## FUNERAL TRAIN.

### McKinley's Body Taken to Washington.

### Mrs. McKinley Bears Her Sorrow Heroically.

### Impressive and Solemn Scene When the Body Was Moved.

#### TRIAL OF THE ASSASSIN.

Buffalo, N. Y., Sept. 16.—The silent form of William McKinley was borne from this city in impressive state this morning on its last journey to the national capital. Thousands upon thousands watched the procession moving towards the depot. At the Milburn mansion where the family of the dead statesman slept; at the Wilcox mansion where the new president resided; and downtown near the city hall, where the silent form of the former president lay, guards formed early and the streets were kept clear of people.

The sun shone, but the wind blew strong and fitful gusts across the city, tearing down drapings and raising clouds of dust.

Mrs. McKinley was not awakened until after 7 o'clock, when Dr. Rixey went to her room with one of her attendants. She had not slept well, despite the fact that she is almost thoroughly exhausted and that Dr. Rixey had given her a sleeping potion. The first thing she asked was a repetition of the question of the last two days, "When can I see the major?" Dr. Rixey told her that they were going to let her see him today. She then let her attendants dress her and at 7:45 was ready for her light breakfast, which she took alone in her room.

Colonel Bingham, in charge of arrangements, said that none of the party would go to the city hall where the body lay, but all would go direct to the train. This is done on Mrs. McKinley's account. At 7:55 several figures walked down towards the carriage. Mrs. William McKinley, robed in garbs of mourning and supported by Abner McKinley on one side and Dr. Rixey on the other, was the central figure. To the surprise of all, she walked briskly with her head quite erect, her face hidden behind her long black veil. She got into the carriage with her favorite niece, Miss Barber, Abner McKinley and Dr. Rixey, and they were driven at once to the depot. As far as could be seen she sat erect and unmoved in the carriage. The family of Abner McKinley and other relatives of the dead president, and Secretary Cortelyou, followed in other carriages. President Roosevelt broke fast with the family of his host, Alexander Wilcox, and with his secretary, William Loebe, Jr., he drove to the train. A few mounted police followed and three or four detectives and secret service men were near by.

The slow progress of the president's body from the city hall to the railroad station afforded the people of Buffalo a last opportunity to do honor to the memory of the assassinated executive. When the doors of the city hall were closed at midnight, it was estimated that 50,000 persons had viewed the remains. At 7:55 the morning Major Martin, commanding the escort, delivered the order, "Present arms." After a minute of awe-inspiring silence, the march from the city hall to the depot was begun. The soldiers raised the flag covered casket on their shoulders and moved toward the train as the band took up the old hymn, "O God, Our Help in Ages Past."

On the curb stood President Roosevelt with Senator Hawley. The former had refused the advice of the police to move into the depot yard, and had sat in his car, stoically watching the body being removed.

## CYCLONES WIN.

### Browns Defeated on Home Grounds.

### Santa Fe Cyclones Win by Score of 9 to 6.

### The Defeat of the Locals Attributed to Inexcusable Errors.

#### EASTERN LEAGUE GAMES.

The Albuquerque Browns, with Patterson in the box, met their Waterloo yesterday afternoon at the fair grounds at the hands of the Santa Fe Cyclones, with Harris twirling. Score, 9 to 6.

Owing to the fact that the Browns, who recently visited Santa Fe and were defeated, claimed on their return home that they had not been fairly treated by the umpire and that the score should have been different, a large crowd attended the match yesterday afternoon to see for themselves, and they were treated to an exciting game of the national sport, although interspersed with some inexcusable errors, which were made not only by the visitors, but more so by the Browns.

The run-getting was as follows: In the first inning Vorhes, for the Browns, opened the game with a safe hit over shortstop. Roy McDonald sent a safe fly between first and second bases, advancing Vorhes to third. Woodward and Pettus struck out, and on a passed ball Vorhes scored. Patterson went to base on balls and on the throw to catch him at second McDonald scored. Robinson out to first from shortstop, ending the inning and leaving Patterson on base. Score, 2.

The visitors failed to score in their half of the first inning.

