BOERS AGGRESSIVE

Gen. Botha Escapes His English Pursuers.

Fortune Tellers in London on Trial.

Ohio Woman Accused of Wholesale Murders Held for Trial.

ADMIRAL SCHLEY INVESTIGATION.

London, Oct. 10.—The widely unan-
imous opinion in South Africa con-
tinues the almost severe criticism.
Lord Kitchener today writes that Gen-
eral Botha has crossed the Pinaro river,
twenty miles north of Vryheid, which
means that he again has escaped the
British cordon. General Buller, in a
speech this afternoon, complained of the
general criticism, especially in newspa-
pers, of himself. He admitted that he
had advised General Sir George White
that it would possibly be necessary to
surrender Ladysmith, but to bear in
mind all the circumstances of the case
and was quite prepared to let the public
judge of the justifiability of newspaper
attacks.

TRIAL OF FORTUNE TELLERS.

London Authorities Prosecuting a Gang of Smooth Criminals.

London, Oct. 10.—The hearing of The-
odore and Laura Jackson, alias Horos,
charged with the murder of a woman
and women of money and jewelry for fortune
telling, was resumed here today. Laura
Jackson was formerly Ann Odella Dix and
was known as "The Fortune Teller."
The case against her is a sensational one,
three charges against the prisoner, of
obtaining money under false pretenses,
seduction and rape. Horos, a native
Irishman, a religious sect called "Theosophical
unity," claimed attributes of divine power
and induced girls to mislead them-
selves with Theodore under the belief
that it was a religious sect. Theodore
was a religious devotee. A well known woman
of 23 years of age, who prosecuted, says she
is the oldest of many victims. Horos
testified to the support of the "Theosophical
unity." The case adjourned until to-
morrow.

THE OHIO BORGIA.

Woman Charged with Committing Many Crimes Held in Jail.

Dayton, O., Oct. 10.—Pending an in-
vestigation which will determine if there
is or not the charge of murder will be pre-
ferred against Mary Belle Witter, sus-
pected of wholesale poisoning, the pris-
oner is still detained in the county jail.
The station, though habeas corpus pro-
ceedings are expected. Today the bodies
of Frank D. Witter, fourth husband of
the suspect, and Mrs. George C. Witter,
sister, both supposed victims, were dis-
interred. The vital organs were turned
over to Prof. Howard, chemist.

SCHLEY INVESTIGATION.

More Evidence in the Long Drawn Out Case.

Washington, D. C., Oct. 10.—The Schley
naval court of inquiry began business at
11 o'clock today. Lieutenant Edward F.
Lefler, who had not concluded when the
court adjourned for the day, took the
stand.

He said in reply to questions in regard
to the recommissioning on May 21 that com-
pared with the strength of the ships of
the squadron the batteries were weak.
Lieutenant Commander William
Schuetz, navigator of the battleship
Iowa, in command of 1886 and now as-
sistant of companies of the navy
department, was the next witness. A
member of the board of investigation
which prepared the official chart of the
positions of the vessels engaged on both
sides in the battle of July 3, said he was
not satisfied with the report, which was
signed under protest.

Factory Blast Up.

Oil City, Pa., Oct. 10.—The nitro-
glycerine factory at Roke Farm was
blown up today. The cause will never
be known, as the only persons about the
place were instantly killed. They were
Clarence Ward, manager and assistant,
Frank Gross.

President Snowed Out.

Salt Lake City, Utah, Oct. 10.—Presi-
dent Lorenzo Snow of the Mormon
church, is critically ill and grave fears
are entertained for his recovery. Snow
contracted a severe cold several days

ago, which developed acute bronchitis,
and this afternoon his condition is re-
ported most alarming.

Minister Choate.

London, Oct. 10.—There is no founda-
tion for the report published in the Uni-
ted States that Ambassador Choate, who
sails for the United States with his fam-
ily on Saturday, to take a holiday, will
not return to London.

Marshal of Hawaii.

Washington, D. C., Oct. 10.—The presi-
dent today appointed Eugene R. Hen-
drix, of Hawaii, United States marshal of
the territory of Hawaii.

Traffic Collide.

Duluth, Minn., Oct. 10.—Two freight
trains collided near Lombard, Ill., early
today, resulting in the death of Engineer
Charles Andrews; firemen Housen and
Mayhew; brakemen Giesen, and three
tramps were slightly injured.

WILL APPOINT THE DESERVING.

President Roosevelt Will Promote Army Officers for Meritorious Service.

