## THE PRESIDENT WILL GET WELL

Everything Favorable For His Rapid  
Recovery--His Condition Up  
to Press Hour.

### POLICE ARE HUNTING FOR ANARCHISTS.

Buffalo, N. Y., Sept. 9.—The following bulletin was issued by the president's physicians at 6 a. m.:  
"The president passed a somewhat restless night, sleeping fairly well. The general condition unchanged. Pulse, 120; temperature, 101; respiration, 28."  
"P. M. RIXEY, M. D.,  
"GEORGE B. CORTELLI,  
"Secretary to the President."

**CHEERING NEWS.**  
Buffalo, N. Y., Sept. 9.—The following bulletin was issued by the president's physicians at 3 p. m.:  
"The president's condition is becoming more and more satisfactory. Untoward incidents are becoming less likely to occur. Pulse, 112; temperature, 100.5; respiration, 28."

**STEADILY IMPROVING.**  
Buffalo, N. Y., Sept. 9.—The following bulletin was issued by the president's physicians at 3 p. m.:  
"The president's condition steadily improves and he is comfortable, without pain or unfavorable symptoms. Bowel and kidney functions normally performed. Pulse, 113; temperature, 101; respiration, 26."

Buffalo, N. Y., Sept. 9.—Dr. Roswell Park and Secretary Wilson came out of the Milburn house together at 9:30. Dr. Park answered questions with a cheerful and positive assurance of confidence. "The situation is entirely satisfactory," said he, "and there are no symptoms to cause alarm. The president is receiving no anesthetic. He is fully conscious at all times when awake and his mind is clear."  
"The president will get well," said Secretary Wilson. "I feel it and I am sure that the doctors now feel it. Of course, the danger point has not yet passed, but the period for peritonitis to appear is rapidly passing away and there is not a sign of inflammation. The president has made up his mind to live, and live he will. The rise in his temperature during the night was somewhat disturbing, but his febrile condition is better this morning and our hopes continue in the ascendant. The fact that his sleeping during the night was restless is not to be wondered at. All the water and liquid nourishment which he is receiving are being administered, hypodermically, and this fact alone would account for his restlessness."  
Dr. Hermann Myer said to the Associated Press: "The president's condition is rapidly improving and is decidedly unfavorable results, is encouraging and indicative of final recovery."  
Dr. Eugene Washin, another of the consultation staff, said: "There are no distressing symptoms."  
The other McKinley brother of the president, arrived at the house at 10:05 and was immediately admitted. When Abner McKinley came from the house at 10:45 he repeated the expressions of confidence given by those who preceded him, but added no new details.

**PRESIDENT SURE OF RECOVERY.**  
President McKinley's condition this morning "so favorable that it dispelled almost the last shadow of doubt and led those nearest him to confident predictions of his recovery. The tone of the 6 a. m. bulletin referring to the president's somewhat restless night gave temporary apprehension, but this was speedily dispelled by the result of a consultation held by the doctors at 9 o'clock and officially announced at a later hour. This disclosed marked improvement of the pulse and temperature. Aside from these pathological features the doctors gave cheering information. Free from all technicalities of science that the president's condition was becoming more satisfactory and untoward complications less likely. Besides their official signed utterances the doctors gave individual expressions reinforcing their buoyant and confident tone. They made known that the president's mind was clear as

**ANARCHISTS HELD.**  
Chicago, Sept. 9.—Nine anarchists under arrest here were brought before Magistrate Pendleton today. At the request of the city attorney hearing was postponed until September 19 in order to allow further investigation of the charge that they had conspired to murder the president. Several of the prisoners admitted the acquaintance of Czolgosz and the police are working on the theory that the president's assassin was inspired to do the deed by the teachings which he received while here last July. Six male prisoners were held without bond pending the hearing, and three women were held in bonds of \$3,000.

**ANARCHIST CONSPIRACY.**  
New York, Sept. 9.—A special to the Herald from Buffalo says: "That there was a conspiracy in which many besides Czolgosz were concerned, which had the destruction of President McKinley as its purpose, is the firm conviction of all the members of the cabinet and the Buffalo police. An agent of the United States secret service said:  
"The theory is that Emma Goldman, the anarchist, was the prime mover in this plot. Emma Goldman was in Buffalo last Monday night and has been known to the police for twenty-four years. She went under an assumed name. The police all over the United States are searching for her."

