THE MILES
CORRESPONDENCE

The Lieutenant General of the United States
Army Proposed a Rather Spectacular
Philippine Policy.

PAPER BY SECRETARY ROOT

In 1900 General Miles Wanted to Go to China With
Fifteen Thousand Troops Withdrawn from the Phil-
ippines—Asked for the Supreme Command
of the Allied Armies.

Washington, March 29.—The president today sent to the house of representatives the correspondence and papers bearing on the request that Miles assigned to duty in the Philippines. They were sent in response to a resolution introduced by Burleson of Texas. Miles, in his first letter, dated February 17, calls attention to the conditions in the Philippines and says that friendly relations with Cuba and Porto Rico were largely promoted by consultations with the representatives of those islands; and suggested that he be authorized to select ten men from Cuba and Porto Rico to accompany him to the Philippines to explain to the natives the benefits those people derived from friendly relations, and while there he might be allowed to bring such Filipinos as he thinks advisable to show them the advantages of civilization.

Secretary Root answers, that on March 5, the letter was forwarded to the president and disapproved. He believes the conduct of military and civil affairs in the Philippines was successful. Aguinaldo, himself, was now urging his countrymen to accept American sovereignty. There would be no benefit in taking Cubans and Porto Ricans to the Philippines or bringing Filipinos here, and might be injurious and would be spectacular and sensational.

This decision was approved by the president. On March 25, Miles calls attention that, while on an official visit to Cuba last winter, members of the constitutional convention told him they wished to communicate directly with the president. He reported this to the president, and McKinley granted their request. The results were gratifying, and General Wood was not reflected on. Concerning going to the Philippines, Miles said it was his purpose, nearly a year ago, to do so and this had the approval of the secretary of war and McKinley, but postponed on account of the reorganization of the army. He hopes to make a visit in the near future.

The correspondence closes with a paper by Root, in which he says that Miles applied to be sent to the Philippines and China in an official capacity in July, 1900. He asked that 15,000 troops be withdrawn from the Philippines for China in the face of the report from McArthur that he could not spare a single regiment. Miles' application was accompanied by a request that the supreme command of the allied forces be obtained for him. McKinley declined both requests. A year after the secretary of war authorized Miles to extend his inspection tour to the islands. He had never been authorized to go for any other purpose. This memorandum of the secretary of war was approved by Roosevelt.

HOUSE.

Washington, March 29.—Immediately after the house met today, Major Pruden, assistant secretary to the president, appeared and transmitted from the president the Miles correspondence called for by the Burleson resolution which was adopted several days ago.

CUBAN RECIPROCITY.

Washington, March 29.—Chairman Payne, of the ways and means committee of the house, called a meeting of the committee for Monday at 10:30, to consider his bill for reciprocity with Cuba. The announcement is interpreted as an assurance, on the part of the ways and means leaders, that a victory for reciprocity has been won in the committee.

TWO LIVES LOST.

Chattanooga, Tenn., March 29.—A special from Harriman, Tenn., says: "Harriman was destroyed by a flood in the Emory river. The damage is estimated at a quarter of a million dollars. It was reported that two lives were lost and many more are supposed to have been drowned. It is estimated that from 40 to 50 houses at Oakdale and Harriman were washed away. The tunnel at the junction on the Cincinnati Southern railway fell in, and much damage was done."

A BIG FIRE AT DETROIT.

Seventeen Racers Burned in a Fire in the Highland Park Training Station at Detroit.

Detroit, Mich., March 29.—Seventeen racers and promising colts were burned to death yesterday by a fire which destroyed the training stable of Frank H. Colby, in Highland Park. Among the horses were Red Royal, 5-year-old trotting stallion, valued at \$5,000; Harry P. Trotter, \$2,500; The King, trotter, \$2,000; Maiden Queen, pacer, \$2,000; Monoc, trotting stallion, \$2,000. The total loss is about \$80,000.

A TEN PER CENT
ADVANCE OF WAGES

Goddard and Knight Post Notice Today in
Their Cotton Mills of Rhode Island and
Massachusetts Increasing Wages
of Their Employees.

TOGETHER WITH LIPPITS THEY CONTROL
THE COTTON INDUSTRY IN RHODE ISLAND

Providence, R. I., March 29.—Notice of a ten per cent advance in the wages of the operatives were posted today in the cotton mills of Rhode Island and Massachusetts, operated by the Goddard and Knight interests. It is expected that Lippitts, who, with the Knights and Goddards, practically control the cotton industry in this state, also will grant the increase.

LOSS OF LIFE GREAT.

Chinese Officials Report That a Thousand Lives Have
Been Lost in the Riots at Ta Ming Fu.

