THE NICARAGUAN
CANAL BILL

Discussion on That Momentous Matter Was Commenced in the House This Afternoon.

PANAMA CO. DISCREDITED

Hepburn Declared That the United States Should Not Become Involved in That Discredited Enterprise But Should Deal With Panama Direct.

Washington, Jan. 7.—Without preliminary business, the house went into committee of the whole, Grosvener in the chair, for the consideration of the Nicaragua canal bill. Hepburn, Iowa, chairman of the committee on interstate and foreign commerce, which reported the bill, opened the debate. The bill submitted by his committee proposed to concentrate all authority in the hands of the president.

The disaster to the Panama Company he said, proved conclusively that the work should be undertaken by governmental agency.

"I insist that the American people have made it their decree that the canal shall be built and that now is the time to build it," said Hepburn in conclusion.

Hepburn declared he did not believe the United States should become involved in the discredited enterprise at Panama. The Panama Company had forfeited its rights and we should deal with Panama.

NO GENERAL ARMY LEGISLATION

Washington, Jan. 7.—Representative Hull, chairman of the house committee on military affairs, said today there would be no move at this session of congress for revision of the present army organization or for any broad general legislation affecting the army.

CIVIL GOVERNMENT FOR THE PHILIPPINES

Washington, Jan. 7.—Representative Cooper of Wisconsin, chairman of the house committee on insular affairs, today introduced a bill giving a complete form of civil government for the Philippines to begin January 1, 1904, with a governor, appointed by the president, a legislature of two houses and two Philippine commissioners to represent the Filipino people at Washington.

SENATE

Washington, Jan. 7.—A resolution offered by Stewart was adopted ordering the secretary of the interior to inform the senate whether any leases for large tracts of land on Indian reservations have been made or are in contemplation.

Morgan offered the following resolution: "That the committee on inter-oceanic canals have to sit during the sessions of the senate passed on the resolution of the senate passed on the 21st of May, 1900, which is hereby continued in force, and that said committee is further empowered to make inquiry and report with reference to any agreements or concert of action between any railroad companies in the United States or in Canada or in Panama or of any American line of ships to control the transportation or rates thereof, for cargoes of passengers passing across the isthmus of Panama."

Morgan explained he understood that certain contracts between the railroads of this country and Canada and the Panama Canal Company existed looking to a diversion of freight.

"It is the most wicked monopoly that ever existed," declared Morgan, "and already has cost the people of the Pacific coast millions of dollars." The resolution was adopted.

The senate adjourned until 2 p. m. tomorrow.

A ROCK ISLAND
TRAIN WRECKED

There Were Three Hundred Recruits Bound for the Philippines from the Columbus Barracks, Ohio, on the Train.

ONLY THREE OF THE MEN
WERE INJURED

Chicago, Jan. 7.—A Rock Island special bearing 300 recruits bound for the Philippines from the Columbus barracks, Ohio, was partially wrecked at 23d street early today. Three men were injured—Henry Lewis, crushed between cars, internally injured, taken to hospital; C. C. Murphy, thrown from train and foot crushed, continued the journey; Lawrence Shaefer, thrown out of a window and clothing torn from body, escaped with slight bruises.

KILLED WHILE WALKING THE TRACKS.

Houston, Tex., Jan. 7.—Late last night, a Southern Pacific train killed Joseph Paskey and John Powers, who were walking on the track.

SAFE BREAKERS SECURE \$6,000.

They Bound and Gagged Three Watchmen at East St. Louis.

St. Louis, Jan. 7.—Masked men entered the National Stock Yards Bank of East St. Louis, Ill., during the night, bound and gagged the three night watchmen, blew open the safe, and got away with a sum said to be \$5,000.

From seven o'clock until 4 a. m., the robbers worked on the vaults without being interfered with. Lee Philpot, one of the watchmen, a Rough Rider friend of President Roosevelt, was the first to meet with the robbers. Three men sprang out of a fence corner with revolvers, and said: "We want you, Philpot," and overpowered him before he could reach for his revolver. The robbers took Philpot to the composing room of the daily National Stock Yards Reporter nearby, laid him on the floor, bound him hand and foot and gagged him with towels.

Philpot heard the leader of the robber gang say: "Let's kill him," but he was deterred by the other robbers. Albert Estep, the other bank watchman, and the night fireman, L. W. Clark, were similarly captured and bound.

Five minutes after the robber guard left the composing room, Estep, who had not been bound securely, worked himself loose and released Clark and Philpot. This was about four o'clock.

Estep then ran to the telephone, called up Charles T. Jones, general manager of the stock yards, and informed him of the robbery. The robbers probably escaped on horseback.

FIGHTING IN THE TRANSVAAL.

