SUPPRESS PAPER!

Havana Sheet Insulting
to President.

Venezuela May Not Accept
American Demands.

Patrick Will Be Held for Trial in
New York.

MORE ABOUT CAPTAIN CARTER.

Havana, April 6.—The Discussion has been suppressed by order of Governor General Wood and its offices have been closed and sealed. This action was due to the publication in the Discussion yesterday of an illustration having the title, "The Cuban Cavalry," representing Cuba, personified in a Cuban soldier, being carried between two thieves, General Wood being represented as one thief and President McKinley as the other, being labelled with their names. Senator Platt was represented as a Roman soldier giving vinegar and a stick in the form of the Platt amendment, with public opinion, as Mary Magdalen, weeping at the cross. Below was the following inscription: "Will destroy the reserve for us a glorious resurrection." The picture caused much unfavorable comment yesterday from the standpoint of decency. The editor of the paper, Senor Coronado, was arrested, but was released on bail. It is probable that no other action will be taken against the Discussion than suppressing its publication for several days. Senor Capote, president of the Cuban constitutional convention, visited General Wood and assured him the convention regretted the publication of the caricature. On his solicitation, General Wood allowed the Discussion to continue publication, but the judges of the constitutional court will prefer charges against Senor Coronado.

VENEZUELA MAY FIGHT.

Threaten to Reject the Demands of the United States.

Cincinnati, April 6.—A special to the Enquirer from San Juan de Porto Rico says: Minister Lomis has not arrived, though cable dispatches state that he left La Guayra for San Juan on the auxiliary cruiser Scorpion, due yesterday morning. There has been some delay in the departure from La Guayra.

AVILA BLANCO, the Venezuelan consul here, says that President Castro is unlikely to yield to the demands of the United States. Blanco expects that a naval demonstration will follow. He hints at possible complications of an international character.

PATRICK MAY BE HELD.

New York Lawyer Accused of the Crime of Murder.

New York, April 6.—The Times says: Assistant District Attorney Osborne is satisfied that the confession of the witness stand that he murdered the old millionaire, Rice, under the direction of Albert T. Patrick, already has been sufficiently corroborated to warrant Justice Jerome in holding the accused man to await the action of the grand jury.

Osborne contends in short that Meyers, Dr. Curry, Potts and Mrs. Francis corroborated the valet's story in such important details as will assure the court of Patrick's connection with the crime.

"Patrick was the principal beneficiary under the will of 1900," said Osborne. "If Jones killed Rice, as he says he did, he had some definite purpose. That purpose was to get the old man's money."

FIND STOLEN PROPERTY.

Officers Discover Where Captain Carter Invested His Stolen Funds.

New York, April 6.—A special to the Tribune from Washington says: Important developments are likely to occur within a few days in the case of Oberlin M. Carter, who is charged with a sentence of five years imprisonment at the government penitentiary at Leavenworth, Kansas, charged with gigantic swindling operations against the government.

It has been learned that Carter in-

CORN HIGHER!

Highest Price This Season
in Chicago.

Another Bunch of Filipino In-
surgents Surrender.

Wreck of the Merrimac Blown Up
With Dynamite.

GENERAL CLAY HOLDS THE FORT.

Chicago, April 6.—Corn or delivery in May at the opening of the market today sold at 44 1/2c, 1 1/2c higher than Thursday's close and the highest price this season for that option. The pit was the scene of a wild commotion. George H. Phillips, while buying little for customers, saw his grip on the market tighten without any effort of his own. The closing price was 44 1/2c.

Filipino Surrender.

Washington, April 6.—The war department this morning received the following cablegram from General McArthur, dated Manila, April 6: "Nineteen officers, 173 men, 133 rifles and nine revolvers, Pao Teon's command, surrendered at San Fernando yesterday and took the oath."

End of the Merrimac.

New York, April 6.—A special from Santiago de Cuba says that the wreck of the Merrimac, which was sunk at the entrance of the harbor by Lieutenant Hobson and a band of volunteers during the blockade, will be blown up with dynamite today.

CLAY VICTORIOUS.

The Kentucky Veteran Successfully Defies the Officers.

Richmond, Ky., April 6.—Hostilities at Whitehall between Gen. Cassius M. Clay, who resisted the officers yesterday, have ceased. Parties who caused the writ of possession to be issued against the general have withdrawn the suit. Deputy Sheriff Collier, who had a narrow escape during the fight, believes that some of the shots he fired struck General Clay. It is considered dangerous for anyone to make inquiries.

AFTERMATH OF STORMS.

They Were Quite Severe, but a Healthy Summer Will Follow.

Evidence of the severity of the snow storm last Sunday and the wind storm on Thursday are accumulating, and there is no denying the fact that a denial works a great injustice to New Mexico—that the two storms cost the stockmen, farmers and fruit raisers a loss of New Mexico considerable money.

