## OFFICERS TAKEN.

Several Filipino Leaders  
Surrender.

Colombian Insurgents Num-  
ber 28,000 Men.

In Recent Battle 1,100 Venezuelans  
Were Killed and Wounded.

HEAVY FIGHTING ON THE ISTHMI.

Manila, Aug. 15.—Second Lieutenant Walter S. Grant of the Sixth cavalry while scouting with a detachment near Tala, Batangas province, captured Colonel Martin Cabrera, his adjutant, and six other insurgents. Cabrera controlled all the insurgents in southern Batangas, also those westward of the City of Batangas.

Colony Panagambian and twenty men have surrendered to Lieutenant Smith, Twentieth infantry, near Luzon. Colonel Polcarpio, a lieutenant and five men from the Sixth company of Malaya's command have surrendered to Colonel Baldwin.

SEVERE BATTLE.

Contest of Twenty-Six Hours Results in 1,100 Killed and Wounded.

New York, Aug. 15.—Details regarding the Venezuelan-Colombian conflict on July 28 were received. The engagement was fought at Las Pillas, La Parana and Pirineos and lasted twenty-six hours. The Colombian forces were compelled to retire, 1,100 on both sides being killed and wounded.

Among these were General Resendo Medina of the Venezuelan side and four colonels. The army of 6,000 Venezuelans was divided into twenty-eight regiments, some of which were of the regular Colombian army, others by government officers, using army artillery.

HEAVY FIGHTING.

Kingston, Jamaica, Aug. 15.—The British steamer Darien from Colon brings a report of heavy fighting on Monday on the outskirts of Panama and Colon. The rebels were steadily advancing on the towns. Large numbers of men were wounded.

INSURGENTS HAVE LARGE ARMY.

New York, Aug. 15.—According to the latest bulletin of the Colombian Insurrectionists the rebels have a fighting strength of 28,000 men. The report that General Rafael Uribe Uribe was killed proves incorrect. The Colombians have received two communications from the rebel chief who is still in the thick of the fighting.

COMMITTING ATROCITIES.

Kingston, Jamaica, Aug. 15.—A large number of wounded government troops were taken to Colombia on Monday. This is regarded as an indication of the persistence of the rebel attack. The Darien brought forty passengers who were obliged to leave Colon in order to escape danger and avoid conscription. The British consul at Colon entered a protest against the Colombian government to fight the rebels. Passengers of the Darien said that the chances of rebel success seems better than ever. Sunday is coming tonight atrocities. Both sides are committing crimes. The rebels are killing and robbing. The government is killing and robbing. The rebels are killing and robbing. The government is killing and robbing.

LARGEST AND STRONGEST.

The Mutual Life Insurance Company's Death Claims.

New York, Aug. 15.—Careful examination of the reports of leading life insurance companies shows that in a great majority of cases the beneficiaries receive much more than the total amount paid to the company by the insured. This is a case in which the proportion to the benefit of management and the character of investments of the company. The Mutual Life Insurance company of New York, by far the largest and strongest of the life companies, reports for the five weeks ending August 3 a total of 359 death claims amounting to \$1,241,997.38. For this the insured paid a total of but \$68,967.37, or not quite half the amount received by beneficiaries between January 1 and July 1, 1901. The Mutual Life paid 2,312 death claims for \$3,185,298.89, which cost the insured only \$2,742,355.81, much less than one-half. The company has returned to policyholders a grand total of over \$550,000,000 and steadily growing assets of more than \$330,000,000. These are among the reasons which are inducing so many thrifty business men to look to life insurance as the surest and most profitable investment for the protection of business or family in any previous year.

## GREAT TROTTING RACE.

Creceus and The Abbot Trot For a Big Purse.

New York, Aug. 15.—Early prospects for a great match race for a purse of \$12,000 between the trotters, Creceus and The Abbot were decided by improved following a morning of cloudy and threatening weather. The track is in fair condition, but fully a second slow. The champion, Creceus, is in the pink of condition. The Abbot is fit and ready for the fray, but has not made a public appearance this year. Conditions of the race are the best three mile heats in five.

Heavy Storm at New Orleans  
Part of City Under Water.

TEXANS CHEAT THE RAILROADS.

Harrisburg, Pa., Aug. 15.—The campaign for the tickets nominated by today's democratic convention will be entirely on state issues. No mention is made in the platform of W. J. Bryan, or of free silver, imperialism or other national issues.

The last legislature is condemned for the passage of the rapid transit and "ripper" bills, and pronounced the most corrupt legislative body that ever convened in this country. Friends of good government are invited to join with the democrats in their efforts to "save the state from further dishonor." Democratic legislators who joined with the republicans in passing the bills condemned by the platform are left to the immediate constituents for infliction of political punishment.

