BOER VICTORY.

British Command Sur-
prised and Taken.

France Forces Turkey to Pay
Heavy Indemnity.

Great Rush of Knights Templar to
Louisville Tri-ennial Conclave.

SICKNESS OF COL. HAVERLY.

London, Aug. 26.—A dispatch from
Lord Kitchener, dated from Pretoria
today, says:

"Three officers and sixty-five men
who were sent north of Ladysmith
to Orange River colony, on the right of
Kiliko's column, were surrounded on
unfavorable ground and captured by a
superior force on August 22. One
man was killed and four wounded.
The prisoners were released. An
holding inquiry."

"Have received a long letter from
Steyn containing argumentative state-
ment of the Boer case, saying he will
continue to fight; also a short letter
from Dewet to the same effect.
"Botha writes acknowledging receipt
of my proclamation and protesting
against it and stating that the Boers
intend to go on fighting. On the other
hand, the Boers lately have increased
considerably."

French Indemnity. Aug. 26.—The
amount of the indemnity which the
sultan agrees to pay to the Quays
company for interference with its
rights is 700,000 francs. The sultan
will also pay 500,000 francs to
Frenchmen on account of seizing
lands in Albania. The company re-
sponds for a year to the clause in its
concession regarding the transfer of
the quays to Turkey only. It is be-
lieved, to save appearances for the
sultan.

M. Constant, the French ambas-
sador, after making frequent calls on his
colleagues yesterday, left here today
on board the Vaucluse for Stamboul,
where he will take train.

This action, however, will only be
a manifestation of dissatisfaction, not
a rupture of the relations. The
counselor of the French embassy
will take over the affairs of the em-
bassy and continue investigations.
Constant's departure will leave on a
vacation. No word is received from
him yet regarding today's develop-
ments.

KNIGHTS TEMPLAR.

Thousands Assembling at Tri-ennial
Conclave at Louisville.

Louisville, Ky., Aug. 26.—The rush
of visitors to the tri-ennial conclave
of Knights Templar in this city be-
gan in earnest today and by night the
Kentucky metropolis will be completely
in the hands of the invaders.

Trains poured into the city all day
bringing knights and ladies.
Scarcely a building is without its
streamers or gorgeous dress of bunt-
ing. At the local headquarters the
opinion was expressed that the con-
clave which begins tomorrow
will prove the most notable ever held.

Grand Master Reuben H. Lloyd of
California and Deputy Grand Master
Henry Bates Stoddard of Texas were
given an impromptu reception during
the forenoon because of the accepted
state which makes Stoddard Mr.
Lloyd's successor as grand master of
the encampment.

Sickness of Haverly.

Salt Lake City, Aug. 26.—Colonel
H. Haverly is dangerously ill at St.
Mark's hospital, this city, of heart
trouble.

Haverly recently moved to Salt
Lake since his retirement from the
show business several years ago he
has been devoting his time almost
exclusively to mining.

Peach Crop Injured.

Centralia, Ill., Aug. 26.—A cyclone
windstorm and cloudburst did thou-
sands of dollars damage to Centralia
last night. The Baptist church, col-
ored was wrecked. The peach orchards
were destroyed.

Illness a Pretext for Delay.

Rome, Aug. 26.—The illness of
Prince Chun, brother of the emperor
of China, who as Chinese mission, has
arrived at Basle, Switzerland, on his
way to Berlin to apologize for the as-
sassination of Baron von Kottler.

German minister at Pekin, is, accord-
ing to a dispatch received here today
from Basle, a pretext for delay.
Prince Chun having received orders
from Pekin not to proceed, as French
complications have arisen with refer-
ence to a settlement of the protocol.

STEAMER SUNK.

Havre, Aug. 26.—The Spanish
steamer Amboto, Captain Muniz, re-
turned from New Orleans for this port,
collided last night with the German
steamer Lusitania, off Casquet
Mediterranean ports, off Casquet
rocks. The Lusitania sank in an hour.
Four of her crew were drowned. The
remainder, twenty-one, were picked
up.

MANILA NEWS.

Skirmish With Insurgents in the Is-
land of Samar.

