NUMBER 232

MILLS AT WORK.

Pittsburg Mills Resume Work This Morning.

Only One Small Mill Remains Closed.

Strikers Beat Up One of the Non-Union Steel Workers.

BAD OUTLOOK FOR THE STRIKERS.

Pittsburg, Pa., Aug. 19.—The steel managers made another gain over the strikers today, when two more mills of the Pittsburg plant were put into motion. The steel mill at Jones was not started this morning, but the Steel managers say they will be running before night. Fires have been started and every preparation made for actual operations. A non-union workman, an employee of the Wells-Ville plant, was seriously beaten by strikers this morning.

The Switchmen's Union of North America yesterday decided that a strike in sympathy with the Steel workers could not be ordered by the heartiest moral and financial support was tendered the strikers. Grand Master Hawley suggested that the American Federation of Labor call together all the labor leaders of the country for a conference on the strike and expressed the opinion that some plan for forcing the end of the strike would be forthcoming.

The Steel managers succeeded in starting the ten-inch mill of the Clark plant today and with the exception of a small eight-inch mill every mill in the plant working. There was no break in the forces.

JOLIET MILLS.
Joliet, Ill., Aug. 19.—A rumor was in circulation here today that the steel mill managers are preparing to start their mills this week with the aid of resident non-union men.

MAKING THREATS.
Pittsburg, Pa., Aug. 19.—Dispatches from Somerset, Pa., where the second brigade of national guards of Pennsylvania is in camp, report a number of anonymous letters received by the regimental commanders containing threats in connection with the possible strike duty by the soldiers. A fair sample is the following:

"Dear Sir: In case your command is called upon to do duty against the steel strikers, do not forget that there are many laboring men and unskilled men in your regiment and watch where you stand when you give the order to fire."

The matter has been placed in the hands of the United States postal authorities and an investigation is said to be in progress. Nothing could be learned in Pittsburg, as Postoffice Inspector O'Brien is out of the city.

No Race.
Larchmont, Aug. 19.—The yacht race was called off today on account of thick weather and gale.

Russians Fortifying.
London, Aug. 19.—The Russians, according to a special from Shanghai, are beginning to fortify New Chang and are pushing a railroad to the Chinese frontier. The Germans have leased additional land at Shanghai on which to build barracks.

Studying Socialism.
Canton, O., Aug. 19.—President McKinley is spending today at Zoar, the communistic village organized by Bavarians, conducted on the socialistic plan.

Bribery Case.
Denver, Colo., Aug. 19.—The district judges sitting on banc decided today that only Judge Mullins had power to call the grand jury to investigate the bribery charges in the Anderson case. In a letter to the bar association Judge Mullins said he would call the grand jury. "If the investigation at present in progress shows that no persons are involved in this alleged bribery whom the present proceedings will not reach."

Schley Inquiry.
Washington, D. C., Aug. 19.—The navy department has decided that the Schley court inquiry shall be held in the gunners' workshop at the navy yard in a large new building. Judge Jere Wilson and Admiral Rayner, counsel for Rear Admiral Schley in

the coming court of inquiry, called on acting Secretary of the Navy Hackett today. They were informed that preparation of this list is in the hands of Captain Lemly, the judge advocate of the court, now in Canada, who is expected to return to Washington next Monday. It is understood that a letter will be addressed to the department by Schley's counsel, asking for a list of the witnesses.

Will Visit the President.
Washington, Aug. 19.—Secretary Hay will leave for Canton in a day or so, probably tomorrow. Although it is quite evident that the visit will give opportunity for going over the disturbed conditions of South America, the Chinese situation and other pending international questions, yet there is reason to believe that the meeting has no special reference to any one of these topics.

Accident at San Marcial.
Special to The Citizen.
San Marcial, N. M., Aug. 19.—Miguel Marquez is a Mexican who plays for Mexican dances here and at Socorro. He purchased a buggy and started out yesterday morning for Socorro to play on Sunday. The singletree broke and the horses got excited and ran at full speed. He, the Chinese situation and other pending international questions, yet there is reason to believe that the meeting has no special reference to any one of these topics.

