## FIRES BANKED.

### Outline of the Strike Situation.

### Long List of Works and Plants Now Idle.

### Steel Workers of South Chicago Did Not Obey Shaffer's Order.

### GUERRILLA FIGHTING IN COLOMBIA.

Pittsburg, Pa., Aug. 12.—The strike situation early today is briefly summarized as follows:

The Lindsay and McCutcheon plants of the American Steel Loop company. Fires all night and the management declares the plant will soon be in full operation. The strikers assert that the work may continue to run with a small force.

Republic iron works: No effort is being made to start the mill. While Amalgamated pickets are on duty all about, they say they are practically assured no effort will be made to start under the present circumstances.

Edna Iron works: Strikers' pickets to the number of twenty-five are on duty in the streets around the Franks town mill. One watchman, on duty for the company, says he knows of no intention to start and no men are expected to work today. Fires in the furnaces are banked.

Painters' mill: Fires were lighted this morning, but no men appeared. National Tube works, McKeesport. Work has been much delayed by the striking of 250 boys in the Butler and department, who quit at midnight, but all the men are at work.

Monongahela Steel works and furnace, McKeesport: No effort is being made to start work; fires are all banked. Only watchmen and a few laborers about the plant.

Boston Rolling mills, McKeesport: No men appeared; fires all banked. Monaca: No effort to start the steel mill this morning.

Niles, O.: A party of strike-breakers were captured here and left this morning for Libanon, accompanied by five union men.

Bellair, O.: Attempt made this morning to continue operations. New Castle, Pa.: No change in the situation.

Youngstown, O.: Following the meeting of organized furnace workers today it is expected an effort will be made to extend the strike to the Tube works and Ohio plant.

**SENSIBLE WESTERN WORKERS.**  
Chicago, Ill., Aug. 12.—The steel workers in the mills of South Chicago will be asked to reconsider their action in refusing to comply with the order of President Shaffer to strike.

Information has been received from the Chicago supreme officer of the Amalgamated association in a dispatch to Assistant Secretary M. F. Tully, of the west, to get the Chicago strikers' men here to follow the example of their eastern co-workers.

**THE STRIKE CENTERS.**  
Pittsburg, Pa., Aug. 12.—The returns from the strike centers indicate that there has been but slight changes in the conditions of the strike yesterday.

During the night the strikers made further gains from the National Tube company at McKeesport and seemed to have strengthened their position at Wheeling.

The Bellair plant was closed last night, but a determined effort will be made to operate it today.

The police have shown that they will make a determined attempt to prevent violence or disorder and the steel managers regard this as a favorable point to break into the strike with non-union men.

The American Tin Plate company is moving to secure resumption at some of their plants.

The steel officials today express complete satisfaction with the progress they are making. They say if they could get protection at McKeesport and Wheeling the strike would be quickly ended.

President Shaffer said: "I am satisfied with the situation. I will leave tomorrow morning for Wheeling."

**ARMY OF STRIKERS IDLE.**  
Pittsburg, Pa., Aug. 12.—The best estimate places the number of men who went out on the strike order at 60,000. Thousands have gone to the

## TRAIN HELD UP.

### Express Car Dynamited and Robbed.

### Trainmen and Passengers Made to Disgorge.

### United States Marshals Make Arrests, Securing Part of Plunder.

### REUNION OF PHILIPPINE VOLUNTEERS.

St. Louis, Mo., Aug. 12.—Major information received at the office of the general superintendent of the Missouri, Kansas & Texas railroad regarding the hold-up of passenger train No. 3 near Caney, I. T., at 1 a. m., states that five men boarded the train which is a local, at Caney, while the engine was watering and forced an entrance into the baggage and express car with dynamite. It is not known how much booty they obtained. They then robbed the occupants of the car.

**THE PARTICULARS.**  
St. Louis, Mo., Aug. 12.—A special to the Post-Dispatch from Denison, Tex., says:

The Missouri, Kansas & Texas passenger train No. 2 was robbed at Caney switch this morning at 1:30. Two men who got on the train at Atoka crawled over the tender with pistols, covered the engineer and fireman and commanded them to stop at the Caney water tank.

There the robbers were joined by three others and a fusillade of shots alarmed the crew and passengers.

