## GENERAL STRIKE.

Steel Strike Extended  
to all Union Plants.

Two Mills at Pittsburg Resume  
Work.

Reading Railway Employees Strike  
Declared a Failure.

SCHWAB SAYS HE IS SORRY.

Pittsburg, Pa., Aug. 7.—With the issue of a general strike order by President Shaffer, it is generally accepted as a fact that the struggle is on "for good," as it were, and will not be terminated until one of the contending parties is defeated. Still some express the opinion that the order of President Shaffer will not go into effect and that a compromise will be made before the week is out. The total number of men involved in the strike throughout the country will be almost 100,000.

**TWO MILLS AT WORK.**  
Pittsburg, Pa., Aug. 7.—The Clark plant resumed operations today with about 100 men and boys. Two mills were started. Superintendent Brown says that two more will be running before the end of this week. The resumption was a surprise to the strikers.

**THE STRIKE ORDERED.**  
Pittsburg, Pa., Aug. 7.—The effect of President Shaffer's order on the employees of the Carnegie Steel company is being watched with interest. It is generally understood that the Carnegie mills are dependent upon the United States Steel corporation to keep the strike from closing down its business. The plants are extensive, the men thoroughly non-union and its products so varied and of such a nature that they can be but little affected by the refusal of union men of other trades to handle them. The organizers are at work at Homestead, Duquesne, Braddock and the upper and lower mills in this city and the Amalgamated association is also making many converts in these non-union strongholds. Since the strike of 1892 these unsuccessful attempts have been made to organize the workers. A mass meeting of the workers of the upper and lower mills will be held tomorrow night, when President Shaffer will address the men and endeavor to induce them to join the association.

A rumor was current today that an effort will be made to keep some of the workers from striking by offering them an advance in wages. In reply to a question whether he thought the men employed by the Federal Steel company would come out, President Shaffer said: "That we leave to the men. They have no scale that can hold them from their obligations to the Amalgamated association. They have no scale that can be transferred to another company. Our people signed scales with certain companies. These companies have transferred their stock to the United States Steel corporation. This they have no right to do. All contracts made by our people was made with a full knowledge on the part of others. Such contracts are dependent upon fundamental organization."

Shaffer gave out today notice that there will be a monster mass meeting held at New Castle tomorrow afternoon and said that he would be there if nothing prevents him.

**WILL NOT OBEY STRIKE ORDER.**  
Youngstown, O., Aug. 7.—Officials of the Tin Plate Mill National company state that their employees informed them that they will pay no attention to the strike order of President Shaffer.

**SCHWAB SORRY.**  
New York, Aug. 7.—"I am sorry to hear," said President Schwab today, when given the details of President Shaffer's strike order. He seemed greatly surprised at the date fixed (August 1), and said that he was not at liberty to discuss the matter.

**WILL CLOSE MILL.**  
McKeenport, Pa., Aug. 7.—The strike order was received with quiet satisfaction by a majority of the skilled men of the tube works and as the Amalgamated association and the Federation of Labor control almost all the skilled workmen, the plant will close on Saturday night. Great ex-

ing His Will.

Gunboat Machais Ordered to Protect  
Panama Canal From Insurgents.

STRIKE EXTENDING AT FRISCO.

**MORGAN IS MUM.**  
New York, Aug. 7.—Mr. Morgan will not say a word, but it is believed in some quarters received by important communications from persons strong and independent enough to bring about a settlement before Shaffer's order to strike takes effect. Those who know Morgan well will welcome any move that will hasten an end of the controversy, providing the fundamental objections he urged Saturday are respected.

**Strike Ended.**  
Reading, Pa., Aug. 7.—The strike of the Reading railway shop hands, it is believed is practically over. The company regards strikers no longer in its employ. Many men have been put to work.

**LOCOMOBILE TRIP.**  
Dr. Woods En Route to Silver City  
From Pueblo, Colo.

Dr. E. L. Woods, president of the Silver City Electric Light company, came into Albuquerque last night by locomobile from Pueblo, Colo. The doctor has resided in the Colorado city a number of years, but has decided to take up residence in New Mexico and in going to Silver City he does so for the purpose of taking an active part in the management of the electric light plant, in addition to the practice of medicine. The doctor is accompanied by H. M. Wilber, proprietor of a Lyle's and motor carriage establishment in Denver, who is making the trip for recreation and to see the country. The travelers have seen one week out of Pueblo and report the rains have been general and about one day ahead of them over the entire route, but that aside from the bad condition of the roads from washouts, the trip has been uneventful. Their "wagon" has not been crowded beyond a speed of seventy-five miles per day.

**THE WASHOUTS.**  
Transfer Made Today—Train Expect-

A telephone message from the depot gives the information that a train with the transferred passengers, mail and express matter, is expected into this afternoon. This morning at 9:30 o'clock a long passenger train with several hundred passengers, mail and express matter, was sent up to the washouts above Lamy and are being transferred to day.

