PUBLISHED DAILY AND WEEKLY.

Associated Press afternoon dispatches.  
Largest city and county circulation.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 10th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE, SEPT. 13, 1901.

Santa Fe has purchased a new cemetery and expects to wipe up the baseball club of this city next Sunday.

Since the year 1775 more than 5,000,000 soldiers have worn the uniform of the American army and borne its flag to victory.

The prosperity of the new south is indicated in the fact that the state of Mississippi has a surplus of \$1,000,000 in its treasury this year.

There are over 100 cities in Germany today where there are electric trams in existence. These are operating over 6,000 cars.

During the past year 37,172 members of the Grand Army of the Republic answered the final summons of the Supreme Commander.

Yellow journalism is at something of a discount in the United States these days. The shriekers about "empire" are silent for the moment.

The first woman doctor in the United States received her diploma in 1849 and now there are 6,000 women in this country who are medical graduates.

The detailed story told by the man who shot President Garfield shows that envy and vanity form a large part of his make-up, as they did of Giteau, who shot President Garfield.

There are only about 5,000 of the Mexican war veterans living and a few of the old guard are gathered at Cleveland, O., celebrating the victories won over the hosts of Santa Ana.

The agricultural college of Connecticut has evidently run to seed, for with a faculty drawing \$25,000 a year from the state, there is no entering class in sight. The college opens this month without a freshman class.

Admiral Schley won his contention that Admiral Dewey was not acting as one of the judges of his case. The people hope that the gallant Schley will win on every point in the investigation and come out of the whole controversy with colors flying.

In a single year the divorces granted in this country were nearly twice as many as those granted in all the other countries of the world. The divorce statistics of one year show that in the United States 22,472 divorces were granted, in France 6,245, in Germany 6,161, in Russia 1,789, in England 508.

The Citizen hopes that Colonel Berger of Santa Fe will take solemn warning from the condition that confronts him. He is indicted for falsehoods published against Governor Otero. They were so palpably untrue that no one paid any attention to them and have not injured the governor. If the indictments induce the colonel to handle the truth hereafter in his editorial utterances, good may result.

**RAILROAD EXTENSIONS.**  
According to reports received from manufacturers of railroad supplies, railroad companies are preparing extensive plans for the construction during the year 1902. It is said that improvements and additions next year will be conducted on a larger scale than in the current year. Manufacturers of steel rails, bridges and locomotives are enthusiastic over the outlook and express the belief that consumption in 1902 will exceed the supply.

**WORTH ALL IT COSTS.**  
In his paper on "Advertising," read before the American Statistical Association, Dr. Sherman estimated that on the average the cost of advertising amounts to five per cent of the value of the goods which are sold. This is believed to be an excessive estimate and it is not considered strictly fair to include the salaries and expenses of commercial travelers in the advertising account. However, it is apparent that business men consider advertising essential to trade, and, indeed, its life-blood.

**PRESIDENT'S CONDITION.**  
The cheerful news yesterday in regard to the condition of President McKinley this morning turned to deepest gloom and his life is hanging in the balance at this writing. The food that he took yesterday morning was too solid for his weakened stomach and brought on the gravest symptoms. It is not all of life to live, nor all of death to die. It is felt that President McKinley must die. He will leave a rich heritage of good deeds done, and his name and fame will be cherished by the American people and the whole world will mourn his untimely death.

**CONGRESS TO ACT.**  
The utterly wanton and unprovoked attempt on the life of the president at Buffalo has brought to a sudden close

**Maggio Refuses to Talk.**  
He is Non-Committal as to His Predecessor That President McKinley Would be Assassinated.

Special to the New Mexican. Albuquerque, Sept. 12.—Maggio, the anarchist, recently arrested at Santa Rita, Grant county, has been taken from jail at Silver City to Albuquerque, where he was put through a close examination today and "sweated" for several hours. He refused to say anything on the subject of the attempted assassination of President McKinley, although he had frequently made the statement during the month past that the president would be killed before October 1, and there were witnesses present at the hearing today to testify to that effect. Charges were made by the president would be killed before October 1, and there were witnesses present at the hearing today to testify to that effect.

