## A BIG COMBINE!

**Acquisition of Valuable  
Montana Mines.**

**Amalgamated Company Will  
Control Situation.**

**Millionaire Clark and Sons Said to  
Be in It.**

### FULL MARKET QUOTATIONS.

New York, April 16.—The Tribune says: It can be announced on the best authority that preliminary arrangements have been made for the acquisition of the stock of the Boston and Montana Copper and Silver Company and the Butte and Boston Mining Company by the Amalgamated Copper Company. There is a general belief that the Amalgamated company aims to take in, eventually, rich mines in northern Michigan and Arizona, as well as those of Montana. This would give the company practically the control of the copper situation in this country with the exception of the Heineke holdings in Butte. Senator W. A. Clark and sons are believed to be in the new deal.

### CONSOLIDATION A CERTAINTY.

Boston, April 16.—Kiddier, Peabody & Co. announce that they have been requested to arrange the consolidation of the Boston and Montana Copper and Silver Mining company and the Butte and Boston Mining Company with the Amalgamated Copper Company upon some equitable basis. They will require before undertaking to arrange the terms a deposit of \$100,000 shares of Butte and Boston, and \$100,000 shares of Boston and Montana. The directors of both companies recommend a deposit of their holdings upon the following terms: Deposit of stock must be made on or before April 25. In case the arrangement is not completed within seven days after the date stock is deposited it will be returned. Depositors will have ten days after the announcement to accept either of the following propositions: To receive such number of shares from the Amalgamated company as may be called for under the terms of agreement, or receive \$75 per share cash for Boston and Montana, and \$25.00 per share for Butte and Boston, or to withdraw stock deposited without expense. In case any underwriting is necessary, Kiddier, Peabody & Co. agree to all holders who elect, to exchange for Amalgamated stock may share in pro rata.

**Miners at Carthage Strike.**  
Word reached this city yesterday afternoon that thirty-two miners, working in the coal mines at Carthage, Socorro county, had struck, and a message today from a nearby place states that they are still out. It is understood that the miners have a grievance as to wages, but the particulars have not yet reached this city.

**Nebraska Cyclone.**  
Omaha, April 16.—A cyclone last night destroyed several buildings in Orleans, Harlan county. No one was hurt.

**Topeka Majority Contest.**  
Topeka, Kan., April 16.—Judge Hazen today decided the preliminary motion in the Parker-Hughes contest for mayor in favor of Parker, democrat, by overruling a motion to quash the writ of mandamus. The case will now be heard on merits.

**Switchmen Out on a Strike.**  
Scranton, Pa., April 16.—Two hundred switchmen in the Lackawanna yards struck this afternoon against the discharge of two men. There is a complete tie-up of freight and coal traffic.

**Silence on Kidnapping Case.**  
Dallas, Tex., April 16.—H. H. Henderson today refused to answer any questions in the deposition sent from Omaha in regard to the Cuddey kidnapping case.

**District Court.**  
The district court convened today and the trial of Li Goo came up. A motion in the case was denied and the work of taking testimony began. Dr. Carna, who was summoned to render medical and surgical attention to the injured man, was first placed on the stand and described the character of the injuries which had been inflicted on the Chinaman during the melee. The defendant was next called to render testimony, after which a half dozen of his comrades answered the questions put to them by the attorney.

**That Saw.**  
Of all the saws to saw that ever I saw saw wood any length, this saw beats all the saws to saw pine, pine and cedar that ever I saw. Saw any kind of wood any old way you want it at the Clarkville Coal yard.

### A DAY OF GRAND SURPRISES.

New York, April 16.—The Times says: A broker connected with the Stow interests in the Mexican Central Railway company announced that those stockholders held about 250,000 shares out of a total of 480,000, and that the company would effect a change of management of that road at the annual meeting May 1 and remove the head offices from Boston to this city.

In reply to a question as to the future of the road and whether it would be operated in conjunction with any other system the broker said that had not been determined, and added: "There is another road going into El Paso as well as the Rock Island. People don't realize it, but this is a day of surprises."

