BANK FAILURE.

The Big "Seventh" of New York.

Quite Sudden Failure Among Financiers.

Some Points Regarding the Leipziger Bank Failure.

STIR IN FINANCIAL MATTERS.

New York, June 27.—Wm. Nelson Cromwell, attorney for the Seventh National bank, advised the bank to suspend payment. The statement given out was as follows:

"In justice to depositors and stockholders, the Seventh National bank, Wm. Nelson Cromwell, the bank's attorney, has advised the bank to suspend payment. The statement given out was as follows:

"This bank is in the hands of the controller of the currency. (Signed) 'FORREST HAYNER, National Bank Examiner.'"

The bank opened for business as usual today, but at 10:45 the doors were closed by Cashier Adams, who then said the bank was suspended. He said his action was required on attending the directors, depositors and Wm. Nelson Cromwell, attorney for bank this morning.

The Seventh National bank was originally the old Seventh Ward bank, established in 1833. In 1898 the first assistant postmaster general, Perry S. Heath, practically acquired the controlling interest of the stock of the Seventh National bank. The week ending June 22, 1901, to clearing houses was capital, \$375,000; net profits, \$234,400; loans, \$1,407,100; specie, \$257,700; legal tender, \$17,700; deposits, \$5,712,400; percentage on reserve, \$23,410. All banks made actual change at the clearing house as usual today.

On August 2, 1899, John McArthur resigned the presidency and Vice President Kimball was chosen in his stead. Fletcher S. Heath was elected vice president.

The officers and directors are: E. T. Thomas, president; Fletcher S. Heath, vice president; Geo. W. Adams, cashier. Directors: Geo. W. Adams, Eugene Bissell, Thomas Lloyd, Fletcher S. Heath, Perry S. Heath, Erskine Hewitt, Wm. H. Kimball, Alexander McDonald, Guy C. Major, Wm. P. Orosio, Josiah Quincy, Frank H. Raney, John A. Sullivan, W. H. Taylor, Samuel Thomas.

At the clearing house this morning the Seventh National bank came in debt to \$644,108.90. After the announcement of the suspension of the clearing house committee, the directors of the bank directed the manager of that institution to estimate from clearing all operations of the Seventh National bank.

The announcement of the suspension caused only a ripple in the stock market. It interrupted recovery of prices and caused a reaction of 1 to 2 1/2 points, in some principal stocks. Offerings of large sums of money on the exchange at 6 per cent and large buying orders placed in the market raised prices but left the stock market dull and somewhat feverish until noon. In banking circles it was said the Seventh National heavy debt balance was result of the news of the bank's embarrassment Tuesday being telegraphed throughout the country. Several institutions having money deposited with the Seventh drew on the bank and these drafts all coming in at the same time were too much for the institution.

It was said this afternoon the Seventh National bank had quick assets about \$1,200,000. It was further reported depositors would lose nothing.

THE LOAN.—Washington, June 27.—Comptroller James said the following telegram to E. T. Thomas, president of the Seventh National bank, on Wednesday:

"I just received information from the national bank examiner that Henry Marquand & Co. have loans to a large amount to your bank approximating \$1,600,000. Unless promptly and satisfactorily assured this loan will be taken up and cash therefor put into the bank by Saturday night, June 28th, I will appoint receiver for the bank. Please confer with your board of directors and announce this to them."

Topeka, Kan., June 27.—Horribly burned and dying in intense agony was the fate of Mrs. W. C. Carlson, wife of a Cowley county farmer, because her husband refused to deposit \$5,000 in a place named by unknown blackmailers three weeks ago.

HEATH INTERVIEWED.—Salt Lake City, Utah, June 27.—The former assistant postmaster general, Perry S. Heath, when shown the Associated Press dispatches announcing the suspension today of the Seventh National bank of New York, said the action of the officials was a surprise to him. "I received two telegrams this morning," said Heath, "which stated that the bank was in good condition and had plenty of funds. I cannot imagine what kind of a snarl they got into. Of course, there are outstanding loans, but as far as I know they are the gilt edged kind and the bank had no outside entanglements."

BANK FAILURE IN GERMANY.—Leipzig, June 27.—Herr Exner, director of the Leipziger bank, which suspended payment Tuesday, June 25th, has been arrested. The public prosecutor is investigating the affairs of the bank.

It turns out the report of the Leipziger bank failure yesterday was misleading. Reliable information shows the sum of 111,000,000 marks, which forms the bulk of the assets and includes \$7,000,000 marks loaned to the Cashel-Tremor-Trocknung company, of which only a small part can be realized.

