FOREIGN MINISTERS MEET IN PEKIN.

Pittsburg, July 2.—There were no developments today in the strike situation of the steel and iron workers. President Shaffer of the Amalgamated association, stated this morning that he called upon the officers of the independent sheet plants in reference to recent cut prices made by the sheet combine and they all agreed with him that the reduction was made to keep the independent concerns out of the market.

Ministers Meet.

Peking, July 2.—Foreign ministers' meeting was barren of results. Big Wool Clip.

Hon. Hilario Sandoval and his son Emiliano Sandoval, are in the city today from Chicago, meeting here a caravan of wagons loaded down with 25,000 pounds of wool. This is the spring clip from their sheep and is here to be marketed. When a Citizen representative made his appearance under the Putney shade trees, where the wagons are quartered, half a dozen

## COLORED SOLDIER KILLED.

Shot by a Comrade Over a Game of Craps in Arizona.

When the first section of a military special train was nearing Navajo Springs, Ariz., last night about 9:45 o'clock, Frank Sheppard, a colored soldier, aged about 25 years, was shot and killed by a drunken comrade over a game of dice. The car was filled with discharged soldiers who were returning to their homes from the Philippines. All of them received their salaries before leaving San Francisco and while en route the majority of them became very much intoxicated and started to gambling. After the shooting the murderer leaped from the train when it slowed up at Navajo Springs and made his escape to the mountains.

The conductor asked for an explanation regarding the tragedy none of the soldiers would divulge the name of the murderer. The man in charge of the train telegraphed to the railway authorities for instructions as to the disposal of the dead, and later made arrangements to carry the remains to Albuquerque and deliver them to Undertakers O. W. Strong & Sons.

When the body was removed to the morgue at the city hospital it was stripped of its clothing and an examination made of the body. A large bullet hole was found in the man's neck, but no other marks of violence were visible. A crucifix attached to a chain of beads was found about the neck of the deceased and was completely coated with blood.

Sheppard's home is in Huntsville, Ala., where it is said his wife resides. He was a member of the lodge of Odd Fellows and this morning was notified by telegram this morning of his sudden death, and also asked them for instructions.

At this writing it is not known what will be done with the body. It was surmised that an inquest would be held over the remains at this place, but when it was learned that the man had met his death at the hands of unknown parties and the deed having been committed in the territory of Arizona, no one in Albuquerque would assume the responsibility of holding the inquest, claiming that they had no jurisdiction in such cases.

The soldiers passing through Albuquerque are more or less armed and they are shooting indiscriminately out of the car windows, with no one in authority to stop them. It is learned this afternoon from a colored trooper, who stopped over here today that a woman in a woman's uniform in the arm at a station this side of Needles yesterday morning before the killing of Sheppard.

Prof. DiMauro's Concert.

Every chair in Colombo hall was occupied last night during the rendition of the program for Prof. DiMauro's concert and those present highly enjoyed the selections as given.

The program opened with the rendition of that beautiful overture, "The Star," by the professor and his orchestra, and was followed by a soprano solo "Carolina, Daughter of the Regiment," by Miss Taylor. A bass solo by A. L. Newton was well received by the audience, as was also the selection, "Il Trovatore" (Verdi). Mrs. P. J. Ward sang a fine voice solo entitled "It Is Not True," and then another selection by the orchestra was given. The soprano solo by Mrs. Vargas came for a share of the applause, and the waltz song "Dulce Buena," by a quartette, proved very entertaining. The "Grand Galop de Concert" was a selection rendered by Charles D. Blake, Misses Berardelli and Damiano, and a harp solo by Miss Elie De Voigt pleased the listeners immensely. At the conclusion of the program all engaged in the pleasant pastime of dancing, which was continued until a late hour.

New Mexico demands Statehood

from the Fifty-Seventh Congress.

The New Mexico Territorial Fair

will be held in Albuquerque from Oc-

tober 15th to October 19th. Premium

List will aggregate \$10,000.

ALBUQUERQUE — JULY 3, 1901

## NO PAPER TOMORROW.

The daily newspapers of Albuquerque

will properly observe the Fourth of

July by suspending publication for the

day and thus giving the printers an

opportunity to enjoy the "day we

celebrate." The Citizen, therefore,

will not issue tomorrow afternoon.

