CHEERED ON WAY

McKinley Arrives at New Orleans.

**Gates of Pan-American Expo-
sition Opened.**

**Conger Will Accept Nomination for
Governor of Iowa.**

MACHINISTS STRIKE PREDICTED.

Memphis, Tenn., May 1.—The presidential special train pulled out of the union station on schedule time, 1:30 a. m., for Vicksburg. The special will arrive at New Orleans at 4:30 p. m. Jackson, Miss., May 1.—The presidential train arrived at 11 o'clock sharp. Governor Longino welcomed the president on behalf of the state. McKinley expressed delight at the cordial reception.

Vicksburg, Mississippi, May 1.—The president reached here at 4:30. This was the first time a president has visited Vicksburg since the days of Zachary Taylor and the party was received with the greatest enthusiasm. The party drove through the national cemetery, where sixteen thousand union dead are buried. From here the party moved into the crowded, festal reception city.

The president and Mrs. McKinley were in an open carriage which was swathed even to the wheels with the national colors. The procession passed under a picturesque arch of cotton bales surrounded by Spanish daggers, on which was the word "Expansion."

In reply to the welcome the president spoke as follows: "It gives me very great pleasure to receive the official greeting of the mayor and the warm-hearted touch of the people as they give us greeting to this historic city. The highest expression of satisfaction at this most cordial reception is in the single word that you may feel at home. Nowhere in my native state of Ohio could I receive a warmer or more sincere welcome than have received at the hands and in the hearts of the people of Mississippi, and in the moment I have to enjoy with you I can only make my acknowledgments and congratulate you on your share in the universal prosperity so characteristic at this time in every part of our common country."

"We know that wherever others may say or think this to us and for us is the best country in the world. It is the land we love and it is the land of possibilities and of opportunities to every child that dwells beneath the folds of our flag."

Gates of Exposition Opened.

Buffalo, N. Y., May 1.—The gates of the Pan-American exposition were thrown open this morning and notwithstanding that it rained all night and conditions were threatening, large crowds gathered. No ceremonies marked the opening. It having been decided by the management to continue the opening day ceremonies with those of dedication day, May 29.

Wm. Hamilton purchased the first ticket, paying \$5.00 for the privilege.

Will Accept Nomination.

Omaha, Neb., May 1.—Minister Conger arrived this morning on route to his home, and was met by a group of relatives from Des Moines and the reception committee. With regard to the Iowa governorship, Conger said: "If the nomination were offered me I shall probably accept. Until I have opportunity, however, to advise with my friends, I can say nothing further."

Strike Predicted.

Buffalo, N. Y., May 1.—Twelve hundred machinists went on a strike today to secure a nine-hour day with no decrease of pay. It is understood that the movement is the forerunner of a strike that may extend all over the United States, Canada and Mexico on May 2.

GARRISONS IN CHINA.

Allied Powers Will Leave Troops in Principal Chinese Cities.

Peking, April 29.—A British Marshal Count Von Waldersee, in a letter which he sent to the ministers today, as a reply of the generals to the views of the ministers regarding military questions discussed by the generals in conference, says that a garrison of

NOT THE MAN!

sheds of the Sierras.**

COUNT TOLSTOI THREATENED.

San Jose, Cal., May 1.—Sheriff Langford and Deputy Sheriff Bache have arrived here from Wichita, Kansas, bringing with them a man whom the believe to be James C. Dunham, who murdered the McGillicuddy family in 1896. The prisoner certainly bears a remarkable resemblance to Dunham, but those who knew the murderer best are not unanimous in their verdict. The prisoner who gives his name as Chas. F. Grill, says he is well known at Pueblo and Cripple Creek, Colo.

The suspect says his name is Chas. F. Grill; that he was born at Rome, N. Y., in 1860, and lived at Platte station and Rockford, Ill. He says: "About 1887 I married a woman, Schrieber, at Pueblo, Colo. We since have separated. Our only child, a boy 10 years old, is living with his mother at 222 north Twenty-second street, Cripple Creek."

