SPRING ELECTIONS

Cities of Kansas on Li-
quor Question.

Weather Bad in Chicago and
St. Louis.

Reports of Various Elections Up to
Press Hour.

THE OHIO ELECTIONS.

Topeka, Kan., April 2.—Intense in-
terest has been shown in municipal
elections throughout the state. The
issue in most cases centers upon the
liquor question. Additional interest
is caused in this city by the propo-
sition to vote bonds for a large addi-
tion to the Santa Fe shops.

Topeka Election.
Topeka, Kan., April 2.—In spite of
damp weather and slush many people
were at the polls this morning. The
issue is between the wets and dries.

Chicago Election.
Chicago, April 2.—A complete city
and aldermanic ticket was voted for
in Chicago today. Weather condi-
tions were intensely disagreeable.
The early vote was light. Both dem-
ocratic and republican party leaders
profess confidence.

St. Louis Election.
St. Louis, April 2.—Balloting for the
world's fair mayor and a complete mu-
nicipal ticket began at 6 a. m. There
are democratic, republican, good gov-
ernment, public ownership, social
democratic and socialist labor tickets
in the field. The weather is disagree-
able.

Unusually Large.
Cincinnati, Ohio, April 2.—The vote
in Ohio yesterday was unusually large
for local elections for April.

Nebraska Elections.
Omaha, Neb., April 2.—Municipal
elections are being held throughout
Nebraska today, except in Omaha.
In Lincoln and several large towns
the fight is on straight politics be-
tween republicans and fusionists. In
most of the smaller villages the is-
sue is liquor. In Nebraska being a
local option state.

Denver Election.
Denver, April 2.—The election
is proceeding quietly, though the re-
publicans charge the democrats with
resorting to wholesale frauds. The
weather is fine and a large vote will
be polled. The real contest is be-
tween E. T. Wells, democrat, and R.
W. Wright, republican, but the candi-
dacy of Mayor Johnson, democrat, who
is seeking reelection, divides the
democratic vote.

They Killed Rice.
New York, April 2.—When Albert
T. Patrick was brought into Justice
Jerome's court today for a contin-
uation of the preliminary hearing on the
charge of having caused the death of
Wm. M. Rice, of Texas, David L. Short
and Morris Meyers, witnesses of
Rice's will, who are held on the
charge of forgery, were also brought in.
The assistant district attorney ob-
tained a subpoena for Patrick's medi-
cine chest, which Mrs. Francis said
was at her house.

Charles F. Jones, Rice's valet, was
called. He said he had worked as
storekeeper at the Capitol hotel, in
Houston, owned by Rice, and became
Rice's secretary, valet and general
utility man in 1896.

Patrick represented himself as a
commercial man from Texas when he
first came to see Rice. Witness then
related facts, as he had given them
in his statements before, in regard
to Rice's will and other events
previous to his sudden death.

At the afternoon session, Jones, the
valet secretary of the millionaire,
testified that Patrick asked him
whether he did not think Rice was
living a little too long for his pur-
poses. "I said I thought so," said
Jones, "and Patrick suggested that
we put him out of the way. I suggest-
ed Dr. Curry, but Patrick said Dr.
Curry would not do anything of the

kind." Jones said that then, at Pat-
rick's suggestion he secured chloro-
form and laudanum from his brother
in Texas and delivered it to Patrick.
Jones said he gave the poison to Pat-
rick about three weeks before Rice's
death.

Murdered His Mother.
Sunbury, Pa., April 2.—A double
murder was committed at Kline's
grove, a small village a few miles
from this city, today. The murderer,
it is believed, is John Gulick. The
victims are his mother, Mrs. Amy Gul-
ick, and his brother, Philip. Both
were shot. Gulick disappeared.

