TRYING TO AGREE.

Steel Combine Trying to Settle Strike.

Commander Steyn of the Boer Army Killed.

Transport Lenox Disabled, Sighted Off San Francisco Coast.

PRICE OF SUGAR REDUCED.

Pittsburg, Aug. 3.—The removal of the seat of negotiations to end the strike from this city to New York at the invitation of J. P. Morgan has greatly relieved the strain upon the public which the ineffective deliberations of the executive committee has produced. Everybody seems to look upon this last phase of the pending struggle between the Amalgamated association and the United States steel corporation as a good omen. It seems certain that the result of today's conference will mean peace or extension of the strike to all constituent companies of the United States steel corporation. The features which mark the strike situation today are the condition of affairs at Wellsville, where it is reported there was some shooting early today, and some excitement among the people at McKeesport, where the trouble at Wellsville is said to have been caused by a hundred strikers attacking a boarding house where the non-union men reside, while the disturbing element at McKeesport originated from a report that the men at the National rolling mill and the Boston Iron and Steel works were going to organize today into a lodge of the Amalgamated association. If this is true, it would mean that all the plants of the steel trusts would be idle and eight to ten thousand men out of work.

PUT MOB TO FLIGHT.
A Wellsville, Ohio, dispatch says: About 2 o'clock this morning about one hundred strikers went to the house of a mill worker named Harry Phillips, whose wife bore three men who came here a few days ago to work at the mill. The strikers broke the house with stones, breaking nearly all the windows. Several shots were fired, but no one was hurt. Mrs. Phillips, armed with a gun, went out in the crowd of strikers and dared them to touch her. She then took her husband, including her husband, to the mill and put the mob as she calls them to rout.

SEGO WORKERS.
Pittsburg, Aug. 3.—Fifty negroes from the local steel mill are unable to work at the steel mill at Wellsville or Newburgh.

LEADING CONFERENCE.
Pittsburg, Aug. 3.—The full executive committee of the Amalgamated association of the iron, steel and tin workers arrived this morning in New York, going to the Astor house for breakfast. They were to hold a conference with J. P. Morgan, President C. M. Schwab, of the United States steel corporation, and officials of the big trust during the day. The purpose of this move on the part of the executive board was said to be to get from Morgan in person a statement of the terms offered by him to President Shaffer and Secretary Williams. President C. M. Schwab was at his office early in the morning preparing for the meeting. He, too, it was announced, would personally participate in the meeting.

President Shaffer arrived at the United States steel offices at 10:45. He and other labor leaders then entered Schwab's office.

Shortly after 11 o'clock J. P. Morgan, Robert Bacon of J. P. Morgan & Co., and a member of the firm of J. P. Morgan & Co., London, arrived at the United States steel corporation's office, and entered the room where the conference was being held.

FAILED TO AGREE.
New York, Aug. 3.—The steel strike conference held here today failed to arrive at an agreement. The proposals made by J. P. Morgan and Chas. M. Schwab, through President Shaffer and Secretary Williams, of the Amalgamated association, a week ago, are still open, but the strikers' representatives showed no inclination to accept them. Representatives of the strikers left the conference with the announcement that they would go in to secret session themselves later in the afternoon. It was admitted that there might be action taken at that meeting which would change the situation. At the conference this morning Messrs. Morgan and Schwab insisted upon acceptance of the terms offered by them on Saturday last. President Shaffer and his associates demanded further concessions in behalf of the union. Neither side would give in and the conference parted, leaving the situation practically unchanged. President Schwab went from the conference to the office of J. P. Morgan, where he was closeted for a time with Robert Bacon. He would not discuss the conference on the strike situation. President Shaffer, at the close of the conference, went to the Stevens house where other Amalgamated association delegates were present. He declined to speak on the subject further than to say:

"It's too serious a matter. I must submit certain matters—understand me, not propositions—to my men before I can speak."

He would not say whether there was to be another conference this afternoon.

ONLY PROPOSITION.
New York, Aug. 3.—After the adjournment of the conference, President Reid of the American Tin Plate company was quoted as saying that the executive board of the Amalgamated association had until 4 o'clock this afternoon to accept the only proposition made them by J. P. Morgan, to return to work at last year's scale.