The prisoner showed a letter from Cripple Creek, dated January 5th. It tells of his alleged son, the letter tells of the boy's Christmas and wishes his father a happy new year. Continuing, the prisoner said: "The officers have shown me a tintype of Dunham, which resembles me somewhat. I came to California voluntarily. If I am identified as Dunham, I can easily show I am Grill. My wife, father, Mitchell Schrieber, lives at Cripple Creek."

It is now the opinion of the sheriff's office that the man brought from Wichita, Kansas, is not James C. Dunham, the McGillicuddy murderer. This forenoon scores of people who knew Dunham intimately came to the jail and positively asserted that the prisoner was not the long sought for murderer.

Pueblo, Colo., May 1.—Chas. F. Grill was an advertising solicitor in Pueblo, and left for Cripple Creek about five years ago. He was married here to Miss Schrieber.

Robbed Widow Woman.

Chicago, Ill., May 1.—A special to the Tribune from Adrian, Mich., says: Two masked men entered the residence of Mrs. Ruth Ayers at Springfield, bound and gagged her and sacked the house. They obtained about \$8,000.

RAILROAD ACCIDENT.

Whitehead Injured in a Collision in Snowsheds of California.

Emigrant Gap, Cal., May 1.—In the darkness of the snow sheds a Raymond excursion train ran into the rear end of United train No. 2 at Yuba Pass last night. The private car of D. O. Miller on the rear of the excursion was badly damaged. Fireman James Saunders was instantly killed. Several passengers of the train were slightly injured. D. O. Miller, a granddaughter, and Whitehead Reid and wife had just seated themselves at the dining table in the rear of their car, when the crash came. All were bruised and scratched, but none seriously injured. Whitehead Reid received an ugly cut in the face.

Count Tolstoi Threatened.

Paris, May 1.—The Temps publishes a two-column reply of Count Tolstoi to the decree of ex-communication pronounced against him. He says as a result of the decree that he has received letters from ignorant people menacing him with death.

LOCAL PARAGRAPHS.

William Bryce, foreman of the Albuquerque foundry and machine works, who was at Cerrillos yesterday on business, returned to the city last night.

The ladies aid of the Methodist Episcopal church will give an afternoon tea to-morrow afternoon, from 5 to 6, at the home of Mrs. Frank Trotter, corner of Fourth street and New York avenue. Come and meet your friends and have a sociable time.

Yesterday Alfred Grunsfeld sold his elegantly furnished home on west Copper avenue to J. Lorenzo Hubbell, for a good round figure. Mr. Grunsfeld had recently decided to remodel the dwelling and had let the contracts to the plumbers and builders, but since he sold his house he will seek another location in the city on which he will have erected a handsome \$10,000 residence.

The tenth annual ball of the Young Men's Social club will be held tonight at their hall on Gold avenue, upstairs over the Albuquerque Hardware company's store. The officers of the club are: Charles J. Jan, president; J. Coleman, vice president; John Williams, secretary; Edward Lane, assistant secretary; Thomas Thompson, treasurer. Dances and Henderson are the reception committee; Messrs. Vincent, Lane, Coleman and Fields, arrangement committee; Thompson, invitation committee; John Williams, manager; and Thompson and Fields, floor committee.

Hon. J. A. Mahoney, who was here yesterday in conference with the local presidential reception committee, returned to Deming last night well pleased with his visit and the enthusiasm manifested by the local committee in endeavoring to make the reception of President McKinley at Deming a grand and glorious success. He announced to a Citizen representative at the depot last night that Deming was all right when it comes to showing courtesies to distinguished people, especially the president of such a big nation as the United States, and the forthcoming reception will outshine all previous efforts.

Gentry is Coming.

The educated ponies, dogs, monkeys and small elephants that will give exhibitions under their mammoth tent in this city Tuesday, May 7th, opposite the Hotel Highland.

