## TRANS-MISSISSIPPI

### Congress in Convention at Cripple Creek.

### Horrible Triple Tragedy by an Iowa Farmer.

### Town of Marshall, Mo., in Flames and People Helpless.

### FATAL BALOON ACCIDENT.

Cripple Creek, Colo., July 17.—The festivities connected with the Trans-Mississippi congress began today with a flower parade at 10 o'clock. A large number of carriages handsomely decorated were in line.

At the session of the congress this morning the first address on the program was "Relation of the Government to the Mining Industry," by Robert Graham, of Cripple Creek. This was followed by an address on "Laws Affecting the Mining Industry in the Rocky Mountain Region and Results in Upbuilding this Section," by Ed. F. Brown, of Aspen, Colo., and by Hon. John W. Noble, of St. Louis, on "Department of Commerce and its Industries."

Sidney Story of New Orleans read a paper on "Nicaragua Canal." J. W. Higgins of Waco, Texas, spoke on "Industrial Progress." "Commerce in the Corn Belt" was the subject treated by Bushnell of Lincoln. Leon Jastrzemski of Baton Rouge, La., delivered an address on "Trade with Pacific States and South America." M. Coleman of Houston, Texas, read an address on "Rivers and Harbors," bringing in the ship subsidy question which he regarded favorable to increase of our commercial business. Webb M. Samuel of St. Louis addressed the congress on "Improvement of the Mississippi River." Charles J. Moore held the attention of the delegates while he dilated upon the formation of Cripple Creek and Leadville gold mining districts. Chester Long, of Medicine Lodge, Kansas, spoke on "Our Trade Should go Under our Flag." The subject of "Integration" was briefly treated by Charles S. Johnson of Cheyenne.

Ex-Secretary Noble expressed himself as opposed to a department of mines in the government on the grounds that laws regulating mining are made by states and not by the general government. He favored a bureau of mines to test and disseminate information regarding methods of mining and treatment of ores. A department of commerce, whose head should be a member of the president's cabinet, he declared necessary. Many resolutions were introduced and referred to the committee on resolutions. The committee composed of two delegates from each state. Among the most important resolutions offered were the following: By Governor Fishback of Ark., opposing the ship subsidy; by Francis V. Thurber, New York, favoring government encouragement of transportation on land and sea, and chartering of international banks; by J. Jarvis of monetary league, favoring remonetization of silver.

### IOWA TRAGEDY.

### Farmer Cuts Throat of Wife and Child, and Then Suicides.

Glenwood, Iowa, July 17.—Three charred bodies were found in the ruins of the residence of Fred Fourhills, with a shotgun and razor by their side, and mutilated the tale of a tragedy believed to have been enacted at that home last night. Fourhills was a young farmer, residing twelve miles south of this place. His family consisted of a wife and six year old child. Neighbors found the house in flames at 2 o'clock this morning. Appearances indicated that Fourhills cut the throat of his wife and child with the razor, fired the house and then shot himself.

### TOWN ON FIRE.

### Marshall, Mo., Burning Up and People Are Helpless.

KANSAS CITY, Mo., July 17.—The Marshall, Mo., correspondent of the Associated Press writes: "The town is on fire and the people are almost helpless. The New York store, one of the principal buildings here, has gone and the east side of the square is now burning. There is practically no water with which to fight the fire."

At 1 p. m. the fire is about under control. Loss, \$100,000.

At 1:45 all communication with Marshall from Kansas City, both by telegraph and telephone was cut off. Just before the Chicago & Alton lost their wire at 1:30 they received the following from the Marshall operator: "Fire started in New York store at 12 o'clock, and soon destroyed that building. In less than an hour it destroyed that side of the public square, and has jumped across the street. Aid has been asked from Slater." For over a month not a drop of rain has fallen in Marshall. Temperature has remained at the 100 mark for ten days past. Everything is as dry as tinder.

### BALLOON ACCIDENT.

### St. Petersburg, July 17.—During operations with the military balloon near Schlesensburg on an island in Neva, twenty-on miles from the city, the balloon exploded and blazed up. One person was killed and twenty injured, several fatally.

### Act Was Felonious.

Delta, Colo., July 17.—The coroner's jury, which investigated the killing of W. A. Womack, of Grand Mesa, by Game Warden Frank McManey, found the act was felonious. Testimony was given to the effect that the warden did not attempt to arrest Womack and his companion, but shot them because they did not leave the lake where they were fishing when ordered to go.

