GOOD NEWS!

Santa Fe Shopmen Get Wages Raised.

Supreme Court Adjourns for a Week.

Health of Mrs. McKinley May Shorten Presidential Trip.

SUNDAY BASE BALL GAMES.

Topeka, Kan., May 13.—After a conference with the committee representing the International Union of Machinists, the Santa Fe railroad, through General Manager Mudge, has agreed to raise the wages of shopmen along the entire system. The machinists had threatened to strike on May 20. Machinists getting heretofore 27 cents per hour were raised to 30 cents, and 28½ cents men to 31 cents. These wages have prevailed since 1893. Fifty-nine hours will constitute a week's work. The schedule is effective from May 1.

R. P. C. Sanderson, acting as superintendent of machinery in the Topeka shops, has resigned, effective May 15, and will be superseded by James Col. It is reported that John Play, superintendent of machinery, will be made third vice president in June.

Supreme Court.—Washington, May 13.—The supreme court today adjourned until next Monday without announcing an opinion in the Insular cases. The court will have two or more sittings for the announcement of opinions and hearing of motions before final adjournment for the term on the 27th instant.

HEALTH OF MRS. MCKINLEY.

Her Serious Condition May Shorten the Presidential Trip. San Francisco, Cal., May 13.—Shorter Cortes today morning gave out the following bulletin as to Mrs. McKinley's condition: "Mrs. McKinley rested well during the night and this morning was quite as comfortable as her physician expected her to be." There is some probability of President McKinley abandoning his proposed trip into the northwest in view of the condition of Mrs. McKinley. Unless there is a radical change for the better the presidential party will leave for Washington soon after the celebration in this section are over. Mr. McKinley is very much worried over the condition of his wife. It is possible that many functions arranged in his honor in this week may be dropped. Secretary Cortes has given notice that Mrs. McKinley will not under any circumstances, engage in any of the social functions arranged for the party, but will remain as quiet as possible during the remainder of the tour.

Strike Settled.—Cleveland, Ohio, May 13.—The long strike between the machine engineers and the United States Steel corporation was settled at a final conference today. This practically ends the engineers' strike on the lake steamers.

Dying.—Grand Rapids, Mich., May 13.—Edwin F. Uhl, ex-ambassador to Germany, is gradually sinking.

Will Awe the Sultan.—Paris, May 13.—A correspondent of the Associated Press learns on trustworthy authority that unless the sultan of Turkey yields on the question of interference with foreign post offices the powers probably will present an ultimatum in a few days, backed by a naval demonstration. The powers, including Germany, are acting in perfect unison.

Robbed the Refinery.—Salt Lake, Utah, May 13.—Special to the Deseret News from Park City, Utah, says that George Redsell and Albert N. Niles were arrested today charged with stealing silver bullion from the Marsac refinery. The thefts, it is said, will aggregate nearly \$15,000. Redsell has been night watchman at the refinery. Niles is his son-in-law.

STRONG MARKET!

Stock Market Recovers From Panic.

More Disaster Reported to Boer Troops.

Mrs. Louis Botha Will Urge Kruger to Ask for Peace.

DESTRUCTIVE FIRE AT DETROIT.

New York, May 13.—Under reassuring news from London to the effect that a basis of settlement with Northern Pacific shorts had been agreed upon, and that J. P. Morgan was lending stock "flat" for delivery in that market, the New York exchange began business today strong. It is the general opinion that it would be some time before the question of control of the Northern Pacific will be definitely settled. It is believed that one party to the controversy holds control through preferred stock and several intricate legal points involved concerning the right of the directors of the company to retire preferred stock at par and thus deprive it of its voting power.

Heavy buying of Union Pacific was continued today and during the first half hour the price rose to 123. The Amalgamated Copper, after opening at 116½, sold up to 120½, an advance of 5½ as compared with Friday's close. It subsequently declined to 118½.

CONTROL OF NORTHERN PACIFIC.

New York, May 13.—The Times says: "It was learned late last night that the actual stockholding interests of the Northern Pacific of the Harriman people is sufficient to give them control of the property, regardless of commitments for future delivery of stock."

James R. Keene, in an interview, said: "I believe Morgan and Hill have control of the Northern Pacific."

SATISFACTORILY SETTLED.

