## AT BUFFALO.

President Speaks at  
the Exposition.

Turkish Protest Against British  
Interference.

China is Ready to Sign Peace Pro-  
tocol With the Powers.

DESTRUCTIVE FIRE IN WISCONSIN.

Buffalo, Sept. 5.—It was probably  
the greatest crowd that ever assembled  
on the esplanade at the Pan-  
American grounds which greeted the  
president with ringing cheers as he  
entered the stand this morning. The  
esplanade was crowded to overflowing  
and the vast assemblage overflowed to  
the court of fountains. President Mil-  
burn introduced the president, who  
delivered an address, welcoming the  
foreign representatives. He reviewed at  
length the progress of the world  
in the nineteenth century, and said the  
figures on the unexampled prosperity  
of this country are almost appalling.

He continued: "Our capacity to  
produce has developed so enormously  
and our products have so multiplied  
that the problem of more markets re-  
quires our urgent and immediate at-  
tention. Only a broad and enlight-  
ened policy will keep what we have.  
No other policy will get more, in these  
times of marvelous business energy  
and gain we ought to be looking to  
our industrial and commercial sys-  
tems, that we may be ready for any  
storm or strain. By sensible trade  
arrangements which will not interrupt  
our home production we shall extend  
outlets for our increasing surplus. We  
must not repulse in fancy the current  
that we can never sell everything  
and buy little or nothing. If such a  
thing was possible it would not be  
best for us or for those with whom we  
deal. Reciprocity is a natural out-  
growth of our wonderful industrial  
development under our domestic pol-  
icy now firmly established.

"What we produce beyond our do-  
mestic consumption must have vent  
abroad. The percent of exclusiveness  
is past. Expansion of trade and com-  
merce is a pressing problem. Com-  
mercial wars are unprofitable. The  
policy of good will and friendly  
trade relations will present reciprocal  
reciprocity treaties are in harmony  
with the spirit of the times; measures  
of retaliation are not. If, perchance,  
some of our tariffs are longer needed  
for revenue or to longer needed  
to protect our industry at home, why  
should they not be employed to ex-  
tend and promote our markets abroad?  
We must have more ships, more ton-  
nage under the American flag, built and  
manned and owned by Americans.  
We must build the isthmian canal to  
connect the two oceans and give a  
straight line of water communication  
with the western coasts of Central  
and South America and Mexico. The  
construction of a Pacific cable cannot  
be longer postponed. In furtherance  
of the objects of national interest and  
concern, you are performing an im-  
portant part.

This exposition would have touched  
the heart of that American statesman  
whose mind was ever alert and whose  
thought was ever constant for larger  
commerce and true fraternity of the  
republic of the world. The name of  
Blaine is inseparably associated with  
the Pan-American movement, which  
finds this practical and substantial ex-  
pression, and which we all hope will  
be firmly advanced by the Pan-Ameri-  
can congress that assembles this morn-  
ing in the capital of Mexico.

"Gentlemen, let us ever remember  
our interest is in concord, not in con-  
flict, and that our real enemies rest  
in victories of peace, not those of war.  
Our earnest prayer is that God  
will graciously vouchsafe prosperity,  
happiness and peace to all our neigh-  
bors, and like his silvers to all the  
people and powers on earth."

The president's speech was fre-  
quently interrupted with applause.  
Upon the conclusion of the address  
the president held an impromptu re-  
ception of fifteen minutes.

The president, accompanied by the  
diplomatic corps, was taken to the  
Stadium, where the troops stood at  
attention while the president review-  
ed them. Mrs. McKinley was enter-  
tained by the women managers.

Will Burn Oil.  
San Francisco, Cal., Sept. 5.—Gen-  
eral Manager Kruttschnitt of the South-

ern Pacific company, who has just re-  
turned from an extended inspection  
trip over the line from here to New  
Orleans, has announced that all the  
company's locomotives will be equip-  
ped for burning oil instead of coal as  
expeditiously as possible.

### TURKISH PROTEST.

Object to English interference on the  
Persian Gulf.  
Constantinople, Sept. 5.—The Turk-  
ish ambassador in London, Costaki  
Anthopulo Pacha, has been instructed  
to inform Great Britain that the ac-  
tion of a commander of a British war-  
ship in the Persian gulf, preventing  
the Turkish corvette Schob from en-  
tering Kowet, is incompatible with  
friendly relations. The British side  
of the controversy is that the Schob  
was trying to land Turkish troops on  
the territory of a shiek, who is in-  
dependent of Turkey.

### Peace Protocol.

Peking, Sept. 5.—Li Hung Chang to-  
night notified the foreign ministers  
that the imperial edict providing for  
the signing of the peace protocol had  
arrived. This announcement, made  
immediately after the settlement of  
the difficulties which Prince Chun ex-  
perienced before going to Berlin, con-  
firms the impression here that the  
Chinese had used the protocol to in-  
duce Emperor William to waive the  
Kowtow ceremony.

