THE MCKINLEYS

Mrs. McKinley Has Im-
proved Wonderfully.

Smilingly Said the Program
Must Not be Curtailed.

The Creek Treaty Has Passed the
House of Kings.

DESTRUCTIVE JAVA VOLCANO.

San Francisco, Cal., May 23.—After a good night's rest, Mrs. McKinley awoke refreshed, and smilingly told the president the program scheduled for today must not be curtailed on account. Accordingly, the president went to the home of Irving M. Scott where he had breakfast. Immediately afterward he attended the reception given by the heads of the federal departments of this city. He then went to the Presidio where he reviewed the troops, including the regiments which recently returned from the Philippines. Just after lunch he met the newspaper men, and heartily thanked them for the sympathy in which they had treated the illness of Mrs. McKinley. At 2 o'clock the president attended the reception by the Union League club, and an hour later was welcomed by the Ohio society at the Palace hotel. Then was given a reception by the assembled pioneers of California, veterans of the Mexican war and Native Sons of the Golden West. To-night the president will meet the Grand Army veterans at Pioneer hall. In his honor a new provisional post will be formed, known as the McKinley post No. 1901. Members of both the Grand Army and of the Loyal Legion will be present, as President McKinley belongs to the two orders. General Barnes will deliver the address of welcome.

Creek Treaty.
Oklahoma, T. May 23.—The Creek treaty passed the house of Kings this morning by a vote of 23 to 17 and is now ready for the signature of the president. The passage of the treaty marks one of the most important epochs in the history of the territory, removing the uncertainty of what made waiting capital timid. The town is wild with enthusiasm.

Volcano in Eruption.
Batavia, Java, May 23.—The volcano of Kelot is in eruption. Lava is threatening the Bitar coffee plantations, and endangering Kediri. The district is in total darkness. It was reported later that many natives had been overwhelmed with lava. The population of Kelot is estimated at 10,000. Heavy rain of cinders continued falling today, covering six districts, aggregating a third of the island, including Sambarang, Kediri and Surakarta.

May Corn.
Chicago, Ill., May 23.—After many weeks' inflation of value, May corn today sold at 45¢ bushel, 5¢ lower than yesterday's closing price and 17¢ under the highest price of the Phillips manipulation.

Corporal Tanner Dead.
Springfield, Ill., May 23.—Former governor, John K. Tanner, died suddenly this afternoon at the hotel where he was in this city from rheumatism of the heart.

Sunk in Mid-Atlantic.
London, May 23.—A bottle picked up at Granton today contained a message saying the steamer "Crest", with all hands, was sinking in mid-Atlantic. The British steamer "Crest", of the Arrow line, laden with grain and general merchandise, sailed from New York January 25, 1899, for Leith and Dundee, with a crew of twenty-five men and was never again heard of.

CONDEMNED MEN STOLID.
The Doom of Sanchez and Calles Approaching—The Haganman's Rope. Jose Sanchez and Andres Calles, the two men in the Grant county jail, sentenced to hang on June 7 at Silver City, maintain a bold front and do not show any signs of weakening. Calles has taken to reading a prayer book, but places much confidence in executive clemency. It is understood that Governor Otero will be asked to interfere in his behalf and commute his sentence to life imprisonment.

HEAVY RAINS!

Colorado River Doing
Big Damage.

Shamrock II Will be Again

General Assembly of Presbyterians
Will Revise Creed.

THE MARKET QUOTATIONS.

Port Collins, Colo., May 23.—Owing to the heavy rainfall of the past two days the Cache la Poudre river is the highest for twenty years. It is reported the dam at Chambers Lake, fifty miles above Fort Collins, has broken. There is hardly a bridge left in place in Larimer county and damage done to irrigating ditches amounts to several thousand dollars. Leaves and budding fruit were stripped from trees in orchards, grain beaten into the ground and alfalfa stripped to the stalks. People living in the bottom lands have been driven from their homes.

TENNESSEE RIVER RAGING.
Knoxville, Tenn., May 23.—This morning at 10 o'clock the Tennessee river was the highest known since 1875. However, no great damage is being done. Conservative estimates from upper east Tennessee place the dead actually found at fourteen. The loss at Elizabethtown is conservatively estimated at about \$150,000.

