## PLEAD GUILTY.

Assassin of President McKinley on Trial.

He Plead Guilty But His Counsel Objected.

Assassin is Pronounced Sane by Medical Experts.

IT WILL BE A SHORT TRIAL.

Buffalo, Sept. 23.—Leon F. Czolgosz was placed on trial today for the murder of President McKinley on September 6. The trial is in the supreme court of Erie county, Judge Truman O. White presiding. The various objections to the hearing, with the exception of one, were closed and guarded. Squads of policemen were stationed at every landing and in a double line far outside the place of entrance to keep back the crowds. No one was allowed to stand on the sidewalk a moment so at no time was the crowd large. The prisoner was taken to the court room through the "tunnel of souls" under the street from the jail to the city hall. No person was admitted to the court building without a pass signed by the chief of police. Counsel for Czolgosz, former Supreme Court Justice Loren L. Lewis and Robert C. Tilt, and Carlisle E. Laidlaw, saw him upon this morning before the opening of the trial, but had no more to say than on previous occasions when they visited him. In view of the fact that the prisoner refuses absolutely to aid them it is now probable that the entire proceedings may be completed within two days. "The mental condition of the assassin will absolutely be the only defense to be offered," are the words of Judge Tilt. As a result of an examination by two specialists, Dr. Carlos T. McDonald and Dr. Allen McLean Hamilton of New York city, the question of "insanity is eliminated from the subject on which defense can rely for support."

At 10:15 Czolgosz was brought into the court room surrounded by deputy sheriffs and policemen. He was seated between the guards in front of the bar. District Attorney Penny read the charge against Czolgosz at 10:20 and asked the prisoner how he plead.

"Guilty," responded Czolgosz in a low tone. Judge Lewis, in addressing the court, stated that according to law this plea could not be accepted, and on behalf of the prisoner asked that the plea of not guilty be entered. The trial then proceeded.

**THE JURY.**  
Buffalo, Sept. 23.—At 10:35 two jurors had been accepted. Frederick W. Lauer, plumber, and Richard J. Garwood, steel railway foreman. Henry W. Wendt, manufacturer, was accepted as the third juror. Silas Carner, a farmer, fourth. James S. Stigall, Jr., plumber, was accepted as the fifth juror at 11:32, and eleven minutes later William Letourneau, a farmer, was selected as the sixth. The seventh accepted was Walter E. Everett, blacksmith; Ben C. Ralph, bank cashier, was the eighth. Court adjourned until 2 o'clock.

Samuel P. Waldo was accepted as the ninth juror; Andrew J. Smith of Buffalo the tenth; Joachim H. Mertens, dealer in boots and shoes, the eleventh and Robert J. Adams, a contractor, the twelfth.

Assistant District Attorney Hallor briefly presented the case of the prosecution to the jury and at 2:55 the first witness was called.

The court adjourned at 2 o'clock.

**Not a Poisoned Bullet.**  
Buffalo, Sept. 23.—Chemists who examined the bullets left in the revolver that Czolgosz used when he shot President McKinley, say that they were not poisoned.

**SUNDAY BALL GAMES.**  
NATIONAL LEAGUE.  
Cincinnati 12-2, New York 0-10.  
St. Louis 5, Brooklyn 3.  
Chicago 9, Pittsburgh 15.

**Sampson Relieved.**  
Washington, Sept. 23.—Rear Admiral Sampson has returned to the navy department to relieve him of his present duty as commander of the Boston

navy yard on October 1, on account of poor condition of his health. Secretary Long has granted the request.

**Dead.**  
New York, Sept. 23.—Simon Stern, the well known authority on railroad and educational law, is dead of apoplexy, aged 62.

**BROWNS DEFEATED.**  
Santa Fe Cyclones Again Victorious

Again did young Patterson, the Browns' southpaw, outpitch the Western leaguer, Joe Harris, the hits being put against the former and twelve against the latter, and the strikeouts six and six, but again did the Browns lose the game on account of costly errors which always came at a critical stage of the game, and which, in nearly every instance, cost a tally. On the other hand, the young shortstop for the Santa Fe team, Henry Alarid, played a startling game and participated in three fast double plays. Nowell, the Santa Fe first baseman, also played a pretty game. Besides the magnificent work of Patterson the field work of Vorhes, and the hitting of Vorhes, Chaves, Stevens and Wood were the features of the Browns' play. Al Morrison umpired and A. M. Dettelbach kept score. The score by innings was as follows:

Santa Fe ..... 1 0 2 3 1 0 4 0—11  
Browns ..... 2 3 0 0 0 0 0 4—10

Time of game, one hour and ten minutes. Arrangements are being made to have the Santa Fe team play here Sunday, when the horsemen have volunteered their services to help the Browns in raising the necessary money to import star players for the game during the territorial fair. El Paso has secured the great LaJoie of Philadelphia, and Albuquerque cannot afford to place a team in the field of inferior caliber.

