## RACE WAR!

Whites and Negroes of  
Louisiana in Trouble.

American Federation of Labor  
Will Help Machinists.

British Will Tax Transvaal Gold  
Mines to Pay Cost of War.

AMERICAN CHINESE PROPOSAL REJECTED.

Shreveport, La., June 12.—Latest reports from the Foster plantation, where John G. Foster was murdered yesterday, say that a dozen or more frightened negroes are still cowering in the Kinnebrew store, surrounded by an armed mob, which threatens every moment to lynch the whole party. Prince Edwards, the colored man who fired the fatal shot, however, has not been apprehended. Foster was a young man, a brother-in-law of Governor McMillan, of Tennessee, and came of one of the first families of Louisiana. Lynching is regarded as highly probable.

Mrs. Edwards, wife of the alleged murderer, was among those arrested. She had the shotgun with which her husband killed Foster. "Prince told the other men to stand back and he would settle the business," she said. "Then he went in front of them and fired and Foster fell."

Shortly after the shooting a posse with bloodhounds set out after Prince. By some it is thought that the fugitive committed suicide in some isolated spot.

The Foster plantation is five miles east of this city. Trouble has been brewing for some time between the negroes and overseers. Foster, thinking he could succeed where the overseers failed, started for the negro quarters yesterday. The negroes were gathered in a cabin and he was some distance away when the shot which killed him was fired. The negroes scattered but all except Edwards were captured.

Early this morning the Shreveport posse of sixty men rode to this side of the river to escape the death scenes which Capt. H. P. Wells, in command, said were inevitable. "There is absolutely no doubt," said Captain Wells, "that they will hang 'Prophet' Smith. He is generally considered to have been at the bottom of the conspiracy that resulted in the murder of Foster." Ten negroes confined in the jail at Rossier City, were taken to Kinnebrew's store in order that the whole crowd might be under one roof. Up to 1 o'clock the citizens of Kinnebrew made no attempt to put to death the imprisoned negroes, though excitement is still running high.

It is reported that Edwards, the negro murderer, has been surrounded in the swamp near Belcher, by a posse headed by Jacob Foster, a brother of the murdered man. A dispatch from Vicksburg says that if caught Edwards certainly will be hanged.

TEXAS COLONY.

Houston, Texas, June 13.—The negroes corralled at Shreveport were taken from Houston during the winter by a negro preacher calling himself "Lijah the Prophet." He created a great furor among the ignorant blacks by predicting dire disaster, and finally persuaded about 200 of them to Louisiana to avoid death. He prophesied the destruction of Houston. It was ascertained afterward that Smith, the name of the self-styled prophet, who is among those who are under arrest, was acting as agent for the planters, who were short of help, and had used his influence as an exhorter to get the negroes to go with him.

Will Help Machinists.

New York, June 12.—Samuel M. Gompers, president of the American Federation of Labor, has made this announcement: "The American Federation of Labor will aid the International Association of Machinists in every way within its power in its contest for a nine-hour day."

AMERICAN PROPOSAL.

Liberal Proposition of United States Rejected by European Powers. Pekin, June 12.—At a meeting of the diplomatic corps yesterday the reduction of claims as proposed by America was definitely rejected. Secretary Hay's proposal to submit vouchers for claims to the tribunal of The Hague

was taken into consideration. If the ministers voice the views of their governments there is hope of its acceptance. Russia withdrew its opposition, which has been most pronounced. Tax on salt, native customs duties and taxes on grain, which have been conceded, amply guarantee the indemnity.

Will Tax Transvaal Mines. New York, June 12.—A dispatch to the world from London says: "The British government has decided to levy \$250,000,000 on the Transvaal gold mines to pay half the cost of the war."

COPPER TRUST.

Have Trouble in Gobbling Up the Copper Companies. New York, June 12.—The case of Calvin G. Geer against the Amalgamated Copper company was recalled before Vice Chancellor Stevens in Newark, N. J., today. George Lamb and Robert Carey presented a petition on the part of Mrs. S. H. Smith to be allowed to intervene in the action. There was no opposition to her intervening.