Cup Challenger Will Be Repaired.
Birmingham, Ala., May 23.—As far as can be ascertained the hull of the cup challenger is not injured, but she will be docked for a thorough examination. Mr. Thomas Lipton, George Watson and W. G. Jameson visited the boat today and decided that six weeks would be sufficient to put the crippled yacht in racing trim again, and that it probably will be necessary to ask a delay in the date for the cup races.

ASKS FOR POSTPONEMENT.
Southampton, May 23.—Sir Thomas Lipton has asked the yacht club races to be postponed until the first week in October.

THE PRESBYTERIANS.
Revising the Creed Will Cause Considerable Discussion.

Philadelphia, May 23.—The important question of revising the creed, which for two years has been agitating the Presbyterian church, came before the general assembly today, and a lengthy debate is expected. The controversy regarding the revision has led to the formation of three groups among the 640 commissioners. First, there is the conservative group, composed of those opposed to any change whatever in the doctrinal standards of the church. Then there is a party desirous of setting aside the confession of faith as not truly expressing the belief of the church. Between them stand the centrists, who favor maintaining the old confession with a few modifications, and who desire the adoption of a new "declarative" statement, setting forth the most important doctrines, laying special emphasis upon the love of God for mankind and the work of the Holy Spirit.

THOMPSON ELECTED.
Des Moines, Iowa, May 23.—The general assembly of the United Presbyterian church of North America elected Rev. J. H. Thompson president of Tarico college, Tarkio, Mo., moderator.

MARKET QUOTATIONS.
Market quotations and review furnished by W. P. Metcalf, No. 5 Cent street, New York.
New York, May 23.—Stocks.—(Dick Bros.) The rise in Northern Pacific common from 175 to 205 was brought about by the calling in of the stock by a London house for shipment Saturday. This hurt the whole list and the market closed heavy. Erie rose to 42½, but declined to 39½. The early strength of coalers was not maintained. London was a moderate seller. Total sales, \$55,400.

A TELEPHONE SCHEME.

Hon. C. J. Gavin, one of Raton's most prominent attorneys, has been in the city for a few days on business and returned on yesterday afternoon's train. The significance of Mr. Gavin's visit to the Meadow City was to talk to the business men in favor of a project which would prove of great benefit to the people of this county. The idea is to see Raton, Las Vegas, Santa Fe and Albuquerque connected by a long distance telephone line. The project is far from being impracticable or impossible. The Colorado Telephone company's wires extend already as far as Sapello, Rosita, Mora, Los Alamos, La Cueva and Watrous. The old telephone line formerly running from the Baldy mine to the headquarters of the Maxwell Land Grant company, although not actually in use, is still in existence and covers a distance of about 180 miles on the grant. To connect the latter to the former line not much over thirty-five miles in length could

TRANS-MISSISSIPPI

Official Call for Cripple
Creek Meeting.

Bresci, Who Killed Humbert,
Commits Suicide.

Disgraced West Point Cadets Will
Not Appeal.

A DUTCH PRESIDENT DEAD.

Cripple Creek, Colo., May 23.—The official call for the twelfth session of the Trans-Mississippi Commercial congress, to be held in this city July 19 to 20, inclusive, has just been issued by E. R. Moses, of Great Bend, chairman of the executive committee. Representation is provided as follows: The governor of each trans-Mississippi state and territory to appoint ten delegates; mayor of each city one delegate, and one additional delegate for each five thousand inhabitants, provided, however, no city has more than ten delegates; each county to appoint one delegate through its executive officer; every business or organization one delegate and one delegate for every additional delegate for every fifty members, no organization to have more than ten delegates. Governors of states and territories, members of United States congress and ex-presidents of this congress are ex-officio delegates, with all privileges of delegates, except those of voting.

BRESCI, THE ASSASSIN.
He Committed Suicide in an Italian Prison by Hanging.
Rome, May 23.—Bresci, the assassin of the late King Humbert, committed suicide in the penitentiary at Santo Stefano. Bresci recently had been suffering from extreme excitement, declared to be from remorse. Tuesday night he made a rope from his blankets and strangled himself. On the wall of Bresci's cell the words "vengeance" was scratched with his bloody thumb nail. Bresci's violence last week culminated in his attacking the latter, in consequence of which he was placed in the straight jacket. Later the prisoner feigned docility in order to secure an opportunity to commit suicide, which he accomplished by hanging himself with an improvised rope attached to the ceiling.