The Boers Received Serious Set Backs on Every Side.

London, Jan. 7.—Lord Kitchener, telegraphing from Johannesburg on January 6, reports the occurrence of skirmishes in various parts of the war field. The most serious were at Amersfoort, January 3 and 4, when Major W. H. Plumer and Colonel J. S. Penn drove Commandant Christian Botha's and Commandant Opperman's commands from their positions after considerable fighting. The Somerset light infantry suffered severely. Major Valentine and 18 were killed, 5 officers and 28 men wounded. The Boers left 9 men dead on the field.

Colonel Colenbrander surprised Field Cornet Louw's laager at Watervale on January 5, killing 5 men and capturing 28.

General French reports the Boers in Cape Colony so reduced in numbers as to require only an elaborate police system to keep them in check.

The week's total of Boer casualties are 35 killed, 9 wounded, 261 made prisoners and 72 surrendered.

AMERICANS AND RUSSIANS CLASH.

There Have Been Three Fights at Nien Chang, China.

Washington, Jan. 7.—A serious clash occurred between the American sailors of the United States steamship Vicksburg and Russian soldiers at Nien Chang, China. There have been three fights. One Russian soldier is reported wounded. The matter was made the subject of complaint by the Russian ambassador at Peking to United States Minister Conger. Conger, in turn, has informed the state department. Secretary of the Navy Louis C. Bayne, commander of the Vicksburg, to use every effort to prevent further collisions. The Vicksburg is in winter quarters in a mud dock at the mouth of the river and cannot be released before spring.

A STEEL TRUST DIVIDEND.

The Trust Earned Over \$84,000,000 in Eight Months.

New York, Jan. 7.—The directors of the United States Steel corporation declared a quarterly dividend of 1 1/2 per cent on preferred stock and 1 per cent on common stock today. The net earnings from January 1 to December, inclusive were \$84,779,398.

The Boston Wool Market Strong.

Boston, Mass., Jan. 7.—The wool market here this week, as a whole, is feeling strong, with general business quiet, but dealers say the new year opens with conditions very hopeful. Prices are firm. While few large lines are being sold, former quotations are firmly maintained.

The Wool Market.

St. Louis, Jan. 7.—Wool is firm; territory and western medium, 11 @ 17 1/2; fine, 11 @ 16 1/2; coarse, 11 @ 15.

George M. Wilson Dead.

Milwaukee, Jan. 7.—George M. Wilson, who was sergeant-at-arms of the Philadelphia national republican convention, is dead.

INTERSTATE
COMMERCE

The Commission Will Investigate the Great Northern and Other Railway Combinations.

DISCRIMINATION OF RATES

Assertions That Kansas City Packing Houses Are Especially Favored by the Railroad Companies—Interesting Sessions Promised.

Chicago, Jan. 7.—What is expected to be one of the most interesting sessions of the interstate commerce commission ever held, began here today, when the commissioners listened to testimony concerning freight rates and alleged discrimination in connection with packing house products in favor of Kansas City. Public interest, however, is centered in tomorrow's meeting, at which the commissioners will endeavor to get some light on the effect of the recent railroad mergers on the rate situation. It is said the inquiry into the proposed combination of the Northern Pacific, Great Northern and Chicago, Burlington and Quincy is but a forerunner of an investigation which will ultimately reach the Southern and Union Pacific lines, Baltimore and Ohio, Pennsylvania and Chesapeake and Ohio.

RECEIVER FOR A RAILROAD.

Monroe, Mich., Jan. 7.—Judge Lockwood of the circuit court, appointed David B. Cunningham receiver of the Detroit and Toledo Shore Line railroad, one of the Everett-Moore syndicate properties. He will have complete charge of all the property of the company in Michigan.

MINNESOTA IS IN EARNEST.

Washington, Jan. 7.—Attorney General Wallace B. Douglas of Minnesota, filed today in the United States supreme court, a bill of complaint in the case of the state of Minnesota complainant, against the Northern Securities Company, defendant. It asks that the defendant be required to show cause why it should not be perpetually enjoined and restrained from carrying out the proposed consolidation of the Great Northern and Northern Pacific railroads.

The court took the motion for leave to file complaint under advisement, as is usual in such cases.

NEW MEXICO DEATHS.

The Great Destroyer Seems to Be Kept Busy.

J. M. Current of Denver, died last evening at the boarding house of Mrs. Della Kelly at Albuquerque, either of morphine poisoning or of exposure to the cold. In his pocket was a letter to his wife, Mrs. Eva Current of Denver, telling of the hardships, the hunger and exposure he had undergone and the impossibility of finding work and earning a living.