Postal Clerk Tuley was compelled to go through the train carrying a sack in which the valuables were thrown. Every passenger was robbed. The robbers then turned their attention to the express car. Both safes were blown open with dynamite and the contents secured. The amount stolen is not yet known, although the robbers got some valuable jewelry. They gave Engineer Lampman a diamond shirtstud.

After the work was done the robbers sat around and laughed over the matter.

While the robbery was going on the operator at Caney, hearing shots, advised the Denison office that the train was being robbed.

After holding the train two hours the robbers left, going east into the desert bottom.

The trainmen cut out the wrecked express car and ran down to Caney station, advising the officers up and down the road.

Within two hours posses of United States marshals with bloodhounds were on the trail.

It is rumored that two of the men were captured, but the reports lack verification.

The express company claims it lost nothing.

Conductor Dolan, trainmen and passengers, were robbed of about \$200.

**ROBBERS ARRESTED.**  
Fort Worth, Tex., Aug. 12.—United States marshals arrested seven men in the Caney bottoms charged with the robbery of the "Katy" and "Katy" is a Missouri, Kansas & Texas section hand and the others are young men of the neighborhood. A part of the plunder was recovered.

**BOOMING THE FAIR.**  
One Thousand Dollars For First Base Ball Prize—El Paso Should be Represented.

P. F. McCanna, secretary of the New Mexico Territorial fair to be held in Albuquerque October 15 to 19, inclusive, was here Saturday and Sunday in the interest of the big exposition.

He is particularly anxious to attract the "Katy" and "Katy" is a Missouri, Kansas & Texas section hand and the others are young men of the neighborhood. A part of the plunder was recovered.

Our team will need considerable strengthening before that time, and this early date talking about sending another large delegation down this winter, so that the least we can do is to send a base ball team up there in October.—El Paso Herald.

**A MODEL STORE.**  
What The Citizen Has to Say About "The Phoenix."

Among the many enterprising movements of our merchants and citizens to make of Albuquerque a city of progress and fulfillment the promulgation of a metropolitan, the well known firm of H. Liford & Co. have taken a prominent part, a leading part, in the "Phoenix," as their establishment is called, is now almost completely installed in the handsome large store-room at the corner of Third street and Railroad avenue, which has been fitted up according to the latest ideas and in accordance with plans that have been carefully designed. The handsome large window at the corner has no equal in the city for the display of goods and is constantly filled with the bargains offered by the firm, tastefully arranged and with the choicest of designs in trimmings, the product of Frank Fillmore, the well known expert window trimmer. Another window in the store frontage allows a secondary display of merchandise from the different departments, so that all are given their turn. The interior of the store has been arranged with a view of light, comfort and roomy space, both for the buying public and the salespeople; fine side aisles and plenty of shelf and counter room allow the display of the carefully selected stock of merchandise to great advantage. The silk and dress goods counter is well to the front and in a fine light. A feature of the store is the pattern department, the firm being the local agent for the worldwide popular Butterick patterns. The notion department is complete in every particular and the stock is kept filled at all times. Ready-made dresses, waists and wraps are given ample space in the center of the store. The west side of the store contains a large stock of men's clothing and furnishings. The shoe department and many minor stocks, that are the best of their kind, in addition to the fine store, the fittings and lighting are noticeable. Everything is of the best and latest. At night both gas and electricity are used without stint. As has always been the case, the salespeople of this store are the best procurable, the kind

## ARIZONA RAINS.

### Five Bridges Reported Washed Away.

### Miners Inhaled Smoke in a Tunnel and Died.

### A Foreign Town Almost Destroyed by Fire.

### EMPRESS FREDERICK BURIED.

## ALBUQUERQUE DOES EL PASO.

### Won Sunday's Game Before a Large Grand Stand and Bleachers.

### The El Paso papers treated the Albuquerque base ball team and visitors with fine style and their reports of the two games played in the Pass City were fair and impartial.

### The following article, however, is taken from the Pass City Independent.

Owing to the great delay of the Santa Fe Saturday the Albuquerque base ball team did not reach El Paso until 5 o'clock in the evening, and was driven to the Orndorff. After a little rest-up the boys were taken to Sportsman's park so as to not disappoint the audience that had been waiting patiently for them since 3 o'clock.

"Play" was called by Umpire Ray Pol and about 5:30 and the game began with Sam Bridger and Charles Krause in the points for the local team and Gross and McDonald for the visitors.

A five-inning game was played, in which Albuquerque scored two in the first and two in the third, while El Paso was blanked until the fourth, when she straightened herself out and made four runs, tying the score.