No deaths from heat occur in New

Mexico.

By the way, what has become of that

Elmer Elmer?

The hot and humid day is not a de-

cent place for residence.

Let's have a big Fourth of July

celebration and bring a rain.

The dry air of the New Mexico

mountains are sure cure for most of

the ills that afflict humanity.

The American flag now waves over a

wide expanse, and peace and plenty

prevail throughout the land.

Colorado will celebrate its admis-

sion to the union on August first.

On that date twenty-five years ago the

territory was made a state.

Several of the largest sugar refine-

ries in Louisiana have substituted oil

for coal as a fuel at an aggregate sav-

ing, it is said, of \$100,000 a year.

This is the best year in the history

of the republic and the Fourth of July

should be properly observed in every

city, town and hamlet in the whole

country.

The wicked city of Denver has been

lecturing its preachers, and the news

paper men of the town keep with glo-

om over the roasting given the reverend

by one of its judges.

The Las Vegas Record says: "A

liberal reward will be paid by his

masters for any information that will

lead to the recovery of the Santa Fe

editorial freak who got lost in the

White House grounds by a colored

porter."

## FAVOR STATEHOOD.

Since the agitation for statehood be-

gan the few people who were in-

clined to be lukewarm on the question

have come around, and now that they

have examined the question, and know

that there is absolutely no argument

against it and every argument for it,

the territory appears to be practically

a unit on the subject. This is as it

should be, says the New Mexican.

There is no room for two opinions

on the question as to whether or not

the people of the territory shall or-

ganize a state government. Hence,

write your former congressman to

vote for New Mexico's enabling act.

MODERN BUSINESS METHODS.

In these days of modern methods

and close competition, no man can sit

idly around, "waiting for something to

turn up." The man who goes after

business in the man who gets it. No

retail dealer carries a line of goods

that consists wholly of necessities.

People can get along with much less

than they do; but if articles of mer-

chandise are presented to them and

offered for sale at fair and reasonable

prices they will purchase them, and

thus live better or furnish their homes

more tastefully.

This being the case, the retailer who

would get even his proportionate share

of business must hustle for it. One

of the methods by which he can in-

crease his business is by keeping him-

self and his business prominently and

persistently before the public. No

better means is afforded for this than

through the columns of his local paper.

In the average community the local

paper finds its way into the homes of

nearly every family every day, and

is read from beginning to end. An

advertisement of any kind will be seen

and in whatever form presented will

draw some trade, but it will produce

a great deal more trade if it is attrac-

tive.

CENSUS REPORT.

The census bureau has issued a com-

plete report of the last decennial

enumeration, a study of which reveals

the following details in regard to

population matters:

Every state in the union has in-

creased in population in the ten years

except Nevada, which has fallen off

nearly thirty-five hundred, but the

county as a whole has grown 20.7 per

cent, or 12,937,068, making a total, in-

cluding Hawaii, of 76,363,357. The

greatest increase in any state was that

in Idaho, which increased 82.7 per

cent, and the per cent of increase by

states varied all the way from this to

one-half of one per cent for Nebraska.

Oklahoma forged ahead 47.5 per cent,

## THE INDIAN SCHOOL.

Good Work of Superintendent Col-

lins and Teachers the Past Year.

SOME PERSONAL PARAGRAPHS.

During the past year the work at

the Indian school has been very sat-

isfactory.

The superintendent, Mr. Collins, is

a thoroughly practical man and he is

devoted in practical education for the

Indian youth of our country. He has

laid great stress on the industrial

training of the school, and in his talks

to the children he has endeavored to

instill in their minds the necessity of

preparing themselves to be able to

take their share of the work of the

industrious citizen of our country.

He has tried to arouse in them an

ambition to arise above their pre-

sent environment and to become

worthy and respected citizens.

The literary departments have done

excellent work and the teachers de-

serve a great deal of credit for their

entering efforts and for the great in-

terests they have taken in the children.

A more earnest and painstaking set

of teachers is not to be found in any

other school in the service.