Head Blown Off.
Fort Riley, Kas., Aug. 19.—By a premature explosion of a 7-inch projectile of the Sixteenth battery of field artillery, the head of a man was blown off. The man, Captain Van Deusen, while at target practice today, Private Watson's head was blown off. Private King and six other soldiers were badly injured. It is supposed that a defective fuse caused the accident.

Traffic on the Isthmus.
Washington, D. C., Aug. 19.—The Colombian minister, Dr. Silva, had a conference today with Secretary Hay. He gave Hay information to the effect that traffic on the isthmus was entirely unobstructed and also assured him of the ability of Colombia to keep the traffic open.

Chinese Court.
Peking, Aug. 19.—Emperor Kwang-tsu has issued a decree postponing the return of the court to Peking until September 6, because of reports of the provincial authorities that the roads are impassable. It is believed, however, that the military occupation of the capital is the true reason for the postponement.

Politicians Arrested.
Willemstad, Curacao, Aug. 19.—Senor Velasquez Pulido, formerly president of the Venezuelan state of Guayana, later president Castro's minister of commerce, has been arrested at Curacao, also thirty-five other politicians. President Castro continues to encourage the Colombian insurrection.

Turkish Troops Invade.
Constantinople, Aug. 19.—Two companies of Ottoman troops have occupied Kilsobair, the disputed territory across the Bulgarian frontier, and the Bulgarian charge of affairs has demanded their recall within a specified time.

MacArthur at San Francisco.
San Francisco, Cal., Aug. 19.—General MacArthur arrived from Manila on Sunday on the transport Sheridan. After spending a day or so here he will leave for Washington to report to the war department.

Changing Bosses.
New York, Aug. 19.—At a meeting of the executive committee of the International Union of Textile Workers of America it was decided to call a special convention of the International union for September 18 at Washington, when the union will formally disband and surrender its charter to the American Federation of Labor preparatory to the amalgamation of the union with the American Federation of Textile Workers.

Mob in Missouri.
Pierce City, Mo., Aug. 19.—A mob surrounds the jail here threatening to lynch a negro suspected of ravishing and murdering Miss Caswell, whose dead body was found today in the woods near here. It appears that the negro assaulted the girl when she was returning from Sunday school and later cut her throat from ear to ear with a razor.

Notice.
I need very much about twenty-eight teachers that understand English and Spanish well; wages from \$15 to \$20 per month. The teachers' examination will commence on August 30. Those desiring to teach in this county must attend the examination.

FRANK A. HUBBELL,
County Superintendent.

SHIP SUNK.

Captain and 65 Passengers Drowned.

Klondike Steamer Collides With Ice.

Three Hundred Thousand Dollars in Gold Lost in the Wreck.

SUNDAY BASE BALL GAMES.

Victoria, B. C., Aug. 19.—The steamer Islander, flagship of the Canadian Pacific navigation fleet, and the largest and fastest passenger steamer on the Victoria-Skagway route, collided with ice off Douglas Island, Alaska, while on its way south with the largest number of passengers who has carried since she had been plied on the run a few months ago, and sank within fifteen minutes after striking. Captain Foote, her master, and about sixty-five persons were drowned. To add to the horror of the disaster the steamer's boilers exploded as she went down, causing death to many struggling in the water.

The steamer left Skagway on Wednesday last and was proceeding off Lynn canal when the collision occurred. A majority of the passengers and crew were awakened by the shock, and got on deck in time to be saved in the boats, which were quickly manned, but a large number went down in the main rooms. Some of the survivors arrived here last night by a steamer, which passed over the scene of the appalling disaster on the evening following and picked them up at Juneau. All of the survivors give the greatest praise to the officers for the manner in which they acted. The officers state that had the passengers not rushed to the boats none would have been lost.

The survivors landed at Douglas Island and the mate sent to Juneau for help, the steamer Flossie and Lucy responded here and taking them to Juneau. Among the passengers lost were Mrs. Governor Ross of Dawson, child and niece, and Dr. John M. Dunlop of Victoria. It is thought the doctor lost his life in a futile attempt to rescue Mrs. Ross and family.

