FATAL WRECKS.

Two Railroad Wrecks With Fatal Results.

Insurgents on Samar Island to be Suppressed.

Adobe House Demolished and a Woman Killed by Lightning.

JUDGE FOR PORTO RICO.

Reading, Pa., Oct. 5.—Four persons were instantly killed in a freight wreck today on the Lebanon Valley division of the Reading railroad near Hummelstown, Pa. The dead: Engineer Thomas F. Dolan; Fireman William H. McCoskey; Conductor Patrick Kane; Brakeman Charles E. May, all of Philadelphia. The derailed train was caused by a switch being opened and the train, running twenty-five miles an hour, plunged into the embankment.

Nine Injured.
Huntington, W. Va., Oct. 5.—Two cars on the Camden Interstate railway collided today in a heavy fog and nine persons were injured, one fatally.

FREAKS OF LIGHTNING.

Struck an Adobe House, Killing the Mother of Five Children.

Special to The Citizen.
Las Cruces, N. M., Oct. 5.—Lightning at 10 o'clock this morning struck an adobe house occupied by the family of James Clark. Two cases of giant powder in the house exploded, utterly demolishing everything. Parts of the house were blown 300 feet. Mrs. Clark, who is a Mexican lady, was buried beneath the debris. A force of men uncovered the remains at 12 o'clock. They were not badly mutilated, although the clothing was burned. She leaves five children.

Judge for Porto Rico.
Washington, D. C., Oct. 5.—The president today made the following appointments: Justice: James H. McLeary, Texas, associate justice of the supreme court, Porto Rico.

THAT INDIAN SCARE.

News Brought in By Excited Miner and Telephone to Silver City.

Silver City, N. M., Oct. 5.—The reports received in this city today were that a band of Apache Indians from the San Carlos reservation were in the Mogollon mountains in western Socorro county and had killed several prospectors. The word was brought by a Mexican miner from Georgetown to Fierro and from there telephoned into Silver City. It has been impossible to substantiate the report in any way up to the present time. The facts in the matter have not been ascertained. The report is discredited in this city, for if any bands of Apaches had left the reservation in any number they would have been missed. Again, if they had traveled from the reservation as far as the Mogollon mountains, some one would have seen or found signs of them. It is said that there has been some trouble among the Indians on the San Carlos reservation and it may be possible that a few have stolen away and have done some devilry. The new company of territorial militia organized here some time ago is awaiting orders if necessary to round them up.

JUDGMENT AFFIRMED.

Topeka, Kas., Oct. 5.—The supreme court affirmed today the judgment of the district court of Shawnee county in the case against Hattie Stark, one of the Carrie Nation's assistants, in joint smashing. Stark was fined \$25 and costs. The court says though the joints are declared common nuisances, it does not justify abatement without process of law.

WILL SUFFER INSURRECTION.

Hostilities on Island of Samar to be Promptly Punished.

Washington, D. C., Oct. 5.—The latest advices from the Philippines indicate that the military authorities intend to take prompt and vigorous measures for suppression of the insurrection in the island of Samar and attention will be directed first to

FAIR VERY CLOSE.

Batch of Interesting Fair Items.

Ostrich Exhibit Will Be Some- thing to Brag About.

Big Display of Blankets, Curios and Fruits From San Juan.

RUNNING HORSES ARRIVING.

The Shriners will be represented in the trades' display and parade. Mrs. A. N. Keam has been appointed superintendent of the art department. For the best float or display in the trades' parade a prize of \$50 will be given. Manager Zirkel will have a first-class opera company as the attraction at Colombo hall during fair week.

The "old-timers," who own their own instruments, are practicing nightly, so as to give good time to take part in the parade.

Additional Enterprises for George Kaseman—Calvin Whiting.

As stated in The Citizen yesterday and confirmed this morning by Calvin Whiting, George A. Kaseman, whose various business interests are accumulating, purchased the former's real estate and insurance business, Mr. Whiting retiring, and the latter announcing that he will leave shortly for Deadwood, S. D., where he will accept the general management of the Equitable Life Assurance society for South Dakota.

Mr. Kaseman made application for the position of secretary of the Co-operative Building and Loan association, as soon as he learned that Mr. Whiting was to leave the city, and this morning he was selected to fill the position by the directors of the association now in the city.

Regarding the report that Mr. Kaseman would enter the office of United States Marshal Forsaker as chief deputy, Mr. Forsaker stated this morning that the gentleman had applied for the position on hearing that Mr. Campbell had resigned, but the position had been declined by Mr. Forsaker and at present there was no vacancy in his department.

Mr. Kaseman is a capital young gentleman and The Citizen wishes him success in his various undertakings. Regarding Mr. Whiting, this paper regrets to make the announcement of his retirement from the city and his contemplated departure from this city. He has always been a good citizen, a thorough worker for the upbuilding of the city, and a courteous at all times. The Citizen hopes he will prosper wherever he may engage in business.