Washington, D. C., Oct. 10.—Represent-
ative Thompson of Alabama presented
to the president a memorial from John
B. McDonald of the Third cavalry, who
is an applicant for a brigadier gen-
eralship. Captain McDonald was wound-
ed in the Philippines last spring while
leading a force of insurgents under
General Tinto, whom he captured. Rep-
resentative Thompson said that the presi-
dent informed him that he believed in
rewarding officers for exceptional ser-
vice and should not hesitate if the oc-
casion warranted to do so by jumping
them over their superiors.

Ball Game Sunday.

Tomorrow evening the National League ball players will represent Albuquerque.

Tomorrow evening the National League
ball players will represent Albuquerque.
The game will be played in order to
give Albuquerque a chance to get
a line on their team. Matthewson and
Chance will compose one battery and
Waddell and McDonald the other. The
players are to be divided up in such a
manner as to insure a better game of
ball than has been seen in this city for
a number of years. There are now sev-
eral fast ball players in the city, who
came in the hope of securing berths with
the Browns, and in Sunday's game they
will be used to fill out.

Police Court.

Yesterday afternoon in Judge Crawford's court William Fritz and Mamie Merryweather were given a hearing on a charge of a violation of the Edmunds law.

Yesterday afternoon in Judge Crawford's
court William Fritz and Mamie Merryweather
were given a hearing on a charge of a viola-
tion of the Edmunds law. Fritz is making an explanation, but
he is not guilty of the charge, but confessed
that he had sent the colored girl
to a hotel in Denver, where she was
placed on the stand she denied the ac-
cusation of fornication. She admitted
having purchased the beer, and upon
further questioning said she bought the
beer at Rachech & Glavin's. Fritz was
held in the sum of \$250 for his ap-
pearance before the grand jury; in de-
fault of the amount he was remanded to
the custody of the sheriff. The girl was
released on her own recognizance.

Upon the information being furnished
by the defendants in the foregoing hear-
ing, Rachech & Glavin were arrested on
a charge of selling liquor to a minor
and the firm was fined \$50 for the of-
fense. The firm, however, declared they
were a party to the case, and the firm
will be brought to the attention of the
grand jury to determine if the case will be
brought to the attention of the grand jury.

BACK FROM DENVER.

What the Colonel of the White Elephant has to say about the Festival.

George K. Nohr, the colonel who pre-
sides over the finances of the White Ele-
phant resort, returned to the city last
night after enjoying himself for a week
and days in Denver, where he took in
the greatest Mountain and Plains festival
ever held by the Denver people.
"Last year," states Mr. Nohr, "the
merchants and people of Denver, through
planning and short-sightedness, allowed
the festival to drop. They saw how dull
such a move made Denver after it was
too late, and this year concluded to have
a festival, substantially double the amount
of money they ever did before and as a
result gave the finest festival ever held
before in the history of Denver."
Mr. Nohr thinks that quite a number
of Denver people will be here next week
at the Territorial fair.

W. Morris, the jeweler, has moved his establishment from south Second street to No. 115 West Gold avenue, where he will be pleased to meet all customers using his attention in the jewelry business.

FAIR TOPICS.

Professional Playing is Now Assured.

Statehood Convention Delegates Being Appointed.

The Mystic Shrine and Many Others Will Be in Parade.

LATEST NOTES TO DATE.

Gov. N. O. Murphy, of Arizona, and Gov. M. A. Otero, of New Mexico, are both Elks, and will lead the Elks in the fair parade.

Senator Strauss has received several
hundred head of Ramonville and Merino
bucks. Some of the best will be dis-
played at the fair.

Season tickets for the fair have been
placed on sale at the store of G. A. Mat-
son & Co., and at the office of the secre-
tary at \$2. Now is the time to purchase
your tickets.

The Elks minstrel show the track at
Albuquerque and the players are scattered
in every direction. However, the band
will be together and will be here to take part
in the grand parade.

The visiting newspaper proprietors,
publishers, editors and local reporters
will receive cordial attention from the
members of the city press during fair
week. Let all attend.

It is quite likely that "Commodore" P.
H. Kent, the wealthy gold miner of the
Hill canyon district, will make a display
of gold nuggets found on his placer
grounds at the fair.

"That fine Kentucky trotter, 'Active,'
owned by T. J. Shinnick, and the Cali-
fornia pacer, 'Lady Margaret,' owned
by Joseph Barnett, will surely be seen in
several fine events at the fair.

The entries for harness races at the
fair will close Friday night, October 11.
Colonel McCanna, the secretary, gave
out the information that a large num-
ber of Colorado trotters have entered.

