THE ANTHRACITE  
COAL STRIKE

The Engineers, Pump Runners and Firemen  
Left Their Work Today at Most  
Collieries.

## ABSOLUTE QUIET PREVAILS

In Most Cases the Operators Were Able to Secure Men  
to Run the Pumps and Keep Up the Fires But  
Many Bosses Resigned Rather Than Take  
the Places of Strikers.

Hazleton, Pa., June 2.—There has been an almost unanimous response by the Hazleton district engineers, firemen and pump runners to the strike order of the executive board of the United Mine Workers. All companies whose men deserted their posts promptly filled the places with non-union men brought here from Philadelphia, and their agents say that the operation of the pumps will not be interfered with by reasons of the strike. The colliery clerks who refused today to take charge of fires or pumps were discharged.

**BOTH SIDES PLEASED.**  
Shamokin, Pa., June 2.—At least 95 per cent of the pumppmen, firemen and engineers of the 19 collieries within a radius of 12 miles of this place today went on a strike for an eight-hour work day. The positions were filled by the company's hands, principally sub-bosses. Rather than take the place of strikers, a number of sub-bosses resigned. The strike leaders say they are highly gratified over the situation. The officials of the coal companies declare they are pleased that enough men were found to keep up steam in most of the fire-rooms. The intention of the strikers is within the next 24 hours to persuade the men now at work to quit in order to make the tie-up absolute.

No policemen guarded any of the local collieries today and the strikers remain away from the mines.

BOSSSES REFUSE TO TAKE PLACE  
OF STRIKERS.

Pottsville, Pa., June 2.—The bosses refused to take the places of striking engineers, firemen and pumppmen in the Shenandoah district today and the machinery taking water is at a standstill as a consequence.

## WYOMING VALLEY QUIET.

Wilkes-Barre, Pa., June 2.—Reports from the region surrounding Wilkes-Barre show that the entire Wyoming district is extremely quiet. The coal companies say that nearly all the colliery pumps are in operation. The firemen generally obeyed the strike order. Many pumppmen and engineers also remained away from the mines, but in most instances the companies report to be able to man their machinery.

At noon President Mitchell issued the following statement: "Reports received from every important mining community indicate that where the 8-hour day has not been conceded fully 80 per cent of the firemen, pumppmen and engineers have ceased work. The number will be materially increased tomorrow. In some sections the mine foremen positively declined to perform the work of engineers, firemen or pumppmen. At some places the firemen manned the pumps and clerks also have been required to perform this labor. A perfect army of irresponsible men has been employed by the coal companies to act as coal and iron policemen. The services of these men are unnecessary and their presence is unwarranted. There have been no violations today by the mine workers and I am sanguine that there will be no overt acts on part of the strikers."

**STRIKE SITUATION IN CHICAGO.**  
Chicago, June 2.—The beginning of the second week of the teamsters' strike of the big Chicago packing establishments found the packers with a little better hold of the situation. The packers replenished their all their meat stations. The strikers are somewhat perplexed as to the next move to make. This morning the non-union men continued the work of driving and carted considerable quantities of meat under police protection. The strikers in turn are expecting the ice and coal drivers to come to their assistance. Much anxiety is expressed over the curtailed meat supply of the big hotels.

## SUPREME COURT DECISION.

It is Against the Interstate Commerce Commission's  
Order on Chicago Terminal Charges.

Washington, D. C., June 2.—The U. S. Supreme court today decided the case of the Interstate commerce commission versus The Chicago, Burlington and Quincy railway company and others involving the right of the commission to reduce the terminal rate made by railroads in Chicago on cars containing live stock. The opinion affirmed the decision of the circuit court of appeals for the seventh circuit which refused to carry into effect the order of the commission reducing the rate from \$2 to \$1 per car.

## THE RIVER IS FALLING.

An Danger of a Destructive Rise in the Arkansas River  
is Considered Past.

Wichita, Kas., June 2.—The Arkansas river at this point is three feet and ten inches above the normal condition and has not risen any in the last hour. Hutchinson wires that the river there is falling. It would require six feet more to do any serious damage and all danger is considered over.

## Twentieth Century Medicine.

Cascarets Candy Cathartic are as far ahead of ancient pill poisons and liquid physic as the electric light of the tallow candle. Genuine stamped C. C. C. Never sold in bulk. All druggists, 10c.

A HOME SMELTER  
FOR SILVER CITY

The Plans for Its Erection Have Been Completed and the Funds for the Preliminary  
Cost Have Been Subscribed  
by Citizens.

MINING NOTES FROM SOUTHERN  
SANTA FE, COLFAX AND OTHER COUNTIES

A new home smelter for Silver City is now practically assured. Plans for its erection are completed and sufficient funds for the preliminary expenses have been subscribed. Mine owners in that vicinity have expressed their desire to supply the smelter with sufficient ore to keep it running and the businessmen and promoters are exultant over the outcome.

The North Star mine located near San Pedro, in southern Santa Fe county, will have its shaft timbered before the main shaft is sunk any deeper. Swyers and Harp, the owners, have uncovered a fine body of ore.

On the McKinley mine at San Pedro, Santa Fe county, an 18-foot vein of decomposed porphyry filled with veinlets of quartz running high in gold has been struck.

There has been recently quite a quantity of ore shipped from the Mystic mine, near Elizabethtown, Colfax county, to Fort Wayne, Ind., where it will be treated by the Hicks process. If the returns are satisfactory a reduction plant will be erected at Ute Creek, Colfax county, where the Cimarron river will be used for power. The Denver mine at Elizabethtown has been shut down for the season, as no process has been decided upon to extract the values from the output.

The new boiler recently placed on the St. Louis mine, near Silver City, Grant county, was fired up last week and a new gallofs frame erected and placed in position. The work of sinking in the main shaft will be resumed as soon as the water can be pumped out of the mine.

The Pinos Altos mines, located near Silver City, Grant county, owned by the Hearst estate, it is rumored, will resume under the leasing system.

The Pine Tree mine, located near Golden, Santa Fe county, will be reopened after an idleness of 18 months. It had been abandoned by its former owners. A rich vein streak has been found and considerable work will be done on the mine.

## VOLCANIC ACTIVITY.

It Manifested Itself in an Unexpected Place in  
Alaska.

