.

Edward Gertig, a popular carpenter of  
the city, is enjoying a visit from his  
father and mother, J. W. E. Gertig and  
sister, Miss Katie, who arrived Thursday  
night from Maudslott, O. With the two  
daughters who arrived here some time  
ago, the Gertig family is now complete,  
and they will all reside here in the fu-  
ture.

Thursday night for Chicago, where at  
present Mrs. M. S. Otero and daughter,  
Miss Dolores, mother and sister of Mr.  
Harrison, are stopping. The party, so it  
is understood, will remain away until af-  
ter the marriage of Miss Dolores to Mr.

time, so says rumor.

**METHODIST CONFERENCES.**

The Second Day—East Las Vegas Chosen  
Next Place of Meeting.

The Methodist conference convened  
yesterday morning at 8:30 in St. John's  
Methodist Episcopal church, Santa Fe.  
The first half hour was devoted to de-  
votional exercises, led by C. A. Bunker  
and Juan Sandoval. At 9 a. m. Bishop  
Pittenger took the chair and took up the  
report of the conference. Reports from the  
different churches were made and passed.  
East Las Vegas was chosen as the next  
place for the meeting of the conference.  
J. F. Kellum, of Santa Fe, and A. B.  
Morrison were appointed a committee on  
the publication of the conference min-  
utes. Roll call showed the presence of  
P. B. Borden, in addition to those who  
answered the roll call on Thursday.  
The Spanish conference resumed its  
work. At 11 o'clock the Woman's Moun-  
tain society organized a branch  
society at the Methodist parsonage  
through its secretary, Mrs. Bodkin.

**CONVICT ESCAPES.**

Juan Montenegro, a Trusty, Employed as  
Gardener, Leaves Penitentiary.

Thursday afternoon about 4:30 o'clock,  
a convict, Juan Montenegro by name,  
who was a trusty and had been working  
in the garden of the penitentiary at Santa  
Fe, caught a horse grazing in the vi-  
cinity of the garden and belonging to  
Manuel Rodriguez y Valencia, mounted  
it and skipped, desiring to breathe the  
fresh and salubrious air of New Mex-  
ico and enjoy its health-giving sunshine  
again as a free man. Montenegro was  
sentenced from Dona Ana county for  
three years for assault. He had served  
two years and three months of that  
time. He was a very well behaved pri-  
soner and did good work as a gardener.  
Having but a few months to serve and  
having behaved very well, he had been  
a trusty for some time. The penitentiary  
authorities have sent a posse in pursuit  
of Montenegro, and Rodriguez, whose  
horse Montenegro stole, has also a couple  
of men trailing him. His capture is but  
a question of time.

**CHANGE ITS ROUTE.**

It is said the Santa Fe Railway Will Avoid  
Apache Canyon.

A special dispatch sent from Den-  
ver, under date of October 10, says:  
By changing forty miles of its line in  
New Mexico the Santa Fe will spend  
\$300,000. This vast sum will be saved  
in less than six years on repairs that  
are now necessary on account of wash-  
outs.

The contemplated change will place  
the line on the main line of the road  
which bears its name, in place of the  
branch road eighteen miles long. Third  
Vice President Bendrick and General  
manager Mudge left Denver yesterday  
for an inspection trip.

Recent cloudbursts and track wash-  
outs caused the officials to take steps to  
change the line. Between Las Vegas  
and San Pedro the Santa Fe line follows  
a creek. It is in the Giorietta moun-  
tains, where cloudbursts are frequent  
and they are continually having wash-  
outs.

Then, too, Giorietta is much higher  
than Las Vegas and Albuquerque and  
engines will have an easier grade on  
the new line, which will begin near  
Las Vegas and be built higher up the  
mountains, where it cannot be reached  
by streams. It will connect with Santa  
Fe on the main line and connect with  
the present main line at San Pedro.