Pekin, March 29.—Chinese officials say that a thousand people have been killed in the riots at Ta Ming Fu, the southernmost prefecture of the province of Chi Li. This is perhaps an exaggeration, but the loss of life is undoubtedly great.

The riots were due to the attempts of local officials to collect indemnities for the Catholics, as arranged between the officials and the priests. Soldiers have been dispatched to quell the disturbances, and a total has been sent to adjust the differences. The officials want the missionaries to keep out of the disturbed district.

STRIKE AVERTED.

An All Night Conference of Citizens and Mill Operatives
at Lowell, Massachusetts.

Lowell, Mass., March 29.—At the conclusion of an all-night conference, the committee of citizens and representatives of the textile council of this city announced that the strike of 16,000 cotton mill operatives in this city was averted for the present. The strike order will be deferred a week to give the citizens a chance to use their good offices to bring about the increase of wages demanded by the operatives.

PIGGOTT SENTENCED.

The Judge Remits the Sentence of Imprisonment Im-
posed for Bigamy.

Denver, Colo., March 29.—H. H. Piggett, of Philadelphia, a lawyer, convicted of bigamy in Judge Malone's court, was sentenced to two years and to pay a fine of \$5,000. The judge remitted all but the fine, which was promptly paid.

The National League Baseball Fight.

New York, March 29.—Justice Truax, in the supreme court today handed down a decision in the National League baseball fight, overruling the demurrer made by the Spalding interests against the proceedings begun by Freedman. The decision gives Spalding leave to withdraw the demurrer and enter an answer to the complaint on payment of the costs.

A Barkentine Ashore.

Philadelphia, Pa., March 29.—The Maritime Exchange was advised today that an unknown barkentine came ashore at Long Beach, N. J., 18 miles north of Atlantic City. Life savers have gone to the assistance of the stranded vessel.

Named After a Rough Rider.

Says the Manila, Philippine Islands, American: Chief Curry yesterday received a telegram stating that the new police boat, the Bailey, left Hong-kong for Manila on Monday. The Bailey is somewhat over sixty feet and similar in model to the waterboat. The Chief declares his intention to re-christen her the "Bucky O'Neill," naming her for the gallant captain of Rough Riders who was killed in Cuba.

A Clayton Hotel Clerk Disappears.

John C. Murray, who has been clerk and bookkeeper at the Hotel Elkland, at Clayton, Union county, for the past two weeks, failed to report for duty this morning at the regular time. A careful search of the town failed to bring him to light. The hotel safe was opened and the books examined. It was found that about \$200 of the hotel's money, also a gold watch that had been left in the safe, were missing.

RAGING OF
THE ELEMENTS

The Town of Coal Creek, Tennessee, Was
Partially Flooded Last Night
by High Water.

SNOW STORM IN MISSOURI

A Heavy Storm Prevailed Through Missouri and Kansas
Which is of Immense Benefit to Winter Wheat and
to Pasturage—Washouts on
Railroad Lines.

Knoxville, March 29.—A special from Coal Creek, in the mining district says the town was partially flooded last night by high waters in the creeks. Three bridges on the railroad to the coal mines were damaged so that trains cannot pass. Heavy washouts occurred on the main line of the Knoxville and Ohio branch of the Southern railway between Jellico and Coal Creek, delaying all traffic.

SNOW IN MISSOURI AND KANSAS.
Kansas City, March 29.—A heavy snow storm has prevailed in western Missouri and most of Kansas since midnight. The snow falls in immense flakes, which dissolve almost as soon as they reach the earth. Winter wheat and pasturage will be immensely benefited.

A PHENOMENAL RAINFALL.
Chattanooga, March 29.—A storm last night in this section raged furiously for a short while, the rainfall being phenomenal, almost amounting to a cloudburst, accompanied by lightning. Wires were blown down and for the space of an hour there was the greatest anxiety. Heavy damage to the town of Murfreesboro, Tenn., was done by a cyclone which was reported, but telephone and telegraph wires are down and no direct details were obtained here. The bridge on the main line of the Nashville, Chattanooga and St. Louis railroad at Mammothford, between Nashville and Tullahoma, was washed away and no trains are operating on the road today. There were several washouts on the road.

CROPS DAMAGED.

Gadsden, Ala., March 29.—The hardest rain for years fell last night. Some sections of the city are under water from two to four feet this morning. The damage to crops is very great.

WASHOUTS.

Rome, Ga., March 29.—Two washouts were reported this morning on the Atlanta division of the Southern railway near Silver Creek. Great damage was done to farms by last night's tremendous rainfall.

AN UNPRECEDENTED RISE.