The Chinese Question.
St. Petersburg, April 2.—The su-
perior councillor of the Chinese lega-
tion, Chu Wei Jie, is continuing nego-
tiations as charge d'affaires, regarding
the Manchurian agreement. The ill-
ness of the Chinese minister, Yang
Yu, is now admitted to be due to ap-
oplexy, which will incapacitate him
from work probably for a long period.
Unofficial observers scarcely under-
stand how doubt can possibly be en-
tertained abroad that China will ul-
timately accept the Russian conditions
after it is apparent that no power is
willing to forcibly support China.

Has Grown Stale.
London, April 2.—The China ques-
tion has fallen into the background
since nearly all well informed men
agree that neither England nor Ger-
many will support the Russian de-
signs in Manchuria and that Japan
can be placated by concessions in
Korea. Indemnity is now under dis-
cussion between Germany and Eng-
land, with the probability that the
compromise agreed upon between them
will be received by the powers
after protracted delay.

To Be Rendered Useless.
Peking, April 2.—Regarding the de-
struction of the forts the generals
are practically agreed that those at
Taku, Shan Hai Kuan and Tien Tsin
must at least be rendered useless,
while the north fort at the entrance
of the river at Taku must be de-
stroyed entirely on account of the fact
that ever since it was built it has
caused lower water on the bar.

Bulgarians Sentenced.
Constantinople, April 2.—Twelve
Bulgarians, tried at Monastir for the
murder of an priest at Stavro, and
other revolutionary acts, have been
sentenced, one to death, three to im-
prisonment for life and the others for
terms varying from two to ten years.

Will Resign.
New York, April 2.—A special to
the World from Washington says:
Charles H. Allen, governor of Porto
Rico, who left San Juan today for
Washington, is expected to tender his
resignation soon after reaching here.
He will retire voluntarily.

Clancy Endorsed.
The appointment of Hon. F. W.
Clancy as district attorney for the
second judicial district during the
best appointments that Governor
Otero ever made. F. W. Clancy has
stood for what was right and clean,
both in law and in politics during his
residence of nearly twenty-five years
in the territory and has established
for himself a reputation of which his
many friends in McKinley county are
proud.—Gallop Republican.

South African News.
London, April 2.—Lord Kitchener
reports as follows: Huner occupied
Nylstroom and French captured three
guns on the lower Orange. Thirty-
one prisoners have been captured in
the Orange River colony. No casual-
ties.

Ortega-Harding.
Last Thursday night, at the Baptist
church on the Highlands, Jose M.
Ortega was united in the holy bonds
of matrimony to Miss Cora Harding, Rev.
Bruce Kinney officiating.

Mr. Ortega is the popular butcher
at the Blanchard Meat and Supply
company, and when the news of his
marriage became known this morning
he was the recipient of many con-
gratulations for a happy and prosper-
ous married life. Mr. and Mrs. Ortega
have gone to housekeeping at No.
314 West Lead avenue.

Something Good.
A fine lunch will be served at M.
F. Myers' new place of business in
the rear of Main & Eakin's whole-
sale liquor house to-night after the
polls are closed, and those who can
relish anything good cannot afford to
miss the opening event. On Saturday
evening of this week the grand open-
ing will take place. Don't forget either
date.

Fire Insurance Adjusters Vest
and White have arrived in the city
and are now engaged in the work of ad-
justing the loss incurred by the recent
opera house conflagration.

AGUINALDO'S OATH

Swears Allegiance to
This Country.

Insurgent Governor of Manila,
Gonzales, Surrenders.

New York City Has Kidnaping Case
on Its Hands.

WOOL AND HOG MARKETS.

Washington, April 2.—Secretary of
War Root made public the following
cablegram received by the war depart-
ment this morning:

"Manila, April 2.—To the Adjutant
General, Washington.—Since his arri-
val at Manila Aguinaldo has been at
Malacanang investigating conditions in
the archipelago. He has relied almost
entirely upon the instructive advice
of Chief Justice Arellano. As a re-
sult, to-day he subscribed and swore
to the declaration on page 11 of my
annual report.