London, May 13.—The stock exchange committee and J. P. Morgan have come to the rescue of the situation, and the difficulty in which operators and brokers who have given calls for Northern Pacific for the end of July found themselves, is satisfactorily settled. The committee decided that "buying in" Northern Pacific common and preferred be suspended for the present. This means that the stock need not be delivered immediately. The committee also fixed the price of Northern Pacific common at 140, Morgan is lending Northern Pacific at "evens," that is for nothing.

Disasters to the Boers.—London, May 13.—Lord Kitchener wires from Pretoria: "Grenfell occupied Louisahtich, capturing fifty Boers, with rifles."

"Other columns report eight Boers killed, twenty wounded, 132 taken prisoners and twenty-four surrendered."

Will Urge for Peace.

Durham, May 13.—Mrs. Louis Botha, who obtained consent to interview Mr. Kruger and urge him to advocate peace, sailed today for Europe on the Dunvegan Castle.

Destructive Fire.

Detroit, Mich., May 13.—Fanned by a 35-mile an hour wind, dry weather, reports so far are conflicting, but the southwest has been the principal buyer of wheat in this market. Cash business small. The world's shipments were 9,400,000, against 6,700,000 last year. Primary receipts 614,000, against 519,000; shipments 700,000, against 162,000. Estimated cars for to-morrow, 90. May wheat closed at 71½c. July wheat opened at 70½c, sold up to 72c and closed at 71½c.

Raiders Fined.

Topeka, Kan., May 13.—Mrs. Rose Christy, Mrs. Chadwick, Miss Madeleine Southard and C. R. McEwen, pleaded guilty in the district court today of leading a raid on Murphy's billiard hall, with Mrs. Nation, in March, and were fined \$10 each. Mrs. Nation's trial comes up this afternoon.

Shrine Meeting.

Regular monthly business meeting of Ballut Abayd Temple, A. O. N. M. S., to-night at 7:30. A full attendance is desired. By order of the illustrious potentate, L. H. Chamberlain, recorder.

Stole Brass from Railroad.

Marshall McMillin and Special Officer Ben Williams of the Santa Fe, on information received, and with a search warrant in their possession, called at the store of Ed. Chavez & Co. on south Second street this morning, and as was surmised, found about 350 pounds of brass that had been stolen from the railroad company. A warrant was issued for Mr. Chavez, charging him with receiving stolen property, and with four young boys were arrested for the larceny of the metal. The case is being heard this afternoon by Judge Crawford.

Horsemen, Take Notice!

There will be a meeting of the local horsemen to-morrow night, 8 o'clock in Zeigler's Cafe, when the financial business of the second meeting will be settled, at the conclusion of which new business will be taken up. This is an important meeting and should be attended by all interested.

Sunday Races.

A large crowd attended the trotting and running races at the fair grounds yesterday afternoon, and the events proved highly interesting. The program was carried out as successfully as had been anticipated and the gate receipts showed \$47.50, which sum goes to the sale of charity.

In the green race (trotting) Walter

N. was the first to cross beneath the wire, and was followed by McGinty, with Boone bringing up the rear. In the running race there were only two entries and this event was the most hotly contested of all combined. The horses were evenly matched until the last 100 yards in the home stretch, when the Lucero horse gradually advanced to a full length ahead when they crossed the line.

The third event was a trotting race between St. Elmo and Nigrita, and the animals scored in the order named. The free-for-all was an interesting number and action won, with Deck a close second.

In the base ball game the Browns easily defeated the Barrens club.

ROBBERS AT WORK.

John Borradaile Suffers a Loss of \$110 Worth of Goods.

Shortly after the hour of 11 o'clock last night robbers pried open a rear window in the second hand store of Col. John Borradaile on west Gold avenue with a "jimmy" and relieved the establishment of some jewelry, two watches, pocket knives, a revolver and some men's clothing, all of which was valued at \$110. The proprietor knows nothing of the robbery until he opened the store for business this morning. The money drawer, which contained no valuables, was found wide open and marks were visible on the window through which an entrance had been effected.

A clerk in the store of T. A. Whiton this morning of the burglary, but as yet no clue has been obtained of the whereabouts of the goods or the bold rascals who took them.

MARKET QUOTATIONS.

Market quotations and review furnished by W. P. Moton, 5 Cromwell block, received over the private wire of P. J. Logan:

New York, May 13.—(Dick Bros.)—The market today has been sensitive and narrow. London bought St. Paul and Union Pacific and their settlements are progressing satisfactorily. Chesapeake & Ohio showed decided strength on dividend rumors. Large movement of money coming in from the interior which will show in Saturday's bank statement. Total sales, 1,130,000.