Neither side tallied in the fifth and Umpire Polard called "game" at the ending of the inning.

Sunday's game was a spirited contest and the locals did not succumb until the last man was out. Each side put up a strong fight and it was not until the sixth inning that the body's game up to the ending of the sixth inning. The audience was large, both the grandstand and the bleachers being occupied almost to their fullest capacity.

The threatening weather did not dampen interest in the sport and all came away from the park well satisfied with the run they had for their money.

Promptly at 3:30 o'clock "play" was called and the contest began. In their half of the first inning Albuquerque made one, while in the locals' half they touched the horse leather for four runs.

Both teams were blanked in the second, but in the third the visitors hammered out three runs to the good, the home team making a score, giving them a lead of one.

In the fourth and fifth Albuquerque allied one in each and was blanked in the sixth, while El Paso added nothing in the way of scoring.

The visitors scored two in the seventh, fell down in the eighth and scored one in the ninth. In the same inning El Paso scored for their first, giving her a total of six, and "game" was called, the score standing to 6 in favor of the visitors.

Patterson and McDonald were in the points for the visitors, and Long, Wilcox and Anderson for El Paso.

The features of the game were in the ninth and Jacob's play at third and short for the locals, and the work of McDonald, Vorhes and the outfield for Albuquerque.

**The Show Yesterday.**  
Campbell Bros' circus yesterday was the chief attraction in the city, and from early morning until late at night the streets were thronged with people anxious to see the elephants and what other objects or animals the showmen had to exhibit.

The afternoon and evening performances were attended by thousands and the side-show enjoyed a splendid patronage. The most interesting features under the circus tent were the trapeze performances and the work of the Japanese acrobats. Altogether, the showmen gave a good entertainment and all who attended seemed to thoroughly enjoy themselves.

**Largely Attended Funeral.**  
At 2 o'clock last Sunday afternoon the last rites were conducted over the mortal remains of Charles W. Lewis at the late home, No. 407 west Tenth avenue. Rev. Thos. Harwood, of the Methodist church, officiated. A large number of mourning friends were present to pay their last respects to the memory of the departed. Burial was made in Fairview cemetery.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE, AUGUST 13, 1901.

Just as soon as a man writes anything that people talk about the discovery is made that plagiarism was resorted to.

Canada is disappointed in its census. The total is 5,300,000, an increase of only 5.7 per cent in ten years. The rate of growth is less than half that of the United States.

A new compilation of captures and surrenders in the Philippines, covering the period from May 19 to June 18, 1901, shows that eight officers and 352 men of the insurgent forces were captured, and 11 officers and 5,000 men surrendered, making the total number of insurgents captured or surrendered up to June 18 last 41,028.

Since March 4, 1900, the date of the passage of the new banking law, there have been organized in the United States 665 national banks by a bona fide deposit aggregating \$10,000,000. These banks 47 were organized with a capital of less than \$50,000, the total amounting to \$11,882,000, and 208 with a capital of \$50,000 or over, the aggregate amounting to \$22,285,000.

The American Bar association will hold its twenty-fourth annual meeting at Denver on Wednesday, Thursday and Friday, August 21, 22 and 23. This is the first time the association has gone west of the Missouri and Mississippi rivers to hold its annual business sessions, and the fact suggests that the star of law, like that of population, is marching toward the setting sun.

Years ago the late "Harney" Lanter took offense at something "Senator W. A. Morgan, editor of the Chase County Leader," published, and wrote him: "Stop the paper and send me the bill." The senator looked up the editor and sent him the key with a bill for \$25.00. "Harney" was bluffed and wrote back that he simply wanted the copy of the paper coming to him stopped.

The Philadelphia Tribune is a publication, not conspicuous, that appears once a week. It is edited by colored men in the interest of the colored race. Its last issue contains three items of news that merit attention from a larger audience than is commanded, probably, by any estimable periodical. It records that Samuel H. Golden, a waiter in a Pittsburgh hotel, has just retired at the age of 81, with a fortune of \$100,000, that he has saved from his wages and "tips." James O. Holmes and his wife were married twenty years ago. They have both been in domestic service since that time and their joint estate is valued at \$100,000. Louise Graham, a slave in Louisiana before the war, died, leaving to her old mistress her fortune of \$2,000.

