A RAY OF HOPE

In Sight for the Torrid
East.

Light Scattered Showers Re-
ported in Hot Regions.

Manager Indian Store Near Fort
Wingate Burned to Death.

CHICAGO'S WILD GRAIN MARKET.

St. Louis, July 23.—After a hot,
close night, a breeze sprang up this
morning bringing relief to thousands
of sufferers. The thermometer regis-
tered 92 degrees compared with 100
at the same time yesterday. During
the past twenty-four hours there has
been numerous prostrations and eight
deaths from heat.

DYING IN ST. LOUIS.
St. Louis, July 23.—At 1:30 p. m.
the government thermometer regis-
tered 103, three less than at the same
time yesterday, when all records were
broken. Mortuary office reports
twelve deaths from heat in St. Louis in
the past twenty-four hours. Most
prominent among the dead is Dr. John
R. Cross White.

LIGHT SHOWERS.
Kansas City, July 23.—Light and
scattered showers were reported late
yesterday and last night in north-
west Missouri, eastern Kansas, Arkan-
sas, northern Texas, but at no point
is it believed was the fall sufficient
to cause permanent relief.

Today the Kansas City weather bu-
reau reported temperature at 92 at 11
o'clock, slightly lower than yesterday,
but with indications for fair and con-
tinued warm weather in this part of
the country.

The rain reported in Kansas the
past twelve hours takes in seven
counties of the eastern part of the
state from Atchison down to
Oklahoma line.

This morning there was no sign of
relief from the heat.

RAY OF HOPE DISAPPEARING.
Washington, July 23.—The weather
bureau officials find nothing in climat-
ological conditions to justify the pre-
diction of a change in the temperature
of the heated section of the country.

CLOUDY SKY.
Omaha, July 23.—With a record of
nine deaths and thirteen prostrations
the last thirty hours, today opens
with a cloudy sky, the mercury at 7
o'clock registering 82.

STILL HOT AT DES MOINES.
Des Moines, Iowa, July 23.—The
temperature at 7 a. m. was 82, three
degrees hotter than yesterday, when
109 was reached in the afternoon.

INDIAN STORE BURNED.
Woodgate's Store Destroyed and Al.
Morrison Burned to Death.
Special to The Citizen.

Gallup, N. M., July 23.—The Indian
trading store, owned by John Wood-
gate, near Fort Wingate, was burned
last night. Al. Morrison, who had
charge of the store, was burned to
death. The sheriff at Gallup has been
called upon to send a coroner to hold
an inquest and investigate the burn-
ing.

NERVOUS GRAIN MARKET.
Prices a Few Points Lower Than Close
of Yesterday.

Chicago, July 23.—The opening
scenes of the grain pits were as wild
today as yesterday, especially among
corn and oats traders. Nervousness
apparently was almost in a panic to
secure profits and in consequence
there was a wild range of prices. Sep-
tember corn, selling unusually low
from 52 to 54½, the latter figure be-
ing 5 under the closing price of yes-
terday. At the decline prices
steadied, largely under buying
for country accounts. Regarding crop
situation there is nothing to change
the pessimistic views as to the corn
and oats crops.

Railroad Pointers.
San Francisco, July 23.—Charles M.
Hays, president of the Southern Pacific
company, departed for the east for
a conference with E. H. Harriman
and J. C. Stubbins. It is announced
that among the important matters to
be considered is the proposed Ogden
Lynch cut off and other proposed im-

Threatened With Destruction.
Des Moines, July 23.—The water
supply and buildings of the Iron Mountain
railroad here are threatened with de-
struction from fire, caused by spontane-
ous combustion.

improvements of the line. Successors to
be appointed to C. W. Bein, traffic
manager of the Southern Pacific east
of El Paso, who recently died, and Ed-
win Hawley, assistant general traffic
manager of the company in New York,
resigned. It is presumed President
Hays will consult the general traffic
manager, J. C. Stubbins, before these
places are filled.

CROP CONDITIONS.
The Weather Bureau's Report for the
Past Week.

Washington, July 23.—The following
is the weather bureau's weekly sum-
mary of the crop conditions: Intense
heat prevailed another week through-
out the central valleys and middle
Rocky mountain region with only local
showers over a limited and scattered
area. The maximum temperatures
were 100 degrees or above, were daily
occurrence over more or less territory
named. Under these conditions the
crops have been suffering intensify and
its largely increased. Missouri,
Kansas, Oklahoma and portions of Ne-
braska suffered most but conditions
were not critical from heat in the region,
central Ohio valley and Tennessee
westward to the middle Rocky moun-
tain region, including the greater part
of Texas.