Seattle, Wash., June 2.—A special to the Times from Skagway, under date of May 28th says: Accounts of the most thrilling nature regarding the volcanic action of a supposed harmless mountain in Alaska were brought to this city by J. C. McFarland, this forenoon. Seven weeks ago a slight earthquake shock was felt in all parts of Alaska and until today the phenomenon remained unexplained. McFarland, who is a geologist, happened to be within a few miles of Mount Blackburn. This story is best told in McFarland's language:

"On April 11, at about 7.30 in the morning, I was just packing my cooking utensils when the air about me suddenly became oppressed with a distinct and uncommon silence. I was, I should judge, about ten miles from the base of Mount Blackburn in southeastern Alaska, not far from the starting point of the glacier which, as it rears its face on the north Pacific ocean, is called Muhl glacier. Suddenly the earth beneath my feet shook, a low rumbling sound accompanied the quaking. I glanced up at Mount Blackburn. Suddenly it seemed as if the peak had opened and points burst out. A cloud of ashes and smoke shot into the air several hundred feet and then there seemed to be a flow from an opening in the top of a stream of dirty stuff mixed with large and small boulders. This only continued for about ten minutes and then ceased as suddenly as it had begun. The air cleared and then nature seemed again to wear her cheery smile."

## MARKET REPORT.

## MONEY AND METAL.

New York, June 2.—Money on call at 3 per cent. Prime mercantile paper, 4 1/2 to 4 3/4 per cent. Silver, 5 1/2.

New York, June 2.—Lead and copper unchanged.

## GRAIN.

Chicago, June 2.—Wheat, June, 73 1/2; July, 72 1/2.

Corn, June, 62; July, 62 1/2 @ 63 1/2.

Oats, June, 38; July, 34 1/2.

## PORK, LARD, RIBS.

Pork, June and July, 17 1/2.

Lard, June and July, 10.25.

Ribs, July, 9.62 1/2; September, 9.80.

## STOCKS.

Kansas City, Mo., June 2.—Cattle, receipts, 5,000; steady.

Native beef steers, \$3.25 to \$3.35; Texas and Indian steers, \$3.00 to \$3.40.

Texas cows, \$2.75 to \$3.00; native cows and heifers, \$2.75 to \$3.00; stockers and feeders, \$2.15 to \$2.30; bulls, \$3.00 to \$3.70; calves, \$2.50 to \$3.00.

Sheep, receipts, 3,000; strong.

Muttons \$4.50 to \$5.30; lambs, \$5.33 to \$7.50; western weathers, \$4.40 to \$6.10; ewes \$4.80 to \$6.30.

Chicago, June 2.—Cattle, receipts, 7,500; 10 to 15c higher.

Good to prime steers, \$7.10 to \$7.00; poor to medium, \$4.00 to \$5.75; stockers and feeders, \$2.50 to \$3.00; cows \$3.00 to \$5.75; heifers, \$2.00 to \$3.00; canners, \$1.60 to \$2.50; bulls, \$2.50 to \$5.35; calves, \$2.00 to \$3.35; Texas fed steers, \$3.25 to \$3.75.

Sheep, receipts, 12,000; steady; lambs steady.

Good to choice weathers, \$5.40 to \$6.25; fair to choice mixed, \$4.50 to \$5.25; western sheep \$3.25 to \$5.25; native lambs \$5.00 to \$7.10; western lambs \$5.25 to \$7.00.

THE SENATE IS  
STILL TALKING

After Certain Amendments Were Made to the  
Philippine Bill, Senators Mason and Hear  
Spoke Against Imperialism.

## PROMISE OF INDEPENDENCE

Such Says Senator Mason Had Been Understood by Him  
In This Nation Acquiring the Philippines—A  
Wrangle in the House Over a Vote of Thanks  
to Secretary Hay.

Washington, June 2.—The general debate on the Philippine government bill having been concluded, the senate, when it convened today agreed that the debate of the bill should proceed under the one minute rule. Lodge, in charge of the bill, offered several amendments principally of a verbal nature to the bill. One of the most important was an amendment striking out the words: "Nor more than 5,000 acres to any association of persons," relating to the disposition of public lands and inserting the provision "no such land shall be leased, let or demised to any corporation until a law regulating the disposition of public lands shall have been enacted and approved."

Another amendment provided that hereafter no corporation should be authorized to engage in agriculture until a provision should be made therefore. An additional amendment provides that all United States laws relating to entry, clearing and manifests of steamships and other vessels plying between the United States and the Philippines should apply to such vessels. The provision of the bill relating to franchises was amended so as to prohibit corporations from employing persons held in slavery or voluntary servitude.

Mason of Illinois, made a speech against the general policy of the United States in the Philippines. The speech was listened to with interest on both sides of the chamber. He would not have voted for the peace treaty but for the notorious understanding among senators that there was to be a vote to give the Philippines self government. This would have prevented the war. "Why not try it?" he asked.

Hear of Massachusetts, said he charged the outrages committed in the Philippines upon imperialism. He spoke of what the "miserable doctrine of buying sovereignty with gold" had cost.

## HOUSE.

Washington, June 2.—When the house met today, Burton of Ohio, presented a conference report on the river and harbor bill and gave notice that he would call it up tomorrow.

Hitt of Illinois, chairman of the committee on foreign affairs, from his committee, presented a resolution calling upon the president, if not incompatible with the public interests, for full information concerning the investigation of the British supply camps in Louisiana made upon his authority.

Adopted without division. Grosvener of Ohio, moved the passage under a suspension of the rules of a joint resolution extending the thanks of congress to John Hay, for the address in memorial of McKinley last February. Dearmond objected to unanimous consent to this resolution. Twenty minutes of debate was allowed on each side. Grosvener explained that the secretary (Hay) had been invited to deliver a memorial address by both houses of congress, following which he introduced a resolution of thanks offered in terms identical with that passed by congress after George Bancroft, the historian, had delivered his eulogy upon Lincoln.

Clark of Missouri, said he appreciated that anyone who opposed the pending resolution would subject himself to the criticism of every editor in the United States, who was also a postmaster, and who hoped to be a postmaster. When Colonel Hay arose to deliver his oration on the occasion of the McKinley memorial exercises, Clark said, he had an audience twice equalled in the history of the country. In some respects, Clark said, he held in high regard the secretary of state. It was not against the man, therefore, that his criticism was directed. It was because that in the presence of a great, brilliant and sympathetic audience he had abused the occasion to inject into his eulogy of McKinley, a high class stump speech. The resolution was adopted, 19 to 46.

## CANDIDATES FOR THE PEN.

Two Criminals Sentenced at the Court Term at  
Hillsboro Just Closed.

At the term of district court held at Hillsboro, Judge F. W. Parker presiding, and Major W. H. Llewellyn, district attorney, Miguel Castillo pleaded guilty to murder in the second degree and was sentenced to 90 years in the penitentiary. On January 15, 1902, he had been drinking with another placer miner, Jesus Villanueva, in a saloon about a mile from Andrews, Sierra county. The men had some words before they left together but later were heard singing down the road. They stopped near a house owned by a man named Sala, who overheard part of their conversation and also heard a revolver shot. The next morning Jesus Villanueva was found dead near Sala's place. The evidence against Castillo was altogether circumstantial but District Attorney Llewellyn had woven so close a net around him that he pleaded guilty to murder in the second degree rather than stand trial for murder in the first degree.

