PRESIDENT'S DAY  
AT CHARLESTON

A Grand Procession and Presentation of a Sword to Major Micah Jenkins.

## AN ADDRESS BY ROOSEVELT

The President Says That Industrial Combinations Are Good If They Keep Within the Bounds of the Law—On the Other Hand the Laws Must Be Wise.

Charleston, April 9.—This is "President's Day" at the exposition. The events of the day began with a grand procession through the principal streets of Charleston, and afterwards there were speeches in the exposition auditorium, presentation of a sword by the president to Major Micah Jenkins, luncheon at the woman's building and inspection of the grounds and buildings. The parade was the most imposing Charleston has ever seen.

At the conclusion of the exercises at the auditorium, the presidential party made a tour of the buildings of the exposition.

At 2 o'clock the president and party were taken to the woman's building, where lunch was served by the woman's board.

**THE PRESIDENT'S ADDRESS.**

Charleston, S. C., April 9.—President Roosevelt delivered an address at the exposition this afternoon. The president began by alluding to Georgia as the birthplace of his mother's people. The reunion of sentiment of the North and South, brought about by the war with Spain, was the most important result of that war, and spoke of the gallantry of the Southern soldiers. Both Northerner and Southerner will always strive to serve the country in peace as well as in war. In the exhibition particular effort was made to get into touch with the West Indies. He considered this wise, as it would bring prosperity to the South. He spoke of the general prosperity of the country, and said, in a general way, that combinations were good, but must keep within the law. On the other hand, the laws must be wise.

Above all, the administration of the government must be fair and honest, and the laws not administered in the interest of either poor or rich.

## WANT MORE PAY.

At the Same Time the Union Carpenters and Joiners Want Shorter Working Hours.

Philadelphia, April 9.—The executive board of Brotherhood of Carpenters and Joiners of America is in session here, and is said to be arranging for a concerted move looking to an increase in wages and a shorter workday. The union has a membership of 102,000, and the movement now under way will affect nearly every state in the country.

A BUDGET OF  
WASHINGTON NEWS

The Irrigation Bill as Amended Seems to Satisfy the Friends of the Arid Land States and May Pass Congress in Its Present Form.

IMPORTANT LEGISLATION AFFECTING  
MINES AND ENTRY UPON PUBLIC LANDS

The following news of interest to the southwest was embodied in yesterday's Washington dispatches:

The house committee on mines and mining has reported favorably the bill recently passed by the senate to provide for the repayment of unexpended moneys deposited to cover the costs of platting and office work in connection with mining claims. This law is made necessary by a decision of the secretary of the interior to the effect that there is no authority of law for returning moneys deposited for platting surveys of mining claims which is in excess of the amount required for that purpose.

## THE IRRIGATION BILL.

Mr. Mondell of Wyoming, has reported the irrigation bill as adopted by the house committee on irrigation on Saturday last. This bill recently passed by the senate with such amendments as had been affixed to the house bill added and the closing of lands in the clauses pertaining to the state control of waters and the closing of lands that are to be surveyed with a view to the erection of irrigation works, in regard to the latter, it has been agreed that lands shall be withdrawn to all entry, except homestead, when surveys have been ordered thereon. Homesteaders will be allowed to take up lands at any stage of the proceedings, but each homesteader will be required to live five years on the section he acquires. George H. Maxwell of the national irrigation association, who up to recently has been offering strenuous objections to various parts of the irrigation bill, said today he was satisfied with the bill as it now stands. He said he had no further objection to make, and hoped the bill would pass.

Concerning the expense of irrigation works, Mr. Mondell said that the most exaggerated statements have been made as to the probable aggregate outlay. "As a matter of fact," said Mr. Mondell, "not a penny of the sum raised by taxation will be taken from the national treasury. The expenditures under the bill are limited to the proceeds of the sales of public lands in the states affected by the bill, and this expenditure is principally in the nature of a loan, as the settler pays back to the government the cost of irrigation works. The only expenditures under the bill not reimbursable would be certain items of administration, surveys and examinations of projects, and it would be a high estimate to place these expenditures at \$500,000 per annum. After the system is well inaugurated, this is about the sum which it costs to maintain the congressional library."

