FIGHT TO FINISH.

General Labor Strike
Over Country.

American Federation of Labor
Will Aid the Strikers.

National Association of Dental Ex-
aminers at Milwaukee.

DEATH UNDER A STREET CAR.

Pittsburg, Pa., Aug. 5.—President Shaffer of the Amalgamated Association of Sheet Iron and Tin workers declared today that a general strike will be called within a week unless the Amalgamated Association of the Sheet Iron and Tin workers is reinstated in the employ- ment of the Steel Association. The association's executive board will not be again called in conference unless the other side agrees for peace. All the power is vested in Shaffer for the conduct of the great struggle and he has absolute and supreme authority for the conduct of the strike. It is claimed that the Federation of Labor will give the strike its financial support and President Gompers is expected here for a conference with President Shaffer this week. The situation in the local mills is unchanged. A dispatch from Wellsville says that the arrest of the rioters who participated in the riot at the home of Harry Phillips on Saturday has dampened the martial spirit of the strikers and all is quiet there.

At McKeesport the Amalgamated Association is strengthening their lines for the struggle. Several meetings were held yesterday and 275 new members were added to the association. The control of the rolling mills is settled. Preparations are being made for the organization of the men at the National galvanizing plant and the steel tube plants, as they have agreed to admission either to the Amalgamated Association or Federation of Labor. Several thousand Pines and Humbermen employed as laborers in the tube works are anxious to strike and will be formed into an organization of their own or admitted to the Federation of Labor.

MORGAN'S ATTITUDE.

Pittsburg, Aug. 5.—The Chronicle Telegraph says this afternoon: "One of the officials of the Lafayette lodge of the L. A. O. U. Amalgamated Association this morning announced that he had received word that there would be no general strike ordered. He is authority also for the statement that the directors of the Steel Corporation are satisfied with Morgan's attitude and making every effort to open negotiations with the strikers' officials. He is one of the leading steel workers of the city and the inference is that he has received an inside tip from the higher officials of the association."

President Shaffer arrived at headquarters at 11:45 and fifteen minutes later called in newspaper men to his private office. When asked if a settlement had been reached in New York on Saturday, he said they waited their rights at the Painter, McCutcheon and Wellsville plants, he said. "The Amalgamated Association could have settled in New York if they had given up these mills, but we could not do that, as long as we can fight we are going to fight them. We will have a call for a general strike within a week, but do not know how many men the strike order will affect. Will the board be called for any more conferences?"

"No," the board has been dismissed and will not be called unless the other side wants peace. They have declared war."

President Shaffer said that the statement in the papers that he resided in Washington was true, but he did not see President Gompers of the American Federation of Labor, as he is not in town. Secretary Morrison was seen, however, and he assured Shaffer that the federation would give its financial support. Shaffer has requested Gompers to come to Pittsburg this week for a conference. It is thought that most of the vice presidents have left for their homes, as only four or five of them visited the association rooms during the morning.

ARRREST OF RIOTERS.
Wellsville, O., Aug. 5.—The Dispatch says the wholesale arrest of the par-

ticipants in the riot Saturday night has dampened the ardor of the strikers and if other labor organizations keep hands off it is felt that the troubles will soon be over. Seven more members of the association deserted this morning and returned to work. It is stated that five of the six mills were in full operation this afternoon. Reports from other cities where the strike is on show that everything is quiet, but the Amalgamated Association is working hard strengthening their lines for the coming struggle.

Dental Examiners.

Milwaukee, Aug. 5.—The National Association of Dental Examiners at its meeting here today, adopted the following report of the committee on colleges: "After careful investigation and consideration of conditions existing at the present time and in conformity with rules and standards at present in force in this body, your committee recommends that the following list of colleges be added for recognition by the National Association of Dental Examiners: College of Dentistry, New Orleans, La., and the Keokuk Dental College and the dental department of the Keokuk Medical College, Keokuk, Ia. The committee also recommends that those be dropped: The Virginia school of dentistry and medical college of Virginia at Richmond and the National university dental department at Washington, D. C."