Too much can hardly be said in praise of these highly trained animals. The exhibition that they give is so unlike other entertainments given by educated horses or dogs. There is not one dull moment on the program, nothing that is monotonous. It is comedy from start to finish; it is high class amusement and strictly moral. Prof.

THE APACHE KID!

**Large Garrisons to Be Left in the
Chinese Cities.**

CHINA IN STATE OF ANARCHY.

St. Louis, Mo., May 1.—A special to the Globe-Democrat from Hermosillo, Mexico, says: The leader of a band of Yaqui Indians, who was captured a short time ago at Chosia Alta, a detachment of government troops, has been executed at Antequera by order of General Lorenzo Torres. Prior to his execution he was positively identified as Apache Kid by Alex. McDonald, American scout.

Threaten to Strike.

London, May 1.—At a meeting of the miners' federation this morning, attended by delegates from all parts of the United Kingdom, it was recommended that all miners quit work unless the coal taxes were withdrawn.

Garrisons in Chinese Cities.

Peking, May 1.—General Voyron, commander of the French forces, and about leaving Peking for Tien Tsin. He will make headquarters there.

Today Count Von Waldersee sent the reply of the generals to the views of the ministers regarding the military question discussed yesterday by the generals in conference. The reply agreed in the main with the suggestion submitted by the ministers, and names 200 as the number of troops by which each power shall be represented in the garrisons at Tien Tsin and Shan Hai Kwan.

China is in Disorder.

London, May 1.—Dr. Morrison, writing to the Times from Peking, April 29, protests that Count Von Waldersee's policy of punitive expeditions has thrown the greater part of the province of Chi Li into anarchy and disorder. Peking is more unsafe for foreigners than at any previous time since the occupation began.

District Court Grinding.

Yesterday afternoon in the district court Nabora Gurile de Garcia was granted a divorce from her husband, Lorenzo Garcia. In the bill of complaint abandonment and non-support were the allegations set forth.

A considerable amount of time was consumed this morning in securing a jury to hear the testimony in the case of the territory vs. George Martinez, a young Mexican who was indicted for having committed an assault upon the person of Alfredo Chavez, in Old Albuquerque one night last October. It was shown this morning that when a bail was being given on that particular night Alfredo Chavez was standing a few feet from the door on the wall when Martinez came out of the hall with an open knife in his hand and started in to assault him. While attempting to defend himself, Chavez was seriously stabbed in the left side, below the heart, and a result he was laid up for repairs for more than a week. The trial will probably occupy the remainder of the day.

This was the day set for the trial of Claude Doane, but the attention of the court was occupied with other business, and consequently the trial will take place to-morrow.

A BIG COMPANY.

Such is the Mutual Life Insurance Company—Read Advertisement.

The Citizen today presents to its readers an advertisement of the Mutual Life Insurance company of New York, which appears on the first page. It is a most interesting advertisement to read and ponder over, for it presents some figures that undoubtedly makes the company financially as strong as many of the governments of the world.

The funds of the Mutual Life show over \$25,000,000, while four of the greatest banking institutions of the world show only a combined capital of \$174,822,855. In a recent report, up to December 31, 1900, this wonderful insurance company has paid to its policy holders \$2,000,000, and in a single year, 1900, the Mutual Life paid for death claims, matured endowments, dividends, etc., the stupendous amount of \$26,363,803.83. To go into long details about this great life insurance company would take too much space in the Citizen; hence to make a long story short a special invitation is extended to the readers of The Citizen to give the advertisement a careful perusal.

EXCURSION TO DEMING.

Promise of a Big Crowd from All Over the Territory.

Up to the hour of going to press of this paper, no word had been received from the Santa Fe officials in regard to a train for Sunday evening from Raton to Deming. The committee expect definite information in regard to train and rates this evening.

Romeo sent up this morning a liberal donation to the committee, and will send more later.

The city of Santa Fe is not moving in the matter with the enthusiasm that was expected. However, it is safe to say that the territorial capital can be depended upon to do its share in the celebration.