Manila, Aug. 26.—Captain Harold J.
Jackson, of the 1st Infantry, recently
surprised General Lukban at Pamban-
kan in the mountains of the island of
Samar. Three of the general's guard
were killed and the general himself was
wounded. His family were captured.
A captain and lieutenant were also
made prisoners.

Civil Governor Taft received at Ap-
pary, province of Canagan, one of the
biggest ovals of his trip. He an-
nounced that Appary would receive a
large appropriation for improvement
of the harbor and Cagayan river.

ARMOUR SICK.

Kansas City, Mo., Aug. 26.—Kirk B.
Armour, head of the Armour Packing
company at Kansas City, arrived here
in a special car from Watkin's Glen,
N. Y., where he was taken seriously ill.
On the other hand, the company's stock
has increased considerably.

YOKOHAMA.

Yokohama, Aug. 26.—A dispatches
from Seoul says that the French rep-
resentative at the Korean capital has
presented a series of demands, includ-
ing 5,000 yon as compensation for in-
jury to a French missionary and
punishment of fifty persons guilty of
taking an active part in the Quelpert
revolt. Further attempts to supplant
McLewey Brown from his office as di-
rector general of customs have proved
abortive.

TOWN DESTROYED.

Memphis, Tenn., Aug. 26.—Tipton-
ville, Tenn., was almost entirely de-
stroyed by fire yesterday.

ADVANCE OF MORTON.

Los Angeles, Cal., Aug. 26.—Accord-
ing to the Evening Express a private
dispatch has been received here stat-
ing that Second Vice President Paul
Morton of the Atchison, Topeka &
Santa Fe has been tendered the posi-
tion of C. M. Hays as president of the
Southern Pacific. Much credence is
attached to the story at Santa Fe
headquarters in this city, and it is
said confirmatory news has also
reached here from Wall street
sources.

SUNDAY BALL GAMES.

Manila, Aug. 26.—Dispatches from
Mindoro tell how Lieutenant Haz-
zard of the Third cavalry, command-
ing a troop of Macabee scouts, cap-
tured the American deserter, Howard
Williams, who as leader of the Filipinos
had been annoying the Americans for
many months. Ferguson, one of
Lieutenant Hazzard's civilian scouts,
disguised as an insurgent, with eight
Macabees, penetrated into the camp
of Colonel Atienza, commanding 200
riflemen and 200 bolomen, at night,
located Howard's band and gagged him
and led him away without disturb-
ing the camp.

Negro Burned to Death.
Chattanooga, Tenn., Aug. 26.—
Henry Niles, the negro who assault-
ed and shot to death Mrs. Charles
Williams, the wife of a prominent
farmer near Winchester, Tenn., on
Friday, was taken from the jail here
Sunday by a mob and taken to a tree
with iron and his body saturated
with oil and was burned to death. The
horrible sight was witnessed by about
5,000 people.

Texas Starving to Death.
San Antonio, Tex., Aug. 26.—Re-
ports from Zapata county confirm the
news that the poorer classes there
are facing starvation and must have
immediate help in the way of food or
the results will be terrible. The
range water has failed and the cattle
are too weak to travel and are dying
rapidly. The country has been liter-
ally burned up by drought.

Yesterday's Ball Game.

"Como Estamos?"
Pretty good, in fact improving daily
under the watchful eye of Manager
Henderson, who has his team out of
every day taking practice.

"And how about you, Messrs.
Brown?"

Not quite so well. You see they went
to El Paso two weeks ago and came
out to the good, and of course, prac-
tice was not needed against the easy
Como Estamos team.

Both teams went in confident, the
colored lads strong and aggressive,
the Browns with a misfit team and
lack of spirit, no much needed in
base ball. The result was a victory
for the Como Estamos team score, 16
to 8. The victors and their friends
dined and cake walked and the
audience were very amusing.

There were several good plays made
by them and for each participant there
was applause and hand shaking. In
taking the field they cake walked and
in coming in to bat all that could be
seen was a display of ivory, and after
the game there was rejoicing in the
ranks of the "Cootown 400."

"Como Estamos?"
"Well, ain't we babies?"

Another game will be arranged with
the same teams.

RAILROAD ITEMS.

A few freight cars were derailed
Saturday afternoon on a short distance
north of Lamby, causing passenger
trains Nos. 1 and 7 several hours' de-
lay.

