THE FIGHTING
IN PANAMA

A Series of Stubborn Conflicts Is in Progress Today on the Isthmus.

RAILWAY TRAFFIC DELAYED

The Contenting Forces Cease Firing as the Trains Pass Within Range of the Guns—The Government Forces Were Successful Yesterday

Washington, Nov. 27.—Secretary Long received the following cablegram from Captain Perry of the Iowa:

"Panama, Nov. 27.—There was stubborn fighting between the contending forces yesterday near San Pablo. It delayed trains, requiring prudence and patience. There probably will be fighting today near Gatun. I secured assurances that the firing will cease while trains were passing. Forty wounded Colombians were brought in by train last night. All were cared for by Dr. Kindelberger. Perry."

THE LIBERALS DEFEATED.

Washington, Nov. 27.—A cablegram received by the state department from United States Consul General Gudgeon at Panama says: "There was a good deal of fighting yesterday along the line, in which the government forces were generally successful. Trains are delayed."

TRIAL OF LETSON BALLETT.

He Is Accused of Using the Mails for a Big Mining Swindle.

Des Moines, Ia., Nov. 27.—The first testimony was introduced this morning in the Ballett mining case in the federal court, wherein Letson Ballett of Baker City, Oregon, is accused of using the mails fraudulently. Thirty exhibits were introduced, mainly circulars and letters, bearing Ballett's name, which were sent through the mail, advertising the White Swan mine. Investors testified to sending small sums, ranging from \$1 to \$200, for stock, receiving therefor certificates of stock and an annual pass on a Ballett railroad.

JUMPED OVERBOARD.

An American Bookmaker Commits Suicide in the English Channel.

London, Nov. 27.—Lawrie Marks, a well known American bookmaker, jumped overboard from a channel steamer today and was drowned. It is said detectives wanted to interview Marks in connection with the Liverpool bank frauds. An injunction was granted from the high court this morning to prevent the withdrawal of large sums standing in a London bank in the name of Marks.

GOVERNOR BRADY'S
ANNUAL REPORT

He Thinks That Alaska Ought to Be Represented at the National Capital by a Delegate to Congress.

A CABLE LINE BETWEEN
ALASKA AND THE UNITED STATES

Washington, Nov. 27.—The wants of Alaska, as summarized in the recommendations of the annual report of Governor Brady are: The extension to Alaska of all federal land laws; survey of lands for immediate settlement; a delegate in congress without territorial organization; a cable between Alaska and the United States; representation in the Louisiana Purchase exposition; the appointment of a commissioner of mining, and the enactment of a game law for the district.

COLONEL WHIGHAM DEAD.

This Well Known Citizen of New Mexico Died on Yesterday in Chicago.

Chicago, Nov. 27.—Colonel Henry Whigham, for over twenty years a citizen of Colfax county, New Mexico, and during that time connected with the land, mining, coal and timber interests of the Maxwell Land Grant company, died yesterday in Chicago, after a lingering illness, of heart disease. Colonel Whigham was a member of the military staff of Governor Otero and leaves a widow. He leaves valuable mining and timber interests in New Mexico, and also in Michigan. He was a progressive, energetic and keen business man, who during his residence in Colfax county, did much for the up-building and advancement of the county. He had many acquaintances and friends throughout the territory and was respected and liked wherever known. The body will be given a funeral in this city by the Elks and after embalming and funeral services will be sent to Raton, N. M., for final interment.

GOVERNOR TOOLE TO
GOVERNOR VAN SANT.

Toole Seems Lukewarm Over the Invitation to Help Fight the Railroad Trust.

Helena, Mont., Nov. 27.—Governor Toole replied to the invitation of Governor Van Sant to attend a conference of governors of the northwestern states to agree on concerted measures to prevent the consolidation of railroads under the joint ownership of the Northern Securities company. Toole said in part: "I am not sufficiently advised at this time to indicate what remedies are available to defeat this consolidation and its purpose to control rail transportation in this state, but whatever lawful methods are available will be employed and to that extent our cooperation may be relied upon."

GUILTY OF NEGLIGENCE OF DUTY.

The Fate of a Police Captain Who Failed to Suppress a Disorderly House.

Albany, N. Y., Nov. 27.—Police Captain Thomas J. Diamond, of New York, tried here on a charge of venue from New York county, was today found guilty of neglect of duty in having failed to suppress the disorderly houses in his precinct.