**Colonel Chaves Encounters a Hurri-**cane on Trip to Valencia County.

Colonel J. Francisco Chaves, superintendent of public instruction of the territory, who went to Valencia county last week for the purpose of inspecting the schools there, writes as follows from Progress:

"We arrived here yesterday in good condition, but what a trip we have had. A hurricane was in our teeth from the time that we struck the Arroyo Hondo until we arrived here. It is winter and not spring. The ranch house at Arroyo Hondo, owned by A. M. Bergere, has been unroofed, the tin roof being rolled up like a scroll. H. C. Burnett's windmill, eight miles north of Arroyo Hondo, was blown down and considerably damaged. It was but recently erected and will have to be sent to Chicago for repairs, as several castings were broken. The extent of other damage wrought by the storm I am not in position to describe. I will go to Pinos Wella on Sunday and will have a meeting with the school directors there for the betterment of educational interests. I will visit two other precincts next week for the same purpose. I will either straighten out the links or break them."

**Drummers' Samples.**  
One hundred and fifty pairs of drummers' samples men's gloves, no two pair alike, now on our bargain counter. No matter what your wants may be in the glove line we can supply you. New Mexico demands Statehood  
from the Fifty-Seventh Congress.

ALBUQUERQUE—APRIL 16, 1901

Several miles of new sidewalks are  
being laid in this city.

Resolve to help make the territorial  
fair a big credit to this city.

At the end of six feet will be what the  
man gets who wants the earth.

New Mexico will treble her popula-  
tion in five years under a state govern-  
ment.

This city has determined to hold  
the best fair next fall ever held in the  
southwest.

The man who is against statehood is  
a mousebrain, and he can't advance a  
tenable argument.

Get ready to properly observe Ar-  
bor day, next Friday. Plant trees  
about your homes and help beautify  
the city.

The people of any community should  
dwell together in harmony if they ex-  
pect to advance their own as well as  
the city's interests.

The federal judges in this territory  
are all right, and they should be re-  
appointed to their respective positions  
for another four years.

The new shops which the Santa Fe  
company will build in Topeka will cost  
one million dollars. The city voted  
\$75,000 to buy the necessary land.

New Mexico and Arizona should join  
forces and erect a building at the St.  
Louis exposition next year, for the ex-  
hibition of the exhibits of the two  
territories.

Buffalo expects to have the Pan-  
American exposition open promptly on  
May 1, but the imposing decorative  
exercises will not be held until a fort  
night later.

San Juan county, this territory is to  
have a big irrigation system. The sur-  
vey for the work is now in progress.  
A colony of 600 people is to be located  
along the ditch.

The New Mexican says that there  
are fewer prisoners in jail in San  
ta Fe county, and there is a smaller  
number of criminal cases on the court  
dockets of that county than ever be-  
fore in its history.

The town of Concord, Neb., is to be  
run under the direct advice of Mrs.  
Nation for one year. Whatever Mrs. Car-  
ter says will go. Smoking on the streets  
may be prohibited, and theater per-  
formances will be taboos.

It is said that between 250,000 and  
300,000 pounds of garlic are used ev-  
ery year by residents of the United  
States. Once in a while the garlic  
counters a breath in public which  
tends to the belief that the estimate  
given is far too low.

A territorial form of government is  
"taxation without representation,"  
and that ought to be a sufficient ar-  
gument against it. To a New England  
man, said Delegate Kelley to a con-  
gressman from Massachusetts, when  
asked why we wanted to change it.

The confidence of Americans in  
their institutions has steadily in-  
creased for the century. The republic  
is no longer an experiment. It has sur-  
vived the greatest civil war in his-  
tory and has 5,000,000 of the strain of an  
unparalleled growth in area and popu-  
lation.

Dr. D. K. Pearsons, of Chicago, al-  
though not so wealthy as Andrew Car-  
negie, has been equally as generous  
in proportion to his income. He is  
now 82 years old and has already  
seen numerous educational institu-  
tions thriving under the material in-  
spiration he has given them.

Creede and Cripple Creek, the two  
greatest mining camps in the world  
are just north of the New Mexico line  
in Colorado. The same mountains  
that produce the ores that bring about  
those monster camps extend on down  
into New Mexico—lower California,  
the territory have such camps? It is  
because capital has no faith in a ter-  
ritory. Moral work for statehood.