"(Signed)
"The oath is as follows: 'I hereby
renew my allegiance to any and all so-
called revolutionary governments in
the Philippine Islands and recog-
nize and accept the supreme author-
ity of the United States of America
therein. I do solemnly swear that I
will bear true faith and allegiance to
that government; that I will at all
times conduct myself as a faithful and
law-abiding citizen of said islands, and
will not, either directly or indirectly,
hold correspondence with or give in-
telligence to an enemy of the United
States, nor will I abet, harbor or
protect such enemy; that I impose
upon myself these voluntary obliga-
tions without any mental reservations
or purpose of evasion, so help me
God.'

Insurgent Governor Surrenders.
Manila, April 2.—Governor Gen-
eral Woodford, Manila, has received
from the insurgent governor of Manila,
Gonzales, and forty-five men, sur-
rendered to General Hays at Mala-
can.

A New York Boy Kidnaped.
New York, April 2.—After vainly
trying to find the boy who had been
convicted last night that
William McCormick, Jr., the 10-year-old
High Bridge boy, who disappeared last
Wednesday night, had been kidnaped.
Willie is the son of a retired florist.

Boston Wool Market.
Boston, April 2.—The wool market
shows a better tone than for the past
year. Sales have been large, mainly
in territory grades, which are still in
good demand. Fine medium and fine
scoured, staple, is selling for 40¢/41¢,
while strictly staple calls for 44¢/45¢.
Fleece wool meets with a slow sale,
prices largely nominal. Holdings of
Australian wools are small but firmly
held.

The Hog Market.
Chicago, April 2.—Six dollars and
twenty-five cents per hundred pounds
was paid at the Union stock yards to-
day for a few lots of prime heavy
hogs. This establishes another new
high record.

DISTRICT COURT MATTERS.

Final Report of the Grand Jury Sub-
mitted This Morning.

In the case of the City of Albuquerque
against Frank Jolly, the boy who
turned in a false fire alarm, court
overruled the city's motion to affirm
the judgment and set the case for
trial.

The trial of Louis S. Denmore and
Jose S. Back for the murder of John
Maxwell at Gallup, a year ago, was
set for to-morrow morning.

Judgment by default was entered
today in the case of Edward Grun-
feld vs. J. Gallardo.

The petit jury panel for the terri-
tory was completed and was im-
paneled this morning.

Following is the report of the ter-
ritorial grand jury for the March term
of the Bernallillo county court:
Albuquerque, N. M., April 2, 1901.
To the Honorable J. W. Underwood,
Judge of the District Court for
Bernallillo County.

Sir—We, the grand jurors of Bern-
allillo county, at the March term
1901, of your court, beg leave to sub-
mit this, our final report.

We have held sessions on twelve
days and have investigated more than
sixty alleged violations of the criminal
laws. In forty-one cases we have
found indictments and in seventeen
others we have made return of no true
bills, while the remainder are cases
which did not require any pre-
sentment to the court. In these in-
vestigations we have endeavored to
act with the utmost impartiality, and
do not believe that personal or other
prejudice has in the slightest degree
influenced our action.

When we consider the population
and extent of the county, the fact
that a transcontinental railroad run-
ning through it brings to so many
transient persons who commit offenses
against the law, and that a large part
of our indictments are against
strangers of that class, we may well
congratulate the public on the general-
ly peaceable and law-abiding charac-
ter of our people and the freedom of
the county from crime.

In addition to the above mentioned
matters, cases of non-payment of li-
cense taxes have constituted a great deal
of our time. Our attention was drawn
to these cases by our foreman, whose
long experience in the management
of county affairs made him of great
value to us in our labors, and caused
him to take a special interest in
things affecting the county revenues.

