STRIKE ORDER.

General Strike Order
Not Issued.

Hope Entertained that Com-
promise May be Effected.

President Buchanan's Secretary of
Treasury Dies in Chicago.

FOREST FIRES RAGING IN MONTANA.

Pittsburg, Pa., Aug. 6.—A general strike order was not issued by President Shaffer this morning and he was delayed beyond the time limit made by him yesterday. He says there are sufficient reasons for delay, but the only apparent cause is said to be the hope entertained that the officers of the big steel corporation may soon realize the serious results that will follow the general closing of the union plants and make overtures for peace. The officials of the steel com- pany seem to be as confident as ever that they will win. It appears cer- tain that President Shaffer will not call out the men before the latter part of the week.

TRYING TO ARBITRATE.
Columbus, O., Aug. 6.—Secretary Joseph Bishop of the state board of arbitration has gone to Pittsburg again in an attempt to bring about a settlement of the steel workers' strike.

STEEL TRUST PLEASED.
New York, Aug. 6.—Officials of the United States steel corporation are much pleased at the reopening of the Hyde Park mill at Leeburg, Pa., and are confident that equal success will crown their efforts at other plants.

MILLS START TO WORK.
Cleveland, O., Aug. 6.—Piers were lighted today in the furnace of the hot rolling department of the Great works of the American Tin Plate company. This plant has been closed since the inauguration of the Amalgamated strike. The superintendent said that operations would be resumed this afternoon and the old men would be admitted that there might be a few de- sertions, but not enough men, it is said, would be secured to resume operations.

Buchanan's Secretary Dead.
Chicago, Aug. 6.—Judge William Cecil Price, secretary of the treasury under President Buchanan, died here today at the home of his son-in-law, William S. Newberry, aged 86. He was prominent in the affairs of the southern confederacy.

Forest Fires.
Helena, Mont., Aug. 6.—The Northern Pacific officials report fifty forest fires raging in the Selkirk region. No great damage is yet done, but owing to the unusually dry condition of the forests and vegetation the outlook is regarded as serious.

Schley Court of Inquiry.
Washington, Aug. 6.—Rear Admiral Henry L. Howison has been selected to fill the vacancy on the Schley court of inquiry caused by the inability of Rear Admiral Kimberly to serve. Howison's name is one of the several officers whom Schley notified the de- partment were satisfactory to him. The appointment is also satisfactory to Captain Parker, Schley's assistant counsel.

Chinese Peace Protocol.
Peking, Aug. 6.—The foreign minis- ters had arranged to sign the settle- ment of the peace protocol today, but British Minister Sargent yesterday no- tified his colleagues that Great Britain was unable to sign. He gave no reason. The meeting was indefinitely postponed.

HILTON-ALLAIR CONTEST.

In the Coal Land Case Heard at Las Cruces.
In the case of Robert Duffy et al. vs. the Carthage Coal company, gen- erally known as the Hilton-Allair con- test case, which was up before the register and recorder of the Las Cru- ces land office a short time ago, a de- cision has been handed down in favor of the Carthage Coal company. Rep- resented by Mr. Hilton. The decision is exhaustive and is one of the ablest

ever rendered since the establishment of that land office. It bears evidence of care and thorough knowledge of the technical points of law bearing on the question and cannot but be a precedent in cases of this character. If the remarkable record made by Messrs. Solignac and Bowman in taken into consideration, this decision will be upheld by the interior depart- ment, for they have not as yet been reversed at Washington.

The "Bloomers' Game."
The "Boston Bloomers" departed this morning in their private car for Santa Fe, where they have an en- gagement to play ball with Billy Mar- tin's alleged "champions" this after- noon.

In the game yesterday afternoon, at the fair grounds the "Bloomers" were worsted by a score of 6 to 2. The game was replete with some scientific playing and every time a "Bloomer" would corral a hard punch or a swift grounder in her mitts she was ac- corded generous applause. The game throughout elicited the most deserved attention and from a ball player's standpoint "it was the best game played here for many a day."

MARKET QUOTATIONS.
Market quotations and review fur- nished by W. P. Metcalf, No. 6 Crom- well block, received over the private wire of F. O. Logan.
New York, Aug. 6.—The tone of the market today was generally better and there seemed to be more support than yesterday and this induced some little buying. The stranger held up well and the pace was well taken. In the afternoon there was some profit taking, but it did not amount to much until the close, which showed a good deal of liquidation and closed very weak.

