The Corn Market.

Chicago, April 4.—The decline in the corn market, which began Monday and continued yesterday under the enormous pressure which threatened to crush George Phillips, the bull leader, was checked today, and without any effort on Phillips' part. The pit was jammed with speculators endeavoring to cover their short lines put out yesterday. May corn recovered all but a fourth of a cent of yesterday's decline.

The Advance in the Markets.

New York, April 4.—Extraordinary advances in yesterday's stock market awakened a fever of speculation throughout the country, and the result was a heavy congestion of buying orders in commission brokerage offices this morning. Apparently many eager speculators had placed no limits as to price, but instructed

their agents to buy round amounts of various stock "at market." Brokers were naturally in a highly nervous and excited condition. Stocks changed hands at the same instant in the same group at widely varying prices. Prices yielded at intervals, but constant reinforcement buying demand caused sensational rebounds.

Colorado Fuel preferred rose 10 1/2 and common extreme, 11 1/2. Near the close the market broke. The flurry in call money aggravated the weakness. The closing was excited and extremely irregular at sudden reversals in some of the stocks and with others breaking violently.

DISTRICT COURT!

Prisoners Sentenced to
Penitentiary.

Convention Great Success.

OTHER LOCAL HAPPENINGS.

At the session of the district court this morning Charles F. Hogg, alias Madox, pleaded guilty to the charge of uttering a forged check, and the court sentenced him to the term of three years in the penitentiary. Hogg came here only a few weeks ago from California, representing himself as a capitalist, and claiming to be in search of a suitable residence location. As he was a little short on pocket change, he presented a check for \$18,000 at the cashier's window in the First National bank, and requested that gentleman to have it honored by the bank of Riverside, Cal. Shortly after he returned with a check for \$200, which bore the name of a local minister of the gospel, purporting an endorser, and secured the amount. In a few moments it was discovered to be a forgery and Hogg was arrested. When questioned by the city marshal he confessed that he was "up against it" and said that dissipation and gambling led him to commit the felony.

In the case of the territory against Juan Alaire and Alberto Sanchez, for alleged burglary and larceny at Gallup last November, pleas of guilty were entered by the defendants, and they were sentenced to the penitentiary for three and four years, respectively. They had entered the house of one Stacy, and after brutally assaulting the occupant, they carried away valuables to the amount of \$175.

Richard Haywood, a well known colored man about town, who felt obliged to protect his money on a gaming table in a North Third street saloon one night about a month ago by hurling an iron cuspidor at his opponent, Abraham Miles, also a highly colored gentleman, who had picked up some of the money from the table, acknowledged in the district court today that he was guilty of assault and battery, whereupon he was sentenced to three months in the county jail. About a week after the fight Miles died from the effects of erysipelas, which was the result of the wound sustained on the head.

In answer to the charge preferred against William Jennings and Joseph Storling for stealing a coat and cap from the establishment of the B. Pinter Tailoring company, the former pleaded guilty, while the latter declared his innocence. Jennings will serve a term of three months in the county jail and his partner will be given a trial at the present term of court.

The jury in the case of the United States vs. B. H. Shaw was secured this morning and the taking of testimony began. It is probable the trial will be completed this evening. Tomorrow morning, at 9:30 o'clock, the criminal docket will be called, when it is expected that all the local attorneys will have business at the court house.

SUNDAY SCHOOL CONVENTION.

Interesting Sessions Yesterday Afternoon and Evening.

Yesterday afternoon's session was given up entirely to the primary department. The program as outlined was carried out with the exception of the second topic, primary class management, for which was substituted a talk by Mr. Spillman on "The Use of the Blackboard in the Primary Class."

Miss Barrell gave a very interesting talk on "The Progress in Primary Work," in which the contrast between the past and the present, and the encouragements for the future in primary methods was very clearly brought out.

Mrs. Hamill in her talk on "The Primary Union" gave many helpful, practical suggestions to the workers in the territorial Sunday schools. In her teaching of the next Sunday's lesson to a class of little people she gave a beautiful illustration of the power of the word, grace and thoroughness and the enthusiasm and energy of the children the truths of Christ's resurrection.

Mrs. Hamill is the superintendent of primary work in Illinois, and shows a wonderful grasp of the problem of the primary class.

The primary round table, from 1 to 2 o'clock p. m. was held today. An audience which filled the church to overflowing greeted the speakers in the evening. The song service, led as usual by Prof. Excell, filled a half hour period with inspiring music. Mr. Excell is still suffering from his throat, but the enthusiasm and energy of his direction brought out the best musical effort of every person in the church.

The address of welcome by Prof. Hodgkin was in the gentleman's usual happy strain, and gave the visitors every evidence that Albuquerque appreciated their presence at the convention.