Portions of the middle and south At-
lantic states continue to suffer from
excessive moisture, but favorable tem-
peratures have been experienced in these
districts and also on the Pacific
coast, where this week was cooler
than usual. The outlook for corn is
less favorable than close of the pre-
vious week.

Grand Lodge of Elks.
Milwaukee, Wis., July 23.—The con-
vention of the grand lodge of Benevo-
lent and Protective Order of Elks ap-
proached today. Grand Exalted Ruler
Charles presented report which showed
during the past year 123 new discip-
les granted and now there were 729
lodges having a membership of 96,000,
an increase since last convention of
23, 123 per cent. Grand lodge had
an increase on hand in treasury of
\$70,000.

The Teamsters' Strike.
San Francisco, July 23.—The team-
sters' strike bears serious aspect this
afternoon. Both sides are standing firm,
and feeling between opposing forces is
becoming more bitter. Squads of po-
lice mounted and on foot are patrol-
ing the wholesale district, wharves
and railroad districts. At the City hall
a large force of police is in readiness
to answer call for aid. One or two
small fights have occurred.

Damages By Drouth.
St. Louis, Mo., July 23.—According
to the best information obtainable to-
day at the government experimental sta-
tion at Columbia, Mo., the drouth
throughout the state is growing more
serious every day. The Missouri state
censor bureau approximately estimates
the crops in Missouri damaged at
\$100,000,000 by drouth since the 17th
of last April.

Reduction Works Destroyed.
Florence, Colo., July 23.—A fire said
to be incendiary originated today and
entirely destroyed the big plant of the
El Paso Reduction company located a
quarter of a mile south of Florence.
The loss on the plant will be about
\$225,000, on the ore \$25,000, with about
\$100,000 insurance. The mill was owned
by Philadelphia capitalists.

The New Directors.
New York, July 23.—At a meeting
of the Northern Pacific company to-
day the following new directors were
elected, in accordance with a recent
letter of J. Pierpont Morgan, Jas. J.
Hill, E. H. Harriman, Wm. Rockefeller,
H. M. Twombly and Samuel Rea.

They Met Fight.
Capetown, July 23.—It is reported
that General Delarey informed Kloks-
burg command that there is no longer
any chance of European intervention
and that they must fight the war out
to the bitter end entirely on their own
account.

Free Trade Proclaimed.
Washington, July 23.—The free
trade between the United States and
Porto Rico will be proclaimed Thurs-
day. Attorney General Knox is pre-
paring proclamations which will be
issued.

Successor Appointed.
Washington, July 23.—Wm. Hunt,
present secretary of Porto Rico, has
been selected to succeed Governor
Charles H. Allen, upon the retire-
ment of the latter next September.

Threatened With Destruction.
Des Moines, July 23.—The water
supply and buildings of the Iron Mountain
railroad here are threatened with de-
struction from fire, caused by spontane-
ous combustion.

NO CHANCE

In Strike Struggle at
Pittsburg.

Terrible Petroleum Explosion
on American Vessel.

Gossip Caused by Medal Presen-
tation to King Edward.

JINGO DEMONSTRATION IN LONDON.

Pittsburg, July 23.—The strike sit-
uation presents practically no new
phases this morning. It appears the
striking forces are settling down to
a protracted struggle.

EXPECT MEN TO WEAKEN.
Pittsburg, Pa., July 23.—Leaders of
the Amalgamated association are evi-
dently expecting some coup by the
combine, and while they express con-
fidence in the strength of their organi-
zation, there is an undercurrent of
uneasiness.

Secretary M. F. Tighe says: "Reason-
ing purely along the lines of form-
er strikes, it does not seem unlikely
to try to start the Painters or even
more mills with non-union men as
preliminary tests of strength, but I do
not think it will be successful. If such
a thing is tried, of course, the police
will figure as guards. There the dan-
ger lies."

Manufacturers conversant with the
situation declare the workers will soon
weaken, and the United States Steel
corporation is waiting until the men
are ready to go to work.

STRIKERS RESTLESS.
McKeesport, Pa., July 23.—The
strikes here, steel workers and the
plant of the W. Deewevo Wood com-
pany here spent a restless night. It
had been rumored that non-union men
would be imported to take the places
of the strikers. Guards were station-
ed at every forty feet around the mill
all night. Last night Trustee John
H. McKeen, president of the Amalgamated
association, organized a lodge of workmen
at the Glassport plant of the Ameri-
can Steel Hoop company. This is con-
sidered another victory by the strikers
since this mill has been non-union
since it was opened.

