GEN. METHUEN A CAPTIVE

A Splendid Victory of the Boer General DeLarey Over the British Between Lichtenburg and Winburg.

TERRIBLE BRITISH DISASTER

General Methuen Was Wounded in the Thigh—Three British Officers and Thirty-Eight Men Killed, Five British Officers and Seventy-Two Men Wounded.

London, March 10.—General Methuen and four guns have been captured by General DeLarey.

Methuen was wounded in the thigh. Three British officers and 38 men were killed and five British officers and 72 men wounded. One British officer and 200 men are missing. The fight occurred before dawn on March 7 between Winburg and Lichtenburg. Orange River Colony. The British force numbered 1,200. The Boers captured all the British baggage. Methuen is retained as a prisoner.

The text of Lord Kitchener's dispatch announcing the capture of Methuen is as follows:

"Pretoria, March 8.—I greatly regret to have to send you the bad news of Methuen. He was moving with 900 mounted men, under Major Paris, and 300 infantry, four guns and a pom. from Winburg to Lichtenburg, and was about to meet Grenfell with 1,300 mounted men, at Roversfontein today. Yesterday morning early he was attacked by DeLarey's force between Two-bosch and Palmietkern. The Boers charged on three sides. Five hundred and fifty men have come in at Maribos and Kralpaan. They were pursued by the Boers four miles from the scene of action. They report that Methuen and Paris, with guns, baggage, etc., were captured by the Boers. Methuen, when last seen, was a prisoner. I have no details of the casualties, and suggest delaying publication until I can send definite news. I think this sudden revival of activity on the part of DeLarey is to draw off the troops pressing DeWet."

In a second dispatch, dated Sunday, Kitchener says: "Paris has come in at Kralpaan with the remainder of the men. He reports the column moving in two parties. One, with the ox-wagons, left Two-bosch at 3 a. m. The other, with the mule-wagons, started an hour later. Just before dawn the Boers attacked. Before re-enforcements could reach them the rear guard broke. In the meantime a large number of Boers galloped up on both flanks. These, at first, were checked by flank parties, but a panic and stampede of the mules had begun and all mule-wagons, with a terrible mixture of mounted men, rushed past the ox-wagons. All efforts to check them were unavailing. Major Paris collected forty men and occupied a position a mile in front of the ox-wagons, which were then halted. After a gallant but useless defense, the enemy rushed into the ox-wagons and Methuen was wounded in the thigh. Paris, being surrounded, surrendered at 10 a. m. Methuen is still in the Boer camp."

Then follows the number of casualties, already cable. The killed include Lieutenants G. R. Venning and T. P. W. Nesham of the Royal artillery. As Kitchener announced that Major Paris is surrendered and also telegraphed that he reached Kralpaan with the remainder of the men, it may be inferred that the Boers subsequently released the major and his companions.

FREIGHT HANDLERS ON A STRIKE

The Team Drivers' Union of Boston Led Off Early This Morning in a Strike Which Threatens to Involve Ten Thousand Men.

THE OUTGROWTH OF TROUBLE WITH THE BRINE TRANSPORTATION COMPANY

Boston, March 10.—A strike of freight handlers in this city, which threatens to involve 10,000 men, was begun early today. The Team Drivers' Union, embracing about 6,000 men, led off. Other unions followed. The strike grows out of the Brine Transportation Company's trouble with teamsters, which began several weeks ago, but was precipitated by the refusal on Saturday of members of the Freight Handlers' Union to take care of merchandise carted by non-union teamsters employed by the Brine Company.

In view of the threatening aspect of the strike, the state board of arbitration today placed itself in touch with all concerned. Members of the board were not without hope that the opposing parties could be brought together, although the strike had come in spite of the fact that the grievances of the union had been before the board in various forms during the past three months.

TWO PROPOSITIONS REJECTED

Boston, Mass., March 10.—Two propositions from the striking freight handlers, presented to the New York, New Haven and Hartford railroad this forenoon, were rejected.

ANTI-TRUST LAW UNCONSTITUTIONAL.

The Illinois Statute Does Not Stand the Test of the United States Supreme Court.

Washington, March 10.—The United States supreme court today decided the Illinois anti-trust statute unconstitutional because of the provision of the law exempting agricultural products and live stock from the operations of the law. The decision was rendered in the case of Thomas Connolly and others against the Union Sewer Pipe Company of Ohio, and was delivered by Justice Harlan.

