GEN. HARRISON!

Ex-President Died Yesterday Afternoon.

Death Was Quiet and Painless With Friends at Bedside.

President McKinley and Others Send Messages of Sympathy.

PRESIDENTIAL PROCLAMATION.

Indianapolis, Ind., March 13.—General Benjamin Harrison died at 4:45 o'clock this afternoon without regaining consciousness. His death was quiet and painless, there being a general sinking until the end came, which was marked by a single gasp for breath as life departed from the body of the statesman.

The relatives, with a few exceptions, and several of the former president's old and tried friends were at the bedside when he passed away.

MESSAGES OF CONDOLENCE.
Indianapolis, March 14.—No sooner was the news of the death of ex-President Harrison than the telegraph began pouring in changed to messages of sympathy and condolence. Ex-President Cleveland telegraphed Mrs. Harrison: "Accept my heartfelt sympathy in the affliction which millions share with you."

MCKINLEY MOURNS.
Indianapolis, March 14.—The following message reached Mrs. Harrison this morning:

"In the death of General Harrison the country lost a distinguished statesman, a devoted patriot and exemplary citizen. The people of the nation mourn with you. You have the heartfelt sympathy of Mrs. McKinley and myself in this hour of overwhelming sorrow in your home."

GENERAL PROCLAMATION.
Washington, March 14.—The proclamation issued by President McKinley is as follows:

To the People of the United States: Benjamin Harrison, president of the United States from 1889 to 1893, died yesterday at 4:45 p. m., at his home in Indianapolis. In his death the country has been deprived of one of its dearest citizens. Brilliant soldier in his young manhood, he gained fame and rapid advancement by his energy and valor. As a lawyer he rose to be a leader at the bar. In the senate he at once took and retained his rank as orator and legislator, and in the high office of president he displayed extraordinary gifts as administrator and statesman. In public and private life he set a shining example for his countrymen.

In testimony of the respect in which his memory is held by the government and the people of the United States, I do hereby direct the flags of the executive mansion and the several department buildings to be displayed at half-mast for a period of three days, and that suitable military honors, under orders of the secretary of war and the navy, be rendered on the day of the funeral.

MOURNING AT WASHINGTON.
Washington, March 14.—The national capital is in mourning for ex-President Harrison. Flags are at half-mast upon the public buildings, hotels, stores and many residences. President McKinley closed the executive mansion to visitors and issued a proclamation formally notifying and directing observance of a period of mourning for thirty days. The president will attend the funeral.

CANNOT ATTEND.
Indianapolis, Ind., March 14.—In a message received this afternoon, ex-President Grover Cleveland says it will be impossible for him to attend Harrison's funeral.

FUNERAL SERVICES.
Indianapolis, March 14.—It was arranged today that the body of General Harrison lie in state at the state house Saturday and the funeral services be conducted by Rev. M. L. Haines, the general's pastor for years, to be held at the First Presbyterian church Sunday afternoon.

On Mrs. Harrison's request it was

decided there should not be a military display on Sunday.

Saturday the military organizations will take part in the ceremonies.

Will Go to Canton.
Washington, March 14.—The president will leave Washington tonight for Canton, Ohio. He will remain in Canton until Saturday evening, when he will proceed to Indianapolis.

Bank Cashier Shot.
Harrisburg, Pa., March 14.—Charles W. Ryan, cashier of the National bank of Halifax, Pa., was shot and seriously injured today by two robbers who he refused to hand over the cash box. The robbers were captured.

Bankers Indicted.
Boston, March 14.—The United States district court grand jury indicted George M. Foster, formerly cashier of South Danvers National bank of Boston, and John V. Dickinson, a shareholder of the bank, on the charge of misappropriating \$49,000.

Getting punky.
Shanghai, March 14.—It is understood that negotiations will be suspended today by the Manchurian difficulty. Chinese merchants and other residents here issued a call for a mass meeting at Shanghai tomorrow to discuss the adoption of measures aimed to uphold the Chinese coat against yielding to Russian demands.

BLACK JACK WEAKENS.
But Declares He Will Meet His Doom Without a Murmur.