Las Vegas has a committee soliciting the necessary funds for its share in the presidential reception. It is expected that the celebration at Las Vegas band will be secured for the occasion.

The local committee is out this afternoon and expects to secure several hundred dollars to help defray the expenses of the presidential reception. Deming will do everything in the power of its citizens to make the celebration a credit to the town and territory, the democrats of that entering place leading in the matter of giving the president a big reception.

New Mexico demands Statehood
from the Fifty-Seventh Congress.

ALBUQUERQUE, APRIL 30 1901

The job of work is seeking the man
in New Mexico.

Be sure you are right and then be
certain you are sure.

We demand our inherent and our
treaty right—statehood.

The capital of the United States will
be at Deming next Monday.

This city will go in force to see
President McKinley at Deming.

Three years ago today Admiral
Dewey won the great naval battle in
Manila bay.

Give us statehood or give us death.
Patrick Henry would say that if he
was here today.

New Mexico has citizens 53 years
old, born here under the American
flag, who never lived in a state.

The national debts of the world at
the close of the nineteenth century
aggregate \$31,000,000,000, largely due
to wars.

Once more the New York stock
exchange broke all records yesterday
in volume of dealings and size of in-
dividual sales.

The state of Iowa has a surplus in
her treasury of \$1,250,000, but as the
officers are all republicans there is no
occasion for alarm.

H. O. Burruss has proven his ability
in many positions of trust, but his able
management of the territorial peniten-
tiary is his best work.

Let charity begin at home, and con-
gress do at least as much justice to
New Mexico as to the islands of the
sea. Give us statehood.

Las Vegas will send a big delega-
tion to the Deming celebration next
Monday. A large fund is being sub-
scribed to pay the expenses.

There is no one in New Mexico
worth one million dollars, and accord-
ing to the tax returns there are
worth one hundred thousand dollars.

The fact that government 2 per cent
bonds are quoted at 106 1/2, serves to
convey some idea of the profit derived
by national banks from the right to
issue currency.

If we could reach the Chinese stand-
ards of economy, industry and temper-
ance the United States could support
on its 3,600,000,000 acres a population
of 3,600,000,000.

Colorado has appropriated \$50,000
for an exhibit at the St. Louis world's
fair, and will open an office in Den-
ver at once to facilitate the work of
preparing the state display.

New Mexico has never cost the
government of the United States a cent.
She has done the work, fought the
battles and paid the freight. She now
demands her national rights.

New Mexico became a territory be-
fore the word "carpet-bagger" was
coined. She says it grew into use, and
saw it go out of use except as to her-
self in her half century of territorial-
ism.

The monthly statement of the col-
lections of internal revenue shows that
the total receipts for March, 1901,
were \$24,020,745, a decrease of \$256,
923, compared with March, 1900, of \$24,
277,668.

The Gallup Republican says that it
has sold 500 blank notices for oil
claims within a few weeks. If they
have all been used a pretty large scope
of McKinley county must have been
located.

The territory of New Mexico is as
old as President McKinley. He ought
to help make it a state. This would
be a great motto to paint on the depot
at Deming as the presidential train
pulls in next Monday.

The unprecedented rapid strides of
the United States within the past five
years is unquestionably due to the
sound financial policy of the present
administration, coupled with the mar-
velous prosperity of the country, made
possible by the wholesome national
laws.

The city directory now being printed
in this office will be the largest and
most complete directory ever com-
piled of the city. It will be profusely
illustrated and neatly printed. This
directory will have a wide circulation
and will be beneficial to the city in
many ways.

In consequence of emigration there
is a greater preponderance of women
in Norway than in almost any other
country in Europe. The census of
1891 showed that there was an ex-
cess of women over men of almost
70,000, while in 1876 this excess
only amounted to 43,000.

It is suggested that a good illustra-
tion of the fact that New Mexico has
outgrown her childhood, and is big
enough to be a state, would be for the
young Scott of Carlsbad or young Tiet-
jen of Bluewater, to dress up as a
14-year-old girl in short skirt and som-
brero, and present a bouquet to Pres-
ident McKinley next Monday as he
passes Deming. Better still, if the
tallest pretty young woman could be
induced so to attire herself and pre-
sent a bouquet to Mrs. McKinley.