LOCAL PARAGRAPHS.

C. W. Lewis met with a severe ac- cident at the top of a hill today. He was going from his home to the train to his home and fell over a post, producing a rupture.

A. A. Keen, the popular land com- missioner of New Mexico, who left the other day to enjoy a few days on the Pacific coast, has returned to the city, accompanied by his wife.

Several young people are making arrangements to give a unique enter- tainment to their friends some time during this month. Full particulars are not yet ready for publication, but it is understood the arrangement will result in a novel and highly pleasing event.

At noon today a telegram was re- ceived from Division Superintendent Fox stating that the washout beyond Lamy was considerably worse than was first reported. Several bridges are gone and some 100 feet of track also. It is impossible owing to the extent of the washout to state when a train will leave Albuquerque for the also.

The partnership heretofore exist- ing between Charles Conroy and A. Sim- plier and doing a general merchandise business at No. 1498, South Second street, has been mutually dissolved. A. Simplier remaining, who will pay all in- debtedness and will receive for all bills due the firm. He will add a large stock of new goods to the es- tablishment and will hereafter con- duct an up-to-date mercantile busi- ness. Thanking the numerous patrons for their generous support in the past and with a continuance of a like pa- tronage the new management will be able to sell you as good goods at as low prices as you can find elsewhere.

DEATH OF EMPRESS

Dowager Empress of
Germany is Dead.

Lucky Ones Filing on Okla-
homa Homesteads.

Systematic Wholesale Robbery of a
Smelter in California.

INDIANS GETTING TROUBLESOME.

Berlin, Aug. 6.—A special edition of the Reichsanzeiger, published this morning, contains an imperial cabinet order giving notice of the death of Empress Frederick and ordering six weeks national mourning, beginning today. The order also directs that all public amusements, including concerts and theatrical performances, be sus- pended until after the funeral. Heads of all foreign states and sovereigns of the German states sent messages of condolence.

MESSAGE OF SYMPATHY.

Washington, D. C., Aug. 6.—Presi- dent McKinley sent the following mes- sage to Emperor William of Germany: "I learn with deep sorrow of the death of your majesty's beloved mother, Dowager Empress and Queen Frederick. Her noble qualities, her de- voted memory to the American people, in whose name and in my own I tender your majesty my heartfelt condolence."

FILING ON HOMESTEADS.

Thirteen Thousand Homesteads Filled
Up in Oklahoma.

El Reno, O. T., Aug. 6.—The last act in the opening of the Indian lands of the Kiowa-Comanche reservations began today, when the winners in last week's lottery were permitted to file in order on claims. Filing be- gan at El Reno for El Reno district and at Fort Sill for the Lawton dis- trict. At each place 125 lucky ones were permitted to file in the order that their names were drawn from the whole. Filing at the rate of 250 names per hour continued until the entire 13,000 claims are disposed of. It is estimated that at least 2,000 or 3,000 claims drawn in the lottery will never be filed on. There will undoubtedly be a lively scramble for them by thousands of people who did not win in the lottery. Today also the auction sale by the government of town lots at Anadarko, Holart and Lawton be- gan. At each place thousands of peo- ple have waited for days for an op- portunity to purchase lots and begin business.

ROBBERY OF A SMELTER.

Vallejo Smelter, California, Robbed of a Quarter of a Million Dollars.
San Francisco, Cal., Aug. 6.—News has just reached here from San Francisco that a quarter of a million dollars worth of gold bullion was stolen during last night. The thieves tunneled under the works and obtained access to the strong room where the bullion was stored. The tunnel extended from the water's edge under the building. It is sup- posed that the thieves took the plan- der away by boat. The smelter is the biggest on the Pacific coast and ores are sent there from all parts of the western country to be reduced. The works are located on the bay shore about thirty miles from San Francisco.
J. Halston, president of the com- pany, said the thieves excavated a tunnel between three and four hun- dred feet long from a point on the railroad and under the strong room connected with the works and secured bars of bullion aggregating value of \$400,000, and transported the gold to a boat waiting near the pier. At- tempted to get away to get away one bar of bullion was left on the beach. The robbers took the unusual precaution of strewing their tracks with red paper, presumably to throw bloodhounds off their track. Each bar of bullion was numbered and the de- scription of the various bars is now in the hands of detectives. Presi- dent Halston stated that the robbers could not dispose of the bul- lion without having it remelted and mixed with other metals. He is of the opinion that they will bury the gold or sink it in the bay, awaiting a convenient time for its removal.