## REPAYMENT OF LAND FEES.

Senator Mitchell's bill providing for the repayment of certain fees, purchase money and commissions paid on void entries on public lands, passed the senate on Monday. The measure provides for repayment of fees and purchase money in all cases where homestead or timber culture, desert land or other entries which have been or shall hereafter be cancelled or relinquished on account of conflict, or where, from any cause, entry has been erroneously allowed and cannot be confirmed. Also where parties as pre-emptors or homestead claimants have paid the double minimum price for land afterward found not to be within the limits of a railroad land grant, the excess of \$1.25 per acre so paid shall be repaid to entrymen.

**PLATTING THE GRAND CANON.**

The most elaborate platting of the Grand Canon has ever had is now in progress under an expedition of the United States geological survey, headed by E. E. Mathes. The party has just started at work at the end of the Grand Canon railroad and will remain in the field eight months, during which time 600 square miles will be platted, comprising the region for about sixty miles west of the mouth of the Little Colorado river.

The mapping will be upon the scale of a mile to the inch, and will be issued to the public in the usual manner in sheets of 20 square miles. Bench marks will be placed at all prominent points, giving details of elevation and survey. The work will be done almost exclusively by triangulation from carefully surveyed bases at the edge of the canon, as it will be manifestly impossible to measure the gorge by the usual tape and rod methods of the surveyor. The main points from which the triangulation measurements will be taken will be: Bill Williams mountain back of Williams, Mount Kendrick northeast of Williams, and Red Butte, which lies immediately north of Williams, about 15 miles from the canon. On each of these hills bronze tablets and large signals will be placed.

## A ROUGH RIDER WITH ROOSEVELT.

Samuel Bell of Victor, who has remained in Washington for several weeks, left Monday for Colorado. He received a warm invitation to accompany President Roosevelt on his trip to Charleston. Mr. Bell and the president were comrades in the Rough Rider regiment in Cuba.

## SIR MICHAEL NICKS-BEACH ILL.

The Budget Statement Was Therefore Postponed Until Monday of Next Week.

London, April 9.—The Budget statement, which was to have been presented today, has been postponed until Monday, owing to the indisposition of the chancellor of the exchequer, Sir Michael Hicks-Beach.

THE CUBAN  
RECIPROCITY BILL

William Alden Smith of Michigan Made a Strong Address Against the Measure.

## THE BEET SUGAR INDUSTRY

He Predicts a Great Future for It if the Protective Policy is Continued—He Said That the Cuban Reciprocity Measure Would Benefit Only the Sugar Trust.

## HOUSE.

Washington, April 9.—The house today was in committee of the whole on Cuban reciprocity. William Alden Smith, Michigan, spoke against the bill. He presented the question from the viewpoint of the Republicans who have opposed Cuban reciprocity on account of the beet sugar interests. He entered upon a discussion of the policy of protection, which had resulted in the upbuilding of American industries, referring especially to the beet sugar industry as a rival to the sugar trust. He predicted a great future for the industry if not disturbed by the tariff, and maintained that the sugar trust would be the beneficiary of a reduction and not the Cuban planters.

## SENATE.

Washington, April 9.—When the senate convened today, Fairbanks, Indiana, reported favorably from the committee on immigration the Chinese exclusion bill passed by the house. It was placed on the calendar.

Patterson offered a resolution, which was adopted, calling on the secretary of the treasury for certain regulations regarding the exclusion of Chinese. At the conclusion of routine business, consideration of the Chinese exclusion bill was resumed. Gallinger, New Hampshire, addressed the senate in opposition to the measure.

## THE PHILIPPINE BILL.

Washington, April 9.—By a strict party vote, the insular committee of the house today voted down the substitute proposed by the Democratic members "to establish a stable and autonomous government in the Philippines," and then, by a like vote, ordered a favorable report on the measure prepared by the Republican members establishing a complete form of civil government for the islands. Cooper will make the report tomorrow, and seek soon thereafter to bring the measure before the house.

## AN AMERICAN BOWLING TRIO.

It Will Visit All the Bowling Centers West of the Mississippi.