A FINE OF \$1,000. Albany, N. Y., Nov. 27.—Captain Diamond was sentenced to pay a fine of \$1,000 or be imprisoned in the Albany county penitentiary for one year. The fine was paid.

MAJOR LLEWELLYN HONORED.

He Was the Guest of President Roosevelt Yesterday and Escorted Mrs. Roosevelt to the Theater.

Says a Washington dispatch: "Major W. H. H. Llewellyn, of New Mexico, formerly a member of Colonel Roosevelt's Rough Riders, was a caller on the president and urged the claims of the territory for statehood. He was the guest of the president at dinner and tonight escorted Mrs. Roosevelt to the theater."

A SUSPECTED ROBBER

He Is Supposed to Be One of the Gang That Held Up a Great Northern Train.

Neuhart, Mont., Nov. 27.—A man was arrested here today suspected of being one of the principals in the Great Northern train robbery on July 3rd. He gave his name as Robert Collins. Later he was recognized as an old timer in this vicinity, who has not been seen since last May.

COMMANDANT JOUBERT CAPTURED.

General Knox Gathers in Three Dozen of Scattered Boers.

London, Nov. 27.—Lord Kitchener reports that General Knox captured 36 members of Buy's command who escaped after the recent fight. The prisoners include Commandant Joubert, who is wounded, and Field Cornets Wolmer and Diedericks.

THE DENVER JURY BRIBERY CASE.

Bonds Were Given This Morning by the Defendants.

Denver, Nov. 27.—Bonds were given this morning by Judge William J. Thomas, ex-Fire Warden Daniel J. Sadler, and ex-Bailiff Robert Schreder, indicted for attempted jury bribing. The fourth defendant, H. P. Tammen, is in Chicago. Ralph Talbot and Robert J. Pitkin were appointed special prosecutors.

AN INJUNCTION
AGAINST UNIONS

Council of Allied Building Trades Restrained from Interfering With Contractors.

IT IS A SWEEPING ORDER

The Council and Its Agents Are Forbidden from Instigating Strikes at Buildings Where Contractors Employ Non-Union Labor.

Philadelphia, Nov. 27.—Judge McCarty of the common pleas court, issued an injunction against the Council of Allied Building Trades forbidding the council or its agents to instigate strikes at buildings where contractors employ labor that is not affiliated with that organization. Judge McCarty denied the right of the defendants to order contractors to discharge members of labor organizations not affiliated with the Council of Allied Building Trades. Further and specifically, he ordered them to refrain from threats, expressed or implied, that employers would suffer loss by hiring plaintiffs.

FOR A MILITARY POST.

Delegate B. S. Rodey Appears Before the Military Board at Washington.

Washington, Nov. 25.—Delegate B. S. Rodey of New Mexico, appeared in behalf of New Mexico before the board of department commanders, who convened to consider the location of permanent military camps and the abandonment of such army posts as are deemed no longer desirable to the service at Washington. The New Mexico man urged the recognition of the territory as the location of a permanent camp on account of the curative properties of the climate.

LEAD PRODUCERS MEET.

An Understanding in Regard to the Production and Price of Ore.

New York, Nov. 27.—Large lead producers are in this city conferring with representatives of the American Smelting company with reference to the business of the coming year. The object is to arrive at an understanding in regard to the price and the production of ore. It is understood that the conference will favor the curtailment of production and the adoption of a sliding scale of prices for ore which will be regulated by the price of refined lead.

HABEAS CORPUS PROCEEDINGS.

Points of Law in Chicago Contempt Cases Argued Before Judge Dunne.

Chicago, Nov. 27.—In the habeas corpus case brought by Managing Editor Lawrence and Reporter Canfield of Hearst's Chicago American, Attorney Darrow for the defense, argued points of law before Judge Dunne today. Judge Dunne interrupted the lawyer to say that the case could be conducted without questioning the motives of Judge Haney, who recently declared Lawrence and Canfield guilty of contempt of court.

THE DOYLE-BURNS SUIT.

Arguments Were Completed and the Case Taken Under Advisement.

Council Bluffs, Ia., Nov. 27.—Arguments were completed on motions to strike out the evidence and instruct the jury in the Doyle Burns suit today. Judge Greene has taken the matter under advisement until next Monday. Senator Patterson, ex-Governor Thomas and a score of witnesses left for Colorado to remain until next week.