We desire at this point to bear testi-
mony, in the strongest possible way,
to the public spirit, zeal and ability
of our foreman, and to the efficient,
impartial and courteous manner in
which he has presided over our de-
liberations, enabling us to economize
time and rapidly and satisfactorily to
dispose of business. This investiga-
tion of license taxes is a conspicuous
instance of his value to the public.

As a direct result of our action, there
has been paid to the county collector
the sum of \$1,000 in license taxes.
We are informed, within the last
ten days, nearly \$1,000 in license
taxes. We have not thought it advis-
able to find indictments against the
many persons who have failed in pay-
ing these taxes, as we might have
done, believing that it would only
have the effect of imposing heavy bur-
dens in the way of fees, costs and
other expenses upon a large number
of people, and of clogging the business
of the court, without any correspond-
ing benefit to the public treasury.

MORGAN'S SCHEME

Proposition to Build
Panama Canal.

Colorado Legislature Contin-
ued in Session Overtime.

Carrie Nation, Kansas Sour-Mash,
Disgusted in St. Louis.

THE MARKET QUOTATIONS.

Chicago, April 1.—A special to the
Chronicle from Washington says: In
regard to J. P. Morgan's scheme that
the United States government shall
abandon its plan of building a canal
across the isthmus of Panama and
permit private capital to finish the
work already accomplished on the
Panama canal. It is learned on high
authority that when Mr. Morgan vis-
ited Washington about ten days ago
he first broached the subject.

It is understood that a syndicate
for the purpose, headed by Morgan
and Hill, is composed of capitalists
who now control the entire trans-con-
tinental railway system of the United
States.

President McKinley is said to have
listened to the new proposition with a
favorable ear.

REPORT DENIED.
New York, April 2.—J. Pierpont
Morgan has denied that his recent vis-
it to Washington was in any way con-
nected with the affairs of the Panama
Canal company.

The Colorado Legislature.
Denver, April 2.—The legislative
session, which should have ended at
midnight by constitutional limitation,
was protracted until 3 o'clock this
morning. The republican members
entered a protest against all laws
passed after midnight, including the
new revenue law, and claim that they
are invalid under a decision of the
supreme court. It was 2:40 a. m. when
the senate concurred in the amend-
ments to the revenue bill.

Carrie Nation Sour.
St. Louis, April 2.—Mrs. Carrie
Nation spent another hour and a half
in St. Louis today and left in disgust
at the things she saw and the treat-
ment she received. "These things will
be different some day," she declared.
"Look out for me after I get out from
under bond in Kansas. I'll close these
hell holes if I have to come back and
smash every one of them."

Syrup of Figs

An Excellent Combination.
The pleasant and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and purgative, and combining them in the form of a pleasant-tasting and agreeable to the system. It is the one perfect strengthening laxative, cleansing the system effectively, dissolving colds, bronchitis and fevers, gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its action on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, and are present in the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get the beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

TERRITORIAL BREVIETTES.

CARLSBAD.

From the Argus.
J. G. Harris, a sheepman from Fort Stockton, Texas, has leased C. H. McLean's alfalfa pasture, west of Phoenix, and will bring in his sheep to lamb and shear. Mr. Harris will probably locate permanently.
Most of the Pecos valley volunteers that have been fighting in the Philippines, have been discharged and six Roosevelt boys returned home last week. Lieutenant J. J. Harris, of the 1st Infantry, Manila, where he is trying for an appointment in the police service of that city. Many Carlsbad friends wish him success in his new home.

A. B. Robertson, manager of the Hat ranch, east of Carlsbad on the Plains, closed a deal last week, selling 4,000 acres to Cowden & Pomeroy of Midland, at a price approximating \$23 a head. They will be shipped from Carlsbad this year, instead of Carlsbad, and will go to Montana pasture. There is a move afoot in Carlsbad to organize a creamery here. C. O. Herrington and others are negotiating the matter and have worked up considerable interest in it. About \$2,500 is the necessary capital and a stock company of Carlsbad business men and lower valley farmers are solicited to subscribe. It is estimated that the local trade in butter alone is worth \$600 a month and that amount of business will make the venture a paying investment from the start.