A Fine Military Display.

Yesterday and today the ladies of this city availed themselves of the opportunity of seeing the military opening of Mrs. L. H. Shoemaker on West Gold avenue. The large store-room was beautifully decorated with flowers and palms and the display of feminine headgear was artistically arranged. The exhibition is a grand one and Mrs. Shoemaker displayed good judgment in her selections.

Joseph Hellweg Married.

Joseph Hellweg of Albuquerque and Miss Gertrude Lupton of Raton were united in marriage by Father Conney at the Catholic church in this city Sunday morning, September 29, at 8 o'clock. The bride is an attractive young lady and has many friends in Raton. Mr. Hellweg is an enterprising young business man who has the property of Judge R. Armijo, he has been here since early boyhood.—Raton Range.

The store building occupied by M. Bergere as a bakery on Railroad avenue and the building on the east side occupied as a restaurant, both the property of Judge R. Armijo, have been sold by the latter to Nestor Armijo of Las Cruces, a brother. It is also un- derstood that Judge R. Armijo has sold the property on the corner of Railroad avenue and Fourth street, occupied by Hilf & Co., wool dealers.

Big Grain Company in Minneapolis Makes Assignment.

MISS MORTON MARRIES A TITLE.

Washington, D. C., Oct. 5.—Lieutenant Commander Hodgson, formerly navigator of Commodore Schley's flagship Brooklyn, continued his testimony before the Schley court of inquiry today. BRITISH WAR EXPENSES.

Heavy Deficit on Account of War in South Africa.

London, Oct. 5.—Sir Michael Hicks-Beach, chancellor of the exchequer, denies that parliament will meet this autumn to provide more money for the prosecution of the war in South Africa. Nevertheless, the present rate of expenditure for the war for the fiscal year will be £63,720,000, while £60,000,000 of new consols, with which it was expected to meet the deficit, realized at 94½, £56,700,000, leaving a net deficit which must be provided for by fresh appropriations of £13,000,000. Mr. Hicks-Beach doubts whether parliament in January will take care of the deficit.

Minneapolis, Minn., Oct. 5.—J. Q. Adams & Co. of this city, who conducted one of the largest grain receiving and exporting houses in the northwest, under the name of the St. Paul and Kansas City Grain company, made assignment to Fred V. Vandusen and P. B. Smith. The assignment is not prepared to state the amount of liabilities or value of the assets. The company owns or controls seventy country elevators. The J. Q. Adams company proper is capitalized for \$250,000 and St. Paul and Kansas City Grain company for \$150,000. It is stated that the failure is due to loss last spring in the May corn corner.

Married a Count.

London, Oct. 5.—The wedding of Miss Helen Morton, daughter of Levi P. Morton, former vice president of the United States, and Count Boson de Perigord, son of Duke Talleyrand-Perigord, was celebrated today at St. Mary's Catholic church, Chelsea, with considerable display.

WOODWARD SOUND OVER.

Given Preliminary Hearing This Morning—Bail fixed at \$10,000.

In the office on United States Commissioner H. R. Whiting at the court house today Hank T. Woodward, who was arrested on Monday last on a charge of manufacturing and issuing counterfeit coin, was given a preliminary hearing. The defendant was represented by Attorney Modesto Orsini and the United States side of the case was being looked after by W. B. Childers. Five witnesses, Messrs. W. E. Myers, G. L. Smith, J. G. Crawford, Philip J. Barker and George Reed, all business men of bland, were present and rendered testimony. It was stated that Woodward attempted to pass the counterfeit nickels on the merchants, but the latter refused to accept them in payment of their goods, and consequently Woodward produced the counterfeit dimes. The defendant claimed he knew nothing regarding the value of the coin which was refused by the merchants, but he was positive that he had given the counterfeit coins in exchange for some ranch products. Upon the conclusion of the witnesses' testimony Woodward was placed under \$10,000 bond to await the action of the next session of the grand jury. In default of the amount the defendant was remanded to the custody of the sheriff.

Verdict of Not Guilty.

The jury which was selected to hear the testimony in the case against David Chavez, Reynaldo Lucero and Vicente Martin for an assault upon Meliton Chavez on December 18, 1900, passed into the jury room at 6 o'clock last night and in about thirty minutes they had agreed on a verdict of not guilty.

In the district court this morning the case of Clothier & McTear vs. L. B. Gentry and Mrs. L. B. Gentry, judgment was entered against the defendants in the sum of \$123.94.

"FINNIGAN'S BALL"

Will be at Colombo Hall October 8 and 9.