MILLIONS OF MONEY.

The report of the director of the
mint for the fiscal year ending June
30, 1900, gives a remarkably clear po-
sition of the advance made by this
country as a money center during the
past twenty-seven years, and shows
that the time is not far distant, at
the present rate of increase, when

the financial system of the world will
be dominated by this country.

At the close of the year 1873 the
per capita of gold and silver coin in
circulation in the United States was
\$3.28. In 1878 specie payments hav-
ing been resumed, the per capita of
gold and silver was \$6.32, an ad-
vance that was regarded at the time
as something wonderful. In 1900 the
per capita of coin of the country was
\$21.87, greater than the total circula-
tion, including paper, in 1873, which
was \$21.36. The total circulation in
this country in 1900 was \$2,251, of
which only \$141 was in paper.

NEW EXPRESS COMPANY.

A Denver dispatch reports that a
new express company is about to enter
the Pacific coast field, when has hith-
erto been monopolized by Wells, Fargo
& Co. This may be accepted as
evidence of the commercial expan-
sion of the western states and terri-
tories and of the bright prospects
which the future unquestionably car-
ries for this section of the country.
The advent of the new express com-
pany in the field is, however, more di-
rectly the outgrowth of the comple-
tion of the Santa Fe railroad as a
through continental line, although its
relations have been formed with the
Southern Pacific company under which
it is represented to be a favorable con-
tract.

GOOD SUGGESTION.

The Las Vegas Optician says: "So
much has been said in the east de-
regarding the native-born citizens of
New Mexico, that they should embrace
the opportunity of the president's visit
to place themselves right. There is a
very large body of well educated, in-
telligent native people in New Mexico
today, who should at least be consid-
ered as citizens of the country, and
call in to body on President McKin-
ley at Deming as representatives of
the native people. The Optician
feels that the president's visit to New
Mexico is a golden opportunity for the
American citizens on the president's
tour."

DESERVES STATEHOOD.

Senator Foraker in his immortal
resolution on Cuba in the United
States senate said: "The people of
Cuba are of and right ought to be
free and independent." The New Mex-
ican says: "How dear to the heart
of every full-blooded American citizen
are these immortal words, copied from
the immortal documents but how near
and yet they are to the inhabi-
tants of a territory. God speed the
day when our own Sunshine state
shall be free and independent, and
of right ought to be free and inde-
pendent."

New Telephone Line.

Mariano Arriaga is around collecting
subscriptions for the new telephone
line which will be constructed between
this city and the town of Sandoval,
formerly known as Los Corrales. He
states that the promoters of the en-
terprise, the principal one being J. M.
Sandoval, have already let the con-
tract for cable poles, and it is hoped
that the telephone line will be op-
erative by June 1. All subscriptions are
to be taken out in service. The Mut-

Interesting Information Regarding
Railroad Officials and Employees.

NEWS IN ABBREVIATED FORM.

J. F. Burns, tax and assessment
agent of the Santa Fe Pacific, was at
Gallup the other day.

Work on the shops additions is pro-
gressing nicely, a big supply of build-
ing material arriving yesterday.

The local shops and roundhouse are
rushed on work overhauling and re-
pairing passenger and freight engines.

Miss Della Brown arrived from To-
peka to take a position as stenographer
in the office of Trainmaster C. H.
Brinley, at Las Vegas.

R. P. C. Sanderson, acting general
superintendent of machinery of the
Santa Fe, was a passenger to the
city on No. 8 last night.

Monday morning, Mrs. H. U. Mudge,
wife of the general manager of the
Santa Fe, after a visit to El Paso,
passed up the road in special car 216
for Topeka.

W. E. Hodges, the general pur-
chasing agent of the Santa Fe, was
here on business connected with his
department yesterday. He continued
his Chicago last night.