William Lorion Brown died at the home of his sister, Mrs. C. A. Bailey on Utah Creek in Colfax county. The deceased was born at Morning Sun, Ia., on August 28, 1861. In 1883, he came to Rancho de Taos, Taos county, where he published both an English and a Spanish newspaper. He was elected probate clerk and was also postmaster of Taos. A few years ago he commenced the study of law and expected to ask for admission to the territorial supreme court at this term. In 1887 he was married to Miss Cassandra Martin, who survives him with five minor children. The funeral took place at Elizabethtown, Colfax county, Rev. W. J. Wright officiating.

Crantz Cartledge, a nephew of ex-Governor McClintock of Arizona, and a Rough Rider who had an honorable discharge, died at the hospital at Alamogordo of typhoid fever. The funeral took place at Alamogordo.

Vallas, the 4-year old daughter of Mr. and Mrs. L. E. Taylor of Alamogordo, died after an illness of ten days. Leandro Garcia, an old timer of the Mesilla valley, died at Las Cruces last week.

Ygnacio Apodaca, a pioneer settler in the Mesilla valley, aged 73 years, died at Las Cruces on New Year's day.

THE WORK OF BURGLARS.

Petty Thieving in Albuquerque and Las Vegas.

Thieves broke into the Baptist church at East Las Vegas and stole 35 bags of candy left over from the Christmas festival and which were to have been distributed among the mission children next Sunday. The same day the penny in the slot machine in front of a bakery at Las Vegas was broken open and rifled of its contents.

At Albuquerque three burglaries have occurred since Saturday. The Economy store was robbed of \$500 worth of silk and \$25 in cash which was taken from a till.

At the house of Rev. T. C. Beattie a fine overcoat and a pair of shoes were stolen. This is the third time within a year that burglars have paid the reverend gentleman a visit.

The saloon of Franco Fraccoroli was entered on Sunday afternoon and a till broken open. About \$23 in cash was stolen.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair to night and Wednesday. Yesterday the thermometer registered as follows: Maximum temperature, 48 degrees; at 3:30 p. m., minimum, 24 degrees; at 5:40 a. m. The mean temperature for the 24 hours was 36 degrees. Mean daily humidity, 53 per cent. Maximum temperature in sun, 53 degrees. Temperature at 5:00 a. m. today, 35 degrees.

New Year at Fort Bayard.

At the Fort Bayard Sanitarium the coming of the New Year was celebrated by the "luncheon" with a smoker and concert given in Recreation hall.

WYOMING OUTLAWS
ARE CAPTURED

Among Them Is Supposed to Be the Man Who Last Week Shot Sheriff Ricker Who Had Been Pursuing Them.

THE CAPTIVES WERE
FAMISHED AND BADLY FROZEN

Casper, Wyo., Jan. 7.—Levi Bell, a member of the posse in pursuit of the murderers of Sheriff Ricker, who was killed last week, brought in Clarence Woodward and Frank S. Foote late last night. They had nothing to eat, and were badly frozen when captured. A crowd attempted to secure the prisoners on the way to the jail, but was prevented. Charles Woodward, another of the escaped men, was seen Saturday 25 miles west of Ervay, on foot, going west. He is supposed to be the one that shot Ricker.

OFFICIAL MATTERS.

TERRITORIAL LAND BOARD. The territorial land board held a meeting yesterday in the office of Land Commissioner A. A. Keen.

BOARD OF EQUALIZATION.

The territorial board of equalization will meet on next Monday in the office of the territorial treasurer at the capitol.

INCORPORATION AMENDMENT.

The Colorado and Southern Railway today notified Territorial Secretary J. W. Reynolds that it has amended its charter so as to increase its number of directors from eleven to thirteen members.

NOTARY PUBLIC APPOINTED.

Acting Governor J. W. Reynolds today appointed Addison Ralph Teeple of Roswell, a notary public for Chavez county.

DEPUTY COLLECTOR AT THE INTERNAL REVENUE OFFICE.

James J. Goutchey, who has held for some three months the position as ranger on the Pecos forest reserve, has been appointed deputy collector by Collector A. L. Morrison. Mr. Goutchey came here some time ago from Kanabek, Ill., and has held the position of ranger since that time. He is very well recommended.

TERRITORIAL SUPREME COURT.

The territorial supreme court met this forenoon with Chief Justice W. J. Mills presiding and Justices John R. McFie, Frank W. Parker and Daniel H. McMillan present.

The death of Thomas S. Hain, Esq., at Silver City, under tragic circumstances was announced, and the court adjourned out of respect to the memory of the deceased. A committee to draft suitable resolutions will be appointed later.

Attorney O. T. Toombs of Clayton, offered a petition that the sureties in the case of the Territory of New Mexico vs. Wilburn be discharged. The matter was taken under advisement by the court.