It is not so much what the newspapers say, as what neighbor says to neighbor, or friend says to friend, that has brought Chamberlain's Cough Remedy to the attention of the people of this city. It is as natural for people to express their gratitude after using this remedy as it is for them to do so after using any other remedy that can be depended upon. Whether a baby be sick with cholera infantum or a man with cholera morbus, a bottle of Chamberlain's Cough Remedy will cure it. For sale by all druggists.

HILLSBORO.

From the Advocate.
In some manner, a few days ago, Manager Hopper's \$250 gold watch got tangled up in his vest pocket with a piece of amalgam. Both were saved, the amalgam, but salt water couldn't save the valuable watch case, which was wholly destroyed.
George H. Weber has found a good boy of ore in his claim on the north fork of Wild Horse. He intends to go to Mogollon this spring and work till fall, when he will return and bring men and sink fifty feet deeper.

The Hirsch, Burke & Robins lease on the Opportunity holds its own and is doing very well. They are sinking a shaft that has a value of \$2,700 gold per ton. While they have not encountered any great amount of this grade of ore, they have a nice lot of it stacked with more in sight.

Best Way to Cure Backache.
Backaches are caused by disorders in the kidneys. Foley's Kidney Cure will make the kidneys right. Take no substitute. Berry Drug Co.

FARMINGTON.

From the Hustler.
M. C. Picken departed for Gallup, taking Picken & Picken's sheep for grazing.
Nine immigrant families from Utah are camping within the city limits. They will locate on the upper San Juan.
F. M. Pierce has shown much enterprise in setting out a row of fine shade trees around three sides of the block bounded by Mercer, Main and San Juan streets.
Hon. Granville Pendleton has returned from Santa Fe, where he was considered one of the best men in the legislature. He principally was the only representative in the assembly from this district and greatly assisted in the passage of some exceedingly good measures.

The new Farmington distillery is now in running order. A government gauger will be here about the 10th of next month, when they hope to have 100 gallons stamped ready for market. At present they produce about thirteen gallons of apple brandy daily, but are making preparations to increase the capacity about treble the present amount. J. H. Hicks, of Ohio, also erecting a still, which he hopes to have in running order before fruit season. With the new southeast market, a machine evaporator and two distilleries, the growers should have no trouble in disposing of their crops.

'Tis Easy to Feel Good.
Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure constipation, sick headache, indigestion, jaundice, malaria, fever and ague and all liver and stomach troubles. Purely vegetable; never gripes or weakens. Only 25 cents a box. J. H. O'Reilly & Co.'s drug store.

READY FOR PLANTING.
Hardly two weeks ago, alfalfa, large flowered clover, timothy and standard roses, Boston Ivy, yucca, etc., etc., were in the hands of the people.

Prof. Iverson, of Leavenworth, Mo., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on Blue Bird. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says: "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. HOW TO BUILD UP A TOWN.

Some Suggestions That May Be of Moment to Some Towns of New Mexico.

From the Buchanan. Mr. Record.
If every town in the country would pattern after Wausau, Neb., there would be a general revival of business. The town of Wausau is a success. It is a great city by the only sure and quick way of growth, cooperation of the business men in every enterprise.
This work of building up the town and of drawing new business to it is done by the Wausau Improvement club, other towns have improved themselves, which most and talk over improvements, but this club goes out and gets them.

The Wausau Improvement club was organized last spring and has about seventy-five members. Its object is to promote and aid all legitimate enterprises in Wausau and its vicinity. Thus, if a stranger gets off the train and goes to a hotel he is given the glad hand if he evidences a desire to remain in Wausau and enter business. As an illustration: The place has been without a dentist until recently. This one stopped off for a few hours, told his profession and was business taken in tow by the club and given the honors of the town. He located there, of course.
