FOUND GUILTY OF MURDER

A Seventy Year Old Man, an Ex-Legislator, Tried for a Heinous Crime.

HAD MURDERED A MINER

His Son Is Charged With Complicity in the Crime—The Old Man Received the Verdict With Composure—Pleaded Self-Defense.

Butler, Mo., Nov. 23.—Dr. J. L. Gartrell, on trial for killing W. B. Donegan, a Colorado miner, was today found guilty of murder in the first degree. The prisoner, who is 70 years old, listened with indifference to the reading of the verdict.

Dr. Gartrell, his son, W. P. Gartrell, and Donegan were traveling overland to Oklahoma last March, when Donegan was killed near Amoret, Mo., the motive apparently being robbery. Dr. Gartrell, who was tried first, took the stand and said that he killed Donegan while in the act of robbing him with a monkey wrench. They had quarreled, he said. His son, the prisoner declared, was asleep and had nothing to do with the fight. Gartrell testified he had held offices as state legislator and sheriff.

Young Gartrell will be tried on the charge of complicity in the murder.

SYSTEMATIC ROBBERY

Prominent Church and Society People Were the Leaders of a Gang of Burglars.

THE FAMILY UNDER ARREST

Nearly a Thousand Dollars Worth of Stolen Goods Found at the Beautiful Home of George Lane and Family at Pittsburgh, Pennsylvania.

Pittsburg, Kas., Nov. 23.—George Lane's family, consisting of his wife, 14-year old daughter and an adopted son, 18 years old, have been arrested charged with being the leaders of a gang that systematically robbed merchants. Lane and his wife are prominent in society and church work, and have a beautiful home on West 4th street, where nearly a thousand dollars worth of stolen goods were found. The boy would conceal himself in a store and be locked in when the store was closed, and then in the night he would open the rear door, after which robbery was easy. The arrest was caused by the boy being captured in a store and confessing. Lane is a contracting builder.

DEMAND FOR IMMIGRATION LITERATURE.

The Superintendent of Public Instruction Wants Lots of it for Distribution.

The following letters addressed to the bureau of immigration show that the good work of the bureau is being recognized and appreciated by persons most competent to judge and that the bulletins and pamphlets published by the bureau are of the right kind. The following two letters are selected from many similar letters, being received by the bureau of immigration on account of the good work it is doing and the excellent publications it is distributing throughout the United States for the better dissemination of knowledge of the grand resources of the territory. One letter is written by Colonel J. Frank Chaves, superintendent of public instruction, and the other by John W. Poe, one of the leading citizens of New Mexico and president of the Citizens bank at Roswell. The letters are as follows:

Santa Fe, N. M., Nov. 19, 1901. Colonel Max. Frost, Santa Fe, N. M. Dear Colonel: I am constantly receiving letters from different sources in the eastern states, directed to me as superintendent of public instruction, for all kinds of information regarding the resources of our territory in mining, agriculture and grazing and in manufacturing pursuits. I know of no method whereby I can supply such information as well or as complete, or as soon, as it can be done by sending out the different pamphlets issued by the bureau of immigration, and therefore request you to send and furnish this office with such publications as have been already printed for distribution from the bureau of which you are secretary, believing that such publications when sent out broadcast throughout the country where they are in demand, will cause an increasing interest to be directed toward our territory, its climate and varied resources. I am, very truly yours, etc.

J. FRANCISCO CHAVES, Superintendent of Public Instruction. A LETTER FROM A BANK PRESIDENT. Roswell, N. M., Nov. 19, 1901. Colonel Max. Frost, Secretary of Bureau of Immigration, Santa Fe, New Mexico. Dear Sir: I have noticed the small pamphlet "Chaves County" recently gotten out by the bureau of immigration and desire to say that I think it one of the very best and most effective advertisements for this part of the country I have ever seen. Both the illustrations and the reading matter are good and there is not too much of it, so the ordinary business man can spare the time to peruse it. The fact that it is gotten out by authority of the bureau of immigration gives it weight, and I have no doubt this little pamphlet will do the Pecos valley, and Chaves county in particular, much good. Let us have more of it if possible. Very truly yours,

J. W. POE, President Citizens Bank.

AN IMPORTANT TAX DECISION

Considerable Revenue Will Come to the Territory from Its Enforcement.