Terrible Explosion of Petroleum.
St. Paul, Minn., July 23.—An explosion
today of petroleum on board the Ameri-
can schooner Louise Adelaide in the
harbor here, resulted in the death of
Captain Orr and ten members of the
schooner's crew and four Swedish
custom officers and the Brazilian con-
sul. Two of the crew were saved.

The explosion set the schooner afire
and the blazing petroleum enveloped
the vessel and those on board.

CAUSING COMMENT.
American Ladies Bowing to the En-
glish King.

London, July 23.—Much gossip is
caused by the presentation to King
Edward yesterday by some American
ladies of the hospital ship Maine
medal commemorating the Maine disas-
ter. The idea was opposed by influen-
tial members of the committee on the
ground that the king did not want the
medal, but others carried the day. The
king's reply is causing some comment,
as he thanked "this American" for the
gift for their "loyal, dutiful senti-
ments," as he did the Kansas legisla-
ture in answering their telegram of
condolence on the queen's death.

Jingo Demonstration.
London, July 23.—The presentation
of the Maine medal to the king today
at the City hall, at Guild hall, was
made the occasion for a jingo demon-
stration in favor of the war in
South Africa and the policy of
the government.

PEACE TO HIS ASHES.
Impressive Funeral Services Over
Remains of A. A. Grant.

BURIAL IN FAIRVIEW CEMETERY.
Upon the arrival of No. 2 passenger
train from the west this morning there
was a large number of the Masonic
order and friends at the local station
to receive the mortal remains of the
late A. A. Grant, whose demise occur-
red in Los Angeles last Saturday
morning. The remains, which were
accompanied from California by the
brothers, John R. and L. A. Grant, and
son, Daniel Grant, and met at the
station by D. A. MacPherson, secretary
and treasurer of the various corporations
of the deceased, and Superintendent F.
W. Fisher of the west coast plant, were
escorted by members of the Knights
Templar to the undertaking parlors of
O. W. Strong & Sons, where the out-
side shipping case was removed and
at which place they rested until 1
o'clock. At this hour the body was
again escorted to the Masonic Temple
on north Third street, where it lay in
state until the funeral ceremonies
were begun.

As a mark of respect to the one who
has ever been loyal to this city and
that proprietors and employees might
pay homage to the memory of the de-
parted, nearly all the business houses
were closed at 3 o'clock this after-
noon, and hundreds of citizens viewed
the remains as they peacefully repos-
ed in the center of the large hall.

The casket, which was of a Califor-
nia state pattern, copper lined, with
column corners, full extension ox-
idized handles, and a name plate, bear-
ing the simple inscription, "Angus A.
Grant, died July 20th, 1901, age 57
years," rested upon a catafalque of
brass trimmed in black cloth, and was
profusely banked with floral offerings,
which were the gifts of the following:
Temple lodge, No. 6, Pilgrim Comman-
dery and Myrtle Shrine, Bank of Com-
merce, Mr. and Mrs. F. H. Kent, Mr.
and Mrs. A. G. Wells, Mr. and Mrs. D.
A. MacPherson, Mr. and Mrs. Ralph
Halloran, Mrs. Stanbury, The Daily
Citizen, D. M. Riordan, George
P. Albright, A. E. D. Caracallen and
Hon. W. B. Childers. The offerings
were beautiful, chief of which were
an immortal wreath, a broken
pillow of red and white roses, above
which rested a white dove with up-
ward stretched wings, presented by
employees of the gas, water and elec-

While the body lay in state a guard of
honor was placed about the casket
which included Sir Knights Alexan-
der Stevens, W. W. Strong, Ed. B.
Hirsch and E. C. Weidner, with re-
lays.

At 1:30 in the hall Hon. W. R. Childers
delivered the funeral oration which
was very appropriate and quite
impressive, after which the members
of the various lodges and friends
formed in line and wended their way
to Fairview cemetery. When march-
ing on Railroad avenue it was remark-
ed by many citizens that the funeral
procession was one of the largest that
has ever been observed in the city.
Dr. L. H. Chamberlain performed the
duties of marshal.

The following orders to which the
deceased was an active and worthy
member were Temple lodge, No. 6,
A. F. and A. M., Rio Grande chapter,
No. 4, Royal Arch Masons, Pilgrim

BYRON BOLTERS TO HOLD CONVENTION.

Pittsfield, Mass., July 23.—At the
opening of today's session of the Pos-
tburg manslaughter trial Judge Ste-
vens excluded from the court room
three New York papers, Judge
Stevens said his attention had been
called to the publication of an article
in those papers purporting to be a de-
scription of a visit of the Postburg
family to the burial place of May Pos-
burgh last Sunday. "There could be
no more outrageous breach of propi-
ety," said the judge, "and nothing is
so calculated to prejudice the minds of
the jury and public and defeat the
ends of justice. Publishers of these
newspapers are outside of the common
wealth and therefore outside of my
jurisdiction, but if proof were given
to me of the identity of the writers I
would deal with them as action de-
serves."

