## HOWISON DENIES.

### Ten Bodies Recovered From Delaware River.

#### ADMIRAL WATSON TALKS.

Washington, D. C., Aug. 30.—Rear Admiral Howison's letter is as follows:

"Yonkers, N. Y., August 24, 1901. Dear Sir: Owing to my detail as a member of the court of inquiry, I find many newspapers giving me credit for having served my country in the United States navy for nearly a half century with honor.

"I also see that I am thought to be objectionable as a member of this court of inquiry, it being stated that I publicly expressed an opinion on the conduct of the battle of Santiago while serving as commandant at the Boston navy yard, shortly after the result of that engagement was known.

"I believe the service known, as I do, that I do not attempt to make public speeches, write for magazines or newspapers or make public utterances on the navy or other subjects.

"It has been impossible for me to avoid visits and questions of representatives of the press, while serving at important stations, and at times when the navy has been busy employed.

"The letter here refers to the writer's pleasant relations with the newspaper men at Mare Island, Boston and other stations, and continues:

"This newspaper cutting in question contains a statement in which it is said I made a comparison between Schley and Sampson, unfavorable to Schley.

"The word 'respected' as used by the reporter is seldom or never employed by navy men in comparing qualities possessed by officers and I am sure I could never have said it, as he reports, nor said that Schley had the reputation of being nervous and hot-headed in the naval academy.

"One may say an officer stands higher in his class if true; another may stand higher in scientific attainments, while another be distinguished for eminent diplomatic and social qualities, while all under discussion are of good standing and proficient in their necessary professional callings.

"I have no recollection of the gentleman reporting for the Boston Record and I do not approve his public statement as mine. I cannot say I have not discussed with acquaintances matters published in the newspapers relating to our navy's success, as well as the unfortunate disputes so widely commented on.

"There are few or no persons in the navy or our country who have not daily discussed these newspaper articles.

"From the papers it appears that Admiral Schley has strong doubts of my fitness to fairly judge the case with Admirals Dewey and Benham.

"As it is a case of grave importance to those concerned and to the country, I am desirous of giving my little help to clear away the troubles.

"Duties of members of court martial and courts of inquiry are not sought or desired by officers. While I feel highly honored by the department's selection of myself for this duty, it is anything but a pleasant task to sit in judgment on brave officers. However, the honor of selection or unpleasantness of the court duties do not enter into the reasons for my now willing to say to you, personally, three things:

"First, to reassure you I am not responsible for and did not give out such interviews as alleged in the dispatches from Boston and London in the newspapers to have been mentioned by Admiral Schley in a recent letter to the department.

"Second, if, however, the department feels that the cause of the navy and justice will be better served by relieving me from duty on the court, I am entirely ready to withdraw voluntarily or have the department relieve me upon its own initiative.

"Third, if on the other hand, the department knowing all the circumstances, desires that I should perform the duty, I am entirely ready to perform it and can upon my conscience and oath do my duty as a member of the court without partiality, as the law requires.

"Yours sincerely and respectfully,  
"H. L. HOWISON,  
"Rear Admiral U. S. N."

In reply Acting Secretary Hackett wrote:

"The department, let me assure you, has no purpose of relieving you of this duty. It has implicit confidence in your sense of justice and fairness. If counsel for Rear Admiral Schley proceed to offer to the court objection to you it will be for the court itself to decide the question of your competency to sit as a member."

#### Body of Another Victim.

Philadelphia, Pa., Aug. 30.—The body of another victim of Wednesday's steamboat disaster was recovered from the Delaware river this morning. It is supposed to be that of Harry Johnson, a grocer of Humesville, Pa. This makes the tenth body of which identification has been effected. Nineteen are missing. It is almost certain that all of those are dead. Of the eight persons in the hospital two are almost decided to die.

#### MCCOY IMPROVING.

Charles Zeiger Still in Jail, Ball Being Refused.

El Paso, Tex., Aug. 30.—McCoy's condition is improving and he is considered out of danger. Zeiger is still in jail, ball being refused. Both men claim to be in the right.

#### Watson Is Warm.

New York, Aug. 30.—Admiral John C. Watson is quoted in the World as having said in private conversation in Washington: "If any naval officer ascertains that Admiral Schley is a coward and the fact comes to my knowledge, I will see that the delinquent is given a chance to give his opinion before a court martial. I will prefer charges against such offender myself."

#### TWO GRAND DIVISIONS.

A Change to be Made on the Santa Fe Within a Month.

The business ear of J. E. Hurley was attached to No. 8 from the west last night and the general superintendent was accompanied by Chief Engineer. Hurley's business here today was the inspection of the new railroad improvements now in course of construction.

#### Grand Central Changes Hands.

Yesterday afternoon Mr. and Mrs. E. W. Spencer assumed control of the Grand Central hotel, they having purchased the furnishings from District Clerk Harry P. Owen, and also secured a new lease on the third story of the N. T. Armijo building for a year, dating from September 1, 1901.