Will Take Their Medicine.
Washington, May 23.—The five West Point cadets dismissed yesterday—Bouldy, Cleveland, Keller, Linton and Mahaffey—will not appeal for clemency to the war department. They have entered the service of the New York and Bermuda Asphalt company.

Pretorius Dead.
Johannesburg, Transvaal, May 23.—Marthinus Wessels Pretorius, first president of the Dutch African republic, the title of which was changed in 1858 to the South African Republic, died on May 19 at Potchefstroom, Transvaal colony, after two days' illness.

A COURT RULING.
When a person, by collision with an employee of a railroad company, who has no right to determine who may ride on the train, nor to collect fares for so doing, obtains a passage in a coal car attached to a freight train, during the night, by paying such employee a nominal sum of money and on the approach of daylight the latter gives the former an order, accompanied by a threat of personal violence, to leave the train, the purpose in so doing being to prevent the detection of both in the wrong done to the company, and thereupon the trespasser jumps from the train when it is in motion and is injured, the company is not liable; and this is so though the trespasser be a minor, if he has sufficient knowledge and discretion to understand and participate in the fraud practiced upon the company.

5 Per Cent, Twenty Year Gold Bonds

THE - MUTUAL - LIFE
INSURANCE COMPANY OF NEW YORK.

SECURITY.

The great financial institutions of the world are as follows:

Bank of England, capital..... \$86,047,935
Bank of France, capital..... 36,500,000
Bank of Germany, capital..... 28,500,000
Bank of Russia, capital..... 25,714,920
Total..... \$176,822,855

FUNDS OF THE MUTUAL LIFE, OVER \$328,000,000

The company has in fifty-eight years successfully handled \$800,000,000 of trust bonds. When, therefore, such an institution issues its bonds, they must be conceded to rank in safety with the highest grade of municipal bonds, and even with those of the government.

What is the fair market value of a Five Per Cent, Twenty Year Gold Bond of indubitable security? Where, indeed, in these days of refunding and low interest rates, can such a bond be had at any price?

Such are the bonds now offered by THE MUTUAL LIFE. They differ from other insurance contracts in this only, that whenever death occurs the beneficiary receives bonds instead of cash. Each bond is for \$1,000, and attached to it are forty coupons of \$25.00, payable to the bearer on the first of January and July of each year for twenty years; and then the principal is paid.

For example: The owner is insured for \$10,000. He dies, his payments forthwith cease even if he has paid for only one year, and his estate as beneficiary receives:

\$500 a year for twenty years..... \$10,000
Then cash..... 10,000
Total guaranteed in gold..... \$20,000

These bonds may be purchased by equal annual installments for life, or by installments limited to twenty, fifteen, ten or five years, or even by one single payment. They may also be secured on the endowment plan, in which case the insured will receive the bonds after a term of years and enjoy the income himself. He thus provides not only for his family, but also for his old age. Where can you purchase another security of the same value upon such terms. For further information address

BEWARE OF COUNTERFEIT BILLS.

The counterfeit two-dollar bills have not yet reached New Mexico, but they might be sent this way and it may be well enough to speak of them. New Mexico and New York are flooded with spurious currency. The bills are on the state bank of New Brunswick, and are of miserable workmanship. They, however, resemble the Canadian bills, and are being worked freely among the poorer classes and among small trades people. The paper upon which the bills are printed is so thin as to be almost transparent, and while the counterfeit should be easily detected, it is believed that hundreds of them have been circulated in the above named cities and Cincinnati, Ohio. The authorities think that they recognize the handwriting of the bills and will endeavor to capture the "shovers" before they make a descent upon the plant.

NEWSPAPERS A CENTURY AGO.

In the year 1801 there were in the United States two hundred newspapers, of which seventeen were dailies. New England had a few newspapers and the Middle States had seven.