### Destructive Fire.

Jefferson, Wis., Sept. 5.—Fire this  
afternoon destroyed the plant of the  
Jefferson Manufacturing company, and  
spread to the S. Stoppach  
Packing plant and large oil tank. The  
Methodist Episcopal church was de-  
stroyed and nearly all the houses in  
the district is on fire. The loss will  
reach \$150,000.

### ACUADOR IN THE ROW.

The Ecuador Republic is Spoiling for  
a Fight.  
Washington, D. C., Sept. 5.—A cable-  
gram was received here today from an  
authoritative source in Quito, Colum-  
bia, near the Ecuadorian border, stat-  
ing that Ecuador had been ordered  
against Colombia with an army well  
equipped and with vessels of war.  
Under the circumstances, the cable-  
gram states, it will be necessary to  
meet the move of Ecuador by Pacific  
vessels near the Colombian-Ecuador  
frontier. Information is consid-  
ered clear evidence of Ecuador's in-  
tention to join forces with the rebel-  
lious element on the isthmus of Pan-  
ama. Ecuador has maintained strict  
neutrality.

## GOING TO WORK.

More Breaks in the  
Steel Strike.

Republic of Colombia Offers  
to Mediate.

Another Naval Officer Has to Lie  
About an Interview.

TROOPS POISONED AT GEORGIA FORT.

Pittsburg, Pa., Sept. 5.—Further  
breaks in the ranks of the striking  
steel workers occurred at McKeesport  
today. Five hundred men, 100 more  
than yesterday, went to work at the  
National Tube company's plant. Nearly  
100 men reported for duty at the  
Dennler Tinsmith works, which was  
to resume under the protection of de-  
puty sheriffs. The start was not made  
this morning, but everything was in  
readiness for resumption. The mill  
was surrounded by a large force of  
deputies, but there was no disorder.  
Probable early peace is again  
being discussed here as the result of  
yesterday's conference in New York  
between President Schwab of the  
United States Steel corporation and  
members of the National Civic federa-  
tion. A proposition from Schwab is  
said to have been submitted to Pres-  
ident Shaffer of the Amalgamated as-  
sociation, through President Gompers  
of the American Federation of Labor,  
which virtually demands concession  
of the Clark, Painter, Lindsay and  
McCutcheon and the Monacaen plant  
to the Amalgamated. A proposition from

The firm of Hall & Leonard, the  
enterprising music dealers, will have  
a booth, in which they will display  
the famous Chickering Bros' piano.  
It was decided by the executive  
committee to enlarge the stairway  
from the grandstand to the quarter  
stretch, and that no extra charge  
will be made. Any one having paid  
his admission fee will be privileged to  
enter the quarter stretch, an accom-  
modation which will be highly ap-  
preciated by everyone.

The managers of the association are  
in the midst of the work of booking  
the attractions, but it will be some  
time yet before their labors will be  
complete.

County Roads Need Repairs.  
W. C. Wynkoop, general manager of  
the Cochiti Reduction and Improve-  
ment association, at the Cochiti, said  
his estimate, came down to the sum  
of \$10,000 last night. Mrs. Wynkoop,  
who has resided in Santa Fe during  
the winter, has concluded that the  
climate conditions are most  
favorable in Albuquerque, and con-  
sequently she will remain here for a few  
months. Mr. Wynkoop, who will re-  
turn to the Cochiti district tomorrow,  
says his company has its mill com-  
pleted at Woodbury and that contracts  
have been let to teams for hauling  
logs from the Iron King and Good  
hope mines to the reduction plant, but  
owing to the recent heavy rains in  
that district they are unable to haul  
logs to the reduction plant. He ex-  
pects that the Bland-Thornton stage  
and freight line is experiencing a deal  
of annoyance on account of the bad  
roads along the route, and it is  
understood the breakage to wagons  
and harness amounts to as much as  
the receipts of the company. As this  
is a county road it would be well for  
the honorable board of county com-  
missioners to look into this matter.

Another Conference.  
New York, Sept. 5.—Ralph M. Eas-  
ley, secretary of the National Civic  
federation; Samuel Gompers, presi-  
dent of the American Federation of  
Labor; John Mitchell, president of the  
United Mine Workers of America;  
Frank P. Sargent, grand chief of the  
Brotherhood of Locomotive Firemen,  
and Harry White, secretary of the  
Garment workers, are in conference  
at the Ashland house.

Quiet at Panama.  
Washington, D. C., Sept. 5.—A cable-  
gram was received today announcing  
the arrival at Panama today of the  
United States steamer Kanger. Af-  
fairs there are reported quiet.