A week from today Thomas Ketchum, alias Black Jack, will be taken from his cell in the penitentiary to the town of Clayton, where on the following day he will be put to death on the gallows. Deputy United States Marshal Fred Fornoff was asked to escort the condemned man to the scene of execution, but he respectfully declined with thanks. While in Santa Fe last week B. Ruppe called on Black Jack and had a lengthy interview with the prisoner and learned that the man had made peace with his God. He is very nervous, but declares that as he has only one time to die, he intends going to his doom unflinchingly. His arm, which was perforated with bullets while he was attempting to hold up a train in Union county about a year ago, and was afterward amputated, has healed nicely and the absence of that member little inconveniences him. Black Jack has a brother in Texas who is quite well-to-do, but has steadfastly refused to aid his brother in any manner since his arrest and conviction. The guard says that Jack has greatly weakened since his incarceration, but he gives him no trouble whatever. There have been no death watches placed over him as yet, as it is not thought necessary to do so.

HOTEL HELD UP.
The Chocolate-Colored Porter at the New Metropolitan Skips.

Wearily of well doing, and unable to bear prosperity, "Willie" Dundee, the chocolate-colored porter at the New Metropolitan hotel quietly packed his things and fled himself to parts unknown at an early hour this morning. During his employment at the hotel he gained the confidence of the proprietor, and was at liberty to go to the various apartments in the past few weeks. One day he copied the money box and soon after it dawned upon him how easily he could make away with that ill and live comfortably the remainder of his natural life from its contents. So the plan to rob the hotel began in his fertile brain, and last evening he hit his arrangements perfectly and put them into execution. When the proprietor awoke this morning he missed Willie and upon investigation discovered that the porter's grips were gone, as also was the money box, which contained about \$10 in change, some trinkets and a few pieces of jewelry belonging to the proprietor's wife. Marshall McKimlin was notified of the robbery and no doubt he will soon be the offender. Dundee was seen and the concerns at which she sang in about 25 years old and wears a soldier's uniform. It is presumed that he left either for the south or west late last night.

Meeting Saturday Night.
A meeting of the republican city central committee will be held at the office of F. W. Clancy Saturday night, March 15, 1901, at 7:30 o'clock. Members of the committee and others interested are urged to be present. H. E. Fox, chairman; E. J. Aker, secretary.

FIRE FATALITIES!

Burned to Death in Tenement House.

A Kentucky Town Completely Destroyed by Fire.

Anna Gould's Husband, Count de Castellane, Thashed an Editor.

THE MARKET QUOTATIONS.

New York, March 14.—Three persons were killed and three injured early today in a fire that drove fifty tenants in a panic from a five-story tenement house, No. 270 Atlantic avenue, Brooklyn. A woman, a young girl, a year-old boy, crazed by fear, jumped from the windows and were killed. The mother and boy were burned to death.

Dead: Mary Madell, widow; George Rantio, 12 years old; Mrs. Rantio, 45.

TOWN WIPED OUT.
Bursting of Natural Gas Pipe Spread Destruction in Kentucky.

Louisville, Ky., March 14.—A telephone message from Cloverport, Ky., seventy-three miles west of here, says the fire which broke out last night swept through the town so completely that not half a dozen buildings were left and 5,000 inhabitants are in dire distress. A relief train will be sent from Louisville. Total loss may be as high as \$1,000,000, but before it could be reported.

PARTICULARS OF FIRE.
Cloverport, Ky., March 14.—The bursting of a natural gas pipe at midnight started a fire that destroyed property worth half a million dollars. The greater part of this little town is completely wiped out, and over a thousand persons, about half the population, are homeless and in great distress until a special relief train from Louisville reached here. The heaviest loss is the American tobacco company, which lost two large steamers and a million pounds of tobacco. Men and women fought the flames valiantly, but to no purpose. Neighboring towns were asked for assistance, but before it could be rendered high wind had swept the flames through the place, making devastation complete.

A Parisian Fight.
Paris, March 14.—Count Boni de Castellane thrashed M. Fernand de Rodays, editor of Figaro, today, for stating that he (de Castellane) betrayed de Roulade in a plot on the occasion of the funeral of the late President Faure. A duel is expected.

De Rodays decided seconds to Count Boni de Castellane.

MARKET QUOTATIONS.
Market quotations and review, furnished by W. P. Metcalf, 5 Cromwell block, received over the private wire.