All Passengers Saved.
Saginaw, Mich., July 23.—The
steamer City of New Baltimore, run-
ning between here and Tawas, sank

thirty passengers on board. The boat
was returning for an excursion to

McLean took off the passengers. All
landed here safely, early this morn-
ing.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE, — JULY 23, 1901.

A FAIR LOTTERY.

There has been some criticism of the government over the fact that it resorted to a lottery scheme for the purpose of distributing the 13,000,000 acre farms, which it has at its disposal in the new Kiowa-Comanche-Wichita Indian strip lying between Texas, Indian Territory and Oklahoma. It is said that it is a highly immoral way of disposing of the public land and tends to encourage the spirit of gambling, which no government should do.

As a matter of fact no plan yet attempted has been in any respect either so fair or so satisfactory. The opening of other public lands in big lots has been characterized by outlaws, and murder has marked a bloody trail through the whole allotment. In nearly every case the battle was with the strong. The weak were trampled under foot no matter what their rights, and those who could not protect themselves with shotguns promptly lost their status and were cheated out of the claims which rightfully belonged to them. Hundreds of cases were taken into the courts, perjury was rampant, and in the case of Oklahoma, after twelve years there is still in progress litigation which has grown out of disputed titles to the lands comprised within that thriving territory.

The experience of those who have either witnessed or participated in these races for land is that no method could possibly be conceived which would not be fairer than those hitherto resorted to. Therefore the government is to be congratulated that it has hit upon a plan which is quite as fair to one as to another and in which the physically strong are permitted no advantage over the physically weak and the helpless.

CHANGE IN MANAGEMENT.

In the last issue of the Silver City Enterprise, Fred A. Bush, formerly the traveling representative of the Journal-Democrat, announces that he has taken charge of the editorial and business management of the Enterprise and will be "solely and individually responsible for every article which may appear and also its business management." He also announces that the paper will be conducted entirely in his own behalf, but will, however, maintain the corporate form of the company, all of which means that L. M. Fishback, who has charged the past year and a half as editor and publisher, is not altogether, although the new management's low to the public fails to mention the retirement of Mr. Fishback in any manner. Politically, the Enterprise will continue to be republican, and The Citizen wishes the paper and its new editor and publisher continued success.

ROUGH RIDERS' REUNION.

The Roosevelt Rough Riders, whose fighting down in Cuba on San Juan hill in the summer of 1898, is known all over the world, will hold a reunion at Colorado Springs, Colo., on August 2, and Col. Theodore Roosevelt, now the vice president of the United States, will be in attendance. Three hundred school children of Colorado Springs, between the age of 9 and 14 years, will be invited to form an American flag and to accompany the vice president to the speakers' stand on the morning of August 2. The "Stars and Stripes" will thus be strung out for nearly a block, making one of the most interesting and novel features of the reunion. Several of Albuquerque's Rough Riders will be present.

A RIGHTEOUS WAR.

The Denver Post is making a vigorous war against the Monah department store of that city, for forcing its little girl employees to work from ten to twelve hours every day for a salary of only \$1.50 a week, and will not sign the agreement entered into by other big Denver stores, to give one-half holiday each week during the heated season to its employees. The Monah department store has also refused to agree to early closing hours of evening, competing its subsidiaries and cash girls to remain at the store until 10 o'clock at night. The Post is in denouncing such a narrow-minded, stingy concern, and the people of Denver will act accordingly in its patronage.

From the News.

Lightning struck the Baptist college during the storm. One of the windows was blown in and the wall was slightly cracked. It was fortunate that the building was not set on fire.

N. Shaw, who has for some months been identified with the Southwestern Mercantile company here, left for Hill Canyon, in the Santa mountains, Bernillo county, where he has some prospecting claims, and he proposes to develop. Mr. Shaw will make the 200-mile trip overland, going on horseback.

Another herd of goats, which were permitted to run at large by their owner, were rounded up by Constable Hill. They were found to be the property of Carlos Hernandez, and for permitting his live stock to "graze" their living off the shrubbery of this growing municipality, Constable Hill found himself assessed \$25 fine and \$1.75 costs by Justice Phillips. The fine was suspended pending a repetition of the offense. The vigorous action of Justice Phillips and Constable Hill in enforcing the new estray law is meeting with the general commendation of citizens.