DAVID K. NATION GETS A DIVORCE.

The Property Is to Be Divided Between Himself and Mrs. Nation.

Medicine Lodge, Kas., Nov. 27.—David K. Nation was today granted a divorce from Mrs. Carrie Nation, the "joint smasher." The court exonerated Mrs. Nation from the charge of cruelty to her husband and divided the property. The Medicine Lodge home will go to Mr. Nation and the outlying property to his wife. Judge Gillett granted the divorce on the ground of gross neglect of duty.

A PRIZE FIGHT TOMORROW.

Terry McGovern and Young Corbett Will Meet Tomorrow at Hartford.

Hartford, Conn., Nov. 27.—Terry McGovern, the pugilist, who will meet "Young" Corbett of Denver, at the Coliseum tomorrow afternoon, arrived in Hartford today. McGovern declared himself in perfect condition. His friends claim he will dispose of the westerner inside of six rounds. Corbett appears confident. Hugh McFadden of Brooklyn, challenged the winner.

EX-GOVERNOR WAITE IS DEAD.

He Died Suddenly While He Was Peeling Apples.

Aspen, Colo., Nov. 27.—Former Governor Davis H. Waite, of Colorado, fell dead here this morning while peeling apples. He had been in good health up to the very moment of his death. It is believed the cause of his death was heart trouble.

SURVEYOR GENERAL OF CALIFORNIA DEAD.

San Francisco, Nov. 27.—James M. Giesbre, United States surveyor general of California, died this morning of peritonitis. He was 49 years old.

THE DEATH LIST
IS STILL GROWING

Already Twenty-Eight Bodies Have Been Taken from the Ruins of the Penberthy Plant at Detroit, Michigan.

SIXTEEN MEN ARE STILL
UNACCOUNTED FOR

Detroit, Nov. 27.—When day broke, a great force of men was still delving in the ruins of the Penberthy Injector company's plant, which was wrecked yesterday by a boiler explosion. During the early morning two injured, Ignatius Brook and William Eggers, a boy, died, making the total number of deaths 28. The officers of the company after a careful search, announced this morning that 16 of their men are still unaccounted for. It is believed the majority will be located during the day.

MAJOR MULLER NOT A CANDIDATE.

His Friends Assert That the Alleged Republican Reform League Is Using His Name Without His Consent.

Friends of Major Frederick Muller state that he is in no sense a candidate for governor of New Mexico. The major is in Washington now, but is not after the governorship, as they emphatically assert. They further inform the New Mexican that the major received a letter recently signed by J. F. Manning, who styles himself secretary of the Republican reform league, urging him to become a candidate for governor of New Mexico and stating that the alleged Republican Reform League is circulating petitions and asking signatures for his appointment. This letter, they say, has not been answered and the action of the so-called Republican Reform League is absolutely without Major Muller's authority. The New Mexican gives this information believing it to be correct. It is also stated that the federal office Major Muller desires is the one of receiver of the United States Land Office in this city, now held by Hon. E. F. Hobart. The latter is also a candidate for re-appointment, has a good record and some strong backing, notably United States Senator Spooner, of Wisconsin, in whose regiment, he saw some service during the war. The street also has it that Major Muller would not object to being appointed collector of internal revenue in this city, an office now well and ably filled by Judge A. L. Morrison, who is also a candidate for re-appointment and whose record is excellent. In this connection, the New Mexican is informed that respectable Republicans all over the territory and good citizens are giving no heed and paying no attention to the printed petitions sent out by the alleged New Mexico Republican Reform League, but it is understood that in some cases a few receivers of the petitions, who are personal and political enemies of Governor Otero, are filling these petitions with forged signatures, or are inducing citizens to sign them through false representations and by deceit and fraud. This information, to a great extent, is no doubt correct, considering the source.

DELEGATE RODEY IN WASHINGTON.

He Talked Statehood to a Washington Post Representative.