At the Solby works the gold is kept in a steel lined strong room. The robbers tunneled until they got di- rectly under the room and then cut through the floor.

Flathead Indians on Warpath.
Helena, Mont., Aug. 6.—Trouble is brewing on the Flathead Indian res- ervation between the Indians and the plai- freds. Yesterday near Roan station six Indians and three half-breeds ex- changed a number of shots and one Indian was shot in the arm. The In- dians object to the half-breeds picking up cattle on the reserve. They are reinforcing and more trouble is anticipated.

NAUGHTY LITTLE BOY

Threw a Rock, Hit a Little Girl and
His Mother Upheld the Act.

Editor Citizen: I wish you would kindly publish this little article in your paper, as it may benefit certain parties in this city by saving them from damage suits and other people from probably serious injuries.

Saturday afternoon while a young girl of about 14 years was riding her wheel on North Fourth street, while passing through a crowd of little boys one of them threw a stone and struck her on the back of her head. When she reached her sister's home where she is staying the family noticed how peculiar she looked and asked her the cause. She then told what had hap- pened. She was taken down and hav- ing recognized one of the boys in the crowd they went to his mother and, like a thorough lady, she threatened to chastise her children if they dare do such a thing, but the next-door boy was the one who threw the rock, so his mother they went. She was very insulting although, approached in a very ladylike manner, said she knew how to raise her children and if the girl was able to walk she was not hurt very much.

This same little boy was seen throw- ing at an old man not ten minutes after he had struck the girl. I would advise parents to watch their boys more closely and to correct them when they do wrong and not uphold them.

Prescott, Ariz., Aug. 6.—A south- bound freight train on the Santa Fe, Prescott & Phoenix road ran into a washout at Point Rocks, north of this place. The train, engineer and other vital questions were injured, the train probably fatally. Very heavy rains in the north caused great dam- age along the Santa Fe in this terri- tory.

MARYLAND POLITICS.

An Exciting Campaign.

Baltimore, Md., Aug. 6.—The issues of the campaign which will determine whether Arthur P. Gorman will again occupy a seat in the United States senate and become a factor in national politics were fully made up today by the action of the republicans at their state convention.

Unlike the democratic declaration of principles adopted last week, much stress is laid by the platform upon national issues. The administration of President McKinley is heartily en- dorsed; the policy of the republican party upon the tariff, currency and other vital questions was denounced.

Governor Smith is condemned for hav- ing called a special session of the leg- islature in the spring of this year. The democratic party is soundly berated for having passed a new elec- tion law.

Friends of former Congressman Bar- ber decided before the convention as- sembled not to present his name for the state controllership and Messrs. Belt and Waddell withdrew from the race for the clerkship of the court of appeals. This left the delegates nothing to do but to nominate by acclama- tion the following ticket: State con- troller, Herman S. Platt, Baltimore City; clerk of appeals, Thomas Par- rian of Calvert county.

Fatal Gasoline Accident.
Philadelphia, Aug. 6.—Six persons, all colored, are known to be dead as the result of a terrible gasoline ex- plosion last night which tore to atoms six buildings on 10 cent street between Tenth and Eleventh streets, and wrecked over a score of others. The number that yet remain in the ruins is only one. The bodies of six per- sons had been identified. This is Annie Harry, a child 4 years old.

Death of Aged Broker.
New York, Aug. 6.—Louis T. Hoyt, one of the oldest members of the New York Stock exchange, is dead in Ger- many. He was interested in many large stock deals, and among his cus- tomers when he was an active broker was Commodore Vanderbilt.

CERRILLOS.

From the Register.
Thomas O'Donnell, proprietor of the Mint saloon, has sold his stock of liquors to Melvin & Eakin of Albuquerque. He expects to go to Santa Rosa in the near future, where he will engage in business.
Last Tuesday Judge Neils found over two young men from Valido to the grand jury for a bench trial on the charge of kidnaping. It was one of the most revolting things which ever happened in this community.
Abbie Neils, son of Judge Neils, who has been attending school at Arkansas City for the last three years has returned home to spend about a month of his summer vacation. He was accompanied by his aunt, Mrs. L. Robinson, of Fort Smith, Arkansas.
Tuesday while crossing the Galisteo, Ed Hull had an amusing and somewhat disagreeable accident. In some way his wagon got stuck in the mud and in trying to get out he broke the tongue while in the deepest part of the river, but he finally managed to get to the bank, where the damage could be repaired. No one was injured, though a lady who was in the wagon received quite a scare.