Last night on a "stub" train W. L. Trumble and Co. of Pueblo and four big wagons and sixteen horses, this firm having the contract to make the transfers. The railroad company, so it is understood, has made a deal with the work repairing the damages caused by the washouts, but as it is still raining in the Ghorietta mountains, as property consists of about an acre of ground nicely fenced, five-room house, stable, out-buildings, windmill and tank in good pair which furnishes water for all purposes, also ditch at back of lots, 200 bearing fruit trees of all kinds, grapes, etc. Good location to build houses to rent. See H. S. Knight, agent, and he will be pleased to show property to anyone desiring to purchase.

**Here is a Chance.**  
To buy a fine, cheap, Mr. Wm. Cook having located elsewhere has concluded to sell his property known as the Bill Cook place, corner East Street and Highland Avenue. The property consists of about an acre of ground nicely fenced, five-room house, stable, out-buildings, windmill and tank in good pair which furnishes water for all purposes, also ditch at back of lots, 200 bearing fruit trees of all kinds, grapes, etc. Good location to build houses to rent. See H. S. Knight, agent, and he will be pleased to show property to anyone desiring to purchase.

**INE grapes, peaches, plums and**  
strawberries all for a basket tomorrow. Fresh fish, 3 lbs., 25c, at the San Jose Market.

## REVOLT IN INDIA.

Natives Attack a British  
Garrison.

Receiver Wanted for Mexico  
Copper Company.

Delay in Signing Chinese Treaty Not  
Explained by Great Britain.

FUNERAL OF GERMAN EMPRESS.

**Slack attacked the military post at Kashmir.** Aug. 6 and killed the sentry and surprised the garrison, which sought refuge in the barracks. The mahads demanded their rifles, threatening to burn the post if the weapons were not given up. The mahads then surrendered their rifles and seven men were killed and one of the mahads and three men wounded. The mahads then demanded with the rifles, ammunition, uniforms and kits of the garrison without losing a man.

**Receiver Wanted.**  
New York, Aug. 7.—Justice O'Gorman of the supreme court today on application of Atwater & Crickshank, attorneys for Axtel W. Halenberg, held that a receiver should be appointed for the Coburn Grande Copper company, which has mines in Sonora, Mexico. Halenberg is a stockholder and alleges that his rights have been infringed upon by the company's president. A receiver will be appointed later.

**CHINESE TREATY.**  
No Reasons Known for the Refusal of  
Great Britain to Sign.

Washington, D. C., Aug. 7.—The state department has heard nothing from Mr. Rockhill for several days as to the situation of affairs in Peking and is at a loss to understand the reasons for the reported refusal of the British minister to sign the protocol. It is believed that Rockhill will be heard from fully on the subject. The delay bodes serious issue over the conclusion of the negotiations. There is an earnest desire throughout official quarters to have done with the long-drawn out controversy and as all the parties seemed agreed on this it is not apprehended that the present delay will affect any vital features of the agreement.

**Funeral of German Empress.**  
Berlin, Aug. 7.—It has been definitely decided to have the funeral of the late Empress Frederick take place Tuesday next, August 13. The remains will be deposited in the Friedrichskirche mausoleum, near Potsdam.

**Will Attend Funeral.**  
London, Aug. 7.—King Edward, Queen Alexandra, Princess Victoria and Prince Nicolas of Greece, who is a guest of their majesties, will start for Hamburg to attend the funeral services of Empress Frederick, to be held in the presence of the family next Sunday.

**Important Notice.**  
Had you not better make sure now that you are insured in a strong fire insurance company?

One hundred companies failed as a result of the Chicago and Boston conflagrations, but the Continental of New York, put the losses in full.

It is easy to keep cool during these sultry days if your shoes are just right. A pair of oxfords or canvas shoes will help you to defy the elements. We are offering at present all our summer shoes at about one-half their original value, so the price

## The Art of Advertising

Is a greatly misconstrued expression. There is no art connected with a true advertisement—it is simply a narration of store news. Dashing headlines and beautiful phraseology attract the eye, produce occasional purchases and invariably result in dissatisfaction. Our method of advertising is to relate facts. We have our say and let you judge its veracity. That this manner has merited the entire approval of all classes of shoppers has again been demonstrated to us by the great success achieved by our recent sales. The coming months business will be a record breaker, for we have some great surprises in store for you.

### Dress Skirts Take the Lead This Week

Walking Skirts that sell for \$2.50..... \$1.49  
Double Faced Walking Skirts sold for \$5.50 and 6.00..... 3.95

Cloth Skirts, Navy, Tan and Black, sold as high as \$9.50..... 5.95  
Immense line in Cheviots and Coverts, to close at..... 4.15  
All our \$10.00 Cheviot and Cloth Skirts in Taffeta stitching and Fancy Trimmings at..... 7.15  
Our Taffeta lined Cloth Skirts, they sold at \$15 to \$18, to close at..... 9.95  
Wash Skirts at half their former prices.