With the permission of Mexico, the  
United States has established a coal-  
ing station at California bay, at the  
extreme end of Lower California, 5,  
000 tons being now on the way there.  
The work has been in progress for  
some time, about \$5,000 being ex-  
pended in coal warehouses, docks  
ships and in the most modern facili-  
ties for loading coal upon ships of war.

All the great trunk lines of the west  
are straightening their tracks, short-  
ening distances and reaching out for  
a more complete occupation of tribu-  
tary territory. Enormous additions  
are being made to supplies of rolling  
stock, of engines, cars of freight and  
passengers. Pullman cars, equipped  
specially constructed to tempt traffic  
and to handle it with economy and ex-  
peditious.

The Chicago News relates a fact not  
generally known that on account of  
the opposition of his children to his  
second marriage, Judge Ogden, who  
was known to have some justice in  
it—ex-President Harrison distributed  
all his fortune among his children,  
retaining only his house and lot in  
Indianapolis. He then started out to  
make a second fortune and made one  
larger than his first which he has now  
left solely to his second wife and child.  
The will, just made public, shows that  
he left an estate valued at about \$300,  
000.

INDIAN POPULATION.  
The assertion that the number of  
Indian children attending school has  
doubled since 1887 and that the num-  
ber of Indian children in and out of  
school is steadily increasing hardly  
squares with the theory of the gradual

## THE OLD AND NEW

Two Councils Met Last  
Night.  
Old Retired With Credit to  
Themselves and City.

The New Entered Upon the Duties  
Just Like Veterans.

ACCURATE ACCOUNT OF PROCEEDINGS.

The city council met last night and  
the affairs of the old board came to a  
close in a very pretty speech of  
"thanks" from the mayor.

Mayor Marron presided, and the fol-  
lowing members, with City Clerk Mc-  
Gill and City Treasurer Chamberlin,  
were present: Aldermen Wright,  
Beaver, Hopping, Leonard, Rogers  
and McMillen.

The minutes of the previous meet-  
ing were read and approved.

The finance committee, on approv-  
ing the following bills, the clerk was  
ordered to draw warrants for the  
amounts:

The Economist \$ 2.00  
The Post & Co. 2.40  
Jaffa Grocery Co. 5.55  
Borradale & Co. 13.90  
City of Albuquerque, rent of  
hall 135.00  
L. C. Wardwell 1.00

The city clerk's annual report was  
read and approved.

A number of petitions and commu-  
nications were read and referred to  
proper committees.

ANNUAL REPORTS.  
City Marshal McMillen submitted his  
annual report, ending April 15. It  
shows number of arrests made to be  
\$12,200; amount of fines collected, \$5,  
000; number of meals served, 2,800;  
cost of meals served, \$3,672; amount  
of salary to regular officers, \$17,000;  
amount of special policemen during  
fire, etc., etc. Total expense, \$14,124.  
The report was read and approved.

The report of the city treasurer  
showed total receipts for the year to  
be \$1,000,000; total disbursements,  
\$7,800,000, leaving a balance April 15  
of \$7,800,000. Referred to the finance  
committee.

The report of the city engineer  
showed receipts for the year to be  
\$1,000,000; total disbursements,  
\$7,800,000, leaving a balance April 15  
of \$7,800,000. Referred to the finance  
committee.

The finance committee took up the  
reports at once, and after giving the  
reports an examination, reported them  
to the council.

City Physician Pearce and City En-  
gineer Ross made interesting reports,  
which were on the order of the day.

Dr. Pearce gave the number of  
deaths and births, and causes of sick-  
ness. He stated that very few cases  
of contagious diseases had existed the  
past year, and he considered the city  
in a healthy condition. Mr. Ross  
stated that two miles or more of side-  
walks had been constructed during the  
year, and buildings erected amounted  
to considerably over \$200,000.

Fire Chief Kupper announced that  
he was not ready to make the annual  
report and was given until the next regu-  
lar meeting of the new council to re-  
port.

APPROPRIATIONS ORDINANCE.  
Alderman McKee presented the ap-  
propriations ordinance, which, under  
suspension of the rules, was passed.  
It is as follows:

Be it ordained by the city council  
of the city of Albuquerque:

Section 1. That there be and here-  
by is levied for the fiscal year ending  
the first Monday of April, 1902, upon  
each and every dollar of the assessed  
valuation of all property, real, person-  
al and mixed, subject to taxation for  
territorial and county purposes, under  
the laws of the territory of New Mex-  
ico, situated within the corporate limits  
of said city of Albuquerque, the fol-  
lowing taxes for the following pur-  
poses, to-wit:

For general city purposes, 9 mills.  
For the maintenance and improvement  
of public parks within the city limits,  
5.00 mills.