Delegate B. S. Rodey is at Washington and has started the statehood ball rolling. He says in a Washington Post interview: "New Mexico is more prosperous than ever before in all her history up to the present time. There has been about 800 miles of new railroad built in the territory this year and there are 400 or 500 more miles projected to be constructed immediately. The territory has about \$300,000,000 that can be returned for taxation and the amount of money required to pay its fixed charges and run its local government is so little that it can limit taxation in the constitution to 1 per cent for the first twenty years of state life, in fact a half of 1 per cent would be sufficient. New Mexico has had about 25,000 immigrants who have come in and settled since last November. It received a large influx of population from the disappointed boomers in Oklahoma last July and August, most of whom settled and got work building the new railroads or in the mines or took up ranches. The territory has at least 10,000 more Americans in it now than native New Mexicans, although the latter are the very best kind of citizens. Statistics recently compiled show that the territory spends more money per capita for common schools than any other jurisdiction in the nation. It will submit its claims for admission into the union to the coming congress with an abiding faith that congress will admit its fitness for the higher form of government and grant its request." The delegate is distributing printed copies of the "Declarations and Resolutions" framed by the New Mexicans. This document is modeled after the Declaration of Independence and constitutes an eloquent appeal for the recognition of equal rights. Mr. Rodey says a New Mexico statehood delegation will be here early in December.

Death of Alfred Holt, of Las Cruces.

Alfred Holt, assistant chemist at the College of Agriculture and Mechanic Arts at Mesilla Park, died on Saturday last of pneumonia. He was a young man of excellent character, a credit to the college, and had, for the past five years filled the position of assistant chemist with credit and ability. His parents reside near Las Cruces, and the young man's demise is greatly regretted by the Mesilla Park and Las Cruces communities.

HOW TO COOK BEANS

First take a dollar and get one of those

Delft Ware High-Art Bean Pots

at GOEBEL'S, then get your Beans.

Blanched Beans for Dyspeptics:

(From Mrs. Carrie Ives Saunders, Lecturer on High Art Cookery.)

To 1 quart of beans freed from grit and stones (hand-picked) add 1 teaspoonful of soda and 2 quarts of cold water; put all in a kettle, place over the fire, let come to a boil, boil 5 minutes, pour out into a colander and drain, place in the kettle again over the fire with sufficient COLD water to cover well, let boil 30 minutes; remove from the fire, place kettle, beans and all under the spigot where cold water can run on them for at least 10 minutes. The skins will become loosened and by stirring the beans gently with a spoon the skins will rise on top of the water and run off. When all that will rise have been gathered, place the beans in one of the Delft Ware High-Art Bean Pots with one-half pound of salt fat pork cut in slices, 1 teaspoonful of salt, 1 teaspoonful of ginger, 1 saltspoonful of white pepper and one-half cupful of sugar or molasses, cover with sufficient water, place in oven and bake at least 6 hours (care being taken that all moisture does not evaporate and beans burn). Serve from the Bean Pot on the table.

(The skin on the bean becomes imbedded in the mucous lining of the stomach thus causing all distress, remove them and the most delicate stomach can digest them.)

WEDNESDAY, NOVEMBER 27.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

The alleged reformer is abroad in New Mexico.

The way to control trusts is to control them. And that is what the Republican party must do.

This is evidently the 20th century. A Rochester washerwoman has written a historical novel. And now what are the historians to do?

The rebels in the Philippine Islands still seem to have strongholds. More bullets and less law-making are what is needed in the Philippines.

Aguinaldo's ambition to come to the United States and pose as a great and glorious martyr has been nipped in the bud. A timely and proper nip this.

The thousands of Tammany office-holders in New York City are now strongly in favor of civil service reform. They want to hold onto their soft jobs. Cannot blame them.

The New Mexican politician who is putting up for the so-called New Mexico Republican Reform League is being done up in very nice shape by the crowd that is spending his money.

King Edward of Great Britain, is again robust and healthy. His health is a great subject for the English newspapers and for the American correspondents in London. They work it for all it is worth.

The action of Commander McCrea at Colon, in landing marines and protecting American citizens and American property there meets with the approval of the people of the United States. The American navy is all right.

It is expected that the Schley court of inquiry will find that the old admiral did all he should have done at the battle of Santiago. This will please the people and thereafter the matter should be allowed to take a rest.

It is gratifying to know that the announcement that the Roosevelt administration will stick closely to the Monroe doctrine is acceptable to the European nations. Were it not acceptable it would stand anyway, but it is better as it is.

It is a pity that the American marines in Colon and in Panama are not permitted a free hand. The Colombian revolutionaries and their opponents seem to need a taste of fighting and the American marines are just the fellows to give it to them.

There is not a town, of any size, in New Mexico that does not have banking facilities or a national bank. Money is made in the banking business in New Mexico and it is prosperous. Indeed the way the present territorial administration is driving capital out of New Mexico is just too awful to contemplate.