New York, March 14.—(Stocks).—Market was strong but very quiet all day. Low-priced stocks were generally in demand. There were no special features. Erie issues showed a good advance on report of acquiring control of the Lehigh valley. Sugar was in demand. Burlington, Quincy, Atchison and St. Paul were well taken, but did not show any material change. Market closed firm. Total sales, \$61,600.

Chicago, March 14.—(Wheat).—May wheat opened 75½ and closed 75½. The market has been one of the duldest for some time. From a speculative standpoint, there is virtually nothing to say except that on strong spots some powerful interest appears to furnish enough wheat to prevent any further advance, and on the weak places enough is taken to prevent a serious decline. Legitimate conditions appear to be gradually working more favorable to holders. A fair cash business was reported compared with last year. So far there are virtually no complaints of crop damage, but this may happen later on, especially in the way of insects. Stocks of wheat are estimated to decrease in Minneapolis for the week about \$50,000. Duluth will probably increase nearly as much.

A Close Call.
Fred Fisher, a carpenter employed in the mill of the Cochiti Gold Mining company at Albuquerque, was caught by a rapidly revolving shaft the other day and was whirled around three or four times before workmen came to his rescue. His right leg was broken in two places and several minor bruises were sustained on the body. It was a narrow escape from death, as his clothing was being wrapped around the shaft when the workmen grabbed him and tore his clothing from his body just in time to save his life. Dr. Grace, the company physician and surgeon, was summoned, and soon reduced the fracture.

Roller Down the Mountain.
Word was received here today that C. P. Jones, the blind merchant, met with an accident the early part of this week which might have proven fatal, but fortunately he escaped with only

a few slight bruises. He was on horseback returning to Bland from Almar, when suddenly the saddle turned and Charles went rolling down the mountain side. He rolled over rocks, logs and everything that happened to be in his way for a distance of 150 feet. When picked up he was much the worse for wear. His face was cut in several places and the blood was flowing freely. It was learned that he is recovering from his injuries and will be all right in a few days.

Police Court News.
Richard Haywood, colored, who hit Abraham Miles over the head, the victim dying the other day, was bound over to the grand jury this morning by Justice Crawford, charged with murder.

William Bennett, charged with larceny, was given ninety days in the county jail yesterday afternoon. This afternoon William Bennett and James Griswold, charged with burglary, were bound over to the grand jury.

NARROW ESCAPE.
S. Vann Came Very Near Being Crushed to Death at Whitewater.

While attempting to step from a moving train at Whitewater station last night, Watch Inspector S. Vann fell between the platform and the rails and was badly bruised. The train was moving slowly and when he struck the ground the brake beam pushed his body from danger. He retained his presence of mind and crawled to the platform as closely as possible until the train came to a stop. A brakeman saw the accident and started to extricate the inspector from his perilous position, but when he saw Mr. Vann next to the platform he waited until the train stopped. The injured man was able to crawl from his position beneath the wheels, but he was unable to get to the opposite side. His size and presence of mind was all that saved him from being crushed to death. He believes that the accident was caused by his stumbling over something which was on the platform where he attempted to get. After the arrival of the train here this morning Mr. Vann was able to go to his home in the north part of the city. A physician was summoned who examined his injuries. No bones were broken, but his face and body were bruised in several places. It was an experience which he will never forget, and as a result of the accident he will not be at his place of business for a short time.

Funerals Today.
The funeral services over the remains of Miss Martha V. Crakes, whose death occurred yesterday morning from tuberculosis, were conducted today at 10 o'clock a. m., at the residence of Rev. Bruce Kinney of the First Baptist church, and Rev. J. H. Marsh of the Congregational church. Interment was made in Fairview cemetery.

Rev. W. D. Clayton delivered the funeral sermon over the body of N. C. Bennett at the ranch home, south of this city, at 11 o'clock, and the body was laid to rest in Fairview.

At 2:30 o'clock this afternoon the last rites were held over all that was mortal of Fletcher Parake, by Rev. Clayton. The young man came here from Waco, Texas, about a year ago, and had formed quite a large acquaintance in this city during that time.

The grief-stricken mother of the late Earl Donegan arrived here last night and the remains of her beloved son were removed from the undertaking parlors of J. W. Edwards, where services were conducted at 4:30 this afternoon, to the quiet city of the dead, where they were laid away by mourning friends.