Dayton, April 9.—An all American bowling trio, made up from the crack bowlers of New York, Chicago, and one other city located in the Middle West, will visit all bowling centers west of the Mississippi river to the Pacific slope. The tour, which will begin about October 1, will be arranged and managed by Sam Kards, secretary of the American Bowling Congress. Stops from two to six days will be made at St. Paul, Minneapolis, Butte, Seattle, Tacoma, Sacramento, San Francisco, Los Angeles, Phoenix, El Paso, Denver, Pueblo, Colorado Springs, Lincoln, Omaha, Des Moines, Dubuque, Kansas City and St. Louis. Three diamond studded trophies will be awarded the team of three making the best showing against the all-American.

## SOUTHERN PACIFIC DIRECTORS.

All the Present Officers, Including President E. H. Harriman, to Be Re-elected.

New York, April 9.—The annual meeting of the Southern Pacific Railroad Company was held in this city today. All retiring directors were re-elected except Charles M. Hays, who resigned, and was succeeded by former Judge Wm. D. Cornish. The new board will probably meet tomorrow, and it is understood that all the present officers, including President E. H. Harriman, will be re-elected.

## TWO FATAL EXPLOSIONS.

Three Men Instantly Killed in a Boiler Explosion at Peoria, Iowa.

Grinnell, Ia., April 9.—Frank Meyers, Dudley Boyd and James Shaffer were instantly killed in a boiler explosion at Peoria, a small town south of here. The men were employed in the sawmill. James Carter, the proprietor, sustained serious injuries. The three victims were literally blown into fragments.

## A POWDER EXPLOSION.

Cleveland, Ohio, April 9.—Two men were killed as the result of an explosion of nearly 3,000 pounds of powder at the plant of the Austin Powder Company at Glen Willow, a few miles southeast of this city, early today. The powder plant was completely wrecked. Both victims were employed in the mills. The cause of the explosion is unknown.

## DESTRUCTION BY FIRE.

The Principal Portion of the Business District of Caseyville, Illinois, in Flames.

Terre Haute, Ind., April 9.—The principal portion of the business district in Caseyville, Ill., was destroyed by fire last night, and the loss will exceed \$50,000.

## SWEEP BY FIRE.

Bloomington, Ill., April 9.—The town of Fisher, east of here, was swept by a fire today. All business houses were destroyed, involving a loss of \$100,000.

## CASHIER COMMITTE SUICIDE.

St. Joseph, April 9.—A special from Falls City, Neb., says that F. Goddard, an assistant cashier of the First National Bank, committed suicide last night by shooting himself in the head. Despondency is assigned as the most probable cause.

PEACE NEGOTIATIONS  
IN THE TRANSVAAL

The Peace Delegation from the Transvaal Is in Favor of Peace but the Orange Free Staters Refuse to Surrender in a Body.

IMPORTANT CONCESSIONS HAVE  
BEEN MADE BY THE BRITISH

London, April 9.—The Associated Press understands that the peace negotiations are progressing satisfactorily, so far as the Transvaalers are concerned, but the latest advices indicate that there is small probability of the Free Staters surrendering in a body. The negotiations, thus far, have been mainly an explanation of British intentions. It has been made plain to the Transvaalers that their surrender will entail banishment, and this has been a potent influence.

## KANSAS CITY DEMOCRATIC.

St. Joseph, April 9.—The figures this morning show Borden, Republican, elected mayor by a margin of eight votes over Spratt, Democrat. The remainder of the Republican ticket down to the city council was elected, with the exception of the city attorney. The Republicans have a slight majority in the city council.

## KANSAS CITY DEMOCRATIC.

Kansas City, April 9.—Ninety-six precincts out of 140 in this city give Reed, Democrat, for mayor, 1,569 plurality. He made unlooked for gains in the residence districts, but fell behind in the Democratic strongholds downtown. The whole Democratic city ticket is elected, and the council will be strongly Democratic in both branches. For the past two years the Republicans have controlled the upper house, and the lower house, though Democratic, has been hostile to Mayor Reed.