Suit was brought by the C. H. Venable company of Boston and Calvin G. Geer to restrain the Amalgamated Copper company from acquiring the Boston and Montana and Butte & Boston companies. R. V. Lindabury, attorney of the Amalgamated company, at the opening of the hearing, presented the company's answer to the charges of the complainants. He denied that the directors of the Amalgamated company had acquired the shares of the Butte & Boston stock nor that they had owned it at any time. He also denied that they were interested in the Boston & Montana company, with the exception of Henry H. Rogers and Wm. G. Rockefeller, each of whom, he said, owned 250 shares of stock in the company and had owned them a long time.

Mr. Lindabury further claimed the assets of these companies as stated by the complainants were not properly itemized and there were additional assets that would bring the total up to \$20,000,000. Counsel further denied that it was the intention of the defendant directors to unload their holdings at exorbitant prices.

The answer to the complaint presented by Mr. Lindabury included an affidavit by Wm. G. Rockefeller, which contained the announcement that Albert C. Burrage, Henry H. Rogers and Rockefeller had resigned as directors of the Amalgamated Copper company at a meeting of the board, held June 11, and that after the resignation had been accepted, George H. Baker, Frederic Cronwell, and Walter G. Oakman were elected to all the vacancies.

CUBA LIBRE.

Independence of the Island Assured by Next Christmas. Washington, June 12.—It is expected at the war department that Cuban independence will be an accomplished fact by next Christmas. The next step in order, now that the Platt amendment is adopted by the constitutional convention, is for that body to pass an electoral bill which will provide for the election of officers necessary to set up an independent government for Cuba. It is said that such a bill is ready for submission to the convention at any moment.

Case Dropped.

Rochester, N. Y., June 12.—The appeal court, which had the matter of Sunday closing of the Pan-American exposition under consideration, has ordered the case dropped.

Dead.

St. Joseph, June 12.—David Rea, ex-congressman, is dead at his home at Savannah, aged 73 years.

Death of Mrs. Ramsey.

Mrs. R. C. Ramsey, wife of a Railroad avenue druggist, died this morning at 2 o'clock from consumption after a long illness. She had sought health in North Carolina, the hospitals of eastern cities, and finally her husband brought her to this climate, arriving in Albuquerque April last. She was 28 years old. The body is being prepared by Undertaker Borders. Burial in Riverside cemetery tomorrow morning at 10 o'clock.

## FATAL WRECK!

A Head-End Collision  
Near Challenger.

Two Firemen Killed and Several Others Injured.

Governor of Cannibal Island Robbed  
in San Francisco.

UNION PACIFIC ENGINE EXPLODED.

Special to The Citizen.

Williams, Ariz., June 12.—This morning, about 5 o'clock, fifty-one miles east of Challenger, passenger train No. 8 and double-header freight No. 33 met head-on and collision. The killed are Lee Perkins and Ed. Montehan, both firemen on the freight. The injured are Charles Woods, engineer, and Robert Fields, fireman, train No. 8, each injured from jumping. Passengers on No. 8 were considerably shaken up and bruised, but no one seriously hurt. Wrecking outfit was hurriedly sent from here with Drs. Melick and Tyroler.

The killed and injured lived in Winslow, though Perkins will be buried here, being a member of the Odd Fellows and Knights of Pythias lodges.

Trains No. 8 and 33 are scheduled to meet at Challenger at 5:45 a. m. No. 8 stopped there for passengers, leaving on time. It is supposed that the crew of No. 33 were asleep when they passed the main station where they should have taken siding for No. 8, not having sufficient time to make the regular meeting point, and when they discovered they were by, trusted to luck to make Challenger before No. 8 arrived, which could have done had No. 8 been late. The rules require freight trains to clear passengers ten minutes. There is a heavy descent, and the track is very crooked, the tracks crossing and recrossing a ravine with several high cuts, and it was impossible to see each other until quite close. The baggage man of No. 8 had a narrow escape as the tender of that train stands in the center of the freight train, and three engines, baggage car, chair car and four or five freight cars are badly damaged. Trains Nos. 1, 7, 8 and 2 will be delayed.

An attempt will be made by the Odd Fellows to have the charge of murder brought against the engineers and conductor of the freight train at the coroner's inquest this afternoon.