**FRONTIER FESTIVAL.**  
Cheyenne introduced some years ago an autumnal festival into its calendar of celebrations. It is known as the Frontier festival and falls on August 25 and 26. Its object is to revive and perpetuate the customs, sports and games of the western frontier of the country before railroads and civilization abolished them. The program consists of horse and cowboy races and contests, feats of riding by cowboys, steer-pulling contests, Indian games and dances and an imitation stage coach, holding by road agents. The settlement of the country is civilizing these old-time frontier scenes and experiences out of existence. The novelty of Cheyenne's Frontier festival is consequently growing in interest as each successive year carries its people remoter from the period when the west was really "wild and woolly."

**GENERAL MACARTHUR'S REPORT.**  
The last annual report of Major General MacArthur, dated July 1, 1901, the day he relinquished his command of the army of the Philippines, is a hopeful statement of the situation in those islands. It is a careful review of the accomplishments of the year and a conservative, but encouraging forecast of the future of American sovereignty.

A remarkable feature in this presentation of facts is the very small number of casualties for the year, considering that there were more than 1,200 conflicts with the insurgents. The American losses were only 245 killed, 490 wounded, 718 captured and 1,200 missing. The insurgent losses were 2,354 killed, 1,158 wounded, 6,575 captured and 23,095 surrendered. The cannon, small guns and ammunition captured and surrendered were shown very clearly the effective disarming, as well as the reduction of Filipino forces.

**THE CORN CROP.**  
Secretary of Agriculture Wilson's tour through the corn belt has led him to the conclusion that the growing corn crop has been seriously injured and that it depends upon the weather this month what the yield will be. It is more severely injured in some localities than in others and late corn has not suffered as much as that which was planted early.

The secretary directs attention to the fact that the condition of some fields reveals a difference in methods of cultivation and in the judgment shown by farmers in selecting ground for planting. Ground which has been planted too often to corn without a rest is deprived of much organic matter necessary to the production of a good crop and the development of strength to resist adverse conditions. He also remarks that corn which has been properly cultivated is in better condition than that which has been neglected. This applies not simply to the cultivation which keeps the land clear of weeds, but rather to that which is resorted to for the purpose of stirring the surface of the soil and

making a mulch of loose dirt or dust. By this means evaporation from the soil is checked and the plants are better able to survive a prolonged drought. Although the beneficial effects of cultivating growing crops are well known it seems that comparatively few farmers resort to that means of resisting drought. If instead of laying by their corn at the ordinary time they would continue to cultivate it during a season of dry weather, they would get much better results. It takes a long time to bring truths of this kind home to farmers, but it is probable that the remarks of Secretary Wilson, associated as they are with the recent experience of many farmers in the corn belt, will make some corn growers adopt this method of cultivation when the need of it arises in the future.

**SAN MARCIAL ITEMS.**

**Special Correspondence.**  
San Marcial, N. M., Aug. 9.—J. C. Carter and wife arrived here Monday morning. He is employed in the Hanna grocery store.  
L. M. Lasley left for Albuquerque Monday morning on business and returned Tuesday morning.  
Miss Beesie Nislet left for Chicago, Ill., Monday morning.  
Mrs. W. W. Conner has gone to Tierra Blanca, N. M., on a visit to her sister. She left Monday morning.  
Mrs. Edgar Snyder arrived here this morning. She is the wife of Mr. Snyder, who has been a fireman here for some time.  
S. G. Hanna went to Rosedale Monday morning in his new buggy.  
B. M. Legg left for Rosedale Tuesday morning.  
P. L. Lujan, freight agent, has quit the company here and accepted a position in Mexico on the Mexican Central railway. Wendell, night agent, fills the vacancy as freight agent and L. E. Morris, formerly a brakeman, has taken the position of night agent.

Harry Steen is driving the Rosedale stage now.  
O. Frank of Chloride, came in late Wednesday evening after another load of groceries. He says they are getting plenty of rain around his locality every day. He returns home Thursday morning about 8:30. Hanna's two delivery teams got excited at a burro which was tied at a pole. The burro trotted and pulled the pole down, carrying the horses. They started at full speed, both running beside each other. They came to a tree and a fence, when both animals tried to pass between the obstacles, but got stuck so tight that they could not get loose. The harness broke and the horses ran about 300 yards, and were brought back and unhitched while repairing the wagons. A broken single tree was the only damage done to the wagons. The harness was torn to pieces. The horses were repaired temporarily until the groceries could be delivered. About fifteen minutes later Mexican men attached to a wagon loaded with melons got excited and commenced to run, but were too lazy to make much time. The team was stopped by a ramp who ran the wagon into a tree and turned the melons over. No damage was done beyond a few broken melons. No one was injured in either runaway.