Mr. Bunker, as a proxy for the visitors, voiced their response in a very apt address, which was well received. Mr. Lawrence then introduced a subject not on the program by announcing the desire of the international party to raise a fund of \$100 by pledges and cash offerings to be divided between the expense account of the transcontinental tour and the treasury of the territorial association. By voluntary pledges and gifts of amounts ranging from \$10 to \$1, the amount was raised in a remarkably short time. The expense account of the international party is richer by about \$30, and the association will start the year's work with a fund of \$20, as a result of the generosity of Albuquerque people.

Mrs. Hamill gave the next address on the program on "Teaching and Training Children." The half hour given this subject was crowded with "good things" and Mrs. Hamill's reputation as an able worker and speaker was again enhanced.

Mr. Lawrence closed the evening's service with an able address on "The Back We Teach." His utterances throughout the convention have been practical, earnest and helpful.

The wisdom of the morning kept many from attending on the fourth session, but a goodly number of the "faithful" assembled to enjoy the

Hamilton's round table on school methods; the normal; house to house visitation, and home department at 9 o'clock. A determination to institute more systematic work in our city Sunday schools took root in the minds of many as they listened to his earnest suggestions. After a season of song Mr. Lawrence taught next Sunday's lesson in a most helpful manner, and Mr. Spillman closed with a round table on Sunday school management. A committee on nominations was appointed by the chair, consisting of the following delegates: Mr. J. H. Reed of Las Vegas; W. H. Kennedy, Corralito; Mr. Armstrong, Raton; Grout, C. E. Hodgkin and E. P. Childs, Albuquerque.

St. John's Episcopal Church. On Good Friday, in St. John's Episcopal church, there will be morning prayer and sermon at 10 a. m.; also at 5 p. m. litany service and special sermon on the crucifixion.

The Easter services, which are always of the most inspiring and joyful character, will be exceptionally so on Sunday next. There will be a choir of twenty well trained voices at morning and evening services, that is to say at 11 a. m. and 7:30 p. m. Those who don't want to miss these services must be in good time as the church never holds the congregation on Easter day. Two special sermons will be preached on the resurrection. All communicants of St. John's church are both expected and requested to attend the holy communion Easter morning at 7 o'clock or after the 11 o'clock services.

MARKET QUOTATIONS.

Market quotations and review furnished by W. P. Metcalf, No. 6 Cromwell block, received over the private wire.

New York, April 4.—Stocks.—The market today opened strong and active as usual, and the transactions were on a big scale. The market started up with a jump and advanced five points and the rest of the market followed suit. New York Central and Pennsylvania were taken up and were advanced sharply. Colorado Fuel and Iron was one of the features, jumping from 65 to 76. Coppers were strong, amalgamated, especially so, advancing from 101 to 109. The triple holiday did not seem to affect the bullish feeling and the market closed with a good undertone. Total sales, 2,064,300. Closing quotations:

Chicago, April 4.—Wheat.—The market was active with good volume of general trade. Liverpool was 1/4c lower, Antwerp unchanged. Primary receipts 529,000, against 545,000 last year. Shipments 204,000, against 132,000. The market has had from 4c to 5c break and this is practically the fourth day of the decline. In the ordinary course of things, some rally from this point should follow.

There is nothing in the general situation, however, to establish a permanently bullish market. There is plenty of wheat in every position and crop prospects are exceptionally fine. We feel inclined, therefore, to advise selling on a fair reaction. May wheat closed at 72 1/2c; July, 72 1/2c.

Corn.—For the moment corn seems almost a question of local manipulation. Phillips was again a large buyer of corn, and if his purse is long enough he may remain a factor in almost a question of local manipulation. British Losing Officers and Men in
War Against Boers.

THE MARKET QUOTATIONS.

Chardon, Ohio, April 4.—A half dozen robbers early today blew open the safe in the Citizens' Savings bank and after a desperate fight escaped on a hand car. The night watchman, Pomeroy, was seized, bound and gagged after he had shot one of the burglars. Dr. Hudson was aroused by the noise and rushed to the bank, and he was also bound. It required three big charges of dynamite to blow the safe door off.

Two robbers were arrested at Willoughby today who are believed to be members of the gang. The robbers gained entrance in only one compartment of the big safe, and another part, it is said, nearly \$50,000 was stored. The robbers secured only about \$200.

Presidential Appointments.

Washington, March 4.—The following presidential appointments were announced today:

Department of Justice—Wm. H. Clayton, Judge United States court of central district of Indiana Territory; Benjamin F. Hackett, marshal, central district, Indian Territory.

The president today signed the commissions of Lloyd Wheaton as major general and Jacob Smith and Frederick Funston as brigadier generals of the United States army.

Division No. 108, of New Orleans will run a special train, consisting of four sleepers, a dining car and baggage car for the benefit of the members of the order and their families who want to go from the south and southwest.

After the convention adjourns this train will leave St. Paul for a tour of the west and southwest, going by a northern route it will stop at Vancouver, Seattle and Spokane, then turning southward will make stops at Salt Lake, Colorado Springs, El Paso and the City of Mexico, going out of Mexico over the Mexican International it will return to New Orleans.