The above dispatch (?) was evidently prepared in Santa Fe by that "proliferous" Denver correspondent, who hadn't the decency to keep out of the territory assigned to other correspondents, for the reason that no Albuquerque correspondent would be guilty of distorting facts in such a shape. In the first place, Maggio has not been brought to Albuquerque, and therefore was not "sweated" through a close cross-examination and "sweated out." It is true that charges have been preferred against Maggio, but he was "hauled over the coals" for the next time. There are other mistakes in the alleged dispatch, but the corrections made are essential and it is hoped that the Santa Fe men, using other correspondents' territory, failed to send out to the Denver papers the same misleading information. As stated in the Albuquerque paper, Maggio is in jail at Silver City, where his preliminary hearing will be had on Saturday, September 21.

**MARTIN DWYER MISSING.**  
The Mysterious Disappearance of a Ranchman of Grant County.

Martin Dwyer, a wealthy ranchman of Allison, Grant county, is mysteriously missing from home and neither his relatives nor the authorities have been able to discover his whereabouts. Dwyer left Allison for El Paso three weeks ago. He had \$7,000 on his person which he intended to use in the first National bank at El Paso. He never called at the bank nor has he since been seen. When he left Allison he took his favorite child with him, and because of that it is thought probable he has not met with foul play, but has simply lost the country. His wife and one child are still in New Mexico. He came from New York six years ago.

**Jewish Holidays.**  
The Hebrews will on Saturday and Sunday, September 14 and 15, celebrate their new year. On September 23, the day of atonement will be celebrated, when all the local Hebrews will close their stores. On September 28 will be celebrated the feast of tabernacles.

**Accused of Larceny.**  
Sheriff Charles Romero was accompanied yesterday by W. J. McAdams, Cuddy Corrick, W. J. Smith, Jesse Smith and John Williams, whom he arrested Saturday. Sunday down at the foot of the Staked Plains for the larceny of cattle. They had in their possession at the time of the arrest, eleven-eight calves, which were stolen from different herds.

After arresting these men Sheriff Romero was approached by the con-

stable at Endre, who demanded the surrender of the prisoners to him, although he had no warrants for their arrest. Sheriff Romero refused to accede to the request, gently but firmly. It is rumored that the constable has a platonic affection for the gang of thieves.

The five prisoners have been placed in the county jail to await a hearing, which will be held in the chambers of Chief Justice Mills—Las Vegas Record.

**WILL FIGHT FOR IT.**  
Albuquerque Wants That First Money—Is Getting a Very Strong Team.

The Albuquerque sports are getting loaded for El Paso's team of National league ball players and are themselves signing a team that will make the winners of the Albuquerque purse play the greatest ball ever seen in this country. The Albuquerque people have signed such people as Bert Jones and Powell for pitchers, Chance and six others of the most noted players in the National league.

Manager Carl Ennis of the El Paso association is not uneasy and says he will have a team which cannot be defeated. He has every confidence in his own judgment and has authorized that player to select men with a view to securing for El Paso a team that can beat any club in either of the big leagues.

After the Albuquerque tournament the two clubs taking first and second money will be brought to El Paso to play a series of four games. The winner of each game to get 50 per cent of the gate receipts. It has been estimated that the gate receipts at each game will range from \$500 to \$1,000. Fixing the average at \$750 would make \$2,500 for the four games, and if the El Paso club should win three out of the four games the players would each receive a fraction over \$114.60. This sum would be in addition to the \$50, which would be presented to each player by the gentleman who have put up \$25 each to bring the team here.—El Paso News.