**SECRETARY HAY.**  
Newbury, N. H., Sept. 9.—Secretary of State Hay left Newbury today for Buffalo.

**EMMA'S LAST ADDRESS.**  
St. Louis, Mo., Sept. 9.—Emma Goldman, anarchist, called for her mail at the St. Louis postoffice on Saturday and left a request that her mail be forwarded to the general delivery at Chicago.

**WILL BE EXPELLED.**  
Youngstown, O., Sept. 9.—Steps are being taken by state officers of the Knights of the Golden Eagle of this city to expel from the order Leon Czolgosz, who entered the order at Cleveland under the assumed name of Frederick Nieman.

**MORE ABOUT THE ASSASSIN.**  
Cleveland, O., Sept. 9.—Chief of Police Connor today gave the Associated Press a statement, in which he told what he learned concerning the president's assassin.

**HANNA IS PLEASED.**  
Secretary Hitchcock and Senator Hanna emerged from the Milburn house shortly after noon. The senator appeared jubilant. "Every bulletin is an improvement," said he. "The critical period has passed and the president's condition is steadily improving. It appears to be accepted that in the present progressive stage of the case it is not time to consider operations."  
It is to be noted that this statement suspends final judgment until another twenty-four hours, and is a more conservative view of the situation than that so frequently voiced during the forenoon.

**Grand Army Encampment.**  
Cleveland, O., Sept. 9.—The first day of the G. A. R. encampment, was occupied chiefly with formal reunions of veterans. It is estimated that there are 100,000 guests and excursionists here now.

**MONEY NEEDED.**  
Currency Needed to Move the Crops of the Country.  
New York, Sept. 9.—At the close of the stock exchange today the following telegram was made public at the clearing house:  
"To Hon. Lyman J. Gage, Secretary of the Treasury, Buffalo, N. Y.: Continued absorption of money by the treasury in view of the increasing demand for currency for crop moving, we trust will have your immediate attention and measures adopted by which at least some portion of this surplus may be replaced in circulation for the benefit of the business community."  
(Signed) "E. D. TAPPEN,  
"Chairman Clearing House Committee."

**"MASHIE" CLARK HERE.**  
Deputy Sheriff Newcomer brought with him from California H. S. Clark, who is wanted in Albuquerque to answer to a charge of embezzling from the Singer Manufacturing company. Clark was turned over on a requisition from the governor of this territory. Mr. Newcomer explained some difficulty and was subjected to considerable delay in getting his man turned over. Clark is now safely lodged in the county jail pending a preliminary trial before a justice of the peace by action by the grand jury, which will meet September 16. Clark will be remembered as the high school boy, made himself obnoxious in Albuquerque last winter and escaped being horsewhipped out of town, to land in the city jail for issuing worthless checks, which friends made good for him.

**Public Schools Opened.**  
The public schools of the city opened this morning with about 1,000 scholars in attendance. At the Central school there were about a dozen scholars more than seats and they could not be accommodated.

## THE DAILY CITIZEN

HUGHES & MCNEIGHT, Publishers

THOS. HUGHES, Editor

W. T. MCNEIGHT, Mgr. and City Ed

PUBLISHED DAILY AND WEEKLY.

Associated Press afternoon dispatches. Largest city and county circulation. The largest New Mexico circulation. Largest Northern Arizona Circulation.

Copies of this paper may be found on file at Washington in the office of our special correspondent, E. G. Rogers, 218 F Street, N. W., Washington, D. C.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium list will aggregate \$100,000.

ALBUQUERQUE, SEPT. 9, 1901.

President McKinley is recovering and the people rejoice.

Will the socialists make a martyr of the president's assassin?

Kansas has 109 producing oil wells, which last year yielded 74,714 barrels.

The public schools in this city began work this morning with over 1,000 pupils in attendance.