To be sure the 1902 political campaign in New Mexico is some months off yet. Officials are still forgetful of the help that they received during the last campaign from their friends and their party in their endeavor to get office. This may be remembered on them when the time for again asking help rolls around.

The flouring mills in the Rio Grande valley consume all the wheat raised and are compelled to import wheat in order to keep them going at their full capacity. This is not as it should be. The Rio Grande valley can raise all the wheat necessary for the flour mills located there and it should do so. New Mexico should supply Arizona, Colorado and Kansas are doing this now. The Rio Grande valley, in New Mexico, needs more wheat raising and more flouring mills.

The New Mexican is assured by reliable authority that the work of the so-called New Mexican Republican Reform League and the sending out of petitions by it demanding that Captain Fred Muller of Santa Fe, be made governor of New Mexico, is done so without the knowledge or consent of Captain Muller, who so say his best friends, is in no sense a candidate for the office. The New Mexican makes this statement upon the authority of Captain Muller's closest business associates and friends.

"An appropriation of \$200 was made by the late territorial legislature for the contingent expenses of the office of the superintendent of public instruction and \$3,000 for the governor's office. Comment unnecessary."—Las Vegas Optic.

Our yellow contemporary is again telling lies. The last territorial legislative assembly appropriated \$500 for the contingent expenses of the office of the superintendent of public instruction instead of \$200 as asserted above. One lie more or less makes no difference to that yellow sheet, the Optic.

The Colorado Southern railroad is taking up twenty-six miles of track from Pecos station to Catfisk station on its line from Trinidad to Catfisk, in Colfax county. The road was a timber road and the timber in that section having been exhausted there is no more use for it. This small section in railroad mileage in Colfax county will be, however, offset by the hundreds of miles of new railroads constructed this year in the territory.

The marital life of royalty seems on the average to be more unhappy than that of common day laborers. Only last week the king of Servia in public slapped Queen Draga in the face and the unhappy queen took poison to end her existence. Queen Wilhelmina of Holland, is very ill on account of a scene with her young husband whose debts she refuses to pay. One of the daughters of the king of England is seeking a divorce from a German prince because he horsewhipped her. The married life of the queen of England is reported to be an unhappy one and thus nearly every court in Europe has its family scandal caused by unhappy marital relations.

Henry Hissman of Rocky Ford, Colorado, this fall received \$400 from one acre of sugar beets. His crop from that one acre will yield 12,000 pounds of refined sugar. Some of the beets carried as high as \$2 per cent of sugar, while the average was 27.4 per cent. These are unheard of results from sugar beet planting outside of New Mexico, which undoubtedly could do better even than Colorado. It would not take much persuasion to have the beet sugar magnates build beet sugar factories all over northern New Mexico. If only guarantee were given them that a sufficient acreage would be put under sugar beet culture. With returns of \$400 to an acre there should be no difficulty in securing thousands of acres which would yield one-eighth that much after a year's sowing, cultivating and reaping.

The annual report of the secretary of war, the Hon. Elihu Root, which was made public today, devotes considerable space to conditions in the Philippines, Porto Rico and Cuba. It is gratifying that the expenses of the war department have been greatly reduced during the fiscal year and that the army of the United States is better organized and in better fighting trim than it ever has been before. The jurisdiction of the war department is more extensive than is generally supposed to be the case and the results of the war with Spain have greatly increased the scope of its work. Part of the report is devoted to the proposed Cuban constitution which seems to be closely modeled after that of the United States. Mr. Root, although a civilian, is an excellent secretary of war to whom the nation owes a debt of gratitude.

The case of the United States vs. A. Spauldine of Manville, Wyoming, which has been decided in the federal court at Cheyenne, against Spauldine, is of interest to New Mexico. Spauldine had fenced in 225,000 acres of the public range and thus kept out other cattlemen. About 120 miles of fencing had been put up and thirty days are given to Spauldine to remove them. Spauldine also has fenced in 200,000 acres of land belonging to him, but his anxiety to exclude other cattlemen and to rule the range, induced him to trespass on the government land. Spauldine's case is only an example of what would happen if a lease law were adopted and enforced by the national government. A few large cattle owners would gobble up the public domain and would drive out all the lesser owners of cattle, to the great detriment of the commonwealth. There would not be left an acre of the public domain for a free range nor would the small man be permitted to lease such parts of the range which would be desirable on account of water rights for the big cattle monopolist would get there before he did and would appropriate all the water privileges.