GUARDING THE MILLS.
Cleveland, Ohio, Aug. 3.—As a result of the report that negroes are being brought into the city to supply white workers, the steel mills of the United States steel corporation, the idle plants are beginning to be picketed by members of the Amalgamated association.

Boer Commander Killed.
Bloemfontein, Aug. 3.—Commandant Hermann Steyn, cousin of President Steyn, was killed on August 1, while fighting at Ficksburg. The Boers and rebels are reentering the Barkly West district of Cape Colony.

Lenox Disabled.
San Francisco, Aug. 3.—The United States home transport Lenox has been sighted off this port in tow of the United States tug Slocum, which was sent out Thursday to search for the Lenox, work having been brought to this city that the vessel had broken up on July 25, when about 300 miles from port.

Price of Sugar Reduced.
New York, Aug. 3.—The American Sugar Refining company today reduced all grades of refined sugar ten points.

Wool Market.
St. Louis, Aug. 3.—Wool firm, unchanged; territory and western medium, 14¢; fine, 11¢; coarse, 11¢.

Washouts at Ludlow.
The cause of the delay of the No. 8 and the No. 2 passenger trains from the west was a big washout near Ludlow station. A double header freight ran into the washout and one of the engines tipped over, but fortunately the engineer and fireman jumped in time to save themselves from serious accident. A "shoo-fly" was seriously constructed around the washout and wreck, and the delayed passenger trains then proceeded on their eastward journey.

Foot Crushed.
Dr. Elder, in charge of the local railway hospital, was at the depot when the No. 8 passenger train got in from the west at 2:40 p. m. He received George W. Young, a brakeman, who got his left foot under the wheel of a freight car at Belmont last night and the foot was badly crushed. Young was taken to the hospital for treatment.

A. E. Pierson, formerly proprietor of a meat market in Bland, visited in the Duke city today.

MONEY TO LOAN.
On diamonds, watches, etc., or any good security; also household goods stored with strict confidentiality. Highest cash price paid for household goods. Automatic phone, 120.

T. A. WHITTEN.
114 Gold avenue.

White Clematis Soap is the best toilet soap made. 10 cents, 3 for 25. Alvord's Pharmacy.

We are headquarters for bed spreads, sheets and pillow cases. Albert Faber, Grand building.

The finest line of toilet articles in the city at Mrs. Wilson's.

BRUTAL ORDER.

English Troops Ordered to Butcher Boers.

Part of Brooklyn Bridge to be Rebuilt.

Ex-President Kruger Willing to Pay Any Price for Peace.

SAN FRANCISCO STRIKE SPREADING.

New York, Aug. 4.—London correspondent of the Tribune cables: The prompt action of the government in telegraphing General Kitchener that all Boers found guilty of killing natives employed by the British forces were to suffer the death penalty is generally approved of. So intense is the desire to have the campaign finished that even atrocities would be welcomed by many if they could be convinced that these were signs that an end of the deplorable war was in sight.

Brooklyn Bridge.
New York, Aug. 3.—The examination of the Brooklyn bridge has been ordered with a view to ascertaining the cost should the board decide to rebuild a part of the bridge. Opinion of experts differ widely as to what steps should be taken in view of the recent discoveries of breaks in the structure, but all agree that too great unnecessary weight has been put upon the bridge the last few years.

Kruger Willing to Pay for Peace.
Paris, Aug. 3.—In the course of an interview with the French press, the Transvaal said:

"We already have proposed peace directly to Great Britain and will not renew the propositions. All we are willing to give for peace is money if Great Britain asks it. No price is too dear to obtain independence, and the right to live as a free nation."

San Francisco Strike.
San Francisco, Aug. 3.—The efforts of Mayor Phelan to effect an amicable settlement of the labor troubles in this city have not been productive of any definite result. It is generally asserted by labor leaders that if an agreement is not reached by the night, or exceedingly good reasons given for a continuance of the strike, other unions will be called out.

BEATEN BY BLOOMERS.
Boston Girls Lower the Colors of the Phoenix Ball Players.

Up in arms against masculine skill, wit and comely maidens, brunettes and blondes, displayed their physical prowess on the base ball diamond before a crowd which packed the grand stand of the Phoenix park and scored a victory over the flower of local players. The Boston Bloomers, under the management of W. P. Newman, from the game from the Phoenix base ball club yesterday, the score being 11 to 19.

