RIOT AT PITTSBURGH

Strikers Attack Non-Union Mill Workers.

Labor Leaders Holding Conference at Pittsburgh.

Strikers are Making no Gain in the Strike Region.

MARTIAL LAW IN SOUTH AFRICA.

Pittsburgh, Pa., Aug. 23.—The second riot occurred at the Sterling Silk mills this morning and was more serious than the clash of last night. A mob surrounded the mill and threatened to enter it by force and drag the non-union girls from the mills. The strikers were armed with stones and other weapons. The first object of attack was a small Italian settlement near the mill. The non-union girls in last night's riot took refuge in these houses. Later when the non-union workers arrived at the mill a volley of stones met them.

NO CHANGE.
Pittsburgh, Pa., Aug. 23.—The steel strike situation was without material change today. All the combine plants started recently with non-union men were in operation and quiet prevailed at all points. The steel officials appear to be preparing more surprises for the strikers in the way of starting other plants with imported men. A rumor was current that a conference had been arranged for this afternoon at the Amalgamated headquarters. President John Mitchell of the United Mine Workers of America, Grand Master Sargent of the Brotherhood of Locomotive Firemen, President Henry White of the Garment Workers of America and Ralph W. Esley, secretary of the National Civic Federation of Chicago were expected to take part. The object of the conference was not stated, but it was intimated that some settlement of the strike.

CONFERENCE.
Pittsburgh, Pa., Aug. 23.—A labor conference is now on at the Hotel Henry. It is reported that the object is to devise ways and means to aid the steel strikers. President Mitchell of the Mine Workers, President Henry White of the Garment Workers and Ralph W. Esley, secretary of the National Civic Federation of Chicago, participated in a conference with President Shaffer. It is reported that the conference is for the purpose of ascertaining what aid the miners are able to give the association. It is said that the organized miners will be asked to refuse to load coal to be used in the mills of the United States Steel corporation, now being operated by non-union men. The miners' organization has a substantial treasury and would be able to support all the men thrown out of employment if the plans suggested are carried out.

STRIKERS LOST.
Mettewau, N. M., Aug. 23.—Today the last mine in the Thacker-Louis field, where the strike occurred two months ago, was put in operation. All the mines are running full with non-union labor.

Martial Law.
Capetown, Aug. 23.—A fresh order proclaiming martial law was issued providing for the closing of all the country stores in the Queenstown district, requiring that all goods likely to be useful to the enemy shall be taken to certain specified towns and forbidding country residents to have in their possession more than a week's provision.

Base Ball Player Expelled.
Chicago, Ill., Aug. 23.—President Johnson of the American League today expelled shortstop Shugart of Chicago for assaulting Umpire Haskell at Washington. In comment Johnson said:
"Any player of the American League who in the future slugs an umpire on the ball field will be expelled from the league. This is final."

To Open Reservation.
Spokane, Wash., Aug. 23.—Plans are announced today to secure the opening of the Spokane Indian reservation to mineral locations. The reservation is twenty-five miles northeast of this city and contains about

200,000 acres. The mineral wealth is unknown, but surface indications are promising. The reservation is occupied by about 350 Spokane Indians, with Chief Litt at their head.

Died in Bath.
New York, Aug. 23.—James W. Lyall, aged 65, a wealthy manufacturer of cotton goods, was found dead today in a bathtub at his home in this city. The gas was turned on. It is believed that he was overcome with weakness and fell, striking the gasjet with his arm and turned it on.

Trotting Race.
Boston, Mass., Aug. 23.—The 2:48 trotting event of the Readville race track this afternoon was won by Horalma in two straight heats. Best time, 2:07 1/4. This equals his record time made at Detroit last July. The Monk was second and Kingman third.

Countdown Tonight.
A hot time in the old town tonight will be had by the Komo Estomus Kolorod Koncert Kompany in Orchestra hall. Swell cakewalkers will be present and the orchestra will be present to assist in the rendition of the evening's program.

Siege in Moscow.
St. Petersburg, Aug. 23.—The government has decided to continue the state of siege in Moscow province for another year. Otherwise it would expire September 2. This indicates that the political situation is still serious.

Candidate for Mayor.
New York, Aug. 23.—John C. Sheehan of Greater New York democracy, said today that the name of City Comptroller Bird Coler would be presented at the anti-Tammany conference on September 9 as a candidate for mayor.

Work on El Paso Southwestern.
Capitan, Powers & O'Connor, contractors for the El Paso & Southwestern railway, have let a sub-contract for a portion of the work beyond the smelter to Alfred Courchons.

The work on the grade in and near the city is proceeding rapidly. A great number of men and teams are employed and much money is being placed in circulation as a consequence.

Congressman's Day Coming.
Yesterday Delegate B. S. Rodey received a letter from Hon. John P. Lacy, congressman of Iowa, in which it was stated that the writer and a friend were expecting to visit Albuquerque next month and while in this section they would visit Parajito, where it is proposed to establish a national park in connection with the Mr. Rodey assured the statesman that he would be given a royal welcome by every citizen of the territory upon his arrival here. The gentleman was informed that a rousing statehood convention would be held in this city on October 15, when it was expected that the delegates of national fame would be present and deliver addresses, and was asked that if he could find it convenient to postpone his coming until that date a greater number of people from all parts of the territory would have an opportunity of according him a hearty welcome. Mr. Lacy is the gentleman who greatly aided New Mexico's present delegate in securing the passage of the Albuquerque land grant bill.