Assessment Reform.

Under the new Colorado revenue law the assessment of Arapahoe county has been increased from \$77,000,000 to \$157,000,000. This is the county wherein the city of Denver is located. The new Colorado revenue law is evidently catching the Colorado tax dodger and an improvement in the New Mexico revenue law, upon the line of the Colorado revenue law, would catch the New Mexico tax dodger. Of course, it can not be expected that in a territory like New Mexico reforms can be made as rapidly and as thoroughly as in a rich and populous state like Colorado. It has taken the state of Colorado about twenty-five years to get up a revenue law that would prove efficient. New Mexico's revenue law needs some modifications to increase its efficiency and strength. The modifications will come in due course of time. The 35th legislative assembly, should New Mexico still be a territory then, will enact these needed changes and modifications, especially should it have a Republican majority and this latter is believed will be the case.

A Successful Experiment.

The Salvation Army in Colorado has tried a successful experiment which can be repeated in New Mexico even though co-operation or socialism is at the bottom of it. The army has planted a colony in the Arkansas valley in which it resells on easy terms farms to colonists from the slums of the great cities. Most of the colonists have paid for their farms out of two crops of the past two years. The army has just borrowed \$150,000 on thirty year five per cent gold bonds for the extension of the colony. The success of their plan is so evident to men like Senator M. A. Hanna, Benjamin Tracy and other far-seeing financiers, that they advanced the \$150,000 needed very readily. The money will be applied to acquiring more land and providing irrigation systems for it. It is estimated that the expenditure of \$150,000 will in one year make the army's land, when under water worth \$250,000. Even from a cold-blooded business standpoint this would be a good investment, and yet it is philanthropy pure and simple and better than the average grade of charity for the poor people of the great cities.

A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of those who have learned from bitter experience know anything of its nature or characteristics. At first a little ulcer or sore appears, then glands of the neck or groin swell; pimples break out on the breast, back or some other part of the body and fill with yellow pustular matter; the mouth and throat become sore and the tongue is at all times badly coated. Headaches are frequent, and muscles and joints throb and hurt, especially during damp, rainy weather. These are some of the symptoms of that most loathsome of all diseases, Contagious Blood Poison.

This strange poison does not affect only the blood, but it attacks every part of the system, sooner or later. It is literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure, but its tendency every case is to complete destruction of the physical system, sooner or later.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently. It contains no Mercury, Potash or other harmful minerals, but is strictly and entirely a vegetable remedy, and we offer \$1,000.00 reward for proof that it is not.

OUR MEDICAL was established years ago, and has a long history of curing cases and getting their advice. This will not only help you, but what you will be held in strictest confidence. With their help and a copy of our book on Contagious Blood Poison you can manage your own case and cure yourself at home.

Leasing of the Public Domain.

Springer Sentinel.
The arguments and schemes of the cattle barons are both novel and amusing. The latest is that a beef it comes states the country in the face it comes. Now, as we understand by observation and otherwise, the public range has, according to these same parties, been overstocked for more than sixteen or seventeen years, so that if they were correct in the latter statement which we think they were, what great scheme could be brought forth to increase the product of the overstocked ranges? Would the leasing in large tracts by these stock barons and the cutting off of the small stock owners, increase the grass and prevent this great beef famine that is predicted to follow, should the government not favor the leasing of the public domain? They do not say how they will make more feed on the overstocked range, nor do they mention anything that will stop the famine that they would bring upon the now small stock owners by forcing them from the public range. For every thousand head that the barons would increase on their leased ranges a thousand from the small owners would be driven from the range. Now where would the cause of the beef famine that the barons predict be remedied? We consider this leasing of the public range to large companies as the greatest menace to the individual rights of all our citizens to the use of the public domain.

The Socorro County Bulletin
San Marcial Bee.

The bureau of immigration is about to issue a pamphlet devoted exclusively to Socorro county and its varied resources. Of course this is a splendid way to let the outside world get an inkling of the great possibilities of our country as a field for acquiring wealth at mining, farming, cattle and sheep raising, etc., and the information will be accurately and attractively set forth by the bureau's secretary, Colonel Max Frost. But the benefit the county would receive from such advertising, at another time and under different conditions, will be greatly offset at present by the six figures representing our delinquent taxes, and the indifference of the collector to a better showing in this respect.