The following are candidates for admission to the bar of the territorial supreme court: W. A. W. Pollard of Deming; Numa C. Frenger of Las Cruces; A. M. Forester of Las Cruces; Professor J. H. Paxton, Professor M. E. Hickey, Herbert F. Reynolds and Jose Perea of Albuquerque.

AN IMPORTANT MEASURE.

Legislation to Extend the Time for Making Small Holding Claims.

Hon. B. S. Rodney, New Mexico's delegate in congress, has written District Clerk A. M. Bergere that he will introduce in congress in a few days a bill to extend the time for making small holding claims in New Mexico.

A BANK FOR LORDSBURG.

Another New Enterprise for That Growing Grant County Town.

Special to the New Mexican. Lordsburg, Jan. 7.—A. R. Gibson of Santa Fe, and Dr. C. R. Lutton of Grand Rapids, Mich., who have been here the past few days, are reported to be making arrangements for the establishment of a national bank here. While no publicity has yet been given to the undertaking, yet it is practically assured. Those interested are Dr. C. R. Lutton of Grand Rapids, and a number of other Grand Rapids capitalists. W. S. Douglas of New York, and A. R. Gibson of Santa Fe. The bank is to be founded primarily to do the increasing banking business of the American Consolidated Copper Company and the Michigan-New Mexico Copper Company, including the settlement of their pay rolls, which owing to the distance of other banking institutions is attended with delays and annoyances at present.

ALBUQUERQUE SCHOOL MATTERS.

School Savings Banks to Be Started.—A New School House Needed.

The enrollment of the public schools of Albuquerque is 1,205, the largest in the history of the city. The board of education elected Ralph Hunt its clerk to succeed Roy McDonald. A special committee reported favorably upon the project to establish school savings bank and the plan will probably be adopted at a special meeting to be held on Thursday evening. It is probable that Albuquerque will this year build another fine modern school building in addition to the magnificent school buildings it already possesses.

New Year at Fort Bayard.

At the Fort Bayard Sanitarium the coming of the New Year was celebrated by the "luncheon" with a smoker and concert given in Recreation hall.

SCHLEY GRANTED
AN APPEAL

The Admiral Succeeded in Persuading President Roosevelt That the Case Be Reviewed.

WILL BRING OUT NEW FACTS

Schley Left the White House in a Satisfied State of Mind and Will Use Every Means to Reverse the Judgment of the Court of Inquiry.

Washington, Jan. 7.—The object of Admiral Schley's visit to the White House yesterday was to request the president to entertain an appeal for the reversal of the action of Secretary Long and the disapproval of the majority judgment of the court of inquiry. The president granted the admiral's request. Rayner and Teague will today assist Schley in the preparation of the appeal.

Schley left the White House in a satisfied state of mind. He had been given full opportunity to present the case from his standpoint and acquaint the president with many details of which the latter could not have any knowledge. While Schley would not make any statement regarding the matter discussed, holding that any interview between a naval officer and his commander-in-chief should be regarded as confidential, it is understood he brought to the president's attention many alleged injustices and discrepancies. In the majority report of the court of inquiry.

Schley's interview with the president was the result of his determination to exhaust every means in his power to overturn the judgment rendered against him. His new appeal will be different from that submitted to the department, bringing out new facts which have important bearing upon the controversy.

CITY COUNCIL.

Appropriations Made for the Year 1902.—The Water Street Sewer.

City council held an important meeting last evening. It passed an ordinance that hereafter the fiscal year of the city shall be the same as the calendar year. That the city treasurer shall keep the tax moneys received from the taxes of each year in separate accounts and the moneys received from the tax roll of each year shall be exclusively applied to the payment of accounts of the year immediately following the year in which the first half of the tax was payable. In cases where there are no outstanding claims and accounts payable out of the taxes of any given year, any moneys collected from the tax rolls of such year shall be transferred to the account of the current fiscal year.

The following appropriations were made for the year 1902: For rent of water hydrants \$2,000; for electric lights, for the months of January, February and March \$300; for salary of city clerk \$240; for salary of city treasurer \$200; for salary of city marshal \$600; for salary of city police \$360; for salary of city attorney \$100; for care of Plaza to be paid to the Woman's Board of Trade \$250; for the fire department \$150; for city election \$150; for the removal of garbage \$500; for miscellaneous and contingent expenses \$500; making a total of \$5,350.

The water street sewer question was discussed at length and the matter referred to the sewer committee.

The matter of the alleged encroachment of J. S. Candelario with a fence on Jefferson street, was referred to the street committee.

Upon the written request of Hon. B. S. Rodney, New Mexico delegate to congress, the city council passed a resolution of thanks to "Puck" for the cartoon on behalf of statehood for New Mexico that it published recently.