Kington, Tenn., March 29.—J. C. Cooper, the mail carrier between Harriman and Kington, arrived here this afternoon from Harriman. He states that heavy rains yesterday afternoon and last night caused an unprecedented rise in the Emory river, the result of which was the almost total destruction of the manufacturing plants located along the river in Harriman. From 300 to 400 people, who reside in the river section of Harriman are without homes, and from 30 to 40 houses at Oakdale and Harriman were destroyed, being swept down the stream. The latest reports are that the water in the Emory river at Harriman is from 15 to 20 feet higher than ever before known. No lives are believed to be lost.

HEAVIEST RAINFALL IN EIGHT-
EEN YEARS.

Jellico, Tenn., March 29.—The heaviest rainfall here for 18 years occurred last night. Although Clear Fork river is one mile from Jellico, the back water from the rear covers half of the town. The people were driven from their homes during the night, and many houses were partially submerged. It is impossible today to estimate the damage done by the flood, but it aggregates thousands of dollars.

Mail Contract Let.

C. W. Marriott has secured the daily mail contract from Silver City to Mogollon, Socorro county. He succeeds James Hughes. He will put on two new stages and will add to his livestock equipment. The two new stages leave Silver City and Mogollon at 7 o'clock in the morning and make the trip of 90 miles in fourteen hours. Five changes of horses are made. The delivery of mail to Graham and Alma, Socorro county, are also included in the contract.

Scandinavians in New Mexico.

A census bulletin just issued has it that there are in New Mexico 178 Danes, 123 Norwegians and 560 Swedes or a total of 867 Scandinavians or a little over two-fifths of one per cent of the total population of the territory. Colorado has five per cent of its population classified as Scandinavians while the percentage in the whole nation is over three per cent.

Grant County Hospital Officers.

The Grant County Hospital Association has elected the following officers: Mrs. Frank Jones, president; Mrs. Boulware, vice president; Mrs. Elmer Bradford, treasurer; Mesdames Muse, Kirkpatrick, Brandis, Alexander and R. M. Turner, directors. The matron is Mrs. Anna K. Howell.

The Encampment at Albuquerque.

The Santa Fe Railway Company Has Granted a Special
Rate—Invitation to Relief Corps.

The Woman's Relief Corps of this city has received a cordial invitation from the Woman's Relief Corps of Albuquerque, through their secretary, Mrs. T. A. Whitcomb, to visit with them during the Grand Army of the Republic encampment at the Duke City on April 10 and 11 and to join with them in the pleasures and festivities of the encampment and especially in the camp fire on the evening of April 10. The Santa Fe railway company has granted a special rate of one and one fifth fare for the round trip for delegates to the annual encampment of the New Mexico division of the G. A. R., which meets in Albuquerque April 10. J. W. Edwards, post commander of the G. K. Warren post, received notice of the rate yesterday. The tickets will be issued in certificates and will have to be countersigned by the secretary of the encampment. The low rate will doubtless help to swell the number in attendance at the annual camp fire. Considerable preparation is being made for the event by Commander Edwards and his assistants and the yet rats are assured of a rousing good time.

Says a Washington Dispatch.

Says a Washington dispatch: "Indian Agent Walpole of Pueblo, who is stationed in New Mexico, is here. Mr. Walpole's salary was left out of the Indian appropriation bill which passed the house and which is now in the Indian committee of the senate, and he has been in conference with the Indian commissioner and members of the Indian committee in reference thereto. The item was understood and it is understood will be inserted in the bill by the senate committee."

Two Mills for Flood.

The Home Milling and Mining Company of Bland has decided to purchase the ten stamp mill of McKinney in Hell Canon, Bernalillo county. The custom ore brought to the mill is at a treated at a cost to the owners at a little over \$4 a ton, leaving \$11 profit to the mill on each ton of ore. The mill will treat about 6,000 tons of ore a year. The company will probably capitalize at \$12,000.

The Woodbury mill at Allerton is also

to commence operations. The mill will treat ore from the Iron King mine and will also treat custom ore. It too will be managed by V. V. Clark.

COLONEL JAMES WILLIAM WILLSON
Superintendent New Mexico Military Institute, Roswell.

Colonel James W. Willson, superintendent of the New Mexico Military Institute at Roswell, Chaves county, was born near Fairfield, Virginia, in 1872, the son of John Edgar Willson, a Virginia gentleman and farmer, who died when James was thirteen years of age, leaving a small estate to be divided among five children.

He received the elements of his education in the public schools of Rockbridge county and had been attending Laird's Grammar School at Lexington, for two years when he received an appointment as a state cadet to the Virginia Military Institute, and at the end of four years, in 1894, graduated in the engineering department of that great military and technical school.