Death of Bishop Spalding.

Denver, Colo., March 10.—John Franklin Spalding, bishop of the Episcopal diocese of Colorado, died Sunday at Erie, Pa., aged 74. His successor will be Rev. Charles S. Olinsted, who was elected coadjutor last January.

Bishop Spalding was born at Belgrade, Maine, on August 25, 1828. He graduated from Bowdoin college in 1853 and also received the degree of Doctor of Divinity from Trinity College. He graduated from the General Episcopal Theological Seminary in 1857, was ordained deacon in 1857, priest in 1858 and was assistant rector of several churches in New England from 1857 to 1862. He was rector of St. Paul's church at Erie, Pa., from 1862 to 1873 when he was elected bishop of Colorado. He is the author of the following books: A Manual for Mother's Meetings; The Church and Its Apostolic Ministry; The Threefold Ministry of the Church of Christ; The Pastoral Office; The Best Mode of Working a Parish and Jesus Christ the Proof of Christianity.

SECRETARY LONG RESIGNS

Congressman W. H. Moody of Massachusetts Has Been Tendered the Portfolio and Has Accepted It.

TO TAKE EFFECT ON MAY 1

The Resignation of Long Is Not a Surprise—He Had Remained in Office Too Long Merely to Have the Schley-Sampson Controversy Disposed of—Moody's Career.

Washington, March 10.—Secretary Long today handed his resignation as secretary of the navy to the president. It takes effect on May 1. There is every reason to believe that Congressman W. H. Moody of Massachusetts, will be Secretary Long's successor, though an announcement was made from a reliable source, that the president is considering another name in connection with the vacancy.

The portfolio was tendered to Moody and he has accepted.

Secretary Long's resignation does not come as a surprise. It had been foreshadowed soon after Roosevelt became president, and he had remained in office this long only to have the Sampson-Schley controversy disposed of.

William H. Moody was born at Newbury, Mass., on December 23, 1853; he graduated from Phillips Academy at Andover, Mass., in 1872, and from Harvard in 1876. He was soon after admitted to the bar, then elected district attorney for the eastern district of Massachusetts, serving from 1890 to 1895, and has been a member of congress since 1895 from the 6th Massachusetts district. His home is at Haverhill, Mass.

John Davis Long, who will retire from the cabinet on May 1, was born at Buckfield, Oxford county, Maine, on October 27, 1838. He graduated from Harvard University in 1857; taught two years in Westford Academy, Massachusetts; studied law in the Harvard law school and in private law offices and was admitted to the bar and hung out his shingle at Boston, which he calls his home. He was a member of the Massachusetts legislature from 1875 to 1878, being its speaker in the sessions from 1876 to 1878. He was elected lieutenant governor in 1879, was governor of Massachusetts from 1880 to 1882, and member of congress from 1883 to 1889. He was appointed secretary of the navy in March, 1897.

Secretary Long's letter is as follows: "My Dear Mr. President: Will you accept this as my resignation of the secretaryship of the navy, to take effect the first day of May next, or sooner, if of course, if you shall at any time so wish? It has been to me a delightful service. I leave the official circle of your cabinet, in which my association with you and its members has been so happy, with a high appreciation of your administration and with the most cordial good wishes for its success and for you personally."

The president's reply is as follows: "My Dear Mr. Secretary: It is with sincere regret that I accept your resignation. I shall always count it a privilege, not only to have served with you during the last six months, but to have served under you at the outset of President McKinley's administration. I have seen you in both relations, and it has never been my good fortune to be associated with any public man more single-minded in his devotion to public interest. Our relations have been merely official, but also those of personal friendship. May all the good fortune you so richly deserve attend you wherever you go."

A 100,000 TIE CONTRACT.

Ties to Be Cut for the Galbaldon Land Grant Near Santa Fe for the Atchison, Topeka & Santa Fe Railway.

Marcelino Baca, Santos Ortiz and Manuel Baca of Pena Blanca have taken a contract to furnish 100,000 ties to the Atchison, Topeka & Santa Fe Railway to be delivered at the depot in this city. They have contracted with T. C. Catron to cut these ties on the Galbaldon land grant owned by him, covering the head waters of the Tesuque river and about eight miles east of this city. They have 40 men employed already and are seeking for more men to give employment to. They expect to commence the delivery of the ties at the depot in this city some day this week. It is understood that the price paid the tie choppers per tie is 8 cents. It will take several months to complete the contract. The timber on the Galbaldon grant is understood to be first class for ties and telegraph poles. The grant contains about 16,000 acres and has been confirmed by the court of private land claims and duly surveyed.