The Leipziger bank recently advanced another 15,000,000 marks to Cashel-Tremor-Trocknung company, after was known the latter insolvent. Representatives of the leading bank of Berlin say there is no doubt all the stock of the Leipziger bank and its reserve, amounting to 65,000,000 marks, are lost. Berlin and Leipzig morning papers express highest indignation at the conduct of the Leipziger bank directors and demand a searching investigation.

Dead in Las Vegas—She was Well Known Here.—Among the saddest deaths that have occurred in Las Vegas for some time was that of Mrs. Winifred Jones, who passed away Tuesday morning at 2 o'clock in her room at the Plaza hotel. Heart failure is pronounced as being the cause of her death.

The deceased suffered a stroke of nervous prostration on Friday last, but had been in ill health for some time. She was also attacked by a stroke about a year ago.

Mrs. Jones was a native of Keokuk, Iowa, and was married about three years ago to Dr. Jones, of Kansas City.

Being an accomplished stenographer she was well known among the prominent lawyers of the east, having been court stenographer and also private stenographer for prominent attorneys, she being an expert in shorthand writing. She was graduate of the Gem City business college of Quincy, Ill.

Mrs. Jones two years ago came to Las Vegas and entered the employ of Veeder & Veeder, attorneys, and was still in their employ up to the time of her death. She was afflicted with asthma and came here to get the benefit of a dry climate. Although never in the very best of health, Mrs. Jones appeared to be of a very healthy nature.

The mother of the deceased, living at Keokuk, Iowa, was telegraphed to a few days ago when her daughter began to get worse, but did not arrive in the city until today, being unable

to be with her daughter during the last few hours of her life. Besides a mother Mrs. Jones has a brother in the east who is practicing law, a brother-in-law in the freight department of the Burlington route at Keokuk and a sister.

Mrs. Jones was for several years United States commissioner of land court claims and dealt principally with the Indian depositions. She was refined and accomplished, was of very attractive appearance on the street, and a beautiful lady and her gifts as a most competent stenographer and typewriter. Those who had the pleasure of meeting the deceased, while here, will regret to learn of her sudden death.

Of Local Interest.—C. W. Wright, of Albuquerque, is in the capital on a business trip. Mr. and Mrs. A. A. Keen returned to Albuquerque this afternoon after a stay of several days in the capital. Hon. W. B. Childers and children arrived from Albuquerque yesterday. Mrs. Childers is also a visitor in Santa Fe.

Boers retire.—Richmond, Cape Colony, June 27.—A large force of Boers, commanded by J. van Rensburg, attacked Richmond at daybreak, June 25. Fighting lasted until dusk, when the Boers retired on the approach of British reinforcements.

Destructive Hail Storm in Rominten District, Prussia.—Berlin, June 27.—The news received today from Rominten, Prussia, shows the whole Rominten district devastated since June 24th by hail storm and cloud bursts. Emperor William's estate at Rominten is greatly damaged. His majesty forwarded a large sum to be distributed among the sufferers.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The New Mexico Territorial Fair will be held in Albuquerque from October 15th to October 19th. Premium List will aggregate \$10,000.

ALBUQUERQUE - JUNE 27, 1901

The interest and dividend payments to be made in New York on July 1st are expected to aggregate between \$120,000,000 and \$125,000,000, and exceed those of any previous July 1st.

BIG BANK FAILURE.

The Leipzig bank of Leipzig, Germany, has failed for about ninety million marks, with nominal assets of \$5,000,000. The news almost precipitated a panic in bank stocks on the Berlin bourse, and other stocks were depressed. There is talk of criminal prosecution of the directors.

RECEPTION AT LAS VEGAS.

The citizen has received an invitation to attend a reception and ball to be tendered Governor and Mrs. Otero, at the Duncan opera house, Las Vegas, tonight. They left Santa Fe this morning in time for a dinner at the Cataract, after which a reception will be tendered them at the court house and a ball at the opera house. On tomorrow the Montezuma club will give a reception and ball also in their honor.

VANCE IS A STICK.

In the Journal of Political Economy, "The United States land commission of the territory is doing good, successful work and performs its duties to the satisfaction and benefit of the people. That is, two members of the commission are doing so, namely Governor Otero and Solicitor General Partlett. The third member of the commission, General Vance, has not attended a meeting for a year. Comment is not necessary."

WHAT ADVERTISING DOES.

In the Journal of Political Economy, Emily Fogg-Meade affirms that "advertising sometimes creates a demand, sometimes directs it. What greater stimulus can there be for an inventor than the fact that a method is in vogue by which a useful article can be immediately placed before the public, with the probability of large and immediate returns? Advertising fixes new staples. Tea was one of the earliest articles advertised in England. The man who is wise in his day and generation regards his advertising as appropriation as he would sow seed. The more attention he gives it, the better the harvest."

NEW YORK CRIMES.