PRIVATE LAND GRANT TAX

Confirmed Spanish and Mexican Grants Liable to Taxation from the Date at Which Survey Thereof Was Approved by the Land Court.

There was an interesting and important question up before Judge McFie, in chambers, this morning. District Attorney E. C. Abbott has filed suit against several confirmed land grants in Taos and Rio Arriba counties and the question as to the time when these grants should commence to be taxed was involved. A statement of facts was agreed upon by Solicitor General E. L. Bartlett and by District Attorney E. C. Abbott and upon that the case was submitted to the court. Judge McFie after hearing arguments and consideration of the matter held that the date at which the United States court of private land claims had approved and confirmed, in open court, the survey of such grants as had been passed upon by the court and approved by it was the proper time at which taxation for territorial and county purposes should begin, as from that time on the exact amount of land contained in a land grant submitted and approved by the court was fully and legally established. The judge also held that this decision did not apply to what is known as perfect Mexican or Spanish land grants, but did apply to any and all land grants submitted to the United States court of private land claims and approved and confirmed by it and the supreme court of the United States, if appealed to the latter court. Incidentally the court also held that it was necessary that the assessment rolls had to show names of the owners of land grants, if known, and if not known the assessment rolls should cite the unknown owners of the grant and that an assessment simply made against a certain grant without specifying the name of the owner or citing the unknown owners was void. This is a very important matter and the decision, if properly enforced by assessors, collectors and boards of county commissioners, will bring many thousands of dollars, now due from this class of confirmed land grants in the central and northern portions of the territory, into the territorial and county treasuries.

THE FORT MARCY RESERVATION.

An Effort of the Woman's Board of Trade to Secure It for Public School Purposes.

If we ask the question, "What is Santa Fe's greatest need?" the constant reply is, "A new school building." Of the five rooms now occupied on the reservation for school purposes, but one is worthy of the name of school room, and it is in no sense modern. Sitting rooms, bed rooms, dining rooms, medicine rooms, cannot be adapted, rightly for use as school rooms. They must be crowded, poorly lighted, unventilated, and lacking all sanitary appliances.

Some parties came in recently from Colorado and desired to locate in Santa Fe. Having children they visited the public schools. Their verdict was: "Your climate is fine, your teachers are all right, but your school rooms are so poor." Should not the city of Santa Fe have for her children what other persons demand for theirs? Why are we content to have less than the best for our children? Because of our hampered financial conditions. Our city has an indebtedness of \$35,000, bearing an interest of 5 per cent. The tax levy, which all who pay taxes feel to be very high, is not sufficient to meet the running expenses of the city.

The tax levy for school purposes, with other money to be used for these purposes, last year gave us a school term of five months.

We look helplessly to the city, or to our educational board for our great desideratum, a new school building.

The Fort Marcy reservation, ever since its evacuation by the United States troops in 1884, has been an acknowledged detriment to the city. It rightly belongs to the city and if our government refuses to occupy it again as a military post, it should revert to the city for its use and revenue. In view of the facts and conditions stated above the Woman's Board of Trade, November 11, appointed a committee to draft and circulate a petition asking that this property should be turned over to the city to be used for school purposes. The following petition was drafted to be sent to the president, viz: To the President of the United States:

Your petitioner, the city of Santa Fe, a municipal corporation, duly organized under the laws of the territory of New Mexico, respectfully states to your excellency:

1st. That there is now an abandoned military reservation, known as the Fort Marcy military reservation, situated within the duly established boundaries of the said city of Santa Fe, and which is now occupied by the government of the United States, and for which, so far as known to your petitioner, the United States has no present or prospective use.

2d. The city of Santa Fe is greatly in need of a proper location for a public school building, and for funds to complete such school building for the accommodation of the children of

HOW TO COOK BEANS

First take a dollar and get one of those

Delft Ware High-Art Bean Pots

at GOEBEL'S, then get your Beans.