Crushed to Death.

Montgomery, Ala., Aug. 5.—Carrie Jones, sister of Governor Thomas D. Jones, was crushed to death by a street car this morning while attempting to cross the street in front of the executive mansion. The governor witnessed the accident.

MARKET QUOTATIONS.

Market quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over the private wire of F. G. Logan.
New York, Aug. 5.—Today being a holiday abroad we have had no action from the other side at all. The heavy storms of last night played havoc with telegraph wires west of Chicago and business has been somewhat restricted in consequence of this. There has been a disposition apparent on the part of the professional element to bear the market and in the absence of a buying demand they have had little trouble in depressing values, recessions of from one to three points being recorded in the active issues. The traders were encouraged in their attack by a continuation of the steel strike, although the market value of steel stocks did not suffer in proportion to that of the Grangers and Industrials. We would rather buy than sell the latter at the present level.

A STIR IN GALLUP.

Doings of a Well Known Railroad and a Harvey House Girl.
Society people of Gallup are very much disturbed since Saturday night, when it became the painful duty of City Marshal Winter to place under arrest a young lady who formerly held a position at the Harvey house, and a male companion, who is well known railroad. The couple posed as up-to-date society folks and probably would have posed just as such if they continued to keep clear from the vision of the police. A well known freight conductor who came in from Gallup this morning reported the news, stating that the couple had frequented and disgraced a winery on their depravity Saturday evening, and upon an information issued by the bartender of the saloon the couple were arrested and upon payment of a \$15 fine for each the guilty pair were allowed their freedom.

Death of Mrs. Kimball.
Mrs. Charles J. Kimball, who with her husband and four children resided in this city many years, died in San Francisco the other day and it is understood that her death was unexpected, her demise resulting from neuritis of the heart. The deceased was a sister of Captain R. C. Voss, who was a hardware merchant in the old town of Albuquerque twenty years ago.

WIRES DOWN.

Bridges and Track
Washed Away.

Lightning Killed a Band of
Two Hundred Sheep.

Lively Game of Base Ball at Fair
Grounds Yesterday Afternoon.

OTHER LOCAL HAPPENINGS.

The heaviest rain of the season is reported to have fallen last night in the mountains between the stations of Lamy and Morieta, and when it came rolling down the arroyos it canyons it swept everything before it. Several hundred feet of track of the Santa Fe railway were washed out and from reports received from there today it is learned that three iron bridges were swept away.

As a result of these torrents and the destruction of railway property, the Santa Fe company was unable to make the necessary repairs in time to permit the passage of trains on schedule time.

When No. 2 arrived here this morning orders were received from the train dispatcher to hold that train and all others until temporary tracks could be laid around the washouts. At the time of going to press this afternoon all trains are being held in this city and nothing definite can be learned when the train men will receive orders to take out their trains. It is quite probable, however, that trains will be running on time after 12 o'clock tonight.

The lines of the Western Union and Postal Telegraph companies were disconnected by the washing away of several poles, but these damages were repaired by noon today and communication was resumed.

SHEEP KILLED.

At Camp Out West—Jarvis Mining Camp Struck.

For the past week vivid lightnings, followed by heavy rains, have occurred along the Santa Fe Pacific and canyons and sequence trains have been delayed. It is reported that near Maine state lightning killed a band of over 200 sheep belonging to J. D. Newman. The sheep had taken shelter under a tree from an approaching storm when lightning struck the tree, killing the sheep. The sheep were immediately skinned for their pelts.

An electrical storm struck the Jarvis mining camp and did a great deal of damage to the Philadelphia company's plant and mining shafts besides injuring several men. Lightning went down the air shaft of the mine, then followed the vein for some distance and struck the track in the drift ninety feet below the surface. Joseph Cowen, the foreman, had his head laid open by a piece of rock cut off the side of the shaft recently by the fall down, while James Douglas was completely covered with dirt and rock, but was unhurt. Will Stevens, another miner at the bottom, was badly stunned and bruised about the head. Two other miners were on the ladder going out when the lightning ran down the shaft. They were knocked back to the bottom and were more or less injured.