The grand jury indicted "Chinese Joe" for breaking into the house of Colonel Parker at Kingston, Sierra county, and stealing about \$100 worth of supplies. Half an hour after being indicted Joe was arraigned, pleaded guilty and was sentenced to one year in the penitentiary.

HOW STATEHOOD  
WAS HUNG UP

The Senate Committee on Territories Turned  
Down a Motion to Consider the Omnibus  
Statehood Bill at Its  
Session Today.

GOVERNOR OTERO IS AGAINST ANY  
FORM OF NATIONAL LEASE LAW

Says a Washington dispatch: There will be no territories made into states during this session of congress. The omnibus bill granting statehood to Arizona, New Mexico and Oklahoma ran against the snag today which was predicted for it. A vote of the senate committee on territories developed the fact that the advocates of statehood are in the minority. There are eleven senators on the committee. Five are in favor of the statehood bill and six are opposed to it. There is no possible likelihood of a change. Consequently the omnibus bill which was battled for so manfully in the house by the territorial delegations and their sympathizers will remain in the custody of the senate territories committee unreported.

The committee on territories met last week for the purpose of considering minor affairs of legislation affecting the territories. When these were disposed of, Senator Quay arose and inquired whether it would not be possible for the committee to take up the statehood measure at an early date. Chairman Beveridge and a few other members of the committee looked annoyed.

"I am sure that it is getting late in the session to consider the bill," said Senator Beveridge; "and, too, there are many other matters which need attention."

Senator Quay said that there was a provision for statehood for the territories in the Republican platform and that provision ought to be carried out. There were other remnants of the platform of Beveridge and one or two others. Then Senator Patterson moved that when the committee adjourned, that it meet on Monday next for the purpose of considering the omnibus bill providing statehood for Arizona, New Mexico and Oklahoma. There was an aye and nay vote. The following voted against the motion: Beveridge, Dillingham, Nelson, Bar, Burnham and Kean. The following voted for it: Quay, Bates, Hittfield and Patterson. Senator Bailey, another member of the committee, who was absent, would have voted for the motion. Of the five members of the committee who desire statehood for the three territories, four are Democrats. Senator Quay is a Republican.

There may be further attempts on the part of the minority of the committee to have the statehood measure reported, but there is little possibility of any of the majority yielding.

## LEASING LEGISLATION.

All prospects of legislation, on the subject of leasing the public lands for grazing purposes were laid at rest last week by the action of the house committee on public lands, which decided that the consideration of the Lacey leasing bill should be indefinitely postponed. The committee thought that it would be well to allow public opinion on the plan to mature before taking any action, and therefore will do nothing further in the matter this year.

Representative Bell, before this was decided by the committee, protested against the leasing bill because a small cattle owner could not fence a leasehold for a few head of cattle, and the large cattle owners could not afford to lease because the short time allowed would not justify him in fencing.

In a letter received from the governor of Idaho by Chairman Lacey of the public lands committee, it is stated that the people of Idaho do not look on leasing as a good public policy.

"I make this statement quite positive," writes the governor. "It is the general wish of the people that the public domain be left free." He said that state lands in Idaho have been leased in tracts of 40 to 160 acres at a rate which is usually one-tenth of the appraised value. At present there are 21,877 acres leased. In 1901 the state received \$14,039 from this source.

Governor Miguel A. Otero of New Mexico, writes the committee that the people of his territory are unanimous against a lease law unless under the control of the state or territorial authorities. He says the vast sheep interests of New Mexico will not permit a leasing law to be worked successfully there. There are 550,000 acres of the territorial lands at present under lease. Last year they yielded a revenue of \$41,296.20.

The following is the text of an amendment proposed by Senator Culberson to the omnibus statehood bill pending in the United States senate:

Provided, That congress shall have the purpose of equitable distribution have the absolute jurisdiction and control of the waters of the rivers and streams flowing through or from the territory of New Mexico, and necessary for the purposes of navigation or irrigation, and to which waters others have rights by prior appropriation.

## Election in Oregon.

Portland, Oregon, June 2.—Showery weather prevails today over the entire state west of the Cascade mountain, although it is believed that only a few will be prevented by the weather from voting at today's election. In eastern Oregon clear weather prevails, and almost the entire registered vote is expected to be polled in that section. Interest in this city centers almost entirely in the gubernatorial majority.

New Arrivals at the Hotel.  
Dr. Hobbs' Rheumatism Pills, 10c. per box. Add. Sterling Remedy Co., Chicago or N. Y.

PEACE HAS BEEN  
CONCLUDED

The Costly and Bloody Boer War Has Been  
Ended, the South African Republics  
Passing Out of Existence.

## GREAT JOY IN ALL ENGLAND

The Pope Also is Glad That Peace Has Been Re-Established—The Terms Imposed Upon the Boers by  
the British Are Very  
Generous.

London, June 2.—In the house of commons today leader Balfour announced the terms of peace in South Africa as follows: The burgher forces to lay down arms, to hand over all rifles, guns and munitions of war in their possession or under their control. All prisoners to be brought back as soon as possible from South Africa without loss of liberty or property. No action to be taken against the prisoners except for breaches of the rules of war. Dutch is to be taught in the schools, if desired by parents, and used in the courts, if necessary. Rifles are to be allowed for protection. The military occupation is to be withdrawn as soon as possible, and self government substituted. There is to be no tax on the Transvaal to pay the cost of the war. The sum of 3,000,000 pounds sterling is to be provided for restocking the Boer farms. Rebels are to be liable for trial, according to the law of the colony to which they belong. The rank and file is to be disfranchised for life. Other penalties is not to be inflicted.

## GREAT RELIEFING.

London, June 2.—With the exception of Ireland, practically the whole United Kingdom is holiday making today in honor of the conclusion of peace in South Africa. The tone of King Edward's message to the people, and the absence therein of any note of exultation seems however to have set a good example and while giving free vent to their own satisfaction, the British are showing small desire to crow over their late enemies.

Joseph H. Choate and all members of the United States embassy present, are receiving telegrams from all parts testifying to the extreme joy felt by all classes of business at the conclusion of the war.

## THE POPE IS GLAD.

Rome, June 2.—On receipt of the news of the conclusion of peace in South Africa, the pope expressed his joy adding: "I hope to close my eyes on a world-wide peace."

## THE BACCALAUREATE SERMON.

Preached by Rev. W. A. Cooper at the Agricultural  
College at Mesilla Park.

Mesilla Park, N. M., June 1, 1902.