The convention was called to order by State Chairman Cresceus. Charles J. Reilly of Williamsport was temporary chairman. While the convention was assembling leaders of the rival factions held a conference, at which it was decided to settle the differences between the Philadelphia factions by having State Chairman Cresceus appoint an advisory committee of five to reorganize the democracy of the Quaker City. This disposition of the contest was the two factions for recognition. The convention took a recess.

Boers Accused of Barbarities.

London, Aug. 15.—Lord Kitchener's mail dispatch on the subject of the Vlakfontein fight on May 29, says: "There seems to be no doubt that five or six cases of shooting British wounded by the Boers occurred."

DESTRUCTIVE STORM.

New Orleans Flooded And Many Buildings Badly Damaged.

New Orleans, La., Aug. 15.—The storm which developed here yesterday afternoon continued throughout the night and a heavy wind is still blowing today. Reports from the Mississippi sound indicate considerable damage to small bridges, bathing piers and wharves. Wires running to Port Eads are still down. Much of the rear section of New Orleans is under water. A number of factories are flooded and there is a foot of water in many homes. The French market is flooded. Scows have been brought into requisition to enable people to get from their homes to higher portions of the city.

The cottonseed towboat Henry Marx sank last night today.

Reports from Mississippi say that a big excursion steamer New Camelia lying at the wharf there, capsized during the storm and is pounding heavily against the pier. Many apprehensions are felt of the extensive damage to rice. Reports from the rear of the city say that an area of two miles in extent is under water. It is feared a depth of two feet and there is much suffering among the poorer classes.

Local Forecaster Cline gave out the following today: "Hurricane signals along the Louisiana and eastern Texas coasts. Storm off Louisiana coast undoubtedly of great intensity is moving northwest and will strike the coast between the mouth of the Mississippi and Galveston, causing a hurricane. Winds from the easterly direction on the Louisiana coast and northerly on the Texas coast."

The Mississippi river today in the front city was like a miniature gulf. Harbor crafts had to huddle the shore in order to avoid being swamped. The regular westbound Texas & Pacific trains could not be sent out because the transfer boats which carry trains to the other side of the river were unable to make landings. All tug boats in the harbor are engaged in trying to save the fleet of about 200 boats lying above the city. Between six and ten boats are already lost.

STORM AT MOBILE.

Mobile, Ala., Aug. 15.—The wind was blowing forty miles an hour with frequent gusts of ten miles faster showing great strength. The river has overflowed the cotton wharf and Front and Commerce streets. Rowboats were employed carrying out members of the cotton exchange. Wires are down between Mobile and all points west.

GULF STORMS.

Pensacola, Fla., Aug. 15.—The gulf storm that has been raging in this section the past two days is expected to reach its highest point last night. The official wind velocity is given at 38 miles an hour and high tides injured the water front property. No vessels can enter or pass the bar. Several vessels are being held.

Cheating the Railroads.

New York, Aug. 15.—The Journal of Commerce says: It has been learned from official sources that the railroads in the Southwest Freight association and their connecting lines between northern and southern ports are endeavoring to prevent the consolidation of small shipments to Texas points (which are carried into carload lots) for the purpose of obtaining lower freight rates given on carload consignments. The practice has assumed quite extensive proportions and has caused loss in revenue to the carriers concerned.

Chinese to be Deported.

Hoo Gun, the Chinaman who was arrested last February on a bench warrant from Judge Crumpacker, was examined before United States Commissioner Wadsworth as referee yesterday and on yesterday he made his report to the court, recommending his deportation. Hoo Gun claims to have been born in San Francisco, but went to China when he was 8 years of age. The defense offered some ex parte affidavits taken in San Francisco several years ago and an order for his admission by the collector of the port but the document was refused admission as evidence by the referee. Yesterday afternoon the commissioner examined the charge against Wong Kee, a Chinaman taken off the train here by the United States mar-

THREE BOER CAPTAINS DEFEATED.

Pittsburg, Pa., Aug. 15.—President Shaffer of the Amalgamated association has made the following statement: "I will say officially that the Amalgamated association has submitted no proposition to the steel corporation, nor has the steel corporation offered any proposition directly to the Amalgamated association. Certain men are interfering in our fight. They had better keep out or they will get the worst of it. Personally, I wish the fight were settled, but now that we are forced into a fight and called upon to defend ourselves, we are fighting on a to a successful end."

"I know of no plan for settlement and can assure you that no representative of the steel corporation has been to the headquarters. The statement in a morning paper that there is a movement to depose me and that we are not working in harmony is a lie. If the Chicago lodge do not come out their charters will be taken away."

NO CHANGE.

There was no material change in the strike situation today. No moves were made on either side in the vicinity of Pittsburg. Reports from other strike centers were to the effect that quiet prevailed. There is a secret conference in progress at the strike headquarters today, but its nature and particulars are not known.

Philippine Army Reunion.