Before receiving his diploma he was elected commandant of two military training schools, the Augusta Military Academy, Fort Defiance, Virginia, and the West Point Military Academy, West Point, Virginia. He accepted the latter position which he filled with eminent satisfaction. He was made superintendent for the second year and brought the school to such a high state of prosperity that Professor D. W. Read of Baltimore, Maryland, bought a controlling interest in the institution, retaining Captain Willson as first assistant and business manager. The work was very confining, the location of the school near the marshes of the Chesapeake bay was unhealthy, and at the end of the third term he resigned his position, having decided to follow the profession of a civil engineer. Choosing the west as a field he came to Texas, and worked for a while for the Colorado Southern railroad in its engineering department. From Texas he went to Chihuahua, Mexico, with a view to locating in the republic, but was recalled to accept the position of commandant of the New Mexico Military Institute, with which institution he has been connected since its beginning. He served the institute in the capacity of commandant so acceptably that upon the resignation of Colonel James G. Meadors in April of last year he was chosen superintendent without a dissenting voice. The excellence of this institution in its military department and its solid success in all departments has been due in great measure to the ability of Colonel Willson.

Colonel Willson's entire school work has been especially characterized by his great ability to manage boys of all ages and temperaments, binding them to him not by fear, but by respect and love. His pupils in Virginia have not forgotten him and he still receives letters from them referring to the old days. As commandant of the New Mexico Military Institute he brought the military work from the very rudiments to a high state of perfection. As a teacher he has marked power and has been successful in all departments of school work. His work as superintendent includes the office of teacher and quartermaster of the school.

Suspended and to Be Disbarred.

A few months ago, Lacey Everett of Raton, applied for admission to the bar of the territory and after examination, as to his character, ability and legal attainments, was duly admitted to practice as an attorney. A few days ago a Colfax county grand jury found an indictment against him for criminal assault upon a 13-year-old girl. He furnished a cash bond in the case. Chief Justice Mills then suspended him from practice, pending the trial of the indictment. Before the trial could be had, however, Everett was again indicted for an unmentionable crime. When the warrant in the second indictment was to be served upon him, he had disappeared and forfeited the cash bond in the first indictment case. Chief Justice Mills has caused his action in suspending Everett and also copies of the indictments to be certified to the supreme court of the territory, which will take up the matter at its coming session on April 24 next in this city. Everett will very likely be then disbarred from practice.

KILLS A MAN WHILE
DEFENDING HER HONOR

A Healthseeker at the Montezuma Hotel, Las
Vegas Hot Springs, Kills J. S. Judd of
Tepoka Who Had Attacked
Her.

THE WOMAN IS BEING KEPT CALM
BY HAVING NARCOTICS ADMINISTERED

East Las Vegas, March 29.—With a face as serene and calm as a child in slumber, J. S. Judd lies in the majesty of death at Dearth's undertaking parlors in this city today. He was shot dead at 4:15 o'clock yesterday afternoon by Mrs. G. D. Walker, a health-seeker from Miles, Ia., who committed the deed to prevent criminal assault upon her person. Judd lived at Tepoka, and had been at East Las Vegas four months. His son is chief surgeon at the Montezuma Hotel, Las Vegas Hot Springs. His son has viewed the remains, but his wife has not seen her husband in death. The remains will be shipped to Tepoka tonight. Walker is on his way to his wife. A corner's fury has viewed the remains, but has reserved its verdict until Walker's arrival. Mrs. Walker is in charge of two special officers. Physicians keep her calm by resorting to narcotics. She declares that this was Judd's third attempt at assault upon her.

THE CASE OF POSTMASTER GUYER.

Considerable Feeling Has Been Aroused in Clayton
Union County, Over the Affair.

Public sentiment is strongly against Postmaster Guyer, who shot and killed W. E. Searls in front of the post-office yesterday noon, say dispatches to the Rocky Mountain News and the Denver Republican. While Guyer shot in self defense, some people at Clayton think that Searls was justified in shooting at Guyer first. The pamphlet which Guyer had distributed among his friends was very detrimental to the character of both Searls and his wife, and especially the latter, and many who read the story condemn the writer. It looked for a while Thursday night as if there would be more trouble. A meeting of citizens was called for 8 p. m. and a committee appointed which was designated as a committee of ways and means, but the wiser heads prevailed and no rash action was taken.

Sheriff Garcia and five deputies are guarding the jail and warn everyone to keep away. One man got too close to the line about 9 p. m. Thursday and a shot from a Winchester quickly called him to a halt. All is now quiet. The date for Guyer's preliminary hearing has not been set.