THE RIO GRANDE PLACERS.

A Company That Intends to Operate on the Rio Grande.

The Bloomsburg, Pennsylvania, Daily says: While it is a fact that the La Grande Gold Mining Company was chartered in South Dakota, it is also true that it is a Bloomsburg corporation as its principal office is in the Wirt building in this town. The capital is \$2,000,000 divided into 2,000,000 shares of the par value of one dollar each. The company proposes as soon as the spring opens to begin placer mining on its possessions that are situated in Taos county, New Mexico, bordering on the Rio Grande River and the bed of the river itself is secured by the company for a distance of 21 miles. The sand in the bed of the river carries 7 1/2 lb. in gold. When organized, La Grande came into possession of 1,130 acres of good gold bearing gravel and three and one half miles of river bed. At a meeting of the directors last week, the company purchased 3,320 additional acres of land and more than seventeen miles of river bed. C. H. Robbins is the secretary and treasurer of the company.

District Court.

The territorial grand jury on Saturday afternoon returned indictments for assault and battery against J. J. Harris and Michael Doll.

Two cases against Mariano Sosa, the case against Francisco Archuleta and the case against Maximiliano Gurule were set for today on the United States side of the court.

In the cases against Mariano Sosa a postponement was asked for owing to the absence of one of the attorneys for the defense. In the other cases the witnesses were not all here this forenoon.

THE SHIP SUBSIDY BILL

The Senate Takes Up This Important Measure and Senator Vest Speaks Against It.

THE RURAL FREE DELIVERY

The House of Representatives Discussed It Today in Committee of the Whole—The Civil Service Commission Examines the Postmaster of Brooklyn.

HOUSE.

Washington, March 10.—Burton, of Ohio, chairman of the river and harbor committee, reported the river and harbor bill. The senate amendments to the diplomatic and consular appropriation bill were non-concurred in and the bill was sent to conference.

The house went into committee of the whole and the bill to classify the rural free delivery service and place the carriers under contract system was read for amendment under the five-minute rule.

Swanson, Virginia, offered an amendment providing for salaries for carriers not exceeding \$600 per annum, with the added provision that "no other or further allowance or salary shall be made to said carriers." It was adopted without division.

SENATE.

The ship subsidy bill was taken up. Vest made a speech against the measure. He said that 73 per cent of the subsidy on the Atlantic side would go to the International Navigation Company. The bill would take money out of the treasury without giving any value in return.

PRESIDENTIAL NOMINATIONS.

Washington, March 10.—The president sent the following nominations to the senate: Postmasters—Texas, Wm. O'Leary, Dallas, Wyo. Wm. F. Brittain, Sheridan.

A POSTMASTER EXONERATED.

Washington, March 10.—The civil service commission adopted a report exonerating Postmaster Roberts of Brooklyn, from any willful violation of the civil service law and rules, as charged by the National Civil Service Reform League. The report was made by Commissioner Foulke, who investigated the charges.

SIERRA COUNTY ITEMS.

Another Quartz Mill May Be Built—A Mining Expert Invests in Mining Property.

Special Correspondence New Mexican. Hillsboro, March 8, 1902.—Hillsboro is to have another quartz mill. John Kassar, president and general manager of the Hillsboro Mining and Milling Company, has decided upon the erection of a 10-stamp mill for the treatment of the ores from the Ready Tay group of mines. Mr. Kassar has quite a force of men doing development and is taking out some good ore. He informed your correspondent that the shipment recently made to the smelter netted him over \$100 per ton in gold.

Gales Brothers and Hartney, who are operating the American, have opened up a streak of ore running from six to eighteen inches in width which averages about \$100 per ton in gold.

O. E. Conner, a mining expert of Cincinnati, Ohio, who came here recently to report upon the hillsboro property, was so well pleased with the outlook of this district, that he decided that he wanted some of the good things himself, and accordingly took an option on a group of seven claims near Animas Peak and proposes to organize a company for the development of the same.

The Las Animas Gold Copper Mining Company has opened up a body of ore on their 200-foot level which shows by actual assay \$200 per ton in gold. This, in connection with the recent big strike made on the 300-foot level of the same property, makes the mine look like a real bonanza.