It is estimated that \$300,000 in gold and silver was lost. M. M. Drumheller of Portland, Oregon, had \$14,000 in gold dust in a satchel, but promptly abandoned it and was rescued. D. H. Hart, the Klondike king, had \$40,000 in gold dust, which he abandoned. M. M. Drumheller dropped his satchel containing \$4,000. Another Klondiker, whose name is not given, is reported to have taken his own life by jumping overboard. He was carrying \$40,000 in gold dust from his purse and jumped from the sinking steamer to a boat, which he failed to reach. The steamer sank.

At Juneau Consul Smith saw Dr. Phillips of Seattle, who escaped, but who lost his wife and child. The doctor insisted that no one called at his statement.

The Islander was built at Glasgow at a cost of over \$200,000 and arrived at Victoria in December 9, 1898, and has since been engaged in the Vancouver trade.

BASE BALL.

NATIONAL LEAGUE.

Colorado Springs 10; St. Joseph 4.
St. Paul 3; Des Moines 0.
Minneapolis 9; Omaha 6. Second game tied, 6-6.

Santa Fe Won the Game.
Special to The Citizen.
Las Vegas, Aug. 19.—The game of ball in this city yesterday between the Santa Fe and Las Vegas clubs was interesting and there was a large attendance. The crowd was enthusiastic from start to finish. The score was 8 to 4 in favor of Santa Fe. Batting for Santa Fe: Harris and Parsons; for Las Vegas: C. Rhodes, Patterson and Fennell. There were sixty visitors from Santa Fe.

Afraid of Albuquerque.
W. E. Martin, manager of the Santa Fe base ball team, is willing to play the Albuquerque Browns at any other place except Albuquerque for \$500 a ball with the same team that defeated the Browns at Santa Fe a few weeks ago.—New Mexican.

PUBLIC LIBRARY.

The Old Library Given to the Public Schools.

Two important meetings were held in this city this morning. The board of directors of the Albuquerque Public Library Association held a meeting, at which Mrs. Jay A. Hubbs, Mrs. John F. Pearce, Mrs. A. Keen, Mrs. Robert S. Goss and Mrs. William McClurken were present. These directors unanimously adopted the following resolution:

"Whereas, the appropriation heretofore made to this association by the city of Albuquerque to assist in the maintenance of the public library in its charge has been discontinued; and

"Whereas, by reason of the discontinuance of said appropriation it will be the opinion of this board, become impracticable in the near future for this association to properly maintain said public library and to further discharge the duties imposed upon it by law as trustee for the benefit of the people of Albuquerque; and

"Whereas, the board of education has expressed its willingness to succeed this association as such trustee and to assume and discharge such duties in the place and stead of this association; be it

"Resolved, That this association petition the district court of the county of Bernalillo, territory of New Mexico, to appoint the said board of education of the city of Albuquerque, trustee of the said public library in the place and stead of this association and to release this association from the further execution of its trust and for authority to turn over to said board of education all the books, credits, moneys and property in its charge as trustee aforesaid; and be it further

"Resolved, That when such appointment is made the proper officers of this association are hereby directed to turn over to the said board of education all the books, moneys, credits and property of the association in its charge as such trustee, taking receipts therefor."

The board of education promptly

and unanimously voted to accept the trust provided the district court should see fit to issue the order.

Later in the day Judge Crumpacker appointed the board of education as trustee for the Albuquerque Public Library Association.

Too much credit cannot be given the ladies for the action they took in this matter. It will allow all feeling and strife that formerly existed and will meet with the approval of the citizens generally.

Representatives of both sides of the late library controversy were present at the day's meeting and all were enthusiastic in carrying out the compromise, believing it to be the best for all concerned.

The Citizen believes that there could have been no better way devised to settle this matter and it is positive that no better use could be made of the books than to give them to the public schools.

It is understood that the books will soon be moved to the Central building and that two rooms will be appropriated for their use—one the bookroom and the other for a reading room.

The general public will have the same access to the library in its new quarters that it now has to the library on Gold avenue.