BROWNS VICTORS.

After a Close Game They Defeated The Como Estamos.
A fair-sized crowd assembled at the fair grounds yesterday afternoon to witness the ball game between the Browns and Como Estamos teams. The game was a beauty and closely contested up to the eighth inning, the record at that time being 1 to 1. In the eighth and ninth the Browns determined to win, came to bat and knocked out four more runs, making the result at the close 5 to 1. Both teams did some remarkable fast work and each notable play was received with loud applause. No one who saw the game would have missed it for twice the admission and are anxiously awaiting another game between these two teams.

On next Saturday and Sunday the Browns will play in El Paso, having failed in their efforts to secure another with the Santa Fe team. However, another effort will be made to secure the "champions."

This afternoon the game between the Browns and Bloomers is in progress and there is a good crowd in attendance.

SPORTS AT THORNTON.

Broncho Riding and Racing Draw a Large Crowd of People.
Yesterday the energetic residents of the little town of Thornton enjoyed some rare sport. It consisted of riding of several wild bronchos by cowboys and a red-hot running race between Green's horse, Sea Foam, and Johnny Bull, owned by Ford of Golden. Sea Foam is owned at Cerrillos and that town went broke on the race. About \$1,500 changed hands after the race and the Golden crowd hired a violinist and made merry over the victory. The race was a quarter of a mile and it was a good one. Each side was confident of winning and bet every dollar they could dig up. Arthur Wallie of this city rode Sea Foam, but he could not get to the front.

The broncho riding was exciting. The wild horses were secured from the Valle mountains by Mort Wagner, the popular proprietor of the Pe hotel at Thornton, and during the afternoon the cowboys present had a lively time riding the bucking horses. Wagner was a rider for a long time and he is a master hand at managing a cowboy roping and riding contest. The visitors at Thornton were like to see him put in charge of this department of the territorial fair. He knows the cowboys, enjoys the exciting sport and would make the part of the October fair a grand success.

DEATH OF SILVER CITY LADY.
Mrs. W. S. Cox Dies Suddenly Last Saturday.

On Saturday last at 5 o'clock Laura wife of W. S. Cox, the hardware and furniture dealer of Silver City, expired at the late home. The lady was apparently in the best of health during the day, but was taken with a violent internal hemorrhage and died before medical aid could be summoned. Deceased is survived by a husband, a 6-year-old daughter and many relatives in Illinois. The body was embalmed.

Terrible Hardships in the Nome Experienced by Miners.
Port Townsend, Wash., Aug. 5.—A story of death from starvation in Alaska district is brought from Nome by the passenger steamer Centennial and is the result of forty-three days of unparalleled hardships. George Dean, a miner, formerly of Canton, O., is dead. His two companions, Jack Houston and Joseph C. Terry of Dayton, Ind., are near death's door. It is said that in their desperation Houston and Terry resorted to the thigh of their dead comrade from the body and were cooking it when help arrived and saved them from practicing cannibalism. The men had been in the Nome Hope country prospecting. On June 7 they started for Nome and before they reached Teller City their provisions gave out and hunger compelled them to eat grass and birds' eggs, all they could find.

Ringling Bros' Circus Coming.
Samuel McCrackin, the contracting agent for "Ringling Bros' World's Greatest Shows," is in the city, coming in from San Francisco this morning. He is around making contracts with the Hudson Hill Pottery company and with W. J. Trunk & Co. The press agent, W. D. Coxey, with the first advertising car, will be here in about two weeks. Mr. McCrackin states that the Ringling Bros. are traveling the western circuit this season with sixty-three cars and are today at Kansas City. They will make jumps to the big cities in Kansas, Colorado and California, and expect to show in Albuquerque the latter part of September, possibly on the 27th. The gentleman came in direct from California, having no orders to stop at any city between that state and New Mexico, except at Albuquerque.