Mr. Morrison, presiding elder of the N. W. Mexico district of the Methodist Episcopal church, was in town the early part of last week. Dr. Morrison says that the N. W. church here will soon have a new pastor. He remarked: "I have just received notification of the appointment of Rev. Clyde M. Gearhart, of New York, to the pastorate of the M. E. church at Alamogordo, to fill the vacancy caused by the recent death of Rev. R. R. Reynolds. Bro. Gearhart will be here within ten days. He is a graduate of Syracuse university, and a very able preacher. Alamogordo is to be congratulated upon securing the citizenship of this good man, and the Methodist church of this city upon its good luck in having such a splendid pastor set."

A RATON FREAK.

Wm. Baker thinks He Assaulted Jesse Kinport, of Denver.

With great tears rolling down his cheeks, William Baker, an Englishman, 56 years of age, appeared in the office of Chief of Police Armstrong yesterday morning and demanded that he be examined as a suspect in the Jesse Kinport assault case.

Baker was dusty from travel. He told the chief that five days ago he started from his home near Raton, N. M., for Denver to surrender himself into the hands of the authorities. He walked all the way, he said, between Raton, N. M., and Trinidad, thence making his way aboard freight trains to Pueblo and Colorado Springs. He reached Denver yesterday morning and proceeded at once to police headquarters.

"I am suspected," said he, "of attacking Jesse Kinport. I had a premonition that the detectives would find me and here I am. Take me before the girl and ask her if I am the man or if she ever saw me before."

The old man went on to say that on the night of the assault he was in Denver. He left the following day for his home, and he says that he was told that he was suspected of being the stranger who had attacked the girl. This preyed upon his mind to such an extent that he decided to come back to Denver and face the police.

Chief of Police Armstrong sent Baker to the Kinport house yesterday afternoon in charge of a detective. Kinport said that he was not hurt, and Baker was brought back to jail this morning, says the chief, he is now released.

It is the opinion of those who talked to Baker yesterday that he is mentally unbalanced. He declares that he is a weak brother, Henry Baker, living in Hudson, N. Y., and that Henry promised to loan him money any time he needed it.

He came to Denver on a pleasure trip July 7 and stayed in a downtown rooming house. On the night of the assault, he says, he played for a while on the billiard table and won \$2.50. That night, at a late hour, he heard some one talking about the case, and he thought that he was suspected.

Baker does not know whether to return to Raton or to Pueblo. He says he served through the civil war and that he has lived in the United States for the last forty years. He is a house painter.

Mrs. Kinport and her daughter will go to Colorado Springs tomorrow and remain there for several days. The police report no progress in the search for Jesse Kinport's assailant—Denver Republican.

To date twenty-three miles of steel have been laid on the El Paso & Northeastern extension, and about seventy miles have been graded. The track laying has been held back until the cuts were finished, but with the completion of these latter the rail will be run very rapidly.

There has never been at any time since work upon the extension began been an adequate supply of labor at hand, but the destruction of the smelter at El Paso, and the consequent throwing out of employment of about 600 natives, has relieved the labor situation. Gangs of former smelter employees are coming up on every train, says the Alamogordo News.

When you want a modern, up-to-date physiologic, try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price 25 cents. Samples free at all drug stores.

White Man Turned Yellow. Great suffering was felt by the friends of A. H. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, his eyes, and he suffered terribly. He was treated by the best doctors, but without benefit. Then he was advised to try Chamberlain's Stomach and Liver Tablets, and he writes: "After taking two bottles I was wholly cured. A trial proves its worth for constipation, stomach, liver and kidney troubles. Only 50c. Sold by J. H. O'Reilly & Co., druggists."

From the Advocate.

At a meeting of the school directors the board selected a teacher for the coming term of public school, accepting the application of Mr. J. E. Robertson, of Denning.

Stanley Moore of Oakland, California, who has been the guest of J. W. Borland for three or four weeks, left for the City of Mexico, while here Mr. Borland treated his guest to a mountain lion hunt that terminated very satisfactorily to the hunters, if not to the lions. They succeeded in killing three of the brutes, all being fine specimens.

The storm that occurred here last Tuesday evening shortly after six o'clock was up to date. Lightning illuminated the heavens and thunder shook the earth, while rain fell in torrents and wind here converted into a rushing river and debris went floating down stream. A good many buildings were flooded more or less.

NEW RAILWAY ROUTES.

Amended Incorporation Papers Filed Yesterday With Territorial Secretary.

SANTA FE, ALBUQUERQUE & PACIFIC.