Salt Lake, Utah, Aug. 15.—The annual reunion of the National Society of the Army of the Philippines closed today with a short business meeting. Next year's reunion will be held at Council Bluffs, Ia., where, if plans adopted are brought to a successful conclusion, the society will be united with the Philippine Islands Veterans association. A proposed change in the constitution, when undoubtedly will be adopted, permits all the men who saw service during the war to become members.

Boers Defeated.

Middelburg, Cape Colony, Aug. 15.—Colonel Gorringer had a successful engagement with General Kruger and Commandants Erasmus and Cachet near Steinsburg, August 13. Erasmus and Cachet were mortally wounded.

Warship at Panama.

Washington, Aug. 15.—It has been definitely decided to have a warship proceed to the Pacific coast at Colon, Isthmus. Thus far orders to the Iowa do not take her beyond San Francisco, but either that ship or the Ranger will be sent.

## Schultz

For fifty years Schultz beer has been brewed at Milwaukee. From this city it goes to the remotest parts of the earth. The sun never sets on Schultz agencies. Civilized men do not live where Schultz beer is not standard.

Schultz beer has made Milwaukee famous. It has given Milwaukee beer the distinction of purity, and purity is everything, but all Milwaukee beer is not Schultz beer. People now demand a beer that is healthful, and that demand calls for Schultz.

Schultz purity is absolute. Every process is cleanly. Every drop of the product is cooled in filtered air. Every barrel is filtered—every bottle is sterilized.

A beer that is aged and pure is healthful. That is Schultz.

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea so common to small children. O. P. M. Halliday, of Denning, Ind., writes: "My wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach. She tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid livers." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. ## WHEN WAS TUCSON SETTLED.

A Writer Upholds the Dates Presented by Bishop Salpointe.

Editors Citizen: Regarding the settlement of Tucson, to which editorial reference was made in a recent issue of The Citizen, there is no great diversity of opinion among men whose views are of any consequence.

Charles F. Lumina, a careful and well-informed writer, fixes the date as 1776.

The late Bishop Salpointe, who a few years since wrote a history of the Roman Catholic diocese over which he presided, who lived many years in Tucson, and, if I am not mistaken, in Santa Fe also, and who prepared himself for writing his book by gathering the material available at home and by residence among the archives of various cities in Spain and France, says there were certainly no whites living in Tucson before 1760, nor, in his opinion, prior to 1768.

Bishop Salpointe's views are accepted as conclusive by all who knew him.

I have never found anybody yet who had seen the alleged "order of settlement," on which George J. Hillinger bases his claim that the city was settled in 1555, and in truth the whole story about the ancient manuscript is of such a suspicious character that one is led to believe the document was not found in the old mission of San Xavier, but in Mr. Hillinger's imagination.

TUCSON.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, and had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running on so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, and he said 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried. For sale by all druggists.

FOR WHOOPING COUGH.

"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ill. "A small bottle of Foley's Kidney Cure and I cured the cough and saved me a doctor's bill." Alvarado Pharmacy.

J. B. Berry, who recently sold his grocery store on First street, has returned to the family to their old home in Kentucky, where they will reside in the future.

ASTONISHED THE EDITOR.

Editor S. A. Brown, of Bennettsville, S. C. was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach. She tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid livers." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. ## The Engineer

Learning from the cab window does more with his ears than his eyes. The rumble and grumble and roar of his engine are to him articulate speech, and a false note in that music is not lost.

He thinks more of his engine than himself. That is why he neglects to notice symptoms which are full of warning. The foul tongue, the bitter taste, sour risings, and undue fullness after meals are but symptoms of dyspepsia or some form of disease involving the stomach and organs of digestion and nutrition.

In time the heart, liver, lungs, and other organs are involved, and the engineer has to lay off.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It purifies the blood and builds up the body with sound healthy flesh.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and was cured of dyspepsia a year ago this spring, and have had no trouble since." W. Thompson, of Townsend, Bradwater Co., Montana. "I was told to tell how thankful I was for the relief I had suffered so much and I seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh 160 and can do a day's work on my feet. I feel like a new man. I would like to say to Dr. Pierce and his medicine."

is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering line, that make it so much better than most pianos? WHY NOT TRY THIS PLAN. Come in and have a trial with us about the Chickering line. We have studied the piano question carefully from all standpoints; we have been through the changes many times, have seen every part which goes to make up the perfect of this excellent piano.

THEY HAVE MADE A SPECIAL NOTE OF THE DIFFERENCE BETWEEN THE CHICKERING BROS. AND OTHER MAKES WHICH SOME SALESMEN SAY "ARE JUST AS GOOD." Is there, you can see it, if you look for it, then if you can "do better" elsewhere, don't buy a Chickering. But see whether there is a Chickering Piano, which has given it such an excellent name before you give up your money for some inferior make.

**HALL & LEARNARD, the Square Music Dealers.**  
P. S. Write for prices. We will ship a Chickering Bros. to any part of the territory. If it is not in represented we don't want you to have it.