The editor, owner and printer of a newspaper in 1801 was usually one and the same person. There were no editorialists. The matter in the paper was usually selected. Practical printers, save in one or two cases, were the papermen, men of scant education and no literary pretensions. The first religious newspaper was the *Religious Remembrancer*, published in Philadelphia in 1813. Then came the *Religious Intelligencer*, of New Haven, then the *Boston Recorder*. In 1814 it united with the *New England Patriot* and in 1819 became the *Patriot-Recorder*.

The first meeting of American publishers was held in New York in 1802, at the City Hotel. It was called a "literary fair," and thereafter met alternately in New York and Philadelphia.

TRUTH-TELLING.

Truth always makes friends, and there is a great satisfaction in an advertiser's knowing that his customers have confidence in what he says and what he sells.

The essential points of a good advertisement are brevity, simplicity and truth. "Never put an advertisement into a paper until you have looked it over carefully for any accidental untruth or inconsistency." Get people's confidence—their trade will follow. When advertisers and the medium they advertise in work hand in hand, then does the reading and shopping public get honest representation from the advertiser and the newspaper at least gets credit for its value as a trade hustler and circulating medium.

"An advertisement is naught but ink and brains on paper." First select the newspaper that will do your business the most; then make an advertisement for space; then build your "ad" and if its contents are backed by truth, that same ad and each succeeding one edited on the same principle will materially assist in crowding a well kept, clean and attractive store.

BEAUTIFYING THE CITY.

What parks are to be improved? What yards are to be grassed? What houses are to be painted? What homes are to be made more attractive?

Ten thousand trees and a million shrubs should be set out in Pueblo this spring.

We talk about crusades. If all the people of Pueblo, high and low, rich and poor, could be induced to make a determined crusade against dirt and filth and compel men to quit spitting on sidewalks—what a change.

Then the next thing would be to paint the buggies, oil up or get new harness, curry and sleek down the horses, then have the men spruce up a little, and God bless the women, they are always nice. If only the men do their part in beautifying the city and quit spitting on the sidewalks, Pueblo will be all right.—Pueblo, Colo. Star.

Let all citizens of Albuquerque profit by the advice given above, and begin to "clean up" in good fashion. Dandelions, from all accounts, are injurious to the lawn, and the Denver papers have commenced a vigorous warfare against the dandelions.

The Denver Post says that dandelions are injuring the appearance of lawns all over the city and they are growing thicker and faster than ever this year. Many applications for remedies have been received lately at the office of the state horticultural board, but they could not be filed. The only remedy is to dig up the dandelions as they appear among the grass, and they will have to be taken out by the roots to prevent their reappearance.

The Denver Times, in its issue of May 17, on the same subject, says: F. D. Meek has applied to Mrs. Shute, the secretary of the state board of horticulture, for some remedy for the destruction of dandelions overrunning his lawn.

"Dig them up," says Mrs. Shute. "That is the only remedy I know of that will not destroy the grass also. A great many persons have tried the plan of putting something on the lawn to kill the dandelions, but the only result is to kill the grass also. Mr. Meek is desperate over the matter and says he wants to know how to get rid of the pests. So far as I know there is only one effective remedy and that is to dig them out. The dandelions are thicker this spring than ever before in my recollection. They look very pretty in the morning for a while, but they soon kill out the lawn if they are permitted to grow.

THE FIELDS!

They Are Located in McKinley County.

Visit to Lands Where Drilling Will Soon Commence.

The Mariano Oil Company Will Drill Near the "Hot Holes."

AN INTERESTING TRIP.

A week ago today a Citizen representative was on the oil fields of McKinley county, which are located all the way from fifteen to thirty miles from Gallup. The trip was made for the purpose of seeing the lands of the Mariano Oil company, which are located in the heart of the Navajo reservation, where are to be located many "hot holes," and at these occupied the Indian women were found leaving the celebrated Navajo blanket, while the men were planting corn on cleared out the ditches for irrigation purposes.

A D. C. Conner was so favorably impressed with the oil indications that on reaching Gallup he hastily drew up a map of the sections located by the Mariano Oil company, and sent them on to his company, the president of which is United States Senator Mitchell of Oregon, with the recommendation that the company be organized.