DISTRICT COURT.

N. E. Crenshaw is Admitted to \$5,000 Bail—Bond For-
feited in Suit Against W. M. Berger.

Judge John R. McFie last evening admitted Noel E. Crenshaw, of Cerrillos, to \$5,000 bail. Up to this noon the bond had not yet been furnished. Crenshaw yesterday two weeks ago shot and killed Edward Hull, also of Cerrillos.

The case of the Territory vs. W. M. Berger for criminal libel had been set for yesterday, but owing to the Crenshaw trial did not come up for trial until this forenoon. Neither Berger nor an attorney representing him making an appearance, District Attorney Abbott took the forfeiture of the bond of the defendant. The bond is for \$250 and there are four separate cases.

The cases of Lucas Chaves vs. Hank Fisher, and The Chicago Hotel Supply Company vs. Eugenio Sena are set for this afternoon.

The members of the Bar are requested to be at court on Monday forenoon, as the civil docket will then be taken up, the criminal business being all disposed of.

MURDER AT MONERO.

Alexander Clark Was Found Dead Yesterday Near the
Coal Mines.

J. H. Crist, manager of the Monero coal mines in Rio Arriba county, received a telegram last evening to the effect that his mine foreman, Alexander Clark, had been found near the coal mines, dead, and with a bullet hole in his side near the shoulder. Clark was a sober, industrious and well liked man. Mr. Crist left for Monero this morning together with Sheriff Alexander Road.

A Murder in San Miguel County.

A murder occurred at El Cuervo, San Miguel county, on Tuesday. In a fight, the particulars of which could not be learned, Marcelino Montoya was killed and Azrell Homell, son of the late Louis Homell, a pioneer newspaper man was badly wounded. Montoya is a half-breed Indian. Three men are accused of the deed and will be arrested.

Guilty of Manslaughter.

Jose Baca was found guilty yesterday in the United States District court at Albuquerque of manslaughter.

A HARMONIOUS CONVENTION

A. M. Bergara Was Permanent Chairman, C. B. Conklin
Secretary and R. Liberato Interpreter of the
Convention—Strong Resolutions
Were Adopted.

The Republican city convention met this forenoon at 10 o'clock at the opera house on Bridge street and proved to be a "chance" and harmonious gathering. Senator General E. L. Bartlett was temporary chairman; C. B. Conklin, temporary secretary, and R. L. Baca temporary interpreter. The following were the delegates present: First Ward: Tomas Quintana, Andres Sena, Jose F. Gonzales, Francisco Gutierrez, Daniel Lobato, Felipe Archuleta, Juan Sena y Blea and Prisco Garcia.

Second Ward: Antonio Ortiz y Salazar, David M. White, Benigno Ortega, H. L. Ortiz, Cosme Alarid, Augustin Salcido, Francisco Anaya, Miguel Baca, Juan J. Ortiz, Ricardo Alarid.

Third Ward: Ambrosio Ortiz, A. M. Bergara, J. D. Hughes, Cosme Salas, Arthur Griffin, J. V. Conway, Alberto Garcia, W. J. McPherson and C. B. Conklin.

Fourth Ward: E. L. Bartlett, David Gonzales, R. J. Palen, Max Frost, Tirso Padilla, Santana Herrera, R. L. Baca and M. B. Salazar.

There being no contest no committee on credentials was appointed and the roll was simply called.

The convention organized permanently as follows: President, A. M. Bergara; secretary, C. B. Conklin; interpreter, R. L. Baca. The following committee on resolutions was appointed: E. L. Bartlett, H. L. Ortiz, J. S. Gonzales and J. D. Hughes.

Amidst great enthusiasm the following nominations were then made unanimously: For mayor, I. Sparks; for city clerk, Facondo Ortiz; for city treasurer, W. J. McPherson.

The committee on resolutions then reported and the following resolutions were adopted with cheers:

We, the Republicans of the City of Santa Fe in convention assembled: Hereby renew our pledges of devotion to the grand principles of that great party of progress, prosperity and expansion, which has placed the United States in the forefront of the nations of the world, and we most heartily endorse its administration in the territory of New Mexico which for five years past has placed the territory before the people of the country in a better and more favorable light than ever before, has improved its credit and standing financially and morally until New Mexico occupies an enviable position in all that goes to make a prosperous commonwealth, and we congratulate the people of the city of Santa Fe upon its last city administration, which upon Republican principles was free from any taint of scandal or maladministration. Under this administration the poor people of the city were given titles free of cost to their holdings of lands within the limits of the city, and under which no new debts were attempted to be created and many of the old obligations left over from the past Democratic administration were paid.