J. L. Zimmerman was requested to put his official signature to the plate of the city which he prepared when he was city engineer.

TAOS COUNTY MINES.

Working to Find the Ore Body on the Anacondas.

I. T. Burns and Elizabeth Burns of Taos, have sold to Edward Hutton the Gold King and Gold Queen mining claims in the Red River district, Taos county.

The drill on the Anaconda mine in the Red River district is down about 410 feet. No body of ore has yet been encountered to justify sinking a shaft. The drill will go down to 500 feet and if the ore body is not encountered at that depth it will be taken as evidence that the vein, which at the surface dips at an angle of 45 degrees, either does not go down to any depth or that it straightens out below the surface. To ascertain the fact the drill will go down at another place about 160 feet northwest of the old shaft and about the same distance from the present place of operations. If the vein is encountered reduction works will be erected.

Development is being pushed on the Condyke property in the Lobo camp, Taos county. B. F. Terrell, who has heretofore had charge of the boarding house at the mine, has moved to Taos, and R. C. Porter has succeeded him.

L. O. Haberstick has struck a good quality of ore on one of his claims in the Lobo camp, Taos county, at a depth of 25 feet.

Willis Vandever and Company will resume work on the Mark Twain in the Lobo camp of Taos county.

Building a House.

James P. Abreu is completing a nice residence at Rayado, Colfax county.

HIS WARNINGS
WERE NOT HEEDDED

Strange Course of an Officer on the Walla Walla Which Caused the Sinking of That Ill Fated Steamer.

LIGHTS OF THE FRENCH BARK
HAD BEEN SEEN BY THE LOOKOUT

San Francisco, Jan. 7.—The Examiner says, on authority of Deputy Coroner Skinner of Humboldt county, that E. Johnson, one of the lookouts on the wrecked steamer Walla Walla, testified that he saw lights on the French bark many minutes before her prow sank into the Walla Walla's hull, and that twice he warned the officer on the bridge, but that his warnings were not heeded.

DISTRICT COURT NOTES.

Anaconda and Ingersoll Mines Sold for \$19,219.33—Other Matters.

A suit was filed this forenoon in the district court for Taos county by Edith Darling Jordan and Amy C. Kelly vs. John Conley, to eject the defendant from the Copper King mining claim in the Red River mining district and to secure \$5,000 damages from the defendant for wrongfully taking possession of the claim.

In the case of Summers Burkhardt, trustee, vs. James Carothers et al., A. M. Bergere, master, this morning sold the Anaconda and Ingersoll mining claims in southern Santa Fe county, to Nellie B. Field, Esq., and Mrs. James B. Carothers for \$19,219.33. This ends part of the litigation which was begun in 1892. One other case in which these claims are involved, that of Carothers vs. O'Brien, et al., is pending in the United States supreme court.

A suit was filed this forenoon in the district court for Santa Fe county by J. L. Garcia vs. Marcos C. de Baca to recover the principal, interest and costs on a promissory note of \$200.

In the case of the Territory vs. Moises Wirtz of Taos county, for assault and intent to murder Lorenzo Ortiz, the defendant has filed a bond of \$1,000 to appear before the next grand jury of Taos county.

In the district court for San Juan county, in the case of W. T. Kirkpatrick vs. R. H. McFadden, a suit to recover \$448.32 and asking for a writ of attachment on some lands, a certificate of his pendens was filed this forenoon and order of publication will be issued.

BOARD OF COUNTY COMMISSIONERS.

Great Reduction in County Expenses—The County Debt Question.

The board of county commissioners yesterday afternoon approved the bills for the second and third quarter of the year and ordered them to be paid in full. An estimate of the county expenses for the year 1902 was made. The estimate is \$7,000. In former years the annual expense of the county was \$14,000. This forenoon the report of Commissioner Arthur Seligman on the bonded indebtedness of the county was read. There were a number of members of the committee present which had been appointed to find a way of compromising the debt with the bondholders. The report of Mr. Seligman is very comprehensive.

The report was adopted and this afternoon a resolution embodying the recommendations of the report was offered and discussed. The county commissioners will be in session probably until Saturday.

The board passed the proposed resolution. It provides for the refunding of the lawful indebtedness of the county of Santa Fe including unpaid coupons and judgments therefor at one-half of the principal, into 40-year 3 per cent bonds, in accordance with Chapter 41 of the Session Laws of 1901.

The matter of a union depot of the three railroads entering Santa Fe is again being discussed. An ideal site would be at the foot of Montezuma avenue, facing the capitol building.

The De Vargas Grant Sale.