LEASES OF LANDS

At once made with the Mariano Oil company on the royalty basis. Mr. Conner, who is a Colorado resident, has secured a lease on a flowing well in the Navajo reservation, and is now boring for oil in the Beaumont, Texas, fields. He gained his information about the Navajo reservation from a Colorado resident, who is now boring for oil in the Beaumont, Texas, fields. G. Vargas has secured the agency in New Mexico for the "Apollo" set, playing piano attachment. The attachment has several points of superiority over all other self-playing piano attachments, and among its most notable features are the tempo stops and the re-wind stop. Mr. Vargas will at an early date receive a shipment of high grade pianos in artistic designs in cases and finish.

C. L. Hadley, the efficient accountant in the employ of J. M. Broyles of San Francisco, is in the city en route to San Diego, Los Angeles and other California points on pleasure bent. BUSINESS BRISK.

Good Times at Winslow-Important City Council Meeting.

BATCH OF INTERESTING TOPICS.

Special Correspondence.
Winslow, Arizona, May 22.—The usual observer business transactions appear a trifle more brisk in this city at present than is usually noted. The merchants have no complaint to offer and all are apparently well satisfied with conditions. The railway shops furnish employment to a full force of mechanics, and the train crews are having as the work they care for. Many of the railway employees and their families are making arrangements to enjoy a few months' visit with their relatives or friends in the eastern states.

In an interview with Mayor Charles E. Plinn it was learned that a meeting of the city council would be held this week, when the matter of improving the water supply system would be discussed. It is understood the 4-inch water mains are to be taken up and 8-inch pipes placed in their stead, and the 2-inch laterals are to be doubled in size. There are three blocks of mains and laterals to be improved, and the work will require several weeks with a large force of men to make the change. Mr. Plinn also occupies the position of ex-officio health officer. He has just made a thorough inspection of the streets and alleys and reports the sanitary condition as good. There are no cases of contagious diseases in the city, and all post-humans patients have entirely recovered.

L. T. Matta, who was born and reared in Old Albuquerque, and for a number of years occupied in the jewelry business, has been a resident of this city for several years. Besides being proprietor of a general merchandise store here he is ably holding down the office of notary public of Navajo county and justice of the peace of the precinct on the south side. He is always pleased to learn of the welfare of his relatives and friends, and gets it fresh from the Daily Citizen.

LOCAL PARAGRAPHS.

C. M. Scarborough, of Silver City, in his letter, he is in no hurry, as he enjoys his climate.

Wednesday being an exceptionally quiet day, without disturbances of any kind, there were no cases before the police judge this morning.

That popular and frequent visitor to Albuquerque, Mrs. J. J. Frey, whose home is now in Denver, is in the city on a visit to relatives and friends.

Miss Ethel Levy, daughter of Mr. and Mrs. L. F. Levy, of Juarez, Mexico, is expected here in a few days to visit her relatives, Mr. and Mrs. M. Trauer.

Will Moore has accepted a position at Robinson's bicycle shop on First street. "Spot" is a first class electrician and a mighty handy man around a bicycle shop.

Clifton Hill, the general merchant at Isleta, arrived in the city by the morning train. Mr. Hill came up for the purpose of laying in additional stock, but will return home tonight.

After a two weeks' visit at the sheep ranches of El Paso, N. M., Mr. J. W. Edwards has returned to the city with most favorable reports of the lambing and the prospects for a prosperous season.

Provisions will be needed Decoration day in large quantities, and all persons who can and will furnish them are asked to leave word with J. W. Edwards, so that the committee can call for them by Wednesday, May 30.

The Las Vegas Optic says: Placards are at hand to-day advertising the territorial fair, statehood convention, horse racing, Mouli snake dances, fireworks, balloon ascension, etc., at Albuquerque, October 15th to 19th.

Mr. Martin S. Tierney, Albuquerque, efficient street commissioner and sewer inspector, and his son, James, have returned from Huntington, Iowa, where they were called a week ago on account of the sudden illness of Mr. Tierney's mother.

Among the arrivals from the south this morning was Engineer Lee Schallenger, running between Albuquerque and El Paso. Mr. Schallenger will remain in the city to-night for the purpose of taking the degree of Knight of Malta in Pilgrim Commandery No. 3, Knights Templar.