The industrial departments have

made special efforts to lead the pupils

into lines of usefulness, whereby they

will be able to earn a good livelihood

after leaving the school.

The superintendent has been ably

assisted in his work by a efficient

staff of employees and he and they are

to be congratulated upon the harmony

and good will that have prevailed

throughout the year.

The school has been filled to its

capacity all the year and the gen-

eral health of the children has been

excellent. No epidemics have visited

the school and there has been very

little sickness and no deaths from

sickness. This is due to the im-

proved sanitary conditions since the

completion of the sewerage system and

to the vigilance of the physician and

employees.

A number of improvements have

been made during the year and more

are to be made during the coming

year. Among these are a new dining

room and a fine large building for the

industrial departments. This will

afford more room and make it possi-

ble to accommodate more pupils in the

near future.

The closing exercises were unique

in the way of closing programs, as

the children were largely in the

what is being done in the industrial

a great deal of ability in their lines

of work and deserve a great deal of

credit for the manner in which they

## GALLUP BUSINESS MEN.

They Meet and Discuss Matters of Interest to That Town.

RE:OLUTIONS UNANIMOUSLY ADOPTED.

From the Republican.

A well attended meeting of the business men of Gallup was held at the Old Elks hall on Tuesday afternoon. The meeting was called to order by W. H. Wolf, who was elected chairman. W. T. Henderson was chosen secretary. The chairman stated that the Colorado Fuel & Iron company intended to build a hospital and put in a plant for the manufacture of bricks at the town of Gallup. The object of this meeting was to try and induce the company to locate the hospital and plant at Gallup. Remarks were made by a number of gentlemen all of them substantially agreeing as to the advantages to be derived by the citizens of Gallup from the location of the hospital and the building of the town. That in the present case no financial aid was asked by the company. If an invitation in good faith was given to the company to build here instead of at Gibson it might induce them to change their plans. The following gentlemen took part in the discussion: Messrs. Tolson, Kitchen, J. Kennedy, Hart, Kuchenecker, Kennedy, Mood, Henry, W. H. Morris, Hinch.

The meeting decided to draw up a set of resolutions and send a representative with them to the company's headquarters at Denver. Stephen Canavan was appointed to represent the chairman and in case Mr. Canavan could not go the chairman was given authority to make another appointment. L. H. Henry, J. Kennedy, Kuchenecker and E. F. Kennedy were selected to draw up the resolutions, which were adopted as follows:

RESOLUTIONS.

"We, your committee appointed to draft resolutions, most respectfully recommend that the following resolutions be passed by the company."

"Whereas, it is understood that said hospital and brickette plant were originally intended to be placed in the town of Gallup, and owing to present conditions said company have decided to place them at Gibson; and therefore be it

Resolved, By the business men of Gallup, in open meeting assembled, and whose names are subscribed hereto, that we deplore the emigration of the company from the town of Gallup, and owing to present conditions said company have decided to place them at Gibson; and therefore be it

Resolved, That we will in any way we can aid said company in any other industry they may now have, or may establish hereafter in Gallup and vicinity.

"All of which is respectfully submitted."

"L. H. HENRY, Chairman."

The following finance committee was appointed to raise funds to defray the expenses of the representative to Denver: W. H. Morris, A. Calcutt and E. W. Morris.

W. F. Kuchenecker and W. H. Wolf were selected to obtain the signatures of the business men of the town to the above resolutions.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. But slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach, stop eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. In a Street Car Wreck.

Mrs. M. J. Ridenour, who is visiting friends at 822 South Alvarado street, Los Angeles, was killed in a street car collision in Los Angeles the other day. Happily she escaped without injury, says the Williams News. The accident occurred in the account of the wreck says: Dr. S. H. Boynton, of 1014 South Hill street, one of the witnesses of the accident, after making a statement to telephone for an ambulance, rushed back to the scene of the wreck and assisted Mrs. Ridenour, who had been thrown violently to the ground by the Pico Heights car, to the residence of Mrs. Dr. M. J. Hemstreet at 946 South Hill. He then continued the work of rescue. Mrs. Ridenour, who was Joseph Desmond, of the firm of Shattuck & Desmond, discovered the imprisoned Mrs. Ridenour in the wrecked traction car, and falling in his efforts to get the doors at either end open, climbed upon the car and assisted the lady through the broken window. Mrs. Ridenour complained of her side pain, but seemed more concerned about her purse. She lost my purse, she said, as she stepped out of the car, and then the lady declared that she had been most unfortunate and started for home without assistance.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given all hopes of recovery. I took a bottle of Chamberlain's Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good. In two days the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy to several of my neighbors and know it to fail. Mrs. Curtis Baker, Bookwater, Ohio. For sale by all druggists.