We denounce as an illegal, unjust lawless attempt to saddle the city with a burdensome debt, the action of the late Democratic administration, in attempting to pledge the city to the payment of interest on \$100,000 of bonds, issued by a private corporation, and pledge ourselves that such attempt will never be recognized as having any force or effect whatever and that any attempt to enforce the same will be resisted by every means at our command.

We pledge ourselves to use every possible endeavor and all the means within our power to construct the sewer on Water street, and bridges and sidewalks where they are needed and that no portion of the city revenue shall be diverted to personal benefit by any means whatever. That the Bate-man law will be strictly observed and legitimate creditors of the city will be paid so soon as funds will admit.

E. L. BARTLETT,
H. L. ORTIZ,
J. S. GONZALES,
J. D. HUGHES.

Committee on Resolutions.

The following committeemen were named: First ward Jose D. Sena, second ward, Hilario L. Ortiz; third ward, J. V. Conway; fourth ward, R. J. Palen. Antonio Ortiz y Salazar

A Cincinnati man, who was suffering from unrequited love, delirium tremens and pneumonia, has recovered. It takes a good deal to down the average Ohio man.

After all the Filipino insurgents are human. After capture and as soon as they begin to draw pay from the United States they become much more reconciled to their fate.

The Republican nominees for mayor, city treasurer and city clerk are fully competent for the positions to which they have been nominated and should be elected on Tuesday next.

The Republican city ticket is all right and ought to have the vote of every Republican and of every citizen who has the welfare of the Capital City of New Mexico at heart.

Several New York newspapers assert that the Republican party is doomed to defeat in the coming congressional elections. The people have heard that before and are not at all scared by it.

The Republican party of New Mexico would be a few self-styled leaders and owes a-bosses of the party seats in the rear, and it is very likely that it will give them these seats away back in this fall's campaign.

London is not such a big town after all. Many of the rich Americans who propose to visit that city for the coronation of King Edward VII complain that they cannot get suitable accommodations.

The isthmian canal question is not yet settled. For the good of the country and of the Republican party it should, however, be speedily settled and construction of such a canal should be begun in earnest.

London bankers gravely announce that the world is \$200,000,000 short in gold. Too bad, but the shortage is not felt in the United States by all indications, but perhaps J. Pierpont Morgan will get up some morning and find that he is the one who is short that trifling sum.

Senator Penrose is not meeting with much encouragement in his proposition to increase the representation of the states in the United States senate. The people are of the opinion that two senators from each state are enough for all practical purposes and that more would be a great burden to carry.

Expansion is in the air in Europe, in Asia and also in Africa. Russia wants the northern half of the Chinese Empire. Germany would like to annex the German provinces of Austria and also to take in Holland. Italy wants Tripoli, and France wants more of the northern coast of Africa.

The general conditions of the territory are very promising. New railroads are in course of construction and others are projected; capital and immigration are coming into New Mexico at a gratifying rate. The territory will advance very rapidly in the next five years in every direction.

There is no question but that the Democratic chances for this year's election would be greatly improved if some of the Democratic leaders would be sent to the Philippine Islands, there to remain until after the November elections. But as this cannot be done the Republican party is the gainer.

Some eastern papers do not look with favor upon a possibility that General Leonard Wood may be made head of the United States army. Why shouldn't he be made such? He has been an officer of the army for nearly thirty years and has had great and varied experience in army affairs. There certainly would be nothing amiss in such a selection.

Another remarkable voluntary increase of wages has been granted by the employers of a large number of men in the east. It is the Thomas Iron Company of eastern Pennsylvania, which has this time increased the wages of its employees ten per cent. Some other one for Republican prosperity.

The southern farmers, who are selling mules and horses to the British army at good prices, are none too favorably impressed with the pro-Ber resolutions of their congressmen. But after all that matters little as under the election laws, in most of the southern states, it makes no difference how they vote; a nomination down there is equivalent to an election.

It is not often that an employer raises the wages of his employee voluntarily and when he does so it is deserving of special mention. The American Steel Hoop Company, a trust by the way, has advanced the wages of its stationary engineers ten per cent and a bonus on tonnage without being asked or threatened. That is certainly a sign of Republican prosperity.

The New York state legislature has voted \$100,000 for a statue to President McKinley to be erected at Buffalo. This is a just tribute to the martyred president. A commonwealth is in fortunate position when it can thus honor a great man. One hundred thousand dollars for a statue would look much bigger to New Mexico legislators than it does to the New York solons.

The election of the Republican legislature in this territory in November is very necessary for its continued progress and advancement, providing statehood is not obtained by that date. In the latter case the election of a Republican state legislature will be still more necessary. In either case the people will serve their own best interest by electing a majority of Republicans to the next legislative assembly, be it territorial or state.