The Browns failed to score in the second inning, but the Cyclones were more lucky, as follows: Ferron struck out; Harris struck a safe fly to short right field and actually got to third base before the ball was returned to the diamond. G. Parsons hit safe to second and first, scoring Harris on a throw to second. Alarid hit to pitcher, who failed to stop and the ball went on to second. Alarid reached first safely and Parsons going to third. Parsons tried to steal home, but was caught between third and the plate and was put out. Dignee hit to Robinson at third and on the wild throw reached third base, scoring Alarid. W. Parsons sent another hit to third base and Robinson threw low to Charles McDonald at first. Parsons safe. Dignee scoring. Spencer flew out to first base. Score, 3.

Both teams failed to score in the third inning, but in the fourth the Browns failed, as follows: Pettus and Patterson struck out. Robinson hit down to second and safe at first. C. McDonald hit safe fly, sending Robinson to third base and later Robinson scored. Helliwig hit to short and out at first. Score, 1.

The visitors failed to score in their half of the fourth, but added tallies in the fifth as follows: W. Parsons hit fly to center, which was missed. Spencer hit to pitcher and out at first. Parsons going to second and thence to right field, getting first himself and scoring Parsons. Nowell hit safe to right field, sending Rounds to third. Ferron hit foul fly to third and out and a moment later Rounds scored from third base. Harris hit to short and out at first. Score, 2.

In the sixth the visitors failed to score, but in the seventh inning piled on four more runs, which were presented to them by errors of Vorhes, Robinson, C. McDonald and Woodward.

The Browns failed to score in the fifth, sixth and seventh innings, but rallied in the eighth and ninth innings, adding three more runs.

The rally of the Browns in the ninth inning gave rise to the opinion that the local favorites would win an up hill game, but they fell short, scoring in their half of this inning only two runs.

Dr. Woods, of the government Indian school, acted the umpire and his work was pronounced most excellent. It is true he made errors; all umpires do in the judgment of the crowd, but the errors he made did not affect the game. The game for the visitors played a much better game all around and won on merit.

The result in tabulated form is as follows:

## STRIKE ENDED.

### The Old Employees Re- turn to Work.

### All the Mills Resume Active Operations.

### Thinks That the Assassin Followed McKinley to California.

#### SMALL STRIKE IN ST. LOUIS.

Pittsburg, Pa., Sept. 16.—There was no general resumption of work at the steel mills here today. The mills were operating about the same as last week, a few of the old men reporting for work. The Amalgamated headquarters was crowded with a committee from the mills anxious to learn the terms of the settlement of the big strike. At McKeesport there was general rejoicing that the strike had been settled. Five thousand men reported at the National Tube works. At Denmar nearly all the old men reported for work at the tinplate plant, except the strike leaders. From the national officers of the Amalgamated association nothing could be learned of the terms of settlement.

Youngstown, O., Sept. 16.—The plant of the American Steel Hoop company of this city and at Girard, Niles, Warren, Pomerooy and Greenville, Pa., have resumed operations.

Assassin in California. San Francisco, Cal., Sept. 16.—The call prints a report that Postmaster Chamberlain of Pacific Grove is certain that Leon Colquhoun was there on President McKinley's visit, on the occasion of the Grand Army of the Republic encampment and called for letters, giving the name of Fred Newman.

Small Strike. St. Louis, Mo., Sept. 16.—The entire force of drivers of the St. Louis Transfer company, numbering about 200, struck this forenoon for an increase of wages from \$50 to \$60 per month.

## Manager Martin of the Cyclones received 75 per cent. amounting to \$201.

### SUNDAY BALL GAMES.

### FAIR NOTES.

#### Exhibits for Floral Hall—Display on Navajo Blanket—Statehood Question.

G. A. Francisco, representing the Gadsby Packing company of South Omaha, Neb., wants space in the floral hall to make a fine exhibit of soap.

H. Rappe, who has charge of the floral hall, states that the hall is not large enough by many yards, and he will find it a difficult matter to place even those who have already asked for space.

Declarate & Rogers, proprietors of the Streets of Cairo company, are negotiating with the fair managers for an exhibition of their famous attraction. The company will make a tour of the coast cities this winter.

Manager C. E. Cannon of the Cannon Bros' show, has written Secretary McCanna that he will be on hand at the Territorial fair, when he will show the people what his collection of snakes, lizards and monkeys can do.