The general solicitor of the Santa
Fe road, E. D. Kenna, who was out
in Arizona and California on legal
matters, passed through the city for
Chicago the other morning.

E. H. Bartlett and wife have returned
to the city from San Bernardino, Cal.,
and Mr. Bartlett has gone to work as
stenographer in the office of Manager
Mechanic Turnbull. They are wel-
comed to this city.

A fare of one and one-fifth has been
authorized by the Santa Fe railway
for the Christmas Eve-Box convention
in this city, May 2 and 3, on the cer-
tificate plan, providing there are fifty
or more in attendance.

Car Repairer Hilario Romero, of the
Las Vegas shops, was united in mar-
riage Monday morning at 9 o'clock to
Miss Lucinda Silva. The services
were held in the Catholic Church, San-
criste church and were conducted by
Father Pouget.

George Still, who since the early
80's has been an engineer on the San-
ta Fe road running out of Las Vegas,
died Saturday of cancer of the stom-
ach. He has been sick for the last
year and a great sufferer. He leaves
a wife and four children.

William Welch, an employee at the
Santa Fe roundhouse in Argentine,
Kansas, was run over by a switch
engine in the Santa Fe yards Sunday
morning and instantly killed. Welch
met death in a frightful manner, his
body being cut almost in two by the
switch engine.

One Gabriel, who is well and fa-
miliarly known to Albuquerque people,
has received the appointment of road-
master for the Santa Fe Pacific for
the division between Gallup and Win-
nipeg, and, with his family, has re-
moved from Isleta to Winslow. Mr.
Gabriel is a first class railroad.

GOES TO THE FRISCO ROAD.

C. D. Purdon, assistant chief en-
gineer of the Santa Fe and for nearly
eleven years connected with the
company, has resigned his position
to become chief engineer of the St.
Louis & San Francisco railroad with
headquarters at St. Louis. He came
to the Santa Fe in 1890 as bridge en-
gineer, holding that position for three
years. In 1893 he became resident
engineer of the Chicago division, and
in 1895 principal assistant engineer.
On January 1, 1901, he was made as-
sistant chief engineer and has held
that position until the present time.

Mr. Purdon was born in 1859 at Bel-
fast, Ireland. He entered railway ser-
vice in 1879 as an assistant and as-
sistant engineer of the Chicago and
Northwestern. He was engaged in other
branches of civil engineering from
1872 to 1880 when he became chief en-
gineer of the St. Louis & San Fran-
cisco. He was chief engineer of the
St. Louis & San Francisco and Texas &
Pacific in 1885. He was resident en-
gineer of the Little Rock Junction
roadway and chief engineer of the Lit-
tle Rock & Fort Smith and Mississippi
River & Texas roads. He was en-
gineer of the Van Huren bridge of the
Chicago & North Western, and division
engineer of the Louisville & Nash-
ville from 1888 to 1890.

The change is effective May 1.

WILL BUILD TO SANTA FE.

Gould will extend the Texas & Pa-
cific from El Paso to Santa Fe to con-
nect with the Denver & Rio Grande.
The work of constructing the line, it
was said yesterday by a man familiar
with the situation, will begin before
June 1, says the Denver Republic.

It was stated in the Republican sev-
eral weeks ago that the Gould inter-
ests would build from El Paso to
Santa Fe. A week ago, Russell, in an
interview in New York, corroborated
the statement. It has not been
known, however, until now what the
corporate would be the route of the
line. It was believed by many that
the Santa Fe-El Paso line would be
an extension of the Denver & Rio
Grande from Santa Fe to El Paso.
But such is not the case. It will be
an extension of the Texas & Pacific
from El Paso to Santa Fe.

There is another report current in
railroad circles which has some be-
lievers, but not many. It is that the
Harriman-Gould combination will ac-
quire control of the Santa Fe system.
It is claimed that the heavy purchas-
er of Santa Fe stock was not the Penn-
sylvania, as reported, but the Har-
man-Gould interest, and that the out-