Jack Chandler, of Chloride, N. M., arrived here this morning on the south bound passenger.  
Harry Roseberry and wife are here visiting relatives. Campbell Bros. Consolidated shaws will show here Wednesday afternoon and evening.  
George A. Crossman and sister arrived here Saturday morning from Pennsylvania for a visit for about two months. They leave for Charles Crossman's ranch this afternoon.  
The river rose three feet on Friday afternoon and dropped to one foot on Saturday morning.  
Miss Minnie McCoch gave her pupils an ice cream treat at the school house on Friday afternoon.

Dr. A. Cruikshank and wife returned from Rosedale Saturday afternoon, where they have been on a vacation.  
In cases of cough or croup give the little one One Minute Cough Cure, then rest easy and have no fear. The child will be all right in a little while, it never fails. Pleasant to take, all ways safe, sure and almost instantaneous in effect. R. Ruppe, Cosmopolitan.

**Dr. RICE'S CREAM BAKING POWDER**

Dr. Price's Baking Powder supplies a pure, wholesome leavening agent, which makes the biscuit and cake of highest healthfulness at medium cost and protects the food from alum, which is the greatest dietary danger of the day.

**The foremost baking powder in all the world.**

NOTE—Alum baking powders are low priced, as alum costs but two cents a pound, but it is a corrosive poison and it renders the baking powder dangerous to use in food.

PRICE BAKING POWDER CO. CHICAGO.

**NEW MEXICO TOWNS.**

Lordsburg, White Oaks, Hillsboro, Springer, Elizabethtown.

ALAMOGORDO AND ROSWELL.

LORDSBURG.

From the Liberal.

Colonel M. J. Egan left on the delayed train for Santa Fe to file the articles of incorporation papers of the Lordsburg & Hachita railroad.

E. C. Belt has sufficiently recovered from the effects of his broken leg so that he navigates the street with the aid of one crutch.

John McCabe came in from the ranch the first of the week. He says there have been extensive rains in the Animas. In fact, there was so much water in the valley he had to abandon the main traveled road and drive over the mesa. With another good rain or two the country south of here will be in a better condition than ever for cattle.

**WHITE OAKS.**

From the Eagle.

There are a thousand hills of fat cattle in Lincoln county. Heavy rains have fallen during the past six weeks making an abundance of grass for winter ranges.

A. Hessel has returned from Albuquerque and has begun the assessment on his various claims. He anticipates getting in machinery for regular development as soon as conditions will warrant it.

Chris. Yager has sold a quarter interest in his Lone Mountain copper discovery to a local capitalist for a handsome consideration. White Oaks is slowly working out her own salvation and will make copper to her already profitable yield of coal and gold.

E. G. F. Ueblich and family are preparing to move to the new Georgia. Mr. Ueblich has purchased lands in the old soldiers' colony in Georgia. He has resided in White Oaks a great many years and his family will leave many friends here who will be interested in their future welfare.

**HILLSBORO.**

From the Advocate.

Mrs. Grace Anderson, of Dallas, Tex., is visiting her sister-in-law, Mrs. W. C. Kendall and Miss Emma Anderson.

John E. Collett was in the early part of the week. Mr. Collett returned from a three weeks' tour of Mexico, where he purchased a farm in the state of Sonora.

J. E. Colford left for the Burro mountains, eighteen miles from Silver City, where he goes to put in concentrator machinery for a mill which he operates at the Sampson mine.

J. E. Colford returned from Palomas hot springs very much improved in health. He says the building at the springs is in a dispiriting condition. So far this year over 400 people have visited the springs.

A few days ago Carlos Padilla and others found a cave in the Animas of medieval proportions. They explored two or three different chambers which are beautifully decorated with lacinated and stuccoed figures. They made the descent by means of ropes. In the third chamber they explored they found the partial remains of a human skeleton, also a sword. It is evident that some ill-fated prospector lost his life in attempting to explore the cavern. From this chamber Padilla and his friends could not venture into the next chamber below them, owing to the great depth it presented. They report the rooms in the cave to be very extensive and beautiful.

**SPRINGER.**

From the Sentinel.