Fourteen hundred lots in the new town of Lawton, Ok., were sold by the government for \$114,000.

The territorial university will open its doors tomorrow for the fall term, with a large list of students.

President Shafter states that he has not begun to fight yet. Is this an intimation that factory-burning will soon begin?

The ministers of this city deserve great credit for their energy and zeal in holding union open air meetings each Sunday afternoon.

It is believed that the Indians are as numerous in the United States as they were when Columbus landed. The present number is estimated at 267,000, and on the average they are richer than the people of this country in general.

President McKinley said in his speech at Buffalo that "expositions are the timekeepers of progress." This is literally true in New Mexico. The territorial fair for twenty years has been an indicator of the progress of the territory.

Wherever there is industrial expansion there is sure presently to be educational expansion. Says the Red River Prospector: "One good sign of progress in New Mexico is that every hand school house are being built. They are most of them brick with modern improvements."

**VALUABLE PAMPHLET.**  
New Mexico's mineral resources are attracting great attention. There is a great demand for the pamphlet entitled "Mining and Minerals of New Mexico," issued by the bureau of immigration. The New Mexican states that one corporation, the American Consolidated Copper company, owns mining property in Santa Fe, Socorro, Lincoln and Grant counties, has asked the bureau for 500 copies for distribution to its stockholders and to eastern men who are thinking of investing in mining property in New Mexico. That line and this is proven by the increased activity in mining matters in New Mexico.

**GALVESTON HERSELF AGAIN.**  
The Galveston News of September 1 contains a synopsis of the commerce of the port of Galveston for the year just closed and shows in spite of the unprecedented hurricanes of last September that business is being conducted on a greater scale than ever before. Galveston's total cotton receipts for 1900-1901 were 2,172,833 bales, compared with 1,710,263 bales for 1899-1900. Galveston's bank clearings for the year just closed amounted to \$260,359,000, compared with \$239,624,850 for the preceding year.

During the season of 1900-1901 the total coastwise foreign exports from Galveston were valued at \$246,667,247, as compared with \$218,881,512 for the previous season.

In presenting its annual trade edition covering the trade of the port of Galveston for the year just closed the Galveston News says: "The features of the year were the recuperation of the port from the great storm and the advent of fuel and oil. What the use of oil as fuel will lead to in the south is yet too early to definitely state. Galveston should be able to obtain oil at as low rates as any other city can secure it. The railroads and the larger coal consuming industries are gradually beginning the use of oil for fuel."

Galveston handles one-fifth of the exports of the whole United States, but only 1-240th of the imports of the country.

grain elevators, with a combined storage capacity of 2,750,000. This company has a wharf frontage of five and one-tenth miles and a wharf front space of practically forty-five acres, all under sheds.

**HIS GREATEST SPEECH.**

President McKinley has never been known, during all of his extended public career, to make a tame, unimpassioned, unmeaning address, but it is at least an open question whether he has ever in the history of the great speech delivered at the Pan-American exposition on the day before he was shot by an assassin. It is as nearly a masterpiece of earnest expression, deep thought and clear enunciation of broad, patriotic Americanism as it is possible to conceive.

The address had in its every line the ring of the most all-embracing, far-sighted statesmanship, and its expression of the policy of the administration is so clear, so explicit and so generous that it cannot but meet the approval of all men of thought, unblinded by partisan prejudice. Not one word in it, from beginning to end, can be by any stretch of the imagination, be construed into anything but the utterance of a man intensely American and profoundly patriotic.

Mr. McKinley's review of the wonderful progress of the nineteenth century on this, the threshold of the twentieth, will well bear the closest study. His tribute to the enterprise of the press of the United States that chronicles events almost as soon as they occur, no matter in what part of the world they may happen, was graceful and certainly most thoroughly deserved. His statement that "no nation can longer be indifferent to any other" sounds the keynote of recent republican principles, brought to perfection by the triumphal entrance of the United States into the great position of pre-eminent world power, and is in sharpest contrast to the narrow exclusiveness of Mr. McKinley's recent political opponent.