Capt. S. T. Douthett, who with his estimable wife and son, E. Brooks Douthett, has resided in this city for several years, is arranging to make an overland trip to Denver. They expect to leave the city on Saturday, and will leisurely drive between this city and the capital city of Colorado.

Word has been received here that Miss Minnie Dunlap, daughter of Mr. and Mrs. J. H. Dunlap, formerly resident of Albuquerque, had died at Atlanta, Georgia, recently of diphtheria. The young lady was about 15 years of age and was a bright and winsome

person. She was born in this city. Her parents have the sympathy of many friends here.

The New Mexican says: The remains of Louis Dignee, who died at Corralito four years ago and was buried in Fairview cemetery, were yesterday transferred by Undertaker Charles Wagner to Rosario cemetery. The remains of Angela Dignee were also transferred to the family plot in Rosario cemetery.

Montague Stevens has had as a guest D. F. Smith, of the New York Herald artist corps, who is on his way to the Magdalena mountains. Yesterday the gentleman came to this city and journeyed westward to California. He is well pleased with this part of the southwest as a place of rest and recreation.

Col. John L. Hall and wife, parents of C. C. Hall, arrived last night from Sedalia, Mo., accompanied by their daughter, Mrs. J. J. Frey. They will remain here sometime visiting their son and daughter.

Albuquerque Encampment No. 3 will meet this evening at 8 o'clock at I. O. O. F. hall. Work in royal purple degree. Full attendance desired. By order of chief patriarch, N. E. Stevens, scribe.

A grand free concert will be held at the Orchestra hall on Saturday night, followed by dancing for several hours. A free concert will be held at the same hall also Sunday afternoon. All invited.

Mrs. O. Bambini, whose husband was in the merchant tailor business here a few years ago, has returned to the city after a long visit to her old home in Italy.

Alfred E. Harnisch, who has been quite sick for the past two weeks in slowly recovering and will soon be able to get out and attend to business.

Camp Whitcomb Sold.

The famous mountain resort in Tijeras canyon has been sold to Mrs. J. Kehler, who expects to take possession June 1st. She will remove to the camp and will endeavor to make it a popular place for the city people to spend the summer months.

Mrs. Kehler's plans have not been fully developed, but it is her intention to provide plenty of room and comforts for those who enjoy spending their time from day to a month among the pines.

HORRIBLE DEATHS.

Little Children Burned to Death in El Paso and Silver City.

A fearful and distressing accident took place in the life of pretty young Angeline Miller occurred early yesterday morning at the home of Mr. and Mrs. J. A. Miller in this city.

The child was due to the explosion of a gallon can of coal oil with which, during the absence of her mother, she was endeavoring to kindle a fire in the kitchen stove.

Early yesterday morning Mrs. Miller, whose husband is a baggage man in the employ of the Pomeroy stable, took a visit to relatives and friends.

She left her three children, aged 8, 4 and 2, alone in the kitchen and told her to make a few purchases at the store. She returned to find the fire in the kitchen stove had burned out and a mighty handy man around a bicycle shop.

Clifton Hill, the general merchant at Isleta, arrived in the city by the morning train. Mr. Hill came up for the purpose of laying in additional stock, but will return home tonight.

After a two weeks' visit at the sheep ranches of El Paso, N. M., Mr. J. W. Edwards has returned to the city with most favorable reports of the lambing and the prospects for a prosperous season.

SILVER CITY ACCIDENT.
A horrible burning accident, with fatal results, occurred in Silver City Wednesday forenoon.

Maudie "Tut" MacDietz, the name of a Mexican woman living in the eastern part of the city, on the hill beyond where the railroad track formerly extended. Shortly after noon Wednesday she took an old bedstead and bedding out in the back yard for the purpose of burning the same. She started the fire and returned to the house for the purpose of attending to other duties, or little 1-year-old son was playing about the yard and attracted by the fire went too close to the burning bed, igniting his clothes. In an instant he was wrapped in flames. His screams brought the mother to the scene and at once she made every effort to succeed in tearing off the clothing. He was horribly burned, however, and lingered in agony until the next day, when he died.

Mrs. Turin was very severely burned in endeavoring to save her child. Her clothing caught fire and she narrowly escaped a similar fate. As it is her condition is serious. —Silver City Independent.