Social Events.
The natatorium, which has become a very popular resort this season for the society folk, was the scene of much enjoyment again last evening. A party of young Albuquerque ladies and gentlemen went out to the swimming pool in the famous "Jumbo" wagon and a better time was never more thoroughly enjoyed. The company included Misses Irene and Louise Saint, Lucy and Mae Hazeldine, Blanche Owen, Mabel Hunt, Betty Flory, Jeanette Walton, Ida Schwab, Flora Vann, Berie Brooks, Messrs. J. A. Beal, Fort Parker, Ralph Dunbar, Tom Crumacker, Louis Hanning, Thomas Hughes, Jr., R. L. Hunt, J. E. Owen, J. Tierney, George Thomas, Samuel Vann, Frank Yott, Charles White, Melville Summers and Joe Scott.

FAMOUS CASE.

Hanged After Nine Years Litigation.

Addicks of Delaware Interested in Mexican Mine.

French Ambassador Sends Ultimatum to Turkish Sultan.

IRRIGATION PLANT FOR INDIANS.

Seattle, Wash., Aug. 23.—Charles W. Nordstrom was hanged in King county court house this morning. Nordstrom worked for Thomas Mason, a rancher near Cedar Mountain. He had a dispute about his wages, the sum involved being \$1.85, on November 15, 1889. He shot Mason's son, William, from an outside window. Colonel James Hamilton Lewis became associate counsel in the case and delayed the execution nine years by appeals to the United States superior court. When taken into the presence of the scaffold Nordstrom broke down entirely, crying in a childish voice and praying that his life be spared, not to be hanged. Efforts to raise his head and keep him on his feet were fruitless. Sheriff Cuddeback ordered a board to be brought to this Nordstrom was tied. Nordstrom continued to cry in a loud voice. His words were unintelligible. He raised his body on the board and with a great effort succeeded in getting him into the fatal trap. Here he was stood upright, four men standing on four sides of the trap and holding him until the trap was sprung.

MINE LITIGATION.

Addicks, the Delaware Political Boss, interested in a Mexican Mine.

New York, Aug. 23.—The application made on behalf of J. Edward Addicks of Delaware for permission to intervene as joint plaintiff in the litigation over the title in the Cobre Grande copper mines of Sonora, Mexico, was denied by Justice O'Gorman of the supreme court today.

And Halenborg some weeks ago obtained an order for the appointment as receiver for the company pending the determination of his suit for \$10,000 against the company. An injunction was issued restraining officers of the company from carrying out certain agreements alleged to be prejudicial to the interests of Halenborg. Addicks sought to come into the suit, alleging that his interests were identical with those of Halenborg's. This the latter's counsel denied.

French Ultimatum.
Constantinople, Aug. 23.—The French ambassador, M. Constant, today sent a letter to the sultan personally informing him that he would leave Constantinople with the retinue of the French embassy if the matters in dispute were not settled immediately. The letter is in the nature of an ultimatum. It demands that the sultan should delay to comply with the demands.

MARKET QUOTATIONS.
Market quotations and review furnished by W. F. Moten & Co., New York, well known, received over the private wire of F. G. Logan.

New York, Aug. 23.—The market today was strong and active and there was buying of good character throughout the entire list. Prices advanced over night and were bid up easily. The grainers, Pacifics, many specialties showed strength and there was a scarcity of stock. The market held strong all through the day and profit taking was not here and there. A. C. P. announced with a rush. The tone of the market was very bullish and the traders talking higher prices. Close at nearly the best.

MOQUI SNAKE DANCE.

The Weird Ceremony to Take Place Tomorrow at Wolpi.

The reverend priests who figure out the date of the Moqui snake dance seem to have made a miscalculation this year. The dance was first announced for August 16, but later it was changed to the 24th. Normally the ceremonies are held alternately at Wolpi and at Oraibito, the latter the most important village of the half dozen or more wherein dwell the "Hopi" (good people), as the Moquis prefer to be called. The dance at Wolpi, where it is held this year, is usually considered the more important and more interesting. At Oraibito it is held on the mesa edge, circumscribed by the houses of the pueblo, at Wolpi there is plenty of room. A fact not generally known is that there is always more than one of the snake dances each year. There is always a dance at one of the less important pueblos, a dance which the public at large is not expected to attend, and which usually accounts in features uncanny and blood-curdling. This year it is understood that this superstitious dance will be given in the village of Shupavill. Two hundred whites or more will witness the Wolpi dance this year. Many of them will take in, as well, one or

more of the Navajo "trants," the original receptions annually given by the traders on the reservation. The most important is usually that given by Volz at his trading station on Chinleon Diablo. G. Wharton James, the Pasadena lecturer, has also expressed his intention of giving a "treat" to the Navajos at Tuba city. The Navajos are always interested in the snake dance and gather in large numbers to witness it. They esteem rounded medicine as the rain-making line, a conclusion that, no doubt, has been strengthened by the extraordinary fall of rain this summer.

Police Court Briefs.
Mrs. Isaac Jackson, a lady of color, was fined \$5 this morning by Justice Crawford for disorderly conduct. The case of her operations was the acre district.
Two hobos were given ten days apiece for vagrancy.
The case of Juan Gallegos was continued for the purpose of securing an important witness.

El Paso will be given games here and Colorado Springs has also arranged for games. Next Sunday the crack colored team, the Como Estomus, will try conclusions with the Browns at the fair grounds.
