## BELLARMO TAKEN.

Filipino Leader Surrenders Troops.

New United States Senator from South Dakota.

Ex-President Kruger Threatens to Fit Out Boer Privateers.

CIRCUS ACCIDENT IN SILESIA.

Manila, July 6.—The forces of the insurgent leader, Bellarmino, which recently have been operating around Donsol, province of Sorsogon, were driven across the mountains by the Second Infantry and finally captured by the Sixth Cavalry. Bellarmino, with a thousand men and 214 guns, has surrendered to Colonel Wint, at Albay, capital of the province by that name.

Later in the day official announcement of the surrender of Bellarmino was made. According to this account, Bellarmino, who has been operating in the province of Sorsogon, surrendered on Thursday last at Legaspi, Albay, with thirty-two officers, 315 guns and 4000 rounds of ammunition. Insurgent president of that section and many Filipinos accompanied Bellarmino, who gave himself up to Colonel Theodore J. Wint, of the Sixth Cavalry. In all, since June, 1900, insurgents have surrendered in that district. Colonel Wint's regiment came from China with General Chaffee. Before disembarking at Legaspi, Wint asked Chaffee if he desired him to clean up that part of the country. Chaffee replied: "Yes, but do not commit any July 4th." In three weeks Bellarmino was cornered.

The insurgent general, Calles, who surrendered at Santa Cruz, Laguna province, June 24th, and friends have offered to negotiate with Malvar, insurgent leader in southern Luzon, for the latter's surrender. Former Filipino officers who belonged to Malvar's command report fifty insurgents killed and many wounded by the command of Lieutenant Manal during the recent two days' fight in the province of Batangas.

The Twentieth Infantry has been ordered from northern Luzon to Batangas.

Civil Governor Taft and Military Governor Chaffee are holding informal conferences and arriving at mutual understandings of the state of affairs, hitherto almost unknown here.

Senator From South Dakota.  
Omaha, Neb., July 6.—A special to the World-Herald from Sioux Falls, S. D., says:  
"A. R. Kittredge, a prominent attorney of this city, ex-republican national committee-man of South Dakota, will be appointed by Governor Herries to fill the vacancy caused by the death of United States Senator Kyle."

BOER PRIVATEERS.

Kruger Threatens to Send Privateers to Destroy British Commerce.  
Washington, July 6.—The report from Brussels that former president Kruger is being urged by the powers that intervened in the South African contest he will commission privateers, is not treated seriously here. It is thought that as one of the outcomes of the war with Spain, that the United States government will never again, except in the most extraordinary emergency, issue letters of marque, and the same reasons that impel the government in this course undoubtedly would operate to prevent our government from recognizing any such warrants issued by any other nation, even were that nation in full standing.

The threat to send privateers without Kruger's consent is idle. Such craft would be pirates and the civilized world would sweep them off the seas if they should begin operations against the commerce of the nations.

Circus Accident.  
Glowitz, Silesia, July 6.—Barnum & Bailey's circus train was in collision today at Beuthen, upper Silesia. One person was killed and several were injured. Great damage was done.

Sentenced to Penitentiary.  
Eldorado, Kan., July 6.—Jessie Morrison, convicted of manslaughter in the second degree for the murder of Mrs. Clara Wiley Castle, June 22, 1900, was today sentenced to five years in

the penitentiary in close confinement at hard labor.

THE SILVER CITY FIRE.

Particulars of the Big Blaze—The Fourth of Santa Rita.  
Silver City, N. M., July 6.—The Fourth of July was a very quiet day in this city last night. A huge blaze out of town to celebrate. A special train left early in the morning for Santa Rita, where the Fourth was celebrated in true patriotic manner. Races of all kinds and base ball were on the program during the day and a magnificent display of fireworks and a dance were the features of the evening.

Mrs. J. J. Sheridan, of Albuquerque, was being spending several days at the Faywood springs, was a passenger on today's incoming train.

Silver City came near losing one of its most substantial business blocks about 11:30 last night. A huge blaze was discovered about that time coming out of the rear of St. George Robinson's hardware store and it rapidly ate its way through the entire building and was spreading to the adjoining building when the fire boys arrived and got two good streams of water playing on the building. It was gotten under control in a short time and totally extinguished in about an hour. The damage, which was about \$5,000, was covered with insurance. Mr. Robinson's stock was nearly entirely ruined, but he carried \$4,000 insured.

The fire evidently originated at the rear of the store where different kinds of oil were kept in a small frame shed. It is supposed that some fireworks shot off in the early part of the evening started the fire.

Reports were current in this city this morning that several shooting and killing scenes occurred at Santa Rita last night, but proved to be untrue. The only affair of any serious nature to happen in that lively mining camp during the Fourth celebration was a Mexican cutting affair in one of the saloons on the night of the 3d.