The returns of the city election indicate the re-election of Mayor James A. Reed, Democrat, over John J. Green, Republican, by 2,250 plurality, and the election of the following other officers: All Democrats, by smaller pluralities: Treasurer, James Cogwell; auditor, Daniel V. Kent; police judge, Hugh C. Brady; city attorney, Jacques L. Morgan. Seven Democratic members of the upper house were elected, and that body will stand 13 Democrats, 1 Republican, as against 6 Democrats and 8 Republicans. The lower house will probably stand 10 Democrats and 4 Republicans as at present. The Democrats will fully control the city government, for the first time in many years.

## SOCIALISTS GET EXCITED.

They Tell King Leopold They Want a Republic and Universal Suffrage.

Brussels, April 9.—King Leopold was mobbed by Socialists this afternoon on his arrival here from Biarritz. The meeting between the Socialists and the king was quite accidental, but it was none the less unpleasant for his majesty, whose automobile was surrounded by excited Socialists, who shouted: "Long live the republic!" "Long live universal suffrage!" and waved red flags in the king's face.

## GAVE BOND FOR APPEARANCE.

Robert E. Snyder, a Financier of Kansas City, Indicted for Bribery.

St. Louis, April 9.—Robert E. Snyder, a financier of Kansas City, under indictment for bribery in connection with the passage of the Central Traction bill, appeared in Judge Ryan's court today, ready to give bond for his appearance for trial. At the request of Circuit Attorney Polk, despite the protest of Morton Jourdan, Snyder's attorney, the bond was fixed at \$20,000.

## IN FAVOR OF LEASING.

Jeremiah Simpson of Roswell, Championed a Leasing Resolution at Rapid City.

Rapid City, April 9.—At a convention today of the western cattlemen, a resolution favoring a land leasing bill was passed by a narrow margin, after a discussion lasting seven hours. Jeremiah Simpson of Roswell, New Mexico, and Bartlett Richards of Nebraska, championed the resolution.

## ATTACKED A CHINAMAN.

He Was Held Up for His Money and Barely Escaped With His Life.

On Saturday evening at Las Vegas, three men entered the house of Quong Fang, an aged Chinese gardener at Las Vegas, and attempted to murder him for the money he was supposed to have hidden in his house. He was struck with a heavy, blunt instrument that inflicted a large gash above one of his eyes and stunned him. The robbers secured no money as the Chinaman, who is 72 years old, keeps it in bank. When he revived he dragged himself to the house of A. Menet for help. Sheriff Romero gave chase to two men in the Chinaman's garden, but they managed to escape.

## SHOT HIMSELF.

A Painful Accident to a Colorado Miner at Golden, Southern Santa Fe County.

Andrew Watts of the Colorado and New Mexico Leasing and Mining company, operating the Gypsy Queen mine, near Golden, in taking off his revolver in his cabin Monday, allowed it to strike the floor, when it exploded. The bullet struck his right leg above the ankle, breaking both bones. He was brought to Cerrillos, and is now under the surgeon's care. Watts is a Colorado man.

STRIKERS REFUSE  
ARBITRATION

The Tender of the Good Offices of the National Civic Federation Are Spurned.

## NO INTERVENTION WANTED

The Strikers' Representatives Say That Everything Possible Has Been Done by the Striving Weavers to Secure an Amicable Settlement at Olneyville.

Providence, R. I., April 9.—The strikers in the American Woolen Company's mills at Olneyville refused to deal with representatives of the National Civic Federation's arbitration committee. Marcus Marks, head of the Clothing Cutters' Union, and member of the "committee of 36" of the Civic Federation, made an offer of intervention for adjustment of the strike. Chairman McDermott, of the strikers' committee, replied that everything possible had been done by the weavers to secure an amicable settlement. Marks then suggested that he would call a conference with Treasurer Wood of the Woolen Company, to bring about an understanding. The strike leaders informed Marks that the strikers did not care to have an intervention of the kind mentioned.

## TELEGRAPHIC BREVITIES.

One thousand miners at Mackay, Idaho, went out on a strike yesterday. They are union men.

The Republicans of the 11th Ohio district yesterday renominated Charles H. Grosvenor by acclamation for congress.

A party of 50 Ladrones attacked five constables at Sarsagon, province of Luzon, and cut three of them into small pieces.