The new lease, however, was not conducted in a first-class manner for several years by George P. Owen until his death a month ago, has enjoyed a good share of the public patronage, and there is no doubt that its popularity will continue as such, but will certainly receive a larger number of guests than before. Mr. Spencer and wife thoroughly understand the business and they can be counted upon to conduct a first-class house in every respect.

#### Tonsorialists Meet.

The barbers held a meeting at the new parlors on west Railroad avenue last night, and when the noses were counted it was found that only two of their number were absent. It was the intention to organize a barbers' union last night, but the matter was postponed until next Thursday evening. Nevertheless, those present at the meeting entered a general discussion and many valuable suggestions were offered, which will be given attention at the next meeting.

They decided to observe Sunday hours on Labor day, when all of them will have an opportunity of attending the entertainment to be given at the fair grounds by the Gentlemen's Driving club.

## KILLED AT CHAMA.

### Denver & Rio Grande Train Accident.

### Town of Scranton, Iowa, In- jured by Fire.

### Comptroller of Treasury Disposes of a Famous Tariff Case.

#### ANOTHER RAILROAD ABSORBED.

Durango, Colo., Aug. 30.—Harley McCoy was injured in the Rio Grande wreck near Chama, N. M., yesterday, died at 1:50 o'clock this morning at the Mercy hospital in this city. McCoy served several years in the Canyon City penitentiary for the murder of Captain Hawley of the Denver police force, in 1891, in a quarrel which had its inception in a political fight in the state assembly.

Mother Baptiste, who was killed in the accident, founded the hospital here eighteen years ago and was the head of the Sisters of Mercy of Colorado.

#### Town Burned.

Des Moines, Ia., Aug. 30.—The business section of Scranton, forty miles north of here, was destroyed by fire at midnight. Aid was secured by special train from Jefferson. The loss is estimated at \$50,000.

#### Tariff Case Closed.

Washington, D. C., Aug. 30.—Mr. Tracwell, comptroller of the treasury, has rendered a decision which disposes of the famous Delama case. He holds that under the recent decision of the United States supreme court judgment obtained by Delama & Co. for \$14,597 from the United States on account of duties paid by them on goods shipped from Porto Rico to the United States between the date of the ratification of the treaty of Paris and that of the approval of the Foraker act may be paid out of the general appropriation of the treasury department without further action by congress.

#### Another Railroad Absorbed.

Chicago, Aug. 30.—President Huggitt of the Chicago & Northwestern, here today issued a statement of the absorption of the Sioux City & Pacific line by the Chicago & Northwestern.

#### RAISING THE MONEY.

El Paso Will Send a League Team to Albuquerque.

From El Paso News.

P. P. McCanna, secretary of the Albuquerque fair, came down this morning to confer with Messrs. Albers, Chalmers and others relative to El Paso having a team in the baseball tournament to be held at Albuquerque during the fair. Mr. McCanna says that Albuquerque and Colorado Springs will have teams of league players in the tournament, and he is very anxious to see El Paso represented.

"The tournament," said Mr. McCanna to a News man, "will be open to the world. The first prize is \$1,000 cash and the second money is \$400. Albuquerque is getting together a strong team to capture the first prize. They have already signed Chance, Waddell and Raymer of the Chicago club and I want to see El Paso come in with an aggregation of crack-jacks. The fair this year will be the biggest ever held in Albuquerque and we are offering liberal prizes to get first-class attractions."

Last evening Carl Ennis wired Steinfeld to get together seven first-class players, including himself, for El Paso and to bring them on here at once. This morning Mr. Ennis received a dispatch from Steinfeld asking for more definite instructions, which have been wired him.

This afternoon Messrs. Ennis, Albers and Harper are out securing \$25 subscriptions, and are meeting with splendid success. They want forty men to subscribe \$25 each to pay for a team to come here and win that first money for El Paso. There is much of sporting money here, and take up the proposition and the necessary money will not doubt be subscribed before night.

### CHICKERING BROS' PIANO

is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering Bros. that make it so much better than most pianos?

**WHY NOT TRY THIS PLAN.** Come in and have a talk with us about the Chickering Bros. We have studied the piano question carefully from all standpoints; we have been through the Chickering Bros. factory many times, have seen every part which goes to make up the fine construction of this excellent instrument.

**MAY WE CAN HELP YOU** to see those points of difference between the Chickering Bros. and other makes which make it so much better? Is there, you can see it if you look for it; then if you can "do better" elsewhere; don't buy a Chickering Bros. piano. It is a Chickering Bros. piano, which has given it such an excellent name before you give up your money for some inferior make.

**HALL & LEARNARD, the Square Music Dealers.**

P. S. Write for prices. We will ship a Chickering Bros. to any part of the territory. If it is not as represented we don't want you to have it.