Their Secret is a Secret.

All Sadville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. W. White, who had for a long time endured untold suffering from a chronic rheumatic trouble. "It's all due to Dr. King's New Discovery," wrote her husband. "It completely cured her, and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Croup, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50 cents and \$1. Trial bottles free at J. H. O'Reilly & Co.'s drug store.

Mrs. Daniel Bantz, Ottumwa, Ia., says: "I have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took Foley's Kidney Cure. It gave immediate relief, and I am now well. I am sure that the other remedies combined." Alvarado Pharmacy.

SOCORRO.

From the Chieftain.
Large quantities of wheat are being marketed in the city. It sells for \$1.30 a bushel.
George W. Langenberg has been appointed supervisor of the entire Gila river forest reserve.
Robert Stapleton has accepted a position in the mercantile establishment of County Treasurer Abner Abeyta.
Miss Agnes James left for Gardner, Kan., where she will be the guest of her friend, Miss Maggie Gardner, for several days.
Dr. Swisher performed a delicate and successful operation in the removal of a tumor from the head of Vicente Pina of San Antonio. The patient is doing well.
Miss Carrie Limb of Mt. Pleasant, Mich., arrived in the city as the guest of her niece, Mrs. James G. Fitch. Miss Limb will remain in Socorro for a month or more.
Charles Cooney came in from his ranch where he has recently been supervising the digging of a well. He hopes to catch an underground flow of the Magdalena in the vicinity of Water Canyon.
An effort is being made to raise money to build a road to the school of mines. Such a project deserves the support of every patron and friend of the school, and in fact, of every public-spirited citizen of Socorro.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It alleviates permanently because it allows the tired stomach perfect rest. Nothing won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. B. Ruppe, Cosmopolitan.

SAN MARCIAL.

From the Bee.
The Armstrong Bros. are going to renovate the Masonic lodge rooms. The Albuquerque Citizen has a San Marcial correspondent who has had quite a number of personal items.
J. H. Tweed has gone to Estey City with a good freighting outfit to do some light work for the Estey Mining and Milling company.
The coal discovery in the Oscura mountains is not considered valuable for the reason that none of the veins are thicker than twelve inches.
Late last week Dr. C. G. Cruickshank was hurriedly summoned to Rosedale to attend for C. C. Cruickshank. Frank was a pretty sick man, but he is going to "whip the devil around a little" while he's here.
The people of Albuquerque never lose an opportunity to call a visitor's attention to any new departure in the way of improvement. The disposition of the Bee editor for the past week of many dimes was recalled by being shown the fixtures of the American District Telegraph company. This

company is wiring the business portion of Albuquerque and the pressing of a button will summon a messenger boy, who will render a patron all kinds of service on the payment of 10 cents.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, and had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so also he gave up. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said 'No.' I went home and brought him a bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all druggists.

LORDSBURG.

From the Liberal.
Miss Bessie Muir has gone to Separ to spend a few weeks with her brother on the ranch.

W. H. Greer came up from Deming to meet Mrs. Greer, who returned from California that day.

James T. Tong, the successful miner of Steeplesburg, has purchased an eighty-acre farm on the Chino near Duncan where he will proceed to dig alfalfa instead of gold.

No one can complain of the drought in this section of the country this year. The rains have been plentiful, and distributed over a wide section of country. Luckily there have been no heavy frosts, either the northern Pacific or the Arizona & New Mexico roads. The ground is getting pretty well soaked and it is probable that if the rains continue they will find the ground in good condition to wash and then no delays will come.

Saturday night some unknown person sold up and left Robert Renfrow, doing a very good job of it. He was early in the evening when Johnny Holman heard something back of his house and went out to investigate. He saw a man whom he could not recognize, running away, and found Renfrow. He guided him downtown, where he was taken care of and returned under the doctor's care. Renfrow came here from Moreland on his way to Globe, where he had a contract to do some mining. He had a little money, which he spent for booze, and was under the influence for some days. He was broke when he was held up, so he lost nothing but his money. He is a Mason and his Masonic brethren have been caring for him. He is improving and soon will be out all right.

