GREAT STRIKE.

Steel Trust Plants Involved in the Fight.

Thousands of Men in the Great Struggle.

Failure of a Big Bank in Buffalo, New York.

FIRE IN HOOSAC TUNNEL.

Pittsburg, July 1.—As the result of the refusal of the representatives of the American Steel Sheet company and the American Steel Hoop company, subsidiary companies of the great United States steel corporation, to sign the workers' new scale at Saturday's conference, circulars were sent from the national headquarters of the Amalgamated Association of Iron and Steel and Tin Workers today declaring a strike in all the plants of the two companies. The great strike is now on. At the outset over 35,000 men are involved.

Since the trouble in the W. Duquesne wood mills, McKeesport, a few months ago the Amalgamated association has been actively engaged in breaking up the present arrangement of the combine in operating parts of their plants with non-union men and others with union men. President Shaffer says that if this is not checked the life of the Amalgamated association is threatened, for the combine will always work their union mills last and union men will be suffering by this discrimination. The strike order against the American Sheet and Steel corporation has thus far stood against an increase in the union mills. The American Steel Hoop company stands in the same position. Thus are arrayed against union organization two branches of the United States Steel corporation. The scale of wages of the American Tin Plate company, also a part of the greater corporation, has been signed. It is said, however, that in case the struggle continues the Amalgamated officials have power to call out the tin plate workers as a means of defense against the parent corporation, which they hold responsible for all disagreements.

The strike now threatened in the bar mills following so closely upon that of the sheet mills has a most serious aspect and may spread to enormous proportions. Indeed, in some circles it is predicted that the gigantic struggle that has been talked of since the organization of the United States Steel corporation has now come to the eve of breaking out. The position of the greater combine is placed in practically the freeze dependent plants for completion in the steel trust. The fight is not for wages, but for organization. Either the Amalgamated association must bow to the will of the greater combine or the greater combine will have to give up its non-union mills. Members of the advisory board declare appreciation has been expressed by the parent corporation for the strike. "We have not been idle," said one. "We have strong lodges organized in several non-union plants in which combine managers it has almost complete control. We are in better shape for a strike than we ever were before. Our membership is stronger and our treasury has larger resources than we ever had in our history. Question of signing for all mills must be settled this year."

The clerical department in all the mills of the Republic Iron and Steel Lock company, located in Youngstown, Ohio, and other points in the Mahoning and Shenango valleys, began taking strike today. This will consume at least two weeks and after that the mills will be started in full operation under the new scale. The mills of the American Steel Hoop company, at Youngstown, closed on Saturday night and will remain shut down until an amicable settlement is reached in the wage scale question. The mills of the American Sheet Steel company at Struth, Ohio, also shut down on account of President Shaffer's strike order. During the suspension the company will make extensive repairs and install new machinery. At McKeesport 500 men are affected by the strike at the Devers wood plant of the American Sheet Steel company, which closed down last week.

In accordance with President Shaffer's orders, the crews of sixteen furnaces at Lindsay and McCutcheon mills, Allegheny, are on a strike and

four other crews are expected to quit today. Signature to the Amalgamated scale by the following companies were received today: Lockhart Iron and Steel company, McKees Rock, Pa.; Sharon Tin Plate company, South Sharon, Pa.; Stewart Iron Co., Limited, Sharon, Pa.; N. & G. Taylor Tin Plate company, Cumberland, Md.; American Rolling Mill company, Muskegon, Mich.; Southern Car and Foundry company, Anderson, Ala.; Bessemer Rolling Mill company, Bessemer, Ala.

Big Bank Failure.
Buffalo, N. Y., July 1.—The City National bank which was placed in the hands of a receiver on Saturday night by Comptroller of the Currency Dawes, did not open this morning. L. D. Lynch, chief of the division of insolvent banks, and Special Bank Examiner Mason, took charge of the bank today pending the arrival of Mr. Vaughn, temporary receiver.

Fire in a Tunnel.
Boston, July 1.—Fire broke out in the Hoosac Tunnel docks at Charlestown just before 9 o'clock and burned fiercely. At 10 o'clock the firemen obtained control of the flames. It is thought the loss will not be more than \$200,000.

COLORED MINERS.

They Fight and One is Shot at the Catalpa Mine.

Special to The Citizen.
Gallup, N. M., July 1.—Yesterday afternoon some colored miners at the Catalpa mine got into a row over drinking. One Jackson called Frank Williams a liar. Williams struck Jackson with his fist, who retaliated by shooting Williams twice with a revolver. One shot went through the shoulder blade, crushing it badly, and the other went through the body near the stomach. The sheriff followed Jackson with an Indian trailer three miles in the hills to the south, but night coming on the trail was abandoned. Another colored miner shot himself accidentally in the leg, at Catalpa.

CASE APPEALED.

Writ of Habeas Corpus Denied in Judge Hallett's Case.

Denver, Colo., July 1.—Judge Hallett, of the United States district court, today announced a decision denying a writ of habeas corpus for Ed. H. Reid, the Omaha cattle shipper, sentenced to six months' imprisonment by the district court of Arapahoe county for refusing to pay state inspecting fee on shipment of cattle from Texas. Attorney Ralph Talbot took appeal. The United States supreme court, Reid was acting agent for the National Live Stock association, which desires decision by the supreme court on the question involved that will apply to all states.