E. McCann, supervisor of bridges
and buildings for the Santa Fe, with
headquarters in Topeka, and M. R.
Williams, general bridge foreman of
Las Vegas, went north at 8:45 o'clock
this morning on a special.

Some cars which were thrown onto
a sidetrack Saturday night slightly
wrecked a switch engine and caused
a prolonged blast of the whistle. A
few minutes afterward the smoking
brilliant chimed in and for a time
the night air was hideous. Many peo-
ple were attracted to the vicinity of
the electric light works, but when they
learned that no serious accident had
happened they returned to their sleep-
ing cars, which were so unexpectedly
doused.

THE COLOMBO PICNIC.

Largely Attended And Was a Success
in a Social and Financial Way.

The Christopher Colombo Mutual
Protective association held their an-
nual picnic at the Azario grove, a
beautiful shady spot, just north of
the city. The Christopher Colombo band
Sunday morning the crowds proceeded
to the picnic grounds and there en-
joyed themselves to their hearts' con-
tent. The Christopher Colombo band
was in attendance and rendered ex-
cellent musical selections during the
day. A merry-go-round and large
swings especially delighted the chil-
dren, while the old folks indulged in
dancing on a spacious platform erect-
ed for the occasion.

In the evening a fine display of fire-
works and the ascension of small bal-
loons interested the crowds. Refresh-
ments, which were bountiful and deli-
cious, were provided for the members
of the association and their friends.
From a social and financial standpoint
the affair was a complete success,
which was brought about by the able
management of Manager Oreste
Bacchi and the committee on ar-
rangements, composed of Messrs. C.
Tartaglia and P. Cutignoli.

The receipts of the day will be
turned over to the treasurer of the as-
sociation and will be used for the
enlargement of Colombo hall.

In the Police Court.

Another first street restaurant
man saw fit to create a disturbance
for which he was fined \$10 this morn-
ing by Justice Crawford.

A hobo was caught in a boxcar by
the depot master and for this infrac-
tion of the law will work ten days.
A carpenter who occasionally im-
pales too much of the amber fluid

that intoxicates created a disturbance
Saturday night that cost him \$5 this
morning.

A Good Woman Gone.

Word was received in this city yester-
day announcing the sad, but not
unexpected death of Mrs. Harry Hod-
gins at her old home in Alexandria,
Ind., last Wednesday. The lady left
here one week ago last Saturday with
her husband and the day after their
arrival at the home of her parents, be-
ing unable to withstand any longer
the ravages of consumption, breathed
her last in the presence of loved ones.
The husband of the deceased, who
is a nephew of Prof. Hodgins in the
New Mexico university, occupied a
position in the foundry for a long time
and with his wife resided on West
Lead avenue. Deceased was 32 years
of age and during her residence in this
city became quite well acquainted
with Albuquerqueans, all of whom will
deeply mourn her departure from this
life.

Negotiating With Santa Fe.

A. B. McGaffey, the newly elected
manager of the Albuquerque Browns,
leaves tonight for Santa Fe and while
there will endeavor to secure the base
ball club of that city to come here and
contest for honors on the diamond.
He will guarantee their expenses, at
least, and will be able to assure them
that they will be treated as gentle-
men while guests in this city. If
Manager McGaffey succeeds in mak-
ing the deal, it will be the means of
attracting a larger crowd than any
game heretofore played in the
territory this season.

Mr. McGaffey, while absent from the
city, will make a business trip to
Española and other points in the ter-
ritory of the wholesale and retail
china establishment of A. B. McGaf-
fey & Co.

MARKET QUOTATIONS.

Market quotations and review fur-
nished by W. P. Metcalf, No. 5 Crom-
well block, received over the private
wire of F. O. Logan.

New York, Aug. 26.—Today's mar-
ket, although opened firm, was some-
what inclined toward irregularity. It
opened strong with Southern Pacific
and Steel stocks the feature. Mod-
est reactions ensued owing to some
common house liquidation and sell-
ing by traders in the belief that a
reaction was due and current weak-
ness would probably see somewhat higher
prices for money. All advances from
reliable sources continued to indicate
that the strike is growing weaker and
that Mr. Shaffer cannot get out of
the hole in which he is placed. The
most active advance in Southern Pacific
the buying is said to be for in-
side interest.