STEAMER SUNK!

River Packet Sunk and Several Lives Lost.

Presidential Party Leave Delmonte Hotel.

C. W. Kouns to be Santa Fe Superintendent of Transportation.

ADMIRAL SCHLEY COMING HOME.

St. Louis, Mo., May 13.—A telegram from Chester, Ill., states that the steamer City of Paducah struck a snag while backing out of Brunkhok landing last night. It is reported that one passenger was drowned, eight or nine of the crew missing and the steamer a total loss. The steamer City of Clifton, of the same line, passed up shortly after the accident and took on board the crew and passengers.

Latest advices received by Captain Massengale to 11:30 are that two passengers and the deck watchman are drowned, but make no mention of any of the crew being missing. There were only fifteen cabin passengers on board and four "deckers." A special to the Post Dispatch from Murphysboro, Ill., says of the City of Paducah disaster: "With the exception of seven passengers, all were drowned, including fifteen negro workmen. There were about thirty-five aboard. The clerk and wife escaped drowning, but all other of the crew are missing."

PRESIDENTIAL PARTY.

Leave Delmonte Hotel for the San Francisco Celebration. Watsonville, Cal., May 13.—The members of the cabinet left Delmonte on schedule time this morning, in accordance with the agreement reached yesterday before the departure of the president and Mrs. McKinley for San Francisco. Secretary of State Hay will represent the president until the latter returns to the city.

At Paducah, the cable stop today, the children carried roses into the train for the ladies of the cabinet.

New Superintendent.

Topeka, Kan., May 13.—C. W. Kouns, Santa Fe general superintendent at Topeka, has been made superintendent of transportation to succeed A. W. Towley, who resigns to go with J. M. Barr, first vice president of the Seaboard Air Line. Kouns' former office is abolished.

Coming Home.

London, May 13.—Rear Admiral Schley received a cable message today announcing the serious illness of a member of his family and therefore engaged passage on the Kaiser Wilhelm der Grosse, which sails from Southampton, May 15.

County Property Appraised.

W. H. Hild, deputy county clerk of McKinley county, who arrived here Saturday morning, was reinforced today by the arrival of General Manager Brotherton of the Clarkville Coal company, and Attorney L. L. Henry, of the Carbon City. The gentlemen are here on business connected with the coal mines.

New Mexico demands Statehood
from the Fifty-Seventh Congress.

ALBUQUERQUE — MAY 13, 1901

For Governor of New Mexico from
June 7, 1901, to June 7, 1905, Miguel
A. Otero.

Mrs. Nation has answered the ques-
tion, "Am I my brother's keeper?" by
whipping two of them in the Wichita
jail.

New Mexico produces over 44,000
tons of coke annually, or about 2 per
cent of the entire product of the United
States.

There are about forty steamers
whose sole work is the laying and
maintenance of the telegraph cables
of the world.

There are enrolled in the Indian
schools of this country 25,860 chil-
dren, over a thousand more dur-
ing any year before this.

A little less than twenty-four
months now remain in which to pre-
pare the Louisiana Purchase ex-
position, but it will open on schedule time.

The Optic intimates that it will not
join in the territorial fair next fall.
That paper never has favored any ter-
ritorial enterprise outside of Las Ve-
gas.

A wealthy New Yorker who went to
California to avoid the eastern win-
ters has gone insane. Getting into a
decent climate was too much of a
shock.

On March 21 there were 1,612 cases
of smallpox in Kansas; April 3
there were 1,082 cases. During April
there were only five deaths from the
malady.

Last year the coinage of gold in
the United States amounted to \$107,

coined from the foundation of the mint
to \$2,147,088,113.

R. G. Dun & Co. report that the
stock market conditions are not re-
flected in the business of the country,
which continues to prosper on a per-
fectly sound basis.

The enthusiasm with which the
president is being received all over
the country shows what a hold he has
obtained on the hearts and minds of
the American people.

Manila's population is found to be
247,532, which gives it a place next
below that of Newark, N. J., or sev-
enty-fourth from the top in the list of cities
of the United States.

The belief is general that Aguinaldo
will be set free, the administration
taking the view that he has outlived
his harmfulness and is no longer a
power among his people.

South Sea cannibals lately killed
and ate a millionaire yachtsman and

high living is spreading even to the
utmost corners of the earth.