The Santa Fe, Albuquerque & Pacific Railway company which was incorporated some time ago, yesterday notified Territorial Secretary Raynolds of an amendment to its incorporation papers and at the same time filed incorporation papers for a new railway company. The amended incorporation papers change the name of the company to the Santa Fe Central Railway company with headquarters at Santa Fe instead of at Albuquerque. It provides that a line of railway is to be built immediately from or near Santa Fe, from a connection with the Denver & Rio Grande railway, to San Pedro, in southern Santa Fe county, a distance of 40 miles, from San Pedro to the Salt Lake, 30 miles, near Pinos Wells in Valencia county, to connect with the El Paso & Northeastern railway extension being built to a junction point with the Chicago, Rock Island and Pacific system. The incorporators and directors are: William S. Hoge, of Hillsboro; William H. Andrews, of Pittsburg, Pa.; John T. McLaughlin, of San Pedro; Joseph E. Saint, of Albuquerque; and Charles W. Dwyer, of Santa Fe. The capital stock of the company is \$1,000,000. One-tenth of the amount already subscribed, \$100,000, has been paid to the treasurer of the company, J. T. McLaughlin, of San Pedro.

At the same time incorporation papers were filed for the Albuquerque Eastern Railway company by the same men, who are also the directors of the company for the first three months. The capital is \$1,200,000 divided into 120,000 shares. The company intends to build a railroad 15 miles long from Albuquerque to the San Pedro coal fields six miles from San Pedro to connect there also with the proposed Santa Fe Central railway. The road will be through Tijera canyon.

Both lines have been surveyed and the incorporation papers provide that they are to be constructed immediately, thus connecting the great Chicago, Rock Island & Pacific system and the El Paso & Northeastern railway with the Santa Fe system, the Santa Fe Pacific and the Denver & Rio Grande, giving central New Mexico a network of railroads that must greatly hasten its growth in population and in wealth.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Hookwaite, Ohio. For sale by all druggists.

HOLBROOK.

From the Argus. There is not a thermometer left in Holbrook—all melted. Under Sheriff Burdette has purchased the W. C. Barnes property and will move his family there at once.

Walter Gregg, a late arrival in Holbrook from Williams, has accepted a position with Wetzlar Bros. Mr. Gregg was one of the unfortunate in the late Williams fire, and naturally sought the metropolis of Navajo county for a new beginning.

Editor Pease, accompanied by his brother, Prof. L. Pease, of Chamberland, Wis., left for San Francisco. They will take a Los Angeles and southern California points on their return, and anticipate a very pleasant trip.

S. W. Whelan has resigned his position as bookkeeper for Wetzlar Bros., on account of illness, and left for his home in California. The position vacated by Mr. Whelan is now being filled by C. Findlow, of Winnaford.

Another of those pleasant ice cream socials was given by Mrs. Conner and Mrs. De Rosear on the lawn of the Hotel Ironwood, and was greatly enjoyed by all who attended. These socials are becoming very popular among our people, especially to our young society folk.

It Dazzles the World.

No discovery in medicine has ever created so much excitement as that which has been caused by Dr. King's New Discovery for Consumption. It's several tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hay fever, whooping cough it is the quickest, surest cure in the world. It is sold by J. H. O'Reilly & Co., who guarantee satisfaction or return money. WILLIAMS.

From the News. Charles H. H. Williams, government engineer at Truxton Indian school, was in Williams shaking hands with many of his friends. Williams, a well-known engineer of this place of some time ago, returned the first of the week and is working on the Grand Canyon survey.

Mr. Millard, of the firm of D. W. Millard & son, of Phoenix, architects, has been in Williams for a few days since the fire. He is working on designs for several new buildings.

The many friends of Judge Johnson regret that his sickness has confined him to his room the most of his week. Times are so rushing at present to see any of the wheel horses lay to rest for repairs.

The most of the people of Williams remember forest ranger E. J. Rivard, who was convalescing from a severe case of pneumonia at the home of Judge Kannev at the time of the fire. Mr. Rivard, at the time of the fire, was too weak to help himself, and during the haste and confusion during the fire he was almost prostrated by the fear that he would be left in the building.

He was thought of and saved and the next morning sent to the home of his uncle, Superintendent of Forest Rangers B. Hanna, at Santa Fe, N. M. Mr. Rivard never recovered from the shock incident to the fire here, and died last Monday at the home of Mr. Hanna. He had a host of friends here who regret his death, for he was a noble man in all sense of the term.

WINSLOW.

From the Mail. Warren Britton and family have returned from a trip to the Grand Canyon of the Colorado.

Mr. and Mrs. G. R. Bauerbach have returned from the Sulphur springs in New Mexico. Dick says it hailed about every other day while they were there, and the climate was cool and pleasant. Both returned much improved in health by their visit to the springs.