Rev. W. A. Cooper, of Santa Fe, N. M., preached the baccalaureate sermon to the graduating class of the College of Agriculture and Mechanic Arts here, in the college assembly hall, before a large and select congregation. The services were made still more attractive by some unusually good music, rendered by the choir of the St. James Episcopal church of this place. The baccalaureate sermon is the opening event of the attractive program of commencement exercises provided for this week. It was listened to attentively by the congregation. Mr. Cooper took for his subject the attractive and appropriate one of the importance of a thorough knowledge of how to use one's abilities and powers, and he applied it by narrative and analogy, to the requirements of a class of young men and women going out into the world.

Tomorrow morning the team of visiting athletes from the Las Vegas University will arrive here, and unusual preparations have been made to entertain and welcome them. President Hewitt will accompany the team. There will also be the representatives from Las Vegas in the intercollegiate debate which takes place tomorrow night, the subject being the granting of independence to the Philippines. On Tuesday morning the governor's party will arrive from Santa Fe, consisting of the governor, his wife, and a number of prominent territorial officials, and a special train to be run from El Paso will augment the already large crowd by several hundred visitors. Low rates of one fare for the round trip prevail for commencement week from all points in New Mexico, and the attendance this week will be much larger than ever before.

## U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair to-night and Tuesday; cooler weather to-night; possibly frost in north portion.

Saturday the thermometer registered as follows: Maximum temperature, 75 degrees, at 4:30 p. m.; minimum, 49 degrees, at 4:30 a. m. The mean temperature for the 24 hours was 63 degrees. Mean daily humidity, 32 per cent. Maximum temperature in sun, 84 degrees. Temperature at 6:00 a. m. today, 44 degrees.

Yesterday the thermometer registered as follows: Maximum temperature, 75 degrees at 4:05 p. m.; minimum, 51 degrees, at 3:40 a. m. The mean temperature for the 24 hours was 63 degrees. Mean daily humidity, 17 per cent. Maximum temperature in sun, 84 degrees. Temperature at 6:00 a. m. today, 44 degrees.

ground of abandonment. He also asks for the custody of his two children. A special of five cars with 35 investors in the stock of the Braganza Gold Mining Company on board, passed Las Vegas this week, on the way to Prescott, Ariz.

AGENTS earn \$10 to \$25 per day handling our newest Patent 30th Century Combination Punching, Grip and Wrist Slot Machines. Four combinations in one machine. One cent on trial. Will give exclusive territory. American Auto Engineering Co., 220 Broadway, New York. A-10.

A THIEF RESCUED  
BY HIS PARTNER

Deputy Sheriffs Joseph Gearhardt and Geo.  
Oubrehill of Guadalupe County, At-  
tacked by Ricardo Apodaca, a Pal  
of a Horse Thief Under Arrest.

THE MEADOW CITY IS WORKING  
TO SECURE A KNITTING MILL

Special Correspondence New Mexican.  
Las Vegas, N. M., May 31.—Sheriff Cleofes Romero took Fonville, the Tucson prisoner, to Santa Fe this afternoon to await his bond.

Governor Otero returned to Santa Fe on Saturday afternoon.

E. L. Medler, secretary for W. B. Childers, of Albuquerque, appeared before Judge Mills with a bond for Eakin for \$20,000, signed by eight parties who it is asserted, can qualify for \$27,000. The court approved the bond and Mr. Eakin was released.

The second night of the musical festival was a repetition of the success of the first. The overture from the "Daughter of the Regiment," by the orchestra, was good. The male chorus sang "Comrades in Arms." The singing of Miss Wyoff, Mrs. Whitman and Roland Paul was excellent, and the encores were uproarious for each.

Las Vegas baseball enthusiasts are feeling good over the splendid way in which Charles Rhodes, a local boy playing on the Santa Fe team, mopped up the diamond with the Browns at Albuquerque, on Decoration Day.

Milton Winn, who was admitted to the insane asylum from Otero county on August 13, 1899, died yesterday at the asylum.

The landscape gardener has begun work on laying out the Normal grounds.

C. F. Easley returned to the territorial capital yesterday.

Joseph Gerhardt and George Churchhill, deputy sheriffs of Guadalupe county, had an exciting time last Saturday near Juan Paiz. They had arrested Narciso Romero for horse stealing and while taking him to jail, Ricardo Apodaca, a partner of Romero, swooped down on them with a gun and rescued Romero from the hands of the law. The air was shot full of holes, a deputy's horse was killed and the penitentiary was cheated out of a victim. The deputies returned home quite crestfallen, but swearing vengeance.

The festival soloists have returned to their homes. Mrs. W. J. Whitman left on the evening train for Denver, and Miss Eva E. Wyoff and Roland Paul left on No. 2 today for Chicago and Denver respectively.

The Corpus Christi parade this morning in old town was one of the largest given here in many years. There were several hundred in line.

Col. J. M. Green of Knoxville, Tenn., is here visiting his wife, who is a patient at the sanitarium. Colonel Green is a wide-awake businessman and seems pleased with the outlook here for a knitting mill, and has been conferring with some of the wool men here on the situation. The cheap labor is an inducement, and with the coal beds now being opened, and the interurban electric road a go. It is not impossible that Las Vegas will have a knitting mill in the not too distant future.

John Hickerman, living about five miles out on the Mora road, brought in his 6-year-old daughter last night to see a physician, the child having had her hand caught in a cream separator and terribly lacerated yesterday evening. The flesh and tendons were badly torn, exposing the wrist joint and it is possible the hand may have to be amputated.

The following Normal representatives at the inter-collegiate meet will leave for Las Cruces, and try and bring back the scalps of the contestants: Debaters: Wynne, Emerson Atkins and Degner. Tennis: Emerson Atkins and Clarence Brown. Track team: Norris Cochran, Manuel Otero, Thomas Tipton, Joseph Bowman, Charles Rhodes and C. Hayes.

T. H. Rapp returned from Santa Fe Sunday afternoon.

It seems the Santa Fe cheaper freight rate to Las Vegas, that was to have been given to meet the Rock Island rate, has failed to materialize, and H. W. Kelly, one of Las Vegas' prominent wholesalers, will go to Chicago putting the matter before the Santa Fe officials.

Benigno Romero, sheriff of Guadalupe county, and his brother, Seferino, acting as deputy, were here with Jose M. Gonzales, a sheep thief, on the way to the Santa Fe penitentiary. They left this afternoon for that place.

E. T. Liscomb, formerly a boiler-maker at the shops here, will leave today for Pueblo, Colo., where Mrs. Liscomb has secured a good position.

John Hayes is here from Guadalupe, where he is developing some mining property that looks wesy. A couple of our prominent citizens are backing him.