The Citizen has already given the facts about what players are down on the list to represent Albuquerque at the tournament. The pitchers are Waddell of the Chicago and Powell of the St. Louis team. The other players are Chance, Raymer, Green and McGinnis of the Chicago team, and McGinnis of the St. Louis team, with Van Halten of the New Yorks.

Some of the boys with the outfit pinned him in a wagon and drove him to Roswell. The Springs Stockman says Richards is as grumpy a man as ever straddled a "bronco."

**Indian School Notes.**  
The little burg known as the government Indian school is again the scene of happy life. During the month past the place seemed almost deserted, but now the ring of happy voices is everywhere to be heard and the children are playing, laughing and playing, imbibing the ideas and ways of civilized life.

Most of the former pupils are back and with them have come a good number of new ones, so that now the school is crowded, having more than ever before on the opening day. There have been a few changes in the staff of employees. Miss Haines is remaining at home on account of ill health. Miss Noland has been transferred to Phoenix, having received a promotion. Miss Steele of Yankton, N. S., takes Miss Noland's place. Mr. Lente has been promoted to the position of night watchman.

Mr. Almer has also received a promotion in the form of an increase in salary.

The employees all report having a pleasant vacation, but all seem glad to get back to the genial clime of New Mexico.

We are all pleased to note the good fortune of our former superintendent, Mr. Allen, who has been appointed the superintendent of the Carlisle Indian school.

Superintendent Collins has gone to Gallup, N. M., to investigate the case of the alleged murder of a British subject by the Indians near Fort Wingate.

## BEGAN SUIT FOR \$30,000.

Mrs. Lindsey Sues Santa Fe for Death of Her Husband.

Kate A. Lindsey and her two minor children have filed a suit for heavy damages at El Paso against the Santa Fe railway company.

The amount of damages asked for is \$30,000 and the action is based on the death of Frank H. Lindsey, who was killed at Lamy, New Mexico, on March 29, 1901. The plaintiffs are the wife and children.

The accident which cost the life of the deceased was very peculiar in its nature. There is a long incline at Lamy, attached to a coal chute and Lindsey was sent by the conductor of his train to loosen the brake of several empty cars and let them run down the incline to the main line.

He carried out his instructions as soon as the orders were given, but it being then about 11 o'clock at night and quite dark he could not see very well and was not aware of the danger which threatened him. He stood at the front end of the cars and let them roll, and as they neared the bottom, slowed down and was preparing to alight.

Unknown to him several other cars on the incline above had started to roll and he brought his car to a standstill. As he did so those behind crept up on them and struck them with a tremendous jolt, throwing Lindsey to the track so that the iron wheels passed over his body, grinding a portion of it into a pulp. He was so badly injured that he died soon afterward and now his widow and children want damages.

from their old employer Lew H. Clement, present manager of Whitey & Co. of Toledo, Ohio, the largest music house between New York and Chicago, says:

TOLEDO, OHIO, MAY 1, 1900.

Dear Friends:—Yours of recent date received and we are very glad to hear from you. I was also glad you were going to do some piano business and had succeeded in securing the agency of Clifford Chickering's pianos. I hope you will do well, and one thing sure you are starting out right in pushing high grade pianos. It is sometimes harder to sell a GOOD piano because it costs it more money, but it MAKES FRIENDS and not enemies, and its good words of those who have bought pianos from you more than anything else which makes it easy to sell others. The Chickering pianos will prove all you can claim for it. My brother-in-law in Detroit, C. H. Green, has had one over five years and ALL SWEAR BY IT AND NOT AT IT. With our best wishes,

Sincerely yours,  
LEW H. CLEMENT.

NOTE:—We believe our success during the past year proves the above letter to be true.

Mrs. B. F. Fillmore has gone north to meet her husband, who was called to Joplin, Mo., and will accompany him on his return to this city.

Mrs. C. F. Myers and children, who enjoyed the summer among St. Louis, Mo., relatives and friends, have returned to the city from Denver, Colo., to visit Mr. and Mrs. C. F. Hall and Albuquerque friends. Mrs. Snail is a sister of Mr. Hall.