Everybody should rejoice with the citizen at the happy ending of the "late library trouble."

SUNDAY CLOSING.

District Attorney Clancy Sends Out Warning to Violators.

District Attorney Clancy has recently sent out the following self-penned letter to saloonkeepers and others who violate the Sunday closing law:

Albuquerque, Aug. 17, 1901.

Sir: There is a statute of New Mexico which forbids your keeping your place of business open to customers on Sundays and the supreme court has upheld the validity of the law.

In all other districts of the territory infractions of this law are punished, but here no attention has been given to these offenses for a number of years, so that a general idea prevails that the law is a dead letter. This is wrong, but the facts bearing as they are, I feel that I should give some warning before acting and I therefore write to notify you that, unless you refrain from doing business on Sunday it will be my duty at the next term of the district court to prosecute you for violation of the law.

Very respectfully,
F. W. CLANCY,
District Attorney.

BOERS DEFEATED.

Commando Surprised and Many Killed.

Kruger Rejects Proposal to Employ Privateers.

Fourteen Men Injured and Several Killed by Explosion.

PRICE OF SUGAR REDUCED.

London, Aug. 19.—Lord Kitchener, in a dispatch from Pretoria, says that the South African commando yesterday surprised a strong Boer laager, near Middelburg, Cape Colony, killing twenty-three men. The commando numbered 140, but owing to the strength of the enemy, 600 to 800 men, they were unable to follow up the success and during their retirement lost one man killed, had six wounded and fourteen men are missing.

Kruger Rejects Privateers.
Brussels, Aug. 19.—Pettit Bleu says that Mr. Kruger has rejected privateering proposals recently made to him, but reserves the right to have recourse to corsairs if the British force department of the Ohio plan after September 15. The promoters of the privateering plan intend to ignore Kruger's refusal of their offer.

Fatal Explosion.
Youngstown, O., Aug. 19.—Seven of the fourteen men injured by the explosion of molten metal in the blast furnace department of the Ohio plan of the National Steel company are dead. The accident was caused by the machinery which handles the hot metal not working properly.

Price of Sugar Reduced.
New York, Aug. 19.—The American Sugar Refining company and all independent companies have reduced all grades of refined sugar 10 points, to a basis of \$5.25 for standard granulated.

Burned.
Richmond, Va., Aug. 19.—The J. Wright plant of the Continental Tobacco company burned today.

MARKET QUOTATIONS.

Market quotations and review furnished by W. F. McCall, No. 6 Cromwell block, received over the private wire of F. G. Logan.

New York, Aug. 19.—The market opened today weak and with pressure in active stocks and became dull. Traders had control of the market and the commercial business was light in the afternoon. Prices braced up and the market showed signs of strength and there was good support. Pools were generally credited with bidding up prices, but the tone was much better and the close was at best prices of the day.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE, AUGUST 19, 1901.

A department at the St. Louis World's fair devoted to irrigation would be timely and exceedingly interesting.

Postal receipts increased \$9,000,000 last year, but there is still a deficit, and it will continue as long as the mails are loaded down with second-class trash carried at a loss of 7 cents a pound.

There was an old man who, on his deathbed, in his parting words to his seven sons, said: "As I look back upon my life I find that my greatest troubles have been those that never happened."

The Denver Times has moved into new quarters and it has space to spread itself all over the Rocky Mountain region. The Times is one of the leading papers of Colorado and it enjoys a wide field of patronage.

All about town at the roots of many thirty trees may be observed what is known as "water sprouts." These come out at the root of the tree and if allowed to grow destroy the tree itself. Cut them down. If you do not all substance will be drawn from the trees and they will surely die.

During the past fiscal year not less than 8,000,000,000 pieces of postal matter were handled by the government. Yet the number of complaints filed with Washington on account of the non-accept of letters was comparatively small. So far as the records show, only 52,306 letters and 47,949 packages failed to be delivered. Considering the tremendous bulk of the business carried on in the postal service, there is very little interference with the mails and the risk is reduced to almost nothing.

THE WORLD'S DEBTS.

