## COMPANY FAILED!

### Mining Company Swindled Investors.

### Enraged Texans Hunting For Mexican Outlaws.

### Steel Trust Will Absorb Colorado Fuel & Iron Company.

### GOV. PINGREE DANGEROUSLY ILL.

Minneapolis, June 18.—The affairs of the American Mining and Investment company, against which the attorney general proceeded two weeks ago, are to be brought to an end at an early date. Attorney General Douglas and Assistant C. W. Somerly, for the state, and Albert H. Hall, representing the creditors of the company, and Attorney Van Valkenberg, representing the company, appeared in Judge Pond's court, when it was agreed that a receiver should be appointed. The charter will be vacated and the existence of the company terminated. In its formal answer to the charges the company admitted that it was unable to pay its just debts. The appointment of a receiver will be made to-day. It was developed in the course of the discussion relative to a receiver that the company had liabilities to the amount of \$2,000,000, assets will not exceed \$1,000,000. The First American Mining and Investment company was incorporated with a capital of \$1,000,000, in which amount \$1,000,000 was paid in. This company, it is claimed, merely acted in the capacity of a broker or agent and sold mining shares for percentage or commission. Next, the men who appear as incorporators of the American company organized and incorporated under the laws of South Dakota the Kettle Creek Boundary Camp and Queen Bee Mining companies, and capitalized them for an aggregate of \$25,000,000. This stock was disposed of through the American Mining and Investment company. The attorney general calculated that the company's net profits footed up about \$250,000.

### ENRAGED TEXANS.

Out in Squads of Hundreds Hunting for Mexican Outlaws.  
San Antonio, Texas, June 18.—Five hundred citizens in the southwestern part of Texas are engaged in a hunt for Mexican outlaws. Already there has been a fight between the Texans and Mexicans near Belmont in which one Mexican was shot to death, one hanged and one wounded. The man hunt is the result of three murders within a few days. The victims were John, of Kinney county, Sheriff Glover, of Gonzalez county, and Tony Schnabel, a wealthy ranchman. Governor Sayers today directed a detachment of state rangers to join in the pursuit.

### Gobbled by Steel Trust.

New York, June 18.—A tribune cablegram to a meeting held at the Waldorf Astoria negotiations were closed which will result in the absorption of the Colorado Fuel and Iron company by the United States Steel corporation, at a price not far from 170.

### GOVERNOR PINGREE.

Michigan's Late Eccentric Governor is Dying in London.  
Detroit, June 18.—A special cablegram to the Journal from its London correspondent says of the condition of ex-Governor Pingree: "He is constantly asking when he can start home. Joe (the son) evades the answer, but he knows there is no hope. The doctors say it is foolish for Mrs. Pingree to come. No food can be retained. A change is expected in twenty-four hours. I am notifying the ambassador."

### PINGREE DYING.

London, June 18, 6:05 p. m.—Pingree is sinking fast. Dr. Mills says the end is only a question of a few hours.

### Contempt of Court.

Detroit, June 18.—Judge Brooke, of the Wayne county circuit court, today cited thirty-four members of the common council of Detroit to appear before him on June 22 and show cause why they should not be punished for contempt of court. On June 19 the council was served with a mandamus

ordering them to pay a claim against the city of \$1,750 for injury to property owned by the Ralph Phelps estate owing to the building of the Fourteenth avenue bridge. The council failed to obey the mandamus.

### FAVOR ARBITRATION.

Printing Pressmen Favor Arbitration of Differences With Employers.  
Washington, June 18.—Frederick Driscoll, commissioner of the American Newspaper Publishers' association, made a speech before the International Printing Pressmen's convention to-day. He urged the adoption of arbitration for settlement of all differences, the practice of conciliation in making new scales and the right of publishers' representatives to be heard on all proposed changes of laws affecting their interests, saying that all these measures of relief had been granted by the International Typographical Union.

Chairman Bowman responded on behalf of the association, expressing the hope that action would be taken on lines of arbitration suggested by Driscoll. The address was referred to the committee on laws.

It was decided that the pressmen should not hereafter join any state national guard organization on the ground that they do not believe in utilizing that power in strikes and have no sympathy with state interference in labor troubles.

### Department Commander.

Washington, June 18.—Brigadier General Bates, who recently returned from the Philippines, has been ordered to command the department of the Missouri with headquarters at Omaha. The department for some time has been under the command of General Merriam, who is in permanent command of the department of the Colorado.

### Robbery at Colorado Springs.

Colorado Springs, Colo., June 18.—Four masked men entered the Union coal company's store four miles north of this city last night and held up five men and made them give up the contents of their pockets and forced the cashier to open the safe, securing \$100 in cash and then escaped.

### Town Burned.

Charlotte, N. C., June 18.—Fire this morning destroyed a large portion of business section of Greenville, S. C. The destruction of the telegraph office renders communication impossible. It was learned over the Southern Pacific wires that no lives were lost.

### McKinley's College Degree.

New York, June 18.—According to Boston dispatch to the Herald, President McKinley will not be present at the commencement of Harvard university to receive the degree of LL.D., and the university will not confer the degree in his absence.