At the court house this forenoon, Amado Chavez, master, sold the portion of the De Vargas grant nearest to Santa Fe, which had not been sold at the previous sale. There were quite a number of bidders for the land which was sold in parcels ranging from four to 500 acres. The total sum realized for the 3,000 acres was \$685 and the land was bought in by M. L. Decker and Charles M. White, of Colorado, and Colonel George W. Knaebel, A. B. Renahan, Esq., and R. L. Baca, of Santa Fe. The deeds for the parcels of land will be ready by tomorrow morning when payment will be made by the purchasers. There is talk of building a sanitarium on part of the land sold today.

The prices received, varying from 30 cents to \$3 per acre, are no criterion of the value of the land, as in many cases the owners, under what is known as the lawyer's title, bought in order to perfect their titles and others would not bid against them.

San Miguel County District Court.

In the case of Fred vs. O'Neill, Judge Mills gave judgment in favor of Fred for \$735.

Hugh Goldenburg of Guadalupe county brought an attachment suit in which the defendant has confessed judgment and paid \$1,000 into the hands of the court to satisfy the judgment.

Appreciated Mr. Nichols.

The employees of the Pecos Valley and Northeastern Railway Company testified their appreciation of the retiring manager, D. H. Nichols

TUESDAY, JANUARY 7.

New Mexico Demands Status of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

The Panama canal people now want only \$40,000,000 for their old ditch. Quite a come down from \$100,000,000 they asked a few days ago.

The civil service commission is after the commissioner of the land office, Blinger Herman. The civil service commission is quite previous these days.

The weather reports that have reached this part of the country from Skagway and Dawson City are not apt to induce any residents to leave this territory for Alaska for a climatic change at present, or at any other time.

The New Mexico Republican Reform Leagueurs tell some very fancy Munchausen tales concerning their wonderful doings in Washington. The longer they talk about these doings the more fanciful do these tales become.

Surveyor General Quinby Vance again asserts that he is not a candidate to the office in which he now wobbles about. Take him at his word and let him retire within himself. His room is much more desired by the people of New Mexico than his company.

So far the war department has sent 1,000 American teachers to the Philippine Islands and 200 more teachers will be sent within the next six weeks. Uncle Sam is certainly very generous to the Filipinos, although the latter do not seem to appreciate his kindness to any alarming extent.

The navy department is evidently preparing for contingencies. Work on the powerful battleship Maine is being pushed and this man-of-war may go into commission within a year. The Maine when in active service will be one of the most powerful fighting engines afloat.

The provisions of the Chinese exclusion act now in force should be extended twenty years and the provisions of the act should be made more stringent. The people of the states west of the Missouri river demand this and the eastern and southern congressmen will do well to heed this demand.

Major John H. McBride of Paris, advises the McBride Club in Dublin, instead of sending written protests against British rule, to take up rifles and fight. In the letter he says that one rifle is much better than 1,000 written protests. There is a good deal more truth than poetry in this assertion.

The construction of a railroad from Fort Garland to Taos would be of benefit to the northern part of Taos county, but a line from Three Piedras, a station on the Denver and Rio Grande railroad, to Taos, a distance of 34 miles over a comparatively easy route, would be of greater benefit to the Taos valley and also to the entire territory.

A Methodist editor of the Northwestern Christian Advocate, published at Chicago, jumps upon Secretary of War Root for his letter reprimanding General Miles in the Schley court of inquiry matters. The question now arises, what does the editor of that paper know about war anyway? He should attend to his knitting and leave the war department alone.

Professor D. A. T. Cockerel addresses a long letter to the Journal Democrat and advocates a complete agricultural and geological survey of the territory of New Mexico at territorial expense. The people beg to be excused for the present. Such a scheme means the expenditure of millions of dollars and the United States ought to undertake it.

El Paso is active in the matter of pushing the passage of the Stephens bill providing for the construction of the international dam at El Paso and incidentally to deprive the citizens of the Rio Grande valley in New Mexico of the water rights, which they have possessed for centuries. New Mexico must become active in the defeat of this selfish, wicked and detrimental scheme.

As New Mexico is bound to obtain statehood within the next two or three years, it might be just as well not to make a change in the judicial system now obtain in the territories of New Mexico, Oklahoma and Arizona. The present, system has worked very well in New Mexico for fifty years, and why worry over a change? Let well enough alone.

The congressional holiday recess being over, the New Mexico delegation to work for statehood for New Mexico should get a move on and go to Washington to do some of the work for which it was appointed. Heretofore the members of the delegation that went to Washington were busy in the business of filling offices. Now is the time for real work on the statehood matter.

Criticizing the Board of Health.