Surprise was pictured on every face when the gentle twirlers after quick, unostentatiously and systematically taking their places on the diamond, displayed a remarkable skill in manhandling in the field, checking the progress of hot liners from the bat and tossing the leather home with the ease of skilled men.—Arizona Republic.

This team will play against the celebrated Browns on Monday afternoon at the fair grounds. An admission of 50 cents will be charged.

LOCAL PARAGRAPHS.
W. P. Metcalf left for Bernalillo today and tomorrow will visit with his family at Ellis' ranch. He was accompanied by Leo Strauss.

The proprietors of the "No Name" store on Gold avenue are expecting a visit from their uncle, L. H. Springer, who arrived last night from Trinidad, Colorado.

Mrs. H. S. Van Slyke, who was rusticated on the Ellis ranch near Bernalillo came in last night and is visiting here today. She will continue to her El Paso home tonight.

Jefferson Reynolds, the banker and politician, who was down in Mexico and El Paso, came in this morning, met a few friends, and continued north to Las Vegas on the delayed No. 2 this afternoon.

Dr. J. H. Wroth received a message today from Dr. Harrison of Santa Fe, asking him to come to the capital city at once. The local physician complied with the request and left for the north on delayed No. 2.

Eugene Eldon, agent for the Bland Transfer company, at Thornton, transacted business in the city today. He says ample provisions are being made for the entertainment of hundreds of guests at Thornton tomorrow.

James Lucas, broker and promoter of mining property with headquarters and home at Cerrillos, is in the city and called at The Citizen this morning. He is here on business, which he will transact and return to Cerrillos tonight.

The funeral services of Herbert Cox were conducted this morning at 9 o'clock at the parlors of O. W. Strong & Sons and were attended by a few friends of the family, all of whom followed the body to Fairview, where it was laid to its final rest.

H. A. Pease, editor of the Holbrook Argus and brother of P. L. Pease, came in from California this afternoon. P. L. Pease is the principal of the school at Cumberland, Wis., and will continue home tomorrow night, while Editor Pease returns to Holbrook.

Superintendent Hedges, in charge of the free delivery service of the United States, stopped over here between trains on his return from a business trip to California and continued on to Washington, D. C., on the delayed passenger train this afternoon.

Emil Mann, the south second street saddler, yesterday received a fine little buggy from the Colfax Manufacturing company of South Bend, Ind., and this morning he hitched up his spotted Shetland pony to it. The rig, horse and harness only weigh 550 pounds.

Three well known Santa Fe Pacific engineers—Dixon, Granger and Shade—who were on the Rio Pecos the past few weeks fishing, returned last night, and they report having had a fine time but say that the rains, which came to the mountains almost every after-

KLONDIKE GOLD.

Half a Million Dollars Brought to Seattle.

Yacht Columbia Defeats the Independence.

Rains Falling in States of Iowa and Nebraska.

WEEKLY BANK STATEMENT.

Seattle, Wash., Aug. 3.—The Humboldt arrived from Skagway this morning with \$500,000 of Klondike gold. According to advices brought down by the Humboldt, the Newport reached Juneau, on July 30, and reported that five men had been killed by Indians about 200 miles west from Valdez Island.

Mail Columbia.
Batemans Point, Aug. 3.—The Columbia defeated the Independence by one minute and eighteen seconds in the yacht race today.

Rains.
Des Moines, Iowa, Aug. 3.—A light rain fell here this morning and continued until noon. The rain was reported by the Humboldt, the Newport reached Juneau, on July 30, and reported that five men had been killed by Indians about 200 miles west from Valdez Island.

Bank Statement.
New York, Aug. 3.—The statement of the associated banks for the week ending today shows:

Loans, \$878,508,900; increased, \$10,553,500; deposits, \$956,912,200; increased, \$1,973,700; circulation, \$30,57,800; decreased, \$64,700; legal tenders, \$80,597,700; increased, \$655,700; specie, \$180,545,700; increased, \$1,245,500; reserves, \$201,145,400; increased, \$2,380,200; reserve required, \$238,978,050; increased, \$3,243,425; surplus, \$22,165,350; decreased, \$963,125.