Big Pacifics Will Not Be Merged.

Southern Pacific Will Build Extension Into Sonora.

Rebel Trading Operations in Visayan Islands Suppressed.

THE TERRITORIAL LEGISLATURE.

San Francisco, March 14.—Charles N. Hayes, president of the Southern Pacific company, just returned from the east, said:

"I do not think the Union Pacific and Central Pacific are to be merged. As to the Southern Pacific closing the Ogden gateway to all lines save the Union Pacific rumor is a hoax."

He added that while the Union Pacific will have no voice in the Southern Pacific's affairs, its relations with other connections will continue undisturbed.

President Hayes says Governor Torres of Sonora, whom he met in Mexico, wants the Southern Pacific to build an extension southwest to Mazatlan, an important Pacific port of Mexico, so the line may be used as a military highway by the Mexican government. In the opinion of Hayes, such a road may be constructed by the Southern Pacific. The company is figuring on a branch line 110 miles long in Sonora to tap valuable coal beds. Docks are to be built at Guaymas, terminal of the Sonora branch of the Southern Pacific on the Gulf of California. When completed, Hayes says, Pacific mills of Central American business will go east and to Europe via Guaymas, Benson and El Paso, instead of through this port. This route will be shorter and avoid mountainous lines.

Pirates Suppressed.
Manila, March 14.—Rebel trading operations in the Visayan islands have been effectively broken up. Lieutenant Fred R. Payne, commanding the United States gunboat Pampana, pursuant to instructions, seized and destroyed 300 vessels. The pirates who occasionally raided the shore of Negros island have been suppressed and their boats burned.

Extraordinary opportunities of one kind or another come to most everyone occasionally. Some people are born lucky and have many good chances during their lifetime. Others claim they never do have any luck. It is not so much how often you have chances, but it is grasping the opportunity. Now we are simply compelled to offer everybody in town a

Little "Chinese Girl" Friday Night at Neher's.

ANDREWS OPERA COMPANY.

ROSA BERLINGER.

On Friday night, for the second time, "A Breezy Time" company will appear at the Neher opera house, and one of the interesting attractions will be the appearance of Miss Rosa Berlinger, who, with her mother, has been stopping at the Grand Central hotel for the past month. A Honolulu paper, in commenting on the young lady, says: "Honolulu has the only American woman who ever played in a Chinese theater in a Chinese drama in the Chinese language. She is Miss Rosa Berlinger, known on the stage as Rosa, and she has appeared in the Chinese theaters of Hong Kong, Singapore, Manila, Macao and Peking. Miss Berlinger drifted into this strange career rather by the force of circumstances. She came to Honolulu accompanied by her father and mother, as a member of the "U and I" comedy company by the City of Columbia. The company shared a good deal of the hooch influence which seems to have followed the vessel, and Rosa and other members of the company soon found themselves out of engagements, with no way of walking to the next show house. Rosa never lost her courage or her hopefulness. She found there was an opportunity for a singer who could sing Hawaiian songs. She put herself under the tutelage of Professor Berger, leader of the government band, and though she had never heard a Hawaiian song or listened to a Hawaiian air until she came to Honolulu, she soon mastered the intricacies of both the languages and the music, and was regularly engaged to appear at the band concerts. She created a furore among the Hawaiians and the concertists at which she sang ever always attended by crowds of the natives. Soon thereafter she learned Chinese songs and music, and made a great hit in all the Chinese theaters."

THE ANDREWS OPERA COMPANY.

To know just what the theater-going public want is a question that causes the manager many an hour of perplexity and worry. Great productions, staged at an expense running up into the thousands, have been withdrawn after a single week's run. And again, a piece put on simply as a makeshift has caught the public fancy and run through a whole New York season, incidentally putting cash into the manager's pocket.

In the field of opera this is especially true. Each year marks the burial of some opera company, fifteen or twenty years of popular approval, and now the reward of all their toil and labor is the popular verdict of approval from the entire country.

The approaching engagement of this splendid company will no doubt be the society event of the season, a number of theater parties are already talked of, and Manager Zirhut says there will be an unprecedented demand for seats. Indignation in the inquiries sent in. Neher opera house, March 19, 20 and 21.