Chairman Dick of the Ohio republican committee has invited Hon. Frank A. Hubbell, chairman of the New Mexico republican committee, to visit Ohio and take part in the exciting campaign now in progress.

The best valley alfalfa hay is selling at \$10 per ton.

The valley and city were visited by another good rain early this morning.

## PRESIDENT MCKINLEY.

Shot by Assassin Leon Czolgosz, at the Pan-American Exposition, Buffalo, N. Y., last Friday afternoon, Sept. 6. Latest bulletins report the president getting along nicely, with chances most excellent for his ultimate recovery.

## NEW MEXICO TOWNS.

Cerrillos, Bland, Socorro, San Marcial, Las Cruces and Hillsboro.

**SHORT INTERESTING PARAGRAPHS.**

**CERRILLOS.**

From the Register.

The concert at the Methodist church was greatly enjoyed by those who heard it and it was considered a success.

J. P. Porter left for Albemarle, where he has accepted a position for the fall and winter. His family will remain here for awhile before moving.

R. B. Thomas and wife left for Albuquerque, where Mrs. Thomas and daughter will reside this winter to give the young ladies the school advantages of that place.

Prof. Galtner returned from a trip to the Santa Anas mountains where he has extensive mining interests. He considers that the richest district in this part of the country and thinks it will be a big producer in the near future.

Miss Mae Harney started for Las Cruces, where she will attend the New Mexico College of Agriculture and Mechanic Arts. Miss Harney is one of the brightest young ladies in Cerrillos and was one of the best scholars in the Cerrillos school class of 1901.

She was accompanied to Las Cruces by her mother and sister, who returned Wednesday.

**BLAND.**

From the Herald.

Mr. and Mrs. E. H. Anderson returned home from a pleasant visit to Rogers' ranch.

Messrs. Jack and George Addoms have completed the assessment work on the Orphan claim, located in Colla canyon.

Bland was visited by another very severe rain and hailstorm Tuesday night, but no damage was done to speak of.

Mrs. Cole and her two bright sons, Jimmie and Mert, left Bland for San Francisco, where the boys will attend the Brothers' college.

Ray Myers, son of W. E. Myers, and the tall scrawny of the Cochiti district, left Wednesday for Hardy, Neb., where he will attend school.

A. Goodrich of Gallup, a first cousin of Al Frost of the First National bank of Albuquerque, arrived in Bland Tuesday and left the following morning for the world-famed sulphur springs.

Most popular human business accompanied his brothers, Tom and Perry, who have been making him a short visit, as far as San Francisco. The young men will continue on to their home in Illinois.

Mrs. J. W. Carpenter of this place left for Albuquerque with her son, John, and daughter, Miss Minnie. The young people will attend school in the territorial metropolis this term. Mrs. Carpenter will return home in a few days.

George L. Smith, Wayman and Dan Callender, who went out with the bear hunting expedition a week ago Saturday, returned to Bland yesterday for provisions. Wayman Callender and John O'Connor have so far succeeded in killing three of the big fellows. Messrs. Callender and Smith will join the hunting party again in a few days, but it is feared that Henry Brown will either have the bears killed or scared to death before they can reach their camp.

**SOCORRO.**

From the Chieftain.

John R. Perry has gone to the university of California for a three-year course of study.

Mr. and Mrs. A. B. Richmond are entertaining their niece, Miss Pearl of Los Angeles, Cal.

Born, Friday morning, September 6, of the wife of James G. Fitch, a daughter. Mother and child are doing well.

P. A. Marcellino has a fine pear orchard four or five miles up the valley and the fruit thereof is good to the taste.

Prof. F. A. Jones returned from a ten days' trip in the western part of the country on United States geological work.

Captain C. H. Kirkpatrick left for Mogollon after a stay of three weeks in Socorro in attendance upon the normal institute and examination.

Colonel E. A. Levy expects to spend a week with relatives and friends in Albuquerque. He will then return to Socorro and remain two or three weeks before resuming business in June.

Miss Annie W. Fitch arrived in the city to enter upon the duties of the position to which she was recently elected by the trustees of the school of mines. Miss Fitch spent last year in study at a state normal school at Oswego, N. Y.