MARKET QUOTATIONS.
Market quotations and review furnished by W. P. Metcalf, No. 6 Cromwell block, received over the private wire of F. G. Logan.
New York, Aug. 3.—Market opened strong on more hopeful feeling with regard to settlement of the strike at the conference today between the full committee Amalgamated officials and those of the steel corporation, headed by Mr. Morgan, but there was no news of the negotiations and under profit taking sales in a dull market prices sagged somewhat and the close was a shade off from the best. The bank statement was disappointing with a decrease in reserves of about a million, but some special cause can probably explain the large increase in loans of nearly eleven million and in deposit of nearly thirteen million. A dividend of about Southern Pacific is considered improbable, surplus earnings to be used for improvements. The coalers were well bought. Haven't they decided any intention of retiring from sugar company.

CASEINE INDUSTRY.

New Use for Buttermilk Has Been Lately Discovered.

Transformed into Buttons and Glass—A Branch of Business That is of Great Benefit to the Farmer.

In the last few years the caseine industry of this country has developed into one of the best investments for both the farmer and the manufacturer. It is not so long ago that buttermilk was such a drug on the market that it was considered a food for pigs or a waste substance to be thrown away. This has been changed, and where formerly the dairyman obtained nothing for the liquid, he now converts it into caseine, either in his own dairy or in a factory owned by the caseine trust. Caseine is an albuminous substance, best known to the average citizen in the form of cheese. It contains as much nitrogen as meat, more than eggs, and more than fish. Its food value is therefore very high. Thus far this feature has not been utilized in the United States, all our own caseine being used for other industries, but vast quantities go to France and Germany, where they are transformed into artificial foods. The manufacturer is now up to the millions of pounds, and is increasing annually. Some is converted into buttons. This is done by mixing the caseine with fine clay and other inorganic materials made into a paste, rolled, stamped and baked. It makes a light, glossy and handsome button, and is much stronger than the one made of china or glass. In the matter of small buttons and studs, it can be made iridescent or colored to suit the public fancy. Thus far in our own land caseine has been put to low utilitarian purposes. By chemical treatment, it is changed into a very strong glue, which is used in making veneers. Several great cuprages out west now make turntable-balls of these veneers, and use one or two pounds of weight, and at the same time get a stronger and handsomer barrel head. These veneers are also employed for chair-seats, car-seats, soundings, and piano-cases. A second use is made into paper for book-binding. Caseine is now white, and when mixed with wood pulp, straw pulp, and similar bodies gives a whiter and clearer product, and also one that is less brittle and more durable. This mixed pulp is made into paper for book-binding, writing-paper, wall-paper, and paper boxes. The white boxes which the more enterprising shoe dealers and department stores now affect are the results of this industry.

Articles of Incorporation.

First: The full names and residences of such incorporators are: William Fraser, residence, Arroyo Seco, Territory of New Mexico; Calvin Whitling, residence, Albuquerque, Territory of New Mexico; Lawrence H. Van Sant, residence, West Ashbury Park, County of Monmouth and State of New Jersey; Samuel Johnson, residence, City of Ashbury Park, State of New Jersey; Sherman B. Oviatt, residence, City of Ashbury Park, State of New Jersey.

Second: The corporate name of such corporation is, "Fraser Mountain Copper Company."

Third: The purposes for which said corporation and company is formed are, to purchase, take on lease, or otherwise acquire any mines, mining rights and lands in the Territory of New Mexico, in the United States of America, or elsewhere, and any interest therein, and to explore, work, exercise, develop and turn to account the same; to carry on the business of mining, quarrying, milling, concentrating, converting, smelting, refining, dressing, amalgamating, treating, preparing for market, manufacturing, buying, selling, exchanging and otherwise producing and dealing in gold, silver, copper, lead, zinc, brass, iron, steel and in all kinds of ores, metals and mineral substances and in the products and by-products thereof of every kind and description, and by whatever process the same can be or may hereafter be produced; to buy, sell, manufacture and deal in ores, minerals, plants, machinery, implements, conveniences, provisions and things capable of being used in connection with mining operations or required by workers and others employed by the company; to construct, carry out, maintain, improve, manage, work, control and superintend any roads, ways, railways, bridges, reservoirs, water courses, aqueducts, wharves, furnaces, mills, crushing works, hydraulic works, works, factories, warehouses, and other works and conveniences which may seem directly or indirectly conducive to any of the objects of the company, and to contribute to, subsidize, or otherwise aid or take part in any such operations, and generally without limit as to amount, to buy, sell, exchange, lease, acquire and deal in lands, minerals, mining rights and claims, and in the above specified products and to conduct all business appertaining thereto.