Cholera has broken out at Bulacan, Philippine Islands, and 81 cases are reported. At Manila thus far 184 cases were reported of which 140 terminated fatally.

The Western Cattlemen's Association convened yesterday at Rapid City, S. D., with 1,000 delegates from New Mexico, South Dakota, Nebraska, Iowa, Wyoming and Colorado present.

The Indianapolis special of the Big Four was wrecked near Cleveland, Ohio, last night, and two persons were killed and three injured.

A fight took place between moonshiners and revenue officers at Big Meeting Creek postoffice in Hardin county, Kentucky, in which a moonshiner was killed and a revenue officer wounded.

There has been heavy fighting between Christians and Mohammedans in European Turkey and the revolution is spreading. Austria may march troops across the border to quell the disturbance.

Secretary Root has issued instructions to Civil Governor Wright of the Philippines to give effect to that part of the Philippine tariff act which provides for a rebate of export duties on goods shipped from the Philippines to the United States.

After a conference last night, lasting three hours, the Democratic members of the house failed to reach an agreement on Cuban reciprocity and each member will use his own judgment in voting for or against the bill.

Senator Patterson yesterday in the senate presented a petition from Hawaii which said that \$7,000 of the 150,000 people of the islands are Chinese or Japanese and asking that congress pass legislation excluding all Orientals from every part of the United States possessions.

## ALBUQUERQUE'S POOR WATER SUPPLY.

It May Account for the Cases of Typhoid Fever, Diphtheria, Etc., Reported in Recent Years.

A special committee appointed by the city council of Albuquerque has investigated the Duke City's water supply, and in a lengthy report practically condemns it. Among other things, the committee, which consisted of Aldermen A. B. McMillen, Frank McKee and H. E. Rogers, says:

"Our conclusion is that a ditch so located as the one above described must necessarily draw the surface water from the whole tract above described, including that portion upon which the wool scouring mills are located, and that the filthy water which seeps into the ground about the wool scouring mills must eventually find its way into our city water supply, and we therefore conclude that the surface water not only enters into our water supply, but that it is impregnated in the manner above mentioned and also from its way into the ditch and well No. 1, as above explained."

"In the second place the water is further contaminated by the large amount of timber used in walling the ditch and which for a portion of the 24 hours is completely saturated with water and for another portion the water is withdrawn by pumping and the wood goes through the process of decay."

"Aside from the question of the healthfulness of the water, the surroundings of the water plant are not calculated to make one relish the water. As the plant is now located and from the existing state of affairs conditions might be improved, but we are doubtful if it would be possible to have pure water taken from the present location."

"We wish to say further that the reservoir situated east of the University and from which we draw a portion of our water supply, is not sufficiently protected nor is there any means of adequately cleaning the reservoir."

THE FINANCES OF  
BERNALILLO COUNTY

Chairman Mierra of the Board of County Commissioners Says They Are in Excellent Condition and Debts Are Paid Dollar for Dollar.

JUDGE BAKER IS BECOMING VERY  
POPULAR AMONG THE PEOPLE

Hon. E. P. Mierra, chairman of the board of county commissioners of the county of Bernalillo, is in the capital on a visit to his mother and to his sisters residing here. To a representative of the New Mexican, Mr. Mierra stated that the financial condition of the county of Bernalillo was steadily improving and that at the meeting of the board of commissioners on Monday last the county paid all its obligations dollar for dollar and that such had been the case for some time past, that the county expenses are being kept down by the county commissioners as low as possible and every effort is being made for a just, honest assessment and energetic collection of taxes. He thought that the county would be able to pay cash for all its expenses right along. He is now serving his fourth year as chairman of the board and his term does not expire until January 1, 1905.

Mr. Mierra speaks in very high terms of Judge Baker and says that it is being demonstrated that the judge is a learned and able jurist, hard-working, fair and impartial. The people of the district become more satisfied with the judge's official actions the better they know him and the more business they do in his court. Personally, the judge is a very courteous and agreeable gentleman and makes friends rapidly.