Prof. J. M. White of Texas has been elected principal of the Macdonald normal school.

The institute recently held in this city, has no doubt given good satisfaction in the position in which he has been elected.

Prof. and Mrs. Francis C. Lincoln arrived in the city from Boston and

## "RUBE" WADDELL.

Famous Southpaw Who Will Pitch for Browns During Fair.

I allude to the fact that the Reds, Cause why? Cause the name is still full of town folks, my tongue when I try to say it. From the Pastors of "Rube" Waddell in Chicago Chronicle. Set the waiter to me last night. "Will you have some real case-rolls?" sez I for the waiter. "I don't care whether you roll it or lead it, but bring it in." From the Pastors of "Rube" Waddell, in Chicago Chronicle.

The Chicago players have a novel way of getting good work out of "Rube" Waddell. The night before the game takes place one of the bunch rushes to the hotel, seemingly out of breath, and makes a bee line for the billiard or writing room, where "Rube" and some of the team are lounging, and says: "They are betting up town 100 to 40 that 'Rube' loses tomorrow." "Rube" then chins in and declares he'll pitch his arm and goes to bed early, dreaming of 100 to 40—Sporting News.

George P. Lane, Pawamio, Michigan, writes: "Your Kotol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kotol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus I have never paid." B. Ruppe, Cosmopolitan.

B. W. Purcell, Kingsville, Pennsylvania, says he suffered 25 years with piles and could obtain no relief until DeWitt's Witch Hazel Salve effected a permanent cure. Counterfeits are worthless. B. Ruppe, Cosmopolitan.

Deputy Sheriff Ed Newcomer and Deputy United States Marshal Fomoff have returned to the city from San Francisco, and they brought along with them George H. Clarke, embler of Singer Sewing Machine company's funds and who gained quite a reputation while stationed here as a "woman masher."

**A Shocking Calamity.**

"Lately been a railroad laborer," writes Dr. A. Kellott, of Wilford, Arkansas. "His foot was badly crushed, but Bucklin's Arnica Salve quickly cured him. Burns, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by J. H. O'Reilly & Co.'s drug store."

A never failing cure for cuts, burns, scalds, etc., is Dr. DeWitt's Witch Hazel Salve. It is simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by J. H. O'Reilly & Co.'s drug store.

**SAN MARCIAL.**

From the Bee.

Mrs. W. H. Howard and her son, Alie, are home from enjoying the wonders of the Pan-American show.

Misses Pearl and Helen Ford, two very companionable young ladies of El Paso, are visiting with Mrs. Sid Hockett.

Frank Hill, brother of Mrs. J. H. Hesson, makes the third boy who left to enter the Brothers' college at San Francisco.

Miss Minnie McCoach has been quite ill since her return from Socorro. The examining board granted her a first grade certificate on a showing of 92 per cent.

Mrs. Nellie Parrish has sent in her resignation as postmistress at Roswell. The board of examiners last week should talk over the matter and let Delegate B. S. Rodey know of their decision regarding her successor.

Mrs. Lewis, who was to have accompanied William Z. McDonald of New York, and D. A. Walker of Columbus, Ohio, south last evening, was detained by illness and will not accompany them and will join the gentlemen at Albuquerque, says the New Mexican.

From there they will go to El Paso to attend the college at that place. Mrs. Anderson is greatly pleased to have her daughter and niece with her.

Miss Linna Millard of Hutchinson, Kas., has arrived here and has been elected principal of the public schools. Miss Millard is a young woman of excellent qualifications as a teacher. The school board of San Marcial are fortunate to have her.

A man named Young, on his return from Las Polomas on his way to Gallup, where he formerly conducted a stage line, lost his wagon, supplies and one of his horses while crossing the river last week. The last of his available possessions, the other horse, he sold for \$100.

The railway station presented a lively appearance the other morning. Parents and friends were taking leave of a number of pupils going away to school. Misses Rena and Mamie Shaw, Ray Finney and James Hitchcock were bound for the agricultural college at Mead, near Lincoln, Nebraska, and Annie Hockett went to the Veterinary academy at Las Cruces and Jack Harlan and Eddie Nichols accompanied to the Brothers' college at Santa Fe.