[Note.—The Albuquerque wrecking crew left for Challenger at 9 o'clock this morning, with orders to make passenger train time en route. Fireman Charles Bledsoe, one of the injured, is a brother of "Doc" Bledsoe, of this city.]

GOVERNOR OF TUTUILA.

He is Held Up and Robbed in San Francisco.

San Francisco, Cal., June 12.—Lieutenant Commander B. F. Tilley, United States navy, governor of the American Samoa islands, who arrived from Pago Pago Tuesday, started out for a stroll last night, intending to view the water front. When in an unfamiliar part of the city, according to his statement, he was passed by two men, who seized him from behind and held him up. He was then robbed, during which he was struck over the head and thrown down with violence, rendering him unconscious and unable to resist. His assailants relieved him of a gold watch and about \$25.

Locomotive Exploded.

Omaha, June 12.—A locomotive on a Union Pacific freight train blew up this morning near Clark, Neb. Engineer Chas. Palmer, of Council Bluffs, and Fireman David Jenkins, of Omaha, were killed. Brakeman Wm. Fleming, of Omaha, was scalded and internally injured and will die.

INTERESTING CASES.

The Trial of Two Physicians Before Justice Crawford This Morning.

A FINE LEGAL POINT.

Yesterday afternoon upon information furnished by Dr. John Tascher and Dr. G. W. Hope, the local members of the territorial board of health, Dr. C. T. Phillips, who has been a resident of this city for several years, and Dr. Francisco Hermdias, a late arrival from Mexico, were arrested by Policeman Martinez charged with practicing medicine without certificates from the board, although both gentlemen have diplomas showing that they are graduates of well established and regular medical colleges. The two doctors were taken before Justice Crawford and were placed under bonds of \$50 each for their appearance for trial this morning. They promptly found bondsmen, and at 10 o'clock this morning both gentlemen were in court and there were others also in attendance.

TRIAL POSTPONED. Dr. Hermdias stated that if he had violated the medical law it was through ignorance. He did not know to whom to go to here to obtain a certificate and had sent his papers to Santa Fe at the suggestion of a local physician. He then continued to practice medicine awaiting the return of a proper certificate, which was followed by his arrest yesterday afternoon. A continuance of his case was granted until Thursday, June 20. Dr. Hermdias has been here about a month and had gained quite an active practice among the poor people of the valley. He is a learned physician, having practiced medicine in Europe, California and in his native country of Mexico.

THE PHILLIPS CASE. The facts as disclosed at this trial are that Phillips is a graduate of the Louisville, Ky., medical college, and in January, 1894, the New Mexico board of health issued him a certificate entitling him to practice medicine in this territory. Dr. Phillips has been practicing ever since that time. About two years ago the board of health attempted to revoke his license for alleged "unprofessional conduct" (the doctor had rigged up a wagon and was going through the country curing people and had announced that he believed in advertising), but

## BURNING MINE!

Trying to Rescue Bodies  
of the Miners.

Emperor William Congratulates Y. M. C. A. Convention.

Industrial Convention Favors Building of the Nicaragua Canal.

SHRIMPERS HOMEWARD BOUND.

Port Royal, Pa., June 12.—Another exploring party of ten men started into the burning mine this morning to try to rescue the bodies of the men who are beneath. They were told by the men who started that they were taking their lives in their hands, as the mine is full of gas and more explosions are liable to occur at any time. At 4:40 this morning the seventh explosion occurred. Inspector Dixon, who headed the party this morning, is confident that he will be able to recover some of the bodies.

CORONER'S INQUEST.

The coroner's jury today returned a verdict that W. F. A. McCune, D. H. Bostick and T. Gussakus came to their death by an explosion of gas in the Port Royal mine while attempting to recover the bodies of four men killed by a former explosion. An inquest into the cause of the explosion will be held tomorrow. The exploring party which went into the mine this morning came to the surface this afternoon, confident that it will be impossible to get the bodies of the dead miners out.