Fourth: The amount of the capital stock of such corporation shall be One Million Dollars, divided into one million shares of the par value of One dollar each.

Fifth: The term of existence shall be fifty years.

Sixth: The number of directors shall be five, and the names of those who shall manage the concerns of the company for the first three months are: William Fraser, Calvin Whitling, Lawrence H. Van Sant, Samuel Johnson and Sherman B. Oviatt.

Seventh: The principal place of business of said company is fixed and located in the City of Albuquerque, in the County of Bernalillo, Territory of New Mexico.

In witness whereof, we have hereunto subscribed our names and affixed our seals this twenty-fifth day of July, A. D. nineteen hundred and one.

WILLIAM FRASER. (L. S.)
CALVIN WHITLING. (L. S.)
LAWRENCE H. VAN SANT. (L. S.)
SAMUEL JOHNSON. (L. S.)
SHERMAN B. OVIATT. (L. S.)

Territory of New Mexico, county of Bernalillo, ss.

On this 25th day of July, A. D. 1901, before me the undersigned, a notary public within and for the county of Bernalillo, Territory of New Mexico, personally appeared William Fraser and Calvin Whitling, each to me known to be two of the persons described in and who executed the foregoing instrument, and they each acknowledged that they executed the same as their free act and deed for the uses and purposes therein set forth.

In witness whereof, I have hereunto subscribed my name and affixed my official seal the day and year in this certificate first above mentioned.

(Signed) JOHN MUNN, Notary Public, In and for the county of Bernalillo, New Mexico.

State of New Jersey, county of Monmouth, ss.

On this 25th day of July, A. D. 1901, before me the undersigned, a notary public within and for said county and state, personally appeared Lawrence H. Van Sant, Samuel Johnson and Sherman B. Oviatt, each to me known to be the same persons described in and who executed the foregoing instrument and they each acknowledged that they executed the same as their free act and deed for the uses and purposes therein set forth.

In witness whereof, I have hereunto subscribed my name and affixed my official seal the day and year in this certificate first above mentioned.

(Signed) CLARENCE E. ANCKER, Notary Public, In and for the state of New Jersey.

If the action of your bowels is not easy and regular, serious complications may result. DeWitt's Little Early Risers will remove this danger. Safe, pleasant and effective. B. Ruppe, Cosmopolitan.

Lutheran church, Rev. R. Richter, pastor—Sunday school at 9:45 a. m.; German service at 11 a. m.; English service at 8 p. m.

President Lincoln and the Flowers. President Lincoln, with his great kindly nature to which children and music appealed so strongly, was, of course, passionately fond of flowers, and during his administration the conservatories assumed a form very similar to that of the present appearance. Very often when Lincoln was to be absolutely alone he sought the solitude of the conservatory, and those about him, as soon as they became appreciative of this fact, exercised the greatest respect for his wish for privacy should be respected. Often when a cloud of sorrow and desolation hung darkest over the country the old gardener in charge would come suddenly upon the president standing dejectedly among the foliage, his eyes bedimmed with tears. He would pick a flower, in Woman's Home Companion.

His Ideal.

Oletem—Never marry a woman who has money. She will be forever throwing it at you.

Jack—Well, that's what I want. I care where she throws it or down, as long as she throws it. Judge.

OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a sturdy old age is this: Keep the stomach and organs of digestion and nutrition in perfect order. The young man who does not think of his stomach will be made to think of it as he grows old. It is the "weak" stomach, incapable of supplying the adequate nutrition for the body, which causes the weakness and feebleness of old age.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and enables the body to be fully nourished and strengthened by the food which is eaten.

I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case. I wrote Mr. G. B. Rogers, of Buffalo, N. Y., and he sent me a bottle of Dr. Pierce's Golden Medical Discovery, and after taking two bottles of the "Discovery" I was able to do light work, and have been improving ever since. I am now 60 years old, and for one of my age—60 years. I owe it all to Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y.