The fixtures for the high school are being installed in the new building at the end of Fourth street.

T. B. Burdick, acquitted of complicity in the murder at Tucumcari, left on Wednesday afternoon for Albuquerque.

Frank Quinley, Major Hall and M. Sturges and son have gone on a thirty days' outing to the Black Lakes.

Las Vegas will have a circus on June 17, Hovess' London Show is booked for that date.

The coroner's jury has released the three prisoners held on suspicion of having killed James Young, the evidence against them not being sufficient to hold them. The sentiment still is that Young met with foul play, but there is no clew as yet as to the murderers. The jury's verdict was simply that the deceased came to his death by a blow on the head.

Isidro Solano has sued his wife, Eufrasia S. de Solano, for divorce on the

A BATTLE WITH  
THE YAQUIS

A Battalion of the Mexican Army Had a Des-  
perate Fight Near Hermosillo With  
the Indians.

## COUNTRY TERROR STRICKEN

The Ranchers Are Fleeing into the Cities for Protec-  
tion and Business in Hermosillo is at a Stand-  
still—Many Merchants Have Joined the  
Volunteer Army—Indians Routed.

Tucson, Ariz., June 2.—A battalion of the Mexican army commanded by General Torres, head of the army in Sonora, fought a desperate battle with 300 Yaqui Indians on May 29 at El Tanqui, a small place not far from Hermosillo. A messenger arriving in Hermosillo only brought meagre details of the fight. Forty Yaquis were killed, and twice that number wounded. The Mexican army lost 15 men, two of whom were volunteers. The Yaquis escaped toward Mazatan mountains, leaving their dead. A large supply of ammunition and arms were captured. Excitement is running high. In Hermosillo business is practically suspended, many merchants having joined the volunteer army. Appeals for aid have been received from a dozen surrounding towns, and ranchers are fleeing to the towns for protection. Reports have been received that four warlike bands of Yaquis, varying in number from 50 to 300 have invaded ranches near Hermosillo.

## OFFICIAL MATTERS

POSTMASTER APPOINTED.

Z. S. Longuevan has been appointed postmaster at Mora, Mora county.

# Santa Fe New Mexican

THE NEW MEXICAN PRINTING COMPANY

Entered as Second-Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

MONDAY, JUNE 2.

## New Mexico Demands Statehood of the 57th Congress.

### Of Right and in Justice New Mexico Should Be a State.

President Palma, of the new Republic of Cuba, is receiving more advice than anything else. This is as expected.

This thing of being neighborly and friendly with live volcanoes does no good. Live volcanoes are not very appreciative and have no gratitude.

Crop conditions in the great central, north and southwest are very promising and that means that this will be another year of unexampled prosperity for the people of this country.

The people of New Mexico, of course will approve of the passage of an enabling act for them during the coming session of congress, but would much prefer if such an act were passed before the close of the present session.

The Philadelphia Record was recently sold for \$2,500,000. This is a compliment to the City of Brotherly Love, but it unfortunately brings to the mind of the average New Mexican newspaperman, that no newspaper in New Mexico if sold would bring such an amount. This is a sad admission, but it is true, and the New Mexican is bound to tell the truth, let it hurt where it may.

Some of the testimony recently given before the senate committee on Philippine Islands affairs reminds one of a good deal of the charges and statements made some months ago by members of the New Mexican Bureau of Fabrication against leading citizens and Republicans of this territory. Perjury, false affidavits and forgery seem to be the basic foundation of that testimony.

The Republic of Peru will spend \$100,000 for an exhibit at the Louisiana Purchase Exposition in St. Louis in 1904. The state of Kentucky, through its Democratic legislative assembly, has resolved that it cannot afford to spend any money for an exhibit of the state's resources at St. Louis. The average Kentuckian looks down upon the average Peruvian as being uncivilized, superstitious and worthless, but the fact seems to be that the average Peruvian possesses a good deal of modern enterprise and believes more in progress and advancement than does the Kentucky legislature that is supposed to represent the people of that state.

The remarks made by General Adna R. Chaffee, commanding the United States forces in the Philippine Islands, upon the court martial proceedings in the case of Major L. T. A. Waller, United States Marine Corps, recently acquitted upon the charge of cruelty and barbarity to insurgents upon the Island of Samar, are very good from a military standpoint and creditable to General Chaffee, but nevertheless and notwithstanding a vast majority of the people of the United States are very glad that a verdict of acquittal was rendered in the case and indeed they fully endorse Major Waller's action. After all, the people of the United States are the bosses and it is right that they should be.

Within the past three years the government of the United States has erected 850 school houses on the Island of Porto Rico. During the past 53 years the government of the United States has not erected a single public school house in the territory of New Mexico. In 1850 this territory was much more isolated and was farther away from the seat of government of this country than is the Island of Porto Rico today. But no help, educationally or otherwise, was vouchsafed the people of New Mexico by the federal government. The splendid system of public schools and higher educational institutions now in existence here was brought about by the citizens of New Mexico themselves; they taxed themselves heavily and incurred a large debt for that purpose. If they did this under a territorial form of government they certainly will do still more under a state government.

A Spanish countess has sued General Brooke of the United States army for \$25,000 damages for stopping the exclusive privilege of butchering livestock in the City of Havana, that she and her ancestors had had ever since the year 1701. General Brooke, while military commandant of the City of Havana, found that this lady was acting the role in that city played by the American beef trust in this country, and was compelling people to pay about five times more than the meat furnished by her slaughter houses was worth. He put an immediate stop to it and hence this suit. The general did right and American courts will sustain his course. Of course, the Spanish lady cannot be blamed for being angry at having been compelled to give up that soft snap. Human nature is human nature. Like the American beef trust, the Spanish countess wanted all in sight and that for as long a period as possible.

## KEEP UP THE FIGHT.

This is the way the Denver Republican feels about it:

"Republicans in all parts of the Transmississippi region should write to Senator Beveridge, chairman of the senate committee on territories, and urge them to take up promptly the consideration of the bill which has passed the house for the admission of Oklahoma, New Mexico and Arizona.

"Unless the committee gives prompt attention to this measure it will go over to the winter session, and then lack of time may prevent the passage of the bill. It is of the highest importance that the three proposed states be admitted by the present congress. They are entitled to admission in justice to their inhabitants, who are denied the right of self-government to a large extent as long as they are compelled to remain under a territorial form of government. They have ample population to justify the erection of state governments, and the possession of millions of dollars of taxable property gives assurance that the expense of such governments would not be too burdensome upon their people.

"Republicans are directly interested in the question, because both New Mexico and Oklahoma are Republican in politics and would send representatives and senators of that party to Washington. Oklahoma would be entitled to two representatives, and consequently it would have in the next electoral college four votes. New Mexico would have three votes, and so, even if Arizona should be Democratic—which is doubtful—the Republicans in the next presidential campaign would make a net gain of four electoral votes. If these three states should be admitted in time to participate in that election.