**Seven Years in Bed.**  
"Will wonders ever cease?" inquire  
the friends of Mrs. L. Pease, of Law-  
rence, Kan. They knew she had been  
unable to leave her bed in seven  
years on account of kidney and  
liver trouble, nervous prostration and  
general debility; but, "Three bottles  
of Electric Balm" enabled her to  
walk, she writes, "and in three  
months I feel like a new person."

evening of Saturday, Aug. 21, Ed Smith  
shot Jasper Hammond twice, one shot  
taking effect and passing through the  
thigh, the other lodging in the right  
groin. Hammond was taken to the  
hospital, where he died at 7 o'clock  
this morning. Smith has a slight  
wound in the back of the head. The  
tragedy had been quarreling over the  
all through the evening and had only  
been prevented from coming to blows

# WEEKLY CROP BULLETIN.

What the Correspondents Have to  
Say About the Crops.  
U. S. Department of Agriculture, Cli-  
mate and Crop Bulletin of the  
Weather Bureau, New Mexico Sec-  
tion, Santa Fe, N. M., June 11.  
Dry weather during the past week  
with considerable rain, but vegetation  
made rapid progress under the in-  
fluence of the bright, warm weather.  
The streams are still well supplied  
with water, even in the extreme south-  
western sections where there has  
been little or no rainfall for more than  
a month, but the unirrigated fields  
crops of that part of the territory are  
suffering severely from the drought  
and the range grass is fast drying up.  
In other sections there is no complaint  
of lack of moisture. A severe rain  
and hail storm on May 31 and June 1  
over the country southeast of the Sa-  
cramento mountains caused great dam-  
age in spots to alfalfa, orchards and  
field crops in general. Heavy waters  
in the mountain streams of the north-  
east has caused some damage to  
dikes and dams.

The first growth of alfalfa has been  
cut in the more advanced section of  
the northern counties, but in general  
the cutting will not begin until about  
the 15th instant. All reports indicate  
a heavy yield for the first crop, but  
where the second growth is on the  
spring the prospects are very good.  
Wheat, oats and barley are making  
rapid growth, and corn has improved  
somewhat under the influence of the  
warmer weather. The earliest cherries  
are turning as far north as Santa Fe,  
and strawberries are ripe. Without  
exception stock is doing well, and the  
prospects are for a good yield of  
calves.

Extracts from the reports of corre-  
spondents:  
Albuquerque—J. C. Dunn—"The rains  
of the first of the week with the sub-  
sequent warm weather proved very  
beneficial to vegetation. All fruits are  
doing finely."  
Albany—A. Snell—"Fine weather;  
moderately warm; no rain. The first  
cut of alfalfa nearly all in stack; a  
good heavy crop. Prospects for the  
second crop. Highest temperature  
87; lowest, 47; no rain."  
Bell Ranch—C. M. O'Donnell—"Grass  
and water abundant on the range. Al-  
falfa has been cut for the first time;  
a good crop. Rainfall, 0.14."  
Bernadillo—Bainbridge, Peter—"Occa-  
sional high winds shake off some of  
the fruit. Alfalfa cutting continues  
under more favorable conditions and  
the yield is considered very good. Ap-  
ples and pears are doing well; they  
are the only fruits of any consequence  
in this vicinity this year. Highest  
temperature, 92; lowest, 47; rain, 0.04."  
East Las Vegas—J. H. Arling—"Fine  
and warm weather. All crops  
are doing well; alfalfa cutting will  
begin about the 15th. Plenty of water  
for irrigation."  
Elk—Virgil H. York—"Heavy rain  
and hail on May 31 and June 1, strip-  
ping alfalfa and beating corn, and  
other farm products into the ground. The  
rain was general, but the hail only in  
spots. Stock doing finely and good  
prospects for a heavy fourth crop."  
Hobart—W. H. H.—"Warmer  
weather; corn, wheat and alfalfa do-  
ing well. Range in first rate condi-  
tion. Highest temperature, 86; low-  
est, 47."  
Los Alamos—Wm. Frank—"Good  
steady rains on the 31st and 1st, but  
generally clear and sunny the day  
after. First alfalfa will be ready to  
cut by the 15th. Reports from the  
lambing camps so far are fully eighty  
per cent.