Colonel J. P. Parker, deputy United States mineral surveyor at Kingstons, was a visitor at the county seat last Monday.

One of the severest wind storms ever experienced in this district occurred here Thursday; however no severe damage was done.

Procopio Torres, probate judge of Sierra county, held a session of probate court here Monday and Tuesday of this week.

The snowfall bulletin of the weather bureau is printed on the third page today.

Rooms for Rent.—Several nicely furnished and comfortable rooms for rent by Mrs. C. H. Gildersleeve, upper Palace avenue. Terms reasonable.

The Fifth Victim.

Beaumont, Texas, March 10.—The body of the fifth victim of a gang of robbers and murderers was taken from the Nueces river Sunday.

AN APPEAL FOR COLORADO'S ASSISTANCE

Delegate B. S. Rodey Asks Representatives Shafroth and Bell to Stand With New Mexico in Opposition to the Stephens Bill.

A MEASURE THAT ALSO VITALLY AFFECTS THE CENTENNIAL STATE

Delegate B. S. Rodey has addressed the following letter to the two congressmen from the state of Colorado: Washington, D. C., March 5, 1902. Hon. John C. Bell, and Hon. John F. Shafroth—Gentlemen: I send a copy of this letter to each of you. There is a bill pending in the present house known as H. R. 115. It is the same old bill which they have had up for years for the construction of a so-called international dam at El Paso, at a primary cost to this government of two and a quarter million of dollars. It is to be supplemented by a treaty with the Republic of Mexico, providing that a couple of square miles of United States territory is ceded to Old Mexico, and then all the water that comes down from Colorado through New Mexico, must be let go by to fill that dam, and one-half of it is to be given to Mexico forever, free of cost to that republic, while poor New Mexico must go to waste for want of it. I call your attention to this bill, because if it ever becomes a law, the next move will be to enjoin the sovereign state of Colorado from using the water of its own catchment areas, which citizens of the Republic of Mexico will claim they had appropriated years before Colorado was settled. I argued against the bill before the house committee on foreign relations for an hour this morning, and am afraid that it will be favorably reported. El Paso has had a lobby here in Washington for more than a month working for it, and, of course, General Anson Mills has been for years using his prestige and wealth around Washington in its interest. There will be another hearing Thursday morning, next, when Dr. Boyd of New Mexico, and this man Follett of your state, will be heard for and against the bill. Since this man Follett has been made consulting engineer of the international boundary commission, he has become a red-hot partisan of this iniquitous measure, and is doing all he can to secure a favorable report from the committee on it. I call your attention to the fact that a former Democratic attorney general of the United States in 21 Opinions Attorney-General, page 274, held, when Mexico first started her claims against our government for alleged injury to her agricultural interests south of El Paso in Old Mexico, that her claims were groundless under the treaty, in law, in fact, and under the comity of nations; he held that the catchment areas of the United States as to the Rio Grande were burdened with no servitude in favor of citizens of Old Mexico as to waters that were collected in territory of the United States, at points where the said river and its tributaries are wholly within the United States and does not form the international boundary line. This question is becoming of grave interest to Colorado, especially now that Nebraska is attacking your state and your right to use the water of your own catchment area in your own state, and I most respectfully implore your aid and help for New Mexico in her effort to prevent a favorable report being made upon this unjust and iniquitous measure. I sincerely hope that one or both of you will attend the committee meeting on Thursday morning, next, and become informed on the subject, if you are not already well informed thereon. New Mexico is a poor, helpless territory, the sovereign state of Colorado is our neighbor, and we ask its aid against the effort of some portion of the state of Texas, and against General Anson Mills, The Republic of Mexico, and other interested parties who are trying to force it upon us, and who seem to have obtained the favor of our department of state and department of justice in their efforts to ruin us.

Sincerely yours, B. S. Rodey.

Scratch Paper.

Made from ledger, linen, flat and book papers at 10 cents per pound at the New Mexican. This is scrap paper put up in pads and is less than the paper originally cost. Only a limited supply.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

MONDAY, MARCH 10.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Elections will be held in this territory in November next. Best prepare.

Political situations change rapidly in this country. Senator Hanna is now becoming popular with the labor element.

In many places in the south they still fry beefsteaks. The advance of civilization there is not as rapid as it ought to be.