"It is bad enough for certain senators to advocate a Cuban reciprocity policy which involves an assault on a growing Colorado industry without adding to this a refusal to admit the three new states. This is a matter which should be brought home to the attention of all such gentlemen at once, so that they may appreciate the seriousness of the question at issue before they take an unwise step."

### AGRICULTURE IN NEW MEXICO.

The farmer is the real backbone of this nation, in fact, of nearly every commonwealth. New Mexico is not an agricultural commonwealth, strictly speaking, yet the value of the farm property in this territory exceeds the value of its mines manifold and is greater than the value of any other class of property or of any other industry. The census figures dealing with agricultural wealth of New Mexico are as true an index of its growth, prosperity and permanence as any other figures that could be quoted. According to the census figures of 1900, the value of farm property in each county of the territory is as follows on June 30, 1900: Chaves \$5,572,000, Grant \$5,051,000, Union \$4,664,000, San Miguel \$4,304,000, Colfax \$4,164,000, Socorro \$3,603,000, Eddy \$3,384,000, Santa Fe \$2,782,000, Bernalillo \$2,506,000, Mora \$2,581,000, Rio Arriba \$2,506,000, Valencia \$2,173,000, Guadalupe \$2,143,000, Sierra \$1,829,000, Dona Ana \$1,568,000, Lincoln \$1,400,000, San Juan \$1,282,000, Taos \$892,000, and Otero \$548,000. These figures include the value of livestock in each county. The value of the farm products in the year ending June 30, 1890, are given as follows: Livestock sold \$3,740,000, wool \$1,954,000, hay and forage \$1,427,000, animals slaughtered \$605,000, milk, butter and cheese \$500,000, corn \$420,000, wheat \$301,000, orchard fruit \$197,000, miscellaneous vegetables \$180,000, eggs \$157,000, oats \$154,000, poultry \$90,000, dry beans \$73,000, potatoes \$50,000, forest products \$34,000, grapes \$34,000, mohair and goat hair \$30,000, onions \$25,000, dry peas \$20,000, sugar beets \$17,000, honey and wax \$14,000, barley \$12,000, small fruits \$6,000, nursery products \$6,000, sweet potatoes \$5,000, flowers and plants \$4,400, Kafir corn \$1,900, sorghum syrup \$1,600, rye \$700, sugar cane \$700, sorghum cane \$300, clover seed \$220, tobacco \$170, nuts \$160, sugar cane seed \$70, buckwheat \$50, peanuts \$12, flax seed \$3, figs \$1, miscellaneous \$90, making a total of farm products for the territory of \$10,155,000. These figures give a fair idea of the nature of the agricultural products of the territory and undoubtedly prove a surprise to many residents who remember that New Mexico's gold mines produced last year only \$600,000 in gold, and less than \$5,000,000 in minerals including coal.

### THE NECESSITY OF REFUNDING THE COUNTY'S DEBT.

The property owners and tax-payers of this county are very desirous that a compromise with the bondholders of the county be effected and that as speedily as possible. These classes of citizens are perfectly willing to pay the taxes to redeem the interest coupons on refunding bonds to be issued in settlement of the bonds, delinquent coupons and judgments against the county held by these creditors, provided the settlement is made upon a fair and equitable basis to all concerned, namely to the property owners, tax-payers and to the holders of the above detailed securities. The right kind of a settlement will materially benefit this county in every possible respect and will give the creditors good and safe bonds that in three years will bring a premium in the financial markets, as the interest on them will be paid promptly and fully. The board of county commissioners has offered a compromise of 25 or 50 per cent upon the bonds, the unpaid coupons and the judgments against this county held by its creditors. It looks now as if these latter would not accept this proposition, but are willing to accept one a little more liberal. The exact figures have not yet been determined. The board of county commissioners at its meeting in July next should make its best endeavor to bring about a conclusion of this very important matter. To be sure there are some people in the county who desire to repudiate any and everything, others are of the opinion that a compromise of 25 or 50 per cent is all that should be entered into, but again there are a great many who would support a compromise at a higher ratio. In round numbers the debt amounts to about \$1,000,000. If this can be refunded at 50 per cent it should be done, if this cannot, however, be done, a compromise at as good a figure as possible should be

made. It is a condition and not a theory that confronts the board of county commissioners, the property owners and the tax-payers. It is a very bad condition and a very sad plight to be in, but here it is and it must be met. Any action of the board of county commissioners that will bring about the ending of this condition and the reduction of the enormous county debt will be fully approved by the citizens of Santa Fe county and by the corporations therein who pay the taxes. The opinions of tax-dodgers, the delinquent tax-payers and those who own no property or escape taxation by making no returns, by exemptions, by not reporting property at reasonable taxation rates and the like, should not weigh in the least with the county commissioners. These officials are charged by law to look after the best interests of the county. They should promptly assume the responsibility placed upon them by law and make such just compromise and settlement of this matter as to them seems to be best for the interests of all concerned, having due regard for the rights of the property owners and tax-payers as well as for those of the county's creditors.

### LEGISLATION AT WASHINGTON.

Senator Beveridge of Indiana, is Evidently Determined to Give Statehood No Chance.

Says a Washington dispatch: "Friends of the omnibus bill granting statehood to New Mexico, Arizona and Oklahoma, have discovered that there is evidently no intention whatever of the chairman of the senate committee on territories using any haste or punctuality in bringing the bill up for the consideration of the committee. The statehood bill passed the house some time ago, was taken to the senate and there referred to the committee on territories. Senator Beveridge of Indiana, is the chairman of this committee, and it is very plain that the statehood measure has not found in him a very zealous friend.

Senator Beveridge during the progress of the Philippine debate on Thursday, was asked if there was any prospect for an early hearing of the bill by the committee, it being a well known fact that the advocates of the bill in the house have been asking and patiently waiting for an opportunity to appear before the committee and set forth the salient points of the measure. Senator Beveridge was non-committal. "Well, you can see how busy we are here," he said referring to the discussion of the Philippine bill.

"But cannot the statehood measure be heard by the committee of which you are chairman, without conflicting with the Philippine bill?" was asked.

"Too busy," said Beveridge, and walked away.

Beveridge no doubt justifies his action in regard to the statehood bill by the fact that he is on the Philippine committee. He makes no promises and it remains to be seen whether or not he will call his committee together on the bill next week when the Philippine debate is finished. The delegates from the territories to be affected by the bill are bringing every pressure to bear on the chairman of the committee, to get him to have the bill considered before the session has extended too long. Senators Elkins, Quay, Penrose and Patterson are hearty supporters of the bill in the senate and are urging that the committee give the delegates the hearing they desire.