For the maintenance and conduct of  
the free public library conducted by  
the city of Albuquerque, 0.50 mills.

For interest on sewer bonds, 1.35  
cents.

For interest on refunding bonds, 4.5  
cents.

For interest on refunding bonds, 5.5  
cents.

For interest on viaduct bonds, 5.5  
cents.

Total, 3.04 cents.

For the maintenance and conduct of  
an electric street railway to Ed-  
win S. Gleason and Fletcher H. Mitch-  
ell, the latter proprietor of the Hotel  
Highland, but was read, and the or-  
dinance was passed.

The city clerk announced that the  
ordinance was accompanied by a check for \$10, for pub-  
lication of same, provided the council  
passed it.

There being no further business be-  
fore the old board, Mayor Marron, in  
a few remarks, thanked the retiring  
members for the good work they had  
executed for the city during the past  
year, after which a motion to adjourn  
was made and carried.

NEW CITY COUNCIL.  
Probate Clerk J. A. Summers was  
present, and after swearing in O. N.  
Marron as mayor and C. W. Medler  
as clerk, submitted the oath of office  
to the following aldermen:

First Ward—T. J. Wright and A.  
B. McMillen; Second Ward—John S.  
Beaver and Ed. B. Harsch; Third  
Ward—H. E. Rogers and W. F. Pow-  
ers; Fourth Ward—Frank McKee and  
Dr. W. Harrison.

After the new members had taken  
their seats, the mayor stated that he  
sincerely trusted the same motive  
that actuated the old council to do  
the best they knew how for the good  
of the city of Albuquerque as the new  
council would be followed by the city  
clerk.

Applications were called for, and  
that of Philip Tracy to feed the  
prisoners of war or 12 cents a meal  
to keep the jail and city building in  
good order was read. The application  
of Tracy, upon the recommendation  
of the mayor, was accepted, and the  
city attorney authorized to draw up  
contract in accordance therewith.

R. L. Hogue made application for  
the position of city surveyor. No ac-  
tion was taken.

THE LUCKY ONES.  
Under unfinished business, the may-  
or made the following nominations:  
Thos. McKee to be city marshal.  
Accepted unanimously and without  
ballot.

Miguel Martinez, Abe Harris and  
Chas. Matz to be policemen. They  
received all votes cast, and their nom-  
inations were confirmed.

Martin S. Tierney to be street com-  
missioner and sewer inspector. Dr.  
John S. Pearce to be city physician.  
P. E. Robinson, to be electrical in-  
spector. For chief of the fire depart-  
ment I nominate B. Ruppe.

There was no "prepare your bal-  
lots" for Alderman Harrison leisurely  
replied from his seat said: "I move  
to make that nomination unanimous,"  
whereupon the motion was seconded  
and carried.

Alderman McKee was elected pres-  
ident of the council, and upon motion  
of Alderman Harsch, seconded by Al-  
derman Harsch, Pitt Ross was elected  
city surveyor and engineer. Alderman  
Wright being the only one to record  
"no" against Mr. Ross.

Mr. L. Hill was unanimously elected  
sewer inspector.

STANDING COMMITTEES.  
In lieu of the nomination for city  
attorney, the mayor offered to the  
council a list of the standing com-  
mittees as follows:

Finance—Frank McKee, A. B. Mc-  
Millen, H. E. Rogers.  
Street—S. B. Beaver, T. J. Wright,  
Ed. Harsch.

Police—H. E. Rogers, F. McKee, T.  
J. Wright.  
Fire—A. B. McMillen, J. S. Beaver,  
Ed. Harsch.

Water—Ed. Harsch, F. McKee, J.  
S. Beaver.  
Sewer—Dr. G. W. Harrison, Ed.  
Harsch, W. F. Powers.

Building, Light and Fuel—W. F.  
Powers, Dr. G. W. Harrison, H. E.  
Rogers, T. J. Wright, Dr. G. W.  
Harrison, W. F. Powers.