There is no necessity whatsoever to misrepresent the character of United States Senator Pitchfork Tillman. It is tough enough in all verities.

The New Mexican believes in the protection of the sugar beet planting and beet sugar making interests of the United States. Protection should begin at home.

South Carolinians do no longer want to be judged by the Tillman standard. Therefore they should retire the Tillmans to private life as speedily as possible.

Prince Henry is evidently a very thoughtful man. It is said that he kept away from New Mexico in order to keep out of the way of the territory's yellow sheets.

The people of southeastern New Mexico are not exactly starving for "Buffalo" Jones' 100,000-acre buffalo reservation. They seem to think they can very well do without it.

The New Mexican is glad to see that some New Mexico citizens openly assert that they are statesmen and politicians. This is right, otherwise people when they met them would never suspect this.

President Roosevelt does not want the federal officeholders in Illinois to interfere in local politics. The gentlemen holding these fine positions in that state are dazed, they do not know which way to turn.

Neither floods nor cyclones worry the people of New Mexico to any alarming extent. People who want to enjoy the finest climate on earth must come to this territory. They will find the very best part of that climate in Santa Fe.

Indiana contains many generously inclined and kind hearted citizens. During Prince Henry's visit in this country last week, an Indiana man offered to give him a live and full grown eagle to take to the wife and babies at home.

Colorado railroads are already preparing for the summer rush of tourists. With the completion of the Rock Island Railway through New Mexico, this territory, too, will receive a greater influx of tourists this year than ever before.

There has been a clash at Denver between the Cattle Growers' convention and the fusion legislature. It takes no prophet to foretell that the fusion legislators will get the worse of it, if not at present, then when the next election day rolls around.

Kaiser Wilhelm will have 1,000 copies of his photograph distributed among officers of the German navy. This is exceedingly nice and kind in the Kaiser. It is dollars to doughnuts that a distribution of an increase in pay would have been more acceptable and more pleasing.

At any rate that Major Micah Jenkins' sword incident has advertised the Charleston Exposition. In addition, Major Jenkins' actions show that he is a good deal of a man and that even a jeweled sword will not get him to act improperly or ungentlemanly toward President Roosevelt.

Former Vice President Adlai E. Stevenson wants to know if the Democratic party will profit by the lessons of the past. The record of the Democratic party seems to indicate that it will not. It has a great habit of making political mistakes and habits of long standing are not easily overcame.

Senator Clark of Montana, desires to be chairman of the Democratic congressional campaign committee. The chances are that he will be elected to that position. He has lots of money to burn and that is a prime consideration when it comes to a chairman of a Democratic campaign committee.

The Santa Fe intends to take the kinks out of its main line wherever possible. This is in conformity with modern progress. It will cost money and lots of it, but the competition of other lines will compel the Santa Fe to make an effort to keep at the head of the procession of transcontinental railroads. One of the most expensive and most unnecessary kinks is that between Las Vegas and Albuquerque and could be remedied by building the line via Santa Fe. It is to be hoped that the Santa Fe will place this change upon its program of improvements.

In some eastern city a weekly paper called the "Gentlemen's Home Journal" is now being published. The editor of this valued contemporary boldly announced that the paper will not be responsible for the opinions of its contributors published therein. He takes time by the forelock to save intending trouble.

Colonel William Jennings Bryan is thinking of making Mayor Tom L. Johnson of Cleveland, Ohio, his political heir, and intends to throw to him the Democratic presidential nomination in 1904, if that can be done. And now you know the reason why Mayor Johnson was not present when Prince Henry passed through Cleveland a few days ago.

Colorado should stand by New Mexico in the fight against the El Paso dam schemers and land grabbers. The headwaters of the Rio Grande are in the Centennial state and the passage of the Stephens-Culberson bill in its present form would be a great detriment to the settlers in southern Colorado along the Rio Grande and its tributaries.

A deficit of four or five millions of dollars in the conduct of the postoffice department is no worse than a deficit in any other department of the government. The people should be given penny postage no matter what the deficit may be. Postoffice department officials should remember that they are the servants of the people and not their bosses.

The great gain during the past year in gold production in Australasia will push that country to the head of gold producers. The United States will have to take second place. Great Britain owns Australasia, as well as the Klondike, South Africa, Surinam and other gold producing divisions of the earth. It can therefore easily control the money markets of the world and maintain the value of gold as long as it pleases.