The bankers of the world are studying the national debts. It finds that the national debt of the world in 1793 was but \$2,432,250,000. In 1820 it had grown to \$7,239,750,000. Forty years later, in 1860, the amount was \$13,282,875,000, and twenty years later, in 1880, it had practically doubled, amounting to \$26,419,000,000. The increase in the combined national debts of the world for the last twenty years, showed a still further increase of \$5,000,000,000, the figures being \$31,201,750,000. The increase in the combined national debts of the world for the last twenty years, showed a still further increase of \$5,000,000,000, the figures being \$31,201,750,000. The increase in the combined national debts of the world for the last twenty years, showed a still further increase of \$5,000,000,000, the figures being \$31,201,750,000.

RELIEF DEMANDED.

The Pueblo Chieftain says that it is high time for the people of this country to ask themselves whether they are to indefinitely submit to the up and down to which they are subjected by the continual disputes in manufacturing and other enterprises, without doing anything on their own account.

It is time for them to decide what they are to do in their own defense; whether to establish compulsory arbitration or resort to any other means of relief.

ONLY ONE VACANCY.

The Thirty-third legislative assembly passed a law giving the governor of the territory power to fill vacancies in county offices and in cases to create vacancies in such offices. The New Mexico says that at that time the Santa Fe ring, through its irresponsible and cheap leaders, who control two or three newspapers in the territory in the interests of the ring, for monetary considerations, howled themselves hoarse that Governor Otero would immediately abuse such power and that the legislative assembly made a great and grievous mistake in granting him such power. The law has been upon the statute books for six months and the governor has not made a single removal under the same, nor has he filled any vacancies except such as were caused by death or resignation, excepting in one instance, when a probate clerk failed to file his required bond in the time prescribed by law. In this case Governor Otero appointed the man elected by the people, although that man happened to be a democrat. The facts speak for themselves.

NEW MEXICO AND STATEHOOD.

Hon. B. S. Hodge, congressional delegate from New Mexico, has been in Washington working in behalf of statehood for his territory and he expresses himself as very hopeful that an enabling act will be passed by the next congress.

New Mexico has a population of about 200,000 and it is clearly entitled to statehood, says the Denver Republican. It is in addition to the requisite population sufficient taxable property and the people want to be admitted. These are the requisites—population, adequate taxable wealth and a desire for statehood. Having these, the inhabitants of a territory should be allowed to organize a state government.

As long as the questions arising out of the acquisition of Hawaii, Porto Rico and the Philippines were burning issues there was not much prospect that New Mexico, Arizona and Oklahoma would be admitted, but those matters being out of the way

NEW MEXICO TOWNS.

Bland, Cerrillos, Socorro, San Marcial, Las Cruces, Hillsboro.

SHORT INTERESTING PARAGRAPHS.

BLAND.

Al Munkers has moved his family from Albuquerque to this place and they are now comfortably quartered in the house formerly occupied by Ed. Chamberlin and family. Mr. Munkers has accepted a position in the Star mine.

Leslie McMillen, son of Mrs. William Ramsey, has returned to this camp after an absence of four months during which time he traveled through Arizona, Old Mexico and the principal part of California. Mr. McMillen went to work in the Star mine yesterday.

H. R. Freeman, formerly of Albuquerque, but who of late has been traveling around through the different mountainous New Mexico prospecting and in search of health, has returned to this district and expects to go back to work in a day or so. Mr. Freeman brought back some very pretty samples of ore.

G. P. Leonard of the music firm of Hall & Leonard, Albuquerque, declares that the largest portion of the work in Bland and Albuquerque. During Mr. Leonard's stay here he had the pleasure of accompanying a picnic party to Media Via canyon and also had the honor of enjoying other hospitalities.

Lewis Graham, owner of the famous blackhawk claim in the San Pedro district, was a visitor in this camp the early part of the week. Mr. Graham will shortly put a large force of men to work on this valuable property. This mine, it is claimed, is the richest copper claim in New Mexico.