Prof. J. R. Ribera, who is the public school teacher at Pajarito, is here today and he states emphatically that the two storms were the worst he ever experienced in central New Mexico, and it is his opinion that, beyond apples, the fruit crop of the Pajarito belt was entirely killed.

Several railroads today, in talking about the storms on the central divide, said they never saw such storms before in the opening of spring in New Mexico, and that in consequence all trains were, and have been since, then, delayed from two to six hours.

A sheep raiser, who is in the city today, states positively that he never experienced such snow and rain storms as he encountered on his Chilli ranch during the past week, "and while the snow," continued the gentleman, "did not do the ground any length of time, almost disappearing entirely on the plains the next day, there is no doubt that the unexpected snow worked great hardship to the stock, especially sheep."

However, The Citizen is pleased to announce to all visitors that these "weather furies" did not come for nothing, but when it is storming at points above the Rio Grande valley the tail-end of the storm can always be expected down this way in the next two or three days. Physicians of the city say that these storms, where a snow is followed by a sand storm, always does the city good to the city, as it makes a healthy summer and fall.

B. M. Shaw Acquitted.

After being out ten hours and jurors in the alleged embezzlement case of B. M. Shaw, reached a conclusion at 12 o'clock last night, and the sealed verdict was handed to the court this morning, which read as follows: "We, the jury, find the defendant not guilty."

Mr. Shaw was quite nervous during the reading of the verdict, and when the words were spoken that declared him a free man again, he broke down and sobbed bitterly. Soon after he was grasped by the hands of his attorney, and the jurors in friendship wished him Godspeed.

The case of Louis S. Desmore was next called for trial, and the work of securing a jury was soon completed. It is expected the trial of this case will require several days. Dr. Harper, a prominent physician of Gallup, was the first witness on the stand this morning. Desmore is indicted for the murder of John Maxwell on the Navajo reservation on the 16th of November, 1899.

RAILROAD OFFICIALS.

F. B. Houghton and Harry Alexander Here Today.

F. B. Houghton, general agent of the Santa Fe railroad at El Paso, came in from the south this morning and will meet here tonight Chas. H. Morehouse, the general agent at Denver, and William D. Julian, filling the same position at Kansas City. This "stag party" of railroad officials, all being married men, will leave for southern California tonight, first visiting en route the Grand Canyon of the Colorado. They are off on thirty days' leave of absence.

This morning, Mr. Houghton was met by The Citizen representative, who found him with Col. Harry Alexander, the "giant" of the El Paso & Northern, and Capt. C. F. Waugh, the affable manager of Gross, Blackwell & Co.'s local store, and Mr. Houghton stated that, owing to the delay of trains, Vice President Morton, who passed through the city night before last, deemed it inadvisable to stop over then and hastened on to Coronado Beach, Cal., where he will enjoy a few days rest with his family. "However," continued Mr. Houghton, "the conference with the Albuquerque merchants regarding freight rates west and south will be

ENGLAND'S CENSUS

The Population of Great Britain.

Election Frauds in Denver to Be Investigated.

Great Britain Buying Horses and Mules for South Africa.

BIG FIRE IN MAINE.

London, April 6.—The census of the United Kingdom, taken last Sunday night, will not be tabulated for some time, but indications are that the population of England, Ireland, Scotland and Wales is more than 50,000,000, Ireland's population is less than ten years ago.

Denver Election Frauds.

Denver, April 6.—The tax reform league has undertaken to raise \$10,000 to be used in the prosecution of persons accused of frauds in connection with the late city election and in the employment of experts to examine the books of the city and county officers.

Buying More Mules.

New Orleans, April 6.—The war office in London has called its agent in this country to buy more mules and horses for South Africa, and they will be put aboard ships as speedily as possible. It is believed here that the injunction suit begun by General Pearson, of the Boer army, and E. Evan Van Ness, is the United States district court here, had something to do with the injunction.

Big Fire.

Lisbon Falls, Maine, April 6.—Fire which started in the Everett block here early today resulted in the destruction of twenty-eight buildings in the business portion of the town. Loss \$250,000.

Police Court.

For stealing a leg of mutton and a chicken from the Palace Club restaurant last night before last, E. Hurrens was given thirty days in the city jail.

John Smith, the one armed man, who has been soliciting alms from the charity inclined people of this city for several days, and after securing a small fund would manage to hastily get drunk, was taken in by the police last night and locked up. Yesterday when refused assistance by a well-known citizen, he became abusive and for this offense was handled rather roughly, in which he received a pair of black eyes. As the judge sized him up this morning as a chronic hobo, he sentenced him to thirty days.

Billy Haines, "the dunder" and M. Salazar, the publisher of the official organ of Valencia county, engaged in a fierce encounter yesterday and for the damage to themselves and for the violation of the city ordinance, they were assessed \$5 each.