The New Mexico Board of Health is being criticized for some of its actions and that very properly. In the case of Dr. C. H. Conner, wherein the board declines to grant the doctor a certificate to practice in the territory, although he produced a diploma from the Marion-Sims college at St. Louis, and under that diploma had been permitted to practice medicine in the states of Missouri, Ohio and Kentucky, the Las Vegas Record says:

"And now the New Mexico Board of Health charges that Dr. Conner, to whom it refused a certificate to practice medicine, is deficient in spelling and punctuation. That may be true, but we have known first class physicians who made no pretensions to being accomplished grammarians. Aside from this, however, when the board tells us that a man who practiced medicine in Kentucky, Ohio and other states, does not know enough to practice in New Mexico, it is making a stupid old goose of itself."

How Capital is Kept Out of the Territory.

The item republished below taken from the columns of the Raton Reporter, shows what a fearful and blighting effect the present territorial administration has upon the investment of capital in New Mexico and how for instance the city of Raton is suffering and groaning and how it is decreasing in importance and wealth:

"This year, improvements will be made which will put Raton in the front rank of the cities of New Mexico. The sanitary sewerage system and a large substantial new depot and hotel are the most important of contemplated improvements—both will be commenced and completed this year. Prospecting for oil will be commenced at an early date and no doubt is entertained but that a superior quality will be found near the city. New coal companies are being organized, and there is every probability that the coal output of Colfax county will be more than doubled in the course of the next twelve months."

And still the yellow sheets and their bosses keep up a continual howl that the territory is retrograding and that capital and investors are being kept out of the territory.

Reclaiming the Arid West.

Professor Elwood Mead, an expert of the government irrigation survey, has a thoughtful article on the reclamation of the arid west in the Forum. The keynote of his paper is that the day of individual effort in building irrigation systems has passed and that the time has come for community, state and national effort. Irrigation works must now be built that will rival those of the Nile and the Ganges. He demonstrates the value of storing the flood waters as follows:

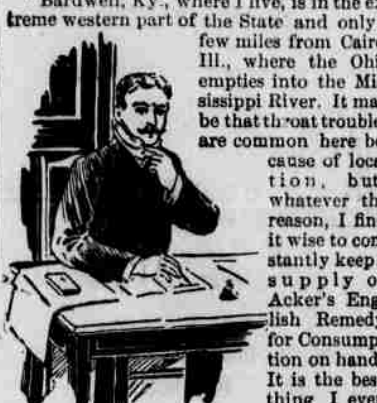

"The existing canals in Salt river valley, Arizona, will irrigate 250,000 acres of land. Much of this land has been already settled upon, but less than one-half is being cultivated. All that is needed to make the remainder fruitful is more water, and this can be had by storing the floods. Water enough comes down from the mountains, but it does not come down at the right time. The 100,000 acres now under cultivation represent not what can be done with the river, but what can be done with its low water discharge. A similar condition of affairs exists along the South Platte and Arkansas rivers in Colorado, where only a fraction of the arable land below the canals is cultivated, and all of this has not the water it needs. If the water which runs to waste in the winter and spring were stored, irrigation would become to many in fact what it now is only in theory—an insurance against drought. These conditions are not exceptional. They prevail on scores of streams in Wyoming, Utah, Nevada, New Mexico and California. They will appear on others as the reclaimed area is extended."

"The advocates of national aid are not agreed regarding the policy to be adopted. Some urge national control as well as national aid. They believe that the differences in state laws and the division of streams crossing state lines require that the government should take entire charge of the distribution of water. Those who oppose this favor the continuation of state control, and call attention to the magnitude of the interests already created under state laws, and dependent on these laws for stability and value. Titles to water along thousands of water courses have been established by state tribunals. The rights vested have an incredible value. They control the productiveness of many million acres of land. The water rights on the Little creek first used by the Mormons are worth \$1,600,000. The best estimate of the value of water rights in Colorado places them at \$90,000,000; and the titles to similar property in California are worth at least an equal sum. For the general government at this late date to assume control would inevitably cause a radical disturbance of existing conditions. The differences in state laws are fundamental, and a national law which would operate everywhere alike would be revolutionary in some states. It would disturb local usages and customs to which communities are wedded and which irrigators understand. Laws for the control of an element so vital and necessary to human life as water will work well only when they have the sanction of the people most concerned; and, notwithstanding the mistakes which have been made, it is the preponderating belief of those best informed that the effort of the government should be confined to aiding the states, and should leave it to those states to create their own administrative systems and work out their own problems. In doing this it would be leaving the solution of these issues to the people most familiar with the subject and most interested in the success of the industry, and hence would be intrusting it to the highest intelligence which can be enlisted."