Increased Mineral Production.

Taos Cresset.
The prospects for mineral production in Taos county are better this fall than ever before. At Amizett two companies are operating, the Fraser Mountain company now being engaged in laying about one mile of track for their tramway from the mine to the mill, a distance of one half mile, the track being double, so cars may pass both ways at once, and their reduction machinery is now on the road. At Red River prospecting is being done with diamond drills, instead of in the old way. Machinery is again being put into the La Belle district. And more activity than ever is noticeable at San Cristobal and Questa, and the Picuris and Santa Barbara sections are being prospected.

Let Us All Pull Together.

Elizabethtown Miner.
While the southern part of New Mexico is receiving a great deal of attention and free advertising it should be remembered the northern part of the territory has many of the advantages and possibilities of the lower end. Let's all pull together and advertise New Mexico as a whole. The entire territory is a vast tract of undeveloped riches and abundant resources which needs to be brought to the notice of the public in its true light. False statements and questionable methods have injured the territory beyond measure, but the truth, plain and simple and unvarnished, will help us.

A Good Suggestion.

Roswell Register.
It would be a good thing if applicants for commissions as notary public were required to pass a civil service examination as to their fitness. It would save a great deal of trouble which is caused by notaries not qualified or experienced making serious mistakes in drawing up papers or taking acknowledgments or jurats to important papers.

Healthseekers Coming.

Taos Cresset.
More and more healthseekers come to this territory every year, and Taos county must do something more to attract attention and get her share of them.

Their Chances Will Grow Less.

Roswell Register.
The individuals who have in view the presentation of a bill in congress for the leasing of the public lands, with provisions which will enable the large corporations to gobble the whole thing no doubt intend to do their work before New Mexico shall be admitted as a state, for obvious reasons.

The Granary of New Mexico.

Taos Cresset.
Now that the Taos valley has a roller flouring mill in addition to her three or four burr mills, there is no reason why as large an acreage should not be planted to wheat as formerly, when the valley was known as "the granary of New Mexico."

He is Not Too Old to Learn

Silver City Enterprise.
Senator Matthew Quay of Pennsylvania, will visit New Mexico this winter for bronchial trouble. The senator may be clever in politics, but it is not unreasonable to think that he may pick up a political stunt or two at the hands of New Mexico politicians.

ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

Write Your Name and Address Plainly.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I was despairing of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours,
REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.
Gentlemen: I write this testimony from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past twelve years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your window on 130th Street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,
O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.
Gentlemen: I was troubled with Asthma for twenty-two years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Livingston Street.

Baby's Coming

McDonald, Ga., July 15, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and I feel like a new woman. I have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodore's Black-Drum every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your Cardui medicines and I tell my lady friends to use your Wine of Cardui.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some individual and at great expense, been given some medicine which will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Miners and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

HEAD-ACHE

Is only one form of the suffering resulting from a diseased condition of the sensitive womanly organism. The only way to cure the headache is to cure the diseases which cause it.

The use of Dr. Pierce's Favorite Prescription has been the means of curing thousands of women of headache, backache, female weakness and other forms of disease peculiar to women. It establishes regularity, cures weakening drains, heals inflammation and ulceration and cures bearing-down pains.

"I think if it were not for your 'Favorite Prescription' I would have been in my grave," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "I had pain all over me, and such a dragging feeling it seemed I could not do my house work. I had to sit down to wash the dishes, even. In the year 1891 I was so sick I did not care to live and prayed many times that God would take me. One day I thought I would write to Dr. Pierce. In a few days I received an answer. I decided to try his medicine, and today I am a well woman. I have no headache, no pain at all. I used always to have headaches previous to the monthly period, and such pain that I would roll on the floor in agony. This sometimes would occur every two weeks, and I would be very weak afterward. I was in pain all over. My feet would swell under me when I would try to go across the room, and I could not walk any distance without being in pain. I took three bottles of 'Favorite Prescription' and three vials of Doctor Pierce's Pellets, and was completely cured."

Dr. Pierce's Pellets stimulate the liver.

"I'm afraid I can't interest my five-year-old Elsie in fairy tales any longer."

"And why not?"

"I was telling her about the 'Forty Thieves,' and when I got to the 40 oil jars with a thief in each jar, what do you suppose she said?"

"I give it up."