**LAS CRUCES.**

From Rio Grande Republican.

Surveyor Peitz, A. C. Tyson, Colonel "Jack" Swartz and Walter Danberry returned from the Organas, where they have just finished the survey for a telephone line from Las Cruces to the Modoc mine and to the Torpedo mine.

Several Gallup students are in college this year. Miss Eldridge and Ray Aldrich are two of these, and others are expected later. The college has more students from the northern part of the territory than usual, a gratifying sign of the appreciation of the college by distant patrons.

The enrollment in all departments of the college is much larger this year than before. On the third day after the opening of the college, nearly fifty students more than on the same day last year. In the anthropology department especially the enrollment is heavy, a sign of the increase of 50 per cent over past years. New equipment and more desks are necessary to accommodate this increased attendance.

**HILLSBORO.**

From the Advocate.

Mrs. A. G. Kennedy has left for Albuquerque.

There was but one candidate, Miss Maude Anderson, before the teachers' board of examiners last week.

Will J. Ray, who has long been connected with J. W. Orchard's stage line, has left for Bisbee, Arizona, where he has charge of a livery business.

Colonel Harris is doing considerable work on the famous Illinois mine and it is hoped that he will be successful in opening up a new body of ore. The retimbering of the main shaft on the Illinois mine has now been completed to a depth of 100 feet. The shaft was in very bad condition and will require quite an outlay of money before finished so that the pumps can be started.

The recent strike in the El Oro is as big as ever and is the talk of the day. It is hoped that the strike will be settled before the surface. The company will proceed at once to sink the shaft down at least 100 feet deeper. The mill is now running full blast, but the production of the mine is much greater than its capacity.

# Cancer Sores

are most frequently to be seen upon the face, neck or breast, though they are liable to appear upon other parts of the body. When they begin to spread and eat into the flesh, sharp, piercing pains are felt as the underlying tissue is destroyed and the tender nerves exposed. Cancerous sores develop from very trifling causes, a carbuncle or boil, swollen gland, a little wart, blister on the tongue or lip, a wart, mole or bruise of some kind becomes an indolent, festering sore, which in time degenerates into cancer.

Ten years ago I had a sore on my left temple, which the doctors pronounced to be a cancerous ulcer; it would itch, burn and bleed, then scab over, but would not heal. After taking a box of Dr. Williams' Pink Pills the sore began to discharge, and when all the poisonous matter had passed out, it got well. I took in all about thirty bottles, continuing it for some time after the sore had healed, to be sure all the poison was out of my system. Have seen no sign of the cancer since.

JOHN R. BIRD, Gant, Andrian Co., Mo.

is strictly a vegetable remedy, and, while it does not cure cancer, it does contain nothing that could damage the system. While cleansing the blood, it also builds up the general health.

## LOCAL PARAGRAPHS.

H. D. Becker and wife, merchants of Latta, were on a visit to the metropolis last Saturday.

Mrs. E. W. Davis and mother are in the city from Las Vegas on a visit to relatives and friends.

H. T. Bosh left last Saturday night for Philadelphia and Buffalo, where he will visit for a month or six weeks.

Miss Winnie Harward will spend three months in the lower altitude of the coast. She left for Buffalo Saturday night.

Dayton Shannon, ex-sheriff of Grant county, passed up the road for Santa Fe this morning, where he goes on business.

Mrs. Frank Kistler will leave this evening for Clarksville, Ia., where she goes to visit a few weeks with her aged mother.

Robert Kistler, a worthy employee of the First National bank, has gone to Chicago, where he will enjoy a two weeks' vacation.

George A. Campbell, who is now on the road for the Santa Fe Hardware Co., has returned after a successful trip out of town.

William Noel of Bernalillo has returned home after attending court at Los Lunas, where he was a witness in the Jacobo Perez murder case.

Mrs. R. L. Leatherman, wife of Deputy United States Marshal Leatherman, has joined her husband at Santa Fe, where he is attending court.

Attorney Springer of Colfax county, who was down in southern New Mexico on some legal business, passed up the road home bound this morning.