Throat Troubles

"Bardwell, Ky., where I live, is in the extreme western part of the State and only a few miles from Cairo, Ill., where the Ohio empties into the Mississippi River. It may be that throat troubles are common here because of location, but whatever the reason, I find it wise to constantly keep a supply of Acker's English Remedy for Consumption on hand. It is the best thing I ever came across for coughs, colds and throat troubles, and I have used it in my family for years. No druggist here can be depended upon to have it always, so I am writing this letter to W. H. Hooker & Co., 220 Broadway, N. Y., to order a dozen bottles at a time. My wife is bothered lately with sore throat and difficult breathing, but just as soon as the dozen bottles get here, I will give her a few doses, and she will certainly be well again. I expect to write another letter in a short time saying my wife is cured, for I feel absolutely sure it is what she needs." (Signed) T. A. WHITE.

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

Your Face. Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance, you should try Acker's Blood Purifier. It cures all blood diseases where cheap Bile Beans and so-called purifiers fail; knowing this, we sell every bottle on a positive guarantee.

For sale at Fischer's drug store.

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood mark the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good your medicines have done me," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind., Box 297. "I was not well for two years. My throat was always sore, head ached and back ached nearly all the time. My weight was 155 pounds. I was taken sick with typhoid fever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a visit of his Pleasant Pellets. I discontinued the use of my doctor's medicine and began with the 'Golden Medical Discovery' and 'Pellets.' I at once began to feel better; the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets. I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 185 pounds and feel better than ever in my life."

Dr. Pierce's Pleasant Pellets cure constipation.

A Cincinnati physician took some of his own medicine. The verdict of the coroner's jury was "Death due to unprofessional conduct."

For sale at Fischer's drug store.

A man who is wedded to a matter-of-fact woman realizes that facts are stubborn things.

C. W. Lynch, Winchester, Ind., writes: "I owe the life of my boy to Foley's Honey and Tar. He had membranous croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." Fischer Drug Co.

That man who boasts of his knowledge is ignorant.

EXPERIENCE IS THE BEST TEACHER. USE ACKER'S English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief, money refunded. 25 cts. and 50 cts.

For sale at Fischer's drug store.

No one who is in debt can boast of being independent.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail." Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by all druggists.

Wanted—An elevator that will lift a man above criticism.

CHILD WORTH MILLIONS. "My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. Ireland's Pharmacy.

When a woman builds an air castle she uses some man's heart for a foundation.

A PROFITABLE INVESTMENT. "I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. Ireland's Pharmacy.

You can safely gamble your last ten-spot on the man who works as hard for others as he would for himself.

REMARKABLE CURE OF CROUP. A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Joel Demont, Inwood, Iowa. Sold by all druggists.

A GOOD RECOMMENDATION.
"I have noticed that the sale of Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists.

TO KIDNEY SUFFERERS

An Opportunity Worthy of
Your Notice.

If you suffer with kidney disease or
any ailment arising from an improper
action of the kidneys or urinary or-
gans, this offer we make to the people
of Santa Fe should interest you. In the
advancement of medical science, the
kidneys, the organs of the greatest im-
portance to human health, have not
been neglected, and in placing before
you such a cure as Doan's Kidney Pills
the proprietors recognize how far so
many statements of the makers of
similar preparations have fallen short
of their claims, being convinced that
no remedy for kidney complaints in ex-
istence equals Doan's Kidney Pills for
such ailments; strengthened in these
convictions by letters that are daily
received of the work they are doing
for mankind's benefit, old backs and
young backs are being constantly
freed from never-ceasing aches, and
many a lame and shattered one, stoop-
ed and contracted, is strengthened, in-
vigorated and infused with new life.
With such a medicine an offer of this
kind can be made without hesitancy,
for while we lose the box we give to
you, we make a friend that assists us
in the sale of many others.

150 FULL BOXES

of Doan's Kidney Pills will be given
away free to every person suffering
with kidney ailments at the under-
signed address. First come, first served,
and only this one chance offered.
Remember this is not a sample box,
but a regular size box of Doan's Kid-
ney Pills, which retails at 50 cents.
Remember free distribution one day
only, Tuesday, January 14, at Ireland's
Pharmacy, Santa Fe New Mexico.

Brains

A world famous painter was once asked with
what he mixed his colors. "Brains, sir!" was
the reply. It applies with equal force to our
HARDWARE. We haven't a corner on this
very important article and yet we have enough
on hand to enable us to attend to your HARD-
WARE needs a little better than the other fel-
low. Twenty years' experience has allowed
some of the cells to grow, so that we can grasp
a good thing when we see it and push it along
for your particular benefit. There are two
sorts of HARDWARE: Mine and the rest of
them. Call and be convinced.

W. H. GOEBEL, HARDWARE.