Blanched Beans for Dyspeptics:

(From Mrs. Carrie Ives Saunders, Lecturer on High Art Cookery.)

To 1 quart of beans freed from grit and stones (hand-picked) add 1 teaspoonful of soda and 3 quarts of cold water; put all in a kettle, place over the fire, let come to a boil, boil 5 minutes, pour out into a colander and drain, place in the kettle again over the fire with sufficient COLD water to cover well, let boil 30 minutes; remove from the fire, place kettle, beans and all under the spigot where cold water can run on them for at least 10 minutes. The skins will become loosened and by stirring the beans gently with a spoon the skins will rise on top of the water and run off. When all that will rise have been gathered, place the beans in one of the Delft Ware High-Art Bean Pots with one-half pound of salt fat pork cut in slices, 1 teaspoonful of salt, 1 teaspoonful of ginger, 1 saltspoonful of white pepper and one-half cupful of sugar or molasses, cover with sufficient water, place in oven and bake at least 6 hours (care being taken that all moisture does not evaporate and beans burn). Serve from the Bean Pot on the table.

(The skin on the bean becomes imbedded in the mucous lining of the stomach thus causing all distress, remove them and the most delicate stomach can digest them.)

A PHYSICIAN TESTIFIES.
I have taken your Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did. Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails.—Ireland's Pharmacy.

—Washington Star.

An Unreasonable Man.
Mrs. Insmy—The Gadsbys don't appear to get along very well together. Mrs. Galey—No wonder; the brute will neither agree to a separation nor give her any grounds for divorce.—Brooklyn Life.

Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature. Because of careless eating and drinking stomach trouble is one of the commonest of diseases. Sour and bitter risings, belching, unnatural fullness after eating, dizziness, headache, and many other symptoms mark the beginning and progress of disease of the stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and bowels, and many other organs of digestion and nutrition. It cures through the stomach diseases which have their origin in a diseased condition of the stomach, and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and heals weak lungs.

"I was taken with Grippe, which resulted in heart and stomach trouble," writes Mr. T. R. Caudill, Montclair, Allegheny Co., N. C. "I was unable to do anything a good part of the time. I wrote Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his Golden Medical Discovery, which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

Victim of Circumstances.
"I am sensible of the honor you do me, Mr. Mitchell, in the proposal of marriage you have just made," said the young lady, with a slight curl of the lip, "but circumstances over which I have no control compel me to decline the honor."

"What are those circumstances?" demanded the young man.

"Your circumstances, Mr. Mitchell."—Tit-Bits.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

TO THE PUBLIC.
Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 37th St., Wheeling, Va. For sale by all druggists.

Mr. Bacharach is building a store and residence at Santa Rosa, which he intends to occupy shortly.

Colonel J. Francisco Chaves, superintendent of public instruction, left this week for Chicago to attend a banquet of the Hamilton club on Thanksgiving day, at which he will make an address on "Statehood for New Mexico." The old man eloquent will undoubtedly make a good many recruits for the cause of statehood. He may visit other eastern cities and make addresses in order to strengthen the sentiment in the east for statehood for New Mexico.

Mrs. Reynolds entertained informally this afternoon at euchre, in honor of Mrs. S. A. Bacharach. The decorations consisted of violets and green foliage, the color of violet and green being the prevailing tones of the entertainment. Elegant refreshments were served. The guests were: Mrs. S. A. Bacharach,

Mrs. M. A. Otero and Mesdames Ifield, Frost, Hughes, Arthur and James L. Seligman, Palen, Field, and the Misses Ifield, Philpott, Palen, Nina Otero, Hurt and Massie.

The election of Professor Luther Foster of the Wyoming Agricultural station, to be president of the New Mexico College of Agriculture and Mechanic Arts at Mesilla Park, is gratifying to the friends of the institution who are acquainted with Professor Foster. The regents of the college before electing him had met him at Denver. He is a man a little less than middle age, and of recognized standing in the educational world. He has a charming family of a wife and two children who will be quite an acquisition to the social circles at Las Cruces and Mesilla Park.