Dr. Silva, the Colombian minister,  
has sent to the state department for-

Naval Officers Know How to Lie as  
Well as Fight.

Washington, D. C., Sept. 5.—A reply  
has been received at the navy de-  
partment from Captain Forsyth of the  
letter calling his attention to the al-  
leged interview published on the sub-  
ject of the Schley inquiry. It seems  
that Forsyth fell into private conver-  
sation in Kansas City with some per-  
son in a hotel, with no idea that what  
he said would be repeated in any  
form. His remarks were distorted  
and Forsyth frankly avowed his deep re-  
gret at any indication and the in-  
cident will not be treated as affecting  
his excellent record.

### Troops Poisoned.

Atlanta, Ga., Sept. 5.—Two hundred  
and twenty-six enlisted men of the  
Twenty-seventh infantry at Fort Mc-  
Pherson are in the post hospital,  
made ill by poison poisoning.  
While nearly all affected have been  
very sick, it is believed all will re-  
cover. The impression prevails that  
the trouble was caused by spoiled beef.

### A PRETTY MARRIAGE.

B. F. Fillmore and Edith Renner  
Joined in Holy Wedlock.  
A very pretty wedding—the culmination  
of a long courtship—took place at  
No. 229 West Silver avenue last  
evening at 8 o'clock, when Rev.  
Richard Richter, pastor of the Ger-  
man Lutheran church, joined in the  
holy bonds of wedlock Benjamin  
Franklin Fillmore and Miss Edith  
Renner.

The marriage ceremony was wit-  
nessed by about forty invited guests,  
intimate friends of the contracting  
couple, and these were received by  
Mrs. E. Renner and Mrs. C. C. Hil-  
son, mother and sister respectively of  
the bride, who were assisted in a  
most admirable manner by Miss Nellie  
Renner.

Promptly at 8 o'clock Miss Anita  
Palladino, at the piano, commenced  
the famous Mendelssohn wedding  
march, after which the priest, pre-  
sented by Rev. Richter, after which the  
young couple received the hearty  
handshakes and congratulations of  
those present.

The bride looked her loveliest in a  
beautiful gown of silk Landowne,  
lined with cream peau de sole and  
trimmed with appliques, carrying a

bouquet of white roses, while the  
bridegroom looked like a prince in  
the conventional black, with happi-  
ness depicted on his face.

Following the ceremony and con-  
gratulations, the guests partook of a  
light supper, and while dining several  
telegrams of congratulations were re-  
ceived, which were read by the  
groom, and one, strictly appropriate  
from Ernest Weise at Winslow, said:  
"Congratulations to the fair young  
couple—six feet three, and three feet  
six."

Many handsome, substantial and ap-  
propriate presents were received by  
the happy couple, and they are really  
ready now to go to housekeeping in  
the most approved society fashion.  
They will be "at home" after October  
1 at 218½ West Silver avenue, where  
they would be pleased to see their  
many friends.

The bride is well known here as one  
of the nicest little ladies in the  
city while the bridegroom came here a  
few years ago from Joplin, Mo., and  
is the popular decorator at the dry  
goods house of D. Hild & Co.  
The Citizen extends its congratula-  
tions to Mr. and Mrs. B. F. Fillmore.

### FIAR PROGRESS.

Executive Committee Encouraged—  
Booking Fine Attractions.

At the office of Secretary P. F. Mc-  
Canna last night all members of the  
executive committee, together with  
the president and Messrs. B. S. Rod-  
ney, Thomas Hughes and A. A. Trimble,  
met and listened to the reading of let-  
ters from people who were taking an  
interest in the coming Territorial fair,  
and were continuing bringing in  
tributes of blankets, agricultural pro-  
ducts, minerals, etc.

COLUMBIA CHOSEN TO DEFEND.

Cape Town, Sept. 5.—Shepherd's com-

cows, appears to have reached the  
limit of its southern raid and has  
turned northward, having gained some  
recruits.

An armored train was derailed at

ish being killed and five wounded.

KIDNAPED AND MAROONED.  
Labor Leaders at Tampa, Fla., Ma-  
rooned on Lonely Island.

New York, Sept. 5.—A special to  
the Herald from Key West says:

"Thirteen abducted leaders of the  
striking cigarmakers of Tampa, Fla.,  
have returned from exile. They ar-  
rived on a small fruit schooner. Ma-  
rooned on a barren, uninhabited is-  
land off the coast of Honduras, they  
had, by an unexpected turn of fortune,  
escaped death from starvation. The  
authorities of Washington have in-  
structed the United States district at-

Germany Declines to Interfere.