**Has Not Yet Recovered.**  
Word comes from San Marcos that Mrs. Jack Crawford, wife of the well known poet scout, who was mysteriously injured there a short time ago, has not yet recovered sufficiently to tell a coherent story as to how she received the blows about her face and head. She has rational moments at times, but does not seem to remember anything about the assault made upon her. These seems to be little doubt, however, that she was the victim of a Spanish attack by one or more persons. The physicians in attendance fear concussion of the brain and think that Mrs. Crawford will never be normal again. It is stated by those residing near the place where she was attacked that her assailants were two colored men, who were seen in the neighborhood just before Mrs. Crawford was found.

**Mrs. Lithgow Entertained.**  
In honor of Mrs. H. S. Lithgow, who has been here the past two weeks on a visit to her parents, Mr. and Mrs. George H. Bendley, a most delightful party was held last Saturday afternoon at the residence of Mrs. William Bryce, No. 621 South Edith street. Several hours were pleasantly spent in games and conversation and, of course, in partaking of a most excellent lunch. The reception was gotten up by Mesdames Bryce and Hodgins and the following ladies, together with the two mentioned and the hostess, were present: Mesdames Charles, William, George and Carl Hopping, William Farr, J. C. Flournoy, C. D. Goff, George H. Bendley, J. Marsh, J. C. Baldridge, William A. McCaskey and Misses Cote Hyde and Edna Manwarin.

Mrs. Lithgow will return to Newton, Kas., where Mr. Lithgow is employed in a lumber establishment, tomorrow morning. Friends will be at the local depot to wish her a safe journey to her present home in the Sunflower state.

Mrs. Lila Carlin Moore, national organizer for the W. C. T. U., will arrive in the city Tuesday night. She will hold a mothers' meeting at the residence of Mrs. Grout Wednesday afternoon, address the pupils of the Central school Thursday morning at 9 o'clock and give a public address at the Lead Avenue Methodist Episcopal church Thursday night. Mrs. Moore is a talented speaker and no one should miss the opportunity of hearing her. Admission free and every body invited to come out.

The cowboy, Robert Rosa, arrested the other day in this city by local police, was taken to Socorro last Saturday night by Sheriff Blackington of that county. Rosa is accused of cutting the stealing. Schmidt, who was arrested at the same time and who is accused of the theft of two cows, secured his liberty from jail by giving a bond for his appearance when needed.

All kinds of fancy printing done at The Citizen job office.

## SCHELLEY TRIAL.

Testimony Being Taken in the Case.

Anarchists Arrested in Chicago Turned Loose.

All the Mills at Pittsburg in Active Operation.

NEBRASKA ASYLUM BURNED.

Washington, D. C., Sept. 23.—The Schelley naval court of inquiry met today that the navy department has no intention at present of bringing Admiral Sampson to Washington as a witness or to participate in any other manner at the inquiry. Commander Schroeder was recalled and asked if he desired to make any corrections of the official records of his testimony on Saturday. He denied the following regarding the remarks that he heard Admiral Schelley make about the Massachusetts the day of the bombardment of the Colon. He said that when he came aboard Admiral Sampson would be there the following day. He made that statement in connection with the remark that he was going in to sink the Colon. Questioned by Captain Lemly in regard to the coal supply of the Massachusetts he said he had enough on board to have remained on the blockade more than twelve days and then the vessel would be without coal and powerless to proceed to coal. Lieutenant Commander L. C. Heiler, who was navigator of the Texas during the Spanish war, was next called. He said he heard no guns fired when the squadron approached Cienfuegos and his knowledge no effort was made to ascertain whether the Spanish fleet was in the harbor at that point, or whether the Spanish works there, nor had there been an effort to communicate with the Cubans on shore until Captain McCalla arrived on the Mar. He said he heard no guns fired when the squadron approached Cienfuegos and his knowledge no effort was made to ascertain whether the Spanish fleet was in the harbor at that point, or whether the Spanish works there, nor had there been an effort to communicate with the Cubans on shore until Captain McCalla arrived on the Mar.

Commander Heiler described the battle of July 3 at Santiago, as far as the Texas was engaged, and told of the Brooklyn running in front of the Texas, declaring that it was a moment of the greatest danger to the Texas. The Brooklyn was engaged in the action, owned and driven by T. J. Chinick, and Lady Margaret, owned and driven by Joe Barnett. In the first heat Action won, trotting the mile in 2:26½, which is the fastest mile ever trotted by a New Mexican horse. She won the first quarter in 31 seconds and the half in 1:07. This pace is equal to 2:15 on a regular mile track. Lady Margaret took the second heat in good order, Action breaking in a narrow way of switching her tail while trotting. Some friends intimate that Action was trained to do the act so the people can say "there is no lie or moonshine on Chinick."

**FREE BOX DELIVERY.**  
On Star Routes Throughout Bernalillo County.

Edward J. Fuller, assistant superintendent of railway mail service with headquarters at Washington, D. C., is in the city, and was introduced at The Citizen office by Postmaster Hopkins. Mr. Fuller is here to interest the people in the free box delivery system on the mail star routes of this county, especially on the routes running from and to this city.