INDIAN SCHOOL NOTES.
Miss Adell Norman, nurse at the school, returned from the west this morning.

Miss Julia Davis, who visited Laguna, is now at the school, having returned last Saturday.

J. R. Abner, the school's engineer, who was on an eastern visit and on his return here visited the Pacific coast cities, returned to the city this morning.

R. R. Collins, superintendent of the government Indian school, who attended the Educational association convention at Detroit, Mich., and the Pan-American exposition at Buffalo, returned to the city last night.

Colonel E. C. Manning and B. B. Spencer drove in from Eastview in the Auto pass country, this afternoon and left at this office, a fine free-stone peach grown in Spencer's orchard. The colonel, who is here from Kansas, was surprised that such fine peaches are grown in this country.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$100,000.

ALBUQUERQUE, AUGUST 5, 1901.

SAN DOMINGO PUEBLO.

The San Domingo Indians yesterday held their celebrated annual corn dance and there was a large attendance of interested white spectators from the surrounding country. A number of people from Albuquerque were present and were amused and interested by the Indian ceremonies.

The corn dance of the Pueblos is similar in many respects to the various dances of tribes of the Indian territory. Yesterday in San Domingo the celebration began with the rising of the sun and lasted till that luminary went down. It was a gala day, a season of rejoicing over the bountiful harvest and consisted in religious ceremonies and great rejoicing. Their dances are much more elaborate and pleasing than those of the Isleta Pueblos and the best of order prevailed. The governor of the tribe and his officers preserved good order and white visitors were shown many courtesies.

This tribe consists of about 800 people and they are self-supporting. When Coronado camped in the valley near the village in the winter of 1541, his soldiers received supplies of food from the San Domingo Indians. How long they have occupied this territory is unknown. Probably when Abraham grazed his flocks in the valley of the Jordan the San Domingo Indians lived in their peaceful way in their present mud built houses.

These Indians are coming to the territorial fair and will please visitors with their dances and quaint ceremonies. Yesterday Harry F. Lee, Marcelino Baca and the editor of The Citizen held a council with the governor and the head men of the tribe and secured the tribe for the fair. They agreed to come if Senator Thomas Hubbell would come up and assure them that they would be treated right and their women folk be protected from insults from the young Americans. There was one man at the council 117 years old. He is still vigorous and will attend the fair with the tribe. These Indians, with the Moguls present at the territorial fair, will make an Indian exhibition to be seen nowhere else this year in the United States and will be worth the attention of students of Indian life and character. The San Domingo Indians are anxious to meet with their cousins of the Arizona Mogul village whom they have never seen, and witness their celebrated snake dance.

THE SUICIDE A COWARD.

The act of suicide is always the act of a coward. How much more it is when upon the activity of the one who takes his life is dependent a woman from whom he has received such inspiration to live as he most highly prized, and little helpless children whom he has given as hostages to fortune and for whose welfare he has pledged his own? The cowardice of the man who shirks his part in the drama of life—and it is a tragedy to most of us, no matter what smiling face we turn on—face of so mean and degrading a sort that the churches which deny burial rights to suicides in their fields of the dead have but expressed the contempt felt by more enduring, but no happier, members of the human kind. The statute books of many states bear upon them a law against suicide, which at times one is likely to regard with a smile, so important is it to prevent that form of crime. It can do nothing more than place a fine upon the suicide who fails to complete his act of self-slaughter, but it does no more in that it fixes the stigma of righteous contempt on all such acts, successful or not.

TOO MANY LAWS.