To prohibit American ships from employing Chinese sailors would drive all the ships trading in the Pacific into British registry and would be a body blow to American shipping. The employment of Chinese on the lines across the Pacific ocean is almost a necessity as American sailors are not willing to do the hard work on shipboard in the heat of the tropics and should not be required to do so as long as Chinese are found willing to do it.

The story of \$500,000 having been used to bribe the members of congress and the leading newspapers of the nation to favor the purchase of the Danish West Indies by the United States is ridiculous on the face of it. No suggestion of that nature was needed to make the United States consider the project favorably and if it had been, \$500,000 would have been entirely too small a sum to bribe congress and the newspapers of the country. The United States isn't quite as cheap as that.

The minority of the senate Philippines commission would like to take a trip to the Philippines to see for itself what it has been told by the witnesses who appeared before it. As Uncle Sam will be expected to foot the bill, why not? It would be a pleasant junketing in Manila, Zamboanga and a few other large towns would teach the commission about as much as the average American tourist learns of conditions in Germany, Russia and other countries by making a sixty day cycle of Europe.

When it comes to primaries, New Mexico is about in the same line with most of the states of the union. Businessmen and property owners do not attend these important political gatherings as they should. The condition of affairs, as described in the following editorial item from the St. Louis Globe Democrat, seem to be the same as in New Mexico. Says that paper: "There are 140,000 voters in St. Louis, of whom fewer than 35,000 have registered for the primaries. Ward bosses are active. Do citizens in general intend to allow ward managers to run the coming conventions and name the tickets?"

The jail at Albuquerque is in about as bad a condition as most of the county jails in New Mexico including that at Santa Fe. New Mexico is way behind in its jail facilities and the provisions made to provide for its criminals and paupers. The blame must be placed on the tax dodgers and assessors whose low returns keep New Mexico counties in such a close financial status that only the greatest necessities can be provided for while in such matters as jail buildings, poor houses and poor farms, road making, etc., New Mexico counties are lagging in the rear most woefully. But a change is in the air.

Santa Fe already has a direct line to Durango, Colorado, by way of the Denver and Rio Grande. It was in hopes of also being made the terminus of a Santa Fe line to Durango, but it seems assured now that the Santa Fe will build from Thoreau on the Santa Fe-Pacific to Durango. But even that will help Santa Fe, for as Durango grows in importance, the narrow gauge line from Santa Fe to Durango will become more important especially after the completion of the Santa Fe Central. There will undoubtedly be lively competition between the Thoreau and the Denver and Rio Grande lines in short time and the making of other very desirable improvements. The New Mexican has always maintained that the building of new railroads in any portion of the territory is bound to help every other portion of it.

The cattlemen in eastern New Mexico do not want to give up the drift fences they have erected in that section. They claim that these drift fences interfere with no one; quite the contrary; that they keep cattle from drifting into sections where they are not wanted and where their owners possess no lands and no water rights. There is considerable in this contention. On the other hand it is charged that the cattlemen first erect drift fences and thereafter use them as a base to erect other fences, thus virtually taking up a good deal of government land and keeping others out of such fenced pastures. Drift fences, pure and simple, might be allowed to exist for the benefit of the community, but the fencing in of large tracts of government land is detrimental to the people and keeps homesteaders and

Bled Quarts at a Time

"I am a knife maker and worked for a number of years in the New York Knife Co.'s factory at Warden, N. Y. First thing I knew I commenced to bleed from the mouth. Sometimes as much as a quart of blood would come up from my lungs at a time. Every time I coughed the blood spurted out. It was in the

fall I got so bad, and the church people told me I had better make my peace with the Lord and prepare to die, for I would not live till spring. My home doctor couldn't do me any good, but advised me to get to New York City for examination. They finally took me to a medical college, and a whole lot of physicians made what they called a diagnosis. There were several students looking on. One professor had a little ivory hammer, and with this he pounded my chest and held his ear close to listen. After a while the professor looked at me solemnly and declared: 'One of your lungs is about gone and the other is affected. There may be a slim chance for life if you quit working in that knife factory. I went back home, but didn't improve. One day I saw an advertisement of free samples of

Acker's English Remedy for Consumption, being given away by our home druggists, Walker & Eaton. I got one of these bottles, and it relieved me. Then I bought more of the regular size, and my improvement was continuous, although slow. My doctors were astonished and so was I. After dark I hated to spit, because I was afraid it might be blood, and I wanted to know for sure. I have no fear now, for at last I am a solid man again. Although one lung is gone, the other is as sound as a dollar, and answers as well as two lungs, so far as I can see. I want everyone to know the facts and that is why I tell them here." (Signed) A. H. SIMMONS.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, etc., etc., and \$1 a bottle in United States and Canada. In England, 1s. 6d., 3s. 3d., and 4s. 6d. We authorize the above insurance. W. K. SIMMONS & CO., Proprietors, New York. Fischer Drug Company.