"Instead of bidders for these routes and the carrying of the mails, being great benefit to ranchmen and farmers and put them in touch with the markets of the world, as they could then get their letters and newspapers several days earlier."

"In addition to carrying the mails to the various postoffices on the star routes," quoted Mr. Fuller from a government pamphlet on the subject "the carrier on each route except where otherwise specifically stated, will be also required to deliver mail into all boxes and hang small bags or attach containing mail on cranes or posts that may be erected along the route."

The following routes are the ones Albuquerque would be most interested in: To Chilli, 36½ miles and back three times a week, and thence from Chilli to Taloque, Torren, Manzano and Eastview, 32 miles and back three times a week. To Palmito, 8 miles and back three times a week. To Old Albuquerque, Alameda, Sandoval, Casa Salazar, Miller and Calozin, thence to Cuba and thence to Jemez and Perea, 96 miles and back three times a week. From Thornton to Pena Blanca, Woodbury and Bland, 24 miles and back seven times a week; from Bernalillo to Placitas, 10 miles and

back, three times a week, and from Bland to Sulphur, 20 miles and back, twice a week, five months of each year.

Mr. Fuller will leave tonight for Socorro on the same important business.

**Business Change.**  
R. J. Parker, the real estate and insurance agent, has sold his business to A. Fleischer, the secretary of the Retail Merchants' association, and Mr. Fleischer is now in possession. He will move the office of the association to the real estate office and will be ready to accommodate the old and many new patrons after this date. He will then go to Pueblo and arrange for the family to follow him about October 1 and in the future Pueblo will be the permanent home. Mr. Parker carries with him the best wishes of this community for his future success.

**RACES AT THE FAIR GROUNDS.**  
Action Defeated By Lady Margaret in Free-for-all-Other Events.

The matinee races at the fair grounds yesterday afternoon, given by the Gentlemen's Driving club, did not draw out as large a crowd as the fine races merited, but still those who were present witnessed some good trotting and race sports.

The first race on the program was a trotting contest between Junia and St. Elmo, best two in three, and the heats and race was won easily by Junia.

Bonnie's Treasure, Boone and Nimble Jim contested the second trotting event on the program and the heats and race were taken by Bonnie's Treasure, with Nimble Jim second. Bonnie's Treasure was not a contestant for honors.

Then came a burro race, the entries being as follows: Jim McCleight, 27½ pounds; M. S. McCleight, 25 pounds; Thos. S. Hubbell, 26½ pounds, and C. M. Fowler, 25½ pounds. When the starter yelled "go" the four burros started off, allowing Hubbell to pass, then came on like a whirlwind McCleight and Fowler. At the quarter pole Otero was in the lead, followed by McCleight and Fowler. The guard which was patrolling the front of a row of miners' houses beat a hasty retreat.

The sheriff is summoning every available able-bodied man in the county and they are being armed and will be placed at the mines to protect the property. No word has come from the governor in regard to sending militia.

**Cuban Reciprocity Tariff.**  
Washington, Sept. 23.—The result of several conferences between President Roosevelt and General Wood, governor general of Cuba, has been to determine to negotiate a reciprocity agreement to be sent to congress early in December. Cereals and machinery from the United States will enter Cuba at reduced rates and sugar and tobacco will be the principal Cuban products affected by the agreement.

**Revolutionists Threaten Colon.**  
Washington, D. C., Sept. 23.—Official advice received by the state department from the United States consulate at Colon says that on the third instant he received from the insurgent commander a letter announcing the capture of the United States ship Machias. The consul informed the insurgent commander by letter that any interference with free transit on the isthmus would be a violation of treaty rights of the United States and this government would act accordingly. Subsequently upon the arrival of a small force of Colombian troops the insurgent force decamped.

THREATEN TO ATTACK COLON.

London, Sept. 23.—Lord Kitchener reports. "Kritzing, while endeavoring to force a passage through the Orange river near Herschel, rushed into the camp of a party of Lovat's scouts, who lost heavily. Colonel Murray and Captain Murray, his adjutant, were killed. I deeply regret the loss of Col. Murray, who throughout the war led Lovat's scouts with great gallantry."

**RIOTOUS MINERS.**  
Coal Miners Fired on a Mine and Troops Called Out.

Madisonville, Ky., Sept. 23.—The governor has been appealed to by Judge Nunn for troops to hold in check turbulent coal mine strikers, the result of an armed attack by a squad of strikers today.

Early today the strikers opened fire on the Belmecke coal miners from a grove 50 yards off and gradually came nearer. One squad of twenty-five or thirty strikers stood within fifty yards of the main road and peppered the street. The guard which was patrolling the front of a row of miners' houses beat a hasty retreat.

The sheriff is summoning every available able-bodied man in the county and they are being armed and will be placed at the mines to protect the property. No word has come from the governor in regard to sending militia.