In 1899 in the various states of this country 14,155 laws were enacted. At one session of congress 17,181 bills were introduced. Many legislative acts are never enforced, many are of private interest only and some are passed to regulate or prevent evils that would be eradicated by society just as quickly without a statute. Ex Governor David B. Hill has said in the North American Review: "It is a serious mistake to teach the doctrine that the state must support its citizens, must provide them with work must regulate what they must eat, drink and wear and otherwise control their customs, recreations and privileges through and by means of the authority of legislative enactments."

Germany controls a large district in Eastern Africa, comprising about 384,000 square miles and containing a population of about 8,000,000 natives. It lies wholly in the torrid zone, but mostly at an elevation of from 3,000 to 6,000 feet above the sea level. While Porto Rico exports cigars which compare very favorably with the best of the Havana product, it is probable that free trade with the for-

Chinese Tried—Looking Over Oil Properties—Personal Paragraphs.

Deming, N. M., Aug. 3.—The young people enjoyed the pleasant evening of a social hop given at the opera house Tuesday evening. John Feeley, the Orman and Crook families, who were stabled by John Miller and died in the ladies' hospital, was buried in the Deming cemetery Wednesday morning.

Oliver Lacy and Dick Lacy are the names of two children who were tried before Commissioner McKee for being infamously in the United States. The charge against them was proven and they were ordered deported. When Geo. Lacy was asked what his occupation was he answered: "I cook and preach Christianity."

United States Marshal Foraker and Deputy Sheriff Morina were in attendance at the trial of the two children, Geo. Lacy and Dick Lacy, which took place last Wednesday morning.

Thomas O'Keefe, William Davis and W. Clifford are three El Paso gentlemen who are registered at the Bank hotel. They are in this city looking into the best method of developing the El Paso company's property near here. These gentlemen are deeply interested in the El Paso company's property and are doing all in their power to push things to a head.

Stecker & Reese of Silver City are making the final plans for the erection of an ice plant at Deming. Telephone and electric lights are to be run in connection with the ice plant.

W. J. Wamel and family and J. B. Pease and wife returned Tuesday from the Gila hot springs, where they have been rustling for the past month.

The wife and children of Mr. Trigg, who is employed in the railroad yards here, arrived from El Paso, Tex., Wednesday.

Al. Lutton, one of Deming's most efficient carpenters, is erecting a neat residence on South Gold avenue, which, when completed, will be occupied by himself and family.

Mrs. Anna Sullivan and children, accompanied by Miss Rosa Connolly and Miss Gert Over, are camping on the Mimbrez this week.

Mr. and Mrs. Geo. Rice and daughter, Myrtle, passed through Deming Monday from Black Mountain en route to the Mimbrez hot springs.

Frank Delaney, jr., left for California Thursday to be away for about a month. Frank enjoys a trip to that section very much for some reason or other.

Several of the wagons of the Parker grazing outfit were in Thursday loading up with grain for use at their camp south of Deming.

Frank Phillips, who has been employed at the El Paso company for some months past, is at home on a visit to his parents, Mr. and Mrs. John Phillips of this city.

The Chautauqua Literary society held an interesting meeting at the home of Albert Field. Some twenty-five members and visitors were present who enjoyed a very pleasant evening.

It being Thursday, the regular business meeting of the four applicants for membership, Messrs. Charles Wilson, Oakley Clifford, Fred Brown and T. K. Reals, were voted upon and accepted. No other business of importance came before the meeting.

Regular ladies' night at the Adolph club Friday evening was a very enjoyable affair. More ladies than usual were present and the members were on their good behavior, so all spent a pleasant evening.

The Luna county jail now contains its first female prisoner. She is the negro woman who relieved A. M. Little of his six-shooter and a sum of money.

Their Secret is Out.
All Sedeville, N. M., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. White, who had for a long time suffered under a chronic bronchial trouble. "It all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little granddaughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guarantees bottles free at 50 cents and \$1. Trial bottles free at J. H. O'Reilly & Co.'s drug store.

Don't be satisfied with temporary relief from indigestion. Koloid Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Nothing won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Koloid Dyspepsia Cure, which digests what you eat and can't help but do you good. B. Ruppe, Cosmopolitan.