Our able district attorney, W. H. Burdage, Mrs. and Maud Burdage, Mrs. Krippenberger, Miss Bertie Krenz, Master Edward Heltzelberg and Hon. George A. Wolf returned the latter part of last week from a trip to the Grand Canyon of the Colorado. The trip was via Flagstaff. The thrilling experience of being lowered six thousand feet over the brim of the canyon by rope is better told by Mr. Burdage than written.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations." John Beam, West Middleburg, Pa. No preparation equals Kodol Dyspepsia Cure, as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. Cosmopolitan Pharmacy.

The Kalamazoo Mich. Gazette says Mrs. E. A. Hietanen, of Albuquerque, New Mexico, is spending the summer with her sister, Mrs. J. H. Johnson of 1117 Alamo avenue. Her husband will join her later and make a visit of a few weeks.

VALUABLE FORMULA.

Has Proven a Cure for Pulmonary Trouble.

CONSUMPTIVES HAVE BEEN CURED.

Dr. Hoff's formula, reduced to Troy weight, computed on a basis of four ounce mixture:

15 grains arsenious acid.
45 grains acid citramic.
30 grains kali carb. dep.
14 drachms distilled water.
Heat and make perfect solution; then add:
45 grains aqueous extract of opium.
1 ounce distilled water.
1 ounce cognac brandy.

Dose: 6 to 22 drops directly after breakfast and supper, in wine glass of water.

The above formula is gaining widespread fame for its efficacy in curing consumption, says the Denver Post. It is the result of a long life of study, experiment, and observation by Professor Hoff, an eminent scientist of Vienna. He made public his discovery some time ago, and the copy of the prescription published here was transcribed from the metric system to the Troy system of the United States by Prof. Hoff himself.

It was published in the big daily newspapers some months ago, and its results are already apparent in the great demand for the medicine on the part of those who have tried it, and in their letters of thanks to Prof. Hoff. One of the letters is published here with Prof. Hoff's name.

Smolan, Kansas, July 17, 1901. Trunk Bros., Denver. Dear Sirs: I purchased a bottle of Dr. Hoff's consumption cure for my wife, who has been suffering from the disease since December 15, and I must say it is a wonderful medicine. It can be recommended by me as a sure cure. This one bottle was sufficient to help me out.

Kindly send me Dr. Hoff's address, as I would like to send him my testimony and thanks. C. A. EKLUND. Messrs. Trunk say that a great demand has sprung up for the medicine in quarters where it has been tried, and which has seen the effects of the medicine on some of its members, and the shipment to this town are now some thing remarkable.

The prescription is not proprietary, neither does it pay the professor a cent of money. He merely studied and practiced until he had discovered a combination which will cure consumption, and then gave his knowledge to the world.

For Over Fifty Years. An Old and Well Tried Remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures colic, and is the best remedy for diarrhea. It is a pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Winslow's Soothing Syrup and take no other kind.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part, and is a worthless counterfeits. Be sure to get DeWitt's. Cosmopolitan Pharmacy.

Old Abe Ore. R. L. Young returned to Las Cruces from a visit to White Oaks and other points in that direction. Mr. Young was taken very sick by a cold, and was struck in the Old Abe property which means much to White Oaks and the Old Abe company. This immense vein is at a depth of 1,300 feet and crosses the previous ore body. It consists of 90 per cent free milling and is sulphide in character associated with limestone.

A Poor Millionaire. Latey returned in London because he could not digest food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite, and build up the system. Sold by J. T. O'Reilly & Co., druggists.

"I am indebted to One Minute Cough Cure for my present good health and my life. I was treated in vain by doctors for lung trouble following a gripe. I took One Minute Cough Cure and recovered my health of ore. G. H. Wile, Madison, Ga. Cosmopolitan Pharmacy.

He Folded His Tent. W. M. Shuppan, a carpenter and contractor who has been in Las Vegas for a couple of years, is reported a minus quantity in that city. He is charged that he left Las Vegas with out brass band accompaniment last Thursday, and that numerous creditors are pursuing his departure.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble give it a trial, for it is certain to prove beneficial. Coughs that have resisted all other treatment for years have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove better the money will be refunded to you. For sale by all druggists.

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys. Foley's Kidney Cure always makes them well. Alvarado Pharmacy.

Passed Fraudulent Check. Tom Lamb, who is employed at the Moore dairy, sold a horse last week to Ed. Hesch, of Chaperito. Mr. Hesch gave a bogus check for the animal and Mr. Lamb left today for Glorieta where he expects to find his horse and Hesch. He hopes to make a settlement of some kind with Hesch—Las Vegas Record.