### MARKET QUOTATIONS.

Market quotations and review furnished by W. P. Metcalf, No. 5 Crown well block, received over the private wire of F. G. Logan.

New York, July 17.—Prices were greatly lower at the opening this morning and as a rule the lowest were made in the first half hour. After that the demand for stocks improved gradually until shortly after noon, when when the buying became aggressive in character and sharp advances occurred all around. The change in sentiment was not explained, but the transaction recorded on the tape of 500 shares of Northern Pacific common at 188 undoubtedly had a good effect. The news from the strike was not discouraging and the weather conditions in the corn belt were reported considerably improved. The prominent gains were made by the Union Pacific, St. Paul, Louisville & Nashville, Missouri Pacific, Atchafalaya, Southern Pacific and Erie issues.

Sugar led the industrials in point of strength. In the afternoon the steel stocks advanced with the rest of the market. London sold on balance. Money was easy. Demand sterling 100. Closing quotations:

### MOORE FAMILY RELICS.

W. B. (Spot) Moore is in possession of and has on exhibition at Robinson's repair shop, a unique relic of the eighteenth century, being nothing less than a leather bucket that formerly belonged to the Franklin fire company of Philadelphia, which was organized by and named in honor of Benjamin Franklin, philosopher, statesman, patriot and diplomat. The bucket is in an excellent state of preservation, considering its great age and looks exceedingly familiar to those residents of Albuquerque who were formerly members of village bucket brigades. While the vessel is capable of holding water it is doubtful if it will be "used" for that purpose while it remains in its present surroundings.

## HEATED SPELL

### Broken In Some Sections by Rain,

### But Boiling Hot Weather in St. Louis and Elsewhere.

### Mexican Troops Meet and Defeat Band of Indians.

### OCEAN STEAMER IN COLLISION.

Lacrosse, Wis., July 17.—The terrible heated spell was broken by a terrific rain and electrical storm this morning.

RAIN STILL DELAYED.

Kansas City, Mo., July 17.—General rain over the southwest is still delayed. Indications this morning were for at least another day of torrid weather. At Dawson, I. T., seventy-five miles south of the Kansas line, half an inch of rain fell last night, breaking the drought of thirty-eight days. At Kansas City this morning at 10 o'clock the temperature was 94. Indications from western Missouri and Kansas are for possible light local thunderstorms this afternoon and night.

### HUMIDITY HIGH.

Omaha, Neb., July 17.—Indications are for another scorching day. The humidity is very high. The temperature at 7 a. m. was 81. Showers were reported last night in the south Platte district, breaking the protracted drought in that section and lowering the mercury from 15 to 20 degrees. Eight other counties of central Nebraska also report a fairly good rainfall.

### SCORCHER AT ST. LOUIS.

St. Louis, July 17.—Rain failed to come last night and today starts with every indication of being a scorcher. At 8 a. m. the government thermometer registered 84. There has been severe prostration and one death, that of Prof. Bernhard J. Neumann, for forty-two years organist at St. Mary's German Catholic church.

### HOTTEST OF THE SEASON.

Topeka, Kan., July 17.—Last night was the hottest of the season, the minimum temperature being 85. No rain fell in this city, although heavy thunderstorms prevailed several miles west of here.

### REPORTED SHOWERS.

Kansas City, July 17.—Showers are reported this morning in northern Kansas from Marshall county, on the Nebraska line west to Osborne and Lincoln counties, covering a stretch of 135 miles.

### RAIN FAILED TO COME.

Des Moines, Ia., July 17.—The promised rain failed to come last night. This is the fourteenth day without rain. Slight traces in isolated sections. Crops are suffering.

### RAINING AT COLUMBIA.

Columbia, Mo., July 17.—Rain has been falling throughout Boone county since 3 o'clock yesterday.

### HOT AND OPPRESSIVE.

Chicago, July 17.—At 10 a. m. the temperature was 85, following a hot and oppressive night.

### INDIANS DEFEATED.

Mexican Troops Engage in a Successful Battle With Indians.

Oaxaca, Mexico, July 17.—Troops under the command of Lieutenant Colonel Knox of the Twenty-eighth battalion met a large force of Maya rebels ten miles from Santa Cruz and in a fight six rebels were killed and a large number of warriors taken prisoners. Chief Felipe Yama is among the captives.

### Collision on the Ocean.

New London, Conn., July 17.—With forty feet of her bow cut clean off in a collision with the steamship Wildcat at midnight, the steamer Trent of the Joy line, which left Boston yesterday for New York with 300 passengers, was towed into New London and beached today. The passengers were transferred to other steamers in the sound.