Messilla Park—J. D. Tinsley—"Rath-  
er hot and dry, with some wind. First  
cut of alfalfa about finished; the sec-  
ond growth promising. Corn and other  
field crops in good condition. Peaches  
are practically a failure from the  
late frosts. Plenty of water for  
irrigation. Highest temperature, 99;  
lowest, 50; no rain."  
Penasco—E. G. Whiting—"A dry  
week. Crops are doing well; range  
stock is growing fast, and a better  
stand than last year."  
Red Rock—Louis Chample—"Hot and  
dry, with cold nights. Corn is not as  
good a stand as usual. There is a  
great deal of replanting necessary.  
Wheat and barley are growing well  
and heading out nicely. Grass on  
the range is fast drying up. No rain."  
Santa Fe—U. S. Weather Bureau—"Con-  
siderably warmer and dryer dur-  
ing the past week, with more wind  
usual at this season. Irrigation water  
is abundant and field crops and  
gardens have made rapid progress un-  
der the influence of the warmer weather.  
The earliest fields of alfalfa are  
coming into blossom; the first cut will  
be unusually heavy. Early cherries  
are turning; local strawberries are in  
the market. The cantaloupes show  
no decrease. Highest temperature,  
79; lowest, 48; rain, trace."  
Weber—E. H. Blum—"Very  
warm weather with occasional high  
winds. Cereal crops are making mar-  
velous growth. Gardeners are busy  
hoeing and cultivating. Apples are  
in fine condition. All stock is doing  
well. The Mora river is high and the  
flood waters have caused some dam-  
age to dams and dikes."  
R. M. HARDINGE,  
Section Director.

**For Over Fifty Years**  
An Old and Well Tried Remedy.  
Mrs. Winslow's Soothing Syrup has  
been used for over fifty years by mil-  
lions of mothers for their children  
while teething, with perfect success.  
It soothes the inflamed parts, softens  
the gums, always all pain, cures wind  
colic, and is the best remedy for diar-  
rhea. It is pleasant to the taste. Sold by  
druggists in every part of the world.  
Twenty-five cents a bottle. Its value  
is incalculable. Be sure and ask for  
Mrs. Winslow's Soothing Syrup and  
take no other kind.

Allen Halverson, of West Prairie,  
Wis., says: "People come ten miles  
to buy Foley's Kidney Cure," while  
A. S. Sperry, of Helmer, Ind., says:  
"It is the medical wonder of the age."

**Women and Wine.**  
Deloyal to the trust imposed in him  
a defaulter to his employer, and a  
disgrace to his family. This is the  
record of A. F. Stafford, late ticket  
agent of the Santa Fe at this place,  
says the Trinidad Advertiser.  
Women, wine and the green cloth  
tell the whole story of this man's  
downfall. As to the amount he is  
short with the railroad company no  
one seems to know, or if they do, they  
won't tell. At the ticket office the  
expert accountants are at work check-  
ing up his business. The railroad em-

## Facts

Mrs. Pinkham personally  
attends to her tre-  
mendous correspondence  
with suffering women.  
Her trained assistants  
are all women.  
The letters from women  
are opened by women  
only.  
They are answered by  
women and only women.  
The correspondence is  
sacredly confidential.

by the intervention of friends. When  
the dance was over the quarrel was  
renewed with the result as stated above.  
Hammond was about 22 years old,  
and unmarried. He had a married sis-  
ter living in Starkville.  
Deputy Sheriff Mulberry went to  
Berwind Sunday morning to arrest  
Smith and land him in the county  
jail. Coroner Sipe went out to in-  
vestigate and summon witnesses for the  
inquest which was held in this city—

**A Good Cough Medicine.**  
It speaks well for Chamberlain's  
Cough Remedy when druggists use it  
in their own families in preference  
to any other. "I have sold Chamber-  
lain's Cough Remedy for the past five  
years with complete satisfaction to  
myself and customers," says Druggist  
J. Goldsmith, Van Etten, N. Y. "I have  
always used it in my own family both  
for ordinary coughs and colds and for  
the cough following in grippe, and find  
it very efficacious." For sale by all  
druggists.

**Quick Relief for Asthma.**  
Miss Maude Dickens, Parsons, Kan.,  
writes: "I suffered eight years  
with asthma in its worst form. I had  
several attacks during the last year  
and was not expected to live through  
one.