TELLURIDE TROUBLE.

Quiet Prevails at Smuggler Mine and Trouble May Be Compromised.  
Denver, July 6.—Governor Orman today received a dispatch from his representatives at Telluride, saying that quiet prevailed. He hoped that the strikers at the Smuggler Union mine, which caused the rioting on Wednesday, in which two men were killed and several others wounded, will be ended at a conference to be held this afternoon.

Killed by a Bomb.  
Denver, July 6.—A bomb or huge torpedo thrown into a yard at 2021 Curtis street this morning killed Esther Oliver, 4 years of age, who was sitting on the porch. She is the daughter of Mrs. Nellie Oliver, who is separated from her husband and lived with her mother.

No Election This Fall.  
Topeka, Kan., July 6.—There will be held no election for county officers or district judges in Kansas this fall. The supreme court this morning sustained the biennial election law passed by the last legislature.

Died While Delivering Oration.  
LaPorte, Ind., July 6.—Mortimer Reynolds, 4 years of age, son of Indiana, a leading democrat, died this morning. He was stricken while delivering a Fourth of July speech.

Wool Market.  
St. Louis, July 6.—Wool steady, unchanged; territory and western medium, 10c; fine, 10c; coarse, 10c.

Police Court.  
A saloon keeper on north Third street, who carries on a small grocery business in connection, was up before Justice Crawford and fined \$10 and costs. He allowed minors to play the slot machines in his place, which is contrary to a territorial law on the subject.

Two young men got into a fight on Railroad avenue last night and they were fined \$5 each. One of the transgressors paid up promptly, while the other is out rattling his fine.

Jose Lopez plead guilty to indecent exposure of person and was fined \$5 and costs. He paid.

W. C. T. U. Good Citizenship Union Meeting.  
There will be a union service held at the Congregational church tomorrow evening. The subject of Christian citizenship will be treated by Brother Rogers. He will also deliver a paper on the subject of the prohibition party in New Mexico, assisted by other ministers of the city. The meeting will be under the auspices of the local W. C. T. U. and collection will be called by the Christian Herald to the Starving Chinese in the stricken districts. Special musical program. Everybody invited.

## STEEL STRIKE.

No Change in Situation at Pittsburg.

Salmon Canneries Form a Big Trust.

Death of a Woman Who Thought She Was of Royal Blood.

RAILROAD ACCIDENT IN OHIO.

Pittsburg, Pa., July 6.—A special train carrying the employees and former officers of the National Steel and American Steel Hoop companies reached Pittsburg from New York this morning. The two concerns, which have been merged into the Carnegie company, will take up their headquarters in the Carnegie building on Monday.

Considerable interest is manifested in manufacturing and labor circles to the bearing the absorption of the American Steel Hoop company by the Carnegie company, which was known as the Amalgamated association. President Chas. M. Schwab, of the United States steel corporation, still the leading spirit in the affairs of the Carnegie steel company, of which he formerly was president, is understood to be opposed to the merger. President T. J. Shafer, of the Amalgamated association, thinks that the change will not prove injurious to his association. President Shafer this morning said there was nothing new to be given out in regard to the strike.

Salmon Cannery Trust.  
New York, July 6.—The first official announcement in connection with the organization of the Pacific Packing & Navigation company, otherwise known as the Salmon Canneries Consolidation, has just been made. The company will be incorporated under the New Jersey laws, with a capitalization of \$25,000,000.

Thought She Was Daughter of Queen Victoria.  
New York, July 6.—A woman who with almost her last breath declared that she was the daughter of Queen Victoria and the prince consort, died of heat and insufficient nutrition. The woman was known as Sophia Adelaide, and Mrs. Kent, and always insisted that as an infant she was taken from her royal mother and in her place was substituted a daughter of Prince Albert by his morganatic wife, the Countess de Reuss.

Railroad Accident.  
Mount Pleasant, Ohio, July 6.—The Pennsylvania, Baltimore & Ohio accommodation train from Conneville, Pa., crashed into an engine on a siding here last night. Many passengers were more or less injured, but none fatally. The most seriously hurt were: Mrs. Victor Woodward, Lancaster, Pa.; Engineer Hildbrand, Samuel Fish, Lowell, Mass. The accident was caused by an open switch.

the oil fields of McKinley county, came in from Gallup last night and continued on east. He has faith in the oil fields out west and will interest eastern capitalists in the matter of boring for oil.

Julius Eisenmann, of the wool purchasing firm of Eisenmann Bros., Boston, Mass., who has been in the territory the past week buying wool, came in from the north last night and is around today meeting his old time Albuquerque friends. He expects to go north Monday night.