It is probably in a financial way that Great Britain is most hurt by the war in South Africa. The annual army budget has increased to \$350,000,000 and the day is still far off when the troops can be withdrawn from the Transvaal. At present the British maintain 300,000 soldiers and 243,000 mounts in the Transvaal and it seems as if even this force would have to be increased in order to crush the pitiful remnant of the Boer force that is still keeping up a show of fight. Great Britain pays very dearly for the gold mines of the Rand.

With the completion of the Santa Fe Central Railway from Torrance on the Rock Island and El Paso railroad to this city, through Pullman and through tourist sleepers will be run from Chicago and Kansas City to New Mexico's capital. There is no doubt but that when this is done a great tourist-healthseeker passenger traffic to central New Mexico will be built up. Broad gauging the Denver and Rio Grande railroad to this city will also become a great factor in that line, as then Pullman and tourist sleepers could be run over the Burlington and Denver and Rio Grande railroads from Chicago and Kansas City to Denver and this city without change.

The Fort Bayard Military Sanitarium, according to the Silver City papers, promises to make quite a town out of the little mining camp of Central. The nearest settlement to the fort. A number of those discharged as cured from the sanitarium, have decided to remain in this climate and have settled at Central. These settlers all draw pensions and some of them have induced relatives and friends to come to that part of New Mexico. This number of new settlers will, of course, be added to from year to year and the business which naturally comes from the sanitarium itself, promises a prosperous future for the town of Central.

Las Vegas is now working for the military sanitarium towards which Santa Fe is displaying lukewarmness, if not a positive coldness. The Santa Fe Board of Trade had better call a meeting to discuss the proposed sanitarium, although there seems to be very little likelihood that congress will make a special appropriation for such a purpose. No special appropriations were needed to establish Fort Bayard or Fort Stanton sanitarium as the cost of their establishment and maintenance is paid out of a general appropriation in the case of Fort Bayard and out of a special fund in the case of Fort Stanton. To establish a military sanitarium at Santa Fe would require merely an executive and army order and no congressional action.

One of the most interesting bulletins of the Agricultural Experiment Station at Mesilla Park, has just been issued from the press of the New Mexican Printing Company. Its subject is "A Southern New Mexico Garden," and its twenty-seven pages are beautifully illustrated with half-tones. Its directions are very practical and with slight changes adapted as well to northern New Mexico as to southern New Mexico. There should be a flower garden with every home and this bulletin makes it easy to have one in New Mexico. The bulletin is written by Francis E. Lester, registrar of the New Mexico College of Agriculture and Mechanic Arts, and besides its utility has a model of clearness of diction and a terse literary style.

The New Mexican last year advocated the holding of a convention in this city for the purpose of adopting resolutions protesting against the passage of a national lease law and against the passage of an international dam bill that would deprive the inhabitants of the Rio Grande valley of the water rights and privileges that they have enjoyed for centuries and which are theirs justly and legally and guaranteed them by solemn treaty and by the law of the land. The New Mexican further insisted that a strong delegation of citizens should be appointed to go to Washington to work against these two measures, which if enacted into law, would prove of great detriment to the territory. Unfortunately, the suggestion of this paper was not heeded and now there is danger that

the measures alluded above may be enacted into law. Locking the stable door after the horse is stolen is an adage that should be given more heed by the people of New Mexico. The stable door should be locked before they seem to be a trifle late when it comes to protecting their interests and that quite often.

Missouri Code Pleading

By Mr. Everett W. Pattison,
(Author of Pattison's Complete Digest.)
Nearly 600 Pages. Price, \$6. Delivered.
This book is a Very Important One for all Lawyers.

It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER.—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00.) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 8,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,886.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attended to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:05 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. CHRONIC DIARRHOEA.
Mrs. C. B. Wingfield of Fair Play, Mo. who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by Fischer Drug Company.

A little bit of sweetness comes out of a kiss every time you take it off the same lips.

SURGEON'S KNIFE NOT NEEDED.
Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For sores, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. Fischer Drug Company.

A man of strong will can make any woman do anything that she wants to do.

FOR THE COMPLEXION.
The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills. Fischer Drug Company.