T. F. Horne, representing the Wrought Iron Range company, with headquarters at Denver, is in the city on business connected with the above company.

Charles Uter and family of Silver City, who enjoyed the summer months on the Pacific coast, have returned, ending south to the Grant county home last Saturday night.

Miss Louise Winston, who has charge of the Congregational church mission school, returned from her vacation from eastern relatives and friends.

The Las Vegas Record says: "Miss Blanche Stoner returned home this afternoon from her trip to Albuquerque, where she had been visiting her father for the past month."

It is understood that E. D. Bullock, for years in the furniture and stationery business on Grand avenue, is here on a visit, coming in from his California home Saturday morning.

W. H. Greer, manager of the Victoria Land and Cattle company of Luna county, accompanied by his wife, passed through the city Saturday morning from Deming for Santa Fe.

Charles Bonnell has returned from Lead, S. D., and will probably remain here indefinitely. He reports Lead the greatest gold mining camp in the world, and says all the miners in the district are kept constantly employed.

Attorney George W. Johnston and wife, who were on a summer visit to their old home at Knoxville, Mo., and thence on a short visit to Colorado resorts, pleased their many friends by returning to the city Saturday night last. Mr. Johnston's health has been greatly benefited.

From Hondo Cold.

Dysentery is prevalent everywhere in summer and is due to malarial poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America it is a common disease, but properly treated does not result as seriously as in the tropics. Perry Davis' Pain Killer is the best known remedy and the most efficient in the treatment of dysentery.

Stood Death On.

E. B. Munroe, son of Henry H. Munroe, Texas, once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I called on a grave digger, and he said he would bury him. He was soon much better, but continued to use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy cures malaria, kidney disease, and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50 cents at J. H. O'Reilly & Co.'s drug store.

Is it not reasonable to suppose that the man who devotes all his time and energy to the buying and selling of shoes can give you better service, more style and a higher grade of shoes for the same money than the man handling a good many different lines of merchandise? If you have not noticed the difference, just examine our stock of school shoes and compare them with those carried in

**Early Fall Arrivals**

The fall season is now upon us, and with it the demand for seasonal goods. We are ready for you—yes, we have anticipated your wants.

This season finds us in a better position than ever before to accommodate our large fall stock which is now commencing to arrive. We invite your inspection and feel assured that our large variety and reasonable prices cannot fail but to cause ready purchases.

**Ladies' Walking Hats**

Our millinery department with every year has more and more convinced us of its popularity. We need not look far for the reason. Being on the alert for all the latest novelties that are put on the market, we are always the leaders in style.

Our merchandise coming from headquarters places us in a position to sell at prices which others might pay. The advance styles of walking hats have just arrived. They are beautiful, ranging from 75 cents to \$3.25. Heavier hats are again in vogue, of which we have a large line on display. We also call your attention to our tailor made hats, which are extremely chic and nobby productions of the milliner's skill.

Room will not permit us to detail any more of our most popular creations, nor can we give due justice to same by so doing.

**Letter to Messrs. Hall & Larnard**

from their old employer Lew H. Clement, present manager of Whitney & Courrier Co., of Toledo, Ohio, the largest music house between New York and Chicago, says:

TOLEDO, OHIO, MAY 1, 1900.

HALL & LEARNARD, Albuquerque, N. M.:

Dear Friends—Yours of recent date received and we are very glad to hear from you. I was also glad you were going to do some piano business and had succeeded in securing the agency of Clifford Chickering's pianos. I hope you will do well, and one thing sure you are starting out right in pushing high grade pianos. It is sometimes harder to sell a GOOD piano because of course it must bring more money, but it MAKES FRIENDS and not enemies, and its good words of those who have bought pianos from you more than anything else which makes it easy to sell others. The Chickering Bros. will prove all you can claim for it. My brother-in-law in Detroit, C. H. Green, has had one over five years and ALL SWEAR BY IT AND NOT AT IT. With our best wishes,

Sincerely yours,  
 LEW H. CLEMENT.

NOTE—We believe our success during the past year proves the above letter to be true.