If you have a baby in the house you will wish to know the best way to keep it from catching the common cold, croup, or diarrhoea, or from being troubled by small children. O. P. M. Holliday, of Deming, Ind., who has an eleven month old baby, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day, and he was very restless. I bought a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water, and he was all right at once." For sale by all druggists.

James White, of Haysville, Ind., says: "DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered six years. Doctors failed to help him. Get DeWitt's. Accept no imitations. B. Ruppe, Cosmopolitan."

By one of those things unexplainable which sometimes occur, a lot of cars on the main line near Williams Saturday night. Engines 990 and 770, both monsters, found the cars accidentally, and the result was that both engines are in the shops for repairs.

MRS. MARY GREGOVICH

Of Philadelphia, Mont. Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich of Philadelphia, Mont., under date of November 25, 1899, writes: "I had dandruff for this summer, consequently was losing my hair terribly and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philadelphia and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out and coming in again. I am greatly indebted to Newbro's Herpicide, which I used to be troubled with dandruff of which I am now quite cured." Kill the dandruff germ with Herpicide.

The laws of health require that the bowels move once each day and one of the penalties of violating this law is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary. Be sure you get the original DeWitt's. B. Ruppe, Cosmopolitan.

Reports from the Nacamar road, down in Arizona, tell of a general quitting of work by many of the employees of the road. It was not exactly a strike, but it was a general strike of the same effect. There was a cut in wages, instead of the employees did not like. Instead of striking for the resumption of the old standard appointing action committees, boycott committees, preparing of a fight and going through the usual program which usually accompanies a strike, they just quit, leaving the company to hire men to do the work at the price it saw fit to pay. If it could find such men.

A new face is at the drug store of R. C. Ramsey & Co. It is that of James Lane, son of Engineer Lane of Las Vegas.

Recently there have been several cases of prominent men suddenly falling in collapse just after eating a hearty meal. These men have all been under treatment for gastric "trouble," and yet the result shows that the treatment they had received had smothered the symptoms but had not retarded the progress of the disease.

There is a real danger in the use of palliatives when there is disease of the stomach and its allied organs of digestion and nutrition. The disease in such cases goes on, while the distressing symptoms alone are stopped. Presently, like a smothered fire, the disease breaks out in new places, involving heart, lungs, liver, kidneys, or some other organ.

The use of Dr. Pierce's Golden Medical Discovery results in a radical cure of all diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, lungs, liver, kidneys, etc., when the disease of these organs has its origin in the diseased condition of the stomach and digestive and nutritive system.

"I will tell you what myself and family think of your medicine," writes Mr. M. M. Wardwell, Lincoln, Neb. "I was taken down, not hardly at all, by a severe cold, three months. I picked up one of Dr. Pierce's Golden Medical Discovery one day and saw the description of catarrh of the stomach. I thought I had better try it. I took one bottle and was cured. I got two bottles next time and took one and one-half and was well. Your medicine cost me three dollars and the doctor cost me fourteen dollars."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of one-cent stamp, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Art of Advertising

Is a greatly misconstrued expression. There is no art connected with a true advertisement—it is simply a narration of store news. Dashing headlines and beautiful phraseology attract the eye, produce occasional purchases and invariably result in dissatisfaction. Our method of advertising is to relate facts. We have our say and let you judge its veracity. That this manner has merited the entire approval of all classes of shoppers has again been demonstrated to us by the great success achieved by our recent sales. The coming months business will be a record breaker, for we have some great surprises in store for you.

CHICKERING BROS' PIANO

is a superior instrument, everybody does. But do you know just what qualities are peculiar to the Chickering Bros. Piano? Well, it is a piano that is built with about 100 Chickering Bros. Pianos. We have studied the piano question, carefully from all standpoints; we have been through the Chickering Bros. factory many times, have seen every part which goes to make up the fine construction of this excellent piano.
MAY BE WE CAN HELP YOU to see these points: Chickering Bros. Pianos are made of the best materials, and are built by the best workmen. They are made in the Chickering Bros. factory, which has given it such an excellent name before you give up your money for some inferior make.

HALL & LEARNARD, the Square Music Dealers.