## ROSENWALD Bros.

You know of course in a general way that the CHICKERING BROS' PIANO

is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering Bros. Piano? Better than most pianos. WHY NOT TRY THIS PIANO? Come in and have a talk with us about it. Chickering Bros. We have studied the piano question carefully from all standpoints; we have been through the Chickering Piano factory, during the last year, and have seen every part which goes to make up the fine, perfect tone of this excellent piano. MAY WE CAN HELP YOU? We see these pianos (the difference between the Chickering Bros. and other makes with some statements say, "are as far apart" as there, you can see it if you look at the Chickering Piano. It is the only piano in the world which has been built by the same man, who has given it such an excellent tone. Before you give up your money for some other make, let us show you the Chickering Piano. It is not as represented we don't want you to have it.

### DEATH OF CHARLES W. LEWIS.

A Well Known Citizen Passed Away in Death This Morning.

This morning at 6:30 o'clock Charles W. Lewis died at his home, No. 407 West Hanning avenue, under peculiar circumstances. On Monday evening, August 5, Mr. Lewis returned to the city on a freight train from Los Lunas, where he had come with Judge Loughey on some matters pertaining to Indian depredation claims against the government. The train arrived about 8:30 o'clock and the night was very dark owing to the threatening rain clouds. Near his home and walking quite fast, he ran into a hitching post in front of the residence of Mrs. Galtin and of accident threw him to the ground. He got up and with difficulty walked to his residence informing his brother, Joseph Lewis, who is a next-door neighbor that he had badly hurt himself in the stomach. Dr. Easterday was called, but he could not relieve the pain, and yesterday he called into consultation two other local physicians. Mr. Lewis continued to sink and this morning died. He was perfectly sane and it is supposed that the bladder was ruptured when Mr. Lewis came in contact with the post.

Deceased was 56 years of age and was born at Perita, Valencia county. He took up his residence in old Albuquerque in 1871, where he soon thereafter engaged in the general mercantile business. He disposed of his business a few years ago, since which time he was engaged in the real estate business and in representing claimants against the government for depredations committed by the Indians. By his first wife, whose death occurred five or six years ago, he leaves four sons, George, William, John and John. George is in Chicago at present, where he is the manager of the Hayler candy factory. To him a telegram has been sent.

Deceased leaves to mourn his death besides his second wife, his mother, Mrs. Marcelina Lewis of Santa Fe, who is 82 years of age; two sisters, Mrs. Mariano Trullio of San Marcial and Mrs. Rose Rodon of Juariz, Mex., and two brothers, Jose and William Lewis of this city.

Jose Lewis was telegraphed to the outside relatives and not until they are heard from will the day and hour for the funeral be determined.

Deceased was one of the most affable, polite gentlemen imaginable and was thoroughly well known throughout central New Mexico. His many friends will join The Citizen in extending sympathy to the bereaved wife and relatives.

This afternoon at 3 o'clock Jose Lewis received a telegram from George Lewis, who is at Toronto, Ontario, stating that he could reach Albuquerque Saturday and asking that the funeral be delayed until his arrival. It is now thought the funeral will take place Sunday afternoon.

### SENATOR W. A. CLARK.

He Interestingly Tells of Building Railroads and Work at His Mines.

Among the east-bound passengers who were compelled to remain in Albuquerque several hours was United States Senator W. A. Clark of Idaho. Mr. Clark was returning on a visit to California points, where he has large interests and is enroute to New York city and other points in the east. A reporter for The Citizen interviewed the senator and in seeking information as to his business prospects learned that the work on the San Pedro, Los Angeles & Salt Lake railroad, which is being built by Mr. Clark, is progressing favorably, the line having been completed and now in operation from San Pedro harbor to Los Angeles, the rolling stock and equipment being of the finest. Seventy-five-pound steel rails were used in laying the track. The rails, etc., are on the ground to lay seventy-one miles of track from Los Angeles to Rodlands, the contract for which will be let in a few days. A contract has been let and work is being done on sixty miles of grading in Nevada. Three surveying parties are at work out from Salt Lake to determine the route of the road from that end of the line. Mr. Clark expects to have the road completed and in active operation within two years. The government is now building a breakwater at the harbor at San Pedro, which will later on be followed by dredging work on the inner harbor that will result in making that one of the best shipping points on the coast with facilities that cannot be surpassed.

Touching on the matters of the strike now on at his Jerome works, the senator spoke freely and stated that the men who struck were union men employed in the smelter, and chances and they were not joined by the miners; that while the men who