The Socorro Chieftain says that
Governor Otero's administration has
been satisfactory and his reappoint-
ment will be pleasing to nine-tenths
of the republicans of the territory.

Last year the number of immigrants
from Italy numbered 100,135; from
Austria, Hungary, 114,847; from
Russia, 90,757. Nearly half the im-
migrants arriving this year are Italians.

A justice court suit on trial in an
interior Arizona town turns on the
question of when a heifer becomes a
cow. These delicate little society
questions are always causing trouble.

By the new census the population
of England and Wales is 32,525,716,
an increase of 12.14 per cent in the
last ten years. The increase in the
United States between 1890 and 1900
was 21 per cent.

The coke oven industry, unknown in
1860, turned out a product in the United
States last year valued at \$34,632,-
418, an increase since 1890 of 110 per
cent. The by-product added nearly
one million dollars more.

Many locations have been made and

Even the big Beaumont oil well does
not amount to much when compared
with the tremendous oil production in
Russia. The output from the Baku
field last year was 2,197,785,000 gal-
lons. There were 448 wells, which
had an average production of 304 bar-
rels a day.

The American youth is no longer
encouraged by telling him that he may
some day become president of the
United States. The office only pays
\$50,000, while presidents of insurance
companies get \$100,000, railroad com-
panies \$100,000 and steel trust pres-
idents \$1,000,000.

The popular idea that Central Amer-
ica is inhabited altogether by swarthy
little half breeds with black hair, who
spend their time swinging in ham-

to be revised. The Guatemalans are
getting possession of that rich coun-
try. A press telegram says they have

control plantation lands amounting to
740,000 acres.

ABOUT MINES.

News from the Golden and Organ
Mining Districts.

PROSPECTS OF THE TWO CAMPS.

Special Correspondence.

Golden, N. M., May 11.—Richard
Mathews and family will occupy the
Williams residence in Golden for sev-
eral days.

The Baird Mining company, limited,
is still shut down. Most of the em-
ployees have been paid off and left the
camp.

W. O. Hagan, operating the Gypsy
Queen mine, has several men at work
driving the tunnel. The Black Hawk
mine of gold and silver ore, the tunnel be-
ing now over 500 feet long, and the
ore will be struck in the next sixty
feet.

J. H. Walker, United States deputy
mineral surveyor, arrived in Golden to-
day, where he will make a full re-
port of the development work done
on the Copper King and other claims
for application for patent. Work on
the group has been done for the last
three months by White and Burrer.

Messrs. Lionel Tuck and Lloyd Augus-
tine, after doing several months' de-
velopment, situated about half a mile
east of Golden, discovered some very
high grade of black and red oxide of
copper at 125 feet level. The ore is
one of the highest grade of copper
ever found in the district, and the
veins being already over fourteen
feet thick, looks as though it would
be a heavy producer as soon as
properly developed. GOLDEN.

DOWN IN THE ORGANS.

Special Correspondence.

Organ, N. M., May 11.—The Torpedo
mine has struck a nice body of high
grade copper ore. The shaft is at the
extent of the strike yet, but they
have six feet by eight feet in the 200
foot level. The pumps are working
nicely and within a short time they
will increase their ore output ten fold.
This is an ore producing camp, with
but very little development, and will
be one of the largest in the district
for the great mineral basin of the
camp has not been developed and the
camp is in a healthy condition.

The Bennett Stevens mine and the
Memphis mine have been sold and
deeds are in the bank at El Paso to
be turned over June 1st. Then the
above properties will be put in shape
and worked. They are idle at the
present.

The Philadelphia camp has four
patented claims and good property.
They are in ore and promise to start
up very soon.

The Excelsior is working above wa-
ter in high grade copper ore, but
not having pumps. It is a fine prop-
erty and will come to the front. The ore
taken out more than pays all expen-
diture and within a short time de-
velopment is in progress.

There are a few prospects in the
district. When they put in a pump the
ore will be richer in copper and gold.
There are a few prospects in the dis-
trict. When they put in a pump the
ore will be richer in copper and gold.

the Lincoln county court, returned
home yesterday morning. When he
left for the Lincoln county court, a
few days ago, his left hand gave him some
trouble on account of a small hurt
and gradually grew worse until crys-
tals set in. The hand was dressed
by a physician down the road, and
when Mr. Ferguson arrived at home
his family physician attended to the
hand. It is a slight case of erysipelas,
but the hand will have to be kept in
bandages for a few days to come.