The act of the senate providing for a term of the circuit court of appeals, 5th judicial district, to be held annually in Wyo., on the first Monday in September, the city of Denver or in Cheyenne, has been reported favorably from the house by the judiciary committee.

### Missouri Code Pleading

By Mr. Everett W. Pattison, (Author of Pattison's Complete Digest. Nearly 600 Pages, Price, \$3. Delivered This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the Form book are the most practical for use thereunder. It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defenses, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

In one order. Prepaid for \$10.00. New Mexican Printing Co., Santa Fe, N. M.

ANNUAL MEETING YOUNG PEOPLE'S CHRISTIAN UNION SOCIETY OF THE UNITED PRESBYTERIAN CHURCH.

Tacoma, Wash., July 23-27, 1902.

For this occasion the Santa Fe will place on sale tickets to Tacoma and return at a rate of \$35.45 from Santa Fe for the round trip. Dates of sale July 17-22, inclusive, good for return until September 15, 1902.

## READ ALL OF THIS.

### You Never Know the Moment When This Information May Prove of Infinite Value

It is worth considerable to any citizen of Santa Fe to know the value and use of a medicine, for if there is no occasion to employ it, in the meantime, frail humanity is subjected to so many influences and unforeseen contingencies that the wisest are totally unable to gauge the future. Know then that Doan's Ointment will cure any case of hemorrhoids, commonly known as piles or any disease of the rectum or skin, generally termed eczema.

Mr. C. L. Kline of 1851 Champa St., Denver, Colo., says: "In 1883, in Minneapolis, I had my feet frozen or suffered from chilblains—something akin to them, which drove me half crazy with it. I bought a 50ct. box of Doan's Ointment and it cured me. If anyone in Denver wishes to know more about Doan's Ointment send them to me for personal interview."

Ask at Ireland's Pharmacy what his customers report about this preparation. Doan's Ointment, 50cts per box, for sale by all dealers. Sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. W. R. PRICE, Prop. Santa Fe, N. M.

#### District Court.

In the case of Luis Ortiz et al. vs. The Los Luceros, Villita and Plaza del Alcaide ditches in Rio Arriba county, a demurrer to the bill of complaint was in part sustained by Judge McFie today and in part dismissed.

Judgment was entered today in the case of Thomas B. Catron vs. Narciso Mondragon for \$2,659.02 and costs in favor of the plaintiff.

Juan Santistevan, a merchant and banker of Taos, Taos county, on Saturday evening made an assignment to A. E. Manby, of Taos. The assets are given as \$79,750.

In the case of Romualdo A. Rodriguez vs. Santos Martinez, to replevin a wagon, mowing machine and a set of double harness, Judge McFie on Saturday afternoon gave a decision in favor of the plaintiff. The defendant, however, was given leave to file authorities contra. The parties to the suit live near Espanola in Rio Arriba county.

#### MINOR CITY TOPICS

The board of education will meet this evening.

Tonight city council will hold its regular monthly session.

The trains from the east are reported four hours late this evening.

Montezuma lodge, A. F. and A. M., will meet in regular session tonight.

Exchange: T. N. Reynolds, Kennedy, Mrs. Ross, Pecos; Mrs. Apfel, Trinidad.

The score between the Blues and the Quintana teams yesterday afternoon was 10 to 9 in favor of the Blues.

The W. C. T. U. will meet tomorrow at 3 o'clock p. m. at Mrs. Irving's. All interested in the work are invited.

Trains for the east now leave over the Santa Fe at 9:40 a. m. and 8:10 p. m., and for the south and west at 3:30 and 6:29 p. m.

Two drunken men were arrested last evening and today by the city police. One of the men paid his fine this morning and was discharged.

A game of baseball yesterday between the Guadalupe and the Vargas teams, resulted in a victory for the former by a score of 10 to 9.

Henry Brooks, a colored man employed by Judge McFie, was thrown off a carriage yesterday, but beside slight bruises sustained no injuries.

The board of county commissioners which was to have met today as a board of equalization adjourned until tomorrow, owing to a lack of a quorum.

A fine iron fence and wire fence has been erected in front of the property of H. S. Lutz, on Montezuma avenue, by J. A. Davis. The fence is a novelty in this part of the county.

Captain Solomon Spiegelberg, who has been in business in Santa Fe since 1857, intends to retire from active business and will therefore sell out his clothing store on the south side of the Plaza.

The Santa Fe river was lined with fishermen yesterday all the way from the reservoir to above Monument Rock. Judging by the catch there were more fishermen than trout. The trout season opened yesterday.

Early this morning at the cathedral, Vicar General Anthony Fourcheu united in marriage Margarita, the daughter of Mr. and Mrs. Antonio Jose Rael, and Pedro N. Lobato. The wedding was a very pretty one.

A large crowd this afternoon attended the hearing of Canuto Alarid on the charge of resisting an officer, which took place before Police Judge C. M. Conklin. Alarid was fined \$5 and costs. He appealed to the district court.

Pon-Ton: Henry Silberger, Pecos; F. J. Schubert, W. T. Hill, Madison, Wis.; John Zimmer, Thomas Jones, Frank K. Curran, Simon Espartero, Albuquerque; John Murray, Blaine; Frank Goldsberg, Denver; C. W. Frazier, Orangeville, Mo.

The receivers of the Delgado property on the south side of the Plaza, have decided to sell to George W. Hickox for \$3,007.55. The property has a front of 65 feet and has several store rooms and a resident part yielding a good revenue.

Fair and cooler weather with possible frost is predicted for tonight. Yesterday the maximum temperature in the sun was 84 degrees, in the shade 75 degrees, the minimum temperature was 51 degrees, and the temperature at 6 o'clock this morning was 44 degrees.

Sheriff Benigno Romero and Deputy Seferino Romero, yesterday brought to the penitentiary Jose Manuel Gonzales to serve a term of four years for sheep stealing. Sheriff Cleofas Romero, of San Miguel county, brought in Louis Ponville, accused of having taken part in the killing at Tucumcari, two weeks ago. He is held for the meeting of the next grand jury.

About twenty pupils of the United States Indian school in this city have been given employment by the Pennsylvania Development Company on the construction work of the Santa Fe Central railway. More boys will be given employment later. Superintendent C. J. Crandall visited the boys at Kennedy yesterday. They make good workers and find working for the railroad more agreeable and profitable than working in the sugar beet fields of Colorado.

The Corpus Christi procession yesterday forenoon was one of the largest and most imposing processions ever witnessed in Santa Fe. The altars at the Santa residence on Palace avenue, and the Delgado residence on the Canon road, were especially beautiful. Next Sunday, the Guadalupe congregation will have its Corpus Christi procession and in the afternoon will join with the Cathedral congregation in the De Vargas procession from the Cathedral to Rosario cemetery.