### The Bees Swarmed.

A swarm of bees from the northeast were passing over the city this morning and as they arrived deposited a number of bees in the city. Mr. Watson drove up in John Trimble's car, and as the bees had come some distance and were wing weary Trimble decided to ride a while and settled themselves comfortably on the vehicle, which was immediately brought to a standstill. Bees were present in a large number and five the insects were corralled and duly installed in temporary quarters of the barn. So far as learned none of the livestock got "bees in their bonnets."

### Surprise Party.

A surprise party was given on Monday evening in honor of Miss Carrie Winchell on south Second street. A number of games were played, which all present enjoyed. Refreshments were served, which consisted of ice cream, lemonade, cake, and candy.

### Don't Forget.

That there is another place in town you can get coal. Why? I have got the very best of all sizes at the Clark's yard. Call up on either phone and your order will receive prompt attention.

### JOHN S. BEAVER.

This city needs a good brass band, therefore help and encourage the new Italian band in their efforts to furnish good music.

## WOOL MARKET!

### Prices Somewhat Improved During Week.

### Hearing Rice Contested Will Case.

### Russia Raises Tariff Rates on American Manufactured Goods.

### EXPRESS CLERKS ARRESTED.

Boston, June 18.—No material change in the wool market has been noted during the past week, except as the season advances fine wools show improved tone. Manufacturers show no inclination to buy beyond present needs. Quotations of territory wools remain unchanged, although several good sales have been registered during the past week. Good lines of fine medium and fine are quoted at 40 cents while strictly staple sells at 44¢. Fleece wools are quiet with slow sales and prices nominal.

### CONTESTED WILL.

### Lawyers Wrangling Over the Will of an Old Miser.

New York, June 18.—The hearing in the case of the two contested wills of Wm. Marsh Rice, millionaire, who it is alleged, was poisoned to death, was called before Surrogate Fitzgerald to-day and put over until tomorrow. Lawyers representing the heirs and next of kin, Albert T. Patrick, Captain Baker and executors of the two wills were in court. Lawyer Cantwell representing Patrick, asked postponement until the first of October on the ground that the criminal proceedings against his client had not been disposed of. Motion was opposed by John M. Bowens on behalf of the executors of the first will which was made in 1896. In statement of Mr. Auerbach, representing some of the heirs that Delaney Nicholas, another attorney in the case, could not be present tomorrow, postponement was taken until tomorrow.

### RUSSIAN TARIFF.

### That Country Increases its Tariff on American Manufactured Goods.

Washington, June 18.—The Russian ambassador, Count Cassini, has communicated to the state department that in consequence of the action of the American government, through a treasury order, March 30th, last, in applying tariff restrictions against Russian petroleum, imported into this country, the Russian minister of finance, M. De Witte, has issued an order, dated June 7th, imposing the highest tariff rate of Russian schedule on American white rosin and increasing the rate on American kerosene. This action is entirely apart from that taken in connection with Russian sugar and is a new development in discriminatory duties imposed by the government and retaliatory duties imposed by Russia.

### Arrested For Theft.

New York, June 18.—Robert Post, cost. C. L. Brown and Thomas McCarthy, three clerks employed in the branch of the Adams Express company, were arrested today charged with the theft of \$7,000 worth of jewelry.

### VANDAL OFFICER.

### He is Being Tried for Burning a Filipino Town.

Manila, June 18.—Captain Andrew Rowan, Nineteenth Infantry, is under investigation for the destruction of a town, thereby causing active renewal of the insurrection in the island of Bohol. A native who assassinated a corporation caused and killed the town and the people, inflamed with rage, rejoined the insurgent chief, Samson.

### Court Favors a Trust.

Trenton, N. J., June 18.—The court of errors and appeals to-day denied the application on the appeal of Cal. O. Geer and others for injunction to restrain the absorption of the Boston & Montana and Butte & Boston Mining companies by the Amalgamated Copper company. This ends the case.

### It is understood the sale will be consummated in New York, to-night, before any more suits can be instituted.

### Prisoners Indicted.

Kansas City, June 18.—The grand jury to-day indicted C. W. Prince, Will Prince and Bert Prince, the father and brothers of Lulu Prince-Kennedy, in the murder of the mother of Lulu, up H. Kennedy, for which Mrs. Kennedy was found guilty last Saturday and given ten years in the penitentiary.

### CITY COUNCIL.

### Considerable Business Transacted at the Meeting Last Night.

The city council met last night in regular semi-monthly session. Mayor O. N. Marron presided and present, as well as city officials and a number of interested citizens. The matter of the petition of the Crustaceo Columbus association for permission to extend their hall across the alley north of building in order to provide for the telephone wires now strung in the alley to the satisfaction of the companies owning them was inserted in the permit. The above action means that Albuquerque is to have a telephone exchange in a most acceptable neighborhood.

### Alderman Powers brought up the ordinance granting a franchise to the American District Telegraph company to put in a system of call boxes, combined with a police and fire alarm circuit, and to use the streets and alleys of the city to erect poles and string wires for the same. On a motion to suspend the rules, the ordinance was read for the second and third time and passed unanimously.