The display of Navajo blankets and curios to be made by the Hyde Expedition company and by J. W. Bennett of Houma, Arizona, will be in fine style, and will help to make the floral hall look cheerful in every respect.

W. E. Baker, manager of "The Alameda" in the Mesilla valley, passed through the city Saturday for Santa Fe. It is quite likely "The Alameda" will make a fine exhibit of vegetables and fruits at the approaching fair.

At the afternoon meeting of the board of county commissioners \$350 were appropriated for a county exhibit of minerals, fruits and vegetables at the fair, and the following gentlemen, E. A. Miera, Herman Blucher and Felipe Hubbell, were named as a committee to get up the exhibit.

President Roosevelt favors statehood for New Mexico first, last and all the time, and he has forcibly expressed his stanchest promises in a recent letter to President Marmon of his fair association. The president expects the fact that he cannot attend the fair and the statehood convention to be his nevertheless a statehood president.

Frank Staplin, editor of the Tucson "Desert", writes that he would like to make a fine exhibit of Indian curios at the Territorial fair. His address, with a substance of his letter, was submitted to President Marmon and Secretary McCanna this morning and the latter will write to Mr. Staplin, offering him inducements to bring his exhibit to the fair.

The Raton Gazette says: "The New Mexico Territorial fair at Albuquerque, October 15 to 19, 1901, will surpass all previous ones of the kind. The building of the new depot and additional shops by the Santa Fe at Albuquerque has aroused the citizens of that place to an enthusiastic degree and they are arming neither time nor money to make the fair a brilliant success. The fare from Raton is the extremely low rate of \$7.39 for the round trip."

# SCHOOLS OF NEW MEXICO.

Col. J. Francisco Chaves, Territorial Superintendent, Makes His Report.

## A MOST INTERESTING DOCUMENT.

Superintendent of Public Instruction J. Francisco Chaves has made a very interesting and complete report on the status of public education in New Mexico to Governor Otero's annual report to the secretary of the Interior. Unfortunately, Superintendent Chaves has not yet received the reports for this year from county and city superintendents of schools and the statistical part of the report is mainly based upon figures from the reports of previous years.

## The report commences with a

conclusion, but a very instructive review of the history of public education in the territory to which is added a review of the recent progressive school legislation of the territory. The statistics embodied show the wonderful growth the public school idea has made in New Mexico during the past decade. In 1891 there were raised in New Mexico \$58,192.17 for school purposes, the average daily attendance at the public schools was 12,497.

## At the present time the average daily

attendance at the public schools is 407, the average length of the school term was three months, and the average attendance at each school 34.

# Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is a but a modified form of Blood Poison and Consumption. The parent child the same disease manifesting itself in the form of scrofula glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and sometimes white swellings—sure signs of Scrofula. These may clear up, but a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by purifying the blood and building up the blood and stimulating and invigorating the whole system.

## SSS

SSS makes new and pure blood to nourish and strengthen the body. It is a positive and safe cure for Scrofula. It overcomes all forms of blood poisoning, whether inherited or acquired, and no remedy so thoroughly and effectively cures the blood as S. S. S. It cures all blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease from furthering its damage.

**Letter to Messrs. Hall & Larnard**

from their old employer Lew H. Clement, present manager of White & Courier Co., of Toledo, Ohio, the largest music house between New York and Chicago, says:

TOLEDO, OHIO, MAY 1, 1900.

Dear Friends—Yours of recent date received and we are very glad to hear from you. I was also glad you were going to do some piano business and had succeeded in securing the agency of Clifford Chickering's pianos. I hope you will do well, and one thing sure you are starting out right in pushing high grade pianos. It is sometimes harder to sell a GOOD piano because of course it must bring more money, but it MAKES FRIENDS and not enemies, and it is the good words of those who have bought pianos from you more than anything else which makes it easy to sell others. The Chickering Bros. will prove all you can claim for it. My brother-in-law in Detroit, C. H. Green, has had one over five years and ALL SWEAR BY IT AND NOT AT IT. With our best wishes,

Sincerely yours,  
LEW H. CLEMENT.

NOTE—We believe our success during the past year proves the above letter to be true.