Gold in the Black Hills.
The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

A PRINTER GREATLY SURPRISED
"I never was so much surprised in my life as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, a pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." HAVING A RUN ON CHAMBERLAIN'S COUGH REMEDY.
Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by Fischer Drug Company.

winter. What little did fall was during the past week, and this melted almost as fast as it fell. James: C. F. Spade: Very dry winter here; much snow prevailing. Cuchillo: Emil Grandjean: Some rain and snow in the mountains but not enough to do much good. Hermosa: Geo. R. Hauco: No snow of any account; plenty of water for stock and irrigation.

Mimbres Watershed—
Hanover: R. V. Bible: Slight fall on the 26th and 28th. Mimbres: Chas. Dennis: On the 26th a good rain in the valleys nearly all day. Black Range covered with snow.

San Francisco—
Frisco: Jose Baca: Very little snow here this winter; more rain than snow. About four inches of snow in the mountains. Mogollon: Ludis Howard: We had a heavy snow on the 25th and 26th, which melted at once in the foothills.

Canadian Watershed—
Elizabethtown: L. L. Cahill: Rain and snow have been sufficient to water the Moreno Valley for range purposes but not to the average for placer mining. Osha: Mrs. S. P. Sanchez: Prospects good for farmers and sheep men in this locality. Miera: Francisco Miera: No snow nor cold weather but very dry; no loss in stock. Ocate: N. Well: High, cold winds drying the lakes very fast. Wagon Mound: R. T. Maes: A very dry season; stock suffering as there are few places at which they may be watered. Los Alamos: Wm. Frank: No moisture during February, and both sheep and cattle suffering from drought.

Gila Watershed—
Alhambra: H. Fitzsimmons: No snow during the month but ten hours steady rain on the 25th.

Pecos Watershed—
Geronimo: J. S. Nelson: Snowfall extremely light this winter—about one-third of former winters. Bad prospects for water in the spring. Willis: Wm. Sparks: The heavy wet snow has put the soil in excellent condition for spring planting, but the storm was hard on unsheltered stock. Winsors: H. D. Winsor: On the mountains about 9,000 feet there is about three feet. Elk: J. M. Walker: We had some misty rain but no snow. Fort Stanton: E. W. Halstead: Warm weather had considerably reduced the "reserve" snow on the adjacent mountains, but the storm of the 27th renewed the supply, and the outlook for the immediate future is quite good. Ruidoso: Postmaster: Very little snow and the outlook is for a dry spring.

Sacramento Mountains—
La Luz: Ernest S. Swift: No snow here since December, and very little in the mountains. Tularosa: Jas. A. Tomlinson: Only a trace and a sprinkle of rain here in the valley but up at the Mesquero Agency they had about three inches, and further up the mountains as much as eight inches.

CHRONIC KICKERS.
Some in Every Household in Santa Fe But They Are Growing Less.
Chronic kickers the kidneys are—when they're sick.
What makes the kidneys sick? A simple thing.
They have too much to do.
Must keep up their work; they never rest.
Can't blame them for kicking.
Ever have your kidneys kick?
Ever have a bad back, a lame, weak or aching one?
Know it's the kidneys kicking?
The back aches because the kidneys are blocked.
Help the kidneys with their work.
The back will ache no more.
Lots of proof that Doan's Kidney Pills do this.
Mr. C. S. Keep of 323 E. Caramillo street, Colorado Springs, Associated Press operator, says:
"Long before I came to Colorado Springs I knew all about Doan's Kidney Pills in the state of Massachusetts, where they are considered a household remedy. I used them several years ago for a lame and aching back, and I have seen scores of statements from representative citizens of Worcester and other cities in the east, all emphatically endorsing the claims made for that preparation. My advice to anyone suffering from either weakened or over-excited kidneys is to procure Doan's Kidney Pills, take a course of the treatment and the results promised will be inevitably followed."

Plenty of proof like this in Santa Fe. Call at Ireland's Pharmacy for particulars.
For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no other.

WOULD SMASH THE CLUB.
If members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and asthma, the kind that baffles the doctors, it wholly drives from the system. Thousands of one-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles; 50c. \$1. Trial bottles free at Fischer Drug Company.

THE VICE OF NAGGING.
Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. Fischer Drug Company.

CANDY CATHARTIC.
Genuine stamped C. C. C. Never sold in bulk. Beware of the dealer who tries to sell "something just as good."

"Doctors not seldom give up a case, but a mother never does. While life lasts, while there is a spark of vitality which love's labor may fan into a flame, she coils untiringly for the child she brought into the world. And sometimes where the doctors fail the mother succeeds. She has no prejudices. Any means she will use which will save her child."