### Alderman Harsch, upon the special committee upon the purchase of combination chemical and hose wagon for

the fire department reported that the Muskegon Manufacturing company of Muskegon, Mich., were the lowest bidders, their price being \$1,183.40. The council, by motion, instructed the committee to enter into a contract with the above company for the purchase of the wagon.

### The street committee was given further time to dispose of the matter concerning the damages to be paid upon the erection of the Coal avenue viaduct.

### The same committee reported that the increase of the size of the sewer pipe for the line to be laid for the Sisters' hospital from 6 to 8 inches would entail a cost of \$56.40. The report was adopted.

### A number of new bills were presented and referred to the finance committee and the following bills have been approved were ordered passed:

E. W. Spencer	2.00
L. C. Wardwell	2.00
J. M. Moore	10.00
Jaffa Grocery Co.	76.20
Sewer Committee	100.25
Street Committee	172.00
Police Committee	79.31

The council then adjourned.

### The New Band Concert and Ball.

To-night at Colombo hall will occur the grand concert and ball to be given by the new Italian band. This organization is composed of players who are expert musicians and this will be their first public appearance. The people of this city should give the new band their moral and financial support as the city needs the band. The members have spent their own money liberally to purchase instruments and music and give considerable time to practice. The program for to-night's concert appears in another column of The Citizen and will commend itself to lovers of music. The hall to follow the concert will be most enjoyable and the floor of Colombo hall is the finest in the city for dancing.

### Daughter Born.

St. Petersburg, June 18.—The czar's third daughter gave birth to a daughter.

### MARKET QUOTATIONS.

Market quotations and review furnished by W. P. Motch, No. 5 Cronwell block, received over the private wire of F. G. Logan:  
New York, June 18.—Stocks.—(Duck Bros.)—Market reactionary to-day on realizing and short selling, influenced by the delay in announcement of the St. Paul Union Pacific deal, one million gold talers for export and on loaned at 5 per cent. London sold about 50,000 shares of stocks and the sentiment has been rather bearish. American common and preferred enjoyed a spurt but did not last. The decision in the Amalgamated Copper case was delayed and the market closed here steady.

### Chicago, June 18.—Wheat.—The market is fairly steady but the tone can hardly be called strong. The fact that foreign markets did not reflect the reported damage to the Russian crop, which caused the firmness here yesterday, had a depressing effect. Foreign orders were very little in evidence and millers report European demand for flour very poor. With present conditions we still fail to see anything likely to establish any material advance in wheat about the world sold on the hard spots. July wheat closed at 70 1/4; September closed at 68 1/4; 1901.

### A dollar never was so well invested as in buying a ticket and going to the first concert of the new Italian band.

## NEW RAILROAD!

### Line Opened For Traffic in Colorado.

### Destructive Fire in Niagara Falls Village.

### Mrs. McKinley Pronounced Out of Danger and Convalescent.

### PRESBYTERIAN COMMITTEE MEET.

Denver, June 18.—The first train was run today over the new Texas-Creek branch of the Denver & Rio Grande railroad, and to-morrow regular service will be inaugurated. The line is twenty-five miles long and passes through Wet mountain valley, one of the richest mining and agricultural regions of the state. The new branch of the Denver & Rio Grande from Moffatt to the mining camp of Crestone will also soon be opened.

### Destructive Fire.

Buffalo, N. Y., June 18.—Fire early to-day swept out of existence all the buildings on Squaw island, fronting the Niagara river from the foot of Ferry street to a point three-quarters of a mile north. The loss is in the neighborhood of \$250,000.

### Mrs. McKinley Out of Danger.

Washington, June 18.—Mrs. Johnston and Rixey held a consultation at the White House this forenoon, at the conclusion of which Dr. Johnston pronounced Mrs. McKinley out of danger and convalescent.

### Presbyterian Revision Committee.

Pittsburg, June 18.—The creed revision committee appointed by the last general assembly of the Presbyterian church met here to-day behind closed doors with a full attendance. It is expected that the committee will be in session all week.

### SUCCESSFUL SPORT.

### Net Sum Secured for Benefit of Harmon Wynkoop.

The net result of the ball game and net last Sunday for the benefit of Harmon Wynkoop, the disabled pitcher of the Brown base ball club, shows the nice sum of \$225.50. Captain Roy McDonald this afternoon handed a certified check for that amount to Mr. Wynkoop. In addition to the worthy object that led to the handsome return show that local pride felt by all Albuquerqueans for the crack ball team of the southwest, as well as the friendship of each individual member to one another and to the club as a body. Albuquerque has always held the pennant for good ball playing and always for good players and the public remains possessed of the same pride in the organization.

### CARD OF THANKS.

Words can hardly express my appreciation of the benefit tendered me at the fair ground Sunday. It would be difficult to thank each and every ally who contributed to the grand success, so I take this means to do so. I wish, however, to especially mention Messrs. Roy McDonald, Richard Powers and Will Mattocks, who had the benefit in charge; also the city press, the Browns and Barrels base ball club, the Gentlemen's Driving association, The first regiment band and Hoping & Vorhes.