The city clerk was instructed to ad-  
vertise for bids for the city printing  
and also for three city teams, the  
horses to weigh 1,200 pounds, to be  
opened at an adjourned regular meet-  
ing of the council next Monday night,  
April 22.

PICTURES WANTED.  
Immediately after the motion to ad-  
journ was made, Mayor Marron  
announced to the council and officers  
of the city that Hughes & McGreight,  
proprietors and editors of The Citizen,  
would issue a new city directory,  
and would like to adorn one of the  
pages with a group picture of the  
council and officers. It was requested  
that the council and officers assemble  
at the Cobb gallery on Gold  
avenue on tomorrow (Wednesday)  
afternoon at 2 o'clock for the purpose  
of posing for the picture. The request  
was accepted, and Mr. Cobb will be  
ready for the gentlemen at the hour  
mentioned.

I, Frank A. Hubbell, school superin-  
tendent of Bernalillo county, New  
Mexico, in compliance with the law,  
For maintenance and improvement  
of New Mexico, and by virtue of the  
authority in me vested, do hereby  
designate and proclaim Friday, the  
19th day of April, 1901, as Arbor day,  
to be observed by all public schools  
of the county as such, by the planting  
and setting out of trees and shrubbery  
designated, and to see that the school  
districts of the county are hereby  
advised to see that said day  
is properly observed as above  
designated, and that the school  
children under their charge take an  
interest in tree planting in order that  
not only they may derive the benefit  
and pleasure which such observance  
will give, but that those who come  
after them may share in the same.

ADJUTANT GENERAL'S ORDER.

PRESIDENT MCKINLEY DECLINES.  
At the office of the territorial secre-  
tary, a letter was received from Presi-  
dent McKinley, through his secretary,  
Corydon, stating that the arrange-  
ments for President McKinley's trip  
have been completed and the itinerary  
and engagements are such that it will  
be impossible for the president to visit  
Albuquerque, and that therefore he  
must decline respectfully, and with  
thanks, the invitation of the Thirty-  
fourth legislative assembly, Governor  
Otero and others to visit Albuquerque.

TERRITORIAL FUNDS.

General orders No. 8 were issued  
today by Governor Otero through Ad-  
jutant General Whitman as follows:

1. The body of Hon. George H. Wal-  
lace, deceased, late secretary of the  
territory of New Mexico, will lie in  
state in the rotunda of the capitol,  
Wednesday, April 17, from 10 o'clock  
a. m. to 1 o'clock p. m.

2. Troop E, First squadron of cav-  
alry, the First cavalry band, company  
F of the First regiment of infantry,  
and the Gatling gun squad will report  
to Major Fred. Muller promptly at  
9:30 a. m., Wednesday, April 17, 1901,  
and under command of Major Muller  
will participate in the funeral of the  
late secretary of the territory, in the  
capitol, leaving the house promptly at  
10 a. m., and will return the body to  
the house promptly at 1 o'clock, in the  
afternoon.

3. Major Muller will direct a detail  
of six men from his command to act  
as pall bearers in the execution of  
this order; he will also detain a suf-  
ficient number of men under the com-  
mand of a non-commissioned officer  
to act as a guard of honor around the  
body during the time it lies in the  
capitol.

4. At the funeral ceremonies which  
will be held at 3 o'clock p. m., April 17,  
the national guard will not participate.  
By order of Miguel A. Otero, Gov-  
ernor and Commander in Chief.

## Feeling Poorly?

That's often the case this  
time of year. Hardly sick  
enough to have a doctor, yet  
miserable all the time.

Of course, if you are right  
hard sick, you should call  
your physician at once. Even  
now that you are only half  
sick, why not ask him about  
your taking Ayer's Sarsa-  
parilla this spring?

He knows it's the strong-  
est, safest, purest, and best  
Sarsaparilla you can buy,  
and he will probably tell you  
that for general debility and  
nerve exhaustion it is the  
best thing you can take.

and few fatal cases have developed.  
Warm weather will soon cause the  
epidemic to disappear.

Do not leave home on a journey with-

Cholera and Diarrhoea Remedy. It is  
almost certain to be needed and can-  
not be procured while on board of  
cars or steamship. It is pleasant, safe  
and reliable. For sale by all drug-