Frank W. Clancy, Esq., the respected district attorney of the 2d judicial district, who has been in Washington during the past month, having several important cases before the United States supreme court, was received by President Roosevelt on Thursday last and had quite a lengthy interview with the president on New Mexico affairs.

Dr. and Mrs. W. E. Drisdale, formerly of Trinidad, Colo., have decided to become permanent residents of Santa Fe, and Dr. Drisdale, who has an excellent reputation as a physician, has opened an office on the east side of the Plaza, and will engage in the practice of his profession. Mrs. Drisdale is a sister of District Attorney E. C. Abbott, and for the present Dr. and Mrs. Drisdale will reside with Mr. and Mrs. E. C. Abbott on Hillside avenue.

On Thursday afternoon Mrs. H. Ifield entertained at cards in honor of her daughter, Mrs. S. A. Bacharach. It was a most successful and very pretty social affair. The decorations were artistic and consisted of roses and chrysanthemums. The elegant prizes were won by Mrs. A. Seligman, first prize; Mrs. J. Seligman, second prize; Mrs. H. S. Clancy, third prize. Dainty refreshments were served. Those invited were: Mrs. M. A. Otero and the Mesdames Reynolds, McFie, Prince, Frost, Palen, Hughes, Philpott, A. Seligman, J. L. Seligman, Whiteman, Bergere, Cartwright, Kelso, Schoch, Knaebel, Davis, Rivenburg, Lord, McKenzie, Clancy, Spitz, Eldred, Warner, Laughlin, Victory, Fiske, Fullerton and Sloan, and the Misses Palen, Philpott, Phelps, Otero, Ifield, McKenzie and Hurt.

THE PORT MARCY RESERVATION. (Continued From First Page.) school age in said city, and if the city of Santa Fe could acquire the title to the lands of said reservation, sufficient of the same could be sold for such price as would create a fund for the building of a proper school building for the purpose aforesaid, on a portion of said military reservation, and sufficient of said reservation site be retained for a site for such school buildings and grounds.

3d. The said reservation, according to the government survey thereof, contains less than 20 acres, to-wit, 17 acres, 3,424 square yards, 2,656 square feet, and is one of that class of reservations which the president of the United States is authorized by proclamation to withhold from sale, and to grant for public use to municipal corporations in which the same is situated, under the provisions of the act of congress, approved March 3, 1883, (27 U. S. Stats., p. 208).

4th. Your petitioner therefore asks that under the provisions of the said act of congress, your excellency will be pleased to withhold from sale and grant for the public use above mentioned to the said city of Santa Fe, a municipal corporation, all of the said military reservation so located within the limits of said city of Santa Fe, and your petitioner will ever pray.

The matter has been held in abeyance in view of the fact that there was a shadow of hope that the army post might be restored to Santa Fe, but in the event that this good fortune does not come our way it is absolutely necessary, in order that there be something done with it, that the people of Santa Fe unite in their request as to what this shall be. If we could see any other way of obtaining a new school building, all no doubt, would unite in a petition to have it sold, and let the profits accrue to the city through taxation of the same. But in our great need we appeal to the business men, the tax payers, those who have children to send to school, those who now occupy houses on the reservation, especially those having children to send to school to unite with us in our prayer to our chief magistrate.

We intend, if the petition is granted, that the property shall be efficiently managed, that instead of its being a detriment and an eyesore to the city, that it shall be a thing of beauty and a source of revenue, and that every dollar derived therefrom shall be turned into the channels above indicated.

For the sake of the city, for the sake of the teachers, for the sake of the children, let there be a united effort to secure this property for the benefit of our public schools.

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

The vital functions are impaired, food does not nourish, and the whole system is run down.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for Mrs. L. B. Garland, Shady, Tenn., it has done for others. She took it when she was all run down—with out appetite, losing flesh, and unable to do her work. It restored her appetite, increased her weight, and made her well and strong. This is her own unsolicited statement.

DYSPEPSIA

"For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life."