American War Veteran Dead.

On Thursday a venerable character passed to the other side in the person of Asa Pipkin, of Fruitland. He was almost a centenarian, being 90 years, 7 months and 2 days old at the time of his death. His passage to the other side was as calm and peaceful as his life had been.

He was born in Tennessee on the very spot where the battle of Nashville now stands. He was a Mexican war veteran, having served with General Taylor in his famous campaign through the valley of Mexico. He was also in the Wilson creek battle in the year 1846. He was at the time of his death, and had been for many years, a consistent member of the church of the Latter Day Saints. He was beloved by all who knew him—Fruitland Times.

## The Best Remedy for Stomach and Bowel Troubles.

"I have been in the business for twenty years and have sold most all of the proprietary medicines of any name. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says Dr. W. Wakefield, of Columbus, Ga. "This remedy cures all severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers, to their great satisfaction. It affords a quick and sure cure in a pleasant form. No family should be without it. I keep it in my house at all times." For sale by all druggists.

It Fazes the World.

No discovery in medicine has ever created more of the excitement than has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. In a Street Car Wreck.

Mrs. M. J. Ridenour, who is visiting friends at 822 South Alvarado street, Los Angeles, was killed in a street car collision in Los Angeles the other day. Happily she escaped without injury, says the Williams News. The accident occurred in the account of the wreck says: Dr. S. H. Boynton, of 1014 South Hill street, one of the witnesses of the accident, after making a statement to telephone for an ambulance, rushed back to the scene of the wreck and assisted Mrs. Ridenour, who had been thrown violently to the ground by the Pico Heights car, to the residence of Mrs. Dr. M. J. Hemstreet at 946 South Hill. He then continued the work of rescue. Mrs. Ridenour, who was Joseph Desmond, of the firm of Shattuck & Desmond, discovered the imprisoned Mrs. Ridenour in the wrecked traction car, and falling in his efforts to get the doors at either end open, climbed upon the car and assisted the lady through the broken window. Mrs. Ridenour complained of her side pain, but seemed more concerned about her purse. She lost my purse, she said, as she stepped out of the car, and then the lady declared that she had been most unfortunate and started for home without assistance.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given all hopes of recovery. I took a bottle of Chamberlain's Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good. In two days the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy to several of my neighbors and know it to fail. Mrs. Curtis Baker, Bookwater, Ohio. For sale by all druggists.

She Didn't wear a mask.

But her beauty was completely hidden by a mass of blotches and pimples till she used Bucklin's Astringent. Then they vanished as will all eruptions, fever sores, boils, ulcers, carbuncles and felons from the face. Infallible for curing the face, scalp, neck and piles. See at J. H. O'Reilly & Co's.

American War Veteran Dead.

On Thursday a venerable character passed to the other side in the person of Asa Pipkin, of Fruitland. He was almost a centenarian, being 90 years, 7 months and 2 days old at the time of his death. His passage to the other side was as calm and peaceful as his life had been.

He was born in Tennessee on the very spot where the battle of Nashville now stands. He was a Mexican war veteran, having served with General Taylor in his famous campaign through the valley of Mexico. He was also in the Wilson creek battle in the year 1846. He was at the time of his death, and had been for many years, a consistent member of the church of the Latter Day Saints. He was beloved by all who knew him—Fruitland Times.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the business for twenty years and have sold most all of the proprietary medicines of any name. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says Dr. W. Wakefield, of Columbus, Ga. "This remedy cures all severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers, to their great satisfaction. It affords a quick and sure cure in a pleasant form. No family should be without it. I keep it in my house at all times." For sale by all druggists.