Mr. Mierra is one of the largest taxpayers and property owners of the county. He is a sheep raiser, owning many of the fleecy animals, conducts a sawmill and a grist mill in the "Nacimiento mountains, and in the western part of the county owns several stores at which general trading is done and from which he supplies his many employees with food, clothing, and the necessities and luxuries of life. Politically, Mr. Mierra is a power in the county. Although quite a young man, he is certainly one of the leading men and citizens of his section. His home is in Cuba, about 100 miles from the town of Albuquerque, and he represents the first district of the county on the board of commissioners.

The range in western Bernalillo county is fair, and while there is not as much water as he should like to see, still he is of the opinion that the coming lambing and shearing season will be good and that the fleeces of young lambs will be small. He goes from here to Grants on the Santa Fe Pacific railway and will be busy for the next six weeks superintending the lambing and shearing of his sheep herds. He is active, energetic, and full of life and attends to many of the details of his business in person and that is likely one reason for the success he is achieving.

## MINOR CITY TOPICS

Dandelions are in bloom.  
Bon-Ton: M. B. Maher, Des Moines, Ia.; W. A. Bollinger, Minden, O.; Richard Foot.

The Water street canal is doubling the strength of its inspiring odor these warm days.

The main driveway into the capitol from Don Gaspar avenue will be lined with arbor vitae.

A letter addressed to Mrs. Mayfield, Mayfield Sanitarium, St. Louis, is held at the postoffice for postage.

Exchange: C. J. Castleman, Maxwell City; John G. Smith, Leadville, Colo.; Miss Bell Fox, Topeka, Kas.

There are a number of dangerous holes in the Galisteo street bridge which should be repaired at once.

The board of county commissioners adjourned yesterday afternoon to meet again at the call of the chairman.

The funeral of Pedro Sanchez this morning was largely attended. Interment was made in the National cemetery.

Sotero Martinez is reported to be much improved from his wound and the attending physician, Dr. J. M. Diaz, now holds out hopes for his recovery.

The officers of the local lodge of Elks will be installed tonight by Deputy B. Ruppe, of Albuquerque. A banquet will be served at the Bon-Ton after the installation.

Charles H. Berry of Las Vegas, and Miss Gertrude Swift of Los Angeles, were married at Lead Avenue Methodist Episcopal church at Albuquerque yesterday by Rev. C. A. Bunker.

Jo E. Sheridan, United States coal mine inspector, passed through Albuquerque last night on his way to join Mrs. Sheridan in southern California. He was accompanied by his daughter, Lillian.

Palace: S. H. Fields, St. Joseph; E. C. Hall, Sherman, Texas; Charles R. Stone, Pueblo, Colo.; W. O. Franklin, San Francisco; W. B. McSorley, Denver; S. H. Brake, Denver; L. L. Bradford, St. Louis.

At the Boston Mining Exchange last week, 10,054 shares of Cochiti stock were sold at from 50 to 70 cents a share. Of Santa Fe Gold and Copper Mining Company stock 275 shares were sold at from \$3 to \$3.38 per share.

The Hardware Dealers' Magazine published at New York, publishes an interesting interview with Charles H. Berry of Las Vegas, in which he tells of his coming to Santa Fe in the early days and working his way across the plains as cook of a caravan and then securing work as clerk in a Santa Fe store.

The brick pavement which should have been laid around the Old Palace last October according to assurances of Land Commissioner A. A. Keen, custodian of the building, awaits the pleasure of the penitentiary authorities who will get it as soon as they have the men and brick to spare. Everyone hopes that this will be soon.

The snow or rain predicted by the weather bureau for yesterday afternoon or evening failed to arrive, although much needed. The prediction for tomorrow is fair weather. The maximum sun temperature yesterday was 78 degrees, the maximum shade temperature 83 degrees, the minimum temperature 48 degrees. The temperature at 6 o'clock this morning was 38 degrees.

The meeting of Sunday school workers which has been announced for this afternoon, has been postponed until tomorrow afternoon at 4:30 o'clock at the Palace hotel. All Sunday school workers are invited to attend. The object is to organize a Santa Fe county Sunday school association. Hon. W. H. Kennedy, chairman of the board of county commissioners, and W. J. McPherson, city treasurer, are at the head of the movement.