EVERY WALK IN LIFE.

Santa Fe Citizens Appreciate "The Little Conqueror."

Every class of citizens has sick kidneys. The busy business man rushing through life on the run fails to realize the constant strain he daily puts upon the kidneys. The mechanic forced to assume unnatural positions, stooping and straining at his work, does not know that his backache is simply kidney ache. The clerk on his feet continually, leaning over a counter or desk; railroad conductors, engineers, street-car men subject to constant jarring, all have backache from the kidneys. Women at their household duties, boys and girls at play overtax the kidneys and give them more work than they can do. "Is a fortunate thing the kidneys warn you when in trouble; that they cry out for help. Don't neglect the warning. Don't neglect a back ache. A lame, weak or aching back is neglected means future trouble, kidney trouble, urinary trouble. Doan's Kidney Pills cure every form of kidney ill, cure a bad back and make sick kidneys well. Doan's Kidney Pills are endorsed by people you know. Read what a Kansas City citizen says:

Mr. H. T. Hazen, of 1067 Grand avenue, Kansas City, blacksmith, employed at the Erie Mining and Machinery Company, says: "I suffered from most depressing pains in my back so much at times that I could scarcely attend to my work, could hardly get out of bed mornings and could not ride on street cars, for the least jar caused excruciating pains. There was also a weakness of the kidneys which caused me inconvenience and distress, besides breaking my rest nights. I saw Doan's Kidney Pills advertised and tried them. The treatment promptly and effectively relieved me of the pain in my back and the other annoyances entirely disappeared. There has not been the slightest recurrence since."

Just such emphatic endorsement can be had right here in Santa Fe. Drop into Ireland's Pharmacy and ask what his customers report. For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

SAVES LIFE

Willard, Ill., August 1, 1900. I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and falling of the womb. I also had indigestion and was in a bad condition when I received your "Ladies' Birthday Almanac" and read the advertisement of Wine of Cardui and Theodore's Black-Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theodore's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE. Mrs. M. L. DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures white and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theodore's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theodore's Black-Draught that saved Mrs. Davis' life. Never take a substitute. OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. He found the diphtheria epidemic at the school on the wane. He is much pleased with the four new buildings recently erected at the school in this city. He says that both the Albuquerque and the Santa Fe schools are crowded with pupils.

Dr. W. M. Poplewell and family of St. Joseph, Mo., will arrive in the city in a few days to remain. Dr. Poplewell, about a month ago, traveled extensively over New Mexico and concluded that Santa Fe was the best location. He is an eye specialist, but will also practice medicine and surgery in general. He was superintendent of the Almsworth Hospital at St. Joseph, Mo., for fourteen months, and has had extensive experience. He writes the New Mexican that his furniture is packed and that he will start for Santa Fe early next week.

Charles M. Reeves, secretary of the committee on legislation of the Louisiana Purchase Centennial Exposition, and Frederic W. Taylor, secretary of the committee on state and territorial exhibits of the exposition, are visitors in Santa Fe today. They are making a tour of the western states, consulting with the executives of the states and territories and other officials relative to gathering exhibits, especially agricultural and horticultural exhibits for the great World's Fair to be held at St. Louis next year. The gentlemen are earnest talkers, of pleasing presence, and succeeded in awakening great interest in the exposition. They will leave this evening for Albuquerque to meet Hon. Thomas H. Hughes, a member of the New Mexico St. Louis Exposition Commission, from Albuquerque they will go to California.

Charles L. Bishop is confined to his home with illness.

Humors

and

The Digestive Organs

Some humors are inherited; others are acquired, commonly through derangements of the digestive organs.

Whether inherited or acquired, they are radically and permanently removed by one and the same medicine, and that is

Hood's Sarsaparilla,—it cleanses the blood, perfects digestion, cures dyspepsia, stops all eruptions, clears the complexion, builds up the whole system.

For various reasons humors are most quickly removed in the Spring.

Take Hood's this Spring.

"We have been using Hood's Sarsaparilla for several years past and it has always given the best of satisfaction, especially as a Spring medicine. It builds up the general system and gives new life. I heartily recommend it to the public." DWIGHT C. PARK, Whiteland, Ind.

ACCEPT NO SUBSTITUTE FOR HOOD'S SARSAPARILLA.

TESTIMONIALS