The Cochiti mining district will un-
doubtedly be well represented at the
Territorial fair. George Hofstein, and
others are interesting themselves in get-
ting together a fine showing of mineral
ores.

The public schools will make a grand
exhibit at the fair, and will also have two
appropriate floats in the parade. It is
understood that Miss Philbrick, the kin-
dergarten teacher, will also have a float
in the parade.

The racing track and base ball grounds
are being put in good shape, while the
floral hall and the stables are receiv-
ing attention from the carpenters. Ev-
erything is being put in readiness at
the fair grounds for next week.

The school board yesterday decided to
give Thursday and Friday of fair week
as holidays. The university will close
Wednesday, Thursday and Friday. Sat-
urday all the pupils who march in the
parade will be given free tickets to the
fair grounds.

The people of the city desire that all
the stores be closed on Friday evening,
October 12, to give the clerks a
chance to take part in the masquerade
festivities. A number of merchants have
expressed a desire to close their stores
on Friday. The Elks will appreciate the
closing of the stores on that evening.

President Marmon has received a letter
from Governor Murphy of Arizona,
stating that he would be here at the
statehood convention and the fair. He
has been selected by the statehood
committee on speakers as one of the
speakers. Governor Otero of New Mex-
ico will be present to open the conven-
tion.

In his comments on the statehood Gal-
lop Republican says: Every county in
the territory should have a splendid dis-
play of its products at the fair this fall.
We are asking for statehood and the
united demand of New Mexicans for this
measure of justice will take form at the
statehood convention on October 12,
the first day of the fair. Many national
senators and congressmen will be there.
Let them but see the rich and suffi-
cient resources of the territory and
they will be the strongest kind of ad-
vocates when they again repair to the halls
of government.

Word comes from the Sacramento
country, where at the town of Cuba Hon.
E. A. Miera conducts an extensive gen-
eral merchandise store, that Mr. Miera
declined last week to accept a fine
exhibit for the fair to be embodied in
the Bernalillo county exhibit. He has
given together a fine display of copper
and iron ores, lumber and the products of
the famous Sacramento valley.

The Nobles of the Mystic Shrine will
give a parade at 11 o'clock on Saturday,
October 13, and about 100 Shriner will
be in the parade. They are getting up a
unique procession, which will be interest-
ing and amusing to all who witness it.
A majority of the Shriner from both
Arizona and New Mexico, and large dele-
gations from Trinidad and El Paso will
be present. About fifteen candidates will
be initiated.

The commissioners of San Miguel county
appointed the following delegates to the
statehood convention: J. P. Esquibel,
J. T. Rogers, O. A. Larragoitia, Eugene
Romero, Margarito Romero, John S.
Clark, James S. Duncan, Harry W. Kelly,
J. S. Esquibel, Pablo Jaramillo, Max
L. C. Fort, Frank Killberg, William
Jefferson Raynolds, Cleofes Romero, At-
tilano F. Ulbricht, Rafael Gallegos, A. B.
Smith, George W. Ward, Theodore Chasus,
L. C. Fort, Frank Killberg, William
Frank, Robert E. W. C. Reid, R. E.
Twitcheil, Zacarias Valdez, Atanasio
Royalt and Myer Friedman.

A few days ago it looked very blue for
professional ball playing at the approach-
ing fair, and appearances were favorable
for a "let-down" in this department.
However, a silver lining has appeared
and now everything is secure in base
ball circles. The El Paso people have
secured the Kansas City Western league
champions, when the National league
refused to come, and last night Carl En-
slin, who will manage the team for El
Paso, left for Kansas City to clinch the
deal with these champions. Since then,
besides the Albuquerque professionals,
there will be another team in the field,
according to the following from the Den-
ver Republican: "Bert Jones, the base
ball player, yesterday received another
telegram from P. F. McCann, secretary
of the Albuquerque fair, suggesting
asking him to get a good team of play-
ers together and come to the fair, which
will open there October 15. Jones got one
team together to go to the fair last
week, but all of them failed to appear, so
Jones abandoned the trip. He has ten
good men in sight now and will probably

leave with them next Saturday. The ex-
penses of all of the players are guaran-
teed. A \$1000 prize will go to the team
winning the series and \$500 to the one in
second place. As there will probably not
be more than three teams competing,
Jones thinks his nine can get second
money, anyway. Besides Jones, others
who will go are Fritz, Morrow, Harshel,
Cotton and five local players."

LOOKS LIKE A CERTAINTY.

Connecting Line With Santa Fe Almost an Assured Fact.