The schooner rigged steam yacht Wild Duck is owned by General Francis V. Green of New York, and has been chartered to United States Senator Aldrich of Rhode Island, who, with his wife and daughter, was on board last night making a trip from New York to Narragansett. Senator Aldrich said he and family were asleep when the collision occurred.

## NON-UNION WORKS

### Resumed Business With Small Force.

### Trouble Was Feared and the Attempt Abandoned.

### Tin Plate Workers' Association Will Aid the Union.

### ODD FELLOWS AT SANTA FE.

Pittsburg, Pa., July 17.—A dispatch from Wellsville, Ohio, says: "P. F. Smith, manager for the American Sheet Steel company for the Pittsburg district, gave orders for the mill to start this morning. In response to Smith's order about thirty men went to work. The manager concluded that thirty men were not sufficient to man the crews and the attempt for the present was abandoned. It is said non-union men from other plants will be brought here today, in which case serious trouble is feared."

It is thought the managers of other non-union Smith plants will make an effort to resume also within a few days, and developments of an exciting nature can be expected.

### SHAFER MAKES DENIAL.

Pittsburg, Pa., July 17.—A rumor that gained considerable circulation to the effect that the strike would be settled within forty-eight hours was promptly denied by President Shaffer. There could be no settlement, he said, without a conference and the only move in that direction was the suggestion of arbitration made by Secretary Bishop of the Ohio state board of arbitration.

### COSTLY STRIKE.

Pittsburg, Pa., July 17.—According to figures compiled by the Pittsburg Dispatch the steel strike is daily costing the three companies involved \$210,000 and the workmen \$150,000.

### OPERATIONS CEASED.

Scranton, Pa., July 17.—There was almost a complete cessation of mining operations today in the Lackawanna valley because of a strike of the stationary firemen.

### THE DOUBLE CROSS.

The Amalgamated Association Resolved Aid From Tin Plate Workers Association.

Elwood, Ind., July 17.—The Tin Plate Workers' Protective association will refuse to work the plates in any steel trust mill made or shared on by non-union men. This important announcement of aid to the Amalgamated association was made today by President George Powell of the above association.

ALBUQUERQUE — JULY 17, 1901.

### AFTER THE FLOOD.

Frank H. Parrish and wife met at Roswell, N. M., according to a lengthy article in the Record, and the meeting was unusual, unexpected and almost unprecedented. Each thought the other lost in the Galveston flood and they met by chance at Roswell, in Chaves county. The husband, sick and weak, and depressed, having lost his all, as he supposed in the angry waters, came to the home of his brother in Lincoln county to rest and recuperate, while the wife, wearing widow's weeds, came to the land of sunshine with a young lady named Ellen Alexander who had been engaged to teach a private school in Otero county.

### POSTMASTER IN TROUBLE.

Particulars Leading to Arrest of the Postmaster at Mills.  
The Associated Press yesterday sent out a brief notice of the arrest of the postmaster at the Mills office in Colfax county. The notice said: "Alex S. Bush, who has had charge of the Mills post office in Colfax county, was arrested yesterday by United States Marshal Fred Fornoff of Albuquerque, and the prisoner was taken to the United States Commission at Santa Fe. The prisoner was examined by Judge Lantz in the capacity of a witness and was bound over to court in the sum of \$500. He was recently married and is the father of a young son and seems to have acted very foolishly for small gain that was certain to entangle him in the meshes of the law, sooner or later."

### ABOUT MINING CLAIMS.

There have been frequent discussions as to how many claims an individual, or an association, may hold, and as to the legality of locations by power of attorney. Opinions differ, the matter was referred to United States Land Commissioner Binger Herman recently. That official replies: "It is well recognized that under existing mining laws claims may be located by agent; that one person may locate a claim not exceeding twenty acres or eight persons may associate themselves in the location of one claim not to exceed 160 acres; that there is no limit to the number of claims that any person or association of persons, may locate."

### BIT OF HISTORY.

In looking over a copy of the Congressional Globe, published on September 8, 1850, The Citizen takes the following record, showing the vote cast in New Mexico for the state constitution at an election held in that year:

County	For	Agst
Bernalillo	1,504	9
Rio Arriba	9	0
San Miguel	203	0
Santa Ana	1,146	0
Santa Fe	571	2
Taos	1,339	35
Valencia	2,008	1
Total	6,771	39

### INDIAN SCHOOL CHANGES.

On September 1 there will be a general shifting about of supervisors in the Indian school service in the western states and territories. A. O. Wright, now attached to the First district, including Colorado, New Mexico, Utah, Kansas and Oklahoma, is to be succeeded by Frank M. Conser. Mr. Wright goes to the Third district, including South Dakota and Nebraska. The Fourth district, now under Conser, is to be given to Charles H. Dickson. This district includes Wyoming, Montana, Idaho, Oregon and Washington. Dickson vacates the place to be filled by Wright.