The Oratorical Contest.

The silver medal contest which
will be held at the Congregational
church on Tuesday evening of this
week under the auspices of the local
W. C. T. U. is one of great interest
and no doubt a large number of peo-
ple will be present. The five young
ladies in the contest are all well
talented and all promising and those who
attend will certainly enjoy the enter-
tainment. A cordial invitation is ex-
tended to all to attend. The admis-
sion fee will be charged, but a
collection will be taken up. The
following is the program:

Organ Prelude—Mrs. Gidson.
Recitation No. 1—Miss Edna Man-
warin.

Steel Combine Determined to
Open Mills.

Negroes Being Driven Out of Sa-
pula, Indian Territory.

SANTA FE FREIGHT WRECKED.

Pittsburg, Pa., Aug. 26.—Develop-
ments in the steel strike were meagre
this morning. A probable renewal of
peace negotiations by disinterested
parties was again discussed, but
nothing definite could be learned.
Henry M. White of the Garment
Makers of America and Ralph M.
Easley of the National Civic federa-
tion, who took part in the conference
in this city last week, left for the east
last night and it is reported that they
went to New York to make another at-
tempt to have negotiations between the
contending parties reopened.
President Shaffer, however, said that
the association had authorized no new
steps for peace. The combine, it is
said, intends to make aggressive at-
tempts to start more plants this week.
They were successful in putting two
more mills in operation at the Palster
plant this morning.

NO PROPOSITION.

New York, Aug. 26.—No proposi-
tions looking to a settlement of the
steel strike had been submitted up to
1 p. m. to the United States Steel cor-
poration as a result of the conference
in Pittsburg last week of members of
the Amalgamated association, indus-
trial commission, Civic federation and
labor leaders. As far as could be as-
certained none of the participants in
the conference have come to New
York.

LABOR LEADERS.

New York, Aug. 26.—Ralph M. Eas-
ley, secretary of the National Civic
Federation of Labor, and Henry
White of the United Garment Work-
ers' union, arrived here today from
Pittsburg. They said that they had
not been authorized to make any
proposition looking towards the set-
tlement of the steel strike. Samuel
Gompers, president of the Federation
of Labor, also arrived today. He was
in conference with Stanley and White,
but it was said that the conference
resulted in no plan for action.

Driving Out Negroes.

Sapulpa, I. T., Aug. 26.—Additional
warning to negroes in Sapulpa to
leave town this afternoon were posted
last night and today nearly all blacks
not employed or owning property are
missing. The United States district
attorney at Sapulpa has wired that
he will prosecute the offending whites.
Surrounding towns are taking up the
fight against the negroes. It is said
that cowboys and horsemen will help
drive them out of Sapulpa.

Santa Fe Freight Wreck.

Topeka, Kan., Aug. 26.—The west-
bound Santa Fe extra freight was
wrecked by a broken axle at Cedar
Point, midway between Emporia and
Newton, early this morning. Eight
cars were derailed and the track
blocked. Brakeman L. E. Zeigler of
Emporia was caught under the wreck
and killed.

Chinese Delay.

Peking, Aug. 26.—Li Hung Chang to-
day informed the ministers that the
bearer of the edict necessary to the
signing of the settlement of the pro-
tocol by the Chinese plenipotentiaries
who was on his way from Sian Fu
and expected to arrive Wednesday,
has been delayed by floods, but antici-
pated that he will reach Peking shortly.

Miners Killed.

Bloomington, Ill., Aug. 26.—Four
miners lost their lives in the Chenoa
coal mine today by the breaking of
the car cable, precipitating them to
the bottom of the shaft.

INDIAN SCHOOLS.

National Superintendent Reel Prepares Textbook for Uncle Sam's Schools.

One of the needs of the Indian school service has been a uniform course of study in order that each school should know what to teach and that pupils transferred from one institution to another could be properly graded. Several attempts have been made to fill this want, but until the present time nothing on an elaborate scale has been accomplished.