In the railroad news of the Las Ve-  
gas Optic, under the same date, that  
paper says:  
A corps of surveyors of the Santa Fe  
railway, fifteen men strong, is at pre-  
sent surveying line around Apache can-  
yon for the Santa Fe railway. They  
are reluctant to see the ultimate plans of  
the railroad, but it is said to be their  
intention of running the main line via  
Santa Fe to avoid the costly washouts  
in Apache canyon, the steep grade of

**Run Down**

Then don't expect to be  
cured in a minute! It takes  
a little time to get your blood  
pure and rich. We haven't  
room to explain. Just ask  
your doctor why Ayer's Sas-  
saparilla is such a good  
medicine for debility, weak  
nerves, and indigestion.

"I was very poorly and could hardly  
get about the house. Then I tried  
Ayer's Sarsaparilla, and only two bot-  
tles of it made me feel perfectly well."  
Mrs. N. S. Swinney, Princeton, Mass.  
H. A. Druggist.

The railroad officials who were here  
yesterday, among whom were Messrs.  
Bendrick, Mudge and Dunn, did not  
even intimate that the track would be  
changed from Apache canyon, although  
they were asked what improvements  
were in contemplation for the Santa Fe  
and other sections of the great south-  
west by the Santa Fe railway. They  
stated that the track in many places  
would be improved, raised, changed and  
rebuilt, and that the roadbed south  
and west from this city would be put in  
line condition for fast and safe travel-  
ing.

While here the officials inspected the  
shops and the new additions being made  
to them, looked over the new hotel and  
depot and even the new Wells-Fargo  
Express company building. They ex-  
pressed themselves fully satisfied with the  
work in progress on the improvements.  
The officials left for the east on a spec-  
ial train immediately after the inspec-  
tion.

of the city, and has been promoted to  
assistant to W. W. Pate, agent of the  
Santa Fe road at this city. Mr. Zim-  
merman started his railroad work as an  
office boy in the Topeka general office  
and has been promoted from time to  
time to his present position. Mr. Zim-  
merman's successor as mailing clerk has  
not yet been announced.

**METHODIST CONFERENCES.**

The Second Day—East Las Vegas Chosen  
Next Place of Meeting.

The Methodist conference convened  
yesterday morning at 8:30 in St. John's  
Methodist Episcopal church, Santa Fe.  
The first half hour was devoted to de-  
votional exercises, led by C. A. Bunker  
and Juan Sandoval. At 9 a. m. Bishop  
Pittenger took the chair and took up the  
report of the conference. Reports from the  
different churches were made and passed.  
East Las Vegas was chosen as the next  
place for the meeting of the conference.  
J. F. Kellum, of Santa Fe, and A. B.  
Morrison were appointed a committee on  
the publication of the conference min-  
utes. Roll call showed the presence of  
P. B. Borden, in addition to those who  
answered the roll call on Thursday.  
The Spanish conference resumed its  
work. At 11 o'clock the Woman's Moun-  
tain society organized a branch  
society at the Methodist parsonage  
through its secretary, Mrs. Bodkin.  
At 3 p. m. the educational anniversary  
was held under the direction of Dr. Har-

According to the Raton Range, published in this territory, the Mountain and Plain festival, held at Denver, Colo., was not a success. The Range tells the story in the following editorial:

The Festival of Mountain and Plain at Denver last week was not a success. Attendance was not nearly up to what had been expected and the business men who contributed so liberally to the event were out of pocket. The truth is that people are growing more sensitive to war and home and justification bordering on the obscene do not attract as much as they did. As the world moves and sanity becomes more prevalent the old-fashioned manner of observing the Fourth of July and the various events of Jollification in this country will become obsolete. May the country to progress turn swiftly. May the

Commenting on the manner in which the Santa Fe Railroad company has advertised the approaching Territorial fair to Raton Range says:

The general passenger department of the Santa Fe road has just issued a magnificent banner, printed in colors and announcing a rate of 14 cent per mile for distance traveled from El Paso, San Antonio, New Orleans, Chicago, and intermediate points to Albuquerque during the coming week. The rate is certainly an exceedingly liberal rate and will undoubtedly result in great crowds.