ARE YOU PLUMP
or thin? red cheeks or sallow
life in your step or feel your
weight? are you comfortable or
hoping to be so next spring or
summer or fall?

One is health; the other is
not-quite health.
This condition of not-quite
health can be turned into
health with Scott's emulsion of
cod-liver oil.

It is a pity to get in the hab-
it of thinking of health as a
thing to be hoped for; why not
go for it now!

There is only one way to
make strength; by food. You
want appetite first, then food.
The emulsion will give you
food-rest, to master your food
with.

MEDICAL SOCIETY.

Held Annual Meeting at Alamogordo
Last Week.

THEY HAD A FINE TIME.

Dr. G. W. Harrison, who attended
the twentieth annual meeting of the
New Mexico Medical society at Ala-
mogordo, returned home yesterday
morning.

On Wednesday evening last the
visiting physicians were tendered a recep-
tion at the residence of Dr. and Mrs.
E. C. Bryan, which proved a most en-
joyable affair in every respect.

Thursday morning the formal ses-
sion of the society opened with a call
to order by the president of the so-
ciety, Dr. J. H. Sloan, of Santa Fe, and
an invocation by Rev. Mr. Conklin.
Judge Byron Sherry delivered the ad-
dress of welcome, in which, on behalf
of the citizens of Alamogordo, he ex-
tended the freedom of the city and the
hospitality of its people. Dr. George
C. Bryan extended a welcome on be-
half of the medical profession of Ala-
mogordo. Dr. W. R. Tipton, of East
Las Vegas, made a short address to
the visitors, to the welcoming address.

The following papers were read and
discussed, some of them being of un-
usual merit:
Presidential address—J. H. Sloan,
M. D., Santa Fe.
Special address (by invitation).
The Making and Closing of Abdo-
minal Incisions.—J. Shelton Horsley,
M. D., El Paso, Texas.

"Medical Legislation"—G. W. Harri-
son, M. D., Las Vegas.

Mexico."—W. R. Tipton, M. D., East
Las Vegas.

"Some Clinical Cases, Including
Some Interesting Experiences with
the 'Old Woman in Medicine'—George
C. Bryan, M. D., Alamogordo.
"Injuries"—G. W. Grove, M. D., Albu-
querque.

"Quick Doctors I Have Known"—
Rev. Father Muegen, P. M. T. T. T. T. T.
The annual election of officers re-
sulted as follows:
President—G. W. Harrison, M. D.,
Albuquerque.
First Vice President—George C.
Bryan, Alamogordo.
Second Vice President—B. E. Lane,
Albuquerque.

Third Vice President—Dr. Whit-
cher, Carlsbad.
Secretary—J. F. McConnell, Las
Cruces.
Treasurer—W. G. Hope, Albuquerque.

Dr. J. F. McConnell, of Las Cruces,
and Dr. G. C. Hope, of Alamogordo,
were elected delegates to the Amer-
ican Medical association, which meets
at St. Paul, Minn., in June.

A resolution was unanimously
adopted tendering Governor Otero a
vote of thanks for signing the medical
bill enacted by the last legislature,
and for his appreciation and friendship
for the profession.

It was decided to hold the next
meeting at Albuquerque, beginning on
the second Wednesday in May, 1902.
Thursday evening the members of
the society attended in a body the per-
formance given at Armory hall, after
which they were regaled with a spread
at the Hotel Alamogordo.

Friday the visitors enjoyed the trip
to Cloudcroft, where they were warmly
impressed with the beauties of "the
breathing spot of the southwest."
The visitors were unanimous in
praise of their kind and considerate

hosts.

PARASOLS.

It is not our custom to blow our own horn, nor do we to-day want to do this. We prefer to let our merchandise talk for itself. When, however, we have such a value that may truly be called PHENOMENAL to offer as we have to-day we believe it to be our absolute, yes, our imperative duty, to bring it to your attention.

We Have Just Received

a lot of 225 All-Silk Parasols in plain and fancy blacks, in plain and fancy colors, in trimmed and untrimmed—an assortment unequalled in immensity and beauty. There are none worth less than \$3.50; but the majority would bring from \$5 to \$10.

YOUR CHOICE OF THIS ENTIRE ASSORTMENT AT

\$2.65.

We advise early purchases, as the demand, no doubt, will be a great one.