Miss Elsie Reel, the present national superintendent of Indian schools, has now in the hands of the printer a course which has been pronounced by those who have authority on such matters to be the best and strongest ever devised for the peculiar educational system of the Indian office. The course treats of thirty-one subjects, and is particularly strong along industrial lines and embraces a course in agriculture, baking, basketry, blacksmithing, carpentry, cooking, dairying, engineering, gardening, harnessmaking, housekeeping, laundering, printing, painting, shoemaking, tailoring and upholstery.

As the majority of the Indians will have lands and prefer an outdoor life, they will depend to a great extent on the soil for their livelihood. Great stress is therefore laid upon the importance of teaching agriculture, and the use of the hoe and plow. Everyone should know in order to conduct a farm economically and successfully. Pupils finishing this course will be fitted to take charge of the allotment the government has given them, to show their horses, build their houses, barns and fences and mend their shoes, harness and implements, all of which is very necessary, as many Indians often separate the Indian from a mechanic or shop.

In domestic science and domestic art is also outlined and the girls are fully trained in all that is required to make them economical and industrious homemakers.

As Miss Reel is endeavoring to revive or preserve the art of basketry she has incorporated in her course a chapter on this work. Basketry has been carried on from time immemorial by various tribes and few people have reached the perfection attained by the Indians in this industry. It is an art not learned in a day and Miss Reel is endeavoring to preserve it by placing the Indians who are to understand it, in the schools as instructors. Thus will the old people of the tribe be made to feel that they are not useless, and the Indians of the future will be able to make baskets, making, with young blood and a wider knowledge to push the sale of products, will open another avenue towards making the Indian self-supporting.

RIPARIAN RIGHTS.

Hon. T. B. Catron interviewed on the Denver Republican.

Judge T. B. Catron of Santa Fe, N. M., who attended the sessions of the American Bar association in this city, and of the opinion that the state we take a most prominent part in the affairs of the west. He also contends that Colorado, in its efforts to provide water for its own people, is doing a hardship on New Mexico, as well as Kansas.

The water in the Rio Grande river," said Judge Catron at the Windsor hotel last night, "which, by right of priority appropriation belongs to New Mexico, is almost entirely taken by Colorado farmers in the dry season. This year we don't mind how much is used, as we have had plenty of rain and the grass and stock in the river, which is a very dry season, is looking better than it has in a good many years. There have been dry seasons, however, when nearly all the water for the state has been rightfully belongs to us, is used on your dry lands and the farmers of our territory suffer."

"The subject of government reservation has been considered some of the territory. Of course, everyone favors them. With a proper storage of water which would be entirely practicable we could irrigate 25,000,000 acres of land in New Mexico and, with irrigation, anything under the sun can be raised there."

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty.

time. Many Americans are coming in and as fast as they take up their residence in the territory the Mexican residents move to the country and go to ranching. The competition of the Americans has a tendency to drive them out of the cities, with the result that the race complexion of towns like Santa Fe or Las Vegas is rapidly changing. Of course we expect staidness sooner or later. We have the necessary population now, probably a little more than enough, the census of the territory showing about 135,000. Everything appears to be prosperous down our way. We have plenty of rain and the country is greener and prettier than in some years."

LABOR DAY PROCLAMATION.

Governor Otero has issued the following proclamation:

Territory of New Mexico, Executive Office.

Whereas, the laws of the United States of America designate the first Monday in September of each year as a legal holiday to be known as Labor Day;

And Whereas, in this territory the labor of our people in the field, factory and mine have been wonderfully blessed during the past year and after all toil a period of rest is essential for the best interests of body and brain;

Now, therefore, I, Miguel A. Otero, governor of the territory of New Mexico, do proclaim and declare that the second day of September, A. D. 1901, a legal holiday and do earnestly recommend that all business, except such as the necessities of the community absolutely demand to be carried on, shall be suspended; that the schools be not opened on that day, and that the people observe the day in honor of its observance in such manner as will inculcate in our youth a higher appreciation of the dignity of labor, the necessity for it not only to the benefit of the individual, but of the commonwealth and nation, and that all our citizens by the observance of this holiday may come to a higher realization of the fact that labor is not only necessary, but is honorable and dignified and that for all to labor in their respective fields of usefulness is not a curse, but a blessing to themselves and to others.

Done at the capital at Santa Fe, the 2nd day of August, A. D. 1901.