In the past six years there have been four murder trials in New York city which have attracted attention throughout the country. The cost of prosecuting the principals - Carlisle Harris, Dr. Buchanan, Samuel J. Kennedy and Roland H. Molinoux - is estimated at \$1,000,000, the burden of the expenditure falling mainly upon the county of New York. Dr. Buchanan and Carlisle Harris have paid the penalty of their crimes. Molinoux, who was convicted of a murder committed in December 28, 1898, is appealing to the court of appeals for a new trial. Dr. Kennedy is apparently destined to escape punishment. Since the court of appeals saved him from the electric chair it has been impossible for the state to convict him.

IRRIGATION FOR INDIANS.

The United States government has taken hold of the work of turning 8000 Pueblo Indians of New Mexico and Arizona and Jicarilla Navajos from semisubterranean to prosperous husbandmen. An irrigation canal out of the Rio Grande has been built at San Ildefonso at an expenditure of \$7,000 by J. B. Harper, of Durango, Colo., superintendent of irrigation for the Pueblo Indians. This will bring under irrigation 1000 acres of fertile lands, thus making the San Ildefonso Indians independent.

Surveys are being made at Zuni for a storage reservoir and irrigation system that will bring 100,000 acres under cultivation at an expenditure of a little over one hundred thousand dollars. Irrigation works are under construction at Dulce, on the Jicarilla reservation, which will supply the new government school with water and irrigate a school farm of 200 acres. This is but the beginning of the vast enterprise to supply the Pueblo Indians with an abundance of water and will greatly add to the prosperity and growth of New Mexico.

FACTORY AT GALLUP.

The McKinley County Republican says: "Plans and specifications have been made and machinery ordered by the C. F. & I company for the erection of a plant for the manufacture of bricks, which are made of coal slack with the addition of a little oil. The sum of \$25,000 has been appropriated by the company for this purpose. All of the slack made at Catalina, Weaver and Gibson will be utilized in this new enterprise; probably 250, or 300 tons per day, which will require the labor of at least 150 men. Aside from the ice plant, this is the first manufacturing establishment that Gallup has had a chance to get. The company has two places under consideration for the location of the plant, one of them is at the old Diamond well north of the depot and the other is at Gibson. The question is up to the business men of Gallup whether they want the plant here or not. An organization of business men should be formed to consider this matter at once, and if possible to induce the company to build in Gallup."

IS IT PLEURO-PNEUMONIA?

W. B. Upton's Fine Hurd at Hereford. Attacked with Some Fatal Disease. On Monday of last week several of Mr. Upton's fine Herefords on his five-acre alfalfa farm, on the Berendo, five miles northwest of town, were attacked with some strange disease. A number of the herd and Mr. Upton himself, C. J. Ballard, resident member of the Territorial Cattle Board, who telegraphed J. A. Latham, secretary of the board, to send a veterinary surgeon to ascertain the character of the disease. Dr. Goff, of Trinidad, Colo., was sent, arriving last Sunday, and was taken out at once by Mr. Upton. After staying there until Monday evening late, doing the sick cattle and watching them, he came to the conclusion that the disease was "contagious pleuro-pneumonia," but said that he could cure it, and that he did not think it necessary to condemn and kill the herd.

His opinion as to the character of the disease seemed to be regarded by the few stockmen who saw them as probably correct, for a few days, but there now seems to be considerable doubt about it. Mr. Atkinson, John Shaw and C. W. Haynes went out to the farm on Tuesday and stayed several hours, in consultation with Dr. Goff and Mr. Ballard. As a result of the conference, Mr. Ballard was Secretary of the board. The stockmen interested wanted a majority of the sanitary board to come to Roswell at once to investigate the conditions and decide what action should be taken and also to bring a competent veterinary surgeon who could stay with the cattle and treat them.

Two other members of the board are expected to arrive here today. A member of the board of directors says that the chamber is determined to do all in their power towards securing more railroads and enterprises and all that is needed to secure these is the hearty co-operation of every citizen of Roswell.

Dyspepsia cannot be long lived, because to live requires nourishment. Food is not nourishment until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Cosmopolitan Pharmacy.

"THE BEST COMPANY IS THE ONE WHICH DOES THE MOST GOOD."

NEVER has the world-known expression been better proven than in the following actual results of fifty-eight years' work, wherein it is shown that The Mutual Life of New York has returned to its policy holders from three to ten times as much as the companies nearest our company in size. This is the record that tells. A record for all time from the first year to the last.

Makes Hair Grow

Perhaps your mother had thin hair, but that is no reason why you must go through life with half-starved hair. If you want long, thick hair, feed it. Feed it with Ayer's Hair Vigor, the only genuine hair food you can buy.

Your hair will grow thick and long, and will be soft and glossy.