A jolly crowd was that which comprised a picnic party and at the luncheon in Media Via canyon. All had certainly enjoyed themselves from the appearance of each one after their return home. Among those who made up the happy party were: Mrs. Mary Finch, Mrs. Noid Reid, Mrs. Cole, Miss Hattie Overhills, Miss Helen and Virginia Finch, Miss Mable and Miss Routledge, Miss Trella Haines, Miss Fowles, Jimmie Cole, Mert Cole and Frank Fowles.

RICH MINERAL REGION.

The great silver mineral belt, beginning in Mexico and extending into British Columbia, has no equal on the face of the globe. Although its area in the United States is but one-sixth of that of the whole country, this mineral region produced last year to the value of \$23,000,000. The total national production of the United States was \$1,200,000,000, of course mainly of coal and iron, lead and copper.

The western belt, which produces gold, silver, copper and lead, is on an average about 500 miles wide and 4,000 miles long. Of course it has been developed only in spots, and but little of it has been thoroughly prospected.

James White, Bryantville, Ind., says DeWitt's White Hazel Salve healed running sores on both legs. He had suffered six years. Doctors failed to help him. Get DeWitt's. Accept no imitations. B. Ruppe, Cosmopolitan.

Plumbing in all its branches. White Co.

What a Tale It Tells.

If that mirror of yours shows a stretched, rallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble! Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25 cents at J. H. O'Reilly & Co.'s drug store.

YOUNG MAN SUICIDES.

Disappointed in Love, He Foolishly Ends His Life

The sad and shocking news reached the city by wire today of the suicide of Emmett Carter, at Needles, California, last night, by what means not being stated, says the Las Vegas Optic. The young man will be remembered as a former popular clerk at the Casanada hotel in this city, and occupied a similar position with the Harvey house at San Bernardino, California, and the hotel at the same place. Assigned in the telegram for the rash act. Only a few days ago Miss Mary Ryan left for San Bernardino, where "arrest" was then stationed and was known to her friends that she could wed the young man immediately on her arrival. But she didn't and the illness of the would-be groom was given as the reason for the postponement of the nuptials. It is probable that she persisted in her refusal to marry him until he had regained his health and her persistence drove him to the desperate deed. Carter comes of a prominent family in Missouri, his father having at one time been secretary of that state. Deceased was a Mason and an Elk and the head of the former lodge here has telegraphed a brother-in-law, J. H. Edwards, at Jefferson City, Mo., as to the disposition of the body.

KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair and, ultimately, baldness. After Prof. Anna of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Hairicide. It alone of all other hair preparations kills the dandruff germ. With out dandruff, hair grows luxuriantly. Destroy the cause, you remove the effect.

PROTECTION THAT PROTECTS

STRONGEST IN THE WORLD

The Equitable LIFE ASSURANCE SOCIETY

WALTER N. PARKHURST, General Manager
New Mexico and Arizona Department.
Albuquerque, N. M.

SAN MARCIAL.

From the Bee.

The outlook this year is that quail will be plentiful when the hunting season opens up.

Mrs. S. B. Cowell in the millinery business in San Marcial.

Miss Sarah Williams of El Paso was the welcome guest of Mrs. J. P. McMurray for a few days, while en route to Emporia, Kas.

George Crossman returned from Philadelphia, accompanied by his sister, who will be the guest of her brothers until the charm of rural life wears away.

Misses Rena and Mamma Shaw, Ray Finney, Jack Harlan, James Hitchcock and Charles Nattress are among the San Marcial young people who will be on hand at Mesilla park when the term of the college opens, September 2.

LAS CRUCES.

From Dona Ana County Republican.

The little 8-year-old daughter of Don Reade is very ill with typhoid fever.

L. J. Jackson left for Tularosa the first of the week and expects to be absent for about a month on mining business.

HILLSBORO.

From the Advocate.

The telephone line is being thoroughly repaired between here and Lake Valley. Tom Murphy is supervising the work.

Miss Dora Titus, who spent a week with Hillsboro friends in Silver City, Miss Titus will teach the Dwyer school this winter.