Witness my hand and the great seal of the territory of New Mexico.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ is burrowing in to the root of the hair, where it destroys the vitality of the hair, causing it to fall out. The dandruff is the cause of the falling hair. Without killing the dandruff germ, without removing the cause, you remove the effect. Newbro's Herculite is the only hair preparation that kills the dandruff germ. Herculite is also a delightful hair dressing.

SHOCKING TRAGEDY.

Two Mexicans Lay Down to Sleep on Santa Fe Track at El Ferro and Are Run Over.

From the Silver City Independent. One of the most shocking accidents that has occurred in Grant county for some time was enacted at El Ferro last Tuesday. Two Mexicans, Elino Chavez and Leon Mora were run over by the Santa Fe train and were decapitated, besides being otherwise horribly mangled.

The tragedy occurred Tuesday night. Mora, it is understood, was engaged to a step-daughter of Chavez, and the wedding was to have taken place Wednesday. Both men were exploring in anticipation of the joyful event and were drinking heartily during the evening at the different resorts in the camp. Sometime early in the evening they started down the Santa Fe track leading to Hanover, and when just outside the limits of El Ferro they lay down to "sleep off" the effects of their dissipation. As it was dark, they were not seen until they thought the train had passed, but unfortunately it was eight hours late that evening. The train came along before they were aware of its presence, and the entire train passed over their prostrate bodies. The remains were discovered about early Wednesday morning by men going to work. Both bodies were headless and were otherwise horribly mangled.

The bodies were taken to the employ of the C. F. & I. company and Chavez, who was about 60 years of age, leaves a wife and a number of children. The funeral will be held at the El Ferro place Wednesday.

It Saved His Baby.

My baby has terribly sick with the diarrhoea. We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Doak, of Williams, Ore. "I am happy to say it gave immediate relief and a complete cure." For sale by all druggists.

The laws of health require that the bowels move once each day and one of the penalties for neglecting this duty is constipation.

Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price, 25 cents. For sale by all druggists.

Granite Belt to Grant County.

The granite belt at El Ferro is attracting the full share of attention just now and a great deal of development work is being done by claim owners. Until recently this section of the camp has been greatly neglected, but the finding of rich ore last fall has greatly stimulated investigation. Much of the ore has been shipped for years by oldtimers, but so little did they think of it that in many instances they did not take sufficient interest in the property to prospect, describe and monument it. All this is changing now and since the advent of capital seeking investment no portion of the granite belt is left unexplored, and as a rule, all the ground has been surveyed.

Examination Questions For Teachers.

Superintendent of Public Instruction J. Francisco Chavez has sent to the county public school superintendents of the territory four sets of examination questions for teachers. The questions are for the purpose of determining the fitness of teachers for certificates this year, as opportunity as yet to familiarize themselves with the requirements of the new law.

Their Secret is Out.

All Sadeville, Ky., was curious to learn the cause of the vast improvement in the health of Dr. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. S. P. Whitaker's cure," he said. "It completely cured me and also cured my little grand-daughter of a severe attack of Whooping Cough. I feel like a new man. I have Colds, La Grippe, Bronchitis, all throat and lung troubles. Guaranteed bottles to J. H. O'Reilly & Co.'s drug store."

P. T. Thomas, Sumpterville, Ala., says: "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing part of the natural digestive fluid. It gives weak stomachs entire rest, restoring their natural conditions. B. Ruppel, Cosmopolitan.

OVERBURDENED.

The Egyptian woman looks greatly overburdened, and yet the physical burdens she carries are not compared with the burdens borne by many an American woman. There is no burden like the burden of disease. The woman who suffers from inflammation or ulceration, bearing down upon her, back and nervousness, bears a burden which crushes her.

Every woman should know that Dr. Pierce's Favorite Remedy cures the ache, back and throbbing head, and gives strength for wifely and maternal duties.

"When I first wrote to you," says Mrs. B. B. Smith, "I was suffering from female trouble of the worst kind. I couldn't eat anything without feeling sick. I was nervous and weak. Had numbness and aching head and neck. It seemed as if I was going to die. I tried everything and took it as directed, and the first week I felt better. The second week I was able to get up and do my usual work. I am glad to say that I feel better than I have for years."

Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, or if cloth-bound volume is desired, send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