Ed. Cloutier of Albuquerque, who was a resident of this place for many years and was manager for some time of the Springer M. and H. company, was greeting his many friends here.

Bud Farmer of La Cima canyon sold 400 head of cattle last week to Jeff Parr of Walsenburg, Colo. The cattle were delivered at Raton and were driven to Walsenburg.

Mrs. W. J. Meador of Elkhart, Ind., sister of H. C. Abbott, will spend a few weeks with her brother, where she will be able to appreciate the contrast between the climate of Indiana and New Mexico.

Miss Ida M. Towner, daughter of J. T. Towner, postmaster, arrived here from Council Bluffs, Ia., and will assist her father in the postoffice. It is eight years since she was in Springer last, visiting her brother, J. P. Towner.

**ALAMOGORDO.**

From the Advertiser.

E. Kramer returned from Albuquerque where he has been spending the past two weeks with his family.

Last Saturday A. P. Jackson returned from a trip to Santa Rosa, where he has completed arrangements to establish a lumber yard for the firm of Jackson & Gilchrist.

Mrs. W. A. Dickey returned from Nogal, where he has been holding an old-fashioned Methodist camp meeting, and reports having had an old-fashioned good time.

Rev. Clyde M. Gearhart, the new pastor of the Grace Methodist Episcopal church, arrived in Alamogordo county, preaching two very eloquent sermons Sunday morning and evening.

Rich strikes are reported at Jarilla and talk of a smelter for that place is creating much interest in the camp at present. It is only a question of time until Jarilla will be considered one

**ELIZABETHTOWN.**

From the Miner.

Baron van Zuylen met with a slight accident, hurting his back in a cave-in in the tunnel where he was working.

The Finch and Baker deal is reported to be a go. The Missourians have to be shown. They came, they saw, they bought. Success to them and to their enterprise.

**ROSWELL.**

From the Record.

L. L. Ayres returned from a visit with relatives at Cedar Lake and Wharton, Tex., and has resumed his run as fireman on the Pecos system.

Mrs. J. A. Hollister and little daughter arrived from Pueblo, Colo., to join her husband, who is here figuring on the new bridge over the Pecos.

Ammie, the 10-year-old son of Mr. and Mrs. E. C. Clayton, was kicked in the face by a pony. Beyond a slight cut and bruise the little fellow's injuries were not serious.

Miss Charlotte Miller, who has been visiting her sister, Mrs. M. M. Woodruff, left for Paul's Valley, I. T., where she will sojourn a while before returning to her home in West Virginia.

Three new cigarmakers arrived in the city and entered the employ of Fisher & Rosewald. The demand for Fishers has proved so active that the force is being regularly added to and will be until at least ten men are employed.

Warren Little, a colored man, well known to cattlemen in these parts, was hurt by his horse falling on him at the Turkey Track round-up, east of the river, Saturday evening. He was at once brought to the home of Moses Williams in this city, where he died Sunday afternoon. Funeral services were held at the city morgue and were in charge of Rev. John Avery. Interment in Southside cemetery.

Clyde M. Scafe, claiming to be from Dallas, Tex., arrived in the city overland with his invalid wife last Thursday. Friday he filled up with whisky took what little money there was left in the family purse and left for Kansas City, telling his wife she would never see him again, which it is hoped is the truth. Relatives of Mrs. Scafe were communicated with and abundant money was at once sent her to return home, which she did Monday.

**What a Tale It Tells.**  
If that mirror of youth only shows a withered, rallow complexion, a jaundiced look, mottled patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25 cents at J. H. O'Reilly & Co's drug store.

The city engineer's office is in room 3, First National bank building.

**It Saved His Baby.**  
My baby was terribly sick with the diarrhoea, we were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Doak, of Williams, Ore. "I am happy to say it gave immediate relief and a complete cure." For sale by all druggists.

**AN IMPERIAL DOMAIN.**

There are 15,000,000 Acres in the Royal Land District Subject to Entry. A large part of the immensity of the public domain in New Mexico may be gained from the fact that the public lands in the Roswell district, one of the largest of the districts of the territory, cover 15,287,801 acres, of which 9,425,488 acres are surveyed, 5,862,313 are unsurveyed and 224,944 acres have been reserved.