Senator John H. Stephens of Vernon, Ark., and some friends arrived here recently. Senator Stephens is here looking after his mining interest at the place. It is understood that the senator will do quite extensive development work in the near future.

The Hillsboro Gold Mining and Milling company are prospecting work with a small crew of men on the Ready pay mine. It is reported they have an excellent showing of ore in sight. It is also reported that the company will greatly increase the working force and push development on the mine.

While on their way to the railroad station Thursday afternoon of last week Senator Andrews, Mrs. Holman, Mrs. Knight, Will Beyer and Ray Grayson were caught in a terrific hail storm. The senator, who was driving in a carriage by himself, had a narrow escape from being wrecked in crossing a small arroyo conveying a large volume of water. However, they all reached Lake Valley without injury.

An automobile conveying H. M. Miller and Dr. Woods arrived here from Pueblo, Colo. The gentlemen are on their way to Silver City. They left Pueblo thirteen days ago. Between floods, rains, sand and mud they experienced a hard trip, as the auto as well as themselves indicate by their expressions. They started Friday evening for Silver City, but had not gone far when the forward spring of the automobile broke and they were compelled to return to town for repairs. The "devil wagon" was of much interest to those who had never seen an automobile.

Choice of Colored Shirt Waists for 85 cents. None reserved. Even those that sell for \$3 included.

Belts—An immense assortment that sold as high as \$2; your choice for 50 cents.

EVERYTHING ELSE IN PROPORTION

ROSENWALD BROS.

You know of course in a general way that the

CHICKERING BROS' PIANO is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering Bros' piano? It is much better than most pianos. It is much better than most pianos.

WHY NOT TRY THIS PIANO? Come in and have a talk with us about it. Chickering Bros. have studied the piano question, carefully from all standpoints; we have been through the Chickering Bros' factory many times, have seen every part which goes to make up the fine Chickering piano.

MAY BE WE CAN HELP YOU to see those points of difference between the Chickering Bros' and other makes which some salesman may "are just as good." If there, you can see it. If you look for it then if you call "do better" elsewhere; don't buy a Chickering Bros' piano fair. But see what there is in a Chickering Bros' piano, which has given it such an excellent name before you give your money for some inferior make.

HALL & LEARNARD, the Square Music Dealers.
P. S. Write for prices. We will ship a Chickering Bros. to any part of the territory. If it is not as represented we don't want you to have it.

LOCAL PARAGRAPHS

C. W. Wright, traveling salesman for Fletcher & Rosenwald, the cigar and tobacco dealers, went north this morning.

Miss Anna Foran, after a visit here of four months with her sister, Mrs. James Wright, left today for her home in Oswego, N. Y.

Ed. Hart, one of Gallup's prominent merchants, arrived in the city this morning and during the day met a number of his old-time friends.

Judge McEneaney was a northbound passenger to Santa Fe this morning. He was in Silver City on Saturday attending to some important legal matters.

Hon. B. S. Rodey, delegate to congress, who was back in Washington talking statehood and other matters of general interest to New Mexico, returned to the city last Saturday night.

Mrs. V. C. Walworth and daughter, who were detained in the city the past week or ten days on account of the illness of the latter, continued to their home at El Paso last night.

Owing to the rain there was no open air religious meeting at the corner of Second street and Lead avenue yesterday afternoon. Services, however, were held in the Methodist college building nearby.

Hon. H. B. Ferguson, who has been transacting legal business and looking after some of his mining properties in and near Alamogordo, returned to the city yesterday morning on delayed No. 22 from El Paso.

A. B. Ausherman of Denning was a passenger from the south this morning. He was in Trinidad for a number of years he was employed by M. Mergenthaler, the inventor of the world-renowned Linotype machine.

The funeral of Mrs. Jose R. Mora, whose death occurred last evening from tuberculosis, was held at the San Felipe de Neri church this morning. Rev. Father Parsons officiating.

A large number of the relatives of the deceased were present and accompanied the remains to Santa Barbara cemetery, where burial was given.

This morning Dr. F. F. Pearce received from Major Clark M. Carr of St. Louis a cane which he prizes very highly. The stick is of a species of mahogany grown in the Philippines and was secured there while the major was stationed near Manila. The cane is mounted with a silver band, on the top of which is a Filipino half-dollar silver coin.