TORRID WEATHER.

Deaths in Cities From Excessive Heat.

Five Americans Tried to Loot Chinese City.

Big Lead Trust Formed to Control Missouri Mines.

SUNDAY BASE BALL GAMES.

Washington, July 1.—The weather bureau at 9:30 this morning recorded 91. The hot wave is general east of the Rockies and there is no immediate prospect of relief. At 2 o'clock it was officially reported the temperature was 100. Twelve prostrations are reported.

SEVEN DEATHS.

New York, July 1.—The hot weather which caused so much suffering in this city last week continued today. At 10 o'clock the temperature was 89. Humidity 45 per cent. Between 1 and 9 a. m. seven deaths due to heat were reported in this city. Six deaths from heat were reported in Brooklyn between midnight and 10 a. m.

At 2 o'clock the weather bureau reported temperature at 86. There were twenty-three deaths due to heat in New York and Brooklyn between midnight and 1 p. m. today.

HOT AND HUMID.

Chicago, July 1.—At 9 o'clock this morning the thermometer on the street level showed 89. Humidity intensified the suffering. The air showed 85 per cent moisture. At 12:30 p. m. today the suffering from the intense heat was alleviated by a sudden drop in the temperature to 71 and shortly afterward by a heavy fall of rain. Forecaster Wain declared, however, the relief is likely to be of short duration.

TERRIBLY WARM.

St. Louis, July 1.—The weather bureau thermometer at 1:30 p. m. registered 95. Eight heat prostrations have been reported; four fatal. At 12 o'clock the bureau thermometer registered 94 degrees in the shade, while on the streets the record was several points higher. Up to noon there had been reported four deaths from heat prostration today.

EIGHT DEATHS.

St. Louis, July 1.—The intense heat that has prevailed for several weeks continues unabated. At 5 a. m. the thermometer registered 89 degrees; two hours later it had risen to 82. Yesterday there were eight deaths and twelve prostrations.

MORE DEATHS.

Philadelphia, July 1.—At 2:30 p. m. the police reported that seven deaths today from the heat. There have been twenty prostrations. At 3 p. m. the official thermometer recorded 100 degrees. At the same time the hospital reported deaths at Cramp's ship yards shut down on account of the heat, and other industrial establishments were forced to close.

HOT PLACE.

Baltimore, July 1.—This city is the hottest place in the United States. At 2 p. m. the thermometer indicated 110 degrees. The humidity was about 65 per cent. Two prostrations are reported.

HOTTEST DAY.

Indianapolis, July 1.—This promises to be the hottest day of the season in Indianapolis. At 10:30 the temperature registered 100 in the shade.

Kansas City.

Kansas City, July 1.—The weather forecaster here can see no relief from the hot spell today or tomorrow.

MET WITH GRIEF.

Five Americans Tried to Rob a Chinese City.

Pekin, July 1.—Five men calling themselves Americans were captured by the Chinese troops in a town fifty miles from Peking and were today turned over to Major E. Robertson, commander of the United States legation guard here. The men who were armed demanded 5000 taels from the keeper of a pawn shop and got 500. They filled five cars with plunder and then began shooting, not knowing that the town was occupied by hundreds of Chinese troops. The United States legation was notified and the quincent was brought in. All parts of Peking occupied by the British for police purposes were turned over today to Chinese authorities.

LEAD TRUST.

It is Buying Up All the Missouri Lead Fields.

New York, July 1.—The Herald today says: With the passage of a check for almost \$1,000,000 from the Morton Trust company in this city, the Union Trust of St. Louis, the first definite step of the Hart Union Lead and Oil company toward the acquisition of title to all purchasable Missouri lead fields that has been taken. More changes of title for large amounts are expected soon. Under the name of the Union Lead and Oil company the Ryan-Whitney-Elkins syndicate is operating in close conjunction with the M. Guggenheim & Sons smelting company which recently became part of the American Smelting and Refining company.

In the reading rooms of the Santa Fe Pacific on Saturday evening the machinists and shop men held a meeting at which arrangements were perfected for the holding of a Fourth of July picnic next Thursday near Los Corrales. Refreshments will be provided and dancing will be among the principal amusements.
Al Johnson, a first-class miner at work on Commodore Kent's placer properties in the Hell canyon district, came in from the mountains yesterday to enjoy metropolitan life for a few days. He reports things "natural and otherwise" out in the Hell canyon district, looking nicely, and says the commodore's placer properties are boundless in every sense of the word.
Next week James McCortright and L. L. Hogue will leave for the El Rito station on the Santa Fe Pacific, where they will secure the necessary permits for the new viaduct over the tracks at Coal Avenue. The contractors will employ about a score of workmen and by diligent work they expect to be able to turn their part of

THE PLAIN TRUTH!

We might as well tell it. No use to make excuses, to say that we want to make room for other goods, or to change around in some way, or to take stock, or this or the other excuse for price reductions.

We Need Money!

Too heavy a Spring Stock, too backward a season, business a little bit slow, customers holding off, and a big Fall and Winter Stock to be purchased—that is our story.

Our Summer Goods Must Go!

We here quote a few prices which speak for themselves. We are overstocked on Summer Clothing, Shirts, Underwear and Hats and are bound to close out everything in the way of Summer Goods.

Study Those Green Tags.