Palace: Otto P. Schreuder, Boston; W. Brewer, San Mateo, Calif.; E. C. Knowles, San Francisco; I. H. Rapp, East Las Vegas; E. M. Beauchamp, Chicago; B. L. Romero, Puerto de Luna; Seferino Romero, Puerto de Luna; B. W. McCandless, Atchison; Cleofas Romero, Las Vegas; G. A. Richardson, Roswell; Mrs. J. B. Lamy, City; Eugene Pitcher, New York; Leo Hersch, wife and baby, City; Fred Wise, New York City; W. S. Harroun, A. B. Renahan, wife and guest, City; W. E. Dame, Albuquerque; H. W. Kelly, Las Vegas; W. B. Childers, A. A. Keen, Albuquerque.

H. W. Kelley, a Las Vegas business man, is in the city on a business visit.

Hon. C. F. Easley returned on Saturday evening from a visit to Las Vegas.

United States District Attorney W. B. Childers came up from Albuquerque yesterday.

Sheriff Cleofas Romero of Las Vegas, was a visitor in the territorial capital yesterday.

District Clerk W. E. Dame of Albuquerque, was a visitor in the capital yesterday.

Elias Clark is in the city from Plaza del Alcaide to visit his wife and baby at the Sanitarium.

Miss Nina Otero, who is visiting Captain and Mrs. J. A. LaRue at Las Vegas, will return on Thursday.

Hon. I. B. Hanna returned this noon from an official trip to the Gila forest reserve in southwestern New Mexico.

Sheriff Benigno L. Romero and Deputy Sheriff Seferino Romero of Guadalupe county, spent Sunday in Santa Fe.

Miss Atkinson returned yesterday forenoon from a trip to the Continent and Great Britain and a visit to her old home in Massachusetts.

Luciano Lopez and Crescencio Lopez of Pecos are in Santa Fe today on business. Luciano Lopez recently removed from Glorieta to Pecos.

County Commissioner Arthur Soliman is quite indisposed and is confined to his residence and will not be able to be out for several days.

Mrs. Bergere, who is the guest of Hon. and Mrs. T. D. Burns at Trimble Springs, near Durango, Colorado, is expected home tomorrow evening.

Oscar C. Watson left this morning over the Denver and Rio Grande railway, on an extended business trip through northeastern New Mexico.

Mrs. A. R. Gibson and daughter, Uda, intend to leave the latter part of this week for Chicago, New York and other eastern cities, to be gone for several months.

Miss Spitz, who is a student at Swarthmore College, Philadelphia, and Miss Muller, who has been visiting in Philadelphia, will return to Santa Fe next Monday.

W. H. Pope, Esq., will leave next week on Tuesday for New York and Washington to make the final arrangements for his trip to the Philippines. He will pass through Santa Fe on his way to San Francisco.

Hon. G. A. Richardson of Roswell, is in Santa Fe to attend a meeting of the irrigation commission which was to have met today. He came in from the east and will leave for his home tonight. He was delayed 36 hours at Kansas City by washouts.

Governor and Mrs. Otero returned from Las Vegas on Saturday evening. Governor Otero, however, immediately going on to Albuquerque and returning last evening. Tonight he will leave with Mrs. Otero for Mesilla Park, where he will preside at the intercollegiate athletic meet.

Surveyor General Morgan O. Llewellyn, who has been granted a leave of absence of one week, left on Saturday for Las Cruces, to attend the commencement exercises of the Agricultural College at Mesilla Park, of which he was a student at one time.

Mrs. Doroteo Lopez de Rael, the widow of the late Juan Rael of Company F, First New Mexico Cavalry, is in Santa Fe today from Chihuahua, to make an application for a pension. Her witnesses, Anastacio Martinez, Reduendo Trujillo and Albino Rael of Chihuahua, accompanied her.

District Attorney W. H. H. Llewellyn, who has just returned from court at Hillsboro, Sierra county, is in the territorial capital today on legal business. He will leave for his home at Las Cruces tonight to attend the commencement exercises of the College of Agriculture and Mechanic Arts.

District Clerk A. M. Bergere has returned from his sheep ranch at Estancia, eastern Valencia county. He reports that shearing has been completed and that he will send his clip of from 40,000 to 50,000 pounds to Las Vegas either to be scoured or to be sold. Of 14,000 lambs, 85 per cent were saved and of 14,000 sheep only 174 head succumbed to the cold snap today a week ago.

Mrs. Bergere will go from here to Las Vegas on Wednesday, returning Thursday. Later he will leave on a trip to the east.

James T. Newhall left on Friday night for Seattle, Wash., where he embarked today on a steamer for Fort St. Michael, Alaska, in accordance with instructions from the quartermaster general of the United States army. Upon arrival at that post he will perform important clerical duties in the quartermaster's department there. The position is said to be a very well paying one, and Mr. Newhall's many friends are greatly gratified that he has been selected for the place. He is known to be one of the best army clerks in the country and will perform the duties assigned to him with efficiency and success.

#### THE COLLEGE FIELD DAY.

Interesting Events to Take Place at St. Michael's College Next Thursday.

The annual field day of St. Michael's college will be held on next Thursday, June 5, at 1:30 p. m. The boys have been divided into three classes for the occasion, namely, primaries, juniors and seniors. Each class has been practicing hard and close contests are expected. There are 25 events on the program, covering nearly every class of contest held on such occasions. A later announcement will give the names of the judges and other officials of the day. All who wish to witness the events are cordially invited to attend.

#### A MURDER MYSTERY AT RATON.

An Unknown Man Found With His Throat Cut From Ear to Ear.

The body of an unknown man was found in an arroyo about one mile north of Raton, last week, by Fred Rohr, a butcher of Raton. It was found that the man's throat had been cut from ear to ear by a sharp instrument, the jugular vein and wind pipe being completely severed and the arteries were also cut at both wrists. The body was taken to Raton by the authorities, but no one was found to have seen or to have known the man while alive. No inquest was deemed necessary as no one could throw any light on the tragedy. The mystery of the man's death is still unsolved, many being of the opinion that a foul murder was committed. There was about \$50 in money on the man's body when found.

#### Salt Rheum

It may become chronic. It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment. Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured and I have never had any skin disease since."

#### Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequalled for all cutaneous eruptions. Take it.

Arrested at El Paso.

Robert Thornton, a cattleman, wanted at Socorro for the theft of barb wire fencing to the value of \$110 from the Santa Fe railway, was arrested at El Paso. Governor Otero has made a request to the governor of Texas for a requisition.