From present indications Albuquerque
will soon have another railroad. Of
course, the people of the city must show
their friendly feeling to the enterprise
by substantial subscription. The build-
ing of the Santa Fe Central from New
Mexico would be a connecting line with
the Rock Island near Cameron Hill is a
certainty and construction work on
that line will soon begin. Now that the
new road will come within a short dis-
tance of Albuquerque's line of road could
be assured from this city to the Santa
Fe Central and the mile that is asked of
the people in the way of subscription by
the company would be a very small con-
tribution of friendly feeling and not as
any substantial fund for the building of
the line. Hon. W. S. Hopewell, vice presi-
dent of the road, who is in the city, be-
lieves the people here are beginning to man-
ifest the proper spirit toward the gigantic
undertaking and many recognize the fact
that they must lend their assistance in
the matter if they would be instrumental
in seeing another outlet to the city.

Senator W. H. Andrews of Pennsylv-
ania, T. J. McLaughlin and others, in-
terested in the new railroad, are also in the city.

CHILD CASES CALLED.

The sudden termination of the call of
the criminal docket at this term of the
court enabled the court this morning to
call the civil cases. Twenty-nine cases
were noted for trial at the present term.
The first case called was Pearce
vs. Lockhart. The jury was called into
the courtroom and the testimony taken.
The defendant claimed that her husband
had settled with the doctor and that if
anything was due it was from the doctor
to the defendants. The case was
submitted to the jury at 12 o'clock.

TURKISH BANDITS.

Miss Stone's Abductors Surrounded.

Fate of an English Party Re-called.

General Wood Reports Health of Troops Good in Cuba.

WORLD'S ATHLETIC RECORDS BROKEN.

Constantinople, Oct. 10.—The surround-
ing movement of Turkish and Bulgarian
troops on the mountain at Gueitoe on the
Turkish Bulgarian frontier, near
Philippia, has commenced. The pres-
ence of Miss Stone and the bandits on
the mountain has been confirmed. The
inhabitants of Duhitza are supplying
the outlaws with food.

FATE OF ENGLISH PARTY.

London, Oct. 10.—With reference to
the announcement that Turkish and Bul-
garian troops are surrounding the ab-
ductors of Miss Stone, the Globe says
that it considers that unless the move-
ment is suspended until she is safely
out of the hands of the brigands there
is a possibility of a repetition of the
tragedy in Greece in the year 1870, when
Lord Munster and party were cap-
tured. Lord Munster was released to
negotiate a ransom of 2,000 pounds. An
attempt was made to surround the brig-
ands, with the result that four of the
gentlemen of the party were murdered.

CONDITIONS IN CUBA.

Gen. Wood Makes His Annual Report on War Department.

Washington, D. C., Oct. 10.—The war
department has made public the annual
report of Major General Leonard Wood,
commanding the department of Cuba.
During the last fiscal year, the report
says, the conduct of American troops in
Cuba continues excellent and complaints
against them are extremely rare.
Yellow fever is almost driven from the
island, owing to the energetic war on
mosquitoes and the sanitary precautions
adopted.
The old canteen issue is revived
through a sub-report furnished by In-
spector General Burton, which says that
the exchange would be a great comfort
to the soldier in Cuba, deprived of one
of the comforts of home. Officers gener-
ally complain that the elimination of
beer from the exchange has worked
hardship on the soldier and is detrimen-
tal to good order and military disci-
pline.

World's Records Broken.

St. Louis, Mo., Oct. 10.—Preliminaries
of the athletic meet in connection with
the St. Louis fair resulted in two
world records being broken and new
records in discus and weight throwing.
John Flanagan, Irish champion athlete,
broke the previous world record, making
124 feet. The second Irishman, Plan-
nan, threw a 25 lb. shot, and smashed
the record of 25 feet 10 inches held by
J. T. Mitchell.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE, OCTOBER 19.

Nearly every county in New Mexico will have exhibits at the Territorial fair.

Do not be a kisser. If you cannot help pushing for your town, cheer up the fellow who can.

The visitors at the Territorial fair next week will be able to see at a glance the resources of New Mexico.

Prospective investors in New Mexico mines will attend the Territorial fair in numbers to examine the mineral exhibits.

The American people are said to expect \$10,000,000 for the fair. The bulk of this vast sum, of course, is spent for American benefits.

The delinquent tax list of Otero county is the smallest in the territory. Over 95 per cent of the taxes have been paid in. There are but fifty-four delinquents.