At the penitentiary a new electric arc circuit has been completed. Incandescent lights will be placed on the walls of the institution and will be burned all night, which will make any attempts of escape at night time even more difficult than at present. The penitentiary will present a beautiful sight after dark with its powerful searchlights and a ring of incandescent lights around it.

The worst pavement in the city and the most dangerous at the same time, and that is saying a good deal, is that along the Fort Marcy reservation, around the corner of Palace avenue and Grant avenue, in front of a vacant lot on which a choice lot of weeds are raised every summer. Uncle Sam should be compelled to lay a good pavement as well as private individuals. The city authorities should send a protest to the old man.

St. John's Methodist Episcopal church and parsonage on San Francisco street, were sold yesterday to Rev. Thomas Harwood of Albuquerque, superintendent of Spanish Methodist Episcopal missions in New Mexico, for \$700 and other valuable considerations. St. John's congregation will move out this fall, when its new church on Don Gaspar avenue is to be completed. The next conference of the Spanish New Mexico missions will appoint a resident pastor for Santa Fe.

The board of trustees of the Presbyterian church held a meeting last evening at which the newly elected trustees, J. A. Wood and John H. Walker, took their seats, succeeding F. P. Crichton and C. L. Bishop. George W. Knaebel was elected president and treasurer. Alan McCord, secretary, and J. A. Wood, vice president. A committee of the whole was appointed to draft suitable resolutions of thanks to the Board of Home Missions, for the support given the congregation for many years.

There will probably be a change of time on the Santa Fe railway on June 1. Train No. 1 from the east is to pass Lamy in the forenoon and stop for dinner at Albuquerque. Breakfast is to be taken at Las Vegas. Mail train No. 7 from the east is to pass Lamy several hours earlier and be at Albuquerque for supper and at Las Vegas for dinner. The California flyer is to run twice a week instead of daily. By next fall a train is to be put on between Chicago and Los Angeles that will be the most luxuriously equipped train in the world. The fare to be charged is to be double first class, and only 50 persons will be taken on each train. If these changes go into effect it will make considerable change in the arrival and

departure of mails in Santa Fe. The Harvey eating station at Lamy may be discontinued. Meetings of the division superintendents of all the divisions of the Santa Fe proper will be held in Topeka from day to day, beginning May 12, for the purpose of stringing the new card. At the same time the division superintendents of the coast lines will be meeting at Los Angeles, California, for the purpose of making a new time card for the lines west of Albuquerque.

Judge Jesse G. Northcutt of Trinidad, Judge of the 3d judicial district of Colorado, a jurist of fine reputation, and a friend of Governor Otero, Judge A. C. Abbott, and District Attorney E. C. Abbott, is in Santa Fe today on business with Governor Otero. He is accompanied by his stenographer, Watt McHenry.

George Anton of Coyote, Rio Arriba county, and family have arrived in this city and will remain here for some time. Mr. Anton has sold his mercantile business in that town to Jose Ignacio Garcia, and is looking for a new location. He will, however, take a rest for a couple of months before going again into business.

Among the Grand Army veterans who will leave this evening for Albuquerque to attend the Grand Army encampment, are Judge John R. McFie, Colonel George W. Knaebel, Hon. J. P. Victory, F. P. Crichton, Jacob Weltmer, Smith Simpson, who has not missed one encampment in nineteen years, and W. S. Fletcher.

## Dyspepsia

Is difficult digestion, due to a weakened condition of the stomach and its inability to properly churn the food; or to unhealthy condition of the gastric juice, too much or too little acid, too much or too little pepsin.

Hood's Sarsaparilla relieves all the distressing symptoms of dyspepsia because it promotes the muscular action of the stomach and intestines, aids nature in the manufacture of her own digestive secretions, which are far better than any artificial pepsin, unlocks the bowels, stimulates the kidneys and tones up their mucous membranes.

So prompt is its effect in many cases that it seems to have almost a magic touch.

Begin to take it NOW.  
Suffered Everything—I was troubled with dyspepsia, suffered everything but death, could not eat without terrible distress. Since taking Hood's Sarsaparilla I eat heartily and I am well." Mrs. EUGENE MURPHY, Danbury, Conn.