The first grand picnic given by the Giuseppe Mazzini, the new Italian society, at Columbus park (Badracco's summer garden), yesterday was a grand success, although the largest number of guests were not present.

Ben Bothe, junior member of the firm of Quick & Bothe, returned last Saturday night from his visit to Colorado cities. While at Denver he met Mr. J. Jones, the base ball pitcher, and the latter wishes to be remembered to former Albuquerque friends.

Ben Bothe reports having had a fine time and says he met quite a number of people, who intend to visit Albuquerque during the territorial fair.

A. B. McGaffey returned Saturday night from Denver, where he went to meet a representative of the largest manufacturers of art goods in the world. They have twenty factories scattered through France and Germany and their representatives traveling with a straight carload of samples, stopping only in the largest cities.

McGaffey & Co. have arranged to put in an art department and will have a display of goods this fall such as has never been displayed before in the southwest. Mr. McGaffey brought back two genuine Verclik plates, valued at \$50 each, and has them on exhibition at their store on West Railroad Avenue.

Franklin Brown, president of the Consolidated Mining and Smelting company at Cerrillos, accompanied by his wife, son and Superintendent R. B. Thomas, passed through the city today en route to southern Santa Fe county. The officers of the above named company paid a visit to their famous Hardcastle mine near Macrallena last week. Mr. Brown and family will leave Tuesday morning for their home in Franklin, Pa. Superintendent Thomas reports that work on the new improvements at the smelting plant have not yet been completed, but says the principal cause for delay is the non-arrival of new machinery.

However, the superintendent expresses himself as well satisfied with the progress being made on the new improvements, and believes everything will be ready for the treatment of ores on or before September 15.

NO SUCH WORD AS "FAIL!"

Such a word does not appear in our business dictionary. Our Green Tag Sale has been a phenomenal success and has fallen short on but one thing and that is the sale of

MEN'S SUITS.

Here we are overstocked; we have therefore concluded to make another price reduction on them and have placed on sale about 200 of nice clean, stylish and serviceable Suits at the ridiculously low figure of

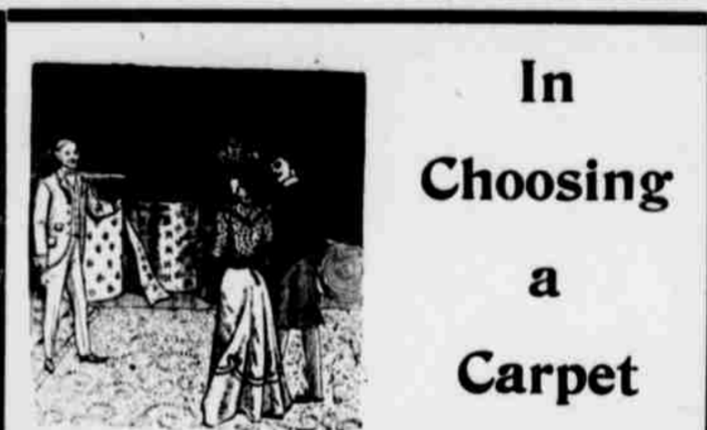

\$7.75 Per Suit.

Any of them would be cheap at \$10.00. There are some which sold at \$12.00 and \$15.00; they come in all colors and shapes and we have a good line of sizes. Here is your opportunity for getting more than your money is worth if you hurry up and not wait too long.

SIMON STERN,

THE RAILROAD AVENUE CLOTHIER.

P. S. Mail orders will be given the strictest attention during this sale.

In Choosing a Carpet

You will find the largest assortment to select from at our establishment. New goods here in all the latest patterns. The greatest variety and the best value for the money. You can find just what you want here and just what you need, from the cheapest Ingrain up to the finest Loyal Winton carpet; also a large variety of matting, Rugs, Linoleum and Oil Cloth.

Japanese Tatting from 15c per yard up.
Chinese Tatting from 20c per yard up.

Albert Faber.