The mother's prescription given below is a case in point. Her daughter was given up by physicians as suffering from an incurable disease, called "wasting of the digestive organs." The mother prescribed Dr. Pierce's Golden Medical Discovery and "Favorite Prescription," and had the happiness of seeing her daughter restored to perfect health.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It is a nourishing, flesh-forming medicine—making new blood and new life. "Golden Medical Discovery" contains no alcohol and it is absolutely free from opium, cocaine and all other narcotics. It is a true temperance medicine.

"My sister of Arlington, Washington Co., Neb." was taken very sick and had several doctors. writes Mrs. C. L. Harrison of Elk City, Douglas Co., Neb. They could not do her any good, and told my mother they would not come any more, as no doctor could help her, that she could not get well. She had 'wasting of the digestive organs.' My mother said to my sister: 'Well, what can I do? Dr. Pierce's medicine will cure her.' So she bought six bottles of 'Golden Medical Discovery' and 'Favorite Prescription,' and some of the 'Fruit of Life,' and now my sister is a well woman. 'Thank you for your medicine.'

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

The same woman who has money enough to have her red hair called golden tresses can steal and have it called kleptomania.

You will never wish to take another dose of pills if you once try Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by Fischer Drug Company.

PRACTICALLY STARVING.
"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Fischer Drug Company.

If some preacher was only smart enough to put a side door in his church he would have it filled with men who would go in from force of habit.

CAN'T KEEP IT SECRET.
The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Try them. 25c at Fischer Drug Company.

A cunning man is sure to overreach himself sooner or later.

LOCKJAW FROM COBWEBS.
Cobwebs put on a cut lately gave a woman lockjaw. Millions know that the best thing to put on a cut is Bucklen's Arnica Salve, the infallible healer of wounds, ulcers, sores, skin eruptions, burns, scalds and piles. It cures or no cure. Only 25c at Fischer Drug Company.

Spring Medicine

Is of the greatest importance. This is the most critical season of the year, from a health standpoint.

It is the time when you imperatively need Hood's Sarsaparilla.

It will give you a good appetite, purify and enrich your blood, build up and steady your nerves, overcome that tired feeling, give mental and digestive strength—in short, will vitalize your whole being, and put you in perfect health.

Don't delay taking it.

Don't experiment with others. Get that which trial and test have proved the best—

HOOD'S Sarsaparilla

Best for Spring—"I have taken Hood's Sarsaparilla when needed for several years and would not be without it in the house. It is an excellent medicine and I heartily recommend its use in the spring and at any time when a blood purifier and tonic is needed." Mrs. F. M. Moore, 21 Irving Place, Passaic, N. J.

Spring Fever—"I have taken Hood's Sarsaparilla for my spring medicine for years and have always found it reliable and giving perfect satisfaction. In the spring it takes away that tired feeling or spring fever, gives energy and puts the blood in good condition." Miss Effie Coleman, 1335 10th Street, N. W., Washington, D. C.

Julian Padilla has returned to Santa Fe from the Zuni reservation in McKinley county, bringing a lot of pottery and blankets for J. S. Candelario.

Mrs. Julianita Rodriguez died this afternoon at 3 o'clock, on the Loma near the old brewery. Her husband preceded her to the grave. She is survived by two sons and three daughters.

Cayetano Garcia, deputy sheriff and jailer of Santa Fe county under Sheriff Cunningham, was run over by a wagon at Hand on Saturday and killed. The remains were brought to Santa Fe and the funeral took place this forenoon, mass being celebrated at the cathedral by Vicar General Anthony Fourche.

Garcia, who was an aged man, leaves a wife and children who live on Manhattan avenue.

Hyman Lowitzki has returned from a trip over the Santa Fe Central line. He states that all preparations for the building of the railroad have been completed. The well drilling outfit is at Torrance and will be put to work at once. Today grading is to start at Galisteo, while grading at Torrance was commenced last week.

An old man named Jesus Rael was run over by a runaway team of horses attached to a heavy wagon this morning. Two wheels of the wagon passed over his chest and it is feared that his injuries are fatal. The team belongs to Jose Duran and the wagon was being loaded with stone on Don Gaspar avenue when the horses started to run away and turned the corner sharply opposite the First National Bank, knocking down Rael. The horses were caught on the Plaza.