LOOKS LIKE MURDER.

W. J. Berry Disappeared Over One Year Ago.
A young man named W. J. Berry, from Prescott, Ariz., has been in the city for a couple of days looking for his father, William J. Berry, who disappeared mysteriously a little more than one year ago, says the Las Vegas Record.

The old gentleman, accompanied by his son-in-law and daughter, was on his way from Nevada, Mo., to Prescott, Ariz., where his wife and family lived. The party reached Las Vegas one year ago last June and camped at Grove Lake, north of the city. After remaining here one week Mr. Berry became impatient to reach his destination, but the son-in-law and daughter insisted on staying here. Finally, Mr. Berry started for Prescott alone, riding a bay mare, and that was the last seen or heard of him by his relatives.

The son-in-law and daughter did not leave here for two weeks after this, and supposed they would find the old gentleman at Prescott. Since then diligent search has been made for the missing man in Arizona and New Mexico, but not the faintest trace of him has been found since he was seen riding away from this city.

He was about five feet six inches tall, was of a fair complexion, and wore a full beard, with no mustache. He was a fine looking old gentleman about 75 years of age.

The son is on his way to Nevada, Mo., to look after the estate left there by his father.

What a Tale It Tells.
If that mirror of yours shows a wretched, rallow complexion, a jaundiced look, mottled patches and blotches on the skin, it's in trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25 cents at J. H. O'Reilly & Co.'s drug store.

It Saved His Baby.
My baby was terribly sick with the colic, we were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Deak, of Williams, Ore. "I am happy to say it gave immediate relief and a complete cure." For sale by all druggists.

HERPICIDE
Relieves Dandruff Immediately

Newbro's Herpicide
performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.

One bottle will convince that it is the only hair restorer that makes no mistake.

For sale by all First-Class Drug Stores.

SAN MARCIAL ITEMS.
Special Correspondence.
San Marcial, N. M., Aug. 2.—N. R. Watkins and H. M. Legg of Rosedale came in from Rosedale this morning.

P. E. Smith and wife arrived from Denver, Col., this morning, where they were united in marriage about two weeks ago.

Geo. D. B. Tibbels left for East Las Vegas hospital this morning, where her husband is very ill.

Last evening was ended off by a blue rain, about 5 o'clock and cleared a few minutes.

The river is fast going down. The Martin mine at Rosedale has not started yet, but it is rumored they will start soon.

Mr. McCosh, druggist, has been around getting subscribers to a telephone line in this city and a few neighboring villages.

Bob Lane is driving the Hanna & Co.'s stage to Rosedale.

Harry Leeman, night caller at the townhouse here, has taken a vacation to Peeco valley for a few weeks and Robert Gray fills his place.

Captain Crawford was here today. A few drunken men have been taken off, as the rush is over now.

The laws of health require that the bowels move once each day and one of the penalties for violating this is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price, 25 cents. For sale by all druggists.

Here is a Chance
To buy a fine home, cheap. Mr. Wm. Cook having located elsewhere has concluded to sell his property known as the Bill Cook place, corner East street and Highland avenue. The property consists of about an acre of ground nicely fenced, five-room house, stable, out-buildings, windmill and tank in good pair which furnishes water for all purposes, also with a back of lots, 20 bearing fruit trees of all kinds, grapes, etc. Good location to build houses to rent. See H. S. Knight, agent, and he will be pleased to show property to anyone desiring to purchase.

The Art of Advertising

Is a greatly misconstrued expression. There is no art connected with a true advertisement—it is simply a narration of store news. Dashing headlines and beautiful phraseology attract the eye, produce occasional purchases and invariably result in dissatisfaction. Our method of advertising is to relate facts. We have our say and let you judge its veracity. That this manner has merited the entire approval of all classes of shoppers has again been demonstrated to us by the great success achieved by our recent sales. The coming months business will be a record breaker, for we have some great surprises in store for you.