### Selection of the Columbia.

Newport, R. I., Sept. 5.—The an-  
nouncement of the selection of the  
Columbia was received here with ex-  
pressions of approval among the  
yachtsmen. She has shown herself  
such a reliable all-around yacht that  
the decision of the challenge com-  
mittee is held to be strictly impar-

## ROSENWALD BROS

**Letter to Messrs. Hall & Learnard**

from their old employer Lew H. Clement, present manager of Whitney & Courrier Co., of Toledo, Ohio, the largest music house between New York and Chicago, says:

TOLEDO, OHIO, MAY 1, 1900.

HALL & LEARNARD, Albuquerque, N. M.: Dear Friends—Yours of recent date received and we are very glad to hear from you. I was also glad you were going to do some piano business and had succeeded in securing the agency of Clifford Chickering's pianos. I hope you will do well, and one thing sure you are starting out right in pushing high grade pianos. It is sometimes harder to sell a GOOD piano because of course it must bring more money, but it MAKES FRIENDS and not enemies, and its good words of those who have bought pianos from you more than anything else which makes it easy to sell others. The Chickering Bros. will prove all you can claim for it. My brother-in-law in Detroit, C. H. Green, has had one over five years and ALL SWEAR BY IT AND NOT AT IT. With our best wishes,

Sincerely yours,  
LEW H. CLEMENT.

NOTE—We believe our success during the past year proven the above letter to be true.

**Business in Police Court.**

The cases which were entered on the police docket Monday morning and postponed, were heard by Judge Crawford at 4 o'clock yesterday afternoon.

A saloonkeeper on North Broadway and a native, who got into a fight on Saturday night, were assessed a fine of \$5 each for disturbing the peace.

Minnie Carroll, proprietress of a house on the acre, who created a lot of disturbance last Saturday night by exclaiming that she was a "pimp," was assessed a fine of \$5 for disturbing the peace she entered a plea of guilty, and the justice, knowing that this was not her first offense, assessed her \$10, which she paid.

A couple of husky hooligans, who were riding a little sawney pony yesterday, and otherwise mistreating the animal, were arrested by Marshal McMillin. They were fined \$5 each.

When the above cases were being heard Charles Polt, who was standing by the window, was heard to utter vile words in contradiction to certain evidence being rendered, and the court fined him \$10 for contempt. Polt decided to stand "pat," and consequently was given ample time to file an appeal bond.

John Venable was fined \$5 for having disturbed the peace.

**City Teachers' Institute.**

The interest among the teachers at the city institute is increasing as the end approaches. More discussion was aroused today than at any previous session. Especially was that true in the arithmetic, literature and music.

The day's work in detail is as follows:

Superintendent Hickey spoke briefly on "Memory." Mr. Stroup had the arithmetic work. This is conducted as class work, but the subject of method is emphasized more than anything else.

Miss Ethel Hickey, in the literature work, illustrated by "Enoch Arden." The things to be accomplished in the study of a poem.

Miss Fitch's lesson in music aroused a great interest and was productive of much good.

**LOBSTERS**

Patent case oysters, Catfish and salmon, Sea bass and trout, Flounders and mackerel, Albacore and Bluefish, fresh by express Friday morning at the San Jose Market.

Dr. J. S. Eastler left this morning for Kokomo, Ill., where he will visit his aged mother. The lady will be 80 years old on September 12, and many of her relatives and friends will be present on that day. The doctor will return to the city on September 20.

Dr. D. H. Carns and wife returned this morning on the flyer from a six weeks' visit to the principal cities of the east. They also visited at their homes in Homestead, Pa., and in Virginia, and last month the doctor attended the National Medical association most in Milwaukee.

**Will Bring Trotter Back.**

There is a rumor that Joe Barnett, who left yesterday morning for Chicago and the east, on his return will bring along with him a trotting horse with a record down to the 2:15 point, but the report is discredited in certain circles. T. J. Shinkle, owner of "Action," and W. L. Trimble, owner of "Beck," stated this morning that it did not matter what kind of a trotter "Colonel" Barnett brought back from Chicago, as either "Action" or "Beck" will give the new acquisition to the local horse stables a tight race for first place.

**The Ball Games at Raton.**

The ball game between the Las Vegas and the Raton teams ended rather disastrously for the Las Vegas team. On Sunday the team went to pieces terribly. Rhodes hit his part in the box, but the man behind the bat could not hold him. The final score was 6 to 1 in favor of Raton.

The second game did not end so disastrously, but was another poor game, if reports are believed. The score was 11 to 7 in favor of Las Vegas.

**BIG SILVER SHIPMENT.**

One Hundred and Forty-Six Bars of Silver from Batopilas.

Saturday night 175 bars of silver bullion valued at \$245,000 was brought into El Paso by Wells, Fargo company over the Mexican Central road from Chihuahua. This silver is the product of Governor Shepherd's mine at Batopilas. It represents the output of the mine for one month.

The express company, fearing venturesome food bandits in Mexico might undertake to get away with the bullion, did not say a word until the silver was safely landed in El Paso.