### A medical writer contends that a person's body is his most valuable property, and often gets the worst treatment of all belongings. "Let a man once get the idea," he says, "of classing his body along with the rest of his possessions, and it is only reasonable to suppose that he will at least take as good care of it as he does of his coat, his hat, his horse or his dog."

### Russia has a pipe line scheme that is indeed a big one. The Russian government, it is stated by a news bureau, has just sanctioned the laying of an oil pipe from Baku to Batoum, on the Black sea, a distance of 561 miles. It is reported that the government insists that the piping and hydraulic machinery shall be manufactured in Russia.

### When Chauncey Depew made his speech in Paris he did not refer in any way to matrimony. Chauncey knows, as well as other people, that the French widow can go-go in a most seductive manner when the question of matrimony is before the house.

### The Las Vegas Record has adopted the commendable practice of giving credit to its misused articles, especially from territorial exchanges. These little courtesies are always appreciated.

### PRIVATE LAND COURT.

NOTARY PUBLIC APPOINTED.

GOVERNOR OTERO appointed Juan R. Trujillo of Taos county, a notary public.

### APPOINTED CHIEF CLERK.

Alan McCord, for the past few months acting as chief clerk in the office of the surveyor general, has been appointed permanently to that position of chief clerk made vacant by the removal of former Chief Clerk Linton to Salt Lake City.

### COURT PRIVATE LAND CLAIMS.

The court of private land claims at its session Monday in the Refugio court room, being a day of adjournment, the largest being a decision on the limits of the grant heretofore confirmed, for the allotted lands lying between the old river bed of the Rio Grande in Dona Ana county, on the east, and the hills on the west, and a square league of pasturage north of the allotted lands. The grant is owned by the heirs of Don Antonio, and a number of settlers on the grant. In the San Miguel del Bado grant case, the court approved the report of the surveyor general, and the extent of the allotted lands on the grant and ordered a decree of confirmation, ordering a survey of the grant in ten parts, the first part being the allotment including all the settlements on the Pecos from La Cuesta north to San Jose. The smallest tract covers one acre.

## WINSLOW.

From the Mail.

Talking about warm weather, Winslow is having his full share. Just at present, and what makes it the more disagreeable it remains unusually warm throughout the night.

### THE PITCHER FOR THE WINSLOW TEAM AT FLAGSTAFF ON THE 5TH, THREW HIS ARM IN THE FIRST INNING. NOTWITHSTANDING THIS MISAP, HE THREW A GOOD BALL UP TO THE FIFTH INNING, WHEN HIS ARM GAVE OUT COMPLETELY. THE WILLIAMS BOYS CAN CONGRATULATE THEMSELVES ON THIS ACCIDENT, AS IT WAS THE ONLY CHANCE THEY HAD OF WINNING.

### A POOR MILLIONAIRE.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Sold by J. H. O'Reilly & Co., druggists.

**RAILROAD OFFICIALS HERE.**  
An Important Meeting Being Held This Afternoon.

The officials and directors for the Santa Fe, Albuquerque & Pacific railway came in from Santa Fe after an eight days' overland trip from the metropolis through the mountains to San Pedro and Pinos Wells. The party consisted of Senators W. H. Andrews and Arthur Kennedy of Pittsburg, Pa.; Hon. W. S. Hopewell and E. H. Kennedy of Hill City, S. D.; N. M. E. J. Murray of Las Cruces; Director J. T. McLaughlin of San Pedro; Secretary J. E. Saint and Attorney W. H. Chivers. The drive over the mountains was a tiresome one to those of the party not accustomed to overland trips, but nevertheless everyone seemed well pleased with the journey and the route as mapped out for the proposed railroad. This morning a meeting of the officials and directors was to have been held in the secretary's office, in the Grant building, but it was postponed until 4 o'clock this afternoon, when it is understood arrangements for the preliminary work of construction of the new road will be made.

Another survey of the route will be made soon by Engineer Kennedy, and it is quite likely that big forces of graders will be employed within a few months.

Senators Andrews and Mr. Hopewell will leave tonight for the prosperous mining town of Andrews in Sierra county, while Senator Kennedy returned to Pittsburg last night.