W. H. Lord, representing the Kansas City Live Stock company, came in last night with two car loads of fine Hereford bulls. The animals were watered and fed at the local stock yards this morning and were sent south to the cattle raisers of Lake and Grant counties this afternoon.

Prof. U. Francis Duff, of Deming, has a small book which he prizes very highly. It is a copy of McMurtry's First Electric Reader translated into the Laguna Indian language by Rev. John Menaul, of this city. The book was presented to Prof. Duff by Rev. Ezekiel C. Chavez, who was a few years ago the Presbyterian Spanish minister at Las Cruces.

It is learned from this city that Edward Zeiger, a brother of Charles Zeiger, has suddenly disappeared from Converse, Arizona, where he is in the real estate business. It is understood that he was followed after leaving Prescott and finally dealt with by P. J. Tower, the Colorado cattle inspector who is stationed at Las Vegas for the New Mexico district, in connection with his return to the north.

Mr. Tower states that the shipments from New Mexico and the republic of Mexico, have been greatly reduced this year, the ranchers of the south having been pretty well ruined of young cattle the past year or two.

Jaramillo's Death a Mystery.  
Since publishing an account of the killing of Sebastian Jaramillo by a bear northwest of this city last Tuesday, it appears that considerable doubt exists in the minds of the friends of the deceased as to the real cause of his death. It was rumored in the city today that Jaramillo was murdered by ranchers and after life was extinct they used a garden rake in scratching over the dead man's head and body as indicative of an infuriated bear's revenge. Another mysterious feature is that no one appears to know who the two men and two women were that brought the remains to the home of the deceased at midnight. The matter is being investigated and no doubt the body will be exhumed and a postmortem examination held.

## HOT WEATHER.

Heated Term Continues in Eastern Cities.

Strike of Freight Handlers in St. Louis.

Kiowa Lands Will Be Opened to Settlement by Lottery.

WEEKLY BANK STATEMENT.

St. Louis, July 6.—At 8 a. m. the weather bureau thermometer today recorded 81 degrees. During the past twenty-four hours there have been several prostrations and one death.

HOTTER THAN YESTERDAY.  
Washington, July 6.—The official thermometer indicated a temperature of 90 degrees at 10 o'clock, about 6 degrees higher than at the same hour yesterday. Three deaths and eight prostrations reported during past twenty-four hours.

Striking Freight Handlers.  
St. Louis, July 6.—It looks today as if the strike of the freight handlers would end before the night. Five hundred transfer teamsters who struck out of sympathy for the freight handlers returned to work today in accordance with the action taken by their union last night. The freight handlers modified their demands from \$1.60 to \$1.50 per day for pickers and from \$1.50 to \$1.40 per day for truckers.

As a result of the conference between the strikers' committee and the railroad companies the amended demands of the freight handlers were granted. This amounts to an advance of 15 cents a day. The railroads promised to take back any strikers as they had places for.

Opening Kiowa Lands.  
Topoka, Kan., July 6.—Advises received at the Santa Fe passenger department from Washington this morning that the opening of the Kiowa lands will be by lottery, and every person must appear at the land office and register before taking part in the drawing.

Bank Statement.  
New York, July 6.—Statement associated banks for week ending today:  
Loans, \$389,466,300; decrease, \$2,914,400.  
Deposits, \$965,285,100; decrease, \$6,086,900.  
Circulation, \$30,578,800; increase, \$43,000.  
Legal tenders, \$76,668,700; decrease, \$2,343,400.  
Specie, \$169,864,100; decrease, \$2,447,500.  
Reserves, \$246,532,800; decrease, \$4,796,900.  
Surplus, \$241,321,275; decrease, \$1,524,225.  
Total, \$5,211,522; decrease, \$3,272,550.

A Bad Map Maker.  
The map maker for the Santa Fe Pacific cannot be familiar with the stations on the road. The map accompanying Prof. Hough's account of the Moqui snake dance, given all the stations west of Albuquerque to Hobson, a siding about six miles east of Winslow. Then jumps clear over Winslow and gives Denison, a station house on the west, as the next station. It is formed by a responsible party that Winslow is left off the big map of the route hung up in the smoking cars of the flyers, and that Adams and Flag staff are designated on that map as being the nearest and most direct route to the Moqui village. Anyone who knows anything about the country knows that Winslow is the nearest point. That the road from this point to the villages is the best. That good water is to be found at convenient distances for camping. That as comfortable rigs and good teams can be had here as anywhere in Arizona, and the best depot hotel on the Santa Fe Pacific is at this place. It may have been an oversight. If it was, it is a very grievous one—Winslow Mail.