Jury bribing is becoming too common in this territory. The people of this city firmly believe that the jury in the highway case, in which the bride who did the branding was acquitted, were bribed to acquit.

The monthly statement of the director of the mint shows that the total coinage executed at the mint of the United States during September, 1901, was \$8,100,400, as follows: Gold, \$1,100,177; silver, \$6,999,223; minor coins, \$100,700.

The net gain of money in circulation for the month of September amounted to nearly \$250,000. As compared with October 1st last year there was an increase of over \$125,000. The amount of money in circulation on October 1st was \$2,235,389.

The Bernalillo county exhibit at the Territorial fair will contain gold, silver, copper, lead, iron, sulphur and iron ore. The exhibit is the largest of any county in the territory. No other county in the territory has such a variety of mineral products.

Business men of Albuquerque have found out that the people have come back from the shore and the hills; the town is filling with strangers and trade is increasing. The merchants who advertise the articles the people want are never getting the best of the business.

The disposition to hold the foreign element to responsibility for bad government and a tendency toward anarchy has been so well exploited that it is time to ask if it is just. The critics forget that the continent has been developed by foreigners, so that there is more to their credit than can ever be offset.

For a business man to say to the advertising solicitor: "Oh, goodness, no. It's too dull to advertise now. What will I pick up a little?" is equivalent to a sick person saying to a physician: "Oh, no, doctor, I can't take any of your medicine now. I'm feeling better. I'll wait until I get better and then I'll take it."—J. P. Haskin in Printers' Ink.

No mistake was made in placing Hon. E. A. Miers in charge as chairman of the Bernalillo county exhibit at the Territorial fair. He is gathering a magnificent collection from the Rio Puerco country, which, added to the agricultural and fruit exhibits from the valley and the mineral exhibit from the Cochiti district, will make a showing of the resources of the county that will astonish all who see it.

MUST BE ADVERTISED.
That there are people who take note of the withdrawal of an advertiser from the public prints is shown by the letter of a western dealer to a manufacturer. It reads: "We had intended sending an order to you, but observe that you do not advertise any longer. Unless your 'ad' appears again we shall not want your goods, as they must be thoroughly advertised to sell."

A DISGRACE.
A jury in this county this week brought disgrace on the administration of justice. A ranchman from the northern part of the county was arrested for branding a little boy on his hands and cheeks with a red-hot sheep branding iron. The little boy, a poor little Mexican waif, was in court and told a straight story of how he was branded, and showed the scars to the jury, and yet the cruel brute was acquitted. It is such miscarriages of justice that bring disgrace and reproach upon this territory and force a demand for a lynch court and swift punishment.

ARIZONA AND NEW MEXICO.
The St. Louis Globe-Democrat says: "The movement to secure admission to statehood for Arizona and New Mexico during the coming session of congress is actively under way. It has been held in both territories in aid of this project recently and the men at the head of the movement have confidence in its success. Bills have been introduced in the past two congresses looking for the creation of Arizona into a state, while, of course, efforts in the same direction have been sporadically made in the case of New Mexico for the past half century. In the present instance there is a fair probability of success for both territories."

DEATHS FROM CONSUMPTION.

Mrs. L. A. Griffin and Thomas McLaughlin Called Home.

Mrs. L. A. Griffin, who returned to this city a few weeks ago from Los Angeles expecting to recover her health from the dread consumption, last evening passed on to her eternal rest. The lady resided in this city several years ago with her husband, but later moved to Los Angeles, where she remained until a few weeks ago. She was about 30 years of age and leaves to mourn three small children, who are living with relatives in California, and a husband, now a resident of Colorado. Mrs. Griffin was a member of the Methodist church, No. 8, Order of Eastern Star, and the sisters of that order are making final arrangements for the disposition of the remains. The body was removed from the late home on South 20th street to the undertaking parlors of A. Borders last evening and was embalmed and prepared for burial. Relatives of the deceased were notified of the sad death last night, but as yet nothing definite has been received and it is not known whether the remains will be laid to rest in the cemetery at this place or in Los Angeles.

THOMAS McLAUGHLIN.

In a strange land, among strangers and in destitute circumstances, the breath of life passed out of the body of Thomas McLaughlin, as he lay on a cot in the city hall last evening, at 4:30 o'clock. From papers found in his pockets it was evident that the deceased had not long been pressed for want of necessities of life. The papers gave his address as Ayona, Lawrence county, Pennsylvania, and that two brothers are left to mourn. They are John McLaughlin, formerly of the Union smelter at Leadville, Colo., and James McLaughlin, at Victor.