Last evening, at her home on east Railroad avenue, Miss Nellie Halston, a very pleasant young lady, entertained a number of her lady and gentleman friends. Music, dancing and light refreshments were in order.

At the home of Mrs. Werner on the Highlands this evening the choir of the St. John's church will give a reception in honor of Miss Heimbeck, sister of the late Alfred Heimbeck, who was a member of the choir.

The first dance of the season will be given by the ladies of the Degree of Honor at A. O. U. W. hall. These dances are well known by the young people as very pleasant events. It will take place Wednesday, September 18, at 8:30 p. m.

The Rev. Mr. Marsh will be the preacher at the open air service, corner Lead avenue and Second street Sunday next at 4 p. m. The choir will be greatly helped by the addition of a couple of first-class inspiring singers. All citizens are invited.

Hon. O. A. Murphy, governor of Arizona, who was east, passed through the city on his return to Phoenix last night. The governor stated that he would make all efforts to be here during the fair week, so as to attend the statehood convention.

Mrs. Nellie B. Field had planned to hold a reception this afternoon at her pleasant home in honor of her sister, Mrs. A. M. Berger, of Santa Fe, but owing to the precarious condition of President McKinley has postponed the social event until some other afternoon.

R. A. Sleyter, the well known real estate and insurance man, has returned to the city from a successful trip to various sections of the territory. During his absence his aged mother and sister, Mrs. E. W. Davis, of Albuquerque, arrived from Santa Fe. Their visit is being made very pleasant by their Albuquerque relatives.

Charles and Roy McDonald, two enterprising young gentlemen of Albuquerque, have formed a partnership to engage in the insurance business. Representing the Mutual Life Insurance company, at whose office in the First National bank building they will make their headquarters. The Cincinnati office for the new firm is the best of luck.

James Carroll, the Santa Fe Pacific engineer, who is off on his vacation has sent to Col. Ben Bothe a pair of wooden shoes from the Alps. These shoes are now worn by some of the German farmers in Wisconsin. They are on exhibition at the Zeigler Club, where Ben is practicing the "can can" dance for the enjoyment of his many friends.

The scenery and chairs for the Colunbo hall, which was recently leased by Messrs. Crawford and Zirhut, are expected to arrive from the east this evening, when they will be put immediately in position so the hall will be ready for the Ruble Theatre company, which opens here next Monday for one week's engagement. Mr. Zirhut stated this morning that when all the contemplated engagements are completed, Colunbo hall will be one of the nicest opera houses in the southwest.

**FAILED TO RECOGNIZE SISTER.**

Jim Bush, Demented at County Jail Don't Know His Sister.

Miss Virginia Cox of Oroville, Cal. is in the city. The lady is a sister of Jim Bush, who is crazy and is now held at the county jail waiting transportation to the territorial insane asylum at Las Vegas. Since her arrival in the city she has called at the county all several times, but the demented brother has so far failed to recognize her. Mrs. Cox states that on her first visit to the jail, however, he got up from the floor and muttered to an inquiry from the jailer: "My sister," and then appeared to lose all sense of recollection and memory.

Mrs. Cox has been informed by the wife of the unfortunate man that her brother was demented once before while living in Texas years ago, but this is the first time she has ever known that his mind was ever impaired. Mrs. Bush has also informed the sister that her husband is the owner of some valuable mines in this vicinity, but if such is the case he failed to comfortably furnish his home and other needs of the family.

It is feared that, while the husband and other members of the family are hopelessly demented, sweet charity will have to look after the wife and children, who are really in need of the necessities of life.

**Unjust Resolution.**

The following protest against the resolution increasing taxation in cities and counties was sent to the territorial board of equalization, Santa Fe, last night:

The resolution in question was passed by a vote of 4 to 1, only John M. Sandoval, of this county, voting against the resolution.