Ayer's Hair Vigor always restores color to gray hair; it keeps the scalp clean and healthy, and stops falling of the hair.

One dollar a bottle.

If your druggist cannot supply you, send us \$1.00 and we will express a bottle to you, all charges prepaid. Be sure and give us your nearest express office.

LOCAL PARAGRAPHS

John S. Brown's little daughter is quite sick; the trouble is malarial fever.

Miss Coltrane and sister, Mrs. Frank Bowden, expect to leave for South America.

For Sale—Two-inch lumber for side walks, from 8 to 16 feet long, cheap. G. L. Altheimer.

Mrs. Calvin Whiting, with her daughter, will go to California to-night to spend a few weeks at the coast resorts.

Thomas Hughes, senior member of The Citizen, left last night on a business visit to northern New Mexico city.

The county commissioners are in session today as a board of equalization to hear complaints against tax assessments.

Major Ernest Meyers, of the Meyers-Able company, has gone to points west of here and in Arizona on business for the firm.

Al. Montgomery has returned from his visit to the Hudson hot springs, where he had gone for the rheumatism. He was greatly benefited.

Adolph Helweg, who was at El Paso the past two weeks, returned to the city yesterday and will visit his family here for a few weeks.

Dr. and Mrs. J. P. Kanter, of Topeka, are in the city, the guests of J. F. Luthy and wife, and Mrs. and Mr. S. E. Newcomer. They will return north tonight.

The Journal Democrat was mistaken in stating that the new delivery wagon for the Herald-Belling works was made by Martin & Ortiz. The wagon was made by Jacob Korber & Co. and is a dandy.

The alarm of fire sounded last night about 3 o'clock from box 14 was false. The miscreant whose lack of sense caused the department to run out needlessly is under suspicion and may pay highly for his fun.

Mr. and Mrs. W. L. Hathaway were passengers on the east bound train last night going to pay a visit to the Pan-American exposition at Buffalo. They will also visit other points, and will be gone some time.

The Misses Lucy and Hazel Woodworth, of Elmer, Mo., are the guests of Mr. and Mrs. G. H. Frost. The young ladies are the daughters of Conductor Woodworth, who formerly had a railroad run out of Albuquerque.

On account of increasing business, W. V. Purcell found the space in his handsome new store too small, so he has begun the erection of a large brick warehouse in addition to it. The new building is well under way and will be a fine improvement.

The new rubbish wagon for the city, which will hereafter be under the personal supervision of Col. Martin Tierney, the street commissioner, made its appearance this morning and is all right for the purpose. The wagon was made by Jacob Korber & Co.

The little daughter of Mr. and Mrs. John Tangey, who was poisoned some weeks ago by eating buds from cottonwood trees, is slowly dying of paralysis at the residence on south 15th street. This is a very sad case and one that has called out much sympathy.

In honor of Dr. J. P. Kanter a fox chase took place at the fair grounds this afternoon, supervised by W. L. Trimble. A sack containing "fox" bait had been prepared, and of course dragged around the grounds.

Joe Barnett's nine fox hounds were turned loose and there was music in the air for about an hour.

The city press would evidently be provided with "fairly" respectable Associated Press dispatches if the "intelligent" operator would leave out his misplaced commas, colons and semi-colons and take the news as sent over the wires. Such attempts to correct "grammar" as laid down by the laws of education are really annoying to a person who understands how to read, write and punctuate.

Hunters Have Returned.

Col. R. H. Greenleaf, the famous game warden, hunter and fisherman of the high prairie, returned last night after a ten days' sojourn in the upper Rio Pecos country, where they enjoyed the time in hunting and fishing. They report having had a fine time and brought back with them some fine trout, which they distributed among their friends.

CAR LOAD OF WINES.

Bacchi & Glomo Receive Fine California Wines.

Bacchi & Glomo, the first street liquor dealers, have just received a car load of California wines from Goldsmith & Bros. of Los Angeles. The shipment is of the best produced in the state and is comprised of port, claret and white wines. Bacchi & Glomo, besides a quantity of grape brandy. The firm solicits orders, which will be filled promptly, whether for bulk or bottled goods, and guarantee satisfaction both in quality and price. Messrs Bacchi & Glomo are enterprising men and do not propose to be outdone by any one in their line, their progressiveness and handsomeness being evidenced by their record of business transacted, one item alone being a car load of

THE PLAIN TRUTH!

We might as well tell it. No use to make excuses, to say that we want to make room for other goods, or to change around in some way, or to take stock, or this or the other excuse for price reductions.

We Need Money!

Too heavy a Spring Stock, too backward a season, business a little bit slow, customers holding off, and a big Fall and Winter Stock to be purchased—that is our story.