The figures for each county in the district are as follows: Chaves county, 4,829,132 acres surveyed; 2,120,345 unsurveyed; 3,286 acres reserved. Eddy county, 1,778,781 acres surveyed; 2,253,741 acres unsurveyed; 6,300 acres reserved. Guadalupe county, comprising only the southern portion, 6,930 acres surveyed. Lincoln county, 2,613,567 acres surveyed; 1,016,670 acres unsurveyed; 106,924 acres reserved. Otero county, 51,873 acres surveyed; 1,377,549 acres unsurveyed; 208,440 acres reserved. Valencia county, comprising only the south-eastern portion, 145,290 acres. The total area is equal to 2,400 square miles, or more than twice the area of the state of Rhode Island and 600 square miles more than the area of Delaware.

### CHICKERING BROS' PIANO

is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering Bros. that make it so much better than most pianos?  
WHY NOT TRY THIS PLAN. Come in and have a talk with us about the Chickering Bros. We have studied the piano question carefully from all standpoints; we have been through the Chickering Bros. many times, have seen every part which goes to make up the fine perfection of this excellent piano.

Now we can place those pointed difference between the Chickering Bros. and other makes which some salesmen say "are just as good." In there, you can see it if you look for it; then if you can "do better" elsewhere; don't buy a Chickering Bros. piano. But we want to place in a Chickering Bros. which has given it such an excellent name before you give up your money for some inferior make.

**HALL & LEARNARD, the Square Music Dealers.**  
P. S. Write for prices. We will ship a Chickering Bros. to any part of the territory. If it is not as represented we don't want you to have it.

### LOCAL PARAGRAPHS

Lost—A gold chain bracelet; find-  
please leave at Citizen office.

The regular monthly meeting of the  
Retail Merchants' association will be  
held in Room 29, Grant block, at 8  
o'clock this evening.

Agent Powell of Wells Fargo Ex-  
press company, resident here, has  
from Denver a fine team of young  
horses for the company, which will be  
placed on the delivery wagon at once.

Prof. G. S. Ramsay, formerly con-  
nected with the New Mexico univer-  
sity, came in from California last  
night, joining his wife and children,  
who have been visiting Rev. N. W. Al-  
ger and family for the past few weeks.

The funeral of Carlos Sandoval was  
held this morning in the San Felipe  
de Neri church with interment at San  
Ignacio cemetery. The young man  
was killed Sunday afternoon while  
carelessly handling a 22-caliber rifle,  
as reported in The Citizen yesterday.

Charles Bonnell, one of the best au-  
thorities on mines in New Mexico and  
who has made Albuquerque his home,  
for the past twenty odd years, will  
leave tomorrow morning for Lead, S.  
D., where he goes to examine some  
mines and where it is likely he will  
remain indefinitely. Mrs. Bonnell will  
remain here for the time being.

On the diamond at the fair grounds  
last Sunday afternoon, the Barlow  
team and the Como Estamos club  
played another game of base ball and  
at the conclusion the score stood 18  
to 8 in favor of the former. The  
Barlow boys are doing splendid work  
nowadays and are so confident of their  
ability that they are willing to cross  
bats with any and all clubs.

Will Pratt, one of the carriers for  
the Journal-Democrat, met with an  
accident this morning while delivering  
his papers on the north side of the  
route. The forks of his bicycle broke  
and he was thrown violently to the  
ground, striking on top of his head.

He was unconscious for some time  
and it may be that he is badly hurt,  
as he can remember nothing of the  
accident and events before it. Rest  
and quiet, however, bring him out  
all right.

**Track Damaged at Eliota.**  
At Eliota station, seven miles south  
of Thornton, several feet of track  
were damaged to such an extent by  
the rain of last evening that it was  
dangerous for the passing of trains  
and until the washout could be re-  
paired No. 1 and 7 were delayed about  
six hours.

A couple of weeks ago at this point  
when a flood of water came down the  
arroyo, much damage was done to the  
main and sidetrack, the latter being  
so badly washed that it was not worth  
the necessary repairs and another  
sidetrack was laid.

**Sealed Bids.**  
Sealed bids will be received by the  
undersigned until 8 o'clock Mon-  
day night, August 19, 1901, for the  
construction of fifty-four feet of sidewalk  
fronting and abutting lot No. 7,  
in block No. 21, of the Huning Hill  
addition to the city of Albuquerque,  
said sidewalk to be constructed  
of cement, six feet in width and to be  
begun and completed within thirty  
days after the execution of a contract  
therefor. Said bids will be opened by  
the city council of the city of Al-  
buquerque at above date. And the  
city reserves the right to reject any  
or all bids so received.