"She said: 'Wouldn't that jar you?'"—Cleveland Plain Dealer.

Making It Easy for Him.

Hank Medders (proprietor of Meadowdale house)—It's mighty lucky we had Prof. Leggit boardin' with us last fall when he was trainin' fer his walkin'-match, ain't it, mother?

Mrs. Medders—Why so?

Mr. Medders—Well, I kin advertise that our place is only ten minutes' walk from the station an' it won't be quite so much of a strain on my conscience as it used to be.—Judge.

A PHYSICIAN TESTIFIES.

I have taken your Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did.

Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails.—Ireland's Pharmacy.

It Didn't Work.

"You see, it was this way," said the boy. "I dropped a chunk of ice down his back it would cool him off."

"And did it?"

"Geel! No! It made him hotter!"—Yonkers Statesman.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

Try them

When you feel dull after eating.

When you have no appetite.

When you have a bad taste in the mouth.

When your liver is torpid.

When your bowels are constipated.

When you have a headache.

When you feel bilious.

They will improve your appetite, cleanse and invigorate your stomach and regulate your liver and bowels. For sale by all druggists.

Subscribe for The New Mexican.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

His Own Interest.

Stubb—Do you notice how the keeper of this hotel promotes love-making among his guests?

Penn—Yes, he has found that people lose their appetites when in love, —Chicago Daily News.

TO THE PUBLIC.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 37th St., Wheeling, Va. For sale by all druggists.

Then He Was Quiet.

"Nora, did you ever see a clam bake?" giggled old Pinner.

"Did I ever see a clam bake?" repeated the maid. "No, nor, but I have seen a lobster bake. O! saw ye baking yer own cakes when th' missus was away."—Chicago Daily News.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and another one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Me. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

That appeal to George J. Gould against the construction of the Santa Fe Central railroad did not work to any appreciable degree.

It is announced that the president will make a change in the postmaster-ship in the city of Philadelphia. Rotation in office is a good thing once in a while.

Seymour Webb, Mofra, N. Y., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of FOLEY'S KIDNEY CURE. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure." Take only Foley's.—Fischer Drug Co.

In theory, Chinese exclusion is wrong, according to the principles of this government, but in practice it works for the benefit of the country.

The Rev. Doctor Parkhurst asserts that St. Paul was a failure. This perhaps, because St. Paul had not the honor and pleasure of Dr. Parkhurst's acquaintance.

TO-DAY take FOLEY'S HONEY AND TAR. It positively prevents pneumonia, or other serious results from colds. It may be too late TO-MORROW.—Fischer Drug Co.

If members of the cabinet like to stay in office two terms, why should not other officers stay?

Tax raising and the progress of the South African war go hand in hand in these days. From the noise that is made it seems that the English people are getting tired of both.

MODERN SURGERY SURPASSED.

"While suffering from a bad case of piles I consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve," says G. F. Carter, Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are also quickly cured by it. Beware of counterfeits. Ireland's Pharmacy.

COUNTY SCHOOL NOTES.

There is Evidence of a Great Advance in Public School Matters.

Superintendent of County Schools J. V. Conway is in receipt of the examination questions for teachers' examinations, from Superintendent of Public Instruction Colonel J. Francisco Chavez. Another examination for first and second grade certificates will be held at the high school building in this city on Friday and Saturday next, Professor J. A. Wood and Mrs. Ella C. Welner being the examining board.

The new desks for the Tesuque school district arrived yesterday and were today forwarded by wagon to the school house. School will open on Monday, December 2.

District No. 16, Jaseña, has placed an order with a Denver house for school desks. These will arrive in a few days. School in this district has been in session for about a month and a half, but owing to the overcrowded condition of the school, the directors were obliged to purchase additional furniture.

The school children of Santa Fe county will be asked through the county school superintendent to contribute the sum of five cents each toward the McKinley monument to be erected at Canton, Ohio.

District No. 20, Chimayo, through the efforts of the chairman of the school directors, Hon. Victor Ortega, will soon have a modern school house. The contract has been let and work will begin on December 2.

So large is the attendance of school children in district No. 15, Pojoaque, that an assistant teacher will be employed, beginning Monday next, to assist Mr. Smith, the present teacher, whose popularity has greatly increased the school attendance.

Difficult Digestion

That is dyspepsia

It makes life miserable.

Its sufferers eat not because they WANT to—but simply because they MUST.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.