For the past ten years the taste of the theater-goer has turned more and more away from tragedy and heavy melodrama toward the lighter and brighter forms of theatrical entertainment, like comedies, light operas and farce comedies. Of the latter class there is no better sample than "Finnigan's Ball." It is in its kind a new and original production, and has always had an exceptionally clever collection of entertainers and a changed, brighter up and renovated by the addition of new costumes, the latest songs, the brightest dances and cleverest sayings that it appears at the opening of each season as a new entertainment. This is the secret of its great success; and realizing this, the management has put forth extra effort this season to bring it right up to date and present to the public in even more attractive form than ever before.

The early reports indicate that they have been eminently successful in their efforts and wherever it has been seen it has been commented upon as the brightest and best "ball" show that has ever been offered to the public. It will be seen at the opera house for two performances on Tuesday and Wednesday evenings, October 8 and 9.

THE CIRCUS HERE.

Grand Parade—Fine Afternoon Performance—Show Tonight.

Once more Norris & Rowe are in Albuquerque with their trained animal circus. The aggregation is steadily being augmented and the show is being given more and more with increasing success. They opened here today with a big matinee performance and the children were everywhere. The animals have lost none of their attractiveness for the little folks, and the cheers were almost continuous. Of course there was a fine street parade this forenoon and it is more imposing than last year, even as the performance is better. It is a long and interesting show that the animals provide for the crowds. There are all of the funny tricks of last year, with a number of new ones besides. In short the entire show has received attention and has been brought strictly up to date in every regard. There are all sorts and conditions of animals and each and every one is a star performer in his particular line. The ponies are smart and their military drill was a wonderful exhibition in itself, while the monkeys and elephants are delightful. The school of seals are a genuine novelty, these cumbersome animals playing instruments and performing tricks as cleverly as the dogs. There is so much to be seen that only a general outline can be given of the many and startling wonders that are in store for all those that visit the animal show. Each performance closes with "Lilliputian hippodrome races" and a fire scene, where the miniature department responds and extrudes a blaze in the McGinty home. There will be another performance at 8 o'clock this evening.

Interesting Information Regarding Railroad Officials and Employees.

NEWS IN ABBREVIATED FORM.

Passenger traffic is very heavy these days through Albuquerque. John Miller, with twelve men, left Needles for Searchlight to lay steel for the new railroad.

Storekeeper Rice of the Santa Fe Pacific, stationed here, is in San Francisco on business.

The Santa Fe is sinking a big well at the Isleta Junction. W. H. Cooley has charge of the work.

C. O. Young of the local shops, who has been on a visit to his old home in Michigan, is expected home tonight.

There is a great demand at the big local railroad shops for skilled workmen and new men are put on nearly every day.

New engines built expressly for mountain service on the Santa Fe are passing through Albuquerque for the west every other day.

The big oil tank at Hackberry is about completed. Oil burners are being run on passenger trains east to Seligman from California.

Three more monster freight engines from Richmond, Va., have arrived at Needles and several more will soon be received. The new engines are numbered 771, 772 and 774.

Home-seekers' excursions will be run on the Santa Fe at intervals during the winter. An excursion train will leave for Seligman and Albuquerque about territorial fair time.

W. W. Burke, who held the position of chief train dispatcher on the Denver & Rio Grande and Northern Pacific railways, has accepted a position with the Santa Fe Pacific at Winslow.

Conductor Dascumb, one of the oldest and best conductors on the Santa Fe, is again troubled with rheumatism and left yesterday morning for Hot Springs, Ark.

A few weeks here he will take in the American exposition at Buffalo.

Passenger travel over the Santa Fe is already taxing the capacity of equipment. During the week week-bound trains have frequently been compelled to use two big engines to haul them. The limited train will run regularly in November and the business of the road promises to be larger than ever before.

Engineer A. L. Crase hurried off to Los Angeles last week without a word to anybody. But the secret is out and the many friends of Mr. and Mrs. Crase are waiting to congratulate them upon the arrival of a bouncing baby, which made its advent into their family circle last Saturday. Mother and child are reported getting along well, says the Echo.

Chief Engineer R. B. Burns of the Santa Fe Pacific made a tour of inspection over the new completed Santa Fe & Grand Canyon route recently and reports everything as being in first-class condition. All work has been completed on the new portion of the road and the work of realigning that part built over a year ago will be taken up immediately.

George Fluhr, for years chief clerk in the office of Division Foreman John W. Rescoe at Needles, has been popular clerk at that division, is now at the head of Superintendent John Denair's office force. W. K. Ritter having been returned to his position as Hurley as stenographer. Honors never come singly, and a doubling up all around would not surprise George's friends the least bit.

Hon. W. H. Andrews of Pittsburg, Pa., and several capitalists, all interested in the building of the Albuquerque Eastern and Santa Fe Central railroads, are expected to arrive tonight, and Senator Andrews will come prepared to advertise for bids for grading. Hon. W. S. Hopewell of Sierra county, vice president of the companies, came in from the south this morning, so as to be on time to meet the Pennsylvania party.