Cuts and bruises are healed by Chamberlain's Pain Balm in about one-third the time any other treatment would require because of its antiseptic qualities which cause the parts to heal without maturation. For sale by all druggists.

Here is a Chance To buy a fine home, cheap. Mr. Wm. Cook having located elsewhere has concluded to sell his property known as the Hill Cook place, corner East street and Highland avenue. The property consists of about an acre of ground nicely fenced, five-room house, stable, out-buildings, windmill and tank in good repair which furnishes water for all purposes; also ditch at back of lot, 200 bearing fruit trees of all kinds, grapes, etc. Good location to build houses to rent. See H. S. Knight agent, and he will be pleased to show property to anyone desiring to purchase.

THE OIL BUSINESS.

A Quick Road to Wealth and a Sure Benefit to All Communities. There is no business, not even that of mining, where such quick and generous returns from the investment of capital has been obtained as in the oil business. In some rare and exceptional cases, such as in a big strike in Pennsylvania, Ohio, West Virginia, Indiana and Texas, has been made in short times, but these have been the exception and not the rule. Oil, as it comes from the ground is ready for market without any preparation, and success in striking it means immediate profits on investment.

The effect of oil and gas production in demand at fabulous prices, and in the price of all kinds of real estate increased three fold. Sales of so-called oil lands were made amounting to millions of dollars, while thousands of acres of rice lands also found ready market at advanced prices as a result of the general prosperity resulting from it.

What resulted in the above named states will result in any of the sections surrounding Albuquerque and Gallup. The discovery of oil and gas will not only benefit the immediate sections of the discovery but it will benefit the whole territory.

Fatally Injured. Mrs. Emma Moore, aged 26 years, who left Santa Fe two months ago for Denver, was fatally injured in that city on Saturday by stepping from a swiftly moving trolley car. She had slipped backward and was thrown to the ground. Her injuries were such that she died on Sunday. She was the daughter of Mr. and Mrs. Charles L. Thayer of Santa Fe, and a sister of Charles Thayer, of this city.

DEATH OF F. J. WALKER.

An Old and Respected Citizen. An old and respected citizen, who has made this camp his home since the early 70s, and who left Blank for Roger's ranch a week ago Thursday in apparently good health, took down the day following with some intestinal trouble and died Saturday. Mr. Walker was a native of Tennessee but came west when a young man and was identified with many of the frontier mining camps from the Black Hills west to Oregon and California, and south to Colorado and New Mexico.

The old gentleman claimed to be a cousin of Abraham Lincoln, but was always a quiet and law-abiding citizen, of stern and uncompromising honesty; he came near making his fortune in Rio, Colo., but the depreciation of silver was his undoing, and he died as he lived, a poor man. Mr. Walker's only known relatives are a married sister and a number of nieces and nephews who reside in Texas.

The funeral took place Sunday afternoon and the remains were taken to their final resting place in the Elmer cemetery. A large number of sorrowing friends escorted the body to its last resting place—Elmer Hill.

Scandal Brought About By the Arrest of Violators of Law.

In a room in one of the south First street lodging houses this morning at 1:30 o'clock the night police arrested Charles Sanders and Mrs. Pearl Robinson, colored folk of the city, upon information sworn out by the husband of the erring spouse. The charge preferred was that of adultery. Mrs. Robinson was married last February to J. J. Ector, and since that time it appears that all has not been harmonious in that family, for it is learned that the husband has suspected his wife's infidelity for some time. Being possessed of these suspicious Ector last night rented a room across the hall from the room in which the couple occupied during the previous night. Soon after 11 o'clock the guilty couple noiselessly entered their room and retired for the night. Ector notified Police-men Mainz and Cooper of the couple's whereabouts, and all three went to their door and opened it. They found Mrs. Ector and Sanders lying on the bed, undressed, and sound asleep. When they awakened, and observed the officers and grieved husband, there was a scramble for clothing that created some little amusement for a time, but their scattered garments on the floor were quickly collected and donned, and the march to the city hall was begun, where each was given an on-the-spot cell for the remainder of the night. The preliminary hearing was held at the Police court this morning at 10 o'clock.

Lightning's Pranks.

The residence of Rev. J. T. and sister, Miss Alice, at the corner of Cooper avenue and Walnut street, was struck by lightning last Sunday afternoon, though fortunately neither of the occupants of the house were in the least disturbed. It made its presence known by coming in contact with the comb of the roof, following down a wire screen and made its escape near the corner of the building. Several bottles of root beer exploded on a table near by, and the lightning was playing its pranks, and caused much uneasiness to the residents.