**Too Late to Classify.**  
FOR RENT—House of eight rooms fur-  
nished, all conveniences; or will  
rent for light housekeeping. 718 Kent  
Avenue.

**PRIVATE Sale of furniture for a few days.**

**VEAL**  
Tender young veal, fine spring  
lamb, fat young mutton, prime Kan-  
sas City roasts and steaks, fresh fish,  
all kinds of cooked meats, fresh straw-  
berries and blackberries, peaches, ap-  
ricots, grapes, seed melons, 5-lb. bas-  
ket California plums, 40c. Look over  
our line of fresh cheese; a dozen vari-  
eties just received at the San Jose Mar-  
ket.

**Mrs. Potter Dead.**  
Kennebec, Me., Aug. 13.—Mrs. Pot-  
ter, wife of W. A. Potter, former  
United States minister to Italy, died  
last night.

**Arctic Explorer Dead.**  
Stockholm, Aug. 13.—Baron Adolf  
Erik Nordenskiöld, Arctic explorer  
and naturalist, died yesterday even-  
ing. He was born in 1832.

**Moqui Dance.**  
On August 22 the Moqui Indian  
snake dance will be held at the tribe  
village, which can be reached from  
Holbrook or Winslow, Ariz., on the  
lines of the Santa Fe Pacific railroad.  
T. W. PATE, Agent.

**LITHOGRAPH-STONE FIND.**  
An Important Discovery Made Near  
This City.

For some months past The Citizen  
has known of the discovery of a large  
deposit of what was believed to be  
lithograph-stone, located in Valencia  
county, within easy reach of this city  
by rail, but has refrained from mak-  
ing the discovery known until exhaus-  
tive tests should have demonstrated  
the value of the find. Those tests have  
now been completed and prove the  
stone, in color and texture, to be of a  
very high grade. The analysis shows  
it to be practically identical with the  
Bavarian article which now furnishes  
almost the world's supply, and tests  
of both transforming and engraving  
are entirely satisfactory.

Six hundred and forty acres of this  
stone have been located by a company  
of which John M. Gann of Laguna is  
acting president; Major George H.  
Pratt of the same place acting sec-  
retary, and J. H. Drury of this city, at  
present manager, and a permanent  
camp will be located and regular de-  
velopment will commence within a  
few days.

The discovery of this stone was  
made by John M. Gann and Laguna  
Captain A. M. Swan of this city, who  
after a careful investigation decided

## NO SUCH WORD AS "FAIL!"

Such a word does not appear in our business dictionary.  
Our Green Tag Sale has been a phenomenal success and has  
fallen short on but one thing and that is the sale of

## MEN'S SUITS.

Here we are overstocked; we have therefore concluded  
to make another price reduction on them and have placed on  
sale about 200 of nice clean, stylish and serviceable Suits at  
the ridiculously low figure of

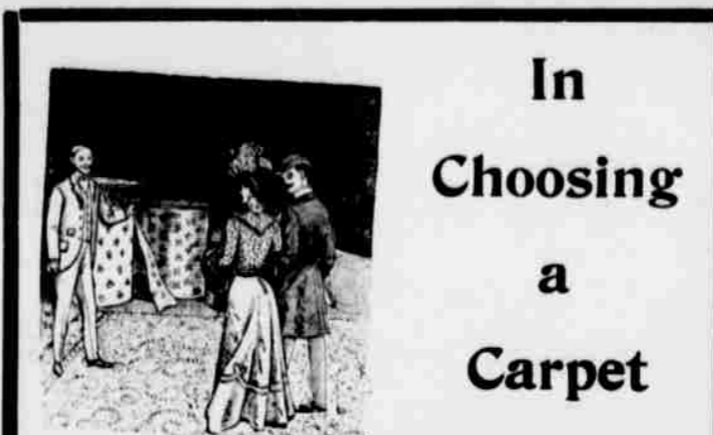

**\$7.75 Per Suit.**

Any of them would be cheap at \$10.00. There are  
some which sold at \$12.00 and \$15.00; they come in all  
colors and shapes and we have a good line of sizes. Here  
is your opportunity for getting more than your money is  
worth if you hurry up and not wait too long.

## SIMON STERN,

THE RAILROAD AVENUE CLOTHIER.

P. S. Mail orders will be given the strictest attention  
during this sale.
